3 January 2017

Dear Shareholder/Investor

I am delighted to offer Existing Shareholders priority until 31 January 2017 to invest in a top up Offer for the Company. After this date, if not fully subscribed, new Investors will also be invited to apply for New Shares in the Company.

Your Company is advised by one of the most experienced private equity investment teams in the UK.

Although it has taken some time for HMRC to issue their guidelines on the application of the new VCT rules introduced in November 2015, it is pleasing that the Company's investment rate started to increase significantly in the second half of the year, with investments totalling £3.4 million having now been completed, and a number of others under consideration.

The Company is seeking to raise approximately £4,250,000, before expenses, this being the sterling equivalent of €5,000,000 as at the date of this Document. The funds raised under the Offer will be utilised by the Company in accordance with its investment policy, to maintain liquidity and to enable payment of costs.

Amounts subscribed by Investors under the Offer will be used to purchase New Shares and will enable them to participate in the investment returns of the Company's existing investment portfolio following the allotment of the New Shares.

As the Company's Shareholder base has expanded and there are now nearly 94.0 million Shares in issue, the Board has decided that the Offer, which, assuming 6,836,644 New Shares are issued at an illustrative Offer Price of 62.165p (as set out on page 9) will comprise approximately 7.3 per cent of the current Shares in issue, will be open to Existing Shareholders exclusively until 31 January 2017 (unless it is fully subscribed by an earlier date) after which date, if not fully subscribed, the Offer will be opened to new Investors. To afford the greatest opportunity for Investors to subscribe for the Offer the minimum individual Subscription has been set at £3,000.

Investors will be allocated New Shares in order of receipt. Please note that only applications returned by post, or delivered by hand to the Receiving Agent, will be accepted. In order to maximise the opportunity for Investors to subscribe for New Shares in the Company the Directors, and directors of the Investment Adviser, will only subscribe for New Shares if the Offer is not fully subscribed before, and therefore remains open beyond, 31 January 2017.

The new VCT rules have changed the nature of the businesses that the Company can invest in and typically they are at an earlier stage of their development, needing to reinvest profits to fund their growth plans. Their funding consists mainly of equity, rather than yielding debt instruments, which is likely to be the norm going forwards and will make future returns more dependent on the timing of exits. As a result, the Board would anticipate that this will reduce the maintainable level of dividends compared to the 7 per cent yield achieved historically.

Potential Investors should consult their professional or Financial Advisers before deciding whether and, if so, how much they should invest under the Offer. Should you have any questions concerning the Subscription procedures please contact Tracey Nice at YFM on 0113 261 6478 or at tracey.nice@yfmeop.com or Capita Asset Services on 0800 181 4729. However, no investment, financial or tax advice can be given by YFM or Capita Asset Services and if you are in any doubt you should consult your independent Financial Adviser.

Please note that YFM, RAM Capital and Capita Asset Services act only for the Company and not for any Investor under the Offer and will not be responsible to the Investors for providing the protections afforded to their regulatory clients.

I very much look forward to welcoming participation from you and thank you for your continued support.

Yours sincerely

Richard Last
Chairman

RISK FACTORS

The Board draws the attention of potential Investors to the following risk factors which may affect the Company, the New Shares and VCTs generally. The profile of a typical Investor for whom Shares are designed is a retail Investor, who is a UK income tax payer aged 18 or over with an investment range of between £3,000 and £200,000 and who is looking for exposure to unquoted companies whilst receiving income through a dividend stream. Any decision by an Investor to invest in the Company should be based on consideration of this Document as well as the latest publicly available information on the Company. An investment in the Company is only suitable for Investors who are capable of evaluating the risks and merits of such investment and who have sufficient resources to bear any loss which might result from such investment. An investment in the Company involves risks that could lead to a loss of all or a substantial portion of such investment.

An investment in the Company should be regarded as long-term in nature and is not suitable for all individuals, particularly with regard to the five year period for which Investors must hold their New Shares to retain the initial income tax relief. The tax treatment of an investment in the Company depends on the individual circumstances of each Investor. The tax rules or their interpretation in relation to an investment in the Company and/or rates of tax may change during the life of the Company and can be retrospective. Potential Investors should consult their professional advisers before deciding whether and, if so, how much they invest in New Shares.

The following risks are those material risks of which the Board is aware. Additional risks which are not presently known to the Board, or that the Board currently deems immaterial, may also have an effect on the Company's business, financial condition or results of operations.

General risks

The market price of the New Shares may not fully reflect their underlying Net Asset Value. The value of an investment in the Company, and the income derived from it, may go down as well as up and an Investor may not get back the full amount invested, even taking into account the available tax reliefs.

Although the existing Shares have been (and it is anticipated that the New Shares will be) admitted to the Official List and are (or will be) traded on the London Stock Exchange's market for listed securities, the secondary market for VCT shares is generally illiquid. Therefore, there may not be a liquid market for the Shares (which may be partly attributable to the fact that the initial income tax relief is not available for VCT shares generally bought in the secondary market and because VCT shares usually trade at a discount to their NAV), the price of the Shares may be volatile and Shareholders may find it difficult to realise their investment. An investment in the Company should, therefore, be considered as a long-term investment.

The past performance of the Company or other funds managed or advised by the Investment Adviser is not a reliable indicator of the future performance of the Company. The value of the Shares depends on the performance of the Company's underlying assets.

There can be no guarantee that the Company's investment objective will be achieved or that suitable investment opportunities will be available.

Investment and market risks

An investment in unquoted companies, by its nature, involves a higher degree of risk than investment in companies traded on the main market for listed securities of the London Stock Exchange. In particular, smaller companies often have limited product lines, markets or financial resources and may be dependent for their management on a smaller number of key individuals. In addition, the market for stock in smaller companies is often less liquid than for stock in larger companies, bringing with it potential difficulties in acquiring, valuing, and disposing of such stock. Full information for determining the value or the risks to which unquoted companies are exposed may also not be available.

The Company's investments may be difficult to realise. The Company's portfolio currently includes a small number of shares traded on AIM. The fact that a share is traded on AIM does not guarantee its liquidity. The spread between the buying and selling price of such shares may be wide and thus the price used for valuation may not be achievable. The valuation of the Company's portfolio and opportunities for realisation may also depend on stock market conditions.

Risk Factors (continued)

Any change of governmental, economic, fiscal, monetary, or political policy, or in particular current government spending reviews and cuts, could materially affect, directly or indirectly, the operation of the Company and/or the performance of the Company (and the portfolio of companies in which it invests) and the value of and returns from securities and/or its ability to achieve or maintain VCT status.

Tax and legislative risks

The information in this Document is based on existing legislation, including taxation legislation. The tax reliefs described are those currently available. The tax rules, or their interpretation in relation to an investment in the Company and/or rates of tax, may change during the life of the Company and can be retrospective. The value of tax reliefs depends on the personal circumstances of the Investor, who should consult their own tax advisers before making an investment.

