
MAVEN INCOME AND GROWTH VCT 4 PLC

Annual Report
For the Year Ended 31 December 2016

CORPORATE SUMMARY

Maven Income and Growth VCT 4 PLC (the Company) is a venture capital trust (VCT) and its shares are listed on the Premium segment of the Official List and traded on the main market of the London Stock Exchange.

The Company was incorporated on 26 August 2004. Following the consolidation of the share capital on 30 September 2014, the Company has one class of share.

Investment Objective

The Company aims to achieve long-term capital appreciation and generate maintainable levels of income for Shareholders.

Continuation Date

The Company's Articles of Association require the Directors to put a proposal for the continuation of the Company, in its then form, to Shareholders at the Company's Annual General Meeting in 2020, and thereafter, at five yearly intervals. For such a resolution not to be passed, Shareholders holding at least 25% of the Shares then in issue must vote against the resolution.

Share Dealing

Shares in the Company can be purchased and sold in the market through a stockbroker. For qualifying investors buying shares on the open market:

- dividends are free of income tax;
- no capital gains tax is payable on a disposal of shares;
- there is no minimum holding period;
- the value of shares, and income from them, can fall as well as rise;
- tax regulations and rates of tax may be subject to change;
- VCTs tend to be invested in smaller, unlisted companies with a higher risk profile; and
- the market for VCT shares can be illiquid.

The Broker to the Company is Shore Capital Stockbrokers Limited (020 7647 8132).

Recommendation of Non-mainstream Investment Products

The Company currently conducts its affairs so that the shares issued by it can be recommended by financial advisers to ordinary retail investors in accordance with the rules of the Financial Conduct Authority (FCA) in relation to non-mainstream investment products and intends to continue to do so for the foreseeable future. The Company's shares are excluded from the FCA's restrictions which apply to non-mainstream investment products because they are shares in a venture capital trust and the returns to investors are predominantly based on investments in private companies or publicly quoted securities.

Unsolicited Offers for Shares (Boiler Room Scams)

Shareholders in a number of UK registered companies have received unsolicited calls from organisations, usually based overseas or using false UK addresses or phone lines routed abroad, offering to buy shares at prices much higher than their current market values or to sell non-tradeable, overpriced, high risk or even non-existent securities. Whilst the callers may sound credible and professional, Shareholders should be aware that their intentions are often fraudulent and high pressure sales techniques may be applied, often involving a request for an indemnity or a payment to be provided in advance.

If you receive such a call, you should exercise caution and, based on advice from the FCA, the following precautions are suggested:

- obtain the name of the individual or organisation calling;
- check the FCA register to confirm if the caller is authorised;
- call back using the details on the FCA register to verify the caller's identity;
- discontinue the call if you are in any doubt about the intentions of the caller, or if calls persist; and
- report any individual or organisation that makes unsolicited calls with an offer to buy or sell shares to the FCA and the City of London Police.

2016	30 September 2016	Interim	2.20	
Total dividends paid			44.40	
2016	26 May 2017	Proposed final	3.05	5.25
Total dividends paid or proposed			47.45	

The table shows dividend payments made to holders of Ordinary Shares only.

On 25 March 2013, S Shares were re-designated as Ordinary Shares with 804,028 additional Ordinary Shares being issued. As a result, previous holders of S Shares received 1.1528 Ordinary Shares for every S Share held on the relevant record date, rounded down to the nearest whole share.

On 30 September 2014, C Ordinary Shares were consolidated into Ordinary Shares. As a result, 3,863,876 C Ordinary Shares were re-designated as 3,077,827 Ordinary Shares, based on a conversion ratio of 0.7968 Ordinary Shares per C Ordinary Share, rounded down to the nearest whole share.

YOUR BOARD

The Board of Directors is responsible for setting and monitoring the Company's strategy, supervising the management of Maven Income and Growth VCT 4 PLC and looking after the interests of its Shareholders. The Board currently consists of four non-executive Directors, the majority of whom are independent of the Manager. The biographies of the Directors set out below indicate their range of investment, commercial and professional experience. Further details are also provided in the Directors' Report and in the Statement of Corporate Governance.

