Kenora Uranium Project

On November 17, 2021, the Company entered into a share exchange agreement (the “Share Exchange Agreement”) with 2160083 Ontario Inc. (“216”) to acquire all of the issued and outstanding common shares of 216 in consideration for 8,000,000 common shares in the capital of the Company (the “Consideration Shares”). 216 holds a 100% interest in Richards Lake Uranium Project located around Kenora, Ontario. On December 31, 2021, the Company completed the Share Exchange Agreement.

In January 2022, the Company issued 50,000 shares (valued at \$12,500) to acquire additional claims.

On May 16, 2023, the Company signed a binding option agreement with Great Northern Energy Metals Inc. (“GNEM”), a private British Columbia-registered company. Under the terms of the agreement, GNEM will pay the Company \$50,000 on signing (received) and incur \$900,000 in exploration over three years (\$300,000 per year) to earn a 60% interest. Upon completing the earn-in, the Company will retain a 40% free-carry interest in the project.

In May 2024, the agreement was amended to extend the first-year expenditure commitments into the second year of the agreement. In consideration for providing the extension, the Company received 25,000 shares of GNEM.

Rossing Project

EPL-7011, EPL-8115, and EPL-8531

On January 17, 2022, the Company entered into a binding letter of intent with Giraffe Energy Investments Close Corporation and Otjiwa Mining and Prospecting Close Corporation (the “Vendors”) to acquire 85% interest in 3 separate concessions (EPL-7011, EPL-8115, and EPL-8531) and named the Rossing North Uranium Project located in the Erongo Province, Namibia, Africa. For consideration to acquire the concession, the Company will pay US\$150,000 cash (US\$25,000 paid) and issue 1,600,000 common shares (completed) of the Company to the Vendors. In June 2022, the Namibian Ministry of Mines and Energy approved the transfer of EPL-7011 to Pennywort. The transfer of EPL-8115 and EPL-8531 was completed in June 2023.

On September 19, 2024, the Company entered into a binding agreement with Star Minerals Limited (“Star Minerals”), wherein Star Minerals can earn up to a 51% interest in EPL-8531 through staged cash payments, issuance of common shares to the Company, and performing exploration expenditures over a 3-year period. If all earn-in options are exercised by Star Minerals, the Company would be entitled to cash, stock and work expenditures valued at approximately US\$4.4 million. Additionally, Star Minerals will issue performance shares to the Company upon achieving specific exploration milestones. Upon successful completion of the earn-in, the Company and Star Minerals will form a joint venture to further explore the property, with future contributions to be made on a pro-rata basis. In December 2024, Star Minerals requested an extension of the closing to early March 2025, and made a payment of US\$75,000 and issued 5,227,118 common shares to the Company. However, Star Minerals did not meet its commitment and therefore did not earn any interest in EPL-8531. As a result, the agreement expired and the Company continues to hold an 85% interest in EPL-8531. The Company also issued 225,000 common shares for an aggregate value of \$49,500 to an arms-length individual as a finder fee. In March 2025, the agreement expired as Star Minerals failed to meet its commitments. As a result, Star Minerals did not earn any interest in EPL-8531.

ML86A and EPL-8905 (“Khan Project”)

In November 2022, the Company entered into a binding agreement with Khan Mine (Pty) Ltd. (“Khan”) And Hasine Investments CC (the “Vendors”) to acquire a 90% direct interest in Mining License 86A (“ML86A”) and Exclusive Prospecting License 8905 (“EPL-8905”) with 10% free carry in favor of the Vendors. As at August 31, 2025, the Company paid \$837,686 (US\$615,000) to extend the closing date of the agreement.

In December 2023, the agreement was amended. Pursuant to the terms of the amended agreement,

- the Company is to pay the Vendors US\$35,000 per month; and
- the Company will be entitled to 1% direct interest in Khan for each US\$37,000, which payments must be completed on or before December 31, 2024. As at August 31, 2025, the Company owns 16% direct interest in Khan.

In June 2024, the Company completed its maiden drill program of 9 holes (997m) and confirmed high-grade uranium deposits. The most significant observations include:

- Elevated pXRF readings from chips with a maximum value of 1.54% U₃O₈
- Multiple mineralized zones intersected included a 15-metre (m) mineralized zone averaging pXRF 0.3% U₃O₈
- Fresh mineralized D-type leucogranite characterized by smoky quartz
- Uranium mineralization at depth in six drill holes

In July 2024, the Company obtained a license for base and rare metals, industrial minerals, and nuclear fuels for EPL-8905 from Namibia’s Ministry of Mines and Energy.