The Company intends to manage its affairs in respect of each accounting period so as to obtain and thereafter maintain approval as a VCT. However, there can be no guarantee that the Company will be able to maintain its VCT status. If the Company fails to maintain approval as a VCT before Qualifying Investors have held their Shares for five years, the income tax relief obtained on the amount subscribed in the Company will have to be repaid by such Investors. In addition, dividends paid in an accounting period where VCT status is lost will become taxable and a liability to capital gains tax may arise on any subsequent disposal of Shares. Where approval as a VCT is not maintained the Company will also lose its exemption from capital gains tax. If at any time VCT status is lost, dealings in the Shares will normally be suspended until such time as the Company has published proposals either to continue as a VCT or to be wound up.

The disposal of New Shares within five years of their issue will result in some or all of the 30 per cent income tax relief available on investment becoming repayable. On this basis, investing in New Shares should be considered a long-term investment. The Finance Act 2014 which came into force with effect from 6 April 2014 restricts the availability of income tax relief on a subscription for shares issued in a VCT after 5 April 2014 where the subscription is “linked” to a sale of shares in the same VCT. For these purposes, linked means (i) the sale of shares in the VCT was conditional on the subscription for shares in the same VCT (or vice versa) or (ii) the subscription and sale are within six months of each other (irrespective of which comes first). If the subscription is “linked”, the amount on which the upfront income tax relief can be claimed will be reduced by the amount of consideration of any linked sales. In addition, the Finance Act 2014 restricts the ability of a VCT to return capital to its Investors. If a VCT makes a payment to its shareholders in relation to shares issued on or after 6 April 2014, which amounts to a repayment of share capital (including the payment of a dividend or a distribution), other than for the purpose of redeeming or repurchasing such shares, before the end of the third accounting period following the accounting period in which the shares were issued, the VCT status of the VCT will be withdrawn.

Investors should be aware that new conditions relating to investments in unquoted companies became effective from 18 November 2015. The changes introduced a maximum age limit for companies receiving investments from VCTs (generally seven years from first commercial sale), and a maximum amount of State Aid Risk Finance which a company can receive over its lifetime (£12 million, or £20 million for Knowledge Intensive Companies). There are further restrictions on the use of VCT funds received by investee companies. These changes may mean that there are fewer opportunities for investment, and that the Company may not necessarily be able to provide further investment funds for companies already in its portfolio. From 6 April 2016, a VCT can only invest in Qualifying Holdings or in certain specified liquid assets.

Investments by VCTs are regarded as state aid. Where the European Commission believe that state aid has been provided which is not in accordance with the State Aid Risk Finance guidelines, they may require that the UK government recovers that state aid. There is currently no mechanism in place for this, but recovery may be from the investee company, the VCT or the VCT’s investors.

Changes in legislation concerning VCTs, in particular in relation to Qualifying Holdings and qualifying trades, may limit the number of Qualifying Investment opportunities, reduce the level of returns which would otherwise have been achievable, increase the risk profile of future investments or result in the Company not being able to meet its objectives.

- Forward looking statements involve risk and uncertainty because they relate to future events and circumstances;

- These statements will be updated as and when required by the Listing Rules and the DGTRs, as appropriate.

PART I – THE OFFER

Terms of the Offer

Subscribers must subscribe a minimum of £3,000 under the Offer (before any Adviser Charges are deducted) and, thereafter, in multiples of £1,000.

The New Shares will rank *pari passu* with existing Shares. There is no maximum amount a Subscriber may subscribe for under the Offer. However, prior to subscribing to the Offer, a Subscriber may wish to consider the annual VCT allowance of £200,000 per Qualifying Investor, as detailed in Part V of this Document, and the acquisition of other shares (including shares issued under a DRIS) in all VCTs that they may have made during the current tax year.

Pricing Formula

For direct Subscriptions or through a Financial Adviser:

The number of New Shares to be allotted under the Offer will be determined by dividing the Subscription amount (less Adviser Charge (if applicable)) by the appropriate Offer Price which will be calculated on the basis of the following Pricing Formula:

Latest published NAV per Ordinary Share at the time of allotment (adjusted for any subsequent dividends paid or payable for which the new Shareholder is not eligible) divided by 0.97 (to allow for the costs of the Offer).

For Subscriptions through an execution only platform or broker:

The number of New Shares to be allotted under the Offer will be determined by dividing the Subscription amount (plus any commission waived by the Intermediary) by the appropriate Offer Price which will be calculated on the basis of the following Pricing Formula:

Latest published NAV per Ordinary Share at the time of allotment (adjusted for any subsequent dividends paid or payable for which the new Shareholder is not eligible) divided by 0.951 (to allow for the costs of the Offer).

The number of New Shares to be issued under the Offer will be rounded down to the nearest whole number (fractions of New Shares will not be allotted). If there is a surplus of funds from a Subscription amount, the balance will be returned (without interest) in the form of a cheque made payable to the Subscriber sent to the address shown on the Subscription Form; save where the amount is less than £2.00, in which case it will be retained by the Company. Share and tax certificates will be sent to the Subscriber at the address shown on the Subscription Form.

As at the date of this Document the most recently published (unaudited) NAV was 60.3p as at 30 September 2016, which was announced on 22 November 2016.

The maximum amount to be raised under the Offer is approximately £4,250,000. For illustrative purposes, assuming New Shares are issued at an illustrative Offer Price of 62.165p (as set out on page 9), the maximum number of New Shares that will be issued under the Offer is approximately 6,836,644 (although the actual number of New Shares that will be issued will depend on the Offer Price which could be higher or lower than the illustrative Offer Price of 62.165p).

The Board may close the Offer earlier than the date stated on page 4. The Board further reserves the right to accept a Subscription and to allot and arrange the listing of New Shares in respect of Subscriptions received on or prior to the closing date of the Offer as the Board sees fit, which may not be on the dates stated on page 4.

Costs of the Offer

Investment Adviser charges

The Investment Adviser will, in respect of the services provided pursuant to the Offer, receive a fee of 3 per cent (of the gross proceeds of the Offer) in respect of Subscriptions received either direct or through a Financial Adviser; or 5 per cent (of the gross proceeds of the Offer) for Subscriptions received through an execution only platform or broker. Out of this fee, the Investment Adviser will pay all costs associated with the Offer, on behalf of the Company. The Investment Adviser will, therefore, be responsible for all costs associated with the Offer. Assuming the costs of the Offer are 5 per cent of the gross proceeds of the Offer, the net proceeds of the Offer would be approximately £4,037,500 if the Offer is fully subscribed.

Commissions

Initial commissions may be payable by the Company (although the Investment Adviser ultimately bears the costs for such commissions) in respect of Subscriptions received through execution only brokers. Those Intermediaries that are permitted to receive commission will receive an initial commission of 2 per cent of the amount invested by their clients under the Offer.