Ian Cormack
Chairman
and Independent
Non-executive Director

Relevant experience and other directorships: Ian spent 30 years at Citigroup (formerly Citibank), occupying many senior positions in the bank including country head (CCO) for Citicorp in the UK, chairman of Citibank International and co-head of global financial institutions. Following his career at Citigroup, he spent two years at AIG Inc where he was chief executive of insurance, financial services and asset management businesses in Europe. He holds a number of directorships, including Hastings Group Holdings PLC, Phoenix Group Holdings PLC and Retirement Partnership PLC.

Length of service: He was appointed as Director and as Chairman on 1 September 2004.

Last re-elected to the Board: 27 April 2016

Committee membership: Audit, Management Engagement (Chairman), Nomination (Chairman) and Risk.

Employment by the Manager: None

Shared directorships with other Directors: None

Shareholding in Company: 149,881 Ordinary Shares

Malcolm Graham-Wood
Independent
Non-executive Director

Relevant experience and other directorships: Malcolm began his career with Wood Mackenzie in 1979 as a financial analyst and then spent twelve years at James Capel, after which he became head of equities at Williams de Broe. He is a founding partner of HydroCarbon Capital which provides independent advisory services to the oil & gas sector.

Length of service: He was appointed as Director on 1 September 2004.

Last re-elected to the Board: 27 April 2016

Committee membership: Audit, Management Engagement, Nomination and Risk (Chairman).

Employment by the Manager: None

Shared directorships with other Directors: None

Shareholding in Company: 47,241 Ordinary Shares

Bill Nixon

Non-executive Director

Relevant experience and other directorships: Bill is managing partner of Maven Capital Partners UK LLP (Maven) and has over 35 years' experience in banking and private equity. He is a Fellow of the Chartered Institute of Bankers in Scotland and obtained an MBA from Strathclyde University in 1996. In the 1990s, Bill was head of the private equity business at Clydesdale Bank plc, then a subsidiary of National Australia Bank, before joining Aberdeen Asset Management plc (Aberdeen) in 1999. In 2004, he was appointed as principal fund manager to all Aberdeen managed VCTs. In 2009, Bill and his senior colleagues led a management buy-out from Aberdeen to form Maven. He is also a director of Maven Income and Growth VCTs 2, 3 and 6.

Length of service: An Alternate Director since 1 November 2005, he was appointed as Director on 6 August 2008.

Last re-elected to the Board: 27 April 2016

Committee membership: Nomination and Risk.

Employment by the Manager: Since 2009; with Aberdeen 1999-2009.

Shared directorships with other Directors: None

Shareholding in Company: 249,243 Ordinary Shares

Steven Scott

Independent
Non-executive Director

Relevant experience and other directorships: Steven is a qualified chartered accountant. He worked in the Bank of Scotland Structured Finance Group before becoming a director of Royal Bank Development Capital, the private equity division of The Royal Bank of Scotland plc. In 1999, he founded Penta Capital, an independent UK private equity manager with around £300 million under management. Penta specialises in buy & build investments and opportunities presented by the credit crunch and liquidity issues in the UK.

Length of service: He was appointed as Director on 1 September 2004.

Last re-elected to the Board: 27 April 2016

Committee membership: Audit (Chairman), Management Engagement, Nomination and Risk.

Employment by the Manager: None

Shared directorships with other Directors: None

Shareholding in Company: 149,061 Ordinary Shares

CHAIRMAN'S STATEMENT

On behalf of your Board I am pleased to announce the results for the year to 31 December 2016. During the reporting period your Company has delivered further growth, with NAV total return increasing to 143.40p. This positive outcome reflects the profitable realisation of a number of the more mature holdings, as well as the strength of the underlying portfolio which has generated healthy levels of income and supported uplifts in the valuations of a number of assets. In light of this encouraging performance the Board is proposing a final dividend of 3.05p per share, taking full year distributions to 5.25p and representing an annual tax-free yield of 6.03% based on the share price at the year end.

