Carnival Corporation is continuing to take advantage of U.S. Securities and Exchange Commission ("SEC") rules that allow it to deliver proxy materials over the Internet. Under these rules, Carnival Corporation is sending its shareholders a one-page notice regarding the Internet availability of proxy materials instead of a full set of proxy materials, unless they previously requested to receive printed copies. If you receive this one-page notice, you will not receive printed copies of the proxy materials unless you specifically request them. Instead, this notice tells you how to access and review on the Internet all of the important information contained in the proxy materials. This notice also tells you how to submit your proxy card on the Internet and how to request to receive a printed copy of the proxy materials. All Carnival Corporation shareholders are urged to follow the instructions in the notice and submit their votes using one of the voting methods described in the proxy materials. If you receive a printed copy of the proxy materials, the accompanying envelope for return of the proxy card requires no postage. Any shareholder attending the Annual Meetings in New York, New York may personally vote on all matters that are considered, in which event any previously submitted proxy will be revoked.

THIS NOTICE OF ANNUAL GENERAL MEETING IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. IF YOU ARE IN ANY DOUBT AS TO ANY ASPECT OF THE PROPOSALS REFERRED TO IN THIS DOCUMENT OR AS TO THE ACTION YOU SHOULD TAKE, YOU SHOULD IMMEDIATELY CONSULT YOUR STOCKBROKER, BANK MANAGER, SOLICITOR, ACCOUNTANT OR OTHER INDEPENDENT FINANCIAL ADVISOR AUTHORIZED UNDER THE UK FINANCIAL SERVICES AND MARKETS ACT 2000.

IF YOU HAVE SOLD OR OTHERWISE TRANSFERRED ALL YOUR SHARES IN CARNIVAL PLC, PLEASE SEND THIS DOCUMENT AND THE ACCOMPANYING DOCUMENTS TO THE PURCHASER OR TRANSFEREE OR TO THE STOCKBROKER, BANK OR OTHER AGENT THROUGH WHOM THE SALE OR TRANSFER WAS EFFECTED FOR TRANSMISSION TO THE PURCHASER OR TRANSFEREE.

Voting Arrangements for Carnival plc Shareholders

Carnival plc shareholders can vote in either of two ways:

- by attending the Annual General Meeting and voting in person or, in the case of corporate shareholders, by corporate representatives; or
- by appointing a proxy to attend and vote on their behalf, using the proxy form enclosed with this Notice of Annual General Meeting.

Voting in person

If you come to the Annual General Meeting, please bring the attendance card (attached to the enclosed proxy form) with you. This will mean you can register more quickly.

In order to attend and vote at the Annual General Meeting, a corporate shareholder may appoint one or more individuals to act as its representative. The appointment must comply with the requirements of Section 323 of the Companies Act. Each representative should bring evidence of their appointment, including any authority under which it is signed, to the meeting. If you are a corporation and are considering appointing a corporate representative to represent you and vote your shareholding in Carnival plc at the Annual General Meeting, you are strongly encouraged to pre-register your corporate representative to make registration on the day of the meeting more efficient. In order to pre-register, please email your Letter of Representation to Carnival plc's registrars, Equiniti Limited, at proxy.votes@equiniti.com.

Voting by proxy

A shareholder entitled to attend and vote at the meeting is entitled to appoint a proxy to exercise all or any of their rights to attend, speak and vote in his or her stead. A proxy need not be a shareholder of Carnival plc. A shareholder may appoint more than one proxy provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. To appoint more than one proxy, please follow the notes contained in the proxy form. A person who is nominated to enjoy information rights in accordance with Section 146 of the Companies Act, but who is not a shareholder, is not entitled to appoint a proxy.

If you are a person nominated to enjoy information rights in accordance with Section 146 of the Companies Act you may have a right under an agreement between you and the member by whom you were nominated to be appointed, or to have someone else appointed, as a proxy for the meeting. If you have no such right, or you have such a right but do not wish to exercise it, you may have a right under such an agreement to give instructions to the member as to the exercise of voting rights.

To be effective, a duly completed proxy form and the authority (if any) under which it is signed, or a notarially certified copy of such authority, must be deposited (whether delivered personally or by post) at the offices of Carnival plc's registrars, Equiniti Limited, Aspect House, Spencer Road, Lancing BN99 6DA, United Kingdom as soon as possible and in any event no later than 1:30 p.m. (BST) on April 9, 2018. Alternatively, a proxy vote may be submitted via the Internet in accordance with the instructions set out on the proxy form.

In the case of joint registered holders, the signature of one holder on a proxy card will be accepted and the vote of the senior holder who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders. For this purpose, seniority shall be determined by the order in which names stand on the register of shareholders of Carnival plc in respect of the relevant joint holding.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear's specifications and must contain the information required for such instructions, as described in the CREST Manual, which can be viewed at www.euroclear.com. The message, regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID RA19) by the latest time(s) for receipt of proxy appointments specified in the Notice of Annual General Meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his or her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

Carnival plc may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

Voting electronically

Shareholders are entitled to vote online at www.sharevote.co.uk. Shareholders voting electronically should vote as soon as possible, and in any event no later than 1:30 p.m. (BST) on April 9, 2018.

Shareholders who are entitled to vote

Carnival plc, pursuant to Regulation 41 of the Uncertificated Securities Regulations 2001, specifies that only those shareholders registered in the register of members of Carnival plc at 6:30 p.m. (BST) on

April 9, 2018 shall be entitled to attend or vote at the meeting in respect of the number of shares registered in their name at that time. Changes to the entries on the register of members after 6:30 p.m. (BST) on April 9, 2018 shall be disregarded in determining the rights of any person to attend or vote at the meeting.

Any shareholder attending the meeting has the right to ask questions. Carnival plc must cause to be answered any such question relating to the business being dealt with at the meeting but no such answer need be given if:

- to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information;
- the answer has already been given on a website in the form of an answer to a question; or
- it is undesirable in the interests of Carnival plc or the good order of the meeting that the question be answered.

Documents available for inspection

Copies of all service agreements (including letters of appointment) between each Director and Carnival plc will be available for inspection during normal business hours on any weekday (public holidays excluded) at the registered office of Carnival plc from the date of this notice until and including the date of the meeting and at the place of the meeting for at least 15 minutes prior to and during the meeting.

* * *

There are 19 Proposals that require shareholder approval at the Annual General Meeting this year. The Directors unanimously recommend that you vote in favor of Proposals 1 through 19 (inclusive). The Directors encourage you to submit your vote using one of the voting methods described herein. Submitting your voting instructions by any of these methods will not affect your right to attend the meeting in person should you so choose.

Website materials

This Proxy Statement and other information required by Section 311A of the Companies Act have been posted on our website at www.carnivalcorp.com and www.carnivalplc.com.

Under Section 527 of the Companies Act, shareholders meeting the threshold requirements set out in that section have the right to require Carnival plc to publish on a website a statement setting out any matter relating to:

- the audit of Carnival plc's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the Annual General Meeting; or
- any circumstance connected with an auditor of Carnival plc ceasing to hold office since the previous meeting at which annual accounts and reports were laid in accordance with Section 437 of the Companies Act.

Carnival plc may not require the shareholders requesting any such website publication to pay its expenses in complying with Sections 527 or 528 of the Companies Act. Where Carnival plc is required to place a statement on a website under Section 527 of the Companies Act, it must forward the statement to Carnival plc's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the Annual General Meeting includes any statement that Carnival plc has been required under Section 527 of the Companies Act to publish on a website.

PROXY STATEMENT

The Board of Directors of each of Carnival Corporation and Carnival plc (together, “Carnival Corporation & plc,” “we,” “our” or “us”) is providing these proxy materials to you in connection with our joint Annual Meetings of Shareholders on Wednesday, April 11, 2018. The Annual Meetings will be held at Four Seasons Hotel, 57 East 57th Street, New York, New York 10022, United States of America. The meetings will commence at 8:30 a.m., local time, and although technically two separate meetings (the Carnival plc meeting will begin first), shareholders of Carnival Corporation may attend the Carnival plc meeting and vice-versa.

We are furnishing the proxy materials to shareholders on or about March 2, 2018.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETINGS TO BE HELD ON APRIL 11, 2018

The Notice of Annual Meetings, Proxy Statement and the Annual Report are available at www.carnivalcorp.com and www.carnivalplc.com.

GOVERNANCE

We are committed to governance policies and practices so that shareholder and other stakeholder interests are represented in a thoughtful and independent manner. Sound principles of corporate governance are critical to obtaining and retaining the trust of investors. They are also vital in securing respect from other key stakeholders and interested parties, including our employees, guests and suppliers, the communities in which we conduct business, government officials and the public-at-large.

Carnival Corporation and Carnival plc operate under a dual listed company structure with primary stock listings in the United States (“U.S.”) and the United Kingdom (“UK”). Accordingly, we have implemented a single corporate governance framework consistent, to the extent possible, with the governance practices and requirements of both countries. While there are customs or practices that differ between the two countries, we believe our corporate governance framework effectively addresses the corporate governance requirements of both the U.S. and the UK.

Our corporate governance principles are set forth in our Corporate Governance Guidelines and the charters of our Board Committees. The actions described in these documents, which the Boards have reviewed and approved, implement applicable requirements, including the New York Stock Exchange listing requirements and, to the extent practicable, the UK Corporate Governance Code published by the UK Financial Reporting Council in April 2016 (the “UK Corporate Governance Code”), as well our own vision of good governance.

We will continue to monitor governance developments in the U.S. and the UK to ensure a vigorous and effective corporate governance framework of the highest international standards.

Our Corporate Governance Guidelines, copies of the charters of our Board Committees and our organizational documents are available under the “Governance” section of our website at www.carnivalcorp.com and www.carnivalplc.com.

PROPOSALS 1-11 ELECTION OR RE-ELECTION OF DIRECTORS

The Boards are elected by the shareholders to exercise business judgment to act in what they reasonably believe to be in the best interests of Carnival Corporation & plc and its shareholders. The Boards select and oversee the members of senior management, who are charged by the Boards with conducting the business of the company.

Nominations of Directors

Carnival Corporation and Carnival plc are two separate legal entities and, therefore, each has a separate Board of Directors, each of which in turn has its own Nominating & Governance Committee. As the dual listed company (“DLC”) arrangement requires that there be identical Boards of Directors, the Nominating & Governance Committees make one set of determinations in relation to both companies.

The Nominating & Governance Committees actively seek individuals qualified to become Board members and recommend to the Boards the nominees to stand for election as Directors at the Annual Meetings of Shareholders or, if applicable, at a Special Meeting of Shareholders.

When evaluating prospective candidates for Director, regardless of the source of the nomination, the Nominating & Governance Committees will consider, in accordance with their charters, such factors as they deem appropriate, including, but not limited to:

- the candidate’s judgment;

GOVERNANCE

Election or Re-Election of Directors

- the candidate's skill;
- diversity considerations;
- the candidate's experience with businesses and other organizations of comparable size;
- the interplay of the candidate's experience with the experience of other members of the Boards; and
- the extent to which the candidate would be a desirable addition to the Boards and any Committees of the Boards.

Our Corporate Governance Guidelines dictate that diversity should be considered by the Nominating & Governance Committees in the director identification and nomination process. This means that the Nominating & Governance Committees seek nominees who bring a variety of business backgrounds, experiences and perspectives to the Boards. The Boards believe that the backgrounds and qualifications of the Directors, considered as a group, should provide a broad diversity of experience, professions, skills, geographic representations, knowledge and abilities that will allow the Boards to fulfill their responsibilities and the Nominating & Governance Committees assess the effectiveness of this approach as part of the annual evaluations of our Boards of Directors.

As of the date of this Proxy Statement, 27% of the members of the Boards are women (being three of 11 members).

The Nominating & Governance Committees will also use their best efforts to see that the composition of the Boards adheres to the independence requirements applicable to companies listed for trading on the New York Stock Exchange and the London Stock Exchange. The Nominating & Governance Committees and the Boards utilize the same criteria for evaluating candidates regardless of the source of the referral. The Nominating & Governance Committees may consider candidates proposed by management, but are not required to do so. Other than the foregoing, there are no stated minimum criteria for Director nominees.

The Nominating & Governance Committees identify nominees by first evaluating the current members of the Boards willing to continue in service. As part of director succession planning, current members of the Boards with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Boards with that of obtaining a new perspective. If any member of the Boards does not wish to continue in service or if the Nominating & Governance Committees or the Boards decide not to re-nominate a member for re-election, the Nominating & Governance Committees identify the desired skills and experience of a new nominee in light of the criteria above. Current members of the Nominating & Governance Committees and the Boards are polled for suggestions as to individuals meeting the criteria of the Nominating & Governance Committees. The Nominating & Governance Committees may engage a third party search firm to identify and attract potential nominees, however, Jason Glen Cahilly was identified as a potential board member by our Chairman.

2018 Nominees for Election or Re-Election to the Boards

The DLC arrangement requires the Boards of Carnival Corporation and Carnival plc to be identical. Shareholders are required to approve the election or re-election of Directors to each Board. There are 11 nominees for election or re-election to each Board of Directors. Each nominee currently serves as a Director of both companies. All nominees for Director are to be elected or re-elected to serve until the next Annual Meeting and until their successors are elected.

With respect to each Board nominee set forth below, the information presented includes such person's age, the year in which such person first became a Director, any other position held with Carnival Corporation and Carnival plc, such person's principal occupations during at least the past five years, any directorships held by such nominee in public or certain other companies over the past five years and the nominee's qualifications, including particular areas of expertise, to serve as a Director.

The Nominating & Governance Committees conducted performance evaluations on the members of our Boards of Directors serving during fiscal 2017 and reported the results to the Boards. The Boards determined that each nominee was an effective and committed member of the Boards and the Board Committees on which each serves. In addition, in 2016, the Nominating & Governance Committees engaged a third-party governance expert to perform an assessment of the effectiveness of the Boards. The third-party governance expert interviewed each Director and members of senior management who interact substantially with the Boards, reviewed the results of the assessment with the Senior Independent Director, and then organized and summarized the assessment for discussion with the full Boards.

Accordingly, the Boards of Directors unanimously recommend a vote **FOR the election or re-election of each of the following Director nominees:**

BOARD AND COMMITTEE GOVERNANCE

Board Meetings

During the year ended November 30, 2017, the Board of Directors of each of Carnival Corporation and Carnival plc held a total of seven meetings. Each Carnival Corporation Director and each Carnival plc Director attended either telephonically or in person at least 75% of all Carnival Corporation & plc Board of Directors and applicable Board Committee meetings held during the period that he or she served.

All Board members are expected to attend our Annual Meetings of Shareholders. At the 2017 Annual Meetings, all 10 incumbent Board members of each company were in attendance.

Board Leadership Structure

Our Boards of Directors is led by our executive Chair, Mr. Arison. The Chief Executive Officer position is currently separate from the Chair. The Boards maintain the flexibility to determine whether the roles of Chair and Chief Executive Officer should be combined or separated, based on what it believes is in the best interests of the Carnival Corporation & plc at a given point in time. We believe that the separation of the Chair and Chief Executive Officer positions is appropriate corporate governance for us at this time, and that having Mr. Arison as our executive Chair enables Carnival Corporation & plc and the Boards to continue to benefit from Mr. Arison's skills and expertise, including his extensive knowledge of our business.

Our Non-Executive Directors, all of whom are independent, meet privately in executive session at least quarterly. The Presiding Director leads those meetings and also acts as the Senior Independent Director under the UK Corporate Governance Code. In addition, the Presiding Director serves as the principal liaison to the Non-Executive Directors, reviews and approves meeting agendas for the Boards and reviews meeting schedules. Mr. Subotnick served as Presiding Director and Senior Independent Director until July 2017 when he stepped down from those roles and our Non-Executive Directors, acting in executive session, elected Mr. Weisenburger to take over as the Presiding Director and Senior Independent Director.

The structure of our Boards facilitates the continued strong communication and coordination between management and the Boards and enables the Boards to fulfill their risk oversight responsibilities, as further described below.

GOVERNANCE

Board and Committee Governance

Board Committees

The Boards delegate various responsibilities and authority to different Board Committees. The Board Committees regularly report on their activities and actions to the full Boards. The Board of Directors of each of Carnival Corporation and Carnival plc has established standing Committees, which are each comprised of the same Directors for each company, as follows:

- Audit;
- Compensation;
- Executive;
- HESS; and
- Nominating & Governance.

Each Board Committee periodically reviews its charter in light of new developments in applicable regulations and may make additional recommendations to the Boards to reflect evolving best practices. Each Board Committee can engage outside experts, advisors and counsel to assist the Committee in its work.

The current Board Committee members are as follows:

Audit Committees. The Audit Committees assist the Boards in their general oversight of our financial reporting, internal controls and audit functions, and are responsible for the appointment, retention, compensation, and oversight of the work of our independent auditors and our independent registered certified public accounting firm. The Board of Directors of Carnival Corporation has determined that each member of the Audit Committees is both “independent” and an “audit committee financial expert,” as defined by SEC rules. In addition, the Board of Directors of Carnival plc has determined that each member of the Audit Committees has “recent and relevant financial experience” for the purposes of the UK Corporate Governance Code. The Boards determined that each member of the Audit Committees has sufficient knowledge in reading and understanding the company’s financial statements to serve on the Audit Committees. The responsibilities and activities of the Audit Committees are described in detail in “Report of the Audit Committees” and the Audit Committees’ charter.

Compensation Committees. The Compensation Committees have authority for reviewing and determining salaries, performance-based incentives, and other matters related to the compensation of our executive officers, and administering our stock incentive plans, including reviewing and granting equity-based grants to our executive officers and other employees. The Compensation Committees

also review and determine various other compensation policies and matters, including making recommendations to the Boards with respect to the compensation of the Non-Executive (non-employee) Directors, incentive compensation and equity-based plans generally, and administering the employee stock purchase plans. For more information on the responsibilities and activities of the Compensation Committees, including the Committees' processes for determining executive compensation, see "Compensation Discussion and Analysis," "Executive Compensation" and the Compensation Committees' charter.

Executive Committees. The Executive Committees may exercise the authority of the full Boards between meetings of the Boards, except to the extent that the Boards have delegated authority to another Committee or to other persons, and except as limited by applicable law.

HESS Committees. The HESS Committees review and recommend policies relative to the protection of the environment and the health, safety and security of employees, contractors, guests and the public. The HESS Committees also supervise and monitor health, environmental, safety, security and sustainability policies and programs and review with management significant risks or exposures and actions required to minimize such risks. For more information on the responsibilities and activities of the HESS Committees, see the HESS Committees' charter.

Nominating & Governance Committees. The Nominating & Governance Committees review and report to the Boards on a periodic basis with regard to matters of corporate governance, including succession planning. The Nominating & Governance Committees also review and assess the effectiveness of our Corporate Governance Guidelines, make recommendations to the Boards regarding proposed revisions to these guidelines, and make recommendations to the Boards regarding the size and composition of the Boards and their Committees. For more information on the responsibilities and activities of the Nominating & Governance Committees, see "Nominations of Directors," "Procedures Regarding Director Candidates Recommended by Shareholders" and the Nominating & Governance Committees' charter. Additional information with respect to Carnival plc's corporate governance practices during fiscal 2017 is included in the Carnival plc Corporate Governance Report attached as Annex C to this Proxy Statement.

Board and Committee Independence

Under New York Stock Exchange standards of independence for directors, the Board must determine that a Director does not have any material relationship with Carnival Corporation & plc or its subsidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with Carnival Corporation & plc) and meet certain bright-line tests. The Boards of Directors have determined that each of Sir Jonathon Band, Jason Glen Cahilly, Helen Deeble, Richard J. Glasier, Debra Kelly-Ennis, Sir John Parker, Stuart Subotnick, Laura Weil and Randall J. Weisenburger is an "independent director" in accordance with the New York Stock Exchange standards of independence for directors and that all members of the Audit Committees and Compensation Committees meet the heightened independence criteria applicable to Directors serving on those Committees under SEC rules and New York Stock Exchange listing standards. Accordingly, a majority of the Directors of each company, all of our Non-Executive Directors and all of the members of the Audit Committees, Compensation Committees, HESS Committees and Nominating & Governance Committees of each company are independent (as defined by the New York Stock Exchange listing standards, SEC rules and the UK Corporate Governance Code).

GOVERNANCE

Board and Committee Governance

Risk Oversight

Our Boards use their Committees to assist in their risk oversight function as follows:

- Our Audit Committees are responsible for oversight of our financial and non-HESS controls and compliance activities. The Audit Committees also oversee management's processes to identify and quantify the material risks facing Carnival Corporation & plc. In connection with its risk oversight role, the Audit Committees regularly meet privately with representatives from Carnival Corporation's independent registered certified public accounting firm, the Carnival plc independent auditor, the Chief Audit Officer and the General Counsel.
- Our Compensation Committees are responsible for oversight of risk associated with our executive compensation structure, policies and programs.
- Our HESS Committees are responsible for oversight of risk associated with the health, environment, safety and security of employees, contractors, guests and the public.
- Our Nominating & Governance Committees are responsible for oversight of risk associated with Board processes and corporate governance, including succession planning.

Each Committee Chair presents on its area of risk oversight to the full Boards for review.

Discussions between management and the Boards regarding the Carnival Corporation & plc strategic plan, consolidated business results, capital structure, and other business-related activities include a discussion of the risks associated with the particular item under consideration.

The Boards believe that the structure and assigned responsibilities provides the appropriate focus, oversight and communication of principal risks faced by our companies.

Compensation Risk Assessment

Carnival Corporation & plc's management, in conjunction with the Compensation Committees' independent compensation consultant, Frederic W. Cook & Co., Inc. ("FW Cook"), conducted a thorough review of our compensation programs, including those programs in which our Named Executive Officers participate, to determine if aspects of those programs contribute to excessive risk-taking. Based on the findings from this review and the annual reassessment, the Compensation Committees continue to believe that our compensation policies and practices do not encourage excessive risk-taking and are not reasonably likely to have a material adverse effect on Carnival Corporation & plc.

To reach this conclusion, key elements of our compensation programs were assessed to determine if they exhibited excessive risk. These elements included pay mix (cash vs. equity) and pay structure (short vs. long-term focus), performance metrics, performance goals and ranges, the degree of leverage, incentive maximums, payment timing, incentive adjustments, use of discretion and stock ownership requirements. Our assessment reinforced the Compensation Committees' belief that our compensation programs are not contributing to excessive risk-taking, but instead contain many features and elements that help to mitigate risk. For example:

- **Pay Structure.** Our compensation programs emphasize both short and long-term performance through our annual bonus program (delivered in cash) and through the delivery of long-term incentives (equity) in a balanced approach (approximately 50% through base salary and bonus and 50% in long-term equity grants). The mix of our pay program is intended to motivate management to consider the impact of decisions on shareholders in the short, intermediate and long-term.
- **Incentive Limits.** Our annual bonus plans do not allow for unlimited payouts. Bonuses cannot exceed 200% of target levels. The performance-based share grants made in 2017 limit the

payouts to 200% (in the case of PBS and MTE grants as described below) or 600% (in the case of SEA grants as described below) of target.

- **Performance-Based Share Grants.** To strengthen the relationship between pay and performance, all of our equity grants to senior executives for fiscal 2017 service have been in the form of performance-based share grants.
- **Performance Measurement.** For corporate officers, the performance measurement used when determining their annual bonus is based on the performance of Carnival Corporation & plc. For officers of our operating units, the performance measurements used when determining their bonus is based 50% on the performance of their operating unit, with the remaining balance being based on the performance of Carnival Corporation & plc to enable a continued focus on the overall success of Carnival Corporation & plc.
- **Stock Ownership Policy.** All senior executives who are designated as reporting officers under Section 16 of the Exchange Act, including our Named Executive Officers, are subject to a stock ownership policy which specifies target ownership levels of Carnival Corporation and Carnival plc shares in terms of the value of the equity holdings as a multiple of each officer's base salary.
- **Clawback Policy.** The Carnival Corporation 2011 Stock Plan (which was approved by shareholders in 2011), the Carnival plc 2014 Employee Share Plan (which was approved by shareholders in 2014) and the incentive plan used to determine annual bonuses contain clawback provisions, which authorize us to recover incentive-based compensation granted under those plans in the event Carnival Corporation & plc is required to restate their financial statements due to fraud or misconduct.

Corporate Governance Guidelines

Our Corporate Governance Guidelines address various governance issues and principles, including Director qualifications and responsibilities, access to management personnel, Director compensation, Director orientation and continuing education and annual performance evaluations of the Boards, their Committees and individual Directors. Our Corporate Governance Guidelines are posted on our website at www.carnivalcorp.com and www.carnivalplc.com.

Chief Executive Officer Succession Planning

Our Boards believe that planning for the succession of our Chief Executive Officer is an important function. Our multi-brand structure enhances our succession planning process. At the corporate level, a highly-skilled management team oversees a collection of cruise brands. At both the corporate and brand levels, we continually strive to foster the professional development of senior management. As a result, Carnival Corporation & plc has developed a very experienced and strong group of leaders, with their performance subject to ongoing monitoring and evaluation, as potential successors to all of our senior executive positions, including our Chief Executive Officer.

The Boards and the Nominating & Governance Committees are responsible for succession planning, including emergency succession planning. The independent Non-Executive Directors meet with the Chairman and the Chief Executive Officer (both together and individually) at least quarterly to plan for the succession of the Chief Executive Officer, including plans in the event of an emergency. During those sessions, each of the Chairman and the Chief Executive Officer discusses his recommendations of potential successors, along with an evaluation and review of any development plans for such individuals. As provided in our Corporate Governance Guidelines, the Nominating & Governance Committees will, when appropriate, make recommendations to the Boards with respect to potential successors to the Chief Executive Officer. All members of the Boards will work with the Nominating & Governance Committees to see that qualified candidates are available and that development plans are

GOVERNANCE

Board and Committee Governance

being utilized to strengthen the skills and qualifications of the candidates. When assessing the qualifications of potential successors to the Chief Executive Officer, the Boards and the Nominating & Governance Committees will take into account our business strategy as well as any other criteria they believe are relevant.