On June 12, 2025, the Company announced that it has entered into an acquisition agreement with Dark Star Minerals Inc. (“Dark Star”), wherein Dark Star can acquire 100% of the interests in the Khan Project and EPL-8531 (“Cobra Uranium Project”) by making the following payments:

- (i) Cash payment of US\$10,000 on the date of execution of the letter of intent ("LOI Execution Date") (received);
- (ii) Issuance of 200,000 common shares upon the later of (a) the date that is 5 days of the LOI Execution Date; and (b) receipt of CSE approval (received);
- (iii) Cash payment of US\$150,000 (received subsequent to August 31, 2025) and issuance of 14,000,000 common shares (received) upon the execution of the Definitive Agreement;
- (iv) Cash payment of US\$100,000 on or before the date that is 4 months from the execution of the Definitive Agreement;
- (v) Cash payment of US\$250,000 and issuance of common shares valued at US\$1,000,000 on or before first anniversary of the Definitive Agreement execution date; and
- (vi) Cash payment of US\$250,000 and issuance of common shares valued at US\$750,000 on or before second anniversary of the Definitive Agreement execution date.

Howells Lake Project

On December 29, 2024, the Company entered into a definitive purchase and sale agreement with several vendors (collectively the "Vendor Group") to acquire 100% interest in the Howells Lake Project, located in the Thunder Bay Mining Division of Ontario, Canada. To acquire the portion of the Howells Lake Project owned by the Vendor Group, the Company will issue the Vendor Group:

- (i) 2,000,000 common shares within ten days of executing the agreement (issued);
- (ii) 1,500,000 common shares on the first anniversary of the effective date of the agreement; and
- (iii) 1,000,000 common shares on the second anniversary of the effective date of the agreement.

The common shares issued will be subject to an escrow agreement between the Company and the Vendor Group. The Company will also enter into consulting contracts for drilling, geophysical surveys and geological services with the Vendor Group. The Company has granted the Vendor Group a 2% NSR, with the Company retaining the option to repurchase 1% of the NSR for \$2 million.

The Vendor Group will also be paid a cash payment of \$100,000 to be used for initial exploration work, permits, mobilization studies, and geological studies on the claims purchased under the agreement (completed). Upon delivery of a NI 43-101 technical report that includes NI 43-101 mineral resources on their respective properties and initial compliant resource estimate, the Company will pay to the Vendor Group an additional cash payment of \$1 million.

On January 7, 2025, the Company entered into definitive purchase and sale agreement with Bounty Gold Corp. ("Bounty Gold") to acquire 100% interest in certain claims in the Howells Lake Project. For consideration, the Company will pay Bounty Gold an initial cash payment of \$25,000 and issue 125,000 common shares (completed). Bounty Gold will also be granted a 2% NSR with a 1% NSR buyback right in favour of the Company for \$1 million, at any time prior to commencement of commercial production in respect of the claims purchased under the agreement.

RESULTS OF OPERATIONS

Three Months Ended August 31, 2025 vs. Three Months Ended August 31, 2024

For the three months ended August 31, 2025, the Company reported a net loss of \$426,016 (2024 – \$254,203). The change in net loss was mainly due to the following:

- Professional fees increased to \$46,209 for the three months ended August 31, 2025 (2024 - \$19,062) due to higher legal costs incurred during the period.
- Consulting fees increased to \$168,313 for the three months ended August 31, 2025 (2024 - \$105,000) mainly due to increased consulting fees paid to management.
- Investor relations increased to \$304,437 for the three months ended August 31, 2025 (2024 - \$106,498), reflecting higher marketing activities during the period.
- Unrealized gain on fair value of marketable securities increased to \$151,869 (2024 – loss of \$3,000) due to the fluctuations in the fair values of the Company's marketable securities.

Nine Months Ended August 31, 2025 vs. Nine Months Ended August 31, 2024

For the nine months ended August 31, 2025, the Company reported a net loss of \$1,166,837 (2024 – \$1,418,979). The change in net loss was mainly due to the following:

- Consulting fees decreased to \$403,918 for the nine months ended August 31, 2025 (2024 - \$501,373) as the Company hired less external consultants during the period.
- Investor relations increased to \$459,759 for the nine months ended August 31, 2025 (2024 - \$371,484), reflecting higher marketing activities during the period.
- Share-based payments decreased to \$223,148 (2024 - \$342,549). Share-based payments will vary based on the stock options' fair values and their vesting conditions.
- Unrealized gain on fair value of marketable securities increased to \$95,076 (2024 – loss of \$1,875) due to the fluctuations in the fair values of the Company's marketable securities.
- Gain on debt settlement increased to \$66,523 (2024 - \$nil) as the Company settled debt owed to various creditors.

