Risk Factors

The following are those risk factors which are material to each Company and of which each Company's respective Directors are aware. Material risk factors relating to the Shares are contained in the Securities Note. Additional factors which are not presently known to the Directors, or that the Directors currently deem immaterial, may also have an effect on their respective Company's business, financial condition or results of operations.

Risks Relating to the Companies and their Investment Strategies

- There can be no guarantee that the investment objectives of a Company will be achieved or that suitable investment opportunities will be available. The success of each Company will depend on the Manager's ability to identify, acquire and realise investments in accordance with each Company's investment policy and there can be no assurance that the Manager will be able to do so.
- Investment in unquoted companies, by its nature, involves a higher degree of risk than investment in companies traded on the main market for listed securities of the London Stock Exchange. In particular, smaller companies often have limited product lines, markets or financial resources and may be dependent for their management on a smaller number of key individuals. In addition, the market for stock in smaller companies is often less liquid than that for stock in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such stock. Full information for determining their value or the risks to which they are exposed may also not be available.
- The successful implementation of each Company's investment policy is dependent on the expertise of the Manager and its ability to attract and retain suitable staff. Each Company's ability to achieve its investment objectives is largely dependent on the performance of the Manager in the acquisition and disposal of assets and the management of such assets. Each Board has broad discretion to monitor the performance of the Manager and the power to appoint a replacement, but the Manager's performance or that of any replacement cannot be guaranteed.
- Most of the Companies' investments are and will be in companies whose securities are not publicly traded or freely marketed and may, therefore, be difficult, and take time, to realise. There may also be constraints imposed on the realisation of investments in order to maintain the VCT tax status of the Companies.
- Technology related risks are likely to be greater in early, rather than later, stage technology investments, including the risks of the technology not becoming generally accepted by the market or the obsolescence of the technology concerned, often due to greater financial resources being available to competing companies.
- Any change of governmental, economic, fiscal, monetary, regulatory or political policy or climate change legislation could materially affect, directly or indirectly, the operation of the Companies and/or the performance of the Companies and the value of and returns from shares and/or their ability to achieve or maintain VCT status.
- It is uncertain at this time as to what impact the UK's withdrawal from the EU, and the ending of the transition period on 31 December 2020, will have on the business model, business operations and financial results or sales demand, material and labour costs, availability and cost of finance for a Company or an underlying investee company.
- The implications arising from the coronavirus (Covid-19) crisis are a key risk facing the Companies, including its impact on the UK and global economies. UK Government measures to contain the spread of Covid-19 have caused significant disruption to consumer demand and a number of businesses currently have to operate within a number of restrictions on their trading. The effect of these measures and the ongoing effect of the coronavirus crisis on the Companies' investee companies is difficult to predict.

Risks Relating to Taxation and Regulation

- Each Company intends to manage its affairs in respect of each accounting period so as to obtain and thereafter maintain approval as a VCT. However, there can be no guarantee that a Company will be able to maintain VCT status. Where a Company fails to maintain approval as a VCT before Qualifying Investors have held their New Shares in that Company for five years, the income tax relief obtained on the amount subscribed in that Company will have to be repaid by such investors. Dividends paid in an accounting period where VCT status is lost will become taxable and a Qualifying Investor will generally be liable to income tax on the dividend received.
- Where approval as a VCT is not maintained, a Company will also lose its exemption from corporation tax on capital gains.
- The disposal of New Shares within five years of their issue will result in some or all of the 30 per cent. income tax relief available upon investment becoming repayable. On this basis, investing in New Shares should be considered a long-term investment.
- Legislation was introduced in 2014, relating to linked subscriptions and sales of VCT shares, restricting the availability of income tax relief on a subscription for shares in a VCT issued after 5 April 2014 where it is 'linked' to a sale of shares in the same VCT or in another VCT which is known to be merging with the VCT. For these purposes, linked means (i) the sale of the shares in the VCT was conditional on the subscription for shares in the same VCT (or vice versa) or (ii) the subscription for shares in the VCT and the sale of shares in the same VCT were within six months of each other (irrespective of which comes first). If the subscription is 'linked', the amount on which VCT income tax relief can be claimed will be reduced by the amount of the consideration of any linked sales.
- From 18 November 2015 there is a maximum age limit for companies receiving VCT investments (generally 7 years from first commercial sale or 10 years for "knowledge intensive" companies), and a maximum amount of Risk Finance State Aid which a company can receive over its lifetime (£12 million, or £20 million for "knowledge intensive" companies). Investing in earlier stage businesses is often riskier than investing in more mature businesses.
- The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The Company may not make any prohibited non-qualifying investments, including those which breach the "risk-to-capital" condition, and the potential penalty for contravention of these rules can include loss of VCT status with a resultant claw back of VCT tax reliefs from investors. HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying. However, HMRC may require rectification of the breach, which may mean that the VCT is forced to dispose of the investment at a loss.

Part I: The Directors and the Manager

A. The Directors

The Directors of each Company are responsible for the determination of the Company's investment objective and policy and have overall responsibility for the Company's activities including the review of investment activity and performance.

The Directors, in conjunction with the Manager, are determined to maintain the VCT status of their respective Company and in this regard recognise its critical importance to existing and potential Shareholders. Each Board has put in place procedures designed to ensure that VCT status is maintained and monitor this closely through the provision of regular reports from the Manager and the VCT tax status adviser on the status of the relevant Company against the various tests that it must meet to maintain its VCT status.

