

NEXE Innovations to Participate at the 33rd Annual Virtual ROTH Conference on March 15-17, 2021

VANCOUVER, BRITISH COLUMBIA - March 10, 2021 - [NEXE Innovations Inc.](#) (“NEXE” or the “Company”), a leader in plant-based materials manufacturing, is pleased to announce that it has been invited to participate at the 33rd Annual ROTH Growth Conference being held virtually on March 15-17, 2021.

The conference will feature presentations from public and private companies across a variety of industry sectors, followed by one-on-one and small group meetings, as well as expert panels and fireside chats. Past events have featured more than 550 participating companies and drawn more than 5,000 attendees, including institutional investors, analysts, family offices and high-net-worth investors.

NEXE President, Ash Guglani, will participate in one-on-one meetings with investors and analysts during the conference. He will be joined by the company’s CEO, Darren Footz and Chief Science Officer, Dr. Zac Hudson.

To submit a registration request, [click here](#). To schedule a one-on-one meeting with NEXE, please contact your ROTH representative. For any questions about the company, contact Kelsey Letham, Investor Relations at 604-359-4731.

About ROTH Capital Partners

ROTH Capital Partners, LLC “ROTH” is a relationship-driven investment bank focused on serving emerging growth companies and their investors. As a full-service investment bank, ROTH provides capital raising, M&A advisory, analytical research, trading, market-making services and corporate access. Headquartered in Newport Beach, CA, ROTH is privately held and employee owned. For more information on ROTH, please visit www.roth.com.

About NEXE Innovations Inc.

NEXE Innovations Inc. is a leader in plant-based compostable technology and advanced materials manufacturing based in British Columbia, Canada. The company has developed one of the only patented, fully compostable, plant-based, single-serve coffee pods for use in leading single-serve coffee machines. The proprietary NEXE pod is designed to reduce the significant

environmental impact caused by single-serve pods, >40 billion of which are discarded every year. With over \$35M raised to date from equity and government funding and over five years of R&D, NEXE is well-positioned to meet the growing demand for environmentally friendly and sustainable products in the single-serve coffee sector and beyond.

Cautionary Note Regarding Forward-Looking Statements

Certain statements in this release are forward-looking statements or information, which include the proposed use of proceeds, commercialization of the NEXE PODs, including the NEXE Nespresso Compatible Pod, development of the NEXE Mask, and increase production capacity, create other environmentally friendly compostable packaging opportunities, development of technologies, the potential of the Company's technology, future plans, regulatory approvals and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations, or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as "may", "expect", "estimate", "anticipate", "intend", "believe" and "continue" or the negative thereof or similar variations. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company, including but not limited to, business, economic and capital market conditions, the ability to manage operating expenses, consumer demand for and sentiment towards the Company's products, security threats, and dependence on key personnel. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the demand for its products, anticipated costs, and the ability to achieve goals. Factors that could cause the actual results to differ materially from those in forward-looking statements include, failure to obtain regulatory approval, the continued availability of capital and financing, equipment failures, litigation, increase in operating costs, the impact of Covid-19 or other viruses and diseases on the Company's ability to operate, competition, failure of counterparties to perform their contractual obligations, government regulations, loss of key employees and consultants, and general economic, market or business conditions.

Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The reader is cautioned not to place undue reliance on any forward-looking information.

The forward-looking statements contained in this news release are made as of the date of this news release. Except as required by law, the Company disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
