

Introduction

This management's discussion and analysis ("MD&A"), which is current to July 2, 2024, is management's assessment of the operations and the financial results of Tripsitter Clinic Ltd. (the "Company"). This MD&A should be read in conjunction with the Company's consolidated financial statements and related notes for the period ended April 30, 2024 and 2023, prepared in accordance with International Financial Reporting Standards ("IFRS"). All figures are in Canadian dollars unless stated otherwise.

This discussion contains forward-looking statements that are historical in nature and involves risks and uncertainties. Forward-looking statements are not a guarantee as to the Company's future results as there are inherent difficulties in predicting future results. This MD&A includes but is not limited to, forward-looking statements. Management considers the assumptions on which these forward-looking statements are based to be reasonable at the time the statements were prepared. Accordingly, actual results could differ materially from those expressed or implied in the forward-looking statements.

Caution Note Regarding Forward-Looking Statements

Certain statements contained in this MD&A and in certain documents incorporated by reference in this MD&A contain "forward-looking information" for the purposes of applicable Canadian securities laws (the "forward-looking statements"). All statements other than statements of historical fact are forward-looking statements. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "continues", "forecasts", "projects", "predicts", "intends", "anticipates" or "believes", or variations of, or the negatives of, such words and phrases, or statements that certain actions, events or results "may", "could", "would", "should", "might" or "will" be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual results to differ materially from those anticipated in such forward-looking statements, including those risk factors identified below in the section "Risk Factors". The forward-looking statements in this MD&A speak only as of the date of this MD&A unless an alternative date is specified in such statement. Certain forward-looking statements contained in this MD&A relate to the Company's ability to continue its business activities and to execute its business plan as currently anticipated. These forward look-statements as well as the other forward-looking statements contained herein are based upon certain material assumptions, including the Company's expectation that its costs will remain consistent with the costs currently anticipated and that financing through equity raises, debt financing, or a combination thereof will continue to be available to the Company and on terms anticipated and reasonably acceptable to the Company. The risk factors identified in the "Risk Factors" section below may cause such assumptions and/or the forward-looking statements to be untrue.

Inherent in forward-looking statements are risks, uncertainties, and other factors beyond the Company's ability to predict or control. Please see the "Risk Factors" section included in this MD&A. Readers are cautioned that actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained in this MD&A.

The Company undertakes no obligation to update publicly or otherwise revise any forward-looking statements whether as a result of new information or future events or otherwise, except as may be required by law. If the Company does update one or more forward-looking statements, no inference should be drawn that it will make additional updates with respect to those or other forward-looking statements, unless required by law.

Management's Discussion & Analysis

For the three months ended April 30, 2024 and 2023

Discussion dated: July 2, 2024

Description of Business

Tripsitter Clinic Ltd. (the "Company"), formerly 1284684 B.C. LTD ("BCCO"), was incorporated under the Business Corporations Act (British Columbia) ("BCBCA") on January 19, 2021, its head and registered office is located at 2200 - 885 West Georgia Street Vancouver, BC V6C 3E8 CA.

Since incorporation until the closing of the Amalgamation (defined below), the Company did not carry on any active business. The principal business of the Company was to identify and evaluate businesses and assets with a view to completing a going public transaction and having identified and evaluated such opportunities, to negotiate an acquisition or participation subject to acceptance by the Canadian Securities Exchange (the "CSE").

The Company completed a three-cornered amalgamation pursuant to the provisions of the Ontario Business Corporations Act ("OBCA"), whereby 2821573 Ontario Inc. ("2821573"), a wholly-owned subsidiary of the Company, and Tripsitter Clinic Corp. ("Tripsitter") on November 4, 2021 (the "Closing"), with Tripsitter ("Amalco") surviving as a wholly-owned subsidiary of the Company (the "Amalgamation").

Prior to the Closing, the Company did not have any business operations or assets other than cash and other receivables and did not have written or oral agreements in principle for the acquisition of an asset or business other than the Amalgamation agreement.