Part I – The Offer (continued)

Where initial commission is payable the Intermediary may agree to waive all or part of the initial commission in respect of a Subscription. If this is the case, the commission waived will be added to the amount subscribed and New Shares will be allotted to the Investor at the relevant Offer Price. Execution only brokers must indicate on the Subscription Form the basis on which they wish to receive their commission.

Adviser Charges

The Company has agreed to facilitate the payment of one off Adviser Charges, by accepting instructions from an Investor to deduct the amount of the fee agreed by them with their Financial Adviser, from the amount they send to the Company. Ongoing fees to Intermediaries will not be facilitated by the Company. Investors who wish the Company to facilitate the payment of a fee in this manner are required to specify the amount of the charge in Part (i) of Section 5 of the Subscription Form, and the Adviser Charge will be paid to the relevant Financial Adviser on behalf of the Subscriber from an equivalent amount due to the Subscriber from the Company. The Investor will be issued fewer New Shares (to the equivalent value of the Adviser Charge) as set out on page 9. Where the Adviser Charge stated on the Subscription Form is inclusive of VAT, the Investor may remain liable for the VAT element thereof.

Income tax relief should still be available on the total amount subscribed, before deduction of Adviser Charges, subject to VCT Regulations and personal circumstances.

Advising ordinary retail Investors

The Company currently conducts its affairs so that its Shares can be recommended by Financial Advisers or Intermediaries to ordinary retail Investors in accordance with the FCA's rules in relation to non-mainstream investment products and intends to continue to do so for the foreseeable future. The FCA's restrictions which apply to non-mainstream investment products do not apply to the Shares because they are shares in a VCT which, for the purposes of the FCA rules relating to non-mainstream investment products, are excluded securities and may be promoted to ordinary retail Investors without restriction.

Subscription procedure

A blank Subscription Form is attached at the end of this Document together with explanatory notes.

Subscriptions under the Offer will be accepted in order of receipt (subject always to the discretion of the Directors). Subscribers are encouraged to submit their Subscription Forms early in order to be confident that their Subscription will be successful.

Subscriptions accompanied by a post-dated cheque will not be accepted. Multiple Subscriptions under the Offer from the same Subscriber will be processed in order of receipt. The Company may, in its absolute discretion, reject Subscriptions if cheques do not clear on first presentation.

The Terms and Conditions of Subscription for the New Shares under the Offer are set out on pages 23 to 26 of this Document. By signing the Subscription Form, Subscribers will be declaring that they have read the Terms and Conditions of Subscription and agree to be bound by them. Prior to completing a Subscription Form, Subscribers are advised to read the notes on how to complete the Subscription Form on pages 27 to 31 of this Document.

Please send all completed Subscription Forms to:

Capita Asset Services, Corporate Actions, The Registry, 34 Beckenham Road, Kent BR3 4TU.

YFM and Capita Asset Services are acting exclusively for the Company and for no one else in relation to the Offer. Apart from the responsibilities and liabilities, if any, which may be imposed on YFM and Capita Asset Services by FSMA or the regulatory regime established thereunder, YFM, RAM Capital and Capita Asset Services will not be responsible to anyone else other than the Company for providing the protections afforded to their clients or for advising any other persons in relation to the Offer or any transaction contemplated in or by this Document. RAM Capital is promoting the Offer and is acting exclusively for YFM and for no one else in relation to the Offer.

YFM, RAM Capital and Capita Asset Services are not providing investment, financial or tax advice in relation to the Offer.

PART II – THE COMPANY

Investment objective

The Company is a tax efficient listed company which aims to achieve long-term investment returns for private investors. Funds raised under the Offer will be utilised by the Company in accordance with its published investment policy, to maintain liquidity and to enable payment of costs without reducing the overall amounts currently available for investment. The Company co-invests with British Smaller Companies VCT plc ("BSC") and other funds managed/ advised by YFM, enabling it to invest in transactions that require an element of replacement capital that the Company cannot provide.

Investment policy

The Company's investment policy is to create a portfolio that blends a mix of businesses operating in traditional industries with those that offer opportunities in the application and development of innovation. Investing across a range of companies and sectors reduces exposure to particular markets and individual companies.

To this end the Company will invest in UK businesses across a broad range of sectors including Software, IT and Telecommunications, Retail and Brands, Business Services, Manufacturing and Industrial Services and Healthcare and these investments will primarily be in unquoted UK companies which meet the definition of a Qualifying Investment so as to maintain the Company's VCT status. It is anticipated that the majority of these businesses will be reinvesting their profits for growth and the investments will therefore comprise mainly of equity instruments.

Co-investment policy

Together with BSC, the Company has first choice of all investment opportunities received and appraised by the Investment Adviser that meet the criteria of Qualifying Investments and the basis for allocation is 40 per cent to the Company and 60 per cent to BSC. The Board has the discretion as to whether to take up their allocation in such co-investment opportunities. The replacement capital element of any investment will be provided by other funds managed/ advised by YFM.

Established Company and investment portfolio

The Company was established in 2000 and as at 30 September 2016 had an unaudited NAV of £56.8 million, equivalent to 60.3p per Share. As at the same date the Company had investments in 34 unquoted companies and 6 quoted companies. A summary of the unaudited investment portfolio as at 30 September 2016 is shown below:

Part II – The Company (continued)

Regular dividends

It is the intention of the Company that Shareholders receive dividends twice a year following the publication of its interim and final results. The dividend policy of the Company has the objective of achieving consistent and maintainable dividends over time whilst at the same time preserving the capital value of the Company. The ability of the Company to meet this objective depends significantly on the level and timing of profitable realisations and it cannot be guaranteed. Wherever possible additional dividends will be paid from any significant gains from realisations.

The table below sets out the dividends paid over the five years to 31 December 2015 and the nine months to 30 September 2016. As indicated on page 3 the Board anticipates that the maintainable level of dividends will fall from the 7 per cent yield achieved historically.

	2011	2012	2013	2014	2015	2016
Dividends	4.0p	4.5p	4.5p	4.5p	4.5p	4.5p
Yield ¹	5.8%	6.6%	6.9%	6.9%	7.2%	7.2%

¹ Yield is the annual dividends paid divided by the published NAV at the start of the period.

In the nine months to 30 September 2016 the Company paid dividends totalling 4.5p per Share. This represents a yield of 7.2 per cent of the NAV at the beginning of the year. In the nine months to 30 September 2016 the Company's Total Return has increased by 1.9p per Share (1.7 per cent) to 112.8p per Share, an increase of 3.0 per cent on the opening NAV.

Past performance of the Company is not a reliable indicator of the future performance of the Company and may not be repeated.

