**INTERIM MANAGEMENT REPORT**

The Interim Management Report is issued by Investec Investment Trust PLC in accordance with the UK Listing Authority's Disclosure Rules and Transparency Rules. Unless otherwise stated, performance and figures highlighted below refer to the six months ended 30 September 2014 and the corresponding period in the previous year.

**PRINCIPAL ACTIVITY AND BUSINESS REVIEW**

The principal activity of Investec Investment Trust PLC (the "company") is to source funds from the financial market for group activities and it will continue to operate in this capacity for the foreseeable future. The company's 3.5 per cent and 5 per cent cumulative preference stocks are listed on the London Stock Exchange.

The company's ultimate parent is Investec plc. The company's parent company, Investec Group Investments (UK) Limited, a wholly owned subsidiary of Investec plc, owns all of the company's ordinary shares, 266,586 shares of the company's 1,300,000 3.5 per cent cumulative preference shares and 96,612 shares of the company's 345,438 5 per cent cumulative preference shares. The company's 3.5 per cent and 5 per cent cumulative preference stocks are listed on the London Stock Exchange.

The preference shares are classified as a liability and not equity (refer to note 1, Accounting Policies, Classification of preference shares as debt).

**PERFORMANCE OVERVIEW AND PRINCIPAL RISKS**

The results for company show a pre-tax loss of £31,386 (30 September 2013: loss of £31,386) for the period (see page 3).

At 30 September 2014 the company had net assets of £25,926,000 (31 March 2014: £25,957,000).

The directors do not recommend the payment of an interim dividend on the ordinary shares for the period (30 September 2013: £nil). Dividends payable, reported as interest payable, on the preference stocks in the period amounted to £31,386 (30 September 2013: £31,386).

The company's financial risks are managed at the Investec plc group level. Surplus liquidity arising from time to time was loaned by the company during the year in which it arose on an interest free basis to its immediate parent company. The loan is repayable upon demand and the company has the right, at any time and at its sole discretion, to charge interest thereon at a commercial rate. Preference dividend payments are funded from the loan.

The company's exposure to financial risks is further discussed in note 10.

**Going concern**

On the basis of current financial projections the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future and accordingly the going concern basis is adopted in the preparation of these financial statements.

**Corporate governance**

The directors' disclosure in relation to Corporate Governance is given in detail on the Directors' Responsibilities Statement.

**Unaudited condensed financial statements**

The unaudited condensed financial statements have not been audited or reviewed by the company's auditors pursuant to the Auditing Practices Board guidance Review of Interim Financial Information.

This document includes an unaudited condensed set of financial statements produced by the company for the six months ended 30 September 2014. This document will also be available on Investec's website at [www.investec.com/about-investec/investor-relations/financial-information.html](http://www.investec.com/about-investec/investor-relations/financial-information.html)

**DIRECTORS' RESPONSIBILITY STATEMENT**

The directors confirm that, to the best of their knowledge:

- ◆ the unaudited condensed set of financial statements has been prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) and the Companies Act 2006, gives a true and fair view of assets, liabilities, financial position and results of the company for that period; and
- ◆ the interim management report of the company includes a fair review of the development and performance of the business and the position of the company together with a description of the principal risks and uncertainties that they face as required by the FCA Disclosure Rules and Transparency Rules 4.2.7, and
- ◆ the unaudited condensed Financial Statements have not been audited or reviewed by the company's auditors in pursuant to the Auditing Practices Board guidance on Review of Interim Financial Information.

Neither the company nor the directors accept any liability to any person in relation to the half-yearly financial report except to the extent that such liability could arise under English law. Accordingly, any liability to a person who has demonstrated reliance on any untrue or misleading statement or omission shall be determined in accordance with section 90A of the Financial Services and Markets Act 2000.

**Corporate Governance Statement**

The Directors are responsible for internal control of the company and for reviewing the effectiveness of those controls. Procedures have been designed for safeguarding assets against unauthorised use or disposition; for maintaining adequate accounting records; and for the reliability and usefulness of financial information used within the business or for publication. Such procedures are designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement, errors, losses or fraud. The procedures enable the company to comply with the regulatory obligations. The company also makes use of the controls at the Investec plc Group level, including the audit committee. For further details, refer to notes to the combined Investec plc and Investec Ltd consolidated financial statements, Risk Management and Corporate Governance report.

