**August 6, 2026 – Toronto, Ontario** – LNG Energy Group Corp. (TSXV: LNGE) (TSXV: LNGE.WT) (OTCQB: LNGNF) (FWB: E26) (the “**Company**” or “**LNG Energy Group**”) announces that the Ontario Securities Commission (the “**OSC**”) has issued a second partial revocation order on August 6, 2026 (the “**Second Order**”), partially revoking the failure-to-file cease trade order issued against the Company on May 7, 2025 (the “**FFCTO**”) for failing to file certain outstanding continuous disclosure documents. The Second Order replaces the first partial revocation order previously issued by the OSC on April 23, 2026, which was deemed to be terminated on July 22, 2026 (the “**First Order**”). The Second Order permits the Company to continue its previously announced private placement financing (the “**Private Placement**”), as announced on May 1, 2026, for the purposes of: (i) filing its outstanding continuous disclosure documents, (ii) paying accounting, audit and legal fees associated with the preparation and filing of the relevant continuous disclosure documents, (iii) paying costs and fees associated with the Private Placement, (iv) paying legacy accounts payable, (iv) paying filing fees, including for the application for a full revocation of the FFCTO, and (v) funding working capital and general and administrative expenses until a full revocation of the FFCTO is obtained.

The Second Order of the FFCTO was pursued to permit the Company to continue its Private Placement of units of the Company (“**Units**”) for aggregate gross proceeds of up to \$2,000,000. Each Unit will continue to be priced at \$0.05 and will comprise one common share of the Company (each, a “**Common Share**”) and one Common Share purchase warrant (each, a “**Warrant**”) with each Warrant being exercisable to acquire one Common Share at a price of \$0.10 per share for a period of 36 months following the closing date of the Private Placement. The Private Placement will be conducted on a prospectus exempt basis with investors: (i) resident in Canada in reliance on, and in accordance with, the accredited investor exemption in section 73.3 of the *Securities Act* (Ontario) or section 2.3 of National Instrument 45-106 – *Prospectus Exemptions* (“**NI 45-106**”), as applicable; (ii) in the United States pursuant to available exemptions from United States registration requirements and in accordance with OSC Rule 72-503 – *Distributions Outside Canada*; and (iii) in such offshore jurisdictions pursuant to available prospectus or registration exemptions in accordance with applicable laws. The Company also intends to issue Units to certain arm’s length creditors in settlement of bona fide debts in reliance upon the securities for debt exemption contained in section 2.14 of NI 45-106.

Prior to completion of the Private Placement, each participant will receive a copy of the FFCTO, the First Order and the Second Order, and will be required to provide an acknowledgement to the Company that all of the Company’s securities, including the securities issued in connection with the Private Placement, will remain subject to the FFCTO until such order is fully revoked, and that the granting of

a partial revocation of the FFCTO does not guarantee the issuance of a full revocation order in the future. In addition, all securities issued pursuant to the Private Placement will be subject to a hold period of four months and a day from the closing date of the Private Placement.

The Second Order will terminate on the earlier of: (i) the completion of the Private Placement, and (ii) November 4, 2026, being 90 days from the date on which the Second Order was issued. There can be no assurances that the Private Placement will be completed on the terms set out herein, or at all, or that the proceeds of the Private Placement will be sufficient for the purposes of the Company. The Company will also issue appropriate press releases and file material change reports on SEDAR+, as applicable, upon completion of the Private Placement.
