ABOUT SOURCE ENERGY SERVICES

Source is a logistics company that focuses on the supply and distribution of high quality Northern White frac sand. Source provides its customers with a full end-to-end solution supported by its Wisconsin mines and processing facilities, its Western Canadian terminal network and its "last mile" logistics capabilities. In addition to its industry leading frac sand transload terminal network and in-basin frac sand storage capabilities, Source also provides storage and logistics services for other bulk oil and gas well completion materials that are not produced by Source. Source has also developed Sahara, a proprietary wellsite mobile sand storage and handling system.

Source's full-service approach allows customers to rely on its logistics capabilities to increase reliability of supply and to ensure the timely delivery of their requirements for frac sand and other bulk completion materials at the wellsite.