Procedures Regarding Director Candidates Recommended by Shareholders

The Nominating & Governance Committees will also consider shareholder recommendations of qualified Director nominees when such recommendations are submitted in accordance with the procedures below. In order to have a nominee considered by the Nominating & Governance Committees for election at the 2019 Annual Meetings, a shareholder must provide the same information as is required for shareholders to submit Director nominations under the advance notice provision set forth in Carnival Corporation's By-laws. Specifically, any such recommendation must include, in addition to any other requirements specifically set forth in Carnival Corporation's and Carnival plc's governing documents:

- the name and address of the candidate;
- a brief biographical description, including his or her occupation and service on Boards of Directors of any public company or registered investment company for at least the last five years;
- a statement of the particular experience, qualifications, attributes or skills of the candidate, taking into account the qualification requirements set forth above; and
- the candidate's signed consent to serve as a Director if elected and to be named in the Proxy Statement.

Once we receive the recommendation, we may deliver to the candidate a questionnaire that requests additional information about the candidate's independence, qualifications and other matters that would assist the Nominating & Governance Committees in evaluating the candidate, as well as certain information that must be disclosed about the candidate in our Proxy Statement or other regulatory filings, if nominated. Candidates must complete and return the questionnaire within the time frame provided to be considered for nomination by the Nominating & Governance Committees. For our 2019 Annual Meetings of Shareholders, the Nominating & Governance Committees will consider recommendations received by our Secretary at our headquarters no later than November 2, 2018.

Communications between Shareholders or Interested Parties and the Boards

Shareholders or interested parties who wish to communicate with the Boards, the Presiding Director, the Non-Executive Directors as a group or any individual Director should address their communications to the attention of the Secretary of Carnival Corporation and Carnival plc at 3655 N.W. 87th Avenue, Miami, Florida 33178 U.S.A. The Secretary will maintain a log of all such communications, promptly forward to the Presiding Director those which the Secretary believes require immediate attention, and also periodically provide the Presiding Director with a summary of all such communications and any responsive actions taken. The Presiding Director will notify the Boards or the Chairs of the relevant Board Committees as to those matters that he believes are appropriate for further action or discussion.

Code of Business Conduct and Ethics

Carnival Corporation and Carnival plc's Code of Business Conduct and Ethics applies to all employees and members of the Boards of Carnival Corporation and Carnival plc and provides guiding principles on areas such as identifying and resolving conflicts of interest. Our Code of Business Conduct and Ethics is posted on our website at www.carnivalcorp.com and www.carnivalplc.com.

DIRECTOR COMPENSATION

During fiscal 2017, our Non-Executive Directors were entitled to receive an annual retainer of \$110,000 per year, equity compensation, as further described below, and reimbursement for travel, meals and accommodation expenses attendant to their Board membership. We do not provide retirement benefits or other benefits to our Non-Executive Directors. We reimburse Directors for travel expenses incurred for spouses or partners when we request that they attend a special event. Any amount reimbursed for spousal or partner travel is reported below in the “Director Compensation for Fiscal 2017” table. For fiscal 2017, the Presiding Director received an additional retainer of \$25,000 per annum. In addition, Non-Executive Directors receive additional compensation for serving as Chair of a Board Committee. Board members who are employed by us do not receive additional compensation for their services as a member of the Boards of Directors.

During fiscal 2017, the retainers for the Chair of Board Committees were as follows:

Board Committee	Chair Retainer
Audit Committees	\$30,000
Compensation Committees	\$30,000
Executive Committees	—
HESS Committees	\$30,000
Nominating & Governance Committees	\$15,000

The Boards of Directors are committed to attracting and retaining a highly diverse, experienced and capable group of Non-Executive Directors. To that end, the Compensation Committees annually review Non-Executive Director pay levels and compensation practices of certain other publicly-listed companies with the assistance of their consultant to ensure our compensation program is competitive.

Non-Executive Directors receive payment of their earned retainer in quarterly installments. Annual retainers are pro-rated so that adjustments can be made during the year. Unearned portions of cash retainers are forfeited upon termination of service.

Non-Executive Directors receive annual restricted share grants under the Carnival Corporation 2011 Stock Plan. In April 2017, the Non-Executive Directors received grants with a dollar value equal to approximately \$160,000. As a result, a grant of 2,709 Carnival Corporation restricted shares was made to each Non-Executive Director elected or re-elected on April 5, 2017 based on the closing price of a share on April 6, 2017 of \$59.06.

Grants under the Carnival Corporation 2011 Stock Plan are released from restriction on the third anniversary of the grant date (and are not forfeitable provided the Director has served at least a full year). Grants of restricted shares have the same rights with respect to dividends and other distributions as all other outstanding shares of Carnival Corporation common stock. Generally, Non-Executive Directors will receive their annual grants initially upon their election to the Boards and subsequently at the time of their annual re-election to the Boards.

Mr. Donald's compensation is reflected in the "Summary Compensation Table," which follows the Compensation Discussion and Analysis. Board members who are employed by us do not receive additional compensation for their services as a member of the Boards of Directors.

New Directors must achieve this requirement no later than five years from the date of their initial election to the Boards by the shareholders. Other than Helen Deeble who was initially elected in 2017 and Mr. Cahilly who is proposed for election at the 2018 Annual Meetings, each of the Non-Executive Directors elected has achieved this Board-mandated requirement.
- **Product Familiarization.** All Non-Executive Directors are encouraged to take a cruise for up to 14 days per year for product familiarization and pay a fare of \$35 per day for such cruises. In addition, guests traveling with the Non-Executive Director in the same stateroom are charged a fare of \$35 per day. All other charges associated with the cruise (e.g., air fares, fuel supplements, fees, taxes and other charges, gratuities, ground transfers and tours) are the responsibility of the Non-Executive Director.

RELATED PERSON TRANSACTIONS

Review and Approval of Transactions with Related Persons

Consistent with our written policies and procedures, it is our practice to review all relationships and transactions in which Carnival Corporation or Carnival plc is a participant and in which our Directors, nominees and executive officers or their immediate family members have an interest in order to determine whether such persons have a direct or indirect material interest. Our Legal and Global Accounting and Reporting Services Departments are primarily responsible for the development and implementation of processes and controls to obtain information from the Directors, nominees and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions in which the amount involved exceeds \$120,000 in which Carnival Corporation & plc was or is to be a participant and a related person had or will have a direct or indirect material interest are disclosed in this Proxy Statement.

In addition, in accordance with our Schedule of Matters Reserved to the Boards and their Committees for their Decision, the Boards review and approve or ratify any related person transaction involving:

- a Director, regardless of the amount; and
- a Non-Director executive officer with an aggregate value in excess of \$50,000.

In the course of their review and approval or ratification of a related person transaction, the Boards may consider factors as follows:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;

GOVERNANCE

Related Person Transactions

- the importance of the transaction to the related person;
- the importance of the transaction to Carnival Corporation & plc;
- whether the transaction would impair the judgment of a Director or executive officer to act in our best interest; and
- any other matters the Boards deem appropriate.

Any member of the Boards who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such Director may be counted in determining the presence of a quorum at a meeting of the Board that considers the transaction.

Transactions with Related Persons

Transactions with Micky Arison. Micky Arison, our Chairman, is also the Chairman, President and the indirect sole shareholder of FBA II, Inc., the general partner of Miami Heat Limited Partnership (“MHLP”), the owner of the Miami Heat, a professional basketball team. He is also the indirect shareholder of Basketball Properties, Inc., the general partner of Basketball Properties, Ltd. (“BPL”), which is the manager and operator of the American Airlines Arena. Pursuant to a three-year advertising and promotion agreement between Carnival Cruise Line, MHLP and BPL, Carnival Cruise Line paid \$523,000 during fiscal 2017. Carnival Cruise Line also paid \$206,000 during fiscal 2017 for in-game promotions to publicize Carnival Cruise Line during Miami Heat games.

In August 2015, Carnival Corporation entered into the following agreements:

- a nonexclusive Aircraft Lease Agreement with an owner trustee under a trust agreement with AD Astra I, LLC (the “Lease Agreement”); and
- a Services Agreement with AFO, LLC (the “Services Agreement” and together with the Services Agreement, the “Aircraft Agreements”).

Both AD Astra I, LLC and AFO, LLC are companies directly or indirectly controlled by a trust of which Mr. Arison is a beneficiary.

Under the terms of the Lease Agreement, Carnival Corporation leases an aircraft owned by AD Astra I, LLC for additional flight capacity from time-to-time in exchange for an hourly rent of \$4,500 plus applicable taxes, which is based on market charter rates for similar aircraft as adjusted for costs of operations borne by Carnival Corporation (i.e., fuel, crew costs and line maintenance during its operation of the aircraft) and hourly service plan expenses.

Under the terms of the Service Agreement, Carnival Corporation provides aircraft management services to AFO, LLC with respect to the aircraft, including overseeing its operation, maintenance, and staffing, and will be paid an annual fee of \$216,000 (which is based on market rates for similar arrangements) (the “Service Fee”). In addition, Carnival Corporation will be reimbursed for operating, maintenance and personnel costs and related third party costs incurred in connection with the services (“Service Costs”). The terms of the Aircraft Agreements are one year and renew automatically for one-year periods, unless terminated sooner by either party upon 30 days’ written notice.

During fiscal 2017, Carnival Corporation paid AD Astra I, LLC \$980,000 under the Lease Agreement, and AFO, LLC paid Carnival Corporation \$216,000 for the Service Fee and reimbursed Carnival Corporation \$2,165,000 for the Service Costs.

The Boards have reviewed and approved or ratified these transactions.

* As part of the establishment of the DLC arrangement, Carnival plc issued a special voting share to Carnival Corporation, which transferred such share to the trustee of the P&O Princess Special Voting Trust (the “Trust”), a trust established under the laws of the Cayman Islands. Trust shares of beneficial interest in the Trust were transferred to Carnival Corporation. The trust shares represent a beneficial interest in the Carnival plc special voting share. Immediately following the transfer, Carnival Corporation distributed such trust shares by way of a dividend to holders of shares of Carnival Corporation common stock. Under a pairing agreement, the trust shares of beneficial interest in the Trust are paired with, and evidenced by, certificates representing shares of Carnival Corporation common stock on a one-for-one basis. In addition, under the pairing agreement, when a share of Carnival Corporation common stock is issued to a person after the implementation of the DLC arrangement, a paired trust share will be issued at the same time to such person. Each share of Carnival Corporation common stock and the paired trust share may not be transferred separately. The Carnival Corporation common stock and

Accordingly, each holder of Carnival Corporation common stock is also deemed to be the beneficial owner of an equivalent number of trust shares.

Combined voting is accomplished through the special voting shares that have been issued by each company.

COMPENSATION

PROPOSAL 12

ADVISORY (NON-BINDING) VOTE TO APPROVE EXECUTIVE COMPENSATION

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and pursuant to Section 14A of the Exchange Act, our shareholders are being provided with the opportunity to cast an advisory (non-binding) vote to approve our executive compensation. We refer to this vote as the “say-on-pay” vote. Although this vote is advisory and is not binding on the Boards, the Compensation Committees will take into account the outcome of the vote when considering future executive compensation decisions.

The “say-on-pay” vote is required to be offered to our shareholders at least once every three years. In 2017, our Boards recommended that we provide shareholders with the opportunity to cast their “say-on-pay” vote each year and our shareholders agreed. As a result, the next “say-on-pay” vote is expected to occur at the 2019 Annual Meetings.

The Boards are committed to corporate governance best practices and recognize the significant interest of shareholders in executive compensation matters. The Compensation Committees seek to balance short-term and long-term compensation opportunities to enable Carnival Corporation and Carnival plc to meet short-term objectives while continuing to produce value for their shareholders over the long-term. They also promote a compensation program designed to attract, motivate and retain key executives. As discussed in the Compensation Discussion and Analysis, the Compensation Committees believe that our current executive compensation program directly links executive compensation to our performance and aligns the interests of our Named Executive Officers with those of our shareholders. For example:

- Our compensation philosophy places more emphasis on variable elements of compensation (such as annual bonuses and equity-based compensation) than fixed remuneration.
- In accordance with the Compensation Committees’ focus on long-term shareholder return, they approved performance-based share grants for our Named Executive Officers which vest based upon the extent to which certain pre-grant or post-grant performance criterion are attained. These grants also have maximum payout limitations. Performance criterion may include annual operating income, return on invested capital (“ROIC”), absolute total shareholder return (“TSR”) and/or TSR rank relative to the 2017 Peer Group (defined below).
- To further promote long-term shareholder alignment, we require our Named Executive Officers to meet and maintain stock ownership requirements.
- The Compensation Committees review the position of each element of total direct compensation relative to the competitive market, and use the range of total direct compensation levels in the competitive market to assess the extent to which the compensation provided to our Named Executive Officers is generally consistent with that offered by the competitive market to their named executive officers.
- Carnival Corporation & plc does not offer U.S. executives excise tax gross-up protections.

COMPENSATION DISCUSSION AND ANALYSIS

and

CARNIVAL PLC DIRECTORS' REMUNERATION REPORT – PART I

Introduction

Carnival Corporation and Carnival plc are separate legal entities (together referred to in this Report as "Carnival Corporation & plc") and each company has its own Board of Directors and Compensation Committee. However, as is required by the agreements governing the DLC arrangement, the Boards of Directors and members of the Committees of the Boards, including the Compensation Committees, are identical and there is a single senior management team.

Carnival Corporation and Carnival plc are subject to disclosure regimes in the U.S. and UK. While some of the disclosure requirements are the same or similar, some are very different. As a result, the Carnival plc Directors' Remuneration Report is in two parts. The information contained in this Part I constitutes the Compensation Discussion and Analysis as required by regulations promulgated by the SEC, and includes information that Carnival plc is required to disclose in accordance with Section 439 of the Companies Act and Schedule 8 of the Large and Medium-Sized Companies and Groups (Accounts and Reports) Regulations 2008, as amended (the "LMCG Regulations"). Part II of the Carnival plc Directors' Remuneration Report is set forth as Annex B to this Proxy Statement and includes the additional information that Carnival plc is required to disclose in accordance with the LMCG Regulations, including certain information that has been audited for the purposes of the Carnival plc Annual Report.

Parts I and II of the Carnival plc Directors' Remuneration Report are in compliance with the LMCG Regulations, the UK Corporate Governance Code published in April 2016 by the UK Financial Reporting Council (the "UK Corporate Governance Code"), the Companies Act and the Listing Rules of the UK Listing Authority. Both Parts I and II form part of the Carnival plc Annual Report for the year ended November 30, 2017.

Pursuant to rules promulgated by the SEC and the LMCG Regulations, this Compensation Discussion and Analysis reviews the compensation of the following Named Executive Officers of Carnival Corporation & plc:

Named Executive Officers	
Arnold W. Donald	President and Chief Executive Officer
David Bernstein	Chief Financial Officer and Chief Accounting Officer
Stein Kruse	Group Chief Executive Officer of Holland America Group and Carnival UK
Arnaldo Perez	General Counsel and Secretary
Michael Thamm	Chief Executive Officer of Costa Group and Carnival Asia

Executive Summary

Our executive compensation program is designed to reward financial results and effective strategic leadership through use of both short-term rewards and long-term incentives and to promote alignment of the financial interests of our executive officers with our shareholders. We seek to provide total direct compensation (salary, bonus and equity grants) that allows us to be competitive in the labor markets where we compete for executive talent, adjusted as necessary to take into consideration factors including the senior executive's performance, experience and responsibilities. We believe our compensation program's performance measures align the interests of our shareholders and senior executives by linking actual pay to operating performance and shareholder outcomes.

Our compensation philosophy has historically been to emphasize at risk incentive pay in order to drive a pay-for-performance culture. In furtherance of this philosophy, all direct compensation for our Named Executive Officers, other than base salary, is 100% at risk and performance-based.

Most of our executive officers are located in the U.S., with others based in Europe. As a global entity, it is challenging to establish consistent compensation practices across geographic and operating company units that satisfy the particular requirements of all jurisdictions and local market demands. Since the largest presence of executive officers is in the U.S., our compensation policies primarily reflect U.S. market practices. However, the Compensation Committees seek to incorporate UK compensation principles, including those contained in the UK Corporate Governance Code, to the degree practicable.

2017 Compensation Practices and Policies	
What we do	✓ All compensation is performance-based and not guaranteed, other than base salary ✓ Use multiple performance metrics to align pay with performance ✓ Put caps on incentive compensation ✓ Provide appropriate balance between short-term and long-term compensation to discourage short-term risk taking at the expense of long-term results ✓ Set rigorous stock ownership requirements for Named Executive Officers based on a target multiple of base salary ✓ Include clawback provisions in our incentive programs ✓ Provide for only double-trigger change-in-control provisions ✓ Prohibit short sales, short-term hedging and margin accounts of Carnival Corporation and Carnival plc shares ✓ Engage an independent compensation consultant to review and advise on executive compensation ✓ Regularly review the Compensation Committee charter to ensure best practices and priorities
What we don't do	✗ Provide guaranteed minimum bonuses ✗ Reload, reprice or back-date stock options ✗ Provide tax gross-ups on compensation or benefits ✗ Pay dividends on unvested or unearned performance-based share grants ✗ Provide for automatic single-trigger vesting acceleration in connection with a change-in-control

Shareholder Engagement

Carnival Corporation & plc has a long-standing shareholder outreach program and routinely interacts with shareholders on a number of matters, including executive compensation. The Compensation Committees consider all feedback received about executive compensation.

In April 2017, shareholders approved our “say-on-pay” proposal with 89% of the votes cast in favor of the compensation paid to our Named Executive Officers. During the past year we have continued to engage with shareholders and seek feedback on our compensation program and incorporate the results of that feedback in our compensation decisions. As a result, the Compensation Committees did not make any changes to the executive compensation program specifically as result of the 2017 “say-on-pay” vote.

The Compensation Committees have and will continue to consider results from the annual shareholder advisory votes, including the next vote in April 2018, as well as other shareholder input, when reviewing executive compensation programs and policies.

Process for Making Compensation Determinations

The Compensation Committees determine the compensation policy and the compensation payable to all of our executive officers. The Compensation Committees interact with the management of Carnival

Corporation & plc on compensation issues primarily through communications, meetings and discussions with Mr. Donald, the Chairman of the Boards of Directors and the Chief Human Resources Officer, who also attend meetings of the Compensation Committees as requested by the Compensation Committees. As part of the fiscal 2017 annual compensation determination process, Mr. Donald and the Chairman of the Boards of Directors recommended to the Compensation Committees key initiatives and goals for Carnival Corporation & plc at the beginning of the fiscal year. After the fiscal year was completed, Mr. Donald and the Chairman of the Boards of Directors reviewed with the Compensation Committees the results of those initiatives, progress towards goals and other material items relating to overall Carnival Corporation & plc performance. Mr. Donald reviewed the annual competitive market analysis provided by the independent consultant, as well as individual performance of each Named Executive Officer and the results of the group of brands or company-wide results, as appropriate, and provided the Compensation Committees with recommended total target compensation levels for each Named Executive Officer, except for his own. The compensation for our Named Executive Officers' was then determined by the Compensation Committees using their discretion to evaluate the individual performance of our Named Executive Officers and the overall performance of Carnival Corporation & plc.

The Compensation Committees believe that the incentive structure for senior management does not raise environmental, social or governance risks by inadvertently motivating irresponsible behavior, and that risks arising from Carnival Corporation & plc's compensation policies and practices for their employees are not reasonably likely to have a material adverse effect on Carnival Corporation & plc. Please refer to the "Compensation Risk Assessment" section for additional information.

Compensation Consultant. The Compensation Committees have engaged Frederic W. Cook & Co., Inc. ("FW Cook") to assist in their annual review of our executive and Director compensation programs. The Compensation Committees believe that FW Cook provided objective advice to the Compensation Committees. FW Cook provides no other services to Carnival Corporation & plc.

During fiscal 2017, a consultant from FW Cook attended meetings of the Compensation Committees and provided FW Cook's views on proposed actions by the Compensation Committees.

In accordance with the New York Stock Exchange rules relating to compensation consultant independence, the Compensation Committees have determined that FW Cook and their consultants are independent after taking into consideration the factors set forth in the New York Stock Exchange rules. Pursuant to the foregoing factors, the Compensation Committees have determined that FW Cook's work raised no conflicts of interest.

Peer Group Characteristics. The Compensation Committees perform an annual review of the compensation practices of certain other publicly-listed companies with the assistance of their consultant. This annual market assessment consists of an analysis of executive pay at a group of publicly-listed peer companies.

The peer group listed below (the "2017 Peer Group") was used when assessing the fiscal 2017 compensation for our Named Executive Officers, which was unchanged from the peer group developed in October 2016 (except for the removal of Starwood Hotels and Resorts Worldwide, Inc. as a result of its acquisition by Marriott International, Inc.). The 2017 Peer Group consists of 19 publicly-listed companies from diverse industries that exhibit similar size and business characteristics with Carnival Corporation & plc and reflect the market in which we may compete for business, investor capital and/or executive talent. The 2017 Peer Group reflects a balanced group of companies in the consumer discretionary sector, including media, retailing, services and transportation companies.

Competitive Market (Peer Group) Comparison. Annually, the Compensation Committees' independent consultant conducts a competitive market review to assist the Compensation Committees in their assessment of our Named Executive Officers' competitive positioning of total compensation relative to the markets in which Carnival Corporation & plc competes for executive talent. FW Cook conducted a competitive market assessment on behalf of the Compensation Committees for fiscal 2017. The Compensation Committees reviewed our aggregate Named Executive Officer total compensation in comparison to the competitive market, which consists of the 2017 Peer Group as well as third-party surveys that reflect a broad database of hundreds of companies. The Compensation Committees were not provided with the identities of the companies in the surveys generally (or of the subsets of companies which had data for relevant comparable positions). As applicable, any utilized survey data was combined with the data for the 2017 Peer Group to produce a consolidated aggregated competitive market range for total direct compensation.

These analyses suggest that, in the aggregate, total direct compensation levels for our Named Executive Officers are competitively positioned. The Compensation Committees, as advised by FW Cook, consider total direct compensation to be generally competitive when within a range of 15% above or below the market median. Actual pay positioning can vary based on factors including job responsibilities, experience, impact of role and individual performance.

Consistent with the approach that the Compensation Committees take in reviewing each element of total direct compensation, the Compensation Committees utilize these analyses to assess the extent to which the compensation provided to our Named Executive Officers is generally consistent with that offered by companies with whom Carnival Corporation & plc competes for executive level talent. The Compensation Committees do not use these analyses to peg any particular element of compensation (or total compensation) to any specific targeted Peer Group level.

Named Executive Officer Compensation Design, Elements and Pay Mix

The compensation elements for our Named Executive Officers consist of base salary, an annual bonus, equity-based compensation, retirement benefits and perquisites.

The compensation practices for each of our Named Executive Officers vary in order to reflect the organizational structure of Carnival Corporation & plc. Three of our Named Executive Officers (Messrs. Donald, Bernstein and Perez) had company-wide roles during fiscal 2017 and two of our Named Executive Officers (Messrs. Kruse and Thamm) were Chief Executive Officers of groups operating two or more brands during fiscal 2017. As a result, the compensation practices for these two types of roles are different.

Named Executive Officer	Type of Role	Base Salary	Annual Bonus	Equity-Based Compensation	Retirement Benefits and Perquisites
Arnold W. Donald	Company-wide role	Based on level of responsibility and increases based on performance or other market factors	Based 100% on company-wide operating income	MTE, PBS and SEA grants to align with shareholder outcomes	Reflect country practices where a Named Executive Officer is employed
David Bernstein					
Arnaldo Perez					
Stein Kruse	CEO of a group of brands		Based 50% on company-wide operating income and 50% on a group of brands' operating income		
Michael Thamm					

In determining the amount of any particular compensation element, the Compensation Committees consider the impact of such an element on total compensation (and thus, each element affects the amount paid in respect of other elements of compensation). For example, the Compensation Committees consider the amount of the base salary and annual bonus that may be earned by a Named Executive Officer when making an equity grant. However, the annual bonus and equity-based compensation grants are set independently on the basis of dollar values (and are not set or determined as a fixed percentage of base salary).

As reflected in our target pay mix below, all direct compensation of our Named Executive Officers, other than base salary, is 100% at risk and performance-based in line with our philosophy to place greater emphasis on performance-based pay elements.

2017 Compensation Recommendations and Rationale

For fiscal 2017, the Compensation Committees undertook a fundamental restructuring of the compensation program for Mr. Donald and the other Named Executive Officers as the special performance-based share grant, the one-time incentive grant made in 2013, had reached the end of its

three-year performance period in 2016. The restructured program significantly strengthened the performance-based focus of compensation to our Named Executive Officers and enhanced the alignment between executive rewards and long-term gains for Carnival Corporation & plc and its shareholders. The compensation program restructuring was influenced by investor feedback obtained as part of the Compensation Committees' regular interface with our largest shareholders. The new compensation structure consists of base salary, performance-based annual bonus and three performance-based equity components tied to achievement of business objectives and total shareholder return. Therefore, every component of the new program, with the exception of base salary, is performance-based and at risk. This compensation philosophy also extends beyond our Named Executive Officers to include other key executives, reflecting the Compensation Committees' commitment to aligning compensation with the success of Carnival Corporation & plc.

Mr. Donald recommended to the Compensation Committees increases in base salary, target bonus and target equity for Mr. Kruse and Mr. Thamm because of their expanded responsibilities as company group leaders. Mr. Kruse added responsibility for Carnival UK mid-year, and Mr. Thamm added responsibility for Carnival Asia at the beginning of the year. The increases recommended for Mr. Bernstein were due to increased responsibilities along with market pay adjustments to better align his compensation with the competitive market for similar positions. The Compensation Committees accepted Mr. Donald's recommendations. In addition, the Compensation Committees increased Mr. Donald's salary from a relatively low base salary, unchanged since hire, to a near median salary to better align with the competitive market. Mr. Donald's target bonus and target equity were also adjusted to bring his overall compensation to a level competitive with other executives with similar responsibilities within the 2017 Peer Group. The discussion of 2017 compensation elements and payout results is based on the foregoing discussion regarding the Compensation Committees' pay philosophy, compensation design and elements, and Carnival Corporation & plc's fiscal 2017 performance.

