BYT Announces Corporate Updates

Vancouver, British Columbia, September 11, 2025 – BYT Holdings Ltd. (CSE: BYT) ("**BYT**" or the "**Company**") announces that it has entered into an agreement dated effective September 9, 2025 and sold all of the outstanding shares of its wholly-owned Singapore subsidiary, BYT Engineering PTE Ltd. ("**BYT Engineering**"), to an arm's length third party for an aggregate purchase price of SGD$10,000. The Company will continue to carry on the business activities of BYT Engineering through its other wholly-owed Singapore subsidiary, BYT Singapore Pte Ltd.

The Board of Directors of the Company has also made a decision to wind-down BYT Malaysia Sdn. Bhd. ("**BYT Malaysia**"), which is a holding company focused on investment advisory services.

The Board of Directors of the Company considers the sale of BYT Engineering and the winding down of BYT Malaysia to be in the best interests of the Company, following a strategic assessment of the Company's corporate structure. By divesting of its interests in both BYT Engineering and BYT Malaysia, the Company is expected to free up investment capital to pursue other business opportunities. The Company intends to direct its future business activities towards high-growth sectors, including digital infrastructure, sustainable technologies, and strategic regional partnerships. This transition reflects the Company's commitment to long-term value creation, innovation, and operational agility in a rapidly evolving global market**.**

"Our decision to re-align the business and corporate structure is driven by a clear vision for the future" stated Sunny Li, Executive Chairman of the Company. "By streamlining our portfolio and focusing on scalable, forward-looking sectors, we are positioning the Company to capitalize on emerging opportunities and deliver sustained value to our stakeholders.

About BYT Holdings

BYT's operations are based out of Singapore, and its primary business is to provide one-stop turnkey engineering, procurement, and construction management solutions that range from consultancy and design, to the construction of projects involving high technology production facilities, primarily in Singapore and other parts of Southeast Asia.
