

McFarlane Lake Mining to Attend Vancouver Resource Investment Conference on Jan 29-30

Toronto, Ontario--(Newsfile Corp. - January 23, 2023) - McFarlane Lake Mining Limited (NEO: MLM) (OTCQB: MLMLF) ("**McFarlane**" or the "**Company**"), a Canadian gold exploration and development company, announces that its management team will be attending the [2023 Vancouver Resource Investment Conference \(VRIC\) from January 29-30, 2023](#) at booth #114 in the Vancouver Convention Centre West Building.

Attendees will be able to meet with management and learn about the progress the Company has made in advancing its High Lake Property and view high-grade gold core with visible gold intercepts. The team will also review last year's drilling at its past-producing West Hawk Lake property. Drilling results at West Hawk Lake in were announced on [May 25](#), last year, and a drilling campaign is underway at High Lake, with early results announced on [December 12/2022](#) and [January 9/2023](#).

To schedule a 1x1 with our management team, please email info@mcfarlanelakemining.com.

About McFarlane Lake Mining Limited

McFarlane is a mineral exploration company focused on the exploration and development of the High Lake mineral property located immediately east of the Ontario-Manitoba border and the West Hawk Lake mineral property located immediately west of the Ontario-Manitoba border. In addition, McFarlane holds the McMillan and Mongowin mineral property located 70 km west of Sudbury and owns the Michaud/Munro mineral property 115 km east of Timmins. McFarlane is a "reporting issuer" under applicable securities legislation in the provinces of British Columbia and Alberta.

Additional information on McFarlane can be found by reviewing its profile on SEDAR at [Sedar.com](https://www.sedar.com).

Cautionary Note Regarding Forward-Looking Information

This news release contains "forward-looking information" and "forward-looking statements" (collectively, "forward-looking statements") within the meaning of the applicable Canadian securities legislation. All statements, other than statements of historical fact, are forward-looking statements and are based on expectations, estimates and projections as at the date of this news release, including without limitation; anticipated results of geophysical surveys or drilling programs, estimated timing, geological interpretations and potential mineral recovery processes. Any statement that involves discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions, future events or performance (often but not always using phrases such as "expects", or "does not expect", "is expected", "anticipates" or "does not anticipate", "plans", "budget", "scheduled", "forecasts", "estimates", "believes" or "intends" or variations of such words and phrases or stating that certain actions, events or results "may" or "could", "would", "might" or "will" be taken to occur or be achieved) are not statements of historical fact and may be forward-looking statements.

Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of McFarlane to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Factors that could cause actual results to differ materially from those anticipated in these forward-looking statements are described under the caption "Risk Factors" in the Filing Statement dated as of January 14, 2022 which is available for view on SEDAR at [Sedar.com](https://www.sedar.com). Forward-looking statements contained herein are made as of the date of this press release and McFarlane disclaims, other than as required by law, any obligation to update any forward-looking statements whether as a result of new information, results, future events, circumstances, or if management's estimates or

opinions should change, or otherwise. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, the reader is cautioned not to place undue reliance on forward-looking statements.

McFarlane's operations could be significantly adversely affected by the effects of a widespread global outbreak of a contagious disease, including the recent outbreak of illness caused by COVID-19. It is not possible to accurately predict the impact COVID-19 will have on operations and the ability of others to meet their obligations, including uncertainties relating to the ultimate geographic spread of the virus, the severity of the disease, the duration of the outbreak, and the length of travel and quarantine restrictions imposed by governments of affected countries. In addition, a significant outbreak of contagious diseases in the human population could result in a widespread health crisis that could adversely affect the economies and financial markets of many countries, resulting in an economic downturn that could further affect operations and the ability to finance its operations.
