Item 4 Summary of Material Change

On October 1, 2021, the Company announced that final agreements have been signed to acquire Clean Carbon Equity (“CCE”) (LOI -July 30, 2021) an arm’s length private company existing under the laws of British Columbia (the “Acquisition”).

The closing of the Acquisition (the “Closing”) will position the Company as a global ESG leader in the data and digital economy sector, and projects to increase cash flow and create new long-term revenue opportunities for the Company. With the Acquisition, the Company has also operationalized its plans to become carbon neutral by 2026, well ahead of the 2030 timeline established by the Crypto Climate Accord.

The Company has agreed to acquire CCE for \$1,200,000 CAD through the issuance to the shareholders of CCE of common shares of the Company valued at \$0.80 per share for a total of 1,750,000 shares and 875,000 warrants to purchase common shares of the Company, with each warrant exercisable at \$1.12 per share for 24 months following the date of issuance. Completion of the Acquisition remains subject to, among other things: receipt of all necessary approvals and other conditions which are customary for transactions of this nature.

All of the securities to be issued in the Acquisition will be issued pursuant to an exemption from applicable securities laws with a voluntary escrow period. There will be no finder’s fees paid in connection with the Acquisition.