Comparison of Fiscal 2017 and Fiscal 2016 Total Direct Compensation

COMPENSATION

Compensation Discussion and Analysis and Carnival plc Directors' Remuneration Report—Part I

Other Named Executive Officers

(1) Mr. Perez is a Named Executive Officer for the first time in fiscal 2017.

(2) Mr. Thamm's compensation has been converted into dollars from euro and sterling as described below.

Please refer to the following discussion and the "Compensation Tables" section for additional information on total direct compensation.

Base Salaries

Base salaries are intended to provide a level of fixed compensation that is reflective of each Named Executive Officer's level of responsibility. Base salaries of our Named Executive Officers for fiscal 2017 are reported in the "Summary Compensation Table." The Compensation Committees annually review each Named Executive Officer's performance and may increase the base salary of a Named Executive Officer at their discretion if merited by performance or other market factors necessary to attract and retain our executives.

Salaries for fiscal 2017 were established for our Named Executive Officers in January 2017 after performance results for the prior fiscal year were available.

Annual Bonuses

In fiscal 2017, each Named Executive Officer's target bonus comprised a significant portion of their respective total cash compensation opportunity, supporting Carnival Corporation & plc's objective to emphasize pay for performance. Annual bonus payments are intended to reward short-term individual, corporate, and a group of brands' performance results and achievements. The emphasis on the annual bonus as compared to base salary allows Carnival Corporation & plc to more closely link financial results to individual and overall company performance. Fiscal 2017 bonuses for our Named Executive Officers are reported in the "Summary Compensation Table" under the column labeled "Non-Equity Incentive Plan Compensation."

For fiscal 2017, the annual bonuses for our Named Executive Officers were determined in accordance with the Carnival Corporation & plc Management Incentive Plan (the "Management Incentive Plan") described below.

The Management Incentive Plan is designed to focus the attention of our executives, including our Named Executive Officers, on achieving outstanding performance results as reflected by income from the operations of Carnival Corporation & plc as well as other relevant measures. For the Named Executive Officers who are Chief Executive Officers of a group of brands, the Management Incentive Plan is designed to also focus their attention on achieving outstanding performance results as reflected in the operating income of the group of brands they oversee.

Under the Management Incentive Plan, the Corporation Operating Income Target, Brand Operating Income Target and target bonus for each executive are established by the Compensation Committees for each plan year. The respective operating income targets are the adjusted U.S. Generally Accepted Accounting Principles net income of Carnival Corporation & plc, or the respective brand (or group of brands), excluding interest income and expense, other nonoperating income and expense, and income taxes, as reported by Carnival Corporation & plc, or the respective brand (or group of brands), as applicable, for the plan year.

The “Corporation Operating Income Target” and “Brand Operating Income Target” for each year is established by the Compensation Committees taking into account historical performance, company/industry growth, Carnival Corporation & plc’s annual plan, consultation with management, investor guidance (as to the Corporation Operating Income Target), the brand’s annual plan (as to the Brand Operating Income Target) and such other factors as the Compensation Committees deem appropriate. In order to measure management’s controllable operating contribution to the company, the Corporation and Brand Operating Income Targets and the actual Corporation and Brand Operating Income achieved for fiscal 2017 were measured using a constant fuel price per ton and constant currency exchange rates.

In January 2017, the Compensation Committees set the Corporation Operating Income Target for fiscal 2017 at \$3 billion, which was 11.7% more than the actual Corporation Operating Income achieved in fiscal 2016 when normalized for fuel price and currency exchange rate impact, consistent with historical methodology. The Compensation Committees believed that this target represented a challenging performance goal.

Under the Management Incentive Plan, the preliminary bonus amounts payable were dependent upon the amount of Corporation Operating Income achieved as compared to the Corporation Operating Income Target as follows:

Plan Provisions		
Corporation Operating Income (in millions)	Performance Level (% of Target Achievement)	Payout Percentage ⁽¹⁾
<\$2,823.2	Below Threshold (<94.1%)	0%
\$2,823.2	Threshold (94.1%)	50.0%
\$2,941.8	At 98.1%	90.0%
\$3,000.0	Target (100%)	100.0%
\$3,228.9	Maximum (107.6%)	200.0%

(1) The payout curve includes four linear slopes. Payouts between these points are calculated using interpolation.

Bonus funding under the Management Incentive Plan for the Named Executive Officers who are Chief Executive Officers of a group of brands was calculated by reference to a bonus schedule that calibrates the respective weighted Brand Operating Income Target (50%) and Corporation Operating Income Target (50%) for the fiscal 2017 plan year with the target bonus.

The Compensation Committees considered the attainment of each brand’s Brand Operating Income Target for fiscal 2017 to be achievable but challenging given each brand’s fiscal 2016 performance.

COMPENSATION

Compensation Discussion and Analysis and Carnival plc Directors' Remuneration Report—Part I

The fiscal 2017 Brand Operating Income Target for the Holland America Group (applicable to Mr. Kruse) and the Costa Group (applicable to Mr. Thamm) were 9.8% and 18.1%, respectively, more than the actual Brand Operating Income achieved in fiscal 2016 when normalized for fuel price and currency exchange rate impact. The Compensation Committees believed that these targets represented challenging performance goals and were both meaningfully higher than the normalized actual results for fiscal 2016.

The fiscal 2017 target bonuses were, as follows:

Named Executive Officer	Fiscal 2016 Target Bonus	Fiscal 2017 Target Bonus	Change from Fiscal 2016 Target Bonus
Arnold W. Donald	\$2,650,000	\$3,000,000	13.2%
David Bernstein	\$ 950,000	\$1,000,000	5.3%
Stein Kruse	\$1,100,000	\$1,200,000	9.1%
Arnaldo Perez	N/A	\$ 450,000	N/A
Michael Thamm	€ 900,000	€1,116,000	24.0%

These amounts were established by the Compensation Committees after taking into consideration the competitive market analysis (described above), the increased business responsibilities for Messrs. Bernstein, Kruse and Thamm, historical bonus payout levels, the more challenging Corporation Operating Income Target established by the Compensation Committees for fiscal 2017 and the Compensation Committees' philosophy to place emphasis on performance-based pay elements.

Following the end of fiscal 2017, the Compensation Committees confirmed preliminary funding bonus amounts for the Named Executive Officers based on the actual Corporation Operating Income and Brand Operating Income results achieved during fiscal 2017. Under the terms of the Management Incentive Plan, the Compensation Committees then considered other factors deemed relevant to the performance of Carnival Corporation & plc and the individual brands. One such factor was our HESS performance, as determined by the HESS Committees. To make this annual determination, the HESS Committees met regularly with members of the Carnival Corporation & plc Maritime Policy & Analysis Department and senior management to review an extensive analysis of each brand's and Carnival Corporation & plc's enterprise-wide performance in HESS-related areas tracked throughout the course of the fiscal year. Based on the HESS Committees' recommendation, the Compensation Committees approved adjustments to actual Corporation Operating Income and Brand Operating Income for fiscal 2017.

After taking all of these adjustments into consideration, the Compensation Committees certified an adjusted Corporation Operating Income amount for fiscal 2017 that was 103.4% of the fiscal 2017 Corporation Operating Income Target and resulted in a preliminary bonus equal to 145.9% of Messrs. Donald, Bernstein and Perez's target bonus.

The adjusted Corporation Operating Income, performance levels and resulting actual performance level payouts for fiscal 2017 as approved by the Compensation Committees were as follows:

Actual Results and Payout		
Adjusted Fiscal 2017 Corporation Operating Income (in thousands)	Actual Percent of Target Achieved	Actual Fiscal 2016 Payout Percentage
\$3,102	103.4%	145.9%

The Compensation Committees also certified an adjusted Brand Operating Income amount for the Holland America Group for fiscal 2017 that was 108.1% of its 2017 Brand Operating Income Target

and for the Costa Group that was 86.5% of its 2017 Brand Operating Income Target. When these fiscal 2017 brand results, inclusive of their respective HESS modifiers, were combined with the adjusted Corporate Operating Income results described above, the result was preliminary funding for Messrs. Kruse and Thamm, equal to 174.8% and 73.0% of their respective target bonuses.

Mr. Donald made recommendations to the Compensation Committees for all Named Executive Officer annual bonuses except for his own. The recommendations included a subjective review of the applicable fiscal year overall performance of each Named Executive Officer. Mr. Donald also submitted his self-assessments to the Compensation Committees summarizing his own activities and results as compared to his goals, as well as Carnival Corporation & plc's overall performance.

Final bonus amounts were then determined by the Compensation Committees, taking into account Mr. Donald's recommendations and input from FW Cook. In making their determinations, including whether to vary bonuses from the amount determined under the bonus schedule included in the Management Incentive Plan, the Compensation Committees considered the factors summarized in the "Executive Summary" section above, in addition to the competitive market compensation for each Named Executive Officer and their subjective overall assessment of individual performance in fiscal 2017. After taking into account the factors referred to above, together with an assessment of the individual performance of each of the Named Executive Officers, the Compensation Committees determined not to vary the final bonus amounts determined by the bonus schedule in the Management Incentive Plan. As a result, the bonuses for fiscal 2017 were more than actual bonus amounts for fiscal 2016, except for the bonus for Mr. Thamm.

Equity-Based Compensation

A. General

The Compensation Committees grant equity-based compensation to our Named Executive Officers to provide long-term incentives and align management and shareholder interests. The Compensation Committees believe that a substantial portion of compensation should be equity-based. The equity-based compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future superior performance and align the interests of the executive with our shareholders. To further augment these views the equity program for fiscal 2017 was 100% performance-based for our Named Executive Officers and other key executives within Carnival Corporation & plc. For fiscal 2017, this includes three different types of performance-based equity grants:

- Management Incentive Plan-Tied Equity ("MTE") grants;
- Performance-Based Share ("PBS") grants; and
- Shareholder Equity Alignment ("SEA") grants.

These equity grants provide for performance-based vesting or granting criteria and align our senior management team's long-term compensation opportunities with Carnival Corporation & plc's long-term performance. In addition, the value of these equity grants serve to link pay and performance in two ways: they have pre- or post-grant performance criteria to determine the number of shares earned and the value of the shares earned appreciate or depreciate based on the trading price of our shares.

Our equity-based compensation grants are made pursuant to the Carnival Corporation 2011 Stock Plan or the Carnival plc 2014 Employee Share Plan, which have been approved by Carnival Corporation & plc's shareholders. Messrs. Donald, Bernstein, Kruse and Perez received equity grants under the Carnival Corporation 2011 Stock Plan. Mr. Thamm received equity grants under the Carnival plc 2014 Employee Share Plan.

COMPENSATION

Compensation Discussion and Analysis and Carnival plc Directors' Remuneration Report—Part I

The specific equity grants made to our Named Executive Officers reflect the desire of the Compensation Committees to link this compensation to performance. The number and form of equity grants made annually to our Named Executive Officers are determined both in the discretion of the Compensation Committees and pursuant to certain agreements with certain Named Executive Officers. Existing ownership levels are not a factor in grant determinations, as the Compensation Committees do not want to discourage executives from holding significant amounts of Carnival Corporation and Carnival plc shares.

The value of equity grants made to our Named Executive Officers other than Mr. Donald was determined by the Compensation Committees after reviewing the recommendation of Mr. Donald and the Chairman of the Boards of Directors and the other elements of the Named Executive Officer's current year compensation, taking into account the position and role of the Named Executive Officer, the individual performance in the preceding fiscal year and historically, and the perceived future value to Carnival Corporation & plc. When reviewing the competitive market assessment provided by FW Cook for total direct compensation, the Compensation Committee also evaluated the long-term and short-term incentive compensation components to confirm that the value of a Named Executive Officer's aggregate equity-based compensation and total direct compensation remains generally competitive. Similar to the approach taken for the other Named Executive Officers, the value of equity grants made to Mr. Donald was determined by the Compensation Committees after consultation with FW Cook, taking into account his position and role, his individual performance, perceived future value and competitive market position.

B. Disclosure and the Timing of Equity-Based Compensation

The Compensation Committees met in January 2017 to determine the target values of the MTE grants and the SEA grants, and in April 2017 to determine the 2017 PBS grants, all of which are part of the equity-based compensation for key executives in fiscal 2017.

The fiscal 2017 MTE grant was made in January 2018 once the Management Incentive Plan performance result was assessed and verified. Because the MTE grants are based on 2017 performance, the Compensation Committees believe that the discussion of these equity-based grants made after fiscal year end is important to understanding of overall Named Executive Officer compensation for the preceding year.

Accordingly, we describe below the MTE grants made in early 2018 and the MTE grants made in early 2017 (which were discussed previously in last year's Proxy Statement but first appear in the "Summary Compensation Table" and "Grants of Plan-Based Awards in Fiscal 2017" table in this year's Proxy Statement).

C. Fiscal 2017 Annual Grants

2017 MTE Grants. In January 2017, the Compensation Committees approved an MTE target grant value for each of our Named Executive Officers and certain other executives. Each target grant value was determined after consideration of recommendations received from Mr. Donald and the Chairman of the Boards of Directors, as well as reviewing the scope of the Named Executive Officer's responsibilities, performance and long-term retention considerations.

Following the end of fiscal 2017, the actual 2017 Management Incentive Plan payout percentage is applied to the MTE target grant value to determine the actual MTE grant values, which may be from zero to 200% of target. In January 2018, the actual MTE grant value earned was converted into a number of RSUs that cliff vest two years from the date of grant. The MTE grants do not receive dividends or have voting rights. Each MTE RSU is credited with dividend equivalents equal to the value of cash and stock dividends paid on Carnival Corporation common stock or Carnival plc ordinary

shares. The dividend equivalents will be distributed upon the settlement of the MTE RSUs only upon vesting. Please see the “Equity Grants Made During Fiscal 2018 as Compensation for Fiscal 2017” table for additional MTE grant details.

The MTE grants made to our Named Executive Officers in January 2018 were as follows:

Named Executive Officer	MTE Target Value ⁽¹⁾		2017 Payout Percentage		MTE Grant Value		Closing Price On Grant Date ⁽¹⁾		RSUs Received ⁽²⁾ (#)
Arnold W. Donald	\$1,500,000	x	145.9%	=	\$2,188,500	÷	\$68.52	=	31,939
David Bernstein	\$ 400,000	x	145.9%	=	\$ 583,600	÷	\$68.52	=	8,517
Stein Kruse	\$ 500,000	x	174.8%	=	\$ 874,000	÷	\$68.52	=	12,755
Arnaldo Perez	\$ 250,000	x	145.9%	=	\$ 364,750	÷	\$68.52	=	5,323
Michael Thamm	€ 465,000	x	73.0%	=	€ 339,450	÷	€56.18	=	6,042

(1) The closing price on the grant date is calculated by reference to the price of Carnival Corporation common stock or Carnival plc ordinary shares on the New York Stock Exchange or London Stock Exchange, respectively, on the date of grant. The MTE grant made to Mr. Thamm is based on Carnival plc ordinary shares denominated in sterling. Because Mr. Thamm is compensated in euros, the Carnival plc ordinary share closing price on the grant date of £50.00 has been converted into euros based on an exchange rate of €1.12:£1.

(2) RSUs received have been rounded down to the nearest whole share.

Although considered to be compensation for performance in fiscal 2017, the MTE grants were made in early fiscal 2018 and, in accordance with SEC disclosure rules, are not shown in the “Grants of Plan-Based Awards in Fiscal 2017” table or included in the “Outstanding Equity Awards at 2017 Fiscal Year-End” table, and the grant date fair value of those shares are not reflected in the “Summary Compensation Table.” These grants will be reflected in the executive compensation tables in next year’s Proxy Statement. The MTE grants made during January 2017 were previously discussed in detail in our 2017 Proxy Statement. However, as discussed above, due to SEC disclosure rules, the grant date fair value of these grants are included in this Proxy Statement’s “Summary Compensation Table” and “Grants of Plan-Based Awards in Fiscal 2017” table.

2017 PBS Grants. The PBS grants made to our Named Executive Officers and other key executives in April 2017 vest zero to 200% of target based upon the extent to which operating income, as adjusted for certain fuel price change and currency exchange rate impacts, for each of the three fiscal years in the 2017-2019 performance cycle and the average of each annual ROIC result for the three-year performance cycle exceeds the specified performance goals. Under the terms of the grant, the operating income result is weighted 70% and ROIC result is weighted 30%. The maximum payout is 200% of target. The operating income and ROIC targets will be disclosed at the end of the performance period (as these targets are deemed strategic and commercially sensitive).

The Compensation Committees believe that growth in operating income is a critical measure of Carnival Corporation & plc’s ability to maintain and grow earnings over time. The grants further align an increasing proportion of the total compensation of key members of our management team (105 senior managers worldwide, including our Named Executive Officers) with the long-term growth of Carnival Corporation & plc.

The Compensation Committees approved the PBS grants to our Named Executive Officers after an evaluation of current market practice, the aggregate market positioning of total direct compensation, and the Compensation Committees’ focus on the alignment between our Named Executive Officer’s pay outcomes and Carnival Corporation & plc’s long-term performance.

2017 SEA Grants. In January 2017, the Compensation Committees made SEA grants to the Named Executive Officers and certain other key executives. All Named Executive Officers received SEA grants in the form of RSUs of Carnival Corporation common stock.

COMPENSATION

Compensation Discussion and Analysis and Carnival plc Directors' Remuneration Report—Part I

The SEA grant is based upon Carnival Corporation's absolute TSR performance as modified by our TSR rank relative to the 2017 Peer Group over the period of December 31, 2016 through December 31, 2019. The maximum possible payout is six times the target number of SEA RSUs, subject to a value cap of seven times the grant date value. While dividends are taken into account in assessing the TSR calculations, these RSUs do not accrue any dividends over the performance period. Absolute TSR growth is calculated using the 90-day average stock price as of December 31, 2016 of \$50.06. The earned shares will vest after the Compensation Committees certify the results and are contingent upon continued employment.

The SEA grant requires an absolute TSR condition that is linked to Carnival Corporation's share price growth as follows:

Goal Levels	Absolute TSR Compound Annual Growth per Year (%)	Vesting	Payout (%)
Below Threshold	Less than 7	0.0%	0
Threshold	7	At 7%, each 0.3% increase in the compound annual growth rate increases the absolute TSR vesting by 5.6% of the initial number of SEA restricted stock units granted until the maximum growth is reached	50
Target	9.7		100
Maximum	20.5	At maximum, three times the initial number of SEA restricted stock units granted is earned subject to a cap that the number of shares be reduced to such shares as have a value equal to seven times the grant date value if, at the end of the performance period, they would then be worth more than seven times the grant date value	300

The absolute TSR payout percentage is then multiplied by a modifier tied to Carnival Corporation's TSR ranking relative to the 2017 Peer Group which may increase or decrease the absolute TSR result, as follows:

Quintile	First	Second	Third	Fourth	Fifth
Relative TSR Ranking (%)	0-14	15-29	30-69	70-84	85-100
Relative TSR Modification (%)	33	75	100	125	200

The Compensation Committees believe that these SEA grants provide the Name Executive Officers with meaningful upside tied explicitly to shareholder outcomes, create alignment among the Named Executive Officers and senior management team.

The SEA grants made to our Named Executive Officers in January 2017 are included in the "Grants of Plan-Based Awards in Fiscal 2017" table.

D. Disclosure of Prior Years' Equity Grant Results

2015 PBS Grants. The 2015 PBS grants made to the Named Executive Officers in April 2015 reached the end of the performance period at the end of fiscal 2017 and vested on February 13, 2018. Under the terms of the 2015 PBS grant, shares vested based upon the extent to which Corporation Operating Income (70% weighting), as adjusted for 100% of year-over-year fuel price changes and currency

exchange rate impact for each of fiscal 2015, 2016 and 2017 and ROIC growth (30% weighting) over the three-year performance period reached or exceeded the following:

Goal Level	Annual Corporation Operating Income Growth Goal (%)	2015 Corporation Operating Income Goals (\$ in billions)	2016 Corporation Operating Income Goals (\$ in billions)	2017 Corporation Operating Income Goals (\$ in billions)	2017 ROIC Growth Goal (%)	Payout for Operating Income & ROIC Goals (%)
Threshold	8	1,925	2,535	3,055	40	50
Target	14	2,200	2,676	3,225	50	100
Maximum	22	2,585	2,864	3,451	67	200

The operating income and ROIC results for the 2015 PBS grant were as follows:

Operating Income and ROIC Results	2015 Corporation Operating Income (\$ in billions)	2016 Corporation Operating Income (\$ in billions)	2017 Corporation Operating Income (\$ in billions)	2017 ROIC Growth	2017 ROIC
Annual Adjusted Operating Income	\$2,444	\$2,783	\$3,254		
Annual Adjusted Operating Income Growth	111.11%	18.54%	15.03%		
Annual Operating Income Growth Payout	163.49%	156.75%	112.88%		
ROIC Growth				74.58%	9.43%

The fiscal 2015, 2016 and 2017 annual adjusted Corporation Operating Income growth payout percentages were averaged, and the growth of fiscal 2017 ROIC over fiscal 2014 ROIC was calculated to determine the respective payout percentages that were then weighted. The weighted payout percentage was then subject to modification for relative TSR (+10% if in the first quartile against the 2015 peer group, 0% if in the second or third quartile, and -10% if in the fourth quartile) to obtain a final payout percentages, as follows:

Payout % and TSR Modifier	Unweighted Payout (%)	Weighting (%)	Weighted Payout (%)
Average Annual Adjusted Operating Income Payout	144.37	70	101.06
ROIC Payout	200.00	30	60.00
Weighted Operating Income and ROIC Payout			161.06
TSR Modifier (second quartile)			100.00
Final Payout after TSR Modifier			161.06

Based on these performance measures, the Named Executive Officers received the following:

Named Executive Officer	2015 PBS Earned Shares ⁽¹⁾ (#)
Arnold W. Donald	47,478
David Bernstein	14,413
Stein Kruse	19,499
Arnaldo Perez	8,138
Michael Thamm	12,313

(1) Additional shares will be provided to take into account dividend reinvestment during the period.

COMPENSATION

Compensation Discussion and Analysis and Carnival plc Directors' Remuneration Report—Part I

Special PBS Grant Made to Named Executive Officers (other than the Chief Executive Officer) in December 2013. The special PBS grant made to Messrs. Bernstein, Kruse, Perez, Thamm and other senior officers in December 2013 reached the end of its three-year performance period on December 26, 2016. Under the terms of this special PBS grant, shares were earned based on the compound annual growth rate, including the value of dividends reinvested (“CAGR”) of Carnival Corporation’s absolute TSR over the three-year performance period.

Grant Level	CAGR Required (%)	Vesting Percentage (%)	# of Special PBS		
			Bernstein & Kruse	Perez	Thamm
Below Threshold	Less than 5	0	0	0	0
Threshold	5	20	5,696	1,424	5,518
Target	7	100	28,481	7,120	27,591
Maximum	17	500	142,408	35,600	137,955

CAGR performance of Carnival Corporation’s TSR was measured from the 90-day average closing price of a share of Carnival Corporation common stock of \$35.11 on December 27, 2013 against the 90-day average closing price of a share of Carnival Corporation common stock, including the value of reinvested dividends, of \$53.61 at December 27, 2016. This resulted in CAGR of 15.15%, which corresponded to a vesting percentage of 426%. Half of the earned shares were released on December 29, 2016 and the remaining half was released on December 27, 2017.

As a result, the following shares were earned:

Named Executive Officer	Special PBS Shares Earned ⁽¹⁾ (#)
David Bernstein	121,329
Stein Kruse	121,329
Arnaldo Perez	30,331
Michael Thamm	117,537

(1) Participants received Carnival Corporation common stock, except for Mr. Thamm who received Carnival plc ordinary shares, 50% of which vested on December 26, 2016 and 50% of which vested on December 27, 2017.

Perquisites and Other Compensation

Our Named Executive Officers are provided various perquisites believed by the Compensation Committees to be representative of common practices for executives in their respective countries. Some of Mr. Donald’s and Mr. Thamm’s perquisites and other benefits are provided pursuant to terms of their employment agreements. The Compensation Committees, with the assistance of FW Cook, review perquisites provided to our Named Executive Officers on a periodic basis and take into account each Named Executive Officer’s particular circumstances and overall level of compensation, and believe that perquisites provided by Carnival Corporation & plc continue to be an appropriate element of the overall compensation package used to attract and retain such officers.

The Compensation Committees have approved a policy to establish procedures and controls as to the authorized use of aircraft owned or chartered by Carnival Corporation & plc (the “Aircraft”). According to the policy, the Aircraft can only be used for business purposes. Guests may accompany these executives when traveling. The Compensation Committees have also agreed to allow Mr. Donald to use the Aircraft for personal use so long as the incremental cost to Carnival Corporation & plc does not exceed \$200,000 per year. Once that threshold is reached, Mr. Donald will reimburse us for those

costs. The Compensation Committees determined that the Aircraft usage policy and levels of usage and costs were consistent with those offered by large multinational companies like Carnival Corporation & plc.

The perquisites received by each Named Executive Officer in fiscal 2017, as well as their incremental cost to Carnival Corporation & plc, are reported in the “Summary Compensation Table” and its accompanying footnotes.

Post-Employment Compensation Obligations

Carnival Corporation & plc does not have any change of control agreements that provide cash severance to our Named Executive Officers upon a change of control of Carnival Corporation & plc, with the exception of the employment agreement with Mr. Donald. Carnival Corporation & plc does not have employment agreements with any of our Named Executive Officers that provide cash severance benefits in connection with the termination of the executive's employment, with the exception of employment agreements with Mr. Donald and Mr. Thamm.