Each Board is also responsible for monitoring and managing the controllable risks to profits and assets in its respective Company. They have each established an ongoing formal process to ensure that risk exposure is reviewed regularly. As part of this regular review, each Board assesses its service providers with the Manager in order to discuss their performances against expectations as well as to improve both service standards and value for money.

The Directors, all of whom are non-executive and independent of the Manager with the exception of Patrick Reeve, the Chairman of Albion Capital, who sits on the boards of Albion Development VCT, Albion Technology & General VCT and Albion Enterprise VCT, together have relevant experience of similar investment funds, regulatory organisations, corporate governance of listed companies, the private equity industry and investee companies. There is no conflict of interest between the duties carried out by a Director on behalf of their Company and their private interests, save in respect of Patrick Reeve, who is a director of Albion Development VCT, Albion Technology & General VCT and Albion Enterprise VCT and a member and Chairman of the Manager and is, therefore, interested in those contracts with the Companies referred to in paragraphs 4 in each of Sections A, B and C in Part V below.

Corporate Governance

The Listing Rules require premium-listed companies, such as each Company, to include in their annual report and accounts a statement of how they apply the principles of good corporate governance set out in the UK Corporate Governance Code and whether or not they have complied with the best practice provisions set out in the UK Corporate Governance Code throughout their accounting period. Where any of the provisions have not been complied with, the relevant company must state the provisions in question, the period within which non-compliance occurred and the reasons for non-compliance.

Each Company is a member of the Association of Investment Companies and as such the AIC Code, which complements the UK Corporate Governance Code and provides a framework of best practice for investment companies, including VCTs, applies to it. The Financial Reporting Council has confirmed that, by following the AIC Corporate Governance Guide for Investment Companies (which was produced in conjunction with the AIC Code in February 2019) (the "AIC Guide"), VCT boards should fully meet their obligations in relation to the UK Corporate Governance Code and paragraph 9.8.6 of the Listing Rules.

The AIC Code provides that, to give greater transparency to investors, it should be best practice for members to state in their annual report whether they are adhering to the principles and following the recommendations contained in the AIC Code and if not, to explain why and, where appropriate, to detail the steps they intend to take to bring themselves into compliance in the future. AIC member companies may also make a statement that, by reporting against the AIC Code and by following the AIC Guide, they are meeting their obligations under the UK Corporate Governance Code (and associated disclosure requirements under paragraph 9.8.6 of the Listing Rules) and as such do not need to report further on issues contained in the UK Corporate Governance Code which are irrelevant to them (as explained in the AIC Guide).

- (a) A Management Agreement dated 10 December 1998 (as novated, amended and supplemented) pursuant to which the Manager provides discretionary investment management and administration services to Albion Development VCT.

Under the Management Agreement, the Manager is paid an annual management fee equal to 2.25 per cent. of Albion Development VCT's net assets which is paid quarterly in arrears.

The total annual running costs of the Company, including fees payable to the Manager, Directors' fees, professional fees and the costs incurred by the Company in the ordinary course of business (but excluding any exceptional items and performance fees payable by the Manager) are capped at an amount equal to 2.5 per cent. of the Company's net assets, with any excess being met by the Manager by way of a reduction in management fees.

The Manager is, in addition, entitled to a performance fee. No performance fee is payable to the Manager until the total return exceeds RPI plus 2 per cent. per Albion Development VCT Share per annum from a base on 1 January 2019 of 84.7 pence. If the target return is not achieved in a period, the cumulative shortfall is carried forward to the next accounting period and has to be made up before an incentive fee becomes payable. To the extent that the total return exceeds the threshold over the relevant period, a performance fee will be paid to the Manager of an amount equal to 20 per cent. of the excess.

The Management Agreement is terminable by either party by one year's prior written notice, subject to earlier termination by either party in the event of, inter alia, either party committing a material breach of the Management Agreement and failing to rectify the same within 45 days of being requested to do so or if Albion Development VCT fails to become or ceases to be a venture capital trust for tax purposes or if the Manager shall cease to be lawfully able to carry out its obligations under the Management Agreement.

If terminated by Albion Development VCT without due cause or on less than requisite notice, the Manager shall be entitled to receive an amount representing the fees which would have been payable during the period for which notice shall not have been given, calculated by reference to the previous quarterly payments.

The Management Agreement will terminate automatically without compensation, if either party enters into liquidation or has a receiver or administrator appointed over it or its assets, if the Manager ceases to be permitted to act as manager, if the Manager commits an act of fraud or upon the passing of a resolution for the voluntary liquidation, reconstruction or reorganisation of Albion Development VCT as provided under Albion Development VCT's Articles of Association.

The Management Agreement contains provisions indemnifying the Manager against any liability not due to its default, negligence, fraud, breach of FSMA or the rules of the FCA.

In line with common practice in the VCT sector, the Manager is entitled to an arrangement fee, payable by each Investee Company, of approximately 2 per cent. on each investment made and is entitled to any non-executive director fees in respect of the Manager's representation on the boards of Investee Companies.

For the purposes of calculating the fees paid to the Manager, the values of the investments are calculated in accordance with Albion Development VCT normal accounting policies, with any disputes being referred to Albion Development VCT's auditors.

The annual management fees will be charged as to 75 per cent. against capital reserves for accounting purposes, with the balance and all other expenses being charged against revenue. Any performance fees payable to the Manager will be allocated between capital and revenue reserves on a basis to be determined by the Board.

The Management Agreement contains provisions indemnifying the Manager against any liability not due to its default, negligence, fraud, breach of FSMA or the rules of the FCA.