Tripsitter was incorporated on October 14, 2020, pursuant to the OBCA. Tripsitter provides online medical services through its mobile-first web app that acts as a virtual clinic, helping people seeking mental health treatment that includes legal psychedelic medicine connect with licensed medical practitioners, to help guide them safely through their healing process. Substantially all of Tripsitter's efforts are devoted to building its web app, attracting licensed medical practitioners to its platform, and creating awareness about the Company's services to potential patients. The majority of Tripsitter's mental health treatment services during the fiscal year ended January 31, 2024 were operated out of its subsidiary, Tripsitter Corp. The Tripsitter's head office is located at 2200 - 885 West Georgia Street Vancouver, BC V6C 3E8, Canada.

Tripsitter had one wholly owned subsidiary, Tripsitter Corp, a corporation formed under Chapter 78 of Nevada Revised Statutes on February 24, 2021, in the State of Nevada under the name "Tripsitter Corp." Tripsitter Corp.'s head office and registered office are located at 321 W. Winnie Lane #104, Carson City, Nevada 89703, USA. Tripsitter Corp was dissolved on September 27, 2023, and Tripsitter is in the process of incorporating another entity in Nevada to continue its services.

Operations

On July 14, 2021, Tripsitter initiated a soft launch of its Services in the State of California and is currently providing services in 23 states which is almost half of the United States. These states include Arizona, California, Colorado, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Michigan, Minnesota, Mississippi, Montana, Nebraska, New Hampshire, North Dakota, Oklahoma, Tennessee, Vermont, Washington, West Virginia, Wisconsin, and Wyoming.

Key Developments during the Period

App Improvements:

During the three months ended April 30, 2024, the Company has been actively working on enhancements to its app to improve user experience and functionality. These improvements are aimed at making the platform more user-friendly and efficient for both patients and healthcare providers.

Management's Discussion & Analysis

For the three months ended April 30, 2024 and 2023

Discussion dated: July 2, 2024

Expansion Efforts:

The Company is actively seeking strategic partners to expand its offerings to additional states in the US. This expansion is part of our growth strategy to increase the availability of our mental health services across more regions, thereby reaching a broader patient base.

Cost-Effective Marketing:

In an effort to boost business growth, the Company is exploring cost-effective marketing strategies. This includes leveraging digital marketing techniques, social media campaigns, and partnerships to increase brand awareness and attract more patients while managing expenses effectively.

These initiatives reflect the Company's commitment to improving its services, expanding its reach, and enhancing its marketing efforts to drive future growth.

Trends

Management consistently monitors economic conditions to gauge their impact on the Company's operations, integrating these assessments into both short-term operational plans and long-term strategic decisions. Although the business did not grow during this Period, management is actively working on strategies to drive future growth, leveraging the favorable performance trends in the online medical service provider sector.

In addition to focusing on growth initiatives, management diligently reviews potential risk factors that could impact the Company's performance. These factors are detailed under the "Risk Factors" section. Management remains vigilant in identifying any emerging trends, commitments, events, or uncertainties that could materially affect the Company's business, financial condition, or results of operations. Currently, apart from the risks outlined, we are not aware of any other significant issues that might have a substantial impact on the Company.

This proactive approach ensures that the Company remains agile and responsive to changing economic landscapes, positioning us to navigate challenges and capitalize on future opportunities effectively. For a comprehensive understanding of the risks involved, please refer to the "Risk Factors" section below.

Comparison of the three months ended April 30, 2024 to the three months ended April 30, 2023.

During the three-month period ended April 30, 2024 (the "Period"), the Company incurred a loss of \$22,663 compared to a loss of \$26,416 for the three months ended April 30, 2023, a reduction in loss of \$3,753. The major variances are summarized as follows:

- Revenue of \$nil in the Period (2023 - \$21,498) reduced primarily due to strategic reallocation of resources towards app improvements and expansion efforts. With these enhancements and new partnerships underway, we anticipate a positive impact on revenue in the coming quarters.
- Health Care providers' expenses of \$nil in the Period (2023 - \$9,916), reflecting our ongoing efforts to optimize and streamline our service delivery processes. These cost-saving measures are expected to contribute to improved financial performance while maintaining high-quality patient care.
- Marketing & advertising expenses of \$nil in the Period (2023 - \$4,067), a reduction of \$4,067 as we have temporarily paused expenditures to reassess and develop more cost-effective marketing strategies. This approach is aimed at ensuring future marketing efforts yield higher returns on investment, positioning the company for sustainable growth.

