1. INCORPORATION AND NATURE OF BUSINESS

The Corporation was incorporated under the *Business Corporations Act* (Ontario) on August 11, 2020 and is a Capital Pool Company as defined in Policy 2.4 of the TSX Venture Exchange (the "Exchange") Corporate Finance Manual (the "Manual"). The principal business of the Corporation is the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction ("Qualifying Transaction") as defined in the Manual. The Corporation has not commenced commercial operations and has no assets other than cash held in trust. Given the nature of the activities, no separate segmented information is reported. The Corporation's continuing operations, as intended, are dependent on its ability to secure equity financing with which it intends to identify and evaluate potential acquisitions of businesses, and once identified and evaluated, to negotiate an acquisition thereof or participation therein subject to receipt of regulatory and, if required, shareholders' approval.

The proceeds raised from the issuance of share capital may only be used to identify and evaluate assets or businesses for future investment, with the exception that up to the lesser of 30% of the gross proceeds realized by the Corporation in respect of the sale of its securities or \$210,000, may be used for purposes other than evaluating businesses or assets. These restrictions apply until completion of a Qualifying Transaction by the Corporation as defined under the policies of the Exchange. The Corporation is required to complete its Qualifying Transaction on or before two years from the date the common shares of the Corporation (the "AIM5 Shares") were first traded on the Exchange.

The head office and the registered head office of the Corporation is located at 77 King Street West, Suite 400, Toronto, ON M5K 0A1.

On October 31, 2022 the Board of Directors approved the unaudited financial statements for the three-month period ended September 30, 2022 and 2021.

The global outbreak of COVID-19 (coronavirus) has had a significant impact on businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders. At this time, it is unknown the extent of the impact the COVID-19 outbreak may have on the Corporation as this will depend on future developments that are highly uncertain and that cannot be predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, business closures or disruptions, and quarantine/isolation measures that are currently, or may be put, in place by Canada and other countries to fight the virus.