Save as disclosed in this paragraph, Albion Technology & General VCT has not entered, other than in the ordinary course of business, into any contract which is or may be material to Albion Technology & General VCT within the two years immediately preceding the publication of this document or into any contract which contains any provision under which Albion Technology & General VCT has any obligation or entitlement which is material to Albion Technology & General VCT as at the date of this document:

- (a) A Management Agreement dated 14 December 2000 (as novated, amended and supplemented) pursuant to which the Manager provides discretionary investment management and administration services to Albion Technology & General VCT.

Under the Management Agreement, the Manager is paid an annual fee equal to 2.5 per cent. of Albion Technology & General VCT's net assets which is paid quarterly in arrears.

The total annual running costs of the Company, including fees payable to the Manager, Directors' fees, professional fees and the costs incurred by the Company in the ordinary course of business (but excluding any exceptional items and performance fees payable by the Manager) are capped at an amount equal to 2.75 per cent. of the Company's net assets, with any excess being met by the Manager by way of a reduction in management fees.

If the target return is not achieved in a period, the cumulative shortfall is carried forward to the next accounting period and has to be made up before an incentive fee becomes payable. To the extent that the total return exceeds the threshold over the relevant period, a performance fee will be paid to the Manager of an amount equal to 15 per cent. of the excess.

The Management Agreement is terminable by either party by one year's prior written notice, subject to earlier termination by either party in the event of, inter alia, either party committing a material breach of the Management Agreement and failing to rectify the same within 45 days of being requested to do so or if Albion Technology & General VCT fails to become or ceases to be a venture capital trust for tax purposes or if the Manager shall cease to be lawfully able to carry out its obligations under the Management Agreement.

If terminated by Albion Technology & General VCT without due cause or on less than requisite notice, the Manager shall be entitled to receive an amount representing the fees which would have been payable during the period for which notice shall not have been given, calculated by reference to the previous quarterly payments.

The Management Agreement will terminate automatically without compensation, if either party enters into liquidation or has a receiver or administrator appointed over it or its assets, if the Manager ceases to be permitted to act as manager, if the Manager commits an act of fraud or upon the passing of a resolution for the voluntary liquidation, reconstruction or reorganisation of Albion Technology & General VCT as provided under Albion Technology & General VCT's Articles of Association.

The Management Agreement contains provisions indemnifying the Manager against any liability not due to its default, negligence, fraud, breach of FSMA or the rules of the FCA.

In order to provide the Manager with an incentive to maximise the return to investors, the Manager is entitled to charge an incentive fee in the event that the returns exceed minimum target levels per Crown Place VCT Share. The target level requires that the aggregate of the growth in the net asset value per Crown Place VCT Share and dividends paid by Crown Place VCT or declared by the Board and approved by the shareholders during the relevant period (both revenue and capital), compared with the previous accounting date, exceeds the average base rate of the Royal Bank of Scotland plc plus 2.0 per cent. - (a) A Management Agreement dated 8 December 2010 pursuant to which the Manager provides discretionary investment management and administration services to Kings Arms Yard VCT.

Under the Management Agreement, the Manager is paid an annual management fee equal to 2 per cent. of the Kings Arms Yard VCT's net assets which is paid quarterly in arrears.

No performance fee is payable to the Manager until the total return exceeds RPI plus 2 per cent. per annum per Kings Arms Yard VCT Share from the year end or half year on which the net asset value is equal to, or greater than, 20 pence per Kings Arms Yard VCT Share. If the target return is not achieved in a period, the cumulative shortfall is carried forward to the next accounting period and has to be made up before an incentive fee becomes payable. To the extent that the total return exceeds the threshold over the relevant period, a performance fee will be paid to the Manager of an amount equal to 15 per cent. of the excess.

The Management Agreement is terminable by either party by one year's prior written notice, subject to earlier termination by either party in the event of, inter alia, either party committing a material breach of the Management Agreement and failing to rectify the same within 45 days of being requested to do so or if Kings Arms Yard VCT fails to become or ceases to be a venture capital trust for tax purposes or if the Manager shall cease to be lawfully able to carry out its obligations under the Management Agreement.

If terminated by Kings Arms Yard VCT without due cause or on less than requisite notice, the Manager shall be entitled to receive an amount representing the fees which would have been payable during the period for which notice shall not have been given, calculated by reference to the previous quarterly payments.

The Management Agreement will terminate automatically without compensation, if either party enters into liquidation or has a receiver or administrator appointed over it or its assets, if the Manager ceases to be permitted to act as manager, if the Manager commits an act of fraud or upon the passing of a resolution for the voluntary liquidation, reconstruction or reorganisation of Kings Arms Yard VCT as provided under Kings Arms Yard VCT's Articles of Association.

The Management Agreement contains provisions indemnifying the Manager against any liability not due to its default, negligence, fraud, breach of FSMA or the rules of the FCA.

In line with common practice in the VCT sector, the Manager is entitled to an arrangement fee, payable by each Investee Company, of approximately 2 per cent. on each investment made and is entitled to any non-executive director fees in respect of the Manager's representation on the boards of Investee Companies.

The annual management fees will be charged as to 75 per cent. against capital reserves for accounting purposes, with the balance and all other expenses being charged against revenue. Section F: General Information on the Companies

1 Articles of the Companies

The principal object and purpose of each Company is to carry on business as a general commercial company.

