DELPHX

DelphX Files Annual Information Form

KITCHENER, Ontario, Oct. 10, 2018 /CNW/ -- **DelphX Capital Markets Inc.** **(DELX.V)** ("**DelphX**") announced today that it has filed with the securities regulatory authorities in Ontario, British Columbia and Alberta a notice of intention to be qualified to file a short form prospectus under to National Instrument 44-101 – *Short Form Prospectus Distributions*, and an Annual Information Form. The filings qualify DelphX as a short-form prospectus filer but do not evidence its intent to file a short form prospectus, to enter into any particular financing or transaction or to become a reporting issuer in any jurisdiction.

About DelphX:

DelphX is a technology company focused on optimally mitigating credit risk in the global fixed income markets. Its blockchain-powered solution employs proprietary distributed ledger technology, actuarial science and reinsurance protocols to facilitate broad diffusion of credit default risks. DelphX's new alternative trading system ("ATS") facility will be regulated by the SEC and operated by its subsidiary, DelphX Services Corporation, a FINRA member firm, to facilitate the negotiation, purchase and trading of two new forms of Smart Rule 144A Securities:

- Covered Put Options (CPOs) that provide secured default protection for underlying corporate, municipal and sovereign securities, with each CPO strike-price equaling the par value of its underlying security; and
- Covered Reference Notes (CRNs) that allow investors to take on exposure to the default risk of a single underlying security or to optionally participate in a pool of diversified risks that broadly diffuses the impact of credit events among all participants.

All CPOs and CRNs will be issued by Quantem Capital Corporation ("Quantem"), a wholly-owned subsidiary of DelphX, and transparently administered within an immutable Distributed Ledger. A traditional book-entry record of each CPO and CRN will also be maintained in parallel by Quantem's issuing and paying agent to provide additional transparency and efficiency.

Forward-Looking Statements

This news release contains certain "forward-looking statements" including, without limitation, statements regarding the launch of the DelphX market. Such forward-looking statements involve risks and uncertainties, both known and unknown. These risk factors are discussed in detail under the heading "Risk Factors" in DelphX's Annual Information Form. The results or events depicted in these forward-looking statements may differ materially from actual results or events. In addition to other factors and assumptions which may be identified herein, assumptions have been made regarding and are implicit in, among other things: the state of the capital markets, tax issues associated with doing business internationally, the ability of DelphX to successfully manage the risks inherent in pursuing business opportunities in the financial services and Blockchain industry, and the ability of DelphX to obtain qualified staff, equipment and services in a timely and cost-efficient manner to develop its business. Although the forward-looking statements contained in this news release are based upon what management believes to be reasonable assumptions, DelphX cannot assure investors that actual results will be consistent with these forward-looking statements. Any forward-looking statement reflects information available to DelphX as of the date of this news release.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in *the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*

WE SEEK SAFE HARBOUR.