The period under review has been one of considerable change for the UK VCT industry following the enactment of the revised VCT legislation in November 2015. The new rules have introduced a number of restrictions on the types of qualifying transactions and companies in which VCTs can invest, requiring the Manager to focus on the provision of development capital or investing in businesses with growth finance requirements, rather than management buy-outs or acquisition based transactions which have traditionally offered a more predictable return profile. The investment team at Maven is highly experienced at sourcing and executing transactions that meet the revised qualification criteria, and the Board is pleased to report that six new VCT qualifying investments were completed during the year. The Directors are also aware that there is a large and diverse pipeline of prospective new investments, at various stages of due diligence, and anticipate seeing a number of these transactions complete during the first half of the current financial year.

Notwithstanding the challenges presented by the implementation of the revised VCT legislation and the economic uncertainty resulting from the outcome of the European Union (EU) referendum in June 2016, the Board believes that considerable progress has been achieved by your Company during the reporting period. The core portfolio has traded well, as can be seen from the detailed analysis of portfolio developments included in the Investment Manager's Review on pages 18 to 23 of this Annual Report. The continuing growth experienced by a number of private company holdings has enabled the valuations of these assets to be increased, reflecting positive trading results. The Board remains conscious of the impact that the low oil price is having on companies with exposure to this sector. Whilst remedial actions have been taken by investee companies with direct exposure to the oil & gas sector, the external environment has continued to be challenging and is likely to remain so until the second half of 2017. As such, a number of these investments have had their valuations conservatively reduced to reflect prevailing market conditions.

During the period a number of profitable realisations have been achieved, most notably the exit from **Nenplas** which completed in December 2016, achieving a total return of 5.0 times cost over the life of the investment. Given the maturity of the portfolio, the Board is aware that discussions are in progress regarding potential exits from a number of other private companies, although there can be no certainty that these will lead to profitable realisations.

Whilst the full impact of the UK's decision to leave the EU will become clearer once formal negotiations commence, the Board and the Manager have conducted a review of the portfolio and, at present, believe that any overall impact is not likely to be significant. The businesses in which your Company has invested can maintain or adapt their growth strategies as appropriate, with a number of exporters already seeing a short-term benefit from the devaluation of Sterling against several major currencies that has occurred since the June 2016 referendum.

HIGHLIGHTS FOR THE YEAR

NAV total return of 143.40p per share (2015: 140.16p) at the year end, up 2.31% over the year

NAV at year end of 99.00p per share (2015: 101.01p) after payment of dividends totalling 5.25p during the year

Six new VCT qualifying private equity investments added to the portfolio

Strong pipeline of qualifying private equity investments

Realisation of Nenplas, achieving a total return of 5.0 times cost

Disposal of Dantec Hose, generating a total return of 2.1 times cost

Proposed final dividend of 3.05p per share (2015: 3.05p)

The Board is pleased to note that, in June 2016, Maven received industry recognition for its performance when it was named *Private Equity House of the Year*, for the second year running, at the 2016 High Potential Business Awards (previously the M&A Awards). This category celebrates outstanding growth businesses and their financial backers, recognising private equity managers that have displayed the keenest judgement and opportunism in completing acquisitions or exit transactions. Maven was also named *Private Equity Manager of the Year* at the ACQ Global Awards, which celebrate achievement and innovation across the fund management industry.

Dividends

The Board recommends that a final dividend of 3.05p per Ordinary Share, comprising 0.20p of revenue and 2.85p of capital, be paid on 26 May 2017 to Shareholders on the register at 28 April 2017. This would bring total dividends for the year to 5.25p per share representing a yield of 6.03% based on the year-end closing mid-market share price of 87.00p. The effect of paying the proposed final dividend would be to reduce the NAV of the Company by the total cost of the distribution.

Since the Company's launch, and after receipt of the proposed final dividend, Shareholders will have received 47.45p per share in tax-free dividends. The Board considers it important Shareholders are aware that the move to invest in development capital and growth finance opportunities, as required by the revised VCT legislation, is likely to result in less predictable capital gains and income flows, with the result that the quantum and timing of future dividend payments could be subject to fluctuation.

Fund Raising

As the Company had significant cash liquidity for new investment, the Board elected not to raise further funds during the year. However, given the anticipated investment rate, this will be kept under regular review.