The material provisions of each Company's articles of association are as detailed below. The provisions set out below apply, mutatis mutandis, to each Company, unless otherwise stated. Reference in this section to the "Company" means, as the case may be, one or more Companies, references to the "Directors" and the "Board" mean the directors of or the board of directors of the relevant Company from time to time and references to the "Articles" are to the articles of association of the relevant Company.

1.1 Voting rights

- (a) Subject to the provisions of CA 2006 or any special terms as to voting on which any shares may have been issued, or may for the time being be held, and to any suspension or abrogation of voting rights pursuant to the Articles, on a show of hands every member who is present in person or by proxy at any general meeting of the Company shall have one vote and on a poll every member who is present in person or who (being a corporation) is present by a representative or by proxy shall have one vote for every share of which he is the holder.
- (b) A proxy need not be a member of the Company. The appointment of a proxy shall, subject to the provisions of CA 2006, be in writing and in any common form or in such other form as the Board of the Company may approve and (i) if in writing but not in electronic form, made under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, under its common seal or under the hand of some officer or attorney or other person duly authorised in that behalf, or (ii) if in writing in electronic form, submitted by or on behalf of the appointor and authenticated.
- (c) The appointment of a proxy, in the case of an instrument in writing, shall be deposited at the registered office of the Company or at such other place or places within the United Kingdom as is specified not less than 48 hours before the time of the holding of the meeting or, in the case of an appointment in electronic form, shall be received at any address which is specified for the purpose not less than 48 hours before the time of the holding of the meeting.
- (d) No member shall, unless the Board otherwise determines, be entitled to be present or to vote, either personally or by proxy or to be reckoned in the quorum at any general meeting unless all calls or other sums payable by him in respect of his shares have been paid or unless the Board otherwise determines, after failure to provide the Company with information concerning interests in those shares required to be provided under the Articles or CA 2006 where the shares in question represent at least 0.25 per cent. of their class.
- (e) In the case of an equality of votes, whether on a show of hands or on a poll, the Chairman of the meeting shall have the second or casting vote in addition to any other vote that he may have.

1.2 Issue of Shares

- (a) Subject to the provisions of CA 2006 and the Articles and to any relevant authority of the Company in general meeting required by CA 2006, unissued shares shall be at the disposal of the Board and they may allot, grant options over, offer or otherwise deal with or dispose of them or rights to subscribe for or convert any security into shares to such persons at such time and on such terms as the Board may decide, provided that no share may be issued at a discount to its nominal value. The Board may also issue redeemable shares on such terms as provided in the Articles.
- (b) Subject to the provisions of CA 2006 and to any special rights for the time being attaching to any existing shares, any shares may be allotted or issued with, or have attached to them, such preferred, deferred or other special rights or restrictions, whether in regard to dividend, voting, transfer, return of capital or otherwise, as the Company may from time to time by ordinary resolution determine or, if no such resolution has been passed or so far as the resolution does not make specific provision, as the Board may determine.

1.3 Transfer of Shares

- (a) Subject to such of the restrictions of the Articles and CA 2006 as may be applicable, any member may transfer all or any of his shares by an instrument of transfer in the usual form or in any other form that the Board may approve. Such instrument shall be signed for or on behalf of the transferor and (in the case of a partly paid share) the transferee.
- (b) The Board may, in its absolute discretion, refuse to register any transfer of a share unless (i) it is in respect of a share which is fully paid up, (ii) it is in respect of only one class of shares, (iii) it is in favour of a single transferee or not more than four joint transferees, (iv) it is duly stamped (if so required) and (v) it is delivered for registration to the registered office of the Company or such other place as the Board may from time to time determine, accompanied (save in certain circumstances) by the certificate for the shares to which it relates and such other evidence as the Board may reasonably require to prove the title of the transferor and the due execution of the transfer by him or, if the transfer is executed by some other person on his behalf, the authority of that person to do so.
- (c) The Board shall not however refuse to register any transfer of partly paid shares which are listed on the London Stock Exchange where such refusal would prevent dealing in such shares from taking place on an open and proper basis.
- (d) Uncertificated shares may be transferred by means of a relevant system. The Board may refuse to register a transfer of uncertificated shares in such circumstances as may be permitted or required by the regulations relating thereto and the relevant system.
- (e) Where the shares in question represent at least 0.25 per cent. of their class, unless the Board otherwise determines, the member in question may not (other than in limited circumstances) transfer them after failure to provide the Company with information concerning interests in those shares required to be provided under the Articles or CA 2006.

1.4 Variation of rights

Where the Company's share capital is divided into different classes of shares, the rights attached to any shares or class of shares may be varied or abrogated in such manner (if any) as may be provided by such rights or, in the absence of any such provision, either with the written consent of the holders of not less than three-quarters in nominal value of the issued shares of that class (excluding any shares of that class held as treasury shares), or with the sanction of an extraordinary resolution passed at a separate general meeting of the holders of shares of that class of shares. The quorum for such a class meeting is two persons holding or representing by proxy at least one third of the nominal amount of the issued shares of that class.

1.5 Alteration of capital

The Company may from time to time in general meeting, by ordinary resolution, increase its share capital by such sums to be divided into shares of such amount as the resolution prescribes, consolidate and divide all or any of its share capital into shares of larger nominal amounts than its existing shares, cancel any shares which at the date of the passing of the resolution have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled, and sub-divide its shares, or any of them into shares of a smaller amount and may by such resolution determine that, as between the shares resulting from such sub-division, one or more of the shares may, as compared with the others, have any such preferred or deferred or other special rights or be subject to any such restrictions as the Company has power to attach to unissued or new shares.