Mr. Donald's employment agreement is subject to renewal annually on October 14th of each year. If Mr. Donald wishes to leave prior to the end of the current term, he would generally need to provide at least 60 days' written notice. The payments to Mr. Donald in the event of termination are set forth in the “Post-Employment Cash Compensation Obligations to Mr. Donald” section.

Mr. Thamm's employment agreement provides that he is generally entitled to an amount equal to one year's base salary and bonus as compensation for his agreement not to engage in competition with us. The Compensation Committees believe that the severance benefits provided to Mr. Thamm under his employment agreement are reasonable and in accordance with market practice in Italy.

Upon termination of employment for certain circumstances or upon a change of control, our Named Executive Officers may be entitled to retain or receive accelerated vesting of equity grants. Under the terms of the Carnival Corporation 2011 Stock Plan and the Carnival plc 2014 Employee Share Plan, however, the default provision upon a change in control would provide only for a “double trigger” acceleration of equity grants (such that no acceleration would occur unless the participant's employment were subsequently terminated by Carnival Corporation & plc (or its successor) without cause). These benefits are provided under the terms of the plans pursuant to which the equity grants were made, the grant agreement and under individual agreements with certain Named Executive Officers. However, none of our Named Executive Officers are entitled to receive any tax gross-up payments in respect of their severance benefits or accelerated equity grants. The benefits that our Named Executive Officers may be eligible to receive in connection with the termination of their employment or upon a change of control are described in detail in this Proxy Statement under the heading “Potential Payments Upon Termination or Change of Control.”

The Compensation Committees believe that these arrangements are reasonable and encourage an executive to comply with post-termination non-compete and other restrictive covenants and to cooperate with us both before and after their employment is terminated.

Pensions and Deferred Compensation Plans

As part of the overall compensation program, Carnival Corporation & plc operates various group pension programs for certain of their executives. Under the Carnival Corporation pension programs, base salaries and annual bonuses were used to determine pension benefits.

Until December 31, 1997, Mr. Perez participated in the Carnival Corporation Nonqualified Retirement Plan for Highly Compensated Employees (the “Retirement Plan”), which is a nonqualified defined

COMPENSATION

Compensation Discussion and Analysis and Carnival plc Directors' Remuneration Report—Part I

benefit plan. His benefit accruals under the Retirement Plan then ceased and he began earning benefits under the Carnival Corporation Fun Ship Nonqualified Savings Plan (the “Savings Plan”), which is a nonqualified defined contribution plan whereby certain executives were able to defer salary and/or bonus amounts into the Savings Plan. Until January 1, 2009, Messrs. Bernstein and Perez participated in the Savings Plan.

Additional information regarding the Retirement Plan is included in the “Pension Benefits” table and the narrative which follows. Additional information regarding the Savings Plan is in the “Nonqualified Deferred Compensation in Fiscal 2017” table and the narrative which follows.

In accordance with Section 457A of the U.S. Internal Revenue Code, Carnival Corporation paid out all benefits accrued under the Retirement Plan and the Savings Plan in December 2017.

In lieu of participation in the Savings Plan, the Compensation Committees approved payment of an additional annual bonus directly to these employees in an amount equal to what would have been deposited on behalf of those employees into those plans, less, as described below, any amount Carnival Corporation contributes to the Carnival Corporation Fun Ship Savings Plan, a 401(k) plan (the “401(k) Plan”). These payments are taxable as ordinary income.

Beginning with the 2010 calendar year, the 401(k) Plan was amended and currently allows Messrs. Donald, Bernstein and Perez (as well as all other highly compensated employees) to defer a limited amount of compensation into the 401(k) Plan subject to nondiscrimination testing. Similarly, Carnival Corporation shall make a matching contribution to the 401(k) Plan under the plan's formula, subject to nondiscrimination testing.

Stock Ownership Requirements

Our Boards of Directors and Compensation Committees believe it is important for executive officers and Directors to build and maintain a long-term ownership position in Carnival Corporation or Carnival plc shares in order to align their financial interests with those of our shareholders and to encourage the creation of long-term value. Our compensation structure provides for a significant percentage of compensation to be equity-based, which places a substantial portion of compensation at risk over a long-term period. Accordingly, our Section 16 Officers, including our Named Executive Officers, are subject to a stock ownership policy. The policy specifies target ownership levels of Carnival Corporation or Carnival plc shares for each executive expressed in terms of the value of the equity holdings (excluding RSUs which have not vested) as a multiple of each Section 16 Officer's base salary. The target ownership levels are as follows:

Officers	Ownership Target Multiple of Base Salary
Chair and/or Chief Executive Officer	6X salary
Vice Chair and/or Chief Operating Officer	4X salary
Other Section 16 Officers	3X salary

Individuals who are newly designated as Section 16 Officers are expected to be in compliance with the stock ownership policy within five years of the date of becoming a Section 16 Officer. All of our Named Executive Officers have already complied with the stock ownership policy. Our Section 16 Officers are restricted from trading call and put options and entering into any hedging transactions with respect to our shares. Carnival Corporation & plc does not make any commitment to any persons covered by the stock ownership policy that they will receive any particular level of equity-based grants.

The stock ownership policy provides that Section 16 Officers be required to retain at least 50% of the shares received upon release after deducting withholding taxes, until their target ownership is achieved.

Impact of Regulatory Requirements on Compensation

In making determinations regarding executive compensation, the Compensation Committees consider relevant issues relating to accounting treatment, tax treatment (both company and individual) and regulatory requirements. The global nature of Carnival Corporation & plc's operations necessarily means that monitoring these technical issues and considering their potential impact on the appropriate design and operation of executive remuneration programs is an increasingly complex exercise. Technical issues are evaluated in light of Carnival Corporation & plc's philosophy and objectives for executive compensation and their corporate governance principles, as described earlier in this Compensation Discussion and Analysis.

REPORT OF THE COMPENSATION COMMITTEES

The Compensation Committees have reviewed the Compensation Discussion and Analysis and discussed it with the management of Carnival Corporation & plc. Based on their review and discussions with management, the Compensation Committees recommended to our Boards of Directors that the Compensation Discussion and Analysis be incorporated by reference into the Carnival Corporation & plc 2017 joint Annual Report on Form 10-K and included in the Carnival Corporation & plc 2018 Proxy Statement. This Report is provided by the following independent Directors, who comprise the Compensation Committees:

The Compensation Committee of Carnival Corporation	The Compensation Committee of Carnival plc
Randall J. Weisenburger, Chair Richard J. Glasier Laura Weil	Randall J. Weisenburger, Chair Richard J. Glasier Laura Weil

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committees are comprised entirely of three independent Directors listed above. No member of the Compensation Committees is a current, or during fiscal 2017 was a former, officer or employee of Carnival Corporation, Carnival plc or any of their subsidiaries. During fiscal 2017, no member of the Compensation Committees had a relationship that must be described under the SEC rules relating to disclosure of related person transactions. In fiscal 2017, none of our executive officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on the Board or the Compensation Committee of Carnival Corporation or Carnival plc.

COMPENSATION TABLES

Although Carnival Corporation and Carnival plc are two separate entities, our business is run by a single senior management team. The following tables, narrative and footnotes discuss the compensation of our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers for the year ended November 30, 2017, who are referred to as the Named Executive Officers. Mr. Thamm's cash compensation was payable in euro. These euro amounts have been converted into U.S. dollars at the average U.S. dollar to euro exchange rate for fiscal 2017 of \$1.12:€1.

(1) No stock option grants were made in fiscal 2015 through 2017. The amounts included in the "Summary Compensation Table" reflect the grant date fair value, assuming no risk of forfeiture of the grants of Carnival Corporation restricted shares and Carnival plc RSUs made to our Named Executive Officers in fiscal 2017, calculated in accordance with ASC 718. The valuation of share-based grants is discussed in Notes 2 and 12 to the financial statements in the Carnival Corporation & plc joint Annual Report on Form 10-K for the year ended November 30, 2017. The amounts reflect the grant date fair value (100% of target) of the annual SEA grants made in January 2017 and PBS grants made in April 2017, calculated in accordance with ASC 718. The grant date fair value of the annual SEA grants and PBS grants assuming combined maximum performance (being 200% and 600% of target, respectively) is \$19,322,888 for Mr. Donald, \$5,506,461 for Mr. Bernstein, \$6,967,844 for Mr. Kruse, \$1,951,591 for Mr. Perez and \$6,939,315 for Mr. Thamm. For the proceeds actually received by the Named Executive Officers upon the vesting of restricted shares or RSUs, see the "Stock Vested for Fiscal 2017" table. For the grant date fair value of equity grants made to our Named Executive Officers as compensation for fiscal 2017, which grants were made in January 2018, see the "Equity Grants Made During Fiscal 2018 as Compensation for Fiscal 2017" table.

(2) See the "All Other Compensation" table for additional information.

The amounts set forth in the column entitled Stock Awards in the “Summary Compensation Table” do not represent the equity-based compensation granted as compensation for fiscal 2017. As required by SEC rules and as described in Note 1 to the “Summary Compensation Table,” the amounts reported in this column only reflect the PBS, SEA and MTE grants made during fiscal 2017. The amounts reported in this column do not include value associated with MTE grants made in January 2018 that are described in the Compensation Discussion and Analysis. The MTE grants made to our Named Executive Officers in January 2018 as compensation for fiscal 2017 are as follows:

Equity Grants Made During Fiscal 2018 as Compensation for Fiscal 2017

Name	Grant Date Fair Value of Stock Awards ⁽¹⁾ (\$)
Arnold W. Donald	2,188,460
David Bernstein	583,589
Stein Kruse	873,973
Arnaldo Perez	364,732
Michael Thamm	416,898

- (1) The amounts are the full value of the MTE grants on January 16, 2018, the date the grants were made effective. The value for Carnival plc ordinary shares has been converted from sterling into U.S. dollars based on the January 16, 2018 exchange rate of \$1.38:£1. The full grant date fair value for a grant is the amount that Carnival Corporation & plc will expense in their financial statements over the grant's vesting period or until the retirement eligibility date, if such date is earlier than the vesting date, when vesting is not contingent upon any future performance. The full grant date fair value may not correspond to the actual value that will be realized.

- (1) Certain of our Named Executive Officers are eligible to participate in an executive health insurance program, which includes a fully insured plan and a secondary insured plan. Amounts reported represent the cost of the premiums paid on a Named Executive Officer's behalf under these plans plus the additional costs of medical services rendered during the fiscal year. Named Executive Officers participating in this plan generally have until March 31, 2018 to submit their 2017 claims for reimbursement, and as a result, these amounts may increase. The maximum amount that may be reimbursed in any year under the secondary plan is \$20,000.
- (2) Represents the aggregate incremental cost to Carnival Corporation & plc for travel on the Aircraft not related to company business. The aggregate incremental cost for the use of the Aircraft for personal travel is calculated by multiplying the hourly

variable cost rate for the Aircraft used by the hours used. The hourly variable cost rate primarily includes fuel, airport handling and other fees, Aircraft repairs and maintenance, crew expenses and catering. The hourly variable cost rate is recomputed annually to reflect changes in costs. Fixed costs which do not change based on usage, such as pilots' salaries, Aircraft depreciation and overhead costs, are excluded.

- (3) Includes the total amount of other benefits provided, none of which individually exceeded \$10,000 for the designated Named Executive Officer. These other benefits include: accidental death or dismemberment insurance premiums, disability insurance premiums, life insurance premiums, unused leave, the opportunity to travel on Carnival Corporation & plc cruise lines for reduced fares, and gross-ups for a portion of income taxes for spousal travel.

Additional information with respect to Carnival plc's compensation and reimbursement practices during fiscal 2017 for Non-Executive Directors is included in Part II of the Carnival plc Directors' Remuneration Report, which is attached as Annex B to this Proxy Statement.

Pension Benefit in Fiscal 2017

Messrs. Donald, Bernstein, Kruse and Thamm do not participate in any defined benefit pension plans sponsored by Carnival Corporation or Carnival plc. Mr. Perez participates in the Retirement Plan.

Name	Plan Name	Number of Years Credited Service ⁽¹⁾ (#)	Present Value of Accumulated Benefit ⁽²⁾ (\$)	Payments During Last Fiscal Year ⁽³⁾ (\$)
Arnold W. Donald	None	—	—	—
David Bernstein	None	—	—	—
Stein Kruse	None	—	—	—
Arnaldo Perez	Retirement Plan	5	122,440	0
Michael Thamm	None	—	—	—

(1) Credited service reflects service up to the freeze date of December 31, 1997.

(2) The present value of accumulated benefit was calculated based on the interest rate assumption disclosed in Note 12 to the financial statements in the Carnival Corporation & plc joint Annual Report on Form 10-K for the year ended November 30, 2017, which was used to calculate the fiscal 2017 year-end liability for the plan. Due to taxation issues created by the adoption of Section 457A, benefits accrued as of December 31, 2008 under the Retirement Plan were paid a lump sum in December 2017.

(3) Mr. Perez has not accrued or received (and is not entitled to accrue) any additional benefits under the Retirement Plan after December 31, 2008.

The Retirement Plan is unfunded and is not qualified for U.S. tax purposes. Mr. Perez's benefit accruals in the Retirement Plan both for credited service and compensation were both frozen as of December 31, 1997. Mr. Perez's benefits under the Retirement Plan were calculated based on age, length of service with Carnival Corporation and the average of his five highest consecutive years of compensation out of the last ten years of service up to December 31, 1997. The benefit formula provides an annual benefit accrual equal to 1% of his earnings for the year up to "covered compensation" plus 1.6% of earnings for the year in excess of covered compensation then multiplied by the his years of service up to a maximum of 30 years of credited service, up to December 31, 1997. The elements of compensation to determine his benefits are his base salary and annual bonus. Mr. Perez is vested in his respective benefit in accordance with the terms of the Retirement Plan. As a result of the adoption of Section 457A, benefits under the Retirement Plan were paid as a lump sum in December 2017. The normal form of payment is a continuous and certain annuity for five years. Benefits payable in other forms are actuarially equivalent. At December 1, 2017, the accrued annual benefit payable as a five-year certain and continuous annuity under the Retirement Plan to Mr. Perez was \$11,402, which was converted to a lump sum of \$122,440 and paid out in December 2017.

Nonqualified Deferred Compensation in Fiscal 2017

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last FYE (\$)
Arnold W. Donald	—	—	—	—	—
David Bernstein	—	—	30,035	—	231,653
Stein Kruse	—	—	—	—	—
Arnaldo Perez	—	—	26,346	—	471,016
Michael Thamm	—	—	—	—	—

Until December 31, 2008, Mr. Bernstein and Mr. Perez could defer salary and/or bonus amounts into the Savings Plan, which is a nonqualified defined contribution plan for U.S. tax purposes. As described

in the “Pensions and Deferred Compensation Plans” section of the Compensation Discussion and Analysis, effective January 1, 2009, they could no longer defer any salary or bonus amounts into the Savings Plan. Although the Savings Plan is unfunded, Carnival Corporation had established a “rabbi trust” that held any executive deferrals and company contributions to the Savings Plan.

Benefits were paid based on the participant’s form and timing elections made in accordance with applicable Section 409A Treasury Regulations. Benefits were based on the participant’s deferrals of cash compensation and associated earnings and losses based on the investment allocation selected by the participant. The investment options available to participants in the Savings Plan were identical to those available to participants in the 401(k) Plan, except for the Standard & Poor’s index fund and money market investment options. A participant could have changed his or her investment allocation at any time.

For every dollar Mr. Bernstein and Mr. Perez deferred into the Savings Plan prior to January 1, 2009, Carnival Corporation matched 50% up to the lower of:

- 50% of the U.S. Internal Revenue Service qualified plan limitation; or
- 6% of his eligible pay.

“Eligible pay” includes regular pay (before any pre-tax contributions from his pay and taxes) and bonus. Carnival Corporation also made profit sharing contributions into the Savings Plan based upon their eligible pay and years of service according to the following schedule:

Years of Service	Award (% of Eligible Pay)
Less than 2	0%
2-5	1%
6-9	2%
10-13	3%
14-16	5%
17-19	7%
20-22	9%
23-25	12%
26 and over	15%

Following the promulgation of Section 457A, salary and bonus deferrals into the Savings Plan are no longer permitted. As a result, Messrs. Donald, Bernstein and Perez and all other Savings Plan participants and those who are deemed highly compensated employees under IRS regulations are paid the equivalent of their annual matching award (less any amount actually contributed by Carnival Corporation to the 401(k) Plan on their behalf as a matching contribution) and profit sharing contribution as additional cash compensation. The effect of this provision will result in no additional benefit for Messrs. Donald, Bernstein and Perez and will not result in a material incremental cost to Carnival Corporation. As of November 30, 2017, Messrs. Donald, Bernstein and Perez had 5, 20 and 26 years of service, respectively.

In accordance with Section 457A of the U.S. Internal Revenue Code, Carnival Corporation paid out all benefits accrued under the Retirement Plan and the Savings Plan in December 2017.

Additional information with respect to pension plan arrangements for Carnival plc for the year ended November 30, 2017 is included in Part I of the Carnival plc Directors’ Remuneration Report included in this Proxy Statement as the Compensation Discussion and Analysis and Part II of the Carnival plc Directors’ Remuneration Report, which is attached as Annex B to this Proxy Statement.

These benefits are generally available to all employees. Messrs. There are no special or enhanced executive benefits under our pension and nonqualified deferred compensation plans and programs.

Cash Severance Benefits

It is the policy of the Compensation Committees for executive officers to have notice periods of not more than 12 months in duration. The Compensation Committees may make an exception to this practice where they believe doing so would be in the best interests of Carnival Corporation and Carnival plc and their shareholders. The Compensation Committees will continue to consider the individual circumstances of each case taking account of best practice in the UK and the U.S. and the expected cost to Carnival Corporation & plc of any termination of an executive's employment arrangements.

Accordingly, Messrs. Bernstein, Kruse and Perez have no employment agreements and no entitlement to severance except for possible retention of unvested restricted share grants depending on the circumstances of their separation of employment discussed below.

Messrs. Donald and Thamm are our only Named Executive Officers with employment agreements providing cash severance and other benefits. The table below details the various payments associated with certain termination events. Payment outcomes associated with the treatment of equity is detailed in the “Potential Value of Equity Grants upon Termination of Employment or Change of Control” section.

Equity-Based Compensation

Vesting of restricted shares and RSUs upon termination of a Named Executive Officer's employment is dependent upon the reasons his employment is terminated, the terms of the respective equity plan and the associated equity grant agreement. Equity grants made to our Named Executive Officers are subject to the same terms as all other participants generally, except as described below.

Carnival Corporation 2011 Stock Plan. All our Named Executive Officers except Mr. Thamm received equity grants under the Carnival Corporation 2011 Stock Plan. The terms of the Carnival Corporation

COMPENSATION

Potential Payments Upon Termination or Change of Control

2011 Stock Plan and the equity grant agreements applicable to participants generally provide that upon termination for death or disability, all unvested equity grants will immediately vest. The terms of the equity grants to Named Executive Officers provide that if their employment is terminated without cause or they voluntarily terminate due to a diagnosis of a terminal medical condition, the restricted share and MTE grants will continue to vest according to their original vesting schedule and remain subject to confidentiality and non-competition provisions. The SEA grants will also be retained if employment is terminated without cause. For the purposes of the agreement, “cause” is defined as any action or inaction which constitutes fraud, embezzlement, misappropriation, dishonesty, breach of trust, a felony or moral turpitude, as determined by the Boards of Directors.

Upon retirement, restricted share and MTE grants continue to vest according to their terms as though employment had not ended; provided, however, that as each participant reaches retirement age, 50% of the grant will immediately vest, if such participant becomes subject to tax withholding at that time. Retirement is defined as voluntary termination of an employee being at least 60 years of age with 15 years of service or at least 65 years of age with five years of service. Upon involuntary termination within 12 months after a change of control, the restricted period on all restricted shares and RSUs immediately expires.

Change of control means the occurrence of any of the following:

- the acquisition by any individual, entity or group of beneficial ownership of 50% or more of either (A) the then outstanding shares of common stock of Carnival Corporation or (B) the combined voting power of the then outstanding voting securities of Carnival Corporation and Carnival plc entitled to vote generally in the election of Directors, except that this provision does not apply to affiliated companies or the Arison family,
- incumbent Directors cease to constitute at least a majority of the Boards of Directors;
- the dissolution or liquidation of Carnival Corporation;
- the sale, transfer or other disposition of all or substantially all of the business or assets of Carnival Corporation; or
- the consummation of a reorganization, recapitalization, merger, consolidation, statutory share exchange or similar form of corporate transaction involving Carnival Corporation that requires the approval of the shareholders, whether for such transaction or the issuance of securities in the transaction.

All of the equity grants made to participants, including our Named Executive Officers, contain clawback and forfeiture provisions in the event of a violation of confidentiality or non-compete provisions (which restrict them from competing with Carnival Corporation & plc for the remainder of the grant’s vesting period) or fraud or conduct contributing to any financial restatements or irregularities.

Carnival plc Employee Share Plans. Mr. Thamm is the only Named Executive Officer who received grants under the Carnival plc 2014 Employee Share Plan and the predecessor Carnival plc 2005 Employee Share Plan. Mr. Thamm receives the same treatment under the plans as other participants generally, except that if his employment is terminated without cause or he voluntarily terminates due to diagnosis of a terminal medical condition, all time-based share (“TBS”) and MTE grants will continue to vest according to their original vesting schedule and remain subject to confidentiality and non-competition provisions. The SEA grants will also be retained if employment is terminated without cause. All grants vest upon termination of employment for death or disability. Upon retirement, all TBS and MTE grants will continue to vest according to their terms as if the employment had not been terminated. Retirement is defined as voluntary termination of an employee being at least 60 years of age with 15 years of service or at least 65 years of age with five years of service. Upon involuntary termination within 12 months after a change of control, the restricted period on all RSUs immediately expires.

Change of control is defined to mean the occurrence of any of the following:

- a person (either alone or together with any person acting in concert with him) obtaining control of Carnival plc as a result of a general offer or otherwise for the whole of the share capital of Carnival plc (other than those shares which are already owned by him and/or any person acting in concert with him);
- the acquisition by any individual, entity or group of beneficial ownership of 50% or more of either (A) the then outstanding shares of Carnival plc or (B) the combined voting power of the then outstanding voting securities of Carnival plc entitled to vote generally in the election of Directors, except that this provision does not apply to affiliated companies or members of the Arison family;
- incumbent Directors cease to constitute at least a majority of the Boards of Directors;
- a person becoming bound or entitled to give notice under Sections 428 to 430F of the Companies Act to acquire shares;
- a court directing that a meeting of the holders of shares be convened pursuant to Section 425 of the Companies Act for the purposes of considering a scheme of arrangement of Carnival plc or its amalgamation with any other company or companies and the scheme of arrangement being approved by the shareholders' meeting or sanctioned by the court;
- notice being duly given of a resolution for the voluntary winding-up of Carnival plc;
- the sale, transfer or other disposition of all or substantially all of the business or assets of Carnival plc; or
- the completion of a reorganization, recapitalization, merger, consolidation, share exchange or similar form of corporate transaction involving Carnival plc that requires the approval of the shareholders, whether for such transaction or the issuance of securities in the transaction.

All of the equity grants made to our Named Executive Officers contain confidentiality and non-compete provisions that restrict them from competing with Carnival plc. If they breach either of these provisions, they will forfeit the right to receive all unvested and unexercised equity grants.

Potential Value of Equity Grants Upon Termination of Employment or Change of Control

The following table details the value of all outstanding restricted share and RSU grants that would have become vested, or that could have continued to vest, subject to any non-compete and confidentiality requirement, for termination of employment or upon a change of control as of November 30, 2017. The true value of these equity grants for future vesting periods is subject to market fluctuations occurring over time.

AUDIT MATTERS

REPORT OF THE AUDIT COMMITTEES

Carnival Corporation and Carnival plc are two separate legal entities and, therefore, each has a separate Board of Directors, each of which in turn has its own Audit Committee. In accordance with their charter, each Audit Committee assists the relevant Board of Directors in carrying out its oversight of:

- the integrity of the relevant financial statements;
- Carnival Corporation and Carnival plc's compliance with legal and regulatory requirements, other than requirements related to HESS;
- the auditors' qualifications and independence;
- the performance of Carnival Corporation & plc's internal audit functions and independent auditors; and
- relevant elements of Carnival Corporation and Carnival plc's risk management programs.

Both Audit Committees are subject to the audit committee independence requirements under the corporate governance standards of the New York Stock Exchange and relevant SEC rules, and the Audit Committee of Carnival plc is also subject to the requirements of the UK Corporate Governance Code. The two Audit Committees have identical members and each currently consists of five independent (as defined by the listing standards of the New York Stock Exchange, SEC rules and the UK Corporate Governance Code) Non-Executive Directors. The Carnival Corporation Board of Directors has determined that each member of the Audit Committees is both "independent" and an "audit committee financial expert," as defined by SEC rules and New York Stock Exchange listing standards. In addition, the Carnival plc Board of Directors has determined that each member of the Audit Committees has "recent and relevant financial experience" for purposes of the UK Corporate Governance Code and that the Audit Committees as a whole have competence relevant to the sector in which Carnival Corporation & plc operate.

Management has primary responsibility for Carnival Corporation & plc's financial reporting process, including their system of internal control, and for the preparation of consolidated financial statements. Carnival Corporation & plc's independent auditor is responsible for performing an independent audit of those financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. The Audit Committees are responsible for monitoring and overseeing the financial reporting process and the preparation of consolidated financial statements and for supervising the relationship between Carnival Corporation & plc and its independent auditor, as well as reviewing the group's systems of internal controls and compliance with the group Code of Business Conduct and Ethics. The Audit Committees have met and held discussions with management of Carnival Corporation & plc and the independent auditor. In this context, management represented to the Audit Committees that Carnival Corporation & plc's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles.

