

# Hydreight Partners with American Frontline Nurses with a Network of Over 26,000 Nurses

**VANCOUVER, British Columbia and LAS VEGAS, Nevada, March 25, 2024** - Hydreight Technologies Inc. (“**Hydreight**” or the “**Company**”) (TSXV:NURS)(OTCQB:HYDTF)(FSE:S06) a mobile clinical network and medical platform which enables flexible, at-home medical services across 50 states in the United States, is pleased to announce that it has partnered with American Frontline Nurses, a leading advocacy organization that offers programs that improve health outcomes for vulnerable patient populations by providing them with education and resources.

American Frontline Nurses provides comprehensive education and resources to nurses, patients, and their families, enabling them to receive safe, equitable, and personalized care. American Frontline Nurses has a network of over 26,000 nurses across the United States and has helped over 8,000 families since its inception. The organization provides programming like the Smile Makers Program, Certified Nurse Nutritionist, Certified Vaccine Safety Advocate, Healthy Kids Nutrition Teaching for Parents and Foster Families, to name a few. These programs serve a wide range of patients, ensuring that they have access to the care and support they need to achieve better health.

As part of the partnership effective March 22, 2024, Hydreight will be able to target the network of over 26,000 nurses to sell annual subscriptions and add new nurses to its platform. American Frontline Nurses will also cross promote Hydreight’s offering and mission of building the largest mobile clinical network in the United States. Collectively, American Frontline Nurses and Hydreight will support and work in parallel with phase two of the Ola Digital Health partnership expansion, by onboarding nurses on an as needed basis to provide services in specific brick and mortar locations.

**Shane Madden, Founder and CEO** commented, *“We are excited for this partnership with American Frontline Nurses, and working together gives us access to over 26,000 nurses across the US, as well as valuable education and resources to support improved health outcomes for patients. This is also an important partnership as we continue to roll out our expansion with Ola Digital Health, we can onboard new nurses on to the Hydreight platform to expedite our expansion into brick-and-mortar locations. The ANF nurse community aligns with the values and entrepreneurial spirit of our nurse network, and we feel there are significant synergies with both groups.”*

## **About Hydreight Technologies Inc.**

Hydreight Technologies Inc. is building the largest mobile clinic network in the United States. Its proprietary, fully integrated platform hosts a network of nearly 3,000 nurses, over 100 doctors and a pharmacy network across 50 states. The platform includes a built-in, easy-to-use suite of fully integrated tools for accounting, documentation, sales, inventory, booking, and managing patient data, which enables licensed healthcare professionals to provide services directly to patients at home, office or hotel. Hydreight empowers nurses, med spa technicians, and other licensed healthcare professionals to deliver services independently, on their own terms, or to add mobile services to existing location-based operations. The Hydreight platform hosts a 503B pharmacy network servicing

all 50 states and is closely affiliated with a U.S. certified e-script and telemedicine provider network that provides services in over 650 cities and growing.

**Cautionary Note Regarding Forward-Looking Information**

This press release contains statements which constitute “forward-looking information” within the meaning of applicable securities laws, including statements regarding the plans, intentions, beliefs and current expectations of the Company with respect to future business activities and operating performance. Forward-looking information is often identified by the words “may”, “would”, “could”, “should”, “will”, “intend”, “plan”, “anticipate”, “believe”, “estimate”, “expect”, “Approximately” or similar expressions and includes information regarding the launch date of MedicalMedIV.com, and the anticipated effect on bookings and customer retention rates.

Investors are cautioned that forward-looking information is not based on historical facts but instead reflects the Company’s management’s expectations, estimates or predictions concerning future results or events based on the opinions, assumptions and estimates of management considered reasonable at the date the statements are made. Although the Company believes that the expectations reflected in such forward-looking information are reasonable, such information involves risks and uncertainties, and undue reliance should not be placed on such information, as unknown or unpredictable factors could have material adverse effects on future results, performance or achievements of the Company. Among the key factors that could cause actual results to differ materially from those projected in the forward-looking information are the following: the ability to obtain requisite regulatory and other approvals with respect to the business operated by the Company and/or the potential impact of the listing of the Company’s shares on the TSXV on relationships, including with regulatory bodies, employees, suppliers, customers and competitors; changes in general economic, business and political conditions, including changes in the financial markets; changes in applicable laws; compliance with extensive government regulation; and the diversion of management time as a result of being a publicly listed entity. This forward-looking information may be affected by risks and uncertainties in the business of the Company and market conditions.

Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking information prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected. Although the Company has attempted to identify important risks, uncertainties and factors which could cause actual results to differ materially, there may be others that cause results not to be as anticipated, estimated or intended.

The Company does not intend, and does not assume any obligation, to update this forward-looking information except as otherwise required by applicable law.

Neither TSXV nor its Regulation Services Provider (as that term is defined in policies of the TSXV) accepts responsibility for the adequacy or accuracy of this release.

This press release does not constitute an offer of securities for sale in the United States. The securities being offered have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and such securities may not be offered or sold within the United States absent U.S. registration or an applicable exemption from U.S. registration requirements.
