EARTHWISE MINERALS AMENDS PRIVATE PLACEMENT TERMS

July 8, 2025 – VANCOUVER, BRITISH COLUMBIA – Earthwise Minerals Corp. (CSE: WISE & FSE: 966) (“**Earthwise**” or the “**Company**”) announces that it is amending the terms of its non-brokered private placement originally announced on June 19, 2025. The Company will now offer (the “**FT Offering**”) flow-through units (“**FT Unit**”) at a price of \$0.03 per unit, along with the previously announced offering (the “**NFT Offering**” and, together with the FT Offering, the “**Offering**”) of non-flow through units (“**NFT Units**”) at a price of \$0.03 per unit, for aggregate gross proceeds of up to \$450,000.

Each NFT Unit shall consist of one common share in the authorized share structure of the Company (an “**NFT Share**”) and one common share purchase warrant (an “**NFT Warrant**”). Each NFT Warrant will entitle the holder thereof to purchase one common share at an exercise price of \$0.05 for a period of 24 months from the date of issuance.

Each FT Unit shall consist of one common share in the authorized share structure of the Company (an “**FT Share**”) and one-half of one common share purchase warrant (“**FT Warrant**”). Each FT Warrant will entitle the holder thereof to purchase one common share at an exercise price of \$0.05 for a period of 24 months from the date of issuance. The FT Shares are intended to qualify as “flow-through shares” within the meaning of the Income Tax Act (Canada) (the “**Tax Act**”). The gross proceeds from the sale of the FT Shares will be used to incur “Canadian exploration expenses” that are intended to qualify as “flow-through mining expenditures” as those terms are defined in the Tax Act, which the Company intends to renounce to the purchasers of the FT Units.

Completion of the Offering is subject to customary conditions, including regulatory approvals. All securities issued in connection with the Offering will be subject to a statutory hold period of four months and one day from the closing date.

The proceeds from the FT Offering will be used to advance the Company's exploration activities and continue unlocking value at the Iron Range Gold Property in British Columbia. The Company intends to use the proceeds from the NFT Offering for general working capital.

A portion of the Offering may be completed in accordance with the exemption set out in BC Instrument 45–536 *Exemption from Prospectus Requirement for Certain Distributions Through an Investment Dealer* and the corresponding blanket orders and rules in the other Canadian jurisdictions that have adopted the same or a similar exemption from the prospectus requirement (collectively, the “**Investment Dealer Exemption**”). The Investment Dealer Exemption is available in each of Alberta, British Columbia, Saskatchewan, Manitoba and New Brunswick to a person or company who has obtained advice regarding the suitability of the investment from a person registered as an investment dealer in such person's or company's jurisdiction. As required by the Investment Dealer Exemption, the Company confirms that, as

of the date of this press release, there is no "material fact" or "material change" (as those terms are defined under applicable securities laws) related to the Company which has not been generally disclosed.

The securities described herein have not been and will not be registered under the United States Securities Act of 1933, as amended, or any U.S. state securities laws, and may not be offered or sold in the United States absent registration or available exemptions from such registration requirements. This press release does not constitute an offer to sell or a solicitation of an offer to buy any securities in the United States, or in any jurisdiction in which such offer, solicitation or sale would be unlawful.
