## Summary of Ladenburg Thalmann Virtual Technology Expo Conference

The one-day Ladenburg Virtual Tech Expo will feature presentations from the management of approximately 50 technology companies from the US and Israel, covering connectivity, cloud and enterprise software, cybersecurity, streaming media, semiconductors, mobility, virtual and augmented reality, blockchain, bitcoin mining, AI, e-commerce, ed-tech, public safety, space-tech and defense. Management teams will be presenting virtually to a select invite-only institutional investor audience and presenting companies will be hosting virtual one-on-one meetings.

## About KWESST

KWESST develops and commercializes breakthrough next-generation tactical systems that meet the requirements of security forces and personal defense for overmatch capability against adversaries. The company's current portfolio of unique proprietary offerings include its unique non-lethal Low Energy Cartridge (LEC) system with application across all segments of the non-lethal market, including law enforcement and personal defence. KWESST is also involved in the digitization of tactical forces for shared situational awareness and targeting with its signature TASCST<sup>TM</sup> (Tactical Awareness and Situational Control System) for real-time awareness and targeting information from any source (including drones) streamed directly to users' smart devices and weapons. Other KWESST products include counter-measures against threats such as drones, lasers and electronic detection. These include the autonomous GreyGhost<sup>TM</sup> soldier-portable micro drone missile system that defends against small hostile drones including swarms using high-speed kinetic impact; a Ground Laser Defence system to counter the emerging threat of weaponized lasers against personnel and the Phantom<sup>TM</sup> electronic battlefield decoy system to mask the electromagnetic signature of friendly forces with decoy signatures at false locations to deceive and confuse adversaries. These systems can operate stand-alone or integrate seamlessly with OEM products and battlefield management systems. The Company is headquartered in Ottawa, Canada, with representative offices in Washington, DC, London, UK and Abu Dhabi, UAE. KWESST trades on the TSX Venture Exchange under the symbol KWE and on the U.S. OTCQB under the symbol KWEMF.

## Cautionary Note Regarding Forward-Looking Statements

This news release includes certain "forward-looking statements" under applicable Canadian securities

legislation for the purpose of providing information about management's current expectations and plans relating to the future. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking statements. Such factors include, but are not limited to: general business, economic, competitive, political and social uncertainties. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. KWESST disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

**Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this news release.**