Track record (Excluding all tax reliefs)

Set out below is the Total Return on each fundraising round per Share and the Total Return if a Shareholder had participated in the Company's DRIS. The Total Return comprises the (unaudited) NAV at 30 September 2016 and the cumulative dividends paid since the respective offers.

* This assumes that at the time of investment the tax relief given on the investment was not invested in Shares of the Company.

Past performance of the Company is not a reliable indicator of the future performance of the Company and may not be repeated.

Shareholder communications

The Directors are committed to a policy of regular and open communication with Shareholders and this is expressed not only through the statutory interim and final reports, but also through Investor updates for the intervening quarters, Investor workshops, annual general meetings and Shareholder surveys that occur from time to time.

Share buy-back policy

The Company buys back its Shares if, in the opinion of the Board, a repurchase of its Shares would be in the best interests of the Shareholders as a whole. The Board seeks to buy back Shares at a discount of up to 5 per cent of the most recently published NAV. Any purchase of Shares will be made subject to the Listing Rules and will be made within the guidelines established from time to time by the Board. There can be no guarantee that the Company will be able to maintain its Share buy-back policy and future Share buy-backs, if any, will depend, amongst other things, on market circumstances at the time. The policy is subject to periodic approval of the Shareholders. The Company purchased 417,743 Shares under this buy-back policy in the period from 1 January 2016 to the date of this Document (year to 31 December 2015: 217,981) for aggregate consideration of £240,697 (2015: £122,814).

Annual running costs

Annual running costs, including the Investment Adviser's fees, and the costs incurred by the Company in the ordinary course of business (but excluding any performance fees payable to the Investment Adviser (see page 15), VAT and trail commission) are capped at 2.9 per cent of NAV, any excess being met by the Investment Adviser by way of a reduction in future fees. Further details of the fees paid to the Investment Adviser are set out on page 15 of this Document.

Annual running costs for the year ended 31 December 2015 were 2.2 per cent of NAV.

VCT status

The Board has managed, and intends to continue to manage, the affairs of the Company in order that it complies with the legislation applicable to VCTs. In this regard, the Company has retained Philip Hare & Associates LLP to advise on its VCT status. The Company has continued to conduct its affairs so as to comply with section 274 of the Tax Act for its current financial year and intends to continue to do so for subsequent periods. However, there can be no guarantee that VCT status will be maintained and Investors' attention is drawn to Part V of this Document.

PART III – INVESTMENT POLICY

The investment policy of the Company is as follows:

The investment strategy is to create a portfolio with a mix of companies operating in traditional industries and those that offer opportunities in the development and application of innovation.

Diversification

The Company invests in UK businesses across a broad range of sectors including but not limited to Software, IT and Telecommunications, Business Services, Manufacturing and Industrial Services, Retail and Brands and Healthcare in VCT qualifying unquoted companies.

Borrowing

The Company funds the investment programme out of its own resources and has no borrowing facilities for this purpose.

Co-investment

Together with BSC, the Company has first choice of all investment opportunities received and appraised by the Investment Adviser that meet the criteria of Qualifying Investments and the basis for allocation is 40 per cent to the Company and 60 per cent to BSC. The Board has the discretion as to whether to take up their allocation in such co-investment opportunities. The replacement capital element of any investment will be provided by other funds managed/advised by YFM.

Asset Mix

Pending investment in VCT Qualifying Holdings, surplus cash is primarily held in interest bearing instant access and short-notice bank accounts.

VCT regulation

The Company's investment policy is designed to ensure that the Company continues to qualify and is approved as a VCT by HMRC. The current VCT conditions, amongst others, state that the Company may not invest more than 15 per cent by value of its investments calculated in accordance with section 278 of the Tax Act ("VCT Value") in a single company or group of companies and must have at least 70 per cent of its investment by VCT Value throughout the period in shares and securities comprised in Qualifying Holdings. At least 70 per cent by VCT Value of Qualifying Holdings must be in "eligible shares", which are ordinary shares which have no preferential rights to assets on a winding up and no rights to be redeemed, but may have certain preferential rights to dividends. For funds raised before 6 April 2011, at least 30 per cent by VCT Value of Qualifying Holdings must be in eligible shares, which are ordinary shares which do not carry any rights to be redeemed or preferential rights to dividends or to assets on a winding up. At least 10 per cent of each Qualifying Investment must be in eligible shares.

The companies in which investments are made must have no more than £15 million of gross assets at the time of investment to be classed as a VCT Qualifying Holding.

Additionally the Finance (No. 2) Act 2015 and the Finance Act 2016 have imposed some further conditions in respect of investments, including those regarded as non-Qualifying Investments. These include:

- (i) An aggregate limit of £12 million (or £20 million for Knowledge Intensive Companies) on the amount of State Aid Risk Finance investment a business can receive during its lifetime;
- (ii) No more than seven years can have elapsed since the first commercial sale achieved by the business (ten years in the case of a Knowledge Intensive Company), unless:
 - a. the business has previously received an investment from a fund that has received state aid, or
 - b. the investment comprises more than 50 per cent of the average of the previous five years' turnover and the funds are to be used in the business to fund growth into new product markets or geographies; and
- (iii) VCTs may only invest in Qualifying Holdings and in certain money market securities, shares and securities in a company which are listed on a European regulated market, and short term cash deposits.

PART IV –THE INVESTMENT ADVISER

YFM has advised or managed the British Smaller Companies VCTs since the incorporation of BSC in 1995. As at 30 September 2016 (being the latest date for which unaudited published NAVs are available for both the British Smaller Companies VCTs) the combined unaudited Net Asset Value of the British Smaller Companies VCTs was £152 million. YFM has offices in Birmingham, Leeds, London, Manchester and Sheffield. At the date of this Document YFM and YFM Equity Partners has a total staff of 32 of which 14 are engaged in finding, investing in and advising on investments to the British Smaller Companies VCTs and institutional clients.

Management and administration

The annual advisory fee payable to the Investment Adviser is 2.5 per cent of the Net Assets up to £16.0 million, 1.25 per cent of Net Assets in excess of £16.0 million and up to £26.667 million and 2.0 per cent of Net Assets in excess of £26.667 million. Based on the Company's unaudited Net Assets of £56.8 million as at 30 September 2016 this equated to £1,136,000 per annum. This is calculated half yearly at 30 June and 31 December. Consequently there will be no fee payable until 1 July 2017 on any New Shares allotted under the Offer.

The Investment Adviser also provides and procures the provision of secretarial and administration services to the Company. The Investment Adviser receives an annual accounting and secretarial fee, index linked, which is currently £62,000.

Performance fee

A performance fee is also payable when the aggregate of cumulative dividends paid as at the last Business Day in December each year and the average of the middle market price per Share on the five Business Days prior to that day, exceeds 120 pence per Ordinary Share. The fee is 20 per cent of the excess over this amount multiplied by the number of Shares in issue and the Shares under option (if any). The fee is payable in Shares granted through rights to subscribe. These rights are exercisable in the ratio 95:5 between the Investment Adviser and Chord Capital Limited respectively.