1.6 Dividends and distributions

The Company may, subject to the provisions of CA 2006 and the Articles, by ordinary resolution from time to time declare dividends to be paid to members not exceeding the amount recommended by the Board. Subject to the provisions of CA 2006, in so far as, in the Board's opinion, the financial position of the Company justifies such payments, the Board may pay interim dividends on any class of shares including those carrying a fixed dividend. The Board may, if authorised by an ordinary resolution of the Company, offer shareholders in respect

of any dividend the right to receive Shares instead of cash. The Board may withhold dividends payable (with no obligation to pay interest thereon) on shares (where such shares represent at least 0.25 per cent. of their class) after there has been a failure to provide the Company with information concerning interests in those shares required to be provided under the Articles or CA 2006 until such failure has been remedied. Any dividend unclaimed after a period of 12 years from the date such dividend is payable shall, if the Board resolves, be forfeited and shall revert to the Company.

1.7 Distribution of realised capital profits

At any time when the Company has given notice in the prescribed form (which has not been revoked) to the Registrar of Companies of its intention to carry on business as an investment company (a Relevant Period), distribution of the Company's capital profits (within the meaning of section 833(2)(c) of CA 2006) shall be prohibited except to the extent that the requirements for investment company status under section 833 of CA 2006 do not require a company to prohibit the distribution of its capital profits in its memorandum or articles of association. The Board shall establish a reserve to be called the capital reserve. During a Relevant Period, all surpluses arising from the realisation or revaluation of investments and all other monies realised on or derived from the realisation, repayment of or other dealing with any capital asset in excess of the book value thereof and all other monies which are considered by the Board to be in the nature of accretion to capital shall be credited to the capital reserve. Subject to CA 2006, the Board may determine whether any amount received by the Company is to be dealt with as income or capital or partly one way and partly the other. During a Relevant Period, any loss realised on the realisation or repayment of or other dealing with any investments or other capital assets and, subject to CA 2006, any expense or liability (or provision thereof) which the Board considers to relate to a capital item or which the Board otherwise considers appropriate to be debited to the capital reserve shall be carried to the debit of the capital reserve. During a Relevant Period, all sums carried and standing to the credit of the capital reserve may be applied for any of the purposes to which the sums standing to any revenue reserve are applicable except and provided that, notwithstanding any other provision of the Articles, no part of the capital reserve or any other money in the nature of accretion to capital shall be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution (as defined by section 829 of CA 2006), except to the extent that the requirements for investment company status under section 833 of CA 2006 do not require a company to prohibit the distribution of its capital profits in its memorandum or articles of association, or be applied in paying dividends on any shares in the Company. In periods other than a Relevant Period, any amount standing to the credit of the capital reserve may be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution (as defined by section 829 of CA 2006) or applied in paying dividends on any shares in the Company.

1.8 Duration and winding up

- (a) The Articles provide that the Board shall procure that, at the annual general meeting of the Company falling in 2021 for Crown Place VCT, 2025 for Albion Development VCT and Kings Arms Yard VCT and 2027 for Albion Enterprise VCT and Albion Technology & General VCT, and at every fifth annual general meeting thereafter in the case of Kings Arms Yard VCT and Crown Place VCT or at every tenth annual general meeting thereafter in the case of Albion Development VCT, Albion Enterprise VCT and Albion Technology & General VCT, an ordinary resolution will be proposed to the effect that the Company shall continue in being as a VCT. If, at any such meeting, such resolution is not passed the Board shall, within nine months of such meeting, convene an extraordinary general meeting to propose a special resolution for the re-organisation or re-construction of the Company or a special resolution to wind up the Company voluntarily.
- (b) If the Company shall be wound up, the liquidator may, with the authority of an extraordinary resolution and subject to any sanction, divide among the members in specie or in kind the whole or part of the assets of the Company and may determine how such a division shall be carried out as between the members or different classes of members. The liquidator may, with the like authority, vest the whole or any part of the assets in trustees upon such trusts for the benefit of members as the liquidator with the like authority shall think fit and the liquidation of the Company may be closed and the Company dissolved, but no member shall be compelled to accept any assets in respect of which there is a liability.

1.9 Directors

- (a) Unless otherwise determined by ordinary resolution of the Company, the Directors (disregarding alternate Directors) shall not be less than two but there shall be no maximum number of Directors.

The Company may by ordinary resolution appoint a person who is willing to be a Director. The Board may appoint any person who is willing to act as a Director. The Board may appoint one or more of its body to hold any employment or executive office and may revoke or terminate such appointment, without prejudice to any claim for damages for breach of contract between the Director and the Company.

A Director shall not be required to hold any shares in the Company.

The Company may by ordinary resolution remove any director before the expiration of his period of office.

- (b) The business and affairs of the Company shall be managed by the Board, which may exercise all such powers of the Company, subject nevertheless to the provisions of CA 2006.
- (c) Subject to the provisions of the Articles, at every annual general meeting one third of the Directors who are subject to retirement by rotation or, if their number is not a multiple of three, then the number nearest to but not exceeding one third, shall retire from office. If there are fewer than three Directors who are subject to retirement by rotation, one Director will retire. Any Director who is not required to retire by rotation but who has been in office for three years or more since his appointment or re-appointment or who has otherwise held office at not more than three consecutive annual general meetings shall retire from office.