Management's Discussion & Analysis

For the three months ended April 30, 2024 and 2023

Discussion dated: July 2, 2024

- Office and general expenses for the current period amounted to \$12,646, compared to \$6,846 in the same period in 2023, reflecting an increase of \$5,800. This increase is primarily due to investments in infrastructure and administrative support to accommodate our expansion efforts and enhanced service offerings.

Cash Flow

As of April 30, 2024, the Company had a cash balance of \$1,380, down from \$2,825 on January 31, 2024. This decrease in cash is attributed to higher operating expenses incurred as the Company invests in various marketing strategies and the development and enhancement of its mobile app and website to improve patient services.

Liquidity & Capital Resources

Since its inception, the Company has financed its operations primarily through the issuance of securities. To date, the Company has raised \$895,546 through non-brokered private placement of common shares and \$2,296,522 pursuant to the Amalgamation. Additionally, the Company has raised \$293,140 through the issuance of promissory notes. The Company's primary capital needs are for marketing, staffing, professional fees, and other operating costs.

The Company has incurred operating losses and cash outflows since incorporation and will require ongoing financing to continue operating activities until sales have scaled to the point that operations are cash flow positive. As the Company has not yet achieved profitability, there are uncertainties regarding its ability to continue as a going concern as it has not generated significant revenues or achieved commercial acceptance of services. There is no assurance that additional capital or other types of financing will be available if needed or that these financings will be on terms at least as favourable to the Company as those previously obtained or at all.

As of April 30, 2024, the Company's total assets stood at \$1,380, while total liabilities amounted to \$756,858. The Company is positioned to meet its current liabilities as they come due.

The table below sets out the Company's cash, restricted cash and working capital as at April 30, 2024 and January 31, 2024:

	April 30, 2024	January 31, 2024
Cash	\$ 2,825	\$ 2,825
Restricted cash	-	-
Current assets	1,380	2,825
Current liabilities	756,858	730,565
Working capital	\$ (755,478)	\$ (727,740)

The Company had \$nil of restricted cash as at April 30, 2024 and January 31, 2023. The Company's cash consists of amounts held in trust and at Schedule I banks in Canada.

As at April 30, 2024, the Company had a working capital deficit of \$755,478 compared to a working capital deficit of \$727,740 as at April 30, 2024. Working capital includes current assets less current liabilities on the Company's consolidated statements of financial position. During the period ended April 30, 2024, the decline in working capital was due to the cash used in operating and financing of \$1,445.

Tripsitter Clinic Ltd. (formerly 1284684 B.C. Ltd.)**Management's Discussion & Analysis****For the three months ended April 30, 2024 and 2023****Discussion dated: July 2, 2024**

The table below sets forth the cash flows for the period ended April 30, 2024 and April 30, 2023:

	April 30, 2024	April 30, 2023
Cash (used in)		
Operating activities	3,630	\$ (61,068)
Investing activities	-	-
Financing activities	-	54,500
Effect of foreign currency translation	(5,075)	(32,344)
Decrease in cash	\$ (1,445)	\$ (38,912)

As of today, the Company has no commitments for capital expenditures and faces no liquidity risks related to financial instruments. The Company is not in default or arrears on any financial instruments, nor is there any significant risk of default or arrears.

However, the Company could be adversely affected by uncertain market conditions and negative operational results. Challenges may arise from the entry of new competitors or significant changes in healthcare regulations. If anticipated revenue growth does not occur, the Company may need to seek additional financing through the sale of equity securities or through debt.

See "Risk Factors" below and "Caution Note Regarding Forward-Looking Statements" above.

Disclosure of Outstanding Share Data

As at April 30, 2024, the Company had 6,658,174 common shares issued and outstanding (unlimited authorized), 403,600 options outstanding to acquire Shares all of which have vested, and 400,000 warrants or other dilutive instruments outstanding.

A summary of the Company's outstanding stock options at April 30, 2024 is presented below:

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on the results of operations or the financial condition of Tripsitter.

Commitments and Contingencies

The Company is a party to legal proceedings and other claims in the ordinary course of its operations. Litigation and other claims are subject to many uncertainties and the outcome of individual matters is not predictable. Where management can estimate that there is a loss probable, a provision has been recorded in its consolidated financial statements, where proceedings are at a premature stage or the ultimate outcome is not determinable, then no provision is recorded.

