

Kingfisher Announces \$7 Million Brokered Private Placement

NOT FOR DISTRIBUTION TO UNITED STATES NEWS WIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES.

VANCOUVER, British Columbia, May 5, 2025 – **Kingfisher Metals Corp. (TSXV:KFR) (FSE: 970)** ("**Kingfisher**" or the "**Company**") is pleased to announce that it has entered into an agreement with Beacon Securities Limited ("**Beacon**" or the "**Agent**") to act as sole agent in connection with a "best efforts" private placement offering of a combination of up to 4,000,000 non-flow-through units (the "**NFT Units**") at a price of \$0.25 per NFT Unit (the "**NFT Issue Price**") and up to 14,458,000 flow-through units (the "**Premium FT Units**" and, together with the NFT Units, the "**Offered Securities**") at a price of \$0.415 per Premium FT Unit (the "**Premium FT Issue Price**") for aggregate gross proceeds of up to \$7,000,070 (collectively, the "**Offering**").

Each NFT Unit will consist of one common share of the Company (an "**NFT Share**") and one-half of one common share purchase warrant of the Company (each whole common share purchase warrant, a "**Warrant**"). Each Premium FT Unit will consist of one common share of the Company (a "**FT Share**") and one-half of one Warrant, each of which shall qualify as a "flow-through share" for the purposes of the Income Tax Act (Canada) (the "**Tax Act**").

Each Warrant will entitle the holder thereof to acquire one common share of the Company (a "**Warrant Share**") at a price per Warrant Share of \$0.40 for a period of 36 months from the Closing Date, provided that, in the event that the daily volume weighted average price (or closing bid price on trading days when there are no trades) of the common shares of the Company (the "**Common Shares**") on the TSX Venture Exchange ("**TSXV**") is at least \$0.55 per Common Share for a minimum of 20 consecutive trading days at any time after the first year anniversary of the Closing Date, the Company may, within 10 business days of the occurrence of such event, provide written notice to holders of the Warrants (the "**Warrant Acceleration Notice**") accelerating the expiry date of the Warrants to a date that is not less than 30 days following the date of the Warrant Acceleration Notice (and concurrent press release).

In connection with the Offering, the Company has granted the Agent an option (the "**Agent's Option**"), exercisable in whole or in part at any time up to 48 hours prior to the Closing Date, to sell up to an additional number of Premium FT Units at the Premium FT Issue Price and/or NFT Units at the NFT Issue Price (the "**Additional Offered Securities**") for additional gross proceeds of up to \$1,050,000.

The Offered Securities (which includes any Additional Offered Securities) will be offered (i) in each of the Provinces of Canada and (ii) to eligible purchasers resident in jurisdictions other than Canada that are mutually agreed to by the Company and the Agent, each acting reasonably, provided that no prospectus filing or comparable obligation arises and the Company does not thereafter become subject to continuous disclosure obligations in such jurisdictions.

The Offered Securities may also be offered and sold in the United States to Qualified Institutional Buyers (as defined in Rule 144A under the United States Securities Act of 1933, as amended (the “**1933 Act**”)) and to a limited number of “accredited investors” (as defined in Rule 501(a) of Regulation D under the 1933 Act), in each case by way of private placement pursuant to an exemption from the registration requirements of the 1933 Act and pursuant to any applicable securities laws of any state of the United States. Any Offered Securities offered and sold in the United States shall be issued as “restricted securities” (as defined in Rule 144(a)(3) under the 1933 Act).

An amount equal to gross proceeds from the sale of the Premium FT Units will be used by the Company to incur eligible “Canadian exploration expenses” that will qualify as “flow-through critical mining expenditures” as such terms are defined in the Income Tax Act (Canada) and “BC flow-through mining expenditures” as defined in the Income Tax Act (British Columbia) (the “**Qualifying Expenditures**”) related to the Company’s projects in British Columbia, Canada on or before December 31, 2026. All Qualifying Expenditures will be renounced in favour of the subscribers effective December 31, 2025.

The Offering is expected to close on or about May 28, 2025 (the “**Closing Date**”), and is subject to the Company receiving all necessary regulatory approvals, including the approval of the TSX Venture Exchange. The Offered Securities and the Warrant Shares will be subject to a hold period under Canadian securities laws of four months after the Closing Date.