1.10 Authorisation of interests of Directors

- (a) subject to the provisions of CA 2006 and of the Articles, a Director, notwithstanding his office:

- (i) may enter into or otherwise be interested in any contract, arrangement, transaction or proposal with the Company or in which the Company is otherwise interested, either in regard to his tenure of any office or place of profit or as vendor, purchaser or otherwise;
- (ii) may hold any other office or place of profit under the Company (except that of auditor or of auditor of a subsidiary of the Company) in conjunction with the office of director and may act by himself or through his firm in a professional capacity for the Company, and in any such case on such terms as to remuneration and otherwise as the Board may arrange, either in addition to or in lieu of any remuneration provided for by any other Article;
- (iii) may be a Director or other officer, or employed by, or a party to any transaction or arrangement with, or otherwise interested in, any company promoted by the Company or in which the Company is otherwise interested or as regards which the Company has any powers of appointment; and
- (iv) shall not be liable to account to the Company for any benefit resulting from any contract by reason of the Director holding that office or the fiduciary relationship established by that office and no such contract, arrangement, transaction or proposal shall be avoided on the grounds of any such interest or benefit.

- (b) A Director who is interested in any contract, arrangement, transaction or proposal with the Company shall declare the nature of his interest at a meeting of the Board in accordance with CA 2006.
- (c) The Board may authorise any matter which, if not so authorised, would or might result in a director infringing his duty to avoid a situation in which he has, or can have, a direct or indirect interest that conflicts, or possibly may conflict, with the interests of the Company (a "Conflicted Director").

Any such authorisation may be given subject to terms and conditions as the Board think fit to impose at the time of such authorisation or subsequently and the authorisation may be varied or terminated by the Board at any time. Any such authorisation is only effective if given by the non-Conflicted Directors and if any requirement as to the quorum of the meeting is met by the non-Conflicted Directors.

If a matter has been so authorised by the Board, the Conflicted Director:

- (i) shall be released from any duty to disclose to the Company any confidential information relating to the matter in question which he received or has received from a third party; and
 - (ii) shall not, by reason of his office, be accountable to the Company for any benefit which he derives from any matter, or from any office employment or position, which has been approved by the Board pursuant to the provisions described above (subject in any such case to any terms or conditions to which such approval is for the time being subject).
- (d) Save as provided in the Articles, a Director shall not vote on, or be counted in the quorum in relation to, any resolution of the Board or of a committee of the Board concerning any contract, arrangement, transaction or any proposal whatsoever to which the Company is or is to be a party and in which he is, to his knowledge, alone or together with any person connected with him, materially interested, unless the resolution concerns any of the following matters:
- (i) the giving to him of any guarantee, security or indemnity in respect of money lent or obligations incurred by him or by any other person at the request of or for the benefit of the Company or any of its subsidiaries;
 - (ii) a debt or obligation of the Company or any of its subsidiaries for which he himself has assumed responsibility in whole or in part, either alone or jointly with others, under a guarantee or indemnity or by the giving of security;
 - (iii) any proposal concerning an offer of shares, debentures or other securities of the Company or any of its subsidiaries in which offer he is or may be entitled to participate as a holder of securities or in the underwriting or sub-underwriting of which he is to participate;
 - (iv) any contract, arrangement, transaction or proposal to which the Company is or is to be a party concerning any other body corporate (a relevant company) in which he (together with persons connected with him), directly or indirectly (and whether as an officer or shareholder, creditor or otherwise), does not hold or have a beneficial interest in one per cent. or more of either a relevant company or an intermediate company (as defined in the Articles) (any such interest being deemed for the purposes of this Article to be a material interest in all circumstances);
 - (v) any contract, arrangement, transaction or proposal relating to an arrangement for the benefit of the employees of the Company or its subsidiaries which does not award him any privilege or benefit not generally awarded to the employees to which such arrangement relates; or
 - (vi) any proposal concerning the purchase and/or maintenance of any insurance policy for the benefit of persons including directors.
- (e) A Director shall not vote or be counted in the quorum on any resolution of the Board or committee of the Board concerning his own appointment (including fixing or varying the terms of his appointment or its termination) as the holder of any office or place of profit with the Company or any company in which the Company is interested. Where proposals are under consideration concerning the appointment (including fixing or varying the terms of appointment or its termination) of two or more Directors to offices or places of profit with the Company or any company in which the Company is interested, such proposals may be divided and a separate resolution considered in relation to each Director. In such case each of the Directors concerned (if not otherwise debarred from voting under these Articles) shall be entitled to vote (and be counted in the quorum) in respect of each resolution except that concerning his own appointment.
- (f) Subject to the provisions of CA 2006 and the Articles:
- (i) the Board shall have the power to purchase and maintain insurance at the expense of the Company for, or for the benefit of any persons who are or were at any time Directors, officers or employees of the Company, including insurance against any liability incurred by such persons in relation to or in connection with their duties, powers or offices in relation to the Company; and
 - (ii) every Director, alternate Director, secretary and other officer of the Company shall be entitled to be indemnified by the Company against all costs, charges, losses, damages and liabilities incurred by him in

connection with his duties or the exercise of his powers.

1.11 Borrowing powers

The Board may exercise all powers of the Company to borrow money and to mortgage or charge all or any part of its undertaking, property and assets (present and future) and uncalled capital and, subject to the provisions of CA 2006, to create and issue debentures, other loan stock and other securities, whether outright or as collateral security for any debt, liability or obligation of the Company or of any third party. Such powers are however limited so that the aggregate principal amount outstanding in respect of monies borrowed by the Company shall not, without the previous sanction of an ordinary resolution of the Company, exceed an amount equal to the adjusted share capital and reserves of the Company (for Crown Place VCT and Kings Arms Yard), or 10 per cent. thereof (for Albion Development VCT, Albion Enterprise VCT and Albion Technology & General VCT).

