2022 Annual Meeting of Shareholders

Notice of availability of Management Information Circular

Manulife is focused on protecting the health and well-being of our employees, clients, and communities. We are actively monitoring COVID-19 developments and the directives from public health and government authorities for group gatherings and physical distancing. This care and concern also extends to our shareholders, which is why we have decided to hold our 2022 annual meeting by live webcast instead of in person. More information and updates on how to attend the meeting will be made available on our website, <https://www.manulife.com/en/investors/annual-meeting.html>.

Notice-and-access

Pursuant to an exemption from the proxy solicitation requirement granted by the Office of the Superintendent of Financial Institutions (Canada), and as permitted by the Canadian Securities Administrators, we are using notice-and-access to deliver our management information circular ("circular") to our registered and non-registered shareholders.

Instead of receiving a printed copy of the circular, you are receiving this notice which tells you how to access our circular online. The circular contains information about the meeting, as well as information about our corporate governance practices and executive compensation program. We encourage you to read the circular before voting your shares. If you require a printed version, a copy can be requested from our transfer agent by following the instructions on the reverse side.

As a global financial services company, we are taking steps to reduce our environmental footprint, support the transition to a low carbon economy, and invest in climate change mitigation and resilience. Notice-and-access greatly reduces the amount of paper sent to shareholders and is aligned with our focus on sustainability.