On June 1, 2022, the Company was named in a legal claim brought by an alleged investor of the Company (the "Plaintiff"), alleging to have subscribed to 30,000 common shares (150,000 pre-share consolidation of August 30, 2023) and 30,000 warrants (150,000 pre-share consolidation of August 30, 2023) of the Company, solicited through a third-party broker who shall be left unnamed, in exchange for consideration totaling \$750. In the months following, Plaintiff received notification that their share purchase agreement was allegedly canceled with no proceeds having been returned to the Plaintiff. The Company considers the claim to be completely without merit and will defend itself vigorously.

On April 18, 2023, the Company was named in a legal claim brought by a consultant. The consultant alleged that the Company owed \$38,280 for services provided after the termination of their consulting agreement on January 31, 2023. The Company vigorously defended the lawsuit, asserting that the claim was without merit. Subsequently, the lawsuit was dismissed. However, the consultant has applied for an appeal, and the Company will continue to defend itself rigorously.

Given the early stages of the above litigations, it is impossible for the Company to estimate the probability that an outflow of economic resources will occur, and the amount of the outflow relating to this legal matter. As such, no provision has been made for the claim in the consolidated statement of financial position as at January 31, 2024.

Subsequent Events

The following events occurred subsequent to April 30, 2024:

Promissory Notes Payable

On May 20, 2024, June 13, 2024 and June 14, 2024 the Company entered into three promissory notes with a related party for principal amounts totaling \$19,775, \$20,961 and \$10,000 respectively, repayable within 30 days of the lender providing the Company with written notice of demand with interest payable on the unpaid principal at the rate of 12 percent per annum. The promissory notes are secured against all intellectual property of the Company.

For details with respect to the Company's transactions with related parties please refer to note 9 of the consolidated financial statements for the period ended April 30, 2024, and note 10 of the consolidated financial statements for the year ended January 31, 2024.

Additionally, Muhammad Umer Aziz resigned as the Interim Chief Financial Officer (CFO), and we have welcomed Zeeshan Khan as the new CFO. We are confident that Zeeshan Khan's expertise will drive the financial strategies of the Company forward.

Risk Factors

An investment in the securities of the Company is highly speculative and involves numerous and significant risks. In addition to the risks identified therein, additional risks not presently known to the Company may arise from time to time and may cause a material adverse effect on the Company and any investment in the Company. Investors are cautioned not to rely upon any forward-looking statements in this MD&A as such statements are subject to known and unknown risks.

Demand

The ultimate profitability of any service depends upon its audience appeal in relation to the cost of providing the service. The audience appeal of a given product depends, among other things, on unpredictable critical reviews and changing public tastes and such appeal cannot be anticipated with certainty. If certain segments of the potential customer base do not like, are not willing to pay for, or otherwise disapprove of its Services, Tripsitter's business may fail.

The market for Tripsitter's Services is limited in scope and there is no assurance that its business will generate market acceptance and result in sales. Tripsitter has developed its Services with limited market research and there is no assurance that Tripsitter will be able to respond to the rapidly evolving markets in the online medical services industry. The inability to sell its Services would result in a material adverse effect on Tripsitter.

Sales Risk

Tripsitter's business success is completely dependent on its ability to develop products and secure direct and indirect distribution channels. Revenues derived therefrom represent vital funds for its continued operations. The loss or damage of any of its business relationships and or associated revenues would have a material adverse effect on Tripsitter.

U.S. Related Risk Factors

Tripsitter is involved in the online mental health sector that includes the provision of on-line medical services through its mobile-first webapp that acts as a virtual clinic, helping people seeking mental health treatment that includes legal psychedelic medicine connect with licensed medical practitioners. Management believes that, at present, there are no laws, federal or state, preventing the provision of its Services. However, federal and/or state laws could change at any time and such change(s) could render Tripsitter's Services unsaleable in the U.S. Tripsitter expects the majority of its near-term sales revenue to be derived from the U.S. market.