1.12 Untraced members

Subject to various notice requirements, the Company may sell at the best price reasonably obtainable any share held by a member provided that for a period of 12 years at least three dividends (whether interim or final) on those shares have become payable and no such dividend has been claimed, no cheque or warrant has been cashed and the Company has not received any communication during the relevant period from the holder of the shares.

1.13 General meetings

Annual general meetings and other general meetings of the Company shall be called by at least such minimum period of notice as is prescribed under CA 2006.

1.14 Notifiable interests

Obligations by Shareholders to disclose to the Companies notifiable interests in their shares are stated in Part 22 of CA 2006, sections 89A to 89L of FSMA and the Disclosure and Transparency Rules. In accordance with the Articles, failure by any member to provide the Company with the information as requested by any notice serviced in accordance with section 793 of CA 2006 may result in the member being restricted in respect of his shareholdings and, inter alia, the withholding of any dividend payable to him.

2 Valuation policy

Investments, including unquoted loan stocks, are designated as fair value through profit or loss ("FVTPL"). Unquoted investments' fair value is determined by the Directors in accordance with the International Private Equity and Venture Capital Valuation Guidelines (IPEV guidelines).

Investments will usually be valued quarterly and the resulting net asset values will be communicated to Shareholders through a Regulatory Information Service. The Company will also announce when there has been a major change to its net asset value, for instance as a result of a disposal of an investment or if the Company undertakes a fundraising and needs to announce an interim valuation. The calculation of net asset value of the Company's investments will only be suspended in circumstances where the underlying data necessary to value the investments of the Company cannot readily, or without undue expenditure, be obtained. Details of any suspension would be announced through a Regulatory Information Service.

3 Custody arrangements

Ocorian (UK) Limited ("Ocorian") acts as custodian for each Company's unquoted assets and, in that capacity, is responsible for ensuring safe custody and dealing with settlement arrangements. Certificates representing the investments made by the Companies are segregated within a secure safe at the Companies' registered office. Ocorian is a limited company registered in England and Wales with registration number 5534412. Its registered office is at 5th Floor, 20 Fenchurch Street, London, EC3M 3BY. Ocorian is authorised and regulated by the FCA.

4 Taxation

The following paragraphs, which are intended as a general guide only and are based on current legislation and HMRC practice, summarise advice received by the Directors as to the position of the Shareholders who hold shares other than for trading purposes. Any person who is in any doubt as to his taxation position or is subject to taxation in any jurisdiction other than the United Kingdom should consult his professional advisers.

- (a) Taxation of dividends - under current law, no tax will be withheld by a Company when it pays a dividend.
- (b) Stamp duty and stamp duty reserve tax - the Directors have been advised that no stamp duty or stamp duty reserve tax will be payable on the issue of New Shares. The Directors have also been advised that the transfer of shares in a Company will, subject to any applicable exemptions, be liable to ad valorem stamp duty at the rate of 0.5 per cent. of the consideration paid. An unconditional agreement to transfer such shares if not completed by a duly stamped stock transfer will be subject to stamp duty reserve tax generally at the rate of 50p per £100 (or part thereof) of the consideration paid.
- (c) Close company - the Directors of each Company believe that their Company is not, and expect that following the Offers will not be, a close company within the meaning of ITA 2007. If a Company was a close company in any accounting period, approval as a VCT for that Company would be withdrawn.

5 VCT Status

Each Company has to satisfy a number of tests to continue to qualify as a VCT. A summary of these tests is set out below. The following information is based on current UK law and practice and is subject to changes therein, is given by way of a general summary and does not constitute legal or tax advice.

(a) Qualification as a VCT

To qualify as a VCT, a company must be approved as such by HMRC. To obtain such approval it must:

- 1 not be a close company;
- 2 have each class of its ordinary share capital listed on a regulated market;
- 3 derive its income wholly or mainly from shares or securities;
- 4 have at least 80 per cent. by VCT Value of its investments in shares or securities in Qualifying Investments;
- 5 have at least 70 per cent. of its Qualifying Investments in eligible shares (investments made before 6 April 2018 from funds raised before 6 April 2011 are excluded);
- 6 invest at least 30 per cent. of funds raised in accounting periods beginning after 5 April 2018 in Qualifying Investments by the anniversary of the accounting period in which the funds were raised;
- 7 have at least 10 per cent. by VCT Value of each Qualifying Investment in eligible shares;
- 8 not have more than 15 per cent. by VCT Value of its investments in a single company or group (other than a VCT or a company which would, if its shares were listed, qualify as a VCT);
- 9 not retain more than 15 per cent. of its income derived from shares and securities in any accounting period;
- 10 not make an investment in a company which causes that company to receive more than £5 million (£10 million if the company is deemed to be a "knowledge intensive" company) of State Aid investment (including from VCTs) in the twelve months ending on the date of the investment;
- 11 not make an investment other than a Qualifying Investment, or certain permitted non-qualifying investments;
- 12 not return the capital to its investors before the third anniversary of the end of the accounting period during which the subscription for shares occurred;
- 13 not make an investment in a company that causes that company to receive more than £12 million (£20

million if the company is deemed to be a “knowledge intensive” company) of State Aid Risk Finance investment (including from VCTs) over the company’s lifetime;

14 not make an investment in a company whose first commercial sale was more than 7 years prior to date of investment, except where previous State Aid Risk Finance was received by the company within 7 years (10 years for a “knowledge intensive” company) or where a turnover test is satisfied and the company is entering a new market; and

15 not allow funds received from an investment into a company to be used to acquire another existing business or trade.

