

Cloud DX Announces 6th Ontario Paramedicine Group Contract

Ontario Paramedic Service is the fifth County to choose Cloud DX Connected Health™ to improve positive patient outcomes as part of its Community Paramedicine Remote Monitoring program

News in Summary

- *As hospital-at-home and community remote monitoring programs increase in scale, Cloud DX expects to deploy over 1,000 Connected Health kits for this use case by early 2023.*
- *Paramedicine deployments are funded through the \$82 million Community Paramedicine Long Term Care Program.*
- *Cloud DX has now announced 6 Community Paramedic Service contracts in Ontario, delivering services to Peterborough, Guelph Wellington, 2 contracts with Oxford, and more.*

KITCHENER, ON / ACCESSWIRE / November 2, 2022 / [Cloud DX](#) (TSXV:CDX) (OTC:CDXFF), announces a new Ontario County Paramedic Service Group contract to provide Connected Health™ kits and services to vulnerable patients within the community. The award-winning Cloud DX remote patient monitoring platform is becoming standard of care for Ontario Community Paramedicine services seeking to strengthen community connections while residents benefit from greater access to much needed care.

The initial funding envelope for this deployment includes up to \$200,000 CAD over 24 months. [JS1] Funding for the program comes from the \$82.5M [Community Paramedicine for Long Term Care](#) program announced last year by the Ontario government.

Cloud DX COO and co-founder, Anthony Kaul says "This new partnership solidifies Cloud DX as the virtual care platform of choice for Ontario's Community Paramedicine programs. As our Connected Health™ network expands across Ontario, we're reducing the burden on the province's overtaxed 911 system, lowering hospital admissions, keeping residents in their homes longer and giving them more control of their health."

This new contract comes within weeks of Peterborough County Paramedic Group announcing Cloud DX as its partner of choice for its evolving Community Paramedicine Program. Peterborough County Paramedics Deputy Chief Craig Jones says "Our main goal is to support people in their choice to stay at home and do everything we can from a health perspective to facilitate that happening. What Cloud DX does that no other provider offered us was, they do the heavy lifting of the compliance phone calls. We don't need to make reminder phone calls to clients

that forgot to take their vital signs for the day. This allows a paramedic to focus on being a clinician and ensure that our residents stay well."

Upcoming Earnings Call

Cloud DX will present Q3 earnings on November 16, 2022 at 12pm. In addition to covering the Q3 results, CEO Robert Kaul will also highlight the corporate initiatives driving momentum throughout the year as well as an update on a number of contracts, partnerships, and technology developments.