The Audit Committees:

- reviewed and discussed Carnival Corporation & plc's audited consolidated financial statements for the year ended November 30, 2017 with Carnival Corporation & plc's management and with Carnival Corporation & plc's independent auditor;
- discussed with Carnival Corporation & plc's independent auditor the matters required to be discussed under applicable standards of the Public Company Accounting Oversight Board; and
- received the written disclosures and the letter from Carnival Corporation & plc's independent accountants required by applicable requirements of the Public Company Accounting Oversight

AUDIT MATTERS

Independent Registered Certified Public Accounting Firm

Board regarding the independent accountants' communications with the Audit Committees concerning independence and discussed with Carnival Corporation & plc's independent auditor the independent auditors' independence.

The Audit Committees also considered whether the provision to the relevant entity by the independent auditor of non-audit services was compatible with maintaining the independence of the independent auditor. Based on the reviews and discussions described above, the Audit Committees recommended to the Boards of Directors that the audited consolidated financial statements of Carnival Corporation & plc be included in Carnival Corporation & plc's Annual Report on Form 10-K for the year ended November 30, 2017 for filing with the SEC.

Audit and Non-Audit Fees

PricewaterhouseCoopers LLP were the auditors of Carnival Corporation & plc during fiscal 2017 and fiscal 2016. Aggregate fees for professional services rendered to Carnival Corporation & plc by PricewaterhouseCoopers LLP for the years ended November 30, 2017 and 2016 were as follows (in millions):

Type of Fee	2017	2016
Audit Fees	\$5.4	\$5.7
Audit-Related Fees	0.1	0.3
Tax Fees	0.0	0.0
All Other Fees	0.0 ⁽¹⁾	0.0 ⁽¹⁾
Total	\$5.5	\$6.0

(1) Less than \$50,000.

Audit Fees for 2017 and 2016 were for professional services rendered for the integrated audits of the Carnival Corporation & plc consolidated financial statements and systems of internal control over financial reporting, quarterly reviews of our joint Quarterly Reports on Form 10-Q, the audits of the Carnival plc consolidated IFRS financial statements, consents, registration statements, statutory audits of various international subsidiaries and the issuance of comfort letters.

Audit-Related Fees for 2017 and 2016 were principally for consultations related to financial accounting and reporting standards and for services rendered for the audit of our sustainability reports.

All of the services described above were approved by the Audit Committees, and in doing so, the Audit Committees did not rely on the *de minimis* exception set forth in Rule 2-01(c)(7)(i)(C) under Regulation S-X.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Certified Public Accounting Firm

The Audit Committees have adopted Key Policies and Procedures which address, among other matters, pre-approval of audit and permissible non-audit services provided by the independent registered certified public accounting firm. The Key Policies and Procedures require that all services to be provided by the independent registered certified public accounting firm must be approved by the Audit Committees prior to the performance of such services. The Audit Committees consider whether the services requested are consistent with the rules of the SEC and UK Financial Reporting Council on auditor independence.

PROPOSALS 14 & 15

RE-APPOINTMENT AND REMUNERATION OF INDEPENDENT AUDITORS OF CARNIVAL PLC AND RATIFICATION OF INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM OF CARNIVAL CORPORATION

The Audit Committee of the Board of Directors of Carnival plc has selected the UK firm of PricewaterhouseCoopers LLP as Carnival plc's independent auditors for the year ending November 30, 2018. The Audit Committee of the Board of Directors of Carnival Corporation has selected the U.S. firm of PricewaterhouseCoopers LLP as Carnival Corporation's independent registered certified public accounting firm for the year ending November 30, 2018. Representatives of both the U.S. and UK firms of PricewaterhouseCoopers LLP are expected to be present at the Annual Meetings, will have an opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions from shareholders.

Proposal 14 would re-appoint the UK firm of PricewaterhouseCoopers LLP as the independent auditors of Carnival plc until the conclusion of the next Annual General Meeting of Carnival plc. It is a requirement of Section 489(2) of the Companies Act that Carnival plc appoint its independent auditors before the end of a general meeting at which its annual accounts and reports are laid (which occurs at its Annual General Meeting). Proposal 14 would also ratify the selection of the U.S. firm of PricewaterhouseCoopers LLP as the independent registered certified public accounting firm of Carnival Corporation.

Although ratification by our shareholders of the appointment of an independent certified public accounting firm of Carnival Corporation is not legally required, our Boards of Directors believe that such action is desirable. If our shareholders do not approve Proposal 14, the Audit Committees will consider the selection of another accounting firm for 2019 and future years.

Under Proposal 15, you are being asked to authorize the Audit Committee of Carnival plc to determine the remuneration of the UK firm of PricewaterhouseCoopers LLP as independent auditors of Carnival plc.

The Boards of Directors unanimously recommend a vote **FOR the re-appointment of the UK firm of PricewaterhouseCoopers LLP as Carnival plc's independent auditors for the 2018 fiscal year, the ratification of the selection of the U.S. firm of PricewaterhouseCoopers LLP as Carnival Corporation's independent registered certified public accounting firm for the 2018 fiscal year and the authorization of the Audit Committee of Carnival plc to determine the remuneration of the UK firm of PricewaterhouseCoopers LLP.**

OTHER PROPOSALS

PROPOSAL 16

RECEIPT OF ACCOUNTS AND REPORTS OF CARNIVAL PLC

The Directors of Carnival plc are required by the Companies Act to present Carnival plc's financial statements, the UK statutory Directors' Report, the UK statutory Strategic Report and the auditors' report relating to those accounts to the Carnival plc shareholders. Accordingly, the Directors of Carnival plc lay before the Annual Meetings the Carnival plc accounts and the reports of the Directors and auditors for the year ended November 30, 2017, which have been approved by and signed on behalf of Carnival plc's Board of Directors and will be delivered to the Registrar of Companies in the UK following the Annual Meetings. Shareholders are voting to approve receipt of these documents, as UK law does not require shareholder approval of the substance and content of these documents. The UK statutory Directors' Report is attached as Annex A to this Proxy Statement and the UK statutory Strategic Report is included within the Carnival plc consolidated IFRS financial statements. The full accounts and reports of Carnival plc will be available for inspection prior to and during the Annual Meetings.

The Boards of Directors unanimously recommend a vote **FOR the receipt of the accounts and reports of Carnival plc for the year ended November 30, 2017.**

PROPOSALS 17 & 18

APPROVAL OF THE GRANT OF AUTHORITY TO ALLOT NEW CARNIVAL PLC SHARES AND THE DISAPPLICATION OF PRE-EMPTION RIGHTS APPLICABLE TO THE ALLOTMENT OF NEW CARNIVAL PLC SHARES

Summary. Proposal 17 authorizes the Directors of Carnival plc to issue, until the next Annual General Meeting of Carnival plc (or, if earlier, until the close of business on July 10, 2019), a maximum number of Carnival plc ordinary shares (or to grant rights to subscribe for or convert any securities into ordinary shares up to a maximum aggregate amount) without further shareholder approval. Proposal 18 authorizes the Directors of Carnival plc to issue (or sell any ordinary shares which Carnival plc elects to hold in treasury), until the next Annual General Meeting of Carnival plc (or, if earlier, until the close of business on July 10, 2019), a maximum number of Carnival plc ordinary shares for cash without first offering them to existing shareholders in accordance with the pre-emption rights that would otherwise be applicable. As is the case with many UK companies, these resolutions are proposed each year as the Directors believe occasions may arise from time to time when it would be beneficial for shares to be allotted without shareholder approval and for shares to be allotted for cash without making a pre-emptive offer. The Carnival plc Directors have no current commitments or plans to allot additional shares of Carnival plc using these authorities.

Discussion. Under Article 30 of the Articles of Association of Carnival plc, the Directors have, for a "prescribed period," unconditional authority to allot ordinary shares in Carnival plc up to an aggregate nominal amount known as the "allotment amount."

The power to implement the authority provided by Article 30 is sought each year by the proposal of an ordinary resolution to establish the prescribed period and the allotment amount. By passing this ordinary resolution, shareholders are authorizing the Board of Carnival plc to issue, during the prescribed period, a maximum number of shares having an aggregate nominal value equal to the allotment amount, without further shareholder approval. In the absence of such approval, the issuance of any additional shares would require shareholder approval.

OTHER PROPOSALS

Approval of the Grant of Authority to Allot New Carnival plc Shares and the Disapplication of Pre-emption Rights Applicable to the Allotment of New Carnival plc Shares

Under Article 31 of the Articles of Association of Carnival plc, the Directors have, for the same “prescribed period” referred to above, power to allot a small number of ordinary shares for cash without making a pre-emptive offer to existing shareholders, up to an aggregate nominal amount known as the “disapplication amount.”

The power to implement the authority provided by Article 31 is sought each year by the proposal of a special resolution to establish the disapplication amount. By passing this special resolution, shareholders are authorizing the Board of Carnival plc to issue, during the prescribed period, an amount of shares having an aggregate nominal value equal to the disapplication amount, for cash without first offering them to existing shareholders of Carnival plc.

The Third Amended and Restated Articles of Incorporation of Carnival Corporation do not contain equivalent provisions and holders of Carnival Corporation common stock do not have pre-emption rights. Accordingly, no action is required in respect of the ability of Carnival Corporation to allot shares or to disapply pre-emption rights.

In common with many UK companies, resolutions to renew the prescribed period and re-establish the allotment amount and the disapplication amount are normally proposed each year as the Directors believe occasions may arise from time to time when it would be beneficial for shares to be allotted and for shares to be allotted for cash without making a pre-emptive offer. This is the purpose of Proposal 17 (an ordinary resolution) and Proposal 18 (a special resolution). As usual, the prescribed period is the period from the passing of the resolutions until the next Annual General Meeting (or, if earlier, until the close of business on July 10, 2019).

Guidelines issued by the Investment Association, whose members are some of the largest institutional investors in UK listed companies, require the allotment amount to be limited to one-third of the issued ordinary share capital (except in the case of a rights issue). By reference to Carnival plc's issued ordinary share capital on January 18, 2018, the maximum allotment amount in paragraph (a) of Proposal 17 is \$115,837,721, which is equal to 69,781,759 new Carnival plc ordinary shares, being one-third of the amount of the issued ordinary share capital (excluding treasury shares).

In line with guidance issued by the Investment Association, paragraph (b) of Proposal 17 would give the Directors of Carnival plc authority to allot ordinary shares or grant rights to subscribe for or convert any securities into ordinary shares in connection with a rights issue in favor of ordinary shareholders up to an aggregate nominal amount equal to \$231,675,442 (representing 139,563,519 ordinary shares), as reduced by the nominal amount of any shares issued under paragraph (a) of Proposal 17. This amount (before any reduction) represents approximately two-thirds of the issued ordinary share capital (excluding treasury shares) of Carnival plc as at January 18, 2018. However, if they do exercise the authorities given to them if Proposals 17 and 18 are passed, the Directors intend to follow the Investment Association's recommendations concerning their use (including as regards the Directors standing for election or re-election in certain cases).

Guidelines issued by the Pre-Emption Group, a group comprising representatives of UK listed companies, investment institutions and corporate finance practitioners and formed under the support of the London Stock Exchange to monitor the operation of the Guidelines, recommend that a resolution to disapply the statutory pre-emption rights provided by UK company law should be limited to an amount of equity securities not exceeding 5% of the nominal value of the company's issued ordinary share capital. By reference to Carnival plc's issued ordinary share capital on January 18, 2018, the maximum disapplication amount is \$17,375,658, which is equal to 10,467,263 new Carnival plc ordinary shares. In respect of this aggregate nominal amount, the Directors of Carnival plc confirm their intention to follow the provisions of the Pre-Emption Group's Statement of Principles regarding cumulative usage

OTHER PROPOSALS

General Authority to Buy Back Carnival plc Ordinary Shares

of authorities within a rolling three-year period where the Principles provide that usage in excess of 7.5% should not take place without prior consultation with shareholders.

In summary, if Proposals 17 and 18 were passed, the extent of the authority of the Directors to allot new Carnival plc ordinary shares for cash on terms which would be dilutive to the existing shareholdings of Carnival plc shareholders, without shareholder approval, would be limited to 10,467,263 new Carnival plc ordinary shares, being 5% of the issued ordinary share capital of Carnival plc at January 18, 2018. The Directors have no current commitments or plans to allot additional shares of Carnival plc under these authorities. Furthermore, the adoption of Proposals 17 and 18 would have no material effect on the ability of Carnival plc to undertake or defend against a takeover attempt.

In addition to the Repurchase Program (described below), we also have programs that allow us to obtain an economic benefit when either Carnival Corporation common stock is trading at a premium to the price of Carnival plc ordinary shares or Carnival plc ordinary shares are trading at a premium to Carnival Corporation common stock (the “Stock Swap Programs”). For example:

- In the event Carnival Corporation common stock trades at a premium to Carnival plc ordinary shares, we may elect to sell shares of Carnival Corporation common stock, at prevailing market prices in ordinary brokers’ transactions and repurchase an equivalent number of Carnival plc ordinary shares in the UK market.
- In the event Carnival plc ordinary shares trade at a premium to Carnival Corporation common stock, we may elect to sell ordinary shares of Carnival plc, at prevailing market prices in ordinary brokers’ transactions and repurchase an equivalent number of shares of Carnival Corporation common stock in the U.S.

Any realized economic benefit under the Stock Swap Programs is used for general corporate purposes, which could include repurchasing additional stock under the Repurchase Program.

Under the Stock Swap Programs effective 2008, the Boards of Directors have made the following authorizations:

- In January 2017, to sell up to 22.0 million of Carnival Corporation common stock in the U.S. market and repurchase up to 22.0 million of Carnival plc ordinary shares in the UK market.
- In February 2016, to sell up to 26.9 million of existing shares of Carnival plc in the UK market and repurchase up to 26.9 million shares of Carnival Corporation common stock in the U.S. market.

As of January 18, 2018, 7,944,510 Carnival plc ordinary shares are held by Carnival plc in treasury.

The Boards of Directors unanimously recommend a vote **FOR the approval of limits on the authority to allot Carnival plc shares and the disapplication of pre-emption rights for Carnival plc.**

PROPOSAL 19

GENERAL AUTHORITY TO BUY BACK CARNIVAL PLC ORDINARY SHARES

The Boards of Directors have authorized the repurchase of up to an aggregate of \$1 billion of Carnival Corporation common stock and Carnival plc ordinary shares subject to certain restrictions (the “Repurchase Program”). The Repurchase Program does not have an expiration date and may be discontinued by our Boards of Directors at any time.

At January 18, 2018, the remaining availability under the Repurchase Program was \$471 million. We may repurchase shares of Carnival Corporation common stock or Carnival plc ordinary shares under

the Repurchase Program, in addition to repurchases made with net proceeds resulting from the Stock Swap programs described above.

Shareholder approval is not required for us to buy back shares of Carnival Corporation, but is required under the Companies Act for us to buy back shares of Carnival plc. Accordingly, last year Carnival Corporation and Carnival plc sought and obtained shareholder approval to effect market purchases of up to 21,603,849 ordinary shares of Carnival plc (being approximately 10% of Carnival plc's ordinary shares in issue). That approval expires on the earlier of (i) the conclusion of Carnival plc's 2018 Annual General Meeting or (ii) July 4, 2018. Shareholder approval to effect market purchases (within the meaning of Section 693(4) of the Companies Act) once the current authorization expires of up to 20,934,527 ordinary shares of Carnival plc (being 10% of Carnival plc's ordinary shares in issue as of January 18, 2018) is being sought at this year's Annual Meetings. Since last year's Annual Meetings and through January 18, 2018, 4,574,686 Carnival plc ordinary shares have been purchased under the Repurchase Program and the Stock Swap programs. Carnival Corporation & plc treats any such purchases made by Carnival Corporation or Carnival Investments Limited under the Repurchase Program or the Stock Swap programs as if they were made by Carnival plc under the Carnival plc share buy back authority.

The Boards of Directors confirm that the authority to purchase Carnival plc's shares under the Repurchase Program and the Stock Swap program will only be exercised after careful consideration of prevailing market conditions and the position of Carnival plc. In particular, the program will only proceed if we believe that it is in the best interests of Carnival Corporation, Carnival plc and their shareholders generally. The Boards of Directors are making no recommendation as to whether shareholders should sell any shares in Carnival plc and/or Carnival Corporation.

If the Boards of Directors exercise the authority conferred by Proposal 19, we would have the option of holding the shares in treasury, or cancelling them. Shares held in treasury can be re-sold for cash, used for employee share plans or later cancelled. The Boards of Directors think it prudent to maintain discretion as to dealing with the purchased shares. As of January 18, 2018, 7,944,510 Carnival plc ordinary shares are held by Carnival plc in treasury.

The Boards of Directors consider that any buyback of Carnival plc ordinary shares may include the purchase of its American Depositary Shares ("ADSs"), each representing one Carnival plc ordinary share, with a subsequent cancellation of the underlying ADSs. If the underlying ADSs are so cancelled, Carnival plc will either cancel or hold in treasury the ordinary share represented by such ADSs.

The minimum price (exclusive of expenses) which may be paid for each Carnival plc ordinary share is \$1.66, and the maximum price which may be paid is an amount (exclusive of expenses) equal to the higher of:

- 105% of the average middle market quotations for an ordinary share, as derived from the London Stock Exchange Daily Official List, for the five business days immediately preceding the day on which such ordinary share is contracted to be purchased; and
- the higher of the price of the last independent trade and the highest current independent bid on the London Stock Exchange at the time the purchase is carried out.

As of January 18, 2018, there are no options outstanding to subscribe for Carnival plc ordinary shares and Carnival plc has issued 568,112 RSUs, which represent in the aggregate less than 1% of Carnival plc's issued share capital. If 20,934,527 ordinary shares of Carnival plc were purchased by Carnival plc and cancelled, these RSUs would represent in the aggregate less than 1% of Carnival plc's issued share capital.

OTHER PROPOSALS

General Authority to Buy Back Carnival plc Ordinary Shares

The authority to purchase Carnival plc ordinary shares will expire at the conclusion of the Carnival plc Annual General Meeting in 2019 or on July 10, 2019, whichever is earlier (except in relation to any purchases of shares the contract for which was entered before the expiry of such authority).

The Boards of Directors unanimously recommend a vote **FOR the general authority to buy back Carnival plc ordinary shares.**

QUESTIONS AND ANSWERS

QUESTIONS APPLICABLE TO ALL SHAREHOLDERS

Q: *What information is contained in these materials?*

A: The information included in this Proxy Statement relates to the proposals to be voted on at the Annual Meetings, the voting process, the compensation of Directors and certain executive officers and certain other information required by rules promulgated by the SEC and the New York Stock Exchange applicable to both companies. We have attached as Annexes A, B and C to this Proxy Statement information that Carnival plc is required to provide to its shareholders under applicable UK rules.

Q: *What proposals will be voted on at each of the Annual Meetings?*

A: The proposals to be voted on at each of the Annual Meetings are set out in the Notices of Meetings included with this Proxy Statement.

Q: *What is the voting recommendation of the Boards of Directors?*

A: Your Boards of Directors recommend that you vote your shares “FOR” Proposals 1 through 19.

Q: *How does the DLC arrangement affect my voting rights?*

A: On most matters that affect all of the shareholders of Carnival Corporation and Carnival plc, the shareholders of both companies effectively vote together as a single decision-making body. These matters are called “joint electorate actions.” Combined voting is accomplished through the special voting shares that have been issued by each company. Certain matters specified in the organizational documents of Carnival Corporation and Carnival plc where the interests of the two shareholder bodies may diverge are called “class rights actions.” The class rights actions are voted on separately by the shareholders of each company. If either group of shareholders does not approve a class rights action, that action generally cannot be taken by either company. All of the proposals to be voted on at the Annual Meetings are joint electorate actions, and there are no class rights actions.

Q: *Generally, what actions are joint electorate actions?*

A: Any resolution to approve an action other than a class rights action or a procedural resolution (described below) is designated as a joint electorate action. The actions designated as joint electorate actions include:

- the appointment, removal, election or re-election of any Director of either or both companies;
- if required by law, the receipt or adoption of the annual accounts of both companies;
- the appointment or removal of the independent auditors of either company;
- a change of name by either or both companies; or
- the implementation of a mandatory exchange of Carnival plc ordinary shares for Carnival Corporation common stock based on a change in tax laws, rules or regulations.

The relative voting rights of Carnival plc ordinary shares and Carnival Corporation common stock are equalized based on a ratio which we refer to as the “equalization ratio.” Based on the current equalization ratio of 1:1, each share of Carnival Corporation common stock has the same voting rights as one Carnival plc ordinary share on joint electorate actions.

QUESTIONS AND ANSWERS

Questions Applicable to all Shareholders

Q: *How are joint electorate actions voted on?*

A: Joint electorate actions are voted on as follows:

- Carnival plc shareholders vote at the Annual General Meeting of Carnival plc (whether in person or by proxy). Voting is on a poll (or ballot), which remains open for sufficient time to allow the vote at the Carnival Corporation Annual Meeting to be held and reflected in the Carnival plc Annual General Meeting through the mechanism of the special voting share. An equivalent vote is cast at the subsequent Carnival Corporation Annual Meeting on each of the corresponding resolutions through a special voting share issued by Carnival Corporation; and
- Carnival Corporation shareholders vote at the Carnival Corporation Annual Meeting (whether in person or by proxy). Voting is by ballot (or on a poll), which remains open for sufficient time to allow the vote at the Carnival plc Annual General Meeting to be reflected in the Carnival Corporation Annual Meeting through the mechanism of the special voting share. An equivalent vote is cast on the corresponding resolutions at the Carnival plc Annual General Meeting through a special voting share issued by Carnival plc.

A joint electorate action is approved if it is approved by:

- a simple majority of the votes cast in the case of an ordinary resolution (or not less than 75% of the votes cast in the case of a special resolution, if required by applicable law and regulations or Carnival plc's Articles of Association) by the holders of Carnival plc's ordinary shares and the holder of the Carnival plc special voting share voting as a single class at a meeting at which a quorum was present and acting;
- a simple majority of the votes cast (or other majority if required by applicable law and regulations or the Carnival Corporation Articles of Incorporation and By-laws) by the holders of Carnival Corporation common stock and the holder of the Carnival Corporation special voting share, voting as a single class at a meeting which a quorum was present and acting; and
- a minimum of one-third of the total votes available to be voted by the combined shareholders must be cast on each resolution for it to be effective. Formal abstentions (or votes withheld) by a shareholder on a resolution will be counted as having been "cast" for this purpose.

Q: *How are the Directors of each company elected or re-elected?*

A: Resolutions relating to the election or re-election of Directors are considered as joint electorate actions. No person may be a member of the Board of Directors of Carnival Corporation or Carnival plc without also being a member of the Board of Directors of the other company. There are eleven nominees for election or re-election to the Board of Directors of each company this year. Each nominee currently serves as a Director of Carnival Corporation and Carnival plc. All nominees for Director are to be elected or re-elected to serve until the next Annual Meetings and until their successors are elected.

Carnival plc's Articles of Association currently require Directors to submit themselves for election by shareholders at the first Annual General Meeting following their initial appointment to the Board of Directors and for re-election thereafter at subsequent Annual General Meetings at intervals of no more than three years. The Boards of Directors have decided, in accordance with the UK Corporate Governance Code, to submit all Directors for re-election on an annual basis.

Q: *What votes are required to approve the proposals?*

A: Proposals 18 and 19 are required to be approved by not less than 75% of the combined votes cast at both Annual Meetings. Each of the other proposals, including the election or re-election of Directors, requires the approval of a majority of the combined votes cast at both Annual Meetings. Abstentions and broker non-votes are not deemed votes cast for purposes of calculating the vote, but do count for the purpose of determining whether a quorum is present.

If you are a beneficial owner of Carnival Corporation common stock and do not provide the shareholder of record with a signed voting instruction card, your shares may constitute broker non-votes.

Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because:

- the broker has not received voting instructions from the beneficial owner; and
- the broker lacks discretionary voting power to vote such shares.

Accordingly if you are a beneficial owner of shares held through intermediaries such as brokers, banks and other nominees, such intermediaries are not permitted to vote without specific instructions from you unless the matter to be voted on is considered “routine.” In this Proxy Statement, Proposals 14 and 15 (the re-appointment and remuneration of independent auditors of Carnival plc and the ratification of independent registered certified public accounting firm of Carnival Corporation), Proposal 16 (the receipt of accounts and reports of Carnival plc), Proposal 17 (allotment of new shares by Carnival plc), Proposal 18 (disapplication of pre-emption rights in relation to the allotment of new shares by Carnival plc) and Proposal 19 (general authority for Carnival plc to buy back Carnival plc ordinary shares) are considered “routine,” and therefore, brokers are permitted to vote on these proposals without receiving voting instructions from you. On each of the other proposals (the election or re-election of Directors in Proposals 1-11, the approval of the fiscal 2017 compensation of our Named Executive Officers in Proposal 12, approval of the Carnival plc Directors’ Remuneration Report in Proposal 13), your broker, bank or other nominee will not be permitted to vote your shares without receiving voting instructions from you.

Q: *Generally, what are procedural resolutions?*

A: Procedural resolutions are resolutions of a procedural or technical nature that do not adversely affect the shareholders of the other company in any material respect and are put to the shareholders at a meeting. The special voting shares do not represent any votes on “procedural resolutions.” The Chair of each of the meetings will determine whether a resolution is a procedural resolution.

To the extent that such matters require the approval of the shareholders of either company, any of the following will be procedural resolutions:

- that certain people be allowed to attend or be excluded from attending the meeting;
- that discussion be closed and the question put to the vote (provided no amendments have been raised);
- that the question under discussion not be put to the vote (where a shareholder feels the original motion should not be put to the meeting at all, if such original motion was brought during the course of that meeting);
- to proceed with matters in an order other than that set out in the notice of the meeting;
- to adjourn the debate (for example, to a subsequent meeting); and
- to adjourn the meeting.

QUESTIONS AND ANSWERS

Questions Applicable to all Shareholders

Q: *Where can I find the voting results of the Annual Meetings?*

A: The voting results will be announced to the media and the relevant stock exchanges and posted on our website at www.carnivalcorp.com and www.carnivalplc.com, after both Annual Meetings have closed. The results will also be published in a joint current report on Form 8-K within four business days after the date the Annual Meetings have closed.