Limited Operating History and Uncertainty of Future Revenues

Tripsitter has a limited operating history and, accordingly, potential investors will have a limited basis on which to evaluate its ability to achieve its business objectives. The future success of Tripsitter is dependent on management's ability to implement its strategy. Whilst management is optimistic about Tripsitter's prospects, there is no certainty that anticipated outcomes and sustainable revenue streams will be achieved and there is no certainty that Tripsitter will successfully market its Services. Tripsitter faces risks frequently encountered by early-stage companies. In particular, its future growth and prospects will depend on its ability to expand its operation and gain additional revenue streams while at the same time maintaining effective cost controls. Any failure to expand is likely to have a material adverse effect on Tripsitter's business, financial condition, and results.

Competition

Tripsitter will be competing with the with other service providers and other services and competition in the mental health sector. Tripsitter may not be able to compete successfully against its existing and future competitors and competition could have a material adverse effect on its business, results of operations and financial condition. Potential competitors may develop superior services that achieve greater market acceptance than that of Tripsitter. Accordingly, failure of Tripsitter's marketing efforts may have a material adverse effect on Tripsitter.

Dependence on Key Executives

The performance of Tripsitter will depend heavily on its ability to retain the services of management and to recruit, motivate and retain further suitably skilled personnel. The loss of the services of key individuals may have an adverse effect on the business, operations, customer relationships and results of Tripsitter.

History of Net Losses

Tripsitter is a newly incorporated company and has incurred losses since incorporation. Tripsitter may not be able to achieve or maintain profitability and may continue to incur significant losses in the future. In addition, Tripsitter expects to continue to increase operating expenses as it implements initiatives to continue to grow its business. If Tripsitter's revenues do not increase to offset these expected increases in costs and operating expenses, Tripsitter will not be profitable.

Further Funding Requirements

In order to execute the anticipated growth strategy, Tripsitter may require some additional equity and/or debt financing to support ongoing operations, to undertake capital expenditures or to undertake acquisitions or other business combination transactions. There can be no assurance that additional financing will be available to Tripsitter when needed or on terms which are acceptable. Tripsitter's inability to raise financing to support ongoing operations or to fund capital expenditures or acquisitions could limit Tripsitter's growth and may have a material adverse effect upon future profitability. Tripsitter may require additional financing to fund its operations to the point where it is generating positive cash flows.

If additional funds are raised through further issuances of equity or convertible debt securities, existing shareholders could suffer significant dilution, and any new equity securities issued could have rights, preferences, and privileges superior to those of holders of Tripsitter Shares. Any debt financing secured in the future could involve restrictive covenants relating to capital raising activities and other financial and operational matters, which may make it more difficult for Tripsitter to obtain additional capital and to pursue business opportunities, including potential acquisitions.

Liability Insurance

Tripsitter faces the risk of claims, regulatory action, and litigation if its Services are alleged to have caused loss or injury. A claim or regulatory action against Tripsitter could result in increased costs, could adversely affect Tripsitter's reputation with its clients and consumers generally, and could have a material adverse effect on the results of operations and financial condition of Tripsitter. There can be no assurances that Tripsitter will be able to obtain or maintain liability insurance on acceptable terms or with adequate coverage against potential liabilities. Such insurance is expensive and may not be available in the future on acceptable terms, or at all. The inability to obtain sufficient insurance coverage on reasonable terms or to otherwise protect against potential liability claims could result in a material adverse effect to Tripsitter.

Other Insurance and Uninsured Risks

Although Tripsitter intends to maintain insurance to protect against certain risks in such amounts as it considers to be reasonable, its insurance may not cover all the potential risks associated with its operations. Tripsitter may also be unable to maintain insurance to cover these risks at economically feasible premiums. Insurance coverage may not continue to be available or may not be adequate to cover any resulting liability. Moreover, insurance against risks such as environmental pollution or other hazards encountered in the operations of Tripsitter is not generally available on acceptable terms. Tripsitter might also become subject to liability for pollution or other hazards which may not be insured against or which Tripsitter may elect not to insure against because of premium costs or other reasons. Losses from these events may cause Tripsitter to incur significant costs that could have a material adverse effect upon its financial performance and results of operations.

Management of Growth

Tripsitter may be subject to growth-related risks including capacity constraints and pressure on its internal systems and controls. The ability of Tripsitter to manage growth effectively will require it to continue to implement and improve its operational and financial systems and to expand, train and manage its employee base. The inability of Tripsitter to deal with this growth may have a material adverse effect on Tripsitter's business, financial condition, results of operations and prospects.