LIQUIDITY AND CAPITAL RESOURCES

The Company's approach to managing its liquidity is to ensure that it has sufficient resources to meet its liabilities as they come due and have sufficient working capital to fund operations for the ensuing fiscal year.

As at August 31, 2025, the Company had \$5,012,851 in current assets (November 30, 2024 - \$144,793) and current liabilities of \$435,499 (November 30, 2024 - \$751,801) for a working capital of \$4,577,352 compared to a working capital deficit of \$607,008 at November 30, 2024. As at the date of this report, the management believes that the Company has adequate cash and working capital to fund its operations and planned capital expenditures for the next 12 months and is reliant upon future equity financing and/or other transactions to fund its operations and advance the development of its business.

OFF-BALANCE SHEET ARRANGEMENTS

To the best of Management's knowledge, there are no off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on the results of operations or financial condition of the Company.

OTHER TRANSACTIONS

Mining License 121 ("ML121")

On September 12, 2022, the Company entered into an agreement to acquire a 24% interest in ML121 through the acquisition of 24 shares of Namibia Nuclear Corporation (Proprietary) Limited ("Namibia Nuclear") which equals a twenty-four percent (24%) ownership interest in Namibia Nuclear, by way

of a share purchase agreement (the “SPA”). The consideration paid to the vendors will be US\$2,000,000 and 2,000,000 common shares in the capital of the Company to be paid and issued on the closing date, subject to certain conditions precedent contained in the SPA. ML121 is located in the Erongo Uranium Province of Namibia, Africa. The agreement has not been finalized as at August 31, 2025. The Company is currently waiting to obtain the ECC for ML121 from Namibia’s Ministry of Mines and Energy.

Uranium Forward Sales Agreement

On May 30, 2023, the Company signed a multi-year uranium forward sales agreement with Sanmiguel Capital Investment (Bahamas) Ltd (“Sanmiguel”). The 10-year supply agreement provides for the commitment and delivery of the first 20 million pounds of U₃O₈ from the Company’s ground resources. Sanmiguel will facilitate market trades at a price to be determined at the time of transaction and within the context of the market. The sales floor for transactions will be set at US\$45 per pound of U₃O₈. 50% of the proceeds will be credited to the Company and the Company will provide quarterly updates on sales figures. In connection with the forward sales agreement, the Company issued 2,000,000 common shares to an arm's length party who facilitated the transaction. As at August 31, 2025, the Company received US\$145,000 for delivery of approximately 2,130 pounds of U₃O₈, which is included as a deferred revenue on the consolidated statements of financial position. In June 2024, the Company announced the termination of the forward sales agreement. The Company will honour delivery if the investor(s) meets all the contractual redemption and delivery protocols.

SUBSEQUENT EVENTS

On September 4, 2025, the Company announced the acquisition of the 100% interest in the KCR Gold Project, contiguous to the Company's Howells Lake Project, in consideration for a total of \$6,000 and 50,000 common shares of the Company. The property is subject to 2% NSR, of which 50% can be purchased at any time by the Company for \$1,500,000.

On September 15, 2025, Mr. Robert Suttie was appointed as the CFO of the Company.

On October 21, 2025, the Company closed a non-brokered private placement and issued 7,650,000 flow-through common shares at a price of \$1.00 per share for gross proceeds of \$7,650,000. In connection with the private placement, the Company paid cash finders' fees in an aggregate amount of \$450,300 and issued 371,400 common share purchase warrants of the Company. Each warrant is exercisable to purchase one common share in the capital of the Company at a price of \$1.50 per share for a period of 18 months from the date of closing.

On October 21, 2025, the Company granted 1,035,000 stock options to directors, management and consultants. The stock options have an exercise price of \$1.30 per share, expire in 5 years, and vested immediately.

MATERIAL ACCOUNTING POLICIES AND CRITICAL ACCOUNTING ESTIMATES

All material accounting policies and critical accounting estimates are fully disclosed in Note 2 of

the financial statements for the years ended November 30, 2024 and 2023.

EVALUATION OF DISCLOSURE CONTROLS AND POLICIES

Disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by the Company in reports filed with or submitted to the various securities regulators is recorded, processed, summarized and reported within the time periods specified. This information is gathered and reported to the Company's management, which includes the CEO and CFO, so that timely decisions can be made regarding disclosure. The Company's management, under the supervision of, and with the participation of, the CEO and CFO have designed the Company's disclosure controls and procedures.