Q: *What is the quorum requirement for the Annual Meetings?*

A: The quorum requirement for holding the Annual Meetings and transacting business as joint electorate actions at the meetings is one-third of the total votes capable of being cast by all shareholders of both companies. Shareholders may be present in person or represented by proxy or corporate representative at the meetings.

Q: *How is the quorum determined?*

A: For the purposes of determining a quorum with respect to joint electorate actions, the special voting shares have the maximum number of votes attached to them as were cast on such joint electorate actions, either for, against or abstained, at the parallel shareholder meeting of the other company, and such maximum number of votes (including abstentions) constitutes shares entitled to vote and present for the purposes of determining whether a quorum exists at such a meeting.

In order for a quorum to be validly constituted with respect to meetings of shareholders convened to consider a joint electorate action or class rights action, the special voting entities must be present.

Abstentions (including votes withheld) and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Q: *Is my vote confidential?*

A: Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed to third parties except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; or
- to facilitate a successful proxy solicitation by our Boards of Directors.

Occasionally, shareholders provide written comments on their proxy card which are then forwarded to management.

Q: *Who will bear the cost of soliciting votes for the Annual Meetings?*

A: We are providing these proxy materials in connection with the solicitation by the Boards of Directors of proxies to be voted at the Annual Meetings. We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes for the Annual Meetings. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to shareholders.

Q: Can I view the proxy materials electronically?

A: Yes. This Proxy Statement and any other proxy materials have been posted on our website at www.carnivalcorp.com and www.carnivalplc.com. Carnival Corporation shareholders can also access proxy-related materials at www.proxyvote.com as described under “Questions Specific to Shareholders of Carnival Corporation.”

Q: What reports are filed by Carnival Corporation and Carnival plc with the SEC and how can I obtain copies?

A: We file this Proxy Statement, joint Annual Reports on Form 10-K, joint Quarterly Reports on Form 10-Q and joint Current Reports on Form 8-K with the SEC. **Copies of this Proxy Statement, the Carnival Corporation & plc joint Annual Report on Form 10-K for the year ended November 30, 2017, as well as any joint Quarterly Reports on Form 10-Q or joint Current Reports on Form 8-K, as filed with the SEC can be viewed or obtained without charge through the SEC’s website at www.sec.gov (under Carnival Corporation or Carnival plc) or at www.carnivalcorp.com or www.carnivalplc.com. Q: May I propose actions for consideration at next year’s Annual Meetings?

A: Carnival Corporation shareholders and Carnival plc shareholders (to the extent permitted under Carnival Corporation’s and Carnival plc’s governing documents and U.S. and UK law, as applicable) may submit proposals for consideration at future shareholder meetings.

In order for shareholder proposals to be considered for inclusion in our Proxy Statement in accordance with SEC Rule 14a-8 for next year’s Annual Meetings, the written proposals must be received by our Secretary no later than the close of business November 2, 2018. Such proposals will need to comply with applicable SEC regulations regarding the inclusion of shareholder proposals in proxy materials.

Carnival Corporation’s By-laws establish advance notice procedures with regard to shareholder proposals that are not submitted for inclusion in the Proxy Statement, but that shareholders instead wish to present directly at an Annual Meeting. To be properly brought before the Annual Meeting, a notice of the proposal must be submitted to our Secretary at our headquarters no later than six weeks prior to the Annual Meetings of Shareholders or, if later, the time at which the notice of such meeting is publicly disclosed. For shareholders of Carnival plc, the same requirements apply under UK law requirements to submit a notice of a proposal.

Q: May I nominate individuals to serve as Directors?

A: In order to submit a nominee for election at the Annual Meetings you must provide the information required for Director nominations set forth in Carnival Corporation’s and Carnival plc’s governing documents in a timely manner. Specifically, under the governing documents, you must submit your notice of nomination in writing to the attention of our Secretary at our headquarters not later than seven days nor earlier than 42 days prior to the 2019 Annual Meetings.

QUESTIONS SPECIFIC TO SHAREHOLDERS OF CARNIVAL CORPORATION

Q: What Carnival Corporation shares owned by me can be voted?

A: All Carnival Corporation shares owned by you as of February 13, 2018, the record date, may be voted by you. These shares include those

- held directly in your name as the shareholder of record, including shares purchased through Carnival Corporation's Dividend Reinvestment Plan and its Employee Stock Purchase Plan and
- held for you as the beneficial owner through a stockbroker, bank or other nominee.

Q: Will I be asked to vote at the Carnival plc Annual General Meeting?

A: No. Your vote at the Carnival Corporation Annual Meeting, for the purposes of determining the outcome of combined voting, is automatically reflected as appropriate at the parallel Carnival plc Annual General Meeting through the mechanism of the special voting share issued by Carnival plc.

Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: Carnival Corporation is taking advantage of SEC rules that allow it to deliver proxy materials over the Internet. Under these rules, Carnival Corporation is sending its shareholders a one-page notice regarding the Internet availability of proxy materials (the "Notice of Internet Availability of Proxy Materials") instead of a full set of proxy materials, unless they previously requested to receive printed copies. You will not receive printed copies of the proxy materials unless you specifically request them. Instead, this notice tells you how to access and review on the Internet all the important information contained in the proxy materials. This notice also tells you how to submit your proxy card on the Internet and how to request to receive a printed copy of the proxy materials.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: Most of the shareholders of Carnival Corporation hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record

If your shares are registered directly in your name with Carnival Corporation's transfer agent, Computershare Investor Services LLC, you are considered, with respect to those shares, the shareholder of record, and the Notice of Internet Availability of Proxy Materials or set of printed proxy materials, as applicable, is being sent directly to you by us. As the shareholder of record, you have the right to grant your voting proxy directly to the persons named in the proxy or to vote in person at the Annual Meeting. If you request a paper copy of the proxy materials as indicated in the notice, Carnival Corporation will provide a proxy card for you to use.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held under street name, and the Notice of Internet Availability of Proxy Materials or set of printed proxy materials, as applicable, is being forwarded to you by your broker or nominee who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the meeting. If you request a paper copy of the proxy materials as indicated in the notice, your broker or nominee will provide a voting instruction card for you to use.

Q: *How can I vote my Carnival Corporation shares in person at the meeting?*

A: Shares held directly in your name as the shareholder of record may be voted in person at the Annual Meeting in New York, New York, United States of America. If you choose to do so, please bring your proxy card and proof of identification.

Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting. Shares held under street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares. Please refer to the voting instructions provided by your broker or nominee.

Q: *How can I vote my Carnival Corporation shares without attending the Annual Meeting?*

A: Whether you hold shares directly as the shareholder of record or beneficially under street name, you may direct your vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares held under street name, by submitting voting instructions to your broker or nominee. For shareholders of record, you may do this by voting on the Internet or by telephone by following the instructions in the notice you received in the mail. If you received a full printed set of proxy materials in the mail, you can also vote by signing your proxy card and mailing it in the enclosed envelope. If you provided specific voting instructions, your shares will be voted as you instruct. If you submit a proxy but do not provide instructions, your shares will be voted as described below in "How are votes counted?" Where your shares are held under street name, in most instances you will be able to do this over the Internet or by telephone by following the instructions in the notice you received in the mail, or if you received a full printed set of proxy materials in the mail, by mail. Please refer to the voting instruction card included by your broker or nominee.

Q: *Can I change my vote?*

A: Yes. You may change your proxy instruction at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a

later date (which automatically revokes the earlier proxy) or by attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares owned beneficially by you, you may accomplish this by submitting new voting instructions to your broker or nominee.

Q: *What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials or set of printed proxy materials, as applicable?*

A: It means your shares are registered differently or are in more than one account. Please follow the instructions in each notice to ensure all of your shares are voted.

Q: *Only one Notice of Internet Availability of Proxy Materials or set of printed proxy materials was delivered to my address, but there are two or more shareholders at this address. How do I request additional copies of the proxy materials?*

A: Broadridge Financial Solutions, Inc., the entity we have retained to mail the Notice of Internet Availability of Proxy Materials or printed proxy materials to Carnival Corporation's registered owners and the entity retained by the brokerage community to mail the Notice of Internet Availability of Proxy Materials or printed proxy materials to Carnival Corporation's beneficial owners, has been instructed to deliver only one notice or set of printed proxy materials to multiple security holders sharing an address unless we have received contrary instructions from you or one of the other shareholders. We will promptly deliver a separate copy of the notice or set of printed proxy materials for this year's Annual Meeting or for any future meetings to any shareholder upon written or oral request. To make such request, please contact Broadridge Financial Solutions at 1-866-540-7095, or write to Broadridge Financial Solutions, Attention: Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Similarly, you may contact us through any of these methods if you receive multiple notices or sets of printed proxy materials and would prefer to receive a single copy in the future.

Q: *Who can attend the Carnival Corporation Annual Meeting?*

A: All Carnival Corporation shareholders of record as of February 13, 2018, or their duly appointed proxies, may attend and vote at the Annual Meeting. Each attendee may be asked to present valid government-issued picture identification, such as a driver's license or passport.

If you hold your shares through a stockbroker or other nominee, you will need to provide proof of ownership by bringing either a copy of the voting instruction card provided by your broker or a copy of a brokerage statement showing your share ownership as of February 13, 2018, together with proof of identification. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

We are also offering an audio replay of the business portion of the Annual Meetings, which will be available shortly after the meetings. If you choose to listen to the replay, go to the Financial Information tab of "Investor Relations" section of our website at www.carnivalcorp.com or www.carnivalplc.com. Then, click on Webcasts/Presentations and follow the instructions provided.

Q: *What class of shares are entitled to be voted at the Carnival Corporation Annual Meeting?*

A: Carnival Corporation has only one class of common stock outstanding. Each share of Carnival Corporation common stock outstanding as of the close of business on February 13, 2018, the record date, is entitled to one vote at the Annual Meeting. As of February 13, 2018, the record date, Carnival Corporation had 534,352,947 shares of common stock issued and outstanding. The

trust shares of beneficial interest in the P&O Princess Special Voting Trust that are paired with your shares of common stock do not give you separate voting rights.

Q: *How are votes counted?*

A: You may vote “FOR,” “AGAINST” or “ABSTAIN” for each of the proposals. If you “ABSTAIN,” it has no effect on the outcome of the votes, although abstentions will be counted for the purposes of determining if a quorum is present for joint electorate actions. If you submit a proxy or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Boards of Directors.

Q: *What happens if additional proposals are presented at the Annual Meeting?*

A: Other than the proposals described in this Proxy Statement, Carnival Corporation does not expect any matters to be presented for a vote at the 2018 Annual Meeting. If you grant a proxy, the persons named as proxy holders, Micky Arison, Carnival Corporation’s Chairman of the Board, and Arnaldo Perez, Carnival Corporation’s General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is unable to accept nomination or election (which is not anticipated), the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Boards of Directors.

Q: *Who will count the vote?*

A: Broadridge Financial Solutions will tabulate the votes and act as the inspector of elections.

CARNIVAL PLC DIRECTORS' REPORT

Directors' Report

Carnival plc and Carnival Corporation are separate legal entities (together referred to as "Carnival Corporation & plc") and each company has its own Board of Directors and Committees of the Board. However, as is required by the agreements governing the dual listed company ("DLC") arrangement, there is a single senior management team and the Boards of Directors and members of the Committees of the Boards are identical. This Directors' Report has been prepared and presented in accordance with and in reliance upon UK company law and, accordingly, the liabilities of the Directors in connection with this Directors' Report shall be subject to the limitations and restrictions provided by such law.

In accordance with the UK Financial Conduct Authority's Listing Rules, the information to be included in the Annual Report and Accounts, where applicable, under Listing Rule 9.8.4, is set out in this Directors' Report, with the exception of the details regarding interest capitalized, which are set out in the Carnival plc consolidated IFRS financial statements, and the details of long-term incentive schemes, which are set out in the Carnival plc Directors' Remuneration Report.

Future developments of the business and business model of Carnival Corporation & plc can be found in the Strategic Report that accompanies the Carnival plc consolidated IFRS financial statements under the following sections, respectively: 1.A.II Visions, Goals and Related Strategies and 1.C. Our Global Cruise Business. The financial risk management objectives and policies and exposure to foreign currency risk, fair value risk, cash flow interest rate risk and liquidity risk can be found in Note 23.

Post balance sheet events can be found in Notes 14 and 17 of the Carnival plc consolidated IFRS financial statements.

Dividends

During the year ended November 30, 2017, Carnival plc paid four regular quarterly dividends totaling \$1.55 per ordinary share (2016—\$1.30). In January 2018, the Boards of Directors declared a quarterly dividend of \$0.45 per share. For this quarterly dividend, the Boards of Directors approved a record date of February 23, 2018, and a payment date of March 18, 2018.

Although dividends are declared in U.S. dollars, they are paid in sterling to the holders of ordinary shares in Carnival plc unless they elect to receive their dividends in U.S. dollars. Dividends payable in sterling are converted from U.S. dollars into sterling at the U.S. dollar to sterling exchange rate quoted by the Bank of England in London at 12:00 p.m. on the next combined U.S. and UK business day that follows the quarter end.

Holders of the Carnival plc's American Depositary Shares are paid their dividend in U.S. dollars.

Since January 2004, Ocorian Trustees (Jersey) Limited (formerly known as Bedell Trustees Limited), as trustee of the P&O Princess Cruises Employee Benefit Trust, holds shares to satisfy grants made under the Carnival plc 2005 Employee Share Plan and Carnival plc 2014 Employee Share Plan. The trustee has waived its right to all dividends payable by Carnival plc. Dividends paid during fiscal 2017 over which rights were waived amounted to \$427,521.

ANNEX A

Share Capital and Control

Changes in the share capital of Carnival plc during fiscal 2017 are given in Note 16 to the Carnival plc consolidated IFRS financial statements.

The share capital of Carnival plc at January 18, 2018 includes two allotted and issued subscriber shares of £1 each, 50,000 allotted but unissued redeemable preference shares of £1 each, one allotted and issued special voting share of £1 and 209,345,279 allotted and issued ordinary shares of \$1.66 each. The subscriber shares carry no voting rights and no right to receive any dividend or any amount paid on a return of capital. The redeemable preference shares carry no voting rights, but are entitled to payment of a cumulative preferential fixed dividend of eight percent per annum on the amount paid up on each such share that is in issue. On a return of capital on a winding up or otherwise, the redeemable preference shares rank behind the ordinary shares but ahead of any other class of shares, and are entitled to receive payment of the amount paid up or credited as paid up on each such share. Redeemable preference shares which are fully paid may be redeemed at any time at the election of the holder or of the company, in which case the amount payable on redemption is the amount credited as paid up on each share which is redeemed, together with all arrears and accruals of the preferential dividend.

Details of restricted stock units granted to employees are given in Note 19 to the Carnival plc consolidated IFRS financial statements.

The Articles of Association of Carnival plc contain provisions which, in certain circumstances, would have the effect of preventing a shareholder (or a group of shareholders acting in concert) from holding or exercising the voting rights attributable to shares in Carnival plc which are acquired by them. These provisions would have effect if a shareholder (or a group of shareholders acting in concert) were to acquire ordinary shares in Carnival plc with the result that the total voting rights exercisable by that shareholder or group of shareholders on matters put to a vote as joint electorate actions under the DLC arrangement would exceed 30 percent of the total voting rights exercisable in respect of any joint electorate action. They would also have effect if a shareholder (or group of shareholders acting in concert) already holding between 30 percent and 50 percent of the total voting rights exercisable in respect of any joint electorate action were to acquire shares in Carnival plc and thereby increase the percentage of voting rights so held. In each such case, the percentage of voting rights held is determined after taking into account voting rights attributable to shares of Carnival Corporation common stock held by such shareholder (or group of shareholders) and also taking into account the effect of the equalization ratio which gives effect to common voting by the shareholders of Carnival plc and Carnival Corporation on joint electorate actions under the DLC arrangement.

Under the relevant provisions of the Articles of Association of Carnival plc (articles 277 to 287) shares which are acquired by a person and which trigger the thresholds referred to in the foregoing paragraph may be sold at the direction of the Board, and the proceeds remitted to the acquiring shareholder, net of any costs incurred by Carnival plc. Pending such sale any dividends paid in respect of such shares would be paid to a charitable trust, and the trustee of such trust would be entitled to exercise the voting rights attaching to the shares.

The restrictions summarized in the preceding paragraphs would not apply in the case of an acquisition of shares that is made in conjunction with a takeover offer for Carnival plc, which is announced in accordance with the City Code on Takeovers and Mergers, for so long as that offer has not lapsed or been withdrawn. However, if such a takeover offer is not made, or lapses or is withdrawn, the restrictions will apply in respect of any acquired shares.

The foregoing is a summary only of the relevant provisions of the Articles of Association of Carnival plc, and for a complete understanding of their effect, shareholders are recommended to refer to the

Articles of Association themselves. A copy of the Articles of Association of Carnival plc is available at Carnival plc's website at www.carnivalplc.com or upon request from the Company Secretary, 3655 N.W. 87th Avenue, Miami, Florida 33178, United States of America.

There is one significant agreement to which Carnival plc is a party, which may be altered or terminated in the event of a change of control. This is the Amendment and Restatement Agreement dated June 16, 2014 in respect of the Facilities Agreement dated May 18, 2011, by and among Carnival Corporation, Carnival plc, Bank of America Merrill Lynch International Limited, and various other lenders, which provides for \$1.9 billion, €500 million and £169 million revolving credit facilities and which may, under certain circumstances, be cancelled upon a change of control of Carnival plc, other than a change which results in control of Carnival plc being vested in Carnival Corporation or in certain members of the Arison family or trusts related to them.

Articles of Association

The Articles of Association of Carnival plc may be amended by the passing of a special resolution of the shareholders. In common with many other corporate actions that might be undertaken by Carnival plc, such a resolution would be proposed as a joint electorate action on which the shareholders of Carnival plc and of Carnival Corporation effectively vote as a single unified body, as contemplated by the DLC arrangement.

Purchase of Own Shares

The Boards of Directors have authorized the repurchase of up to an aggregate of \$1.0 billion of Carnival Corporation common stock and Carnival plc ordinary shares subject to certain restrictions (the "Repurchase Program"). At January 18, 2018, the availability under the Repurchase Program was \$471 million. The Repurchase Program does not have an expiration date and may be discontinued by the Boards of Directors at any time.

In addition to the Repurchase Program, the Boards of Directors have authorized the repurchase of up to 22 million Carnival plc ordinary shares and up to 26.9 million shares of Carnival Corporation common stock under the Stock Swap programs described in the Carnival Corporation & plc 2017 joint Annual Report on Form 10-K.

Shareholder approval is not required to buy back shares of Carnival Corporation, but is required under the Companies Act to buy back shares of Carnival plc. At the Annual General Meetings held on April 5, 2017, the authority for Carnival plc to buy back its own shares was approved. This authority enabled Carnival plc to buy back up to 21,603,849 ordinary shares of Carnival plc (being approximately 10 percent of Carnival plc's ordinary shares in issue). Under that authority, 4,574,686 Carnival plc ordinary shares have been purchased through January 18, 2018. That approval expires on the earlier of:

- the conclusion of Carnival plc's 2018 Annual General Meeting; or
- October 10, 2018.

Carnival Corporation & plc treats any such repurchases made by Carnival Corporation or Carnival Investments Limited under the Repurchase Program and the Stock Swap Programs as if they were made by Carnival plc under the Carnival plc buy back authority.

Directors

The names of all persons who served as Directors of Carnival Corporation and Carnival plc during fiscal 2017 and biographical notes about each of the Directors are contained in the Proxy Statement.

Corporate and Social Responsibility

Health, environmental, safety, security

The Boards of Directors of Carnival Corporation & plc established Board-level Health, Environmental, Safety & Security ("HESS") Committees comprised of four independent Directors. The principal function of the HESS Committees is to:

- assist the Boards in fulfilling their responsibility to supervise and monitor Carnival Corporation & plc's health, environmental, safety, security and sustainability-related policies, programs, initiatives at sea and ashore; and
- comply with related legal and regulatory requirements relating to health, environmental, safety, security and sustainability.

The HESS Committees and our management team review all significant risks or exposures and associated mitigating actions. Each of the Chief Executive Officers of our brands attends the meetings of the HESS Committees.

Carnival Corporation & plc recognizes their responsibility to provide industry leadership and to conduct our business as a responsible global citizen. Our corporate leadership is manifested in our Code of Business Conduct and Ethics, which requires that every employee and member of the Boards use sound judgment, maintain high ethical standards and demonstrate honesty in all business dealings. As a responsible global citizen, Carnival Corporation & plc is committed to achieving and maintaining the highest standards of professional and ethical conduct.

In addition, Carnival Corporation & plc's HESS Policy describes our commitments to:

- protecting the health, safety and security of our passengers, guests, employees and all others working on our behalf, thereby promoting an organization that strives to be free of injuries, illness and loss;
- protecting the environment, including the marine environment in which our vessels sail and the communities in which we operate, striving to prevent adverse environmental consequences and using resources efficiently and sustainably;
- complying with or exceeding all legal and statutory requirements related to health, environment, safety, security and sustainability throughout our business activities; and
- assigning health, environment, safety, security and sustainability matters the same priority as other critical business matters.

The HESS Policy is published on the Carnival Corporation & plc website at www.carnivalcorp.com or www.carnivalplc.com.

The Boards recognize that Carnival Corporation & plc needs to ensure that there is a consistent standard of operation throughout their fleet in keeping with their leading position in the cruise industry. In this regard, the Carnival Corporation & plc Maritime Policy & Analysis Department is headed by a Chief Maritime Officer, with a full-time professional and administrative staff, and is responsible for providing a common, integrated approach to management of HESS matters and for reporting to the HESS Committees on such matters. The Chief Maritime Officer reports to the Chief Executive Officer and to the Chair of the HESS Committees.

ANNEX A

The principal activities of the Maritime Policy & Analysis Department include establishing HESS Policy, standards and procedures, and measuring and reporting on HESS-related performance.

The Carnival Corporation & plc's internal audit department called Risk Advisory & Assurance Services ("RAAS") is headed by the Chief Audit Officer, who reports directly to the Chairs of the Audit and HESS Committees. The Chief Audit Officer also has a "dotted" reporting line to the General Counsel. RAAS conducts annual HESS audits of each brand's head office and of each ship in our fleet. These audits are in addition to the audits performed by external third-party certification and regulatory auditors.

Each RAAS HESS audit is organized and planned to:

- verify compliance with applicable rules, corporate standards, brand policies and procedures, regulations, codes and guidance directly involved in the safe conduct of ship operations;
- verify the effectiveness and efficiency of the shipboard and shore-side HESS management systems; and
- identify opportunities for continuous improvement.

Carnival Corporation & plc has long been committed to operating responsibly. We believe that sustainability is about preserving our environment, respecting our employees and the communities where we do business and returning value to our shareholders. We voluntarily publish Sustainability Reports that address governance, stakeholder engagement, environmental, labor, human rights, society, product responsibility, economic and other sustainability-related issues and performance indicators. These reports, which can be viewed at www.carnivalcorp.com and www.carnivalplc.com, are developed in accordance with the Sustainability Reporting Guidelines established by the Global Reporting Initiative, the global standard for reporting on environmental, social and governance policies, practices and performance.

As part of our sustainability strategy, we have voluntarily reported our carbon footprint via the CDP (formerly, the Carbon Disclosure Project) each year since 2006. The CDP rates companies on the depth and scope of their disclosures and the quality of their reporting. We have developed a greenhouse gas inventory management plan in 2010 in accordance with the requirements of International Organization for Standardization ("ISO") 14064-1:2006 standard and The Greenhouse Gas Protocol. Our submission included details of our most recently compiled emissions data and reduction efforts, along with our completion of an independent, third-party verification of our greenhouse gas emissions inventory. We also disclose our water stewardship through the CDP water program.

All of our brands' environmental management systems are certified in accordance with ISO 14001 standard. The ISO, an international standard-setting body, produces worldwide industrial and commercial standards. ISO 14001 standard, the environmental management standard that was developed to help organizations manage the environmental impacts of their processes, products and services, presents a structured approach to setting environmental objectives and targets. It provides a framework for any organization to apply these broad conceptual tools to their own processes.

We are committed to reducing our air emissions and improving air quality by evaluating new and established technology solutions. Liquefied natural gas is one of the solutions we are working to implement across our fleet both in port and at sea due to its reduced carbon profile and cleaner emissions.

We continue our partnership with The Nature Conservancy, one of the world's leading conservation organizations, working across all sectors of industry and society to help advance its mission to protect the natural world and develop relationships that best align to produce clear conservation benefits with lasting, measurable outcomes. Our partnership is supporting their Mapping Ocean Wealth program,

which creates maps that show the extent and distribution of benefits that habitats like coral reefs and mangroves provide, including fish production, flood mitigation, erosion control and recreation.

