ABOUT MEDXTRACTOR CORP:

The Corporation is a Calgary-based company that generates technologically-based solutions. The SHAMAN division is focusing on applying machine learning to predict potential benefits associated with the use of psychedelic drugs within the mental health misdiagnosis problem, and the mHealth division is developing a consumer mHealth applications. With installations all over the world, its legacy craft-scale bio-extractors are used to extract compounds from a variety of botanical materials. Readers are advised that both SHAMAN and the YMI mHealth application require further development and accordingly the Corporation is not currently making any express or implied claims that the applications can, or will be able to, generate accurate results or profits.