Signed on behalf of the board of directors

## NOTES TO THE FINANCIAL STATEMENTS

at 30 September 2014

### 1. ACCOUNTING POLICIES

#### **Basis of presentation**

The interim results are prepared in accordance with the recognition and measurement requirements of Financial Reporting Standards and the disclosure rules and transparency rules. The accounting policies applied in the preparation of the results for the six months ended 30 September 2014 are consistent with those adopted in the financial statements for the year ended 31 March 2014.

The information in this report for the six months to 30 September 2014, which was approved by the board of directors on 26 November 2014, does not constitute statutory accounts as defined in Section 435 of the Companies Act 2006 ("Act"). Statutory accounts for the year ended 31 March 2014, which contained an unqualified audit report under Chapter 3, Part 16 of the Act and which did not contain statements under Section 498 of the Act, have been delivered to the Registrar of Companies in accordance with Section 1068 of the Act.

#### **Cash flow statement**

The company is exempt from the requirements to prepare a cash flow statement under Financial Reporting Standard 1 (revised), because a consolidated cash flow statement is included in the publicly available consolidated financial statements of its ultimate parent undertaking, Investec plc.

#### **Classification of preference shares as debt**

The preference shares issued by the company create a financial liability as defined by Financial Reporting Standard 25 as they contain a contractual obligation to deliver cash and are therefore presented as a liability in the balance sheet. Shares classified as debt are initially measured at fair value net of transaction costs and thereafter at amortised cost until extinguished on redemption. The corresponding dividends relating to the preference shares classified as a liability are charged as interest expense in the profit and loss account on an accruals basis.

#### **Disclosure of financial instruments**

The directors have taken advantage of the disclosure exemptions available to subsidiary undertakings in Financial Reporting Standard 29.

#### **Taxation**

Corporation tax is provided on taxable profits at the current rate.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. This is subject to deferred tax assets only being recognised if it is considered more likely than not that there will be sustainable profits from which the future reversal of the underlying timing differences can be deducted. Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements, which are capable of reversal in one or more subsequent periods.

Deferred tax is measured at a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted at the balance sheet date.

#### **Related party transactions**

The company have taken advantage of the exemptions available in Financial Reporting Standard 8 from disclosing transactions with related parties which are wholly owned members of the Investec plc group.

### 10. RISK MANAGEMENT

As a subsidiary of Investec plc, the company falls under the Investec Group's Risk Management Framework which is set out in the Investec plc and Investec Limited 2014 combined consolidated financial statements, Risk Management and Corporate Governance report.

#### *Credit risk*

The company has no exposure to credit risk other than on the loan advanced to the parent undertaking.

#### *Liquidity risk*

The company's only financial obligations in the foreseeable future are payment of dividend on the preference shares and administrative expenses. The company is able to recall the loan to the parent undertaking (or part thereof) at any time and therefore does not foresee any risk of being unable to meet its financial commitments.

#### *Interest rate risk*

The company has a fixed interest obligation in respect of the dividend on the preference shares and is therefore not exposed to fluctuation in interest rates. The loan to the parent is interest free. However, the company has the right at any time and at its sole discretion to charge interest thereon at a commercial rate.

#### *Capital Management*

The company manages and monitors its capital on an ongoing basis and with consideration for the ongoing commitments of the entity. The company is not regulated and therefore it is not subject to any capital adequacy requirements.

### 11. ULTIMATE PARENT UNDERTAKING

The company's immediate parent undertaking is Investec Group Investments (UK) Limited.

The company's ultimate parent undertaking and controlling party is Investec plc, a company incorporated in the United Kingdom and registered in England and Wales. Investec Bank plc is the smallest group and Investec plc is the largest group in which the results of the company are consolidated. The consolidated financial statements of Investec plc and Investec Bank plc are available to the public and may be obtained from Investec plc at 2 Gresham Street, London, EC2V 7QP.
