AISIX Solutions Inc. to Speak on Sharper Models for Sharper Risks Panel at CatIQ 2026

Vancouver, British Columbia--(Newsfile Corp. - January 8, 2026) - **AISIX Solutions Inc.**, (TSXV: AISX) (FSE: QT7) ("**AISIX**" or "the **Company**"), a wildfire risk assessment and analytics solutions provider, is pleased to announce that has been selected to present its updated wildfire model at the panel "Sharper Models for Sharper Risks" at CatIQ Connect 2026.

CatIQ Connect 2026 is a prominent conference dedicated to catastrophe risk management in Canada, scheduled to take place from February 3 to 4, 2026. This two-day event will occur at the Metro Toronto Convention Centre and brings together experts from various sectors, including insurance, government, and academia, to explore the complexities of disaster management.

AISIX Solutions Inc. will deliver the only presentation about wildfire modeling at the conference, underscoring the Company's commitment to deliver the best wildfire model in Canada. "Being selected to present our latest wildfire model updates at CatIQ Connect 2026 is an important milestone for AISIX," said Dr Gio Roberti, AISIX's CEO. "Wildfire risk continues to evolve rapidly across Canada, and this opportunity allows us to share how sharper, data-driven models can help insurers and public-sector stakeholders better understand, quantify, and manage that risk. We're proud to contribute the only wildfire-focused presentation at this year's conference."

Join us at CatIQ Connect 2026 to discover how AISIX Solutions Inc. is advancing wildfire modeling for risk management. See how AISIX products can help you. Request a demo to explore AISIX's dashboard and reserve your spot for a trial.

Further to the Company's press release dated August 27, 2025 announcing the closing of the first tranche of a non-brokered private placement of units of the Company (the "Offering"), the Company confirms that a second tranche of the Offering did not close. All common share purchase warrants issued to insiders under the Offering were subject to a customary 19.9% blocker feature which restricts the exercise of such warrants in the event the exercise thereof would result in the applicable insider holding in excess of 20% of the outstanding shares of the Company.

Forward-Looking Statements

Certain information in this news release constitutes forward-looking statements and forward-looking information (collectively, the "**forward-looking statements**") within the meaning of Canadian securities laws, and is subject to numerous risks, uncertainties, and assumptions, many of which are beyond the Company's control. This forward-looking information includes, among other things, information with respect to the Company's beliefs, plans, expectations, anticipations, estimates and intentions. The words "may", "could", "should", "would", "suspect", "outlook", "believe", "anticipate", "estimate", "expect", "intend", "plan", "target" and similar words and expressions are used to identify forward-looking information, including the Company's expected product offerings, the functionalities of the Company's products and the Company's expected growth opportunities. The forward-looking information in this news release describes the Company's expectations as of the date of this news release.

The results or events anticipated or predicted in such forward-looking information may differ materially from actual results or events. Material factors which could cause actual results or events to differ materially from such forward-looking information include, among others, the Company's ability to engage and retain qualified key personnel, employees and affiliates, the Company's ability to obtain capital and credit on reasonable terms, the Company's ability to compete and the Company's ability protect its intellectual property rights.

The Company cautions that the foregoing list of material factors is not exhaustive. When relying on the Company's forward-looking information to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. The Company has assumed a certain progression, which may not be realized. It has also been assumed that the material factors referred to in the previous paragraph will not cause such forward-looking information to differ materially from actual results or events. However, the list of these factors is not exhaustive and is subject to change and there can be no assurance that such assumptions will reflect the actual outcome of such items or factors.

The forward-looking statements contained in this news release represent the expectations of the Company as of the date of this news release and, accordingly, are subject to change after such date. Readers should not place undue importance on forward-looking information and should not rely upon this information as of any other date. While the Company may elect to, it does not undertake to update this information at any particular time.