We have developed a set of 2020 sustainability goals reinforcing our commitment to the environment, our guests, our employees and the communities in which we operate. Our ten goals listed below are aimed at reducing our environmental footprint while enhancing the health, safety and security of our guests and crew members, and ensuring sustainable business practices across our brands and business partners:

Environmental Goals	• Reduce intensity of carbon dioxide equivalent (“CO₂e”) emissions from operations by 25% by 2020 relative to our 2005 baseline measured in grams of CO₂e per ALB-km • Continue to improve the quality of our emissions into the air by developing, deploying and operating exhaust gas cleaning systems across our fleet capable of reducing sulfur compounds and particulate matter from our ships’ engine exhaust • Increase Cold Ironing coverage of our fleet-wide capacity in relation to future port capabilities • Increase Advanced Wastewater Purification Systems coverage of our fleet-capacity by 10 percentage points by 2020 relative to our 2014 baseline • Continue to improve water use efficiency of our shipboard operations by 5% by 2020 relative to our 2010 baseline, as measured by liters per person per day • Continue to reduce waste generated by our shipboard operations by 5% by 2020 relative to our 2010 baseline, as measured by kilograms of non-recycled waste per person per day
Health, Safety and Security Goal	• Striving to be free of injuries, continue to build on our commitment to protect the health, safety and security of guests, employees and all others working on our behalf
Labor and Social Goals	• Continue to build a diverse and inclusive workforce and provide all employees with a positive work environment and opportunities to build a rewarding career to further drive employee engagement • Further develop and implement vendor assurance procedures ensuring compliance with Carnival Corporation & plc’s Business Partner Code of Conduct and Ethics • Continue to work on initiatives and partnerships that support and sponsor a broad range of organizations for the benefit of the local and global communities throughout our brands

Our ship fuel consumption and emission rates and our total ship fuel greenhouse gas emissions are as follows:

Measure	Units	2017	2016
Total ship fuel greenhouse gas emissions (in millions)	Tonnes CO ₂ e ⁽¹⁾	10.4	10.2
Ship fuel greenhouse gas emission rate	Grams CO ₂ e/ALB-KM ⁽²⁾	256	261

(1) Greenhouse gas emission data collection and calculations were performed in accordance with our greenhouse gas inventory management plan, the Greenhouse Gas Protocol and ISO 14064-3:2006 standard. Ship fuel emissions represent over 95% of the combined scope 1 emissions (direct emissions from sources that are owned or controlled by Carnival Corporation & plc) and scope 2 emissions (indirect emissions from the consumption of purchased electricity, heat or steam).

(2) We measure and report the ship fuel greenhouse gas emission rate in terms of grams of CO₂e per available lower berth kilometer (“ALB-KM”). This indicator enables us to make meaningful greenhouse gas emission reduction comparisons that take into account changes in fleet size, itineraries and passenger capacity.

CARNIVAL PLC DIRECTORS' REMUNERATION REPORT - PART II

Certain information required to be included in the Carnival plc Directors' Remuneration Report is set forth in Part I (which is also known as the Compensation Discussion and Analysis) and in the "Director Compensation" and "Compensation Tables" sections of the Notice of Annual Meetings and Proxy Statement to which this Report is annexed (the "Proxy Statement"). The Compensation Discussion and Analysis and the relevant parts of the Proxy Statement should be read in conjunction with this Part II.

As explained in Part I, Parts I and II of the Carnival plc Directors' Remuneration Report form part of the Carnival plc Annual Report for the year ended November 30, 2017. Carnival plc and Carnival Corporation are separate legal entities (together referred to as "Carnival Corporation & plc") and each company has its own Board of Directors and Compensation Committee. However, as required by the agreements governing the dual listed company ("DLC") arrangement, there is a single management team and the Boards of Directors and members of the Committees of the Boards are identical. Accordingly, consistent with prior years, we have included remuneration paid by Carnival Corporation and Carnival plc in the Carnival plc Directors' Remuneration Report. The Directors are primarily paid by Carnival Corporation as part of the DLC arrangement.

Both Parts I and II of the Carnival plc Directors' Remuneration Report are in compliance with Schedule 8 of the Large and Medium-Sized Companies and Groups (Accounts and Reports) Regulations 2008, as amended (the "LMCG Regulations") and the UK Corporate Governance Code published by the UK Financial Reporting Council in April 2016 (the "Corporate Governance Code"), the UK Companies Act 2006 and the Listing Rules of the UK Listing Authority.

1. Statement by Randall J. Weisenburger, Chair of the Compensation Committees

The major decisions on Directors' remuneration and the changes on Directors' remuneration during the year (and the context for these decisions and changes) are summarized in the "Executive Summary" section in Part I of the Carnival plc Directors' Remuneration Report.

2. Implementation Section

2.1 Implementation of Approved Policy

The Directors' Remuneration Policy (the "2017 Policy") was approved by the Carnival Corporation and Carnival plc shareholders at the Annual General Meeting held in April 2017. The 2017 Policy will be operated by Carnival Corporation & plc until a new Directors' Remuneration Policy is submitted for shareholder approval, which is expected to be proposed no later than at the 2020 Annual General Meeting. The 2017 Policy is included within Annex B of the 2017 Notice of Annual Meetings and Proxy Statement, which is available on our website at www.carnivalcorp.com or www.carnivalplc.com.

The Compensation Committees have regard to the Corporate Governance Code and are satisfied that the 2017 Policy supports the long-term success of Carnival Corporation & plc and include due regard to corporate and social responsibility issues and to managing risk within the group.

ANNEX B

During the year, the following actions were taken for 2017 or anticipated for fiscal 2018 when implementing the 2017 Policy:

Executive Directors

Base salary	Annual salaries (not audited) Annual salary levels as at December 1, 2017 were: • Mr. Donald – \$1,500,000 • Mr. Arison – \$1,000,000 No increase was made to Mr. Donald's or Mr. Arison's salary for fiscal 2018. Details of the companies considered as comparators for the market competitive reviews described above are set out in Part I.
Annual Bonus	Fiscal 2017 Annual Bonus (audited) The annual bonus program is referred to as the Management Incentive Plan. Details of the performance measures and targets for Mr. Donald's annual bonus in respect of fiscal 2017 are included in Part I. As in previous years, the selected performance measure was Corporation Operating Income and application of this measure in accordance with the 2017 Policy focuses Mr. Donald on achieving appropriate performance results as reflected by income from the operations of Carnival Corporation & plc as well as other relevant measures. Mr. Arison does not participate in our performance-based annual bonus program. Annual bonus for Executive Directors who served throughout fiscal 2017 were as follows: • Mr. Donald – \$4,377,000 representing a bonus outcome of 145.9% of target • Mr. Arison – Nil This outcome did not involve the exercise of any discretionary adjustments (up or down) to Mr. Donald's individual annual bonus amount. Additionally, Mr. Donald is eligible, depending on service, to participate in an all-employee profit sharing arrangement as further detailed in the section on pensions below. Fiscal 2018 Annual Bonus – Performance measures and targets (not audited) For fiscal 2018, the key performance measure will again be Corporation Operating Income.

	Full details of the process for setting the Corporation Operating Income Target for fiscal 2018 and of how achievement of Corporation Operating Income in relation to that target can produce bonus outcomes is set out in Part I. The Corporation Operating Income Target for fiscal 2018 will be disclosed at the end of the performance period, as it is strategic and commercially sensitive to disclose at this time. For fiscal 2018, Mr. Donald’s target bonus remained unchanged at \$3,000,000 (with the maximum possible bonus being 200% of this level). Mr. Arison does not participate in our performance-based annual bonus program. As reported in Part I, the annual bonus program includes clawback features that will require participants to reimburse us for all or a portion of payments received under the program in the case of a participant’s wrongdoing that results in a material restatement of our financial statements.																				
Long-Term Incentive Compensation	Long-Term Incentive Compensation in Fiscal 2017 (audited) Descriptions of the share grants made to Mr. Donald during fiscal 2017 and their vesting conditions are set out in Part I. The share grants made to Mr. Donald during fiscal 2017 are disclosed in “Share Plan Grants Made to Directors in Fiscal 2017” table below, which is audited. No share grants were made to Mr. Arison in fiscal 2017. For fiscal 2017, long-term incentives were as follows: • Management Incentive Plan-Tied Equity (“MTE”) grant made in January 2018; • Performance-Based Share (“PBS”) grant made in April 2017; and • Shareholder Equity Alignment (“SEA”) grant made in January 2017. The Compensation Committees approved an MTE target grant value for Mr. Donald in January 2017. The actual 2017 Management Incentive Plan payout percentage is applied to the MTE target grant value to determine the recommended MTE grant value, which may be from zero to 200% of target. The actual MTE grant value approved is then converted into a number of RSUs that cliff vest after two years from the date of grant. The MTE grant for Mr. Donald in January 2018 was as follows: <table><tr><th>Named Executive Officer</th><th>MTE Target Value (\$)</th><th></th><th>2017 Payout Percentage</th><th></th><th>MTE Grant Value (\$)</th><th></th><th>Closing Price On Grant Date</th><th></th><th>RSUs Received (#)</th></tr><tr><td>Arnold W. Donald</td><td>1,500,000</td><td>x</td><td>145.9%</td><td>=</td><td>2,188,500</td><td>÷</td><td>\$68.52</td><td>=</td><td>31,939</td></tr></table>	Named Executive Officer	MTE Target Value (\$)		2017 Payout Percentage		MTE Grant Value (\$)		Closing Price On Grant Date		RSUs Received (#)	Arnold W. Donald	1,500,000	x	145.9%	=	2,188,500	÷	\$68.52	=	31,939
Named Executive Officer	MTE Target Value (\$)		2017 Payout Percentage		MTE Grant Value (\$)		Closing Price On Grant Date		RSUs Received (#)												
Arnold W. Donald	1,500,000	x	145.9%	=	2,188,500	÷	\$68.52	=	31,939												

ANNEX B

	Mr. Donald received a target PBS grant of 51,020 shares in April 2017. The PBS grant made to Mr. Donald in fiscal 2017 is capable of vesting between zero to 200% of target based upon the extent to which operating income, as adjusted for certain fuel price changes and currency exchange rate impacts, for each of the three fiscal years in the 2017-2019 performance cycle and the average of each annual return on invested capital ("ROIC") result for the three-year performance cycle exceeds the specified performance goals. Under the terms of the grant, the operating income result is weighted 70% and ROIC result is weighted 30%. The operating income and ROIC targets will be disclosed at the end of the performance period (as these targets are deemed strategic and commercially sensitive). In January 2017, the Compensation Committees also approved an SEA grant to Mr. Donald in the form of 35,000 target shares. The SEA grant is entirely performance-based and the ultimate value is contingent upon Carnival Corporation & plc's absolute TSR as modified by our TSR rank relative to the 2017 Peer Group over the period of December 31, 2016 through December 31, 2019, which may be from zero to 600% of target. The Compensation Committees approved the long-term equity grants to Mr. Donald after an evaluation of current market practice, the aggregate market positioning of total direct compensation, and the Compensation Committees' focus on the alignment between Mr. Donald's pay outcomes and Carnival Corporation & plc's long-term performance. The 2015 PBS grant made to Mr. Donald in April 2015 reached the end of the performance period at the end of fiscal 2017 and will vest on February 13, 2018.
	Long-Term Incentive Compensation in Fiscal 2018 (not audited) All long-term incentive compensation for fiscal 2018 for Mr. Donald will continue to be 100% at risk and performance-based. The PBS grant will have a target value of \$3 million and the MTE target grant will have a value of \$1.5 million. The SEA grant will have a target of 35,000 shares. The monetary amounts referred to for the MTE and PBS grants above are made as a number of shares using the share price at the date of grant. The SEA grant is made as a number of shares. As explained in Part I, grants are calculated by reference to the value of shares to facilitate external comparisons and also comparison to other forms of compensation. PBS and SEA grants to be made in fiscal 2018 will be subject to performance conditions which the Compensation Committees approve as appropriate at the time the grants are made. The MTE grants will be subject to pre-grant performance conditions tied to the Management Incentive Plan. The precise metrics for the PBS grants have not been finalized at the date of the Carnival plc Directors' Remuneration Report, but may be based on similar measures as the grants made in fiscal 2017, which may include operating income and ROIC, with the precise performance measures, targets and maximums set shortly prior to making the grant. These targets will be disclosed at the end of the performance period (as these targets are deemed strategic and commercially sensitive).

	No long-term incentive compensation will be made to Mr. Arison in fiscal 2018.
Benefits	Benefits in Fiscal 2017 (audited) The detailed benefits provided to Mr. Arison are described in the footnotes to the “Single Figure Table” below. The detail of benefits provided to Mr. Donald is set out in the “All Other Compensation” table in the “Executive Compensation” section of the Proxy Statement. Benefits in Fiscal 2018 (not audited) Benefits provided in fiscal 2018 are expected to be similar to those provided in fiscal 2017.
Pensions	Pensions in Fiscal 2017 (audited) Details of the pension entitlements that Mr. Arison participated in fiscal 2017 are set out in “Total Pension Entitlements” section below. Mr. Donald participated in the Carnival Corporation Fun Ship Savings plan, a qualified 401(k) plan (the “401(k) Plan”) during fiscal 2017. Under this plan, employee contributions are capped at the U.S. Internal Revenue Service (“IRS”) prescribed limits, with an employer matching contribution of up to 50% of this level possible), all of which is subject to discrimination testing. Carnival Corporation also operates a profit sharing arrangement under which participants who are deemed highly compensated employees under IRS regulations are paid the equivalent of their annual matching award (less any amount actually contributed by Carnival Corporation to the 401(k) Plan on their behalf as a matching contribution) and profit sharing contribution as additional cash compensation. This is currently set according to a prescribed scale as set out in the “Pension Benefit in Fiscal 2017” section of the Proxy Statement. Pensions in Fiscal 2018 (not audited) No material changes to the arrangements are anticipated for 2018.
Stock Ownership Policy	Stock Ownership Policy (audited) A description of the stock ownership policy applicable to Executive Directors is set out in Part I. Both Mr. Arison and Mr. Donald comply with the applicable levels.

ANNEX B

Non-Executive Directors

Fees	Fees in Fiscal 2017 (not audited) As described in last year's Carnival plc Directors' Remuneration Report, during fiscal 2017, Non-Executive Directors were entitled to an \$110,000 annual retainer. For fiscal 2017, the Senior Independent Director received an additional retainer of \$25,000 per annum. In addition, Non-Executive Directors receive additional compensation for serving as Chair of a Board Committee as set out in the "Director Compensation" section of the Proxy Statement. Restricted Stock Grants in Fiscal 2017 (audited) Each Non-Executive Director elected or re-elected in April 2017 received share grants worth approximately \$160,000. The restricted shares vest on the third anniversary of the grant date, and are not forfeited if a Director ceases to be a Director after having served as a Director for at least one year. Fees in Fiscal 2018 (not audited) No material changes to the arrangements are anticipated for 2018.
Stock Ownership Policy	Stock Ownership Policy (audited) A description of the stock ownership policy applicable to Non-Executive Directors is set out in Part I. New Directors must achieve this requirement no later than five years from the date of their initial election to the Boards by the shareholders. Other than Ms. Deeble, who was appointed in 2016, and Mr. Cahilly, who was appointed during the year, each of the Non-Executive Directors serving in 2017 has already achieved this Board-mandated requirement.

2.2 Service Contracts (not audited)

Because Directors, other than Mr. Donald, do not have formal agreements, it is not feasible to include a table with the unexpired terms. Mr. Donald's terms are summarized in the Proxy Statement. As explained more fully in the Proxy Statement, Mr. Donald would generally receive an amount equal to one times his base salary and target bonus upon termination.

Non-Executive Directors are appointed under terms set out in a letter of appointment. They do not have service contracts and their appointments can be terminated (by the Boards) without any compensation on termination. However, they may retain their share grants (if they have already served for at least one year) and may receive a departing gift of up to \$25,000 in value.

2.3 Compensation Committees (not audited)

The membership of the Compensation Committees during the year consisted of three members who are deemed independent by the Boards of Directors: Randall J. Weisenburger (Chair), Richard J. Glasier and Laura Weil. The members of the Compensation Committees are appointed by the Boards based on the recommendations of the Nominating & Governance Committees. Further details

regarding the Compensation Committees (including the number of meetings of the Compensation Committees held in fiscal 2017 and the attendance of the members at such meetings) can be found in the Carnival plc Corporate Governance Report attached as Annex C to the Proxy Statement.

Details of the Compensation Committees' process for making compensation determinations, including the advice provided by internal colleagues and external advisors are set out in Part I. As stated in Part I, Frederic W. Cook & Co., Inc. (together with its UK affiliated firm, FIT Remuneration Consultants LLP, which is a member of the Remuneration Consultants Group, the UK professional body, and complies with its code of conduct) were appointed by the Compensation Committees as their external advisors. The advisors were appointed following a tender process and are subject to an ongoing periodic review by the Compensation Committees of their independence and quality. They provide no other services to Carnival Corporation & plc and, accordingly, are considered independent by the Compensation Committees and to provide objective advice.

Frederic W. Cook & Co., Inc. and FIT Remuneration Consultants LLP have each provided their written consent to the form and content of their references in the Carnival plc Directors' Remuneration Report and the Proxy Statement.

Fees paid to the Compensation Committees' external advisors in fiscal 2017 were \$335,120, such fees being charged on these firms' standard terms of business for advice provided.

2.4 Shareholder Voting on Remuneration Matters (not audited)

Carnival Corporation & plc has a long-standing shareholder outreach program and routinely interacts with shareholders on a number of matters, including executive compensation. The Compensation Committees consider all constructive feedback received about executive compensation.

ANNEX B

In April 2017, shareholders approved our remuneration proposals. Following their review of the 2017 and prior voting results, the Compensation Committees decided that all compensation of Mr. Donald, other than base salary, pensions and benefits, will continue to be 100% at risk and performance-based. We continued to seek and incorporate shareholder feedback in our compensation deliberations. The Compensation Committees have and will continue to consider results from the annual shareholder advisory votes, including the next vote in April 2018, as well as other shareholder input, when reviewing executive compensation programs and policies.

2.5 Performance Graph and Table (not audited)

Graphs representing TSR performance for both Carnival Corporation and Carnival plc have been included in the Carnival Corporation & plc 2017 Annual Report in the “Stock Performance Graphs” section. The LMCG Regulations require similar tables but comparing to only one recognized index. The tables below show a comparison to the S&P 500 index of which Carnival Corporation is a constituent (as a broad index) for a period from December 1, 2008 to November 30, 2017 and have been calculated on a U.S. dollar basis.

ANNEX B

The following table sets out, for the President and Chief Executive Officer, the total remuneration as seen in the Single Figure Table, the bonus paid as a percentage of the maximum opportunity and the number of shares that have vested against the maximum number of shares that could have been received over a nine-year period.

Year	Name	Single Figure of Total Remuneration (\$000)	Annual Bonus as a % of Maximum	PBS Vesting as a % of Maximum ⁽¹⁾
2017	Mr. Donald	11,351	73	81
2016	Mr. Donald	32,132 ⁽²⁾	76	94
2015	Mr. Donald	10,621	87	80
2014	Mr. Donald	7,241	74	N/A
2013	Mr. Donald ⁽³⁾	1,919	N/A ⁽⁴⁾	N/A
2013	Mr. Arison ⁽³⁾	2,213	0	0
2012	Mr. Arison	6,196	29	N/A
2011	Mr. Arison	5,716	35	N/A
2010	Mr. Arison	7,590	53	N/A
2009	Mr. Arison	9,769	44	N/A

(1) The reference to long-term incentive vesting only includes PBS grants because TBS grants do not have a variable vesting level.

(2) The 2016 single figure has been updated to reflect the actual share price on the vesting date of the 2014 PBS grant.

(3) The fiscal 2013 figures have been pro-rated for each individual to reflect the period in office as a Chief Executive Officer.

(4) The annual performance bonus for Mr. Donald is not applicable because for fiscal 2013, he received a fixed bonus amount as provided for in his employment agreement.

2.6 Percentage Change in Pay of Chief Executive Officer Fiscal 2016 to Fiscal 2017 (not audited)

The prescribed pay elements are: salaries, taxable benefits and annual bonus outcomes. UK staff were selected and retained for the purposes of this comparison as it is a requirement of the LMCG Regulations so the Compensation Committees considered it logical to provide comparison for that jurisdiction. The percentages for UK staff have been calculated using a full-time equivalent weighted-average number of UK staff for each year.

	Change in Salary (%)	Change in Benefits (%)	Change in Annual Bonus (%)	Change in Total (%)
Chief Executive Officer	50.0	43.8	8.3	17.8
Staff ⁽¹⁾	4.8	13.6	19.6	6.6

(1) For fiscal 2017 comparison to fiscal 2016, the methodology for calculating Staff average percentage change has been updated to include an additional bonus component.

ANNEX B

2.7 Relative Importance of Spend on Pay (not audited)

- (1) Profit distributed by way of dividend taken as dividends declared set out in the Consolidated Statements of Shareholders' Equity in the Carnival Corporation & plc 2017 joint Annual Report on Form 10-K.
- (2) Profit distributed by way of share buyback returned to shareholders as purchases of treasury stock, inclusive of stock swap benefits, in the Consolidated Statements of Shareholders' Equity.
- (3) Overall expenditure on pay has been calculated on a broadly consistent approach to the standard UK approach to calculating this amount and includes all global staff using normal accounting conventions for benefits and includes expected value assumptions in respect of share grants and so is not consistent with methodologies used elsewhere in this Part II.

2.8 Single Figure Table (audited)

Consistent with past practice, benefits reflect the position under U.S. rules as no UK tax is payable.
- (2) Details of the performance measures and targets applicable to the annual bonus for fiscal 2017 are set out in "Implementation of Approved Policy" section above and in Part I of the Carnival plc Directors' Remuneration Report. No element of the annual bonus is subject to deferral.

ANNEX B

- (3) Annual equity grants are comprised of PBS, TBS and MTE grants. The 2017 amount includes the value of the 2015 PBS grant for which the performance period ended on November 30, 2017 and additional shares will be provided to take into account dividend reinvestment during the period. All grant values were calculated using the average share price over the last three months of the fiscal year. Annual equity grants for 2016 have been updated to include the release date values and dividend reinvestment in respect of the 2014 PBS grant.

During fiscal 2017, Mr. Donald served as a Non-Executive Director of companies outside the Carnival Corporation & plc group, for which he earned cash fees totaling \$180,267, which he retained.

Non-Executive Directors

The compensation of the Non-Executive Directors of Carnival Corporation and Carnival plc for fiscal 2017 is as follows. The format is different from the preceding table for Executive Directors as certain aspects (such as bonus and pension) do not apply to Non-Executive Directors.

- (2) Restricted stock grants are structured as restricted stock (with dividends paid as they arise) at the election of the Director. The reported figures are the value of the grants made during the year using the average share price over the last three months of the fiscal year and include dividends actually received in respect of those grants in the year.

The aggregate emoluments (being salary, bonuses, fees and benefits, and excluding long-term incentives and pensions) of all Directors during fiscal 2017 was approximately \$8.4 million.

2.9 Share Plan Grants Made to Directors in Fiscal 2017 (audited)

The LMCG Regulations require disclosure of grants made in the year plus a table of aggregate outstanding awards, separately detailing grants that vest in the year. The latter information is included in “Directors’ Shareholding and Share Interests” section below.

(1) The terms of MTE, SEA and PBS grants to one Executive Director and the terms of restricted stock grants to Non-Executive Directors and the basis on which these grants are made are summarized in the table above are described in the “Director Compensation” and “Executive Compensation” sections of the Proxy Statement.

(2) Face values for all grants are calculated using the closing share prices at the relevant grant dates being: \$53.09 at January 17, 2017, \$58.80 at April 5, 2017 and \$59.06 at April 6, 2017.

(3) MTE grants have only pre-grant performance measures. SEA and PBS grants have post-grant performance measures. These are described in Part I of the Carnival plc Directors’ Remuneration Report. Consistent with U.S. practice, these have been included at their target values. To comply with the LMCG Regulations, a column for the maximum percentage (before dividend accrual) has been included and the UK face values should be taken as the reported figure multiplied by those percentages. Similarly, the threshold percentages are expressed as a percentage of target rather than maximum. The performance period for the SEA grants is December 31, 2016-December 31, 2019 and the performance period for the PBS grants is fiscal 2017, 2018 and 2019.

2.10 Directors’ Shareholding and Share Interests (audited)

Details of Carnival Corporation & plc’s stock ownership requirements for Executive Directors are set out in Part I. Mr. Arison and Mr. Donald comply with the policy, which require each of them to own Carnival Corporation or Carnival plc shares with a value equivalent to six times his salary.

The stock ownership policy for Non-Executive Directors provides that all Non-Executive Directors are required to own shares (inclusive of unvested restricted stock, RSUs and shares in a trust beneficially owned by the Director) of either Carnival Corporation common stock or Carnival plc ordinary shares with a value equal to four times the cash retainer. New Directors must achieve this requirement no later than five years from the date of their initial election to the Boards by the shareholders. Other than Ms. Deeble, who was appointed during in 2016, and Mr. Cahilly, who was appointed during the year, each of the Non-Executive Directors has already achieved this Board-mandated requirement.

The following table shows the total outstanding shares under any incentive plans.

** As part of the establishment of the DLC arrangement, Carnival plc issued a special voting share to Carnival Corporation, which transferred such share to the trustee of the P&O Princess Special Voting Trust (the "Trust"), a trust established under the laws of the Cayman Islands. Shares of beneficial interest in the Trust were transferred to Carnival Corporation. The trust shares represent a beneficial interest in the Carnival plc special voting share. Immediately following the transfer, Carnival Corporation distributed such trust shares by way of a dividend to holders of shares of common stock of Carnival Corporation. Under a pairing agreement, the trust shares are paired with, and evidenced by, certificates representing shares of Carnival Corporation common stock on a one-for-one basis. In addition, under the pairing agreement, when a share of Carnival Corporation common stock is issued to a person after the implementation of the DLC arrangement, a paired trust share will be issued at the same time to such person. Each share of Carnival Corporation common stock and the paired trust share may not be transferred separately. The Carnival Corporation common stock

CARNIVAL PLC CORPORATE GOVERNANCE REPORT

Corporate Governance

Carnival Corporation and Carnival plc (together referred to as “Carnival Corporation & plc”) operate under a dual listed company (“DLC”) arrangement with primary listings in the U.S. and the UK. Accordingly, Carnival Corporation & plc has implemented a single corporate governance framework consistent, to the extent possible, with the governance practices and requirements of both countries. Where there are customs or practices that differ between the two countries, Carnival Corporation & plc has nonetheless sought to be compliant with UK best practices whenever possible. Carnival Corporation & plc believes that their resulting corporate governance framework effectively addresses the corporate governance requirements of both the U.S. and the UK.

