

KWESST e-Commerce Site For Public Safety Munitions Products To Open Monday December 18, 2023

PARA OPS and ARWEN products to be available for sale on-line to law enforcement agencies and will be featured at the 2024 SHOT Show, Las Vegas, January 23-26

Ottawa, Ontario--(Newsfile Corp. - December 13, 2023) - KWESST Micro Systems Inc. (TSXV: KWE) (TSXV: KWE.WT.U) (NASDAQ: KWE) (NASDAQ: KWESW) (FSE: 62UA); ("KWESST" or "the Company") today announced that its non-lethal PARA OPS and ARWEN products will be available for law enforcement agencies to purchase on-line (with link from KWESST website) on Monday, December 18, 2023.

"As part of scaling our PARA OPS and ARWEN products businesses we're making it easier for law enforcement customers to place orders," said Sean Homuth, KWESST CEO. "This follows successful PARA OPS demonstrations to law enforcement agencies over the summer and fall, and a growing backlog of orders for ARWEN products." A further demonstration to multi-level law enforcement jurisdictions will take place tomorrow, Thursday December 14, 2023.

KWESST added that PARA OPS has been in initial production through the fall of this year, and the Company plans to ramp up for volume production in early calendar 2024 in conjunction with the promotion of PARA OPS at the 2024 SHOT Show in Las Vegas, January 23-26. KWESST will also be introducing its new ARWEN 40mm cartridge at the SHOT Show in response to substantial interest from many law enforcement agencies.

"All these products will be featured in live-fire demonstrations for invited guests and media at the SHOT Show Range Day, Monday, January 22nd," said Mr. Homuth.

The Company stated that it has been in discussions with law enforcement product distributors and expects to begin announcing distribution arrangements in the coming weeks and throughout 2024.

About KWESST

KWESST (NASDAQ: KWE) (NASDAQ: KWESW) (TSXV: KWE) (FSE: 62UA) develops and commercializes breakthrough next-generation tactical systems for military and security forces. The company's current portfolio of offerings includes digitization of tactical forces for real-time shared situational awareness and targeting information from any source (including drones) streamed directly to users' smart devices and weapons. Other KWESST products include countermeasures against threats such as electronic detection, lasers and drones. These systems can operate stand-alone or integrate seamlessly with OEM products and battlefield management systems, and all come integrated with TAK. The company also has a new proprietary non-lethal product line branded PARA OPSTM with application across all segments of the non-lethal market, including law enforcement. The Company is headquartered in Ottawa, Canada, with operations in Stafford, VA and representative offices in London, UK and Abu Dhabi, UAE.

Forward-Looking Information and Statements

This press release contains "forward-looking statements" and "forward-looking information" within the meaning of Canadian and United States securities laws (collectively, "forward-looking statements"), which may be identified by the use of words such as "plans", "is expected", "expects", "scheduled", "intends", "contemplates", "anticipates", "believes", "proposes" or variations (including negative and grammatical variations) of such words and phrases, or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Such statements are based on the current expectations of KWESST's management and are based on assumptions and subject to risks and uncertainties. Although KWESST's management believes that the assumptions underlying such statements are reasonable, they may prove to be incorrect. The forward-looking events and circumstances discussed in this press release may not occur by certain specified dates or at all and could differ materially as a result of known and unknown risk factors and uncertainties affecting KWESST, including KWESST's inability to secure contracts, statements of work and orders for its products in 2023 and onwards for reasons beyond its control, the renewal or extension of agreements beyond their original term, the granting of patents applied for by KWESST, inability to finance the scale up to full commercial production levels for its physical products, inability to secure key partnership agreements (including distributors) to facilitate the outsourcing and logistics for its Arwen and PARA OPS products, overall interest in KWESST's products being lower than anticipated or expected; general economic and stock market conditions; adverse industry events; loss of markets; future legislative and regulatory developments in Canada, the United States and elsewhere; the inability of KWESST to implement its business strategies; risks and uncertainties detailed from time to time in KWESST's filings with the Canadian Security Administrators and the United States Securities and Exchange Commission, and many other factors beyond the control of KWESST. Although KWESST has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. No forward-looking statement can be guaranteed. Except as required by applicable securities laws, forward-looking statements speak only as of the date on which they are made and KWESST undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Neither the TSX Venture Exchange nor its respective Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