Other fees received by the Investment Adviser

In addition to the fees described above, which are paid by the Company, the Investment Adviser receives advisory fees in connection with investments which are paid by the relevant investee company. There is an aggregate annual cap applied to these fees for new investments of 3 per cent and for further investments of 2 per cent, with any fees above this cap being payable to the Company. Where expenses have been incurred and the investment does not proceed, the Investment Adviser pays any abort fees. The Investment Adviser also receives monitoring or non-executive director fees from unquoted portfolio companies. These fees are capped at a maximum of £40,000 per annum for an unquoted company.

PART V – TAXATION CONSIDERATIONS

Tax position of Investors

The following is only a summary of the current law concerning the tax position of individual Qualifying Investors in VCTs. Potential Investors are recommended to consult a duly authorised independent Financial Adviser as to the taxation consequences of an investment in a VCT. The tax rules or their interpretation in relation to an investment in the Company and/or rates of tax may change during the life of the Company and can be retrospective.

1. Tax reliefs

The tax reliefs set out below are those currently available to individuals aged 18 or over who subscribe for New Shares under the Offer and will be dependent on personal circumstances. Whilst there is no specific limit on the amount of an individual's acquisition of shares in a VCT, tax reliefs will only be given to the extent that the total of an individual's subscriptions or other acquisitions of shares in VCTs (including shares issued under a DRIS) in any tax year does not exceed £200,000. Qualifying Investors who intend to invest more than £200,000 in VCTs in any one tax year should consult their professional advisers.

1.1 Income tax

1.1.1 Relief from income tax on investment

A Qualifying Investor subscribing for New Shares will be entitled to claim income tax relief on amounts subscribed up to a maximum of £200,000 invested in VCTs in any tax year.

The relief is given at the rate of 30 per cent on the amount subscribed regardless of whether the Qualifying Investor is a higher rate, additional rate or basic rate tax payer, provided that the relief is limited to the amount which reduces the Qualifying Investor's income tax liability to nil. Investments to be used as security for or financed by loans may not qualify for relief, depending on the circumstances.

1.1.2 Dividend relief

A Qualifying Investor, who acquires shares in any VCT in any tax year having a value up to a maximum of £200,000, will not be liable to income tax on dividends paid on those shares and there is no withholding tax thereon.

1.1.3 Purchases in the market

A Qualifying Investor who purchases existing shares in the market will be entitled to claim dividend relief (as described in paragraph 1.1.2 above) but not relief from income tax (as described in paragraph 1.1.1 above).

1.1.4 Withdrawal of relief

Relief from income tax on a subscription for VCT shares (including New Shares) will be withdrawn if the VCT shares are disposed of (other than between spouses or on death) within five years of issue or if the VCT loses its approval within this period as detailed in paragraph 1.3 on page 17.

Dividend relief ceases to be available once the Qualifying Investor ceases to be beneficially entitled to the dividend or if the VCT loses its approval within this period as detailed in paragraph 1.3 on page 17.

1.1.5 Linked sales

If an Investor subscribes for shares (except for shares issued under DRIS) in a VCT within six months before or after selling any shares in that same VCT or a VCT which at any time merges with that VCT, or if there is a contractual link between the subscription and the disposal, the tax reliefs in relation to that subscription will apply only to the amount invested less the amount for which shares are sold.

1.2 Capital gains tax

1.2.1 Relief from capital gains tax on disposal of VCT shares

Except where VCT shares that were issued after 5 April 2014 and within three years of the issue are bought by the VCT directly from the Shareholder, a disposal by a Qualifying Investor of VCT shares will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. The relief is limited to the disposal of VCT shares acquired within the limit of £200,000 for any tax year.

1.2.2 Purchases in the market

An individual purchaser of existing shares in the market will be entitled to claim relief from capital gains tax on disposal (as described in paragraph 1.2.1 above).

1.3 Loss of VCT approval

For a company to be fully approved as a VCT it must meet the various requirements for full approval as set out on page 18.

If a company which has been granted approval as a VCT subsequently fails to comply with the conditions for approval, approval as a VCT may be withdrawn. In these circumstances relief from income tax on the initial investment is repayable unless loss of approval occurs more than five years after the issue of the relevant VCT shares. In addition, relief ceases to be available on any dividend paid in respect of the profits or gains in any accounting period ending when the VCT status has been lost and any gains on the VCT shares up to the date from which loss of VCT status is treated as taking effect will be exempt from capital gains tax, but gains thereafter will be taxable.

2. Illustration of effect of tax relief for Qualifying Investors

The table below has been prepared for illustrative purposes only and does not form part of the summary of the tax reliefs contained in this section. The table shows how the initial tax reliefs available can reduce the effective cost of an investment of £10,000 in a VCT by a Qualifying Investor subscribing for VCT shares to only £7,000:

	Effective Cost	Tax Relief
Investor unable to claim any tax reliefs	£10,000	Nil
Qualifying Investor able to claim tax reliefs	£7,000	£3,000

Income tax relief is only available if the shares are held for the minimum holding period of five years. The limit for obtaining income tax relief in VCTs is £200,000 in each tax year.

3. Obtaining tax reliefs

The Company will provide to each Qualifying Investor a certificate which the Qualifying Investor may use to claim income tax relief, either by obtaining from HMRC an adjustment to their tax coding under the PAYE system or by waiting until the end of the tax year and using their tax return to claim relief.

Tax position of the Company

The following is only a summary of the conditions to be satisfied for a company to be treated as a VCT.

The Company has to satisfy a number of tests to qualify as a VCT. A summary of these tests is set out below:

1. Qualification as a VCT

To qualify as a VCT a company must be approved by HMRC. To obtain such approval it must:

- (i) Not be a close company;
- (ii) Have each class of its ordinary share capital listed on a regulated market;
- (iii) Derive its income wholly or mainly from shares or securities;
- (iv) Have at least 70 per cent by VCT Value of its investments in shares or securities in Qualifying Investments of which 70 per cent must be in eligible shares (30 per cent for funds raised before 6 April 2011);
- (v) Have at least 10 per cent by VCT Value of each Qualifying Investment in eligible shares;
- (vi) Not have more than 15 per cent by VCT Value of its investments in a single company or group (other than a VCT or a company which would, if its shares were listed, qualify as a VCT);
- (vii) Not retain more than 15 per cent of its income derived from shares or securities in any accounting period;
- (viii) Not make an investment in a company which causes that company to receive more than £5 million of state aid investment (including from VCTs) in the twelve months ending on the date of the investment, nor more than a total of £12 million of state aid investment (£20 million for a Knowledge Intensive Company);
- (ix) Not make an investment in a company whose first commercial sale was more than seven years prior to date of investment, except where previous State Aid Risk Finance was received by the company within seven years (ten years for a Knowledge Intensive Company) or where a turnover test is satisfied;
- (x) Not make a non-Qualifying Investment other than those specified in section 274 of the Tax Act; and
- (xi) Not make an investment in a company where the funds are to be used to acquire shares, another existing business or trade, or certain intangible assets in use in a trade.

