About Golden Sky Minerals Corp.

Golden Sky Minerals Corp. is a well-funded junior grassroots explorer focused on the discovery of new precious metal and copper projects through systematic exploration in metal endowed terranes, located in tier-one mining jurisdictions. Golden Sky's focus is to develop their portfolio of projects to resource stage. Currently, the company has three drill ready projects in the Yukon; this includes the Hotspot, Bullseye, and Luckystrike properties. In addition, the recent property purchase of the Rayfield Copper-Gold Project in southern British Columbia adds to the company's substantial early-stage project pipeline in Canada.

The company was incorporated in 2018 and is headquartered in Vancouver, British Columbia, Canada. More information can be found at the Company’s website at www.goldenskyminerals.com