As at August 31, 2025, the CEO and CFO evaluated the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the CEO and CFO concluded that the Company's disclosure controls and procedures were effective as at August 31, 2025.

EVALUATION OF INTERNAL CONTROLS OVER FINANCIAL REPORTING

Designing, establishing and maintaining adequate internal control over financial reporting is the responsibility of the Company's management. Internal control over financial reporting is a process designed by, or under the supervision of management, and affected by the Board of Directors, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements in accordance with IFRS.

These controls include policies and procedures that: pertain to the maintenance of records that, in reasonable detail, accurately reflect transactions pertaining to its assets, provide reasonable assurance that all transactions are recorded to permit the preparation of its financial statements in accordance with IFRS, and that expenditures are being made only in accordance with authorizations of management of the Company, and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on its financial statements.

Management is responsible for establishing and maintaining internal control over financial reporting and has designed and implemented such controls to ensure that the required objectives of these internal controls have been met. The management of the Company applied its judgment in evaluating the cost-benefit relationship to controls and procedures. The result of which was, because of the inherent limitations in all control systems, that no evaluation of the controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected.

As at August 31, 2025, the officers of the Company evaluated the design and implementation of the Company's internal control over financial reporting ("ICFR"). Based on this evaluation of the design and operating effectiveness of the Company's ICFR, the CEO and CFO concluded that the Company's ICFR was effective as at August 31, 2025.

RISKS RELATED TO BUSINESS

The Company is in the business of exploring and, if warranted, developing mineral properties, which is a highly speculative endeavour, and the Company's future performance may be affected by events,

risks or uncertainties that are outside of the Company's control. The Company's management consider the risks set out below to be the most significant to potential investors of the Company, but not all risks associated with an investment in securities of the Company. If any of these risks materialize into actual events or circumstances or other possible additional risks and uncertainties of which the directors are currently unaware or which they consider not be material in relation to the Company's business, actually occur, the Company's assets, liabilities, financial condition, results of operations (including future results of operations), business and business prospects, are likely to be materially and adversely affected. In such circumstances, the price of the Company's securities could decline and investors may lose all or part of their investment.

Limited Operating History

The Company is still in an early stage of development. The Company is engaged in the business of exploring and, if warranted, developing mineral properties in the hope of locating economic deposits of minerals. The Company's mineral interests are in the exploration stage and do not have mineral reserves. The Company has no history of earnings. There is no guarantee that economic quantities of mineral reserves will be discovered on the Company's property.

Management

The success of the Company is currently dependant on the performance of its directors and officers. The loss of the services of any of these persons could have a materially adverse effect on the Company's business and prospects. There is no assurance that the Company can maintain the services of its directors, officers or other qualified personnel required to operate its business. At this date, there are no indications that any change in management cannot be maintained at the current structure.

Conflicts of Interest

The Company's directors, officers and other members of management serve as directors, officers, promoters and members of management of other companies involved in the acquisition, exploration and development of mineral resource properties and, therefore, it is possible that a conflict may arise between their duties as a director, officer, promoter or member of the Company's management team and their duties as a director, officer, promoter or member of management of such other companies. The Company's directors and officers are aware of the laws governing accountability of directors and officers for corporate opportunity and the requirement of directors to disclose conflicts of interest. The Company will rely upon these laws in respect of any directors' and officers' conflicts of interest or in respect of any breaches of duty by any of its directors or officers.

Additional Funding Requirements

From time to time, the Company will require additional financing in order to carry out its acquisition, exploration and development activities. Failure to obtain such financing on a timely basis could cause the Company to forfeit its interest in certain properties, miss certain acquisition opportunities and reduce or terminate its operations. If the Company's cash flow from operations is not sufficient to satisfy its capital or resource expenditure requirements, there can be no assurance that additional debt or equity financing will be available to meet these requirements or be available on favourable terms.

Price Volatility and Lack of Active Market

In recent years, the securities markets in Canada and elsewhere have experienced a high level of price and volume volatility, and the market prices of securities of many public companies have experienced significant fluctuations in price which have not necessarily been related to the operating performance, underlying asset values or prospects of such companies. Any quoted market for the Company's securities may be subject to such market trends and that the value of such securities may be affected accordingly.

Russia-Ukraine Conflict

The military conflict between Russia and Ukraine may increase the likelihood of supply interruptions and political instability worldwide. Such disruptions could make it more difficult for the Company to source necessary materials and service providers at favorable pricing or at all. While it is difficult to estimate the impact of current or future European sanctions on the Company's business and financial position, these sanctions could adversely impact the Company's costs, operations and/or development activities in future periods.