The term “eligible shares” means shares which carry no preferential rights to assets on a winding-up and no rights to be redeemed, although they may have certain preferential rights to dividends. For funds raised before 6 April 2011, “eligible shares” are shares which do not carry any rights to be redeemed or a preferential right to dividends or to assets on a winding-up.

2. Qualifying Investments

A Qualifying Investment consists of shares or securities first issued to the VCT (and held by it ever since) by a Qualifying Company satisfying the conditions set out in chapter 4 of Part 6 of the Tax Act.

The conditions are detailed but include that the company must have gross assets not exceeding £15 million immediately before and £16 million immediately after the investment; have fewer than 250 full-time (or full-time equivalent) employees (or 500 in the case of a Knowledge Intensive Company); apply the money raised for the purposes of a qualifying trade within a certain time period; cannot be controlled by another company; at the time of investment does not obtain more than £5 million of investment from EU state aided risk capital measures in the twelve month period ending on the date of the investment by the VCT; at the time of the investment and including the amount of the investment will not have received more than £12 million (or £20 million if a Knowledge Intensive Company) over its lifetime and no more than seven years (ten years for a Knowledge Intensive Company) has elapsed since the date of its first commercial sale.

3. Qualifying Companies

A Qualifying Company must be unquoted for VCT purposes and must carry on a qualifying trade. For this purpose certain activities are excluded (such as dealing in land or shares or providing certain financial services). The qualifying trade must either be carried on by, or be intended to be carried on by, the Qualifying Company, or by a qualifying subsidiary at the time of the issue of shares or securities to the VCT (and at all times thereafter).

A Qualifying Company must have a permanent establishment in the UK, but a Qualifying Company need not be UK resident. A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT and continue thereafter.

A Qualifying Company may have no subsidiaries other than qualifying subsidiaries which must, in most cases, be at least 51 per cent owned.

There is a disqualifying purpose test under which an investment will not be a Qualifying Investment if the investee company has been set up for the purpose of accessing tax reliefs or is in substance a financing business.

Funds received from an investment by a VCT into a company cannot be used to acquire shares, another existing business or trade, or certain intangible assets in use in a trade.

4. Approval as a VCT

A VCT must be approved at all times by HMRC. Approval has effect from the time specified in the approval.

A VCT cannot be approved unless the tests detailed above are met throughout the most recent complete accounting period of the VCT and HMRC is satisfied that they will be met in relation to the accounting period of the VCT which is current when the subscription is made. However, where a VCT raises further funds, VCTs are given grace periods to invest those funds before such further funds become subject to the tests.

The Company has received approval as a VCT from HMRC.

5. Withdrawal of approval

Approval of a VCT may be withdrawn by HMRC if the various tests set out above are not satisfied. The exemption from corporation tax on capital gains will not apply to any gain realised after the point at which VCT status is lost.

The Finance Act 2014 restricts the ability of a VCT to return capital to its Investors. If a VCT makes a payment to its shareholders in relation to shares issued on or after 6 April 2014, which amounts to a repayment of share capital (including the payment of a dividend or distribution), other than for the purpose of redeeming or repurchasing such shares, before the end of the third accounting period following the accounting period in which the shares were issued, the VCT status will be withdrawn.

The Finance (No. 2) Act 2015, passed on 18 November 2015, and the Finance Act 2016, passed on 15 September 2016, added a further penalty such that if the VCT makes certain investments which breach the conditions set out in paragraph 1 (viii) to (xi) above, the VCT status will be withdrawn.

Withdrawal of approval generally has effect from the time when notice is given to the VCT but, in relation to capital gains of the VCT only, can be backdated to not earlier than the first day of the accounting period commencing immediately after the last accounting period of the VCT in which all of the tests were satisfied.

TERMS AND CONDITIONS OF SUBSCRIPTION

The following Terms and Conditions apply to the Offer:

Save where the context otherwise requires, words and expressions defined in this Document have the same meaning when used in the Terms and Conditions of Subscription, the Subscription Form and explanatory notes.

The section headed “Notes on how to complete the Subscription Form” forms part of these Terms and Conditions of Subscription. Please note that only applications returned by post or delivered by hand to the Receiving Agent will be accepted.

1. The contract created by the acceptance of a Subscription under the Offer will be conditional on Admission, unless otherwise so resolved by the Board.
2. The right is reserved by the Company to present all cheques and bankers’ drafts for payment on receipt and to retain the relevant Share certificates and Subscription monies, pending clearance of such successful Subscribers’ cheques and bankers’ drafts. The Company may treat Subscriptions as valid and binding even if not made in all respects in accordance with the prescribed instructions and the Company may, at its discretion, accept a Subscription in respect of which payment is not received by the Company prior to the closing date of the Offer. If any Subscription is not accepted in full or if any contract created by acceptance does not become unconditional, the Subscription monies or, as the case may be, the unused balance thereof in excess of £2.00 will be returned (without interest) by returning each relevant Subscriber’s (or Nominee’s) cheque or bankers draft or by crossed cheque in favour of the Subscriber (or Nominee), through the post at the risk of the person(s) entitled thereto. Balances of less than £2.00 may be retained by the Company and used for its own purposes. In the meantime, Subscription monies will be retained by the Company in a separate account. The Board reserves the right to close the Offer earlier than the closing date if fully subscribed. Subscriptions which are accompanied by post-dated cheques will not be accepted, subject to the Board’s discretion to accept such Subscriptions. If any dispute arises as to the date or time on which Subscription is received, the Board’s determination shall be final and binding.
3. Subject to paragraph [4] below, no person receiving a copy of this Document or any part thereof, or a Subscription Form, in any territory other than the UK may treat the same as constituting an invitation or offer to them, nor should they in any event use such Subscription Form unless, in the relevant territory, such an invitation or offer could lawfully be made to them or such Subscription Form could lawfully be used without contravention of any regulation or other legal requirements. It is the responsibility of any person outside the UK wishing to make a Subscription to satisfy themselves as to the full observation of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying issue, transfer or other taxes required to be paid in such territory.
4. The New Shares have not been, nor will they be, registered in the United States under the Securities Act or under the securities laws of the Restricted Territories and they may not be offered or sold directly or indirectly within the United States or any of the Restricted Territories or to, or for the account or benefit of, US persons (as defined in Regulation S made under the Securities Act) or any national, citizen or resident of the United States or any of the Restricted Territories. The Offer is not being made, directly or indirectly, in or into the United States or any of the Restricted Territories or in any other jurisdiction where to do so would be unlawful. The distribution of this Document in jurisdictions other than the UK may be restricted by law and therefore, persons into whose possession this Document comes should inform themselves about and observe any of these restrictions. Any failure to comply with any of those restrictions may constitute a violation of the securities law of any such jurisdiction. The Subscription Form is not being and must not be forwarded to or transmitted in or into the United States or any Restricted Territory. No Subscription will be accepted if it bears an address in the United States.
5. Subscribers will be bound by the Subscription(s) indicated by them on their Subscription Forms. Multiple Subscriptions under the Offer are permitted. Subscriptions will be accepted in order of receipt (subject always to the discretion of the Directors). The right is reserved to reject in whole or in part and scale down any Subscription or any part thereof including, without limitation, Subscriptions in respect of which any verification or identity which the Company or the Receiving Agent consider may be required for the purpose of the Money Laundering Regulations 2007 has not been satisfactorily supplied. The Board in its absolute discretion may decide to close or suspend the Offer. The Offer shall be suspended if the issue of such New Shares in the Company would result in a breach of the Listing Rules, the Company not having the requisite Shareholder authorities from time to time to allot New Shares or a breach of any other statutory provision or regulation applicable to the Company. Dealings prior to the issue of certificates for New Shares will be at the risk of Subscribers. A person so dealing must recognise the risk that a Subscription may not have been accepted to the extent anticipated or at all.