The term “eligible shares” means shares which carry no preferential rights to assets on a winding-up and no rights to be redeemed, although they may have certain preferential rights to dividends.

(b) Qualifying Investments

A Qualifying Investment consists of shares or securities first issued to the VCT (and held by it ever since) by a company satisfying the conditions set out in Chapter 4 of Part 6 of ITA 2007.

The conditions are detailed, but include that the company must be a Qualifying Company, have gross assets not exceeding £15 million immediately before and £16 million immediately after the investment, have fewer than 250 full-time (or full-time equivalent) employees (fewer than 500 for a “knowledge intensive” company), apply the money raised for the purposes of a qualifying trade within a certain time period, cannot be controlled by another company and at the time of investment did not obtain more than £5 million (£10 million for a company deemed to be a “knowledge intensive” company) of investment from EU state aided risk capital measures in the twelve month period ending on the date of the investment by the VCT, and does not obtain a total of more than £12 million of such investment (£20 million for a company deemed to be a “knowledge intensive” company).

(c) Qualifying Companies

A Qualifying Company must be unquoted (for VCT purposes this includes companies whose shares are traded on AIM) and must carry on a qualifying trade. For this purpose certain activities are excluded such as dealing in land or shares or providing financial services. The qualifying trade must be less than seven years old at the time of the first investment from State Aid Risk Finance (or a turnover test must be satisfied). The qualifying trade must either be carried on by, or be intended to be carried on by, the Qualifying Company or by a qualifying subsidiary at the time of the issue of shares or securities to the VCT (and at all times thereafter).

The company must have a permanent establishment in the UK, but the company need not be UK resident. A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT and continue it thereafter.

A Qualifying Company may have no subsidiaries other than qualifying subsidiaries which must, in most cases, be at least 51 per cent. owned.

There is a “disqualifying purpose” test under which an investment will not be a Qualifying Investment if the investee company has been set up for the purposes of accessing tax reliefs or is in substance a financing business. In addition, the investment must meet a “risk-to-capital” condition which requires that the investee company has long term growth plans, and that the investment is at risk.

VCT funds cannot be used by a Qualifying Company to fund the purchase of a business or of shares in another company.

(d) Approval as a VCT

A VCT must be approved at all times by HMRC. Approval has effect from the time specified at approval. A VCT cannot be approved unless the tests detailed above are met throughout the most recent complete accounting period of the VCT and HMRC is satisfied that they will be met in relation to the accounting period of the VCT which is current when the application is made. However, where a VCT raises further funds, VCTs are given grace periods to invest those funds before those funds need to meet such tests. Each Company has received approval as a VCT from HMRC.

(e) Withdrawal of approval

Approval of a VCT may be withdrawn by HMRC if the various tests set out above are not satisfied. The exemption from corporation tax on capital gains will not apply to any gain realised after the point at which VCT status is lost. Withdrawal of approval generally has effect from time to time when notice is given to the VCT but in relation to capital gains tax of the VCT only can be backdated to not earlier than the first day of the accounting period commencing immediately after the last accounting period of the VCT in which all of the tests were satisfied.

6 Conflicts of Interest

The Manager may be involved in other financial, investment or professional activities that may on occasion give rise to conflicts of interest as between their duties to the Companies and duties owed by them to third parties and their other interests. In particular, it currently does, and may continue to, provide investment management, investment advice or other services in relation to a number of other funds or companies/clients that may have similar investment objectives and/or policies to that of the Companies and may receive ad valorem and/or performance-related fees for doing so. As a result, the Manager may have conflicts of interest in allocating investments among the Companies and other clients and in effecting transactions between the Company and other clients. The Manager may give advice or take action with respect to such other clients that differs from the advice given or actions taken with respect to the Companies.

The Boards of each of the Companies have noted that the Manager has other clients and have satisfied themselves that the Manager has procedures in place to address potential conflicts of interest. The procedures are designed to ensure that most conflicts are avoided (for example, restrictions on co-investment by staff, procedures relating to staff having outside appointments or other business interests, procedures relating to co-investments by other funds or limited partners and allocation across Albion Capital funds). The policy provides examples of potential conflicts and situations where one party could be favoured over another, to ensure that staff are suitably informed of likely potential conflicts that they must avoid or be alert to. The policy requires all staff to identify and disclose all potential conflicts of interest to the Managing Partner and Head of Compliance for them to assess the degree of risk and agree how the conflict must be managed. All conflicts are reported to the management board of Albion Capital. A conflicts register is maintained. In particular, prior to the launch of Albion Community Power PLC, the Companies were granted priority in respect of a certain level of renewable energy projects; and prior to the launch of Albion Care Communities Limited, the relevant Companies granted consent to Albion Care Communities Limited to undertake a certain number of new care home projects. Following changes in VCT legislation, the Companies are no longer permitted to invest in renewable energy projects or care home projects. It is not expected that the Companies will co-invest in the UCL Technology Fund. Following shareholder approval, three of the Companies invested in the SVS Albion OLIM UK Equity Income Fund but these investments have subsequently been sold. The level of the investment was subject to limits set out in the Companies' investment policies and the discretion of the Boards of the relevant Companies.