Corporate Governance Guidelines

Carnival Corporation & plc has adopted corporate governance guidelines (the “Guidelines”) that set forth the general governance principles approved by the Boards of Directors. The Guidelines are available on Carnival Corporation & plc’s website and are summarized as follows:

- A majority of the members of each of the Boards must be independent in accordance with the corporate governance rules applicable to companies listed on the New York Stock Exchange and the London Stock Exchange.
- The Boards will each have at all times an Audit Committee, a Compensation Committee, a Health, Environmental, Safety & Security (“HESS”) Committee and a Nominating & Governance Committee (collectively, the “Committees”). All the members of the Committees will be independent Directors under the criteria applicable to companies listed on the New York Stock Exchange, the London Stock Exchange and any other applicable regulatory requirements. Each Committee has its own written charter, which principally sets forth the purposes, goals and responsibilities of the Committees.
- The Nominating & Governance Committees will review with the Boards, on an annual basis, the requisite skills and characteristics of new Board members, as well as the composition of the Boards as a whole. The Nominating & Governance Committees will assess and recommend Board candidates for appointment as Directors.
- The responsibilities of the Directors are laid out in the Guidelines and cover matters such as the Directors’ duties to Carnival Corporation & plc and its shareholders, attendance at meetings and the annual review of Carnival Corporation & plc’s long-term strategic plans and the principal issues that Carnival Corporation & plc may face in the future.
- The Non-Executive Directors shall appoint a Senior Independent Director to preside at meetings of the Non-Executive Directors and at Board meetings in the absence of the Chairman, and to serve as the principal liaison for Non-Executive Directors.
- Directors have free and full access to officers and employees of Carnival Corporation & plc, to the advice and services of the Company Secretary to the Boards and to independent professional advice at the expense of Carnival Corporation & plc.
- The Compensation Committees will recommend the form and amount of Director and senior executive compensation in accordance with the policies and principles set forth in their charter and conduct an annual review thereof. In particular, the Compensation Committees will annually review the compensation of the Chief Executive Officer and his performance to enable the Chief Executive Officer to provide strong leadership for Carnival Corporation & plc in the short and long-term.

ANNEX C

- The Boards and the Nominating & Governance Committees are responsible for Chief Executive Officer and board succession planning.
- The Nominating & Governance Committees will maintain orientation programs for new Directors and continuing education programs for all Directors.
- The Boards will conduct an annual performance evaluation to determine whether they, their Committees and individual Directors are functioning effectively.
- The Non-Executive Directors will meet at least annually under the direction of the Senior Independent Director to conduct an appraisal of the Chairman's performance.
- All shareholders may communicate with the Boards by addressing all communications to the Company Secretary, who must forward any item requiring immediate attention to the Senior Independent Director, who must in turn notify the Boards of any matters for discussion or action as appropriate.

Carnival Corporation & plc monitors governance developments in the U.S. and the UK to support a vigorous and effective corporate governance framework.

Set out below is a statement of how Carnival Corporation & plc has applied the main principles of the UK Corporate Governance Code published by the UK Financial Reporting Council in April 2016 (the "Corporate Governance Code") during the year ended November 30, 2017. A copy of the Corporate Governance Code is available on the website of the UK Financial Reporting Council at www.frc.org.uk. The requirements of rule 7.2.6R of the UK Listing Authority's Disclosure Guidance and Transparency Rules sourcebook can be found in the Carnival plc Directors' Report attached as Annex A to the Proxy Statement.

Board Composition

Each of the Boards of Directors is currently comprised of 11 members, of which two are Executive Directors and nine are Non-Executive Directors. Except for Jason Glen Cahilly, who was appointed to the Boards in July 2017, each member of the Boards has served for the full year. All Directors are required to submit themselves for annual re-election. The biographical details of the members of the Boards standing for election or re-election and their qualifications to serve as Board and Committee members are contained in the Proxy Statement. All Directors elected in 2016 have been subject to a formal performance evaluation during the year, as described below.

As of the date of this Carnival plc Corporate Governance Report, 27% of the members of the Boards are women (being three of 11 members).

Board Balance and Independence

As part of the Boards' annual independence assessment, each Director was required to complete an independence questionnaire. All questionnaires were reviewed and assessed by the full Board. Following this review, all of the nine nominees for election or re-election as Non-Executive Directors are considered by the Boards to be independent in accordance with the corporate governance rules of the New York Stock Exchange and the London Stock Exchange. Richard J. Glasier, Sir John Parker, Stuart Subotnick and Laura Weil have been Non-Executive Directors for more than nine years from the date of their first election to the Boards. However, notwithstanding this fact, the Boards have determined that each of those Directors is independent for the reasons set forth below.

Consistent with U.S. practice, the Boards believe that length of tenure should be only one of the factors considered with respect to the independence of Directors and, accordingly, that tenure alone should not result in the loss of independence. The Boards believe that automatic loss of independence status for Directors due to tenure would effectively operate as a term limit for independent Directors and result in the loss of the valuable contributions of Directors who have been able to develop, over time,

increasing insight into Carnival Corporation & plc and its operations. The Boards prefer to rely on rigorous annual evaluations of individual Directors to review their objectivity and independence, as well as their overall effectiveness as Directors. All Directors are also subject to annual re-election by shareholders following individual evaluations and recommendations by the Nominating & Governance Committees.

Directors' Indemnities

As at the date of this Carnival plc Corporate Governance Report, indemnities are in force under which Carnival Corporation & plc has agreed to indemnify the Directors of Carnival Corporation & plc, to the extent permitted by law and the Third Amended and Restated Articles of Incorporation of Carnival Corporation and the Articles of Association of Carnival plc, in respect of all losses arising out of, or in connection with, the execution of their powers, duties and responsibilities, as Directors of Carnival plc. Carnival Corporation & plc maintains insurance to indemnify the Directors when it is unable to do so due to insolvency or as a result of a derivative suit.

Board Procedures and Responsibilities

Meetings of the Boards are held on a regular basis to enable the Boards to properly discharge their responsibilities. During the year ended November 30, 2017, the Board of Directors of Carnival plc held a total of seven meetings. All Board meetings during the year were attended by the full Board except Mr. Cahilly, who attended the two meetings held following his appointment to the Boards. In addition, the Non-Executive Directors meet periodically during the year with the Chairman of the Boards with no other Executive Directors present. The agenda for each Board meeting and meeting schedules are prepared by the Chairman and reviewed and approved by the Senior Independent Director, to enable the flow of relevant information to the Boards. Each Board member is entitled to suggest the inclusion of items on the agenda and to raise at any Board meetings subjects that are not on the agenda for that meeting.

In 2006, the Boards created a program to provide Directors with direct knowledge and contact with our operating groups and their respective management teams. Each year, the Senior Independent Director assigns Directors to one of the four teams ("Director Teams") designated for our operating groups. Each Director Team meets with senior management of their assigned operating group at its headquarters for intensive operational and strategy meetings and to tour local facilities. The Directors are rotated among the Director Teams annually to ensure exposure to all of the operating units.

Non-Executive Directors are required to allocate sufficient time to meet the expectations of their role. The consent of the Chairman and the Senior Independent Director must be sought before accepting additional directorships that might affect the time a Non-Executive Director of Carnival Corporation & plc is able to devote to that role.

The Boards have resolved that Executive Directors may not serve as a Non-Executive Board member on more than one FTSE 100 or Fortune 100 company nor as the Chair of such a company.

Board Structures and Delegation to Management

The basic responsibility of the Directors is to exercise their business judgment in the way they consider, in good faith, would be most likely to promote the success of Carnival Corporation & plc and for the benefit of the shareholders as a whole. Further details of the responsibilities of the Directors are set out in the Guidelines. The Boards have a formal schedule of matters specifically reserved to them for decision, which includes the approval of:

- annual, interim and quarterly results and financial statements;

ANNEX C

- dividends;
- significant changes in accounting policy;
- material acquisitions and disposals;
- material agreements;
- major capital expenditures;
- annual operating plans;
- strategic plans;
- treasury policy;
- risk management policy;
- material changes to employee incentive plans as well as approval of share awards or other share-related benefits; and
- health, environmental, safety, security and sustainability policies.

Details of the Committees of the Boards are set out in the section below. In addition, any matters reserved for the Boards that arise between formal Board meetings that need to be resolved are delegated to an Executive Committee, comprising two Executive Directors and a Non-Executive Director.

The strategic management and direction of, and significant commercial decisions in relation to, global operations of Carnival Corporation & plc, except to the extent reserved to the full Boards under their schedule of reserved matters, is delegated by the Boards to the Boards of subsidiary companies within the group and to management committees of the Boards, which in turn delegate to local management as appropriate.

Committees of the Boards

The following Committees have operated throughout the year. Each Committee has a written charter, copies of which can be found on Carnival Corporation & plc's website at www.carnivalcorp.com or www.carnivalplc.com.

Audit Committees

Until July 18, 2017, the Audit Committees of the Boards are comprised of the following four independent Non-Executive Directors: Richard J. Glasier (Chair), Stuart Subotnick, Laura Weil and Randall J. Weisenburger. On July 18, 2017, Jason Glen Cahilly joined the Audit Committees. As a result, the Audit Committees are currently comprised of five independent Non-Executive Directors. The Board of Carnival plc has determined that each member of the Audit Committees has "recent and relevant financial experience" for the purposes of the Corporate Governance Code and that the Audit Committees as a whole have competence relevant to the sector in which Carnival Corporation & plc operate. The qualifications of each member of the Audit Committees are contained in the Proxy Statement.

During the year, 14 meetings of the Carnival plc Audit Committee were held, which were attended by all members, except for Mr. Cahilly who attended all five meetings held following his appointment to the Audit Committees. The Chief Financial Officer and Chief Accounting Officer, the General Counsel and the Chief Audit Officer, who is responsible for the internal audit function and enterprise risk management facilitation within Carnival Corporation & plc, and representatives from the external auditors normally attend meetings at the invitation of the Audit Committees.

The main role and responsibilities of the Audit Committees are to review:

- reviewed the form and content of the half year reports (including the going concern confirmation);
- approved, together with the Boards of Directors, the viability and going concern statements;

- reviewed reports of RAAS concerning progress against their audit plan, department staffing and professional qualifications, and the status of management action plans for previously identified action steps;

ANNEX C

- reviewed reports regarding data security, including cybersecurity and privacy; and
- reviewed the status of complaints received through Carnival Corporation & plc's third-party administered hotline and other channels.

Compensation Committees

The Compensation Committees of the Boards are comprised of the following three independent Non-Executive Directors: Randall J. Weisenburger (Chair), Richard J. Glasier and Laura Weil.

During the year, four meetings of the Carnival plc Compensation Committees were held, which were attended by all members. Executive Directors are invited to attend for appropriate items, but are excluded when their own performance and remuneration are being discussed and determined.

The Compensation Committees are responsible for the:

- evaluation and approval of the Director and officer compensation plans, policies and programs;
- annual review and approval of the corporate goals and objectives relevant to the Chief Executive Officer's compensation;
- determination and approval of the compensation of the Chief Executive Officer, the other Executive Directors and other senior officers; and
- recommendations to the Boards with respect to the compensation of the Non-Executive Directors.

The Compensation Committees are empowered to retain compensation consultants of their choice to be used to assist in the evaluation of compensation issues.

HESS Committees

Until November 31, 2017, Sir John Parker served as Chair of the HESS Committees. Effective December 1, 2017, Sir Jonathon Band was appointed Chair. The HESS Committees of the Boards are comprised of the following four independent Non-Executive Directors: Sir Jonathon Band, Helen Deeble, Debra Kelly-Ennis and Sir John Parker.

During the year, four meetings of the Carnival plc HESS Committee were held, which were attended by all members. The Chief Executive Officer and the Chief Executive Officers of our cruise brands also attend meetings of the HESS Committees.

The principal function of the HESS Committees is to assist the Boards in fulfilling their responsibility to:

- supervise and monitor Carnival Corporation & plc's health, environmental, safety, security and sustainability policies, programs, initiatives at sea and ashore; and
- comply with legal and regulatory requirements relating to health, environmental, safety, security and sustainability.

The HESS Committees receive quarterly reporting regarding:

- the status of Carnival Corporation & plc's Environmental Compliance Plan, from the Carnival Corporation & plc Maritime Policy and Analysis Department; and
- the HESS auditing program, which includes all of our vessels, as well as any instances of non-compliance and planned remedial action, focused HESS reviews and significant HESS incident investigations from RAAS.

Nominating & Governance Committees

Until January 16, 2018, the Nominating & Governance Committees of the Boards were comprised of the following four independent Non-Executive Directors: Stuart Subotnick (Chair), Richard J. Glasier, Sir John Parker and Randall J. Weisenburger. On January 17, 2018, Sir Jonathon Band was appointed

as a member of the Nominating & Governance Committees. As a result, since January 17, 2018, the Nominating & Governance Committees are comprised of five independent Non-Executive Directors. The qualifications of each member of the Nominating & Governance Committees are contained in the Proxy Statement.

During the year, five meetings of the Carnival plc Nominating & Governance Committee were held, which were attended by all incumbent members.

The principal function of the Nominating & Governance Committees is to:

- assess and recommend to the Boards candidates for appointment as Directors and members of the Committees;
- assist the Boards with Chief Executive Officer and Board succession planning;
- establish procedures to exercise oversight of the evaluation of the Boards and management;
- maintain orientation programs for new Directors and continuing education programs for all Directors; and
- annually review and reassess the adequacy of the Guidelines and recommend proposed changes to the Boards for approval.

Further details on the succession planning process and the Nominating & Governance Committees' approach to diversity are contained in the Proxy Statement under the heading "Nominations of Directors," and which is incorporated by reference into this Carnival plc Corporate Governance Report.

Carnival plc Supplement to the Report of the Audit Committees

Certain information required to be included in the Carnival plc Report of the Audit Committee is set forth in the Report of the Audit Committees included in the Proxy Statement, and which is incorporated by reference into this Carnival plc Corporate Governance Report. The principal purpose of this Carnival plc Supplement to the Report of the Audit Committees is to comply with the Corporate Governance Code requirements, which are only applicable to Carnival plc.

Significant Accounting Judgments

The significant areas considered by the Carnival plc Audit Committee and discussed with the Carnival plc external auditors, PricewaterhouseCoopers LLP ("PwC"), for fiscal 2017 were as follows:

- *Impairment Reviews of AIDA Cruises ("AIDA"), Costa Cruises ("Costa") and Cunard Goodwill:* The Audit Committee considered whether the carrying value of these brands' goodwill held by Carnival plc should be impaired. The judgment in relation to the impairment assessments largely relates to the assumptions underlying the calculation of the fair value less the cost of selling (market participant) model. The Audit Committee evaluated the key assumptions related to net revenue yields, net cruise costs, capacity changes, weighted-average cost of capital and long-term growth rates. The Audit Committee performed this evaluation using reports received from management outlining the basis for assumptions used, including the strategic plan and sensitivity analysis. The Audit Committee determined that these key assumptions were reasonable and that these brands' goodwill was not impaired as of July 31, 2017 and that appropriate disclosures have been made in the Carnival plc consolidated IFRS financial statements (see Note 11).
- *Impairment Reviews of Certain Costa, P&O Cruises (Australia) and P&O Cruises (UK) Ships:* The Audit Committee considered whether the carrying value of certain ships within these brands may be impaired. The judgment in relation to impairment largely relates to the assumptions underlying the calculation of the value in use of the ship being tested for impairment, primarily whether the strategic plan for these ships is achievable and the overall macroeconomic assumptions that underpin the valuation process. The Audit Committee evaluated the key assumptions related to

ANNEX C

net revenue yields, net cruise costs, including fuel prices, life of these ships, estimated sale proceeds and sale date and changes in strategy, including decisions about the transfer of ships between brands. The Audit Committee addressed these matters using reports received from management outlining the basis for assumptions used, including the strategic plan and sensitivity analysis. The strategic plan for these ships used in the calculation was reviewed by the Audit Committee. The Audit Committee has determined that the judgments made by management in arriving at the impairment charge for the year are reasonable and that appropriate disclosures have been made in the Carnival plc consolidated IFRS financial statements (see Note 10).

- *Risks of Fraud in Relation to Revenue Recognition.* The Audit Committee considered the presumed risks of fraud as defined by auditing standards and was satisfied that there were no significant issues.
- *Investment in Subsidiaries.* During the year, Carnival plc identified adjustments to investment in subsidiaries, intercompany and cumulative exchange movements within the translation reserves. The Audit Committee has determined that the judgments made in arriving at the conclusion that these adjustment are not material to the current or historical Carnival plc company-only financial statements, are reasonable and that appropriate disclosures have been made in those financial statements (see Note 13).

External Auditors and Audit Tendering

The Audit Committees have the responsibility for making a recommendation on the appointment, reappointment and removal of the external auditors. PwC was recommended by the Audit Committees for reappointment as auditors of Carnival plc at the Annual General Meeting held in April 2017, and reappointment was approved by the shareholders. The Audit Committees also reappointed PwC as Carnival Corporation's independent registered certified public accounting firm, as ratified by the shareholders at the April 2017 Annual General Meeting. In addition, the policy of the Audit Committees is to undertake a formal assessment of the auditor's objectivity and independence each year, which includes:

- a review of non-audit services provided and related fees;
- discussion with the auditors pertaining to a written report detailing all relationships with Carnival Corporation & plc and any other party that could affect the independence or the objectivity of the auditors; and
- evaluation with the Boards and management of the effectiveness of the external audit process.

PwC has served as Carnival Corporation's independent auditor from 1986 to 2002. In 2003, following formation of the DLC arrangement between Carnival Corporation and Carnival plc, the independent audits for the consolidated entity, Carnival Corporation & plc, and Carnival plc were tendered. Deloitte & Touche LLP, KPMG LLP and PwC participated in these tenders. Upon completion of this tender process, the Audit Committees decided to recommend to the shareholders that PwC be appointed as the Carnival Corporation and Carnival plc independent auditors for fiscal 2003. The Audit Committees annually evaluate PwC's performance and have each year recommended that the shareholders vote for the reappointment of PwC as Carnival plc's independent auditors.

Carnival plc is also subject to European Union ("EU") regulations regarding this matter, which apply to fiscal 2017. The relevant EU regulation and UK implementing legislation (the Statutory Auditors and Third Country Auditors Regulations 2016) require statutory auditors to rotate after a period of 20 years and include a mandatory competitive tender of audit firms at the 10 year midpoint. The EU regulation, Statutory Auditors and Third Country Auditors Regulations 2016 and CMA Order also set out transitional rules that determine the latest date for the initial rotation or tender process. PwC has been Carnival plc's auditor since fiscal 2003, so the transitional rules state that they may not be reappointed more than nine years after June 2014, effectively meaning that the audit firm must be changed for the fiscal 2024 audit at the latest.

As a result, the Audit Committees currently intend to tender the independent audits for the consolidated entity, Carnival Corporation & plc, and Carnival plc in 2022 for the 2024 audits.

Our reasons for not putting the audits out for tender until 2022 for the fiscal 2024 audits and for recommending that PwC be appointed Carnival plc's auditor for 2018 are as follows:

- PwC is one of the largest independent audit firms in the world. In addition, PwC is uniquely qualified because they are the auditors of the three largest public cruise companies in the world, which comprise over 75% of the global cruise industry. As such, it has an exceptional level of understanding of the cruise industry, the significant accounting principles used by it and the economic environment in which it operates.
- Carnival Corporation & plc has periodically undertaken internal surveys to confirm PwC's qualifications and performance, the quality and candor of their communication with the Audit Committees and management and their independence, objectivity and professional skepticism. The results of these surveys have supported the Audit Committees' and management's recommendations to appoint PwC as the independent auditors of Carnival Corporation & plc and Carnival plc.
- PwC's lead audit engagement partner for Carnival Corporation & plc and the engagement partner for Carnival plc are rotated from the engagement at least every five years. The PwC engagement partners working on subsidiaries are rotated from these engagements at least every seven years or in the case of significant EU subsidiaries, for the periods beginning on or after June 17, 2016, the engagement partners will be rotated at least every five years. The Audit Committees actively participate in the selection of the lead audit engagement partner. The Audit Committees and management believe the partner rotations support an independent auditor view of our operations and provide fresh insights into the audit processes.
- The Audit Committees meet regularly with PwC in executive sessions, where management is not present. These executive sessions, which are not required under UK or U.S. regulations, further support PwC's independence from management.
- The Audit Committees' Key Policies and Procedures establish a framework to monitor and maintain PwC's independence. These Key Policies and Procedures require, among other things, pre-approval from the Audit Committees for audit and permissible non-audit services prior to the performance of any such services in accordance with UK and U.S. regulations. The Audit Committees only approve services to be provided by PwC that are consistent with these regulations, which helps to support auditor independence.
- The communication between the Audit Committees and PwC has been timely and informative, which has assisted the Audit Committees in the performance of their oversight responsibilities.
- The Audit Committees and management believe that PwC has performed the audits of Carnival Corporation & plc and Carnival plc with proper professional skepticism and demonstrated the necessary knowledge, experience and skills to meet their audit requirements.
- Based on the review and analysis of audit fees of comparable public companies, the Audit Committees and management believe the PwC audit fees are competitive.

The Audit Committees continue to be confident that the effectiveness and independence of the external auditors is not impaired in any way. There are no contractual restrictions on the choice of external auditor and, therefore, a resolution proposing the reappointment of PwC as external auditors will be put to the Carnival plc shareholders at the 2018 Annual General Meeting.

The fees payable to PwC in respect of the audit and non-audit services provided to Carnival plc during fiscal 2017 were \$1.5 million and nil, respectively. The policy on Audit Committee pre-approval and permissible non-audit work of the independent auditors, are set out in the Proxy Statement under the heading "Independent Registered Certified Public Accounting Firm," which is incorporated by reference into this Carnival plc Corporate Governance Report.

ANNEX C

The Competition and Market Authority's ("CMA") Statutory Audit Services for Large Companies Market Investigation (Mandatory Use of Competitive Tender Processes and Audit Committee Responsibilities) Order 2014 (the "CMA Order") applies to FTSE 350 companies for financial years beginning on or after January 1, 2015. Carnival plc confirms that it complied with the provisions of the CMA Order in fiscal 2017.

Information and Professional Development

The Company Secretary is required to provide members of the Boards with appropriate information in advance of each meeting and Directors are required to devote adequate preparation time reviewing this information in advance of each meeting. The Company Secretary is also responsible for advising the Boards through the Chairman on all corporate governance matters.

All Directors have access to the advice and services of the Company Secretary and are permitted to obtain independent professional advice, at Carnival Corporation & plc's expense, as he or she may deem necessary to discharge his or her responsibilities as a Director. A Director is required to inform the Senior Independent Director of his or her intention to do so.

Directors are offered the opportunity to attend training programs of their choice. The subject matter and content of such programs are reviewed periodically during the year.

Board Performance Evaluations

During fiscal 2017, the Nominating & Governance Committees conducted performance evaluations of the Boards, the Boards' Committees and the members of our Boards of Directors. The performance review of Micky Arison, in his role as Chairman, was conducted separately by the Non-Executive Directors, led by the then Senior Independent Director, Stuart Subotnick, taking into account the view of the other Executive Director.

As part of the Boards' evaluation exercise, each Director was required to complete a questionnaire about the performance of the Boards and their Committees. All questionnaires were reviewed and assessed by the Nominating & Governance Committees.

In addition, the Nominating & Governance Committees reviewed the individual performance of each Director focusing on his or her contribution to Carnival Corporation & plc, and specifically focusing on areas of potential improvement. In making their assessment, the Nominating & Governance Committees reviewed considerations of age, diversity, experience and skills in the context of the needs of the Boards, and with the aim of achieving an appropriate balance on the Boards.

The Nominating & Governance Committees also discussed and reviewed with Non-Executive Directors any significant time commitments they have with other companies or organizations. In addition, the number of directorships held by Non-Executive Directors was taken into account, in line with Carnival Corporation & plc's policy on limiting multiple appointments.

The Nominating & Governance Committees reported the results of the reviews to the Boards, concluding that each Director was an effective member of the Boards and had sufficient time to carry out properly their respective commitments to the Boards, their Committees and all other such duties as

were required of them. It is the view of the Nominating & Governance Committees that the Boards continued to operate effectively during fiscal 2017.

During fiscal 2017, the Nominating & Governance Committees also reviewed their own performance against their respective charters by completing questionnaires that were provided to the Chair of the Nominating & Governance Committees. The results of such reviews were discussed among the members and reported to the Boards. The Boards concluded that the Nominating & Governance Committees continued to function effectively and continued to meet the requirements of their respective charters.

The Corporate Governance Code requires that an externally facilitated evaluation on the Board's effectiveness be undertaken at least once every third year. During fiscal 2016, the Nominating & Governance Committees engaged The Governance Solutions Group, an independent third-party governance expert which has no other connection with Carnival Corporation & plc, to perform an assessment of the effectiveness of the Boards. The third-party governance expert interviewed each Director elected in 2016 and members of senior management who interact substantially with the Board, reviewed the results of the assessment with the incumbent Senior Independent Director and then organized and summarized the assessment for discussion with the full Board.

Directors' Remuneration

The Carnival plc Directors' Remuneration Report is presented in two parts, with Part I forming part of the Proxy Statement and Part II being attached as Annex B to the Proxy Statement. During fiscal 2017, Carnival Corporation & plc's management made presentations to the Boards regarding shareholder issues. The Boards' members were also provided with copies of reports prepared by key market analysts.

Shareholders will have the opportunity at the 2018 Annual General Meeting, notice of which is contained in the Proxy Statement, to put questions to the Boards, including the Chairs of the Committees of the Boards.

The Boards have implemented procedures to facilitate communications between shareholders or interested parties and the Boards. Shareholders or interested parties who wish to communicate with the boards or the Senior Independent Director should address their communications to the attention of

The Company Secretary promptly forwards to the Senior Independent Director those communications which the Company Secretary believes require immediate attention. The Senior Independent Director notifies the Boards or the Chair of the relevant Committees of the Boards of those matters that he believes are appropriate for further action or discussion.

Statement of Compliance with the Corporate Governance Code

Carnival Corporation & plc has applied the main principles of the Corporate Governance Code and complied with its provisions throughout the year ended November 30, 2017, with the following exception: annual bonuses of U.S. Executive Directors form part of their pensionable salary (which is explained in the Carnival plc Directors' Remuneration Report attached as Annex B to the Proxy Statement).