Terms and Conditions of Subscription (continued)

6. By completing and delivering a Subscription Form, you confirm and warrant that you:
- (i) offer to Subscribe the monetary amount stated on the Subscription Form in the Company for such number of New Shares obtained by dividing the monetary amount (as adjusted for Adviser Charges or waived commission, where applicable) by the applicable Offer Price of the New Shares resulting from the application of the Pricing Formula (as described in this Document), subject to these Terms and Conditions of Subscription, and subject to the memorandum and articles of association of the Company;
 - (ii) agree that, in consideration of the Company agreeing to process your Subscription, your Subscription will not be revoked until the Offer is closed and that this paragraph shall constitute a collateral contract between you and the Company which will become binding upon dispatch by post to, or (in the case of delivery by hand) on receipt by, the Receiving Agent of your Subscription Form;
 - (iii) agree and warrant that your cheque or bankers' draft may be presented for payment on receipt and will be honoured on first presentation and agree that if it is not so honoured you will not be entitled to receive a certificate in respect of the New Shares in the Company until you make payment in cleared funds and such payment is accepted by the Company in its absolute discretion (which acceptance shall be on the basis that you indemnify the Company and the Receiving Agent against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation), and you agree that, at any time prior to the unconditional acceptance by the Company of such late payment, the Company may (without prejudice to its other rights) void the agreement to allot such New Shares to you and may issue or allot such New Shares to some other person, in which case you will not be entitled to any payment in respect of such New Shares, other than the refund to you, at your risk, of the proceeds (if any) of the cheque or bankers' draft accompanying your Subscription Form, without interest;
 - (iv) agree that, in respect of those New Shares for which your Subscription has been received and is not rejected, your Subscription may be accepted at the election of the Company either by notification to the London Stock Exchange of the basis of allocation or by notification of acceptance thereof to the Receiving Agent;
 - (v) agree that any monies refundable to you may be retained by the Company pending clearance of your remittance and any verification of identity which is, or which the Company or the Receiving Agent may consider to be, required for the purpose of the Money Laundering Regulations 2007 and that such monies will not bear interest;
 - (vi) authorise the Receiving Agent to send Share certificate(s) or arrange for your CREST account to be credited in respect of the number of New Shares for which your Subscription is accepted and authorise the Company to send a crossed cheque for any monies returnable, by post, at your own risk, without interest, to your address set out in the Subscription Form and to procure that your name is placed on the register of members of the Company in respect of such New Shares;
 - (vii) agree that all Subscriptions, acceptances of Subscriptions and contracts resulting therefrom and any non-contractual obligations arising out of or in connection with your Subscription shall be governed by and construed in all respects in accordance with English law and that you submit to the jurisdiction of the English courts and agree that nothing shall limit the right of the Company to bring any action, suit or proceeding arising out of or in connection with any such Subscription, acceptances of Subscriptions and contracts in any other manner permitted by law or any court of competent jurisdiction;
 - (viii) agree and acknowledge that you are making your Subscription on the basis of the information and statements concerning the Company and the New Shares contained in this Document and that no person responsible solely or jointly for this Document or any part thereof or involved in the preparation thereof shall have any liability for any other information or representation relating to the Company or the New Shares or for any change in the law or regulations affecting VCTs;
 - (ix) irrevocably authorise the Receiving Agent and/or the Company or any person authorised by any of them, as your agent, to do all things necessary to effect registration of any New Shares subscribed by or issued to you in your name and authorise any representative of the Receiving Agent or of the Company, as relevant, to execute any document required thereof;

- (x) agree that, having had the opportunity to read the Document, you shall be deemed to have had notice of all information and statements concerning the Company and the New Shares contained therein;
- (xi) confirm that you are not a US person within the meaning of Regulation S made under the Securities Act or a resident of any of the Restricted Territories and that you are not applying for any New Shares with a view to their offer, sale, delivery to or for the benefit of any US Person or a resident of any of the Restricted Territories, and that you have reviewed the restrictions contained in paragraphs (3) and (4) above and warrant compliance therewith;
- (xii) declare that you are an individual aged 18 or over;
- (xiii) agree that all documents in connection with the Offer and returned monies will be sent by post at your risk;
- (xiv) agree to the Receiving Agent, where necessary, carrying out enquiries to verify your identity to ensure compliance with the Money Laundering Regulations 2007. Verification of the Investor's identity may be provided by means of a "Letter of Introduction" from an Intermediary or other regulated person (such as a solicitor or accountant) who is a member of a regulatory authority and is required to comply with the Money Laundering Regulations 2007 or a UK or EU financial institution (such as a bank). The Receiving Agent will supply specimen wording on request;
- (xv) if a Subscription is made direct (not through a financial Intermediary), the Company or a third party acting on behalf of the Company, may carry out a check of the Investor's identity using an online anti-money laundering and identity verification system.