Conflicts of Interest

Certain of the directors and officers of Tripsitter are also directors and officers of other companies or are engaged and will continue to be engaged in activities that may put them in conflict with the business strategy of Tripsitter. Consequently, there exists the possibility for such directors and officers to be in a position of conflict. All decisions to be made by such directors and officers involving Tripsitter are required to be made in accordance with their duties and obligations to act honestly and in good faith with a view to the best interests of Tripsitter. In addition, such directors and officers are required to declare their interests in, and such directors are required to refrain from voting on, any matter in which they may have a material conflict of interest.

Unfavourable Publicity or Consumer Perception

Tripsitter believes the online mental health services industry, that includes the prescription legal psychedelic medicine by licensed medical practitioners (the "Industry"), is highly dependent upon consumer perception regarding the safety, efficacy and quality of legal psychedelic medicine prescribed to such consumers. Consumer perception of Tripsitter's Services can be significantly influenced by scientific research or findings, regulatory investigations, litigation, media attention and other publicity regarding the Services. There can be no assurance that future scientific research, findings, regulatory proceedings, litigation, media attention or other research findings or publicity will be favourable to the industry or any particular service, or consistent with earlier publicity. Future research reports, findings, regulatory proceedings, litigation, media attention or other publicity that are perceived as less favourable than, or that question, earlier research reports, findings or publicity could have a material adverse effect on the demand for Tripsitter's Services and the business, results of operations, financial condition, and cash flows of Tripsitter. Tripsitter's dependence upon consumer perceptions means that adverse scientific research reports, findings, regulatory proceedings, litigation, media attention or other publicity, whether or not accurate or with merit, could have a material adverse effect on Tripsitter, the demand for Tripsitter's Services, and the business, results of operations, financial condition, and cash flows of Tripsitter. Further, adverse publicity reports or other media attention regarding the safety, efficacy, and quality of legal psychedelic medicine prescribed to treat mental health issues in general, or Tripsitter's Services specifically, or associating the use of legally prescribed psychedelic medicine to treat mental health issues with illness or other negative effects or events, could have a material adverse effect on the Company. Such adverse publicity reports or other media attention could arise even if the adverse effects associated with such services resulted from consumers' failure to utilize such products or services appropriately or as directed.

Management's Discussion & Analysis

For the three months ended April 30, 2024 and 2023

Discussion dated: July 2, 2024

Difficulty to Forecast

Tripsitter must rely largely on its own market research to forecast sales as detailed forecasts are not generally obtainable from other sources at this early stage of the industry. A failure in the demand for its Services to materialize as a result of competition, technological change or other factors could have a material adverse effect on the business, results of operations and financial condition of Tripsitter.

Need to Attract and Retain Qualified Personnel

Tripsitter's success depends to a significant extent on its ability to identify, attract, hire, train and retain qualified personnel including licensed medical practitioners and tripsitters. Competition for such personnel may be intense and there can be no assurance that Tripsitter will be successful in identifying, attracting, hiring, and retaining such personnel in the future. If Tripsitter is unable to identify, attract, hire, and retain qualified personnel in the future, such inability could have a material adverse effect on its business, operating results, and financial condition.

Litigation

Tripsitter may become party to litigation from time to time in the ordinary course of business which could adversely affect its business. Should any litigation in which Tripsitter becomes involved be determined against Tripsitter such a decision could adversely affect Tripsitter's ability to continue operating and could use significant resources. Even if Tripsitter is involved in litigation and wins, litigation can redirect significant resources that could have a material adverse impact on day-to-day operations of the business.

Currency Risk

Currency fluctuations may affect the cash flow which Tripsitter may realize from its operations, since the majority of its early sales are expected to occur in foreign currencies whereas Tripsitter's costs are in both United States and Canadian dollars.

Dividends

Tripsitter has no profit or dividend record and does not anticipate paying any dividends on Tripsitter Shares in the foreseeable future. Dividends paid by Tripsitter would be subject to tax and, potentially, withholdings.

Limited Market for Securities

As at the date hereof Tripsitter is not listed on a recognized exchange and there is no market for the Company's securities. If Tripsitter is listed on a recognized exchange in the future, there can be no assurance that an active and liquid market for Tripsitter Shares will develop or be maintained, and an investor may find it difficult to resell any securities of Tripsitter.