To enable this process you may be requested to provide a copy of your passport or driving licence. Investors may opt out of the electronic identity verification system. If an Investor chooses to opt out they must enclose a copy of their passport or driving licence certificated by a bank or a solicitor stating that it is a "true copy of the original and a true likeness of the client" followed by their name, and a recent (no more than three months old) bank or building society statement or utility bill showing their name and address with the Subscription Form. **Copies of online statements will not be accepted.** If a cheque is drawn by a third party, the above will also be required from the third party;
- (xvi) agree, on request by the Company, YFM or the Receiving Agent, to disclose promptly in writing, any information which may be reasonably requested in connection with your Subscription including, without limitation, satisfactory evidence of identity to ensure compliance with the Money Laundering Regulations 2007 and authorise the Company, YFM or the Receiving Agent to disclose any information relating to your Subscription as the Company, YFM, or the Receiving Agent consider appropriate;
- (xvii) agree that neither YFM nor the Receiving Agent will treat you as a customer by virtue of your Subscription being accepted nor owe you any duties or responsibilities concerning the price of the New Shares in the Company or the suitability for you of New Shares or be responsible to you for providing the protections afforded to its customers;
- (xviii) declare that a loan has not been made to you or any associate which would not have been made, or would not have been made on the same terms, but for you offering to subscribe for, or acquiring, New Shares and that the New Shares are being acquired for bona fide commercial purpose and not as part of a scheme of arrangement the main purpose of which, or one of the main purposes of which, is the avoidance of tax;
- (xix) confirm and warrant that the information provided in the Subscription Form is true and accurate;
- (xx) warrant that, if you sign the Subscription Form on behalf of somebody else, you have due authority to do so on behalf of that other person, and such person will also be bound accordingly and will be deemed also to have given confirmations, warranties, undertakings and authority contained herein and undertake to enclose your power of attorney or a copy thereof duly certified by a solicitor or bank with the Subscription Form; and
- (xxi) consent to the information provided on the Subscription Form being provided to the Receiving Agent and the Registrar to process shareholding details and send notifications to you.

Terms and Conditions of Subscription (continued)

7. Where Subscription is made by a Nominee on behalf of a Beneficial Owner, the Nominee:
- (i) warrants that there is in force a valid and binding agreement between the Nominee and the Beneficial Owner, pursuant to which:
 - a) The Nominee is authorised and entitled to make the Subscription on behalf of the Beneficial Owner; and
 - b) The beneficial ownership of the Shares issued in respect of that Subscription will be vested in the Beneficial Owner immediately upon issue of the Shares;
 - (ii) warrants that the Nominee has made the Beneficial Owner aware of these Terms and Conditions, and that the Beneficial Owner has assented to them;
 - (iii) warrants that if the Subscription is for more than £12,500 the Nominee has carried out the necessary enquires to verify the identity of the Beneficial Owner to ensure compliance with the Money Laundering Regulations 2007; and
 - (iv) undertakes, at no expense to the Company, to do all such acts and to procure that the Beneficial Owner does all such acts as the Company may from time to time reasonably require to ensure the full compliance by the Beneficial Owner with these Terms and Conditions, as though the Beneficial Owner were the Subscriber.
8. The Company reserves the right to publish revised Subscription Forms from time to time. Subscribers and their Intermediaries should, therefore, check when completing the Subscription Forms that no subsequent version has been published or made available by the Company – which will be downloadable from the Company's website at www.bscfunds.com

NOTES ON HOW TO COMPLETE THE SUBSCRIPTION FORM

Before making a Subscription to acquire New Shares you are strongly recommended to consult and obtain advice from an appropriate financial Intermediary authorised under FSMA. It is essential that you complete all parts of the Subscription Form in accordance with the instructions in these notes.

Please send the completed Subscription Form, together with your cheque(s) or banker's draft(s) by post, or deliver it by hand, to:

Capita Asset Services, Corporate Actions, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU.

If you have any questions on how to complete the Subscription Form please contact Tracey Nice at YFM on 0113 261 6478 or at tracey.nice@yfmepl.com in the first instance or call Capita Asset Services on 0800 181 4729 (freephone). However, no investment, financial or tax advice can be given by YFM or Capita Asset Services. Lines are open between 8.30 am - 5.30 pm, Monday to Friday excluding public holidays. Alternatively please speak to your Financial Adviser.

- Sections 1-2 of the Subscription Form require you to provide your personal details and your Subscription details.
- Section 3 asks you to confirm your method of payment.
- Section 4 asks you to confirm your dividend payment options.
- Section 5 asks you to confirm whether or not you have received financial advice in relation to your Subscription and to describe the type of financial Intermediary you have used, if any, with respect to your Subscription.
- Section 6 requires you to sign, state your name and date your Subscription Form.
- Section 7 asks you to provide your CREST details if you would like any New Shares allotted to you to be credited to your CREST account.
- If you have used a financial Intermediary, Sections 8 and 9 require them to provide their firm's details so that the Receiving Agent can deal with the instructions as to (i) whether any permissible commission is to be paid and (ii) how any commission payable is to be administered.
- Sections 8 and 9 should not be completed if you apply directly and have not used a financial Intermediary with respect to your Subscription. Commission, where permissible, can be paid only to authorised financial Intermediaries who are acting on behalf of "execution only" clients and are not providing a platform service.
- You can make multiple Subscriptions using more than one Subscription Form. If you submit more than one Subscription Form, each Subscription Form will be dealt with in order of receipt but the first form you submit must be for a minimum subscription of £3,000 but any subsequent Subscription Form that you submit need only be for a minimum of £1,000 and multiples of £1,000 thereafter. You must inform the Receiving Agent of any multiple Subscriptions by marking the Subscription Form appropriately.
- The Subscription Form is printed towards the end of this Document as well as being available separately. Additional Subscription Forms can be obtained from www.bscfunds.com and from the Investment Adviser and the Receiving Agent, whose contact details are set out on the inside back cover of this Document.

Note: If there is a query over a Subscription there is no guarantee that it will be resolved in the order of receipt or before any subsequent subscriptions are received/processed. Also, if multiple subscriptions are received that take the total invested over £12,500 further identification and verification checks will need to be carried out. This may delay processing.

To enable this to happen the Company will need to share certain data. Please indicate if you do not want us to share your investment data with your Financial Adviser or wealth manager.

Section 2 – Subscription Details

The Receiving Agent cannot take responsibility for correctly identifying payments without a unique reference nor where a payment has been received but without an accompanying Subscription Form.

The right is reserved to reject any application in respect of which the Subscriber's electronic transfer, cheque or banker's draft has not been cleared on first presentation. Any monies will be returned in the same manner as originally received e.g. by cheque in the post or by a credit to the remitting account, at the risk of the persons entitled thereto.

The Company's Registrar will charge administration fees for re-issuing cheques.

Payment to your bank account: in order to facilitate the payment of dividends on any Shares held in the Company directly to your bank or building society account, please provide your bank or building society details in the space provided. Any New Shares allotted to you will be in a registered form capable of being transferred by means of the CREST system. Subscribers who wish to take advantage of the ability to trade in New Shares in uncertificated form, and who have access to a CREST account, may arrange to have their New Shares allotted directly to their CREST account, or subsequently to convert their holdings into dematerialised form in CREST. Investors should be aware that New Shares delivered in certificated form are likely to incur higher dealing costs than those in respect of New Shares held in CREST.