Share Buy-backs

Shareholders should be aware that the Board's primary objective is for the Company to retain sufficient liquid assets for making investments in line with its stated policy and for the continued payment of dividends. However, the Directors also acknowledge the need to maintain an orderly market in the Company's shares and have delegated authority to the Manager to buy back shares in the market for cancellation or to be held in treasury, subject always to such transactions being in the best interests of Shareholders.

It is intended that, subject to market conditions, available liquidity and the maintenance of the Company's VCT status, shares will be bought back at prices representing a discount of up to 15% of the prevailing NAV per share.

Regulatory Developments

As previously reported, the Finance Act (No. 2) 2015 was enacted in November 2015 and introduced a number of changes to the legislation governing VCTs. The new rules are designed to bring the UK VCT scheme into line with EU State Aid Rules for smaller company investment and have introduced a number of restrictions on the types of qualifying transactions and companies in which VCTs can invest. Unlike previous changes in legislation, the new rules apply to all funds raised by a VCT, including those raised prior to November 2015, although existing investments completed prior to the change in legislation are unaffected.

The new rules specifically prohibit participation in management buy-outs or acquisitions, and limit the ability to support older companies unless specific criteria are met. The emphasis is, therefore, on providing development capital to younger and earlier stage companies, or supporting more established businesses which can demonstrate growth strategies that satisfy specific provisions under the revised qualification criteria. In a further amendment, the March 2016 Budget Statement included changes to the rules governing non-qualifying investments by VCTs. With effect from 6 April 2016, VCTs have only been able to make qualifying investments and certain limited investments for liquidity purposes, with other types of new non-qualifying investments now prohibited.

The revised legislation has imposed additional diligence and administrative requirements on the investment process to ensure that all aspects of the potential investment and transaction structure remain compliant with the new rules. The Manager continues to pursue a cautious approach and works closely with a specialist VCT adviser engaged by the Company to assist in interpreting the revised legislation and advising on the VCT tax clearance process with HM Revenue & Customs (HMRC), with advance assurance secured prior to any new investment proceeding. The Board welcomed the announcement in the Chancellor's 2016 Autumn Statement that, in response to the increased volume of applications submitted and the resultant delays experienced in obtaining clearance for proposed investments, a consultation is to be carried out to consider the options for streamlining the HMRC advance assurance service.

The 2016 Autumn Statement highlighted that the Government will no longer be initiating a review of the provision allowing replacement capital in certain new VCT transactions, but suggested that this may be reviewed at some point in the future. Whilst the Directors and the Manager were disappointed by this announcement, as the ability to include replacement capital was viewed as an important flexibility under the new rules, it does not impact the Company's investment strategy which has already been adapted to meet the requirements of the new rules.

The Future

Your Board is encouraged by the progress achieved during the reporting period, notwithstanding the challenges presented by the enactment of the revised VCT legislation. Whilst the new VCT rules have introduced restrictions on the types of transactions and companies in which your Company can invest, the Directors believe that the Manager has adapted well to these changes. This capability is demonstrated by the six new VCT qualifying investments completed across a range of diverse industries during the reporting period, and the strong pipeline of prospective new investments currently in progress across Maven's office network.

The strategy for your Company continues to be to build a large and varied portfolio of income generating private company holdings, capable of supporting attractive levels of tax free dividends to Shareholders, whilst maintaining the underlying NAV. The Directors anticipate steady growth in the number of investments held by your Company, comprising of existing later stage investments which were completed prior to the changes in the VCT legislation, alongside new holdings in a range of carefully selected, high growth opportunities. Whilst the increased concentration of younger companies may impact the timing of future distributions to Shareholders, your Board is confident that this broad-based approach to portfolio construction will continue to underpin investor returns in the years ahead.

Ian Cormack
Chairman

7 April 2017

BUSINESS REPORT

This Business Report is intended to provide an overview of the strategy and business model of the Company as well as the key measures used by the Directors in overseeing its management. The Company is a venture capital trust which invests in accordance with the investment objective set out in this report.

Investment Objective

The Company aims to achieve long-term capital appreciation and generate maintainable levels of income for Shareholders.

Business Model and Investment Policy

Under an investment policy approved by the Directors, the Company intends to achieve its objective by:

- investing the majority of its funds in a diversified portfolio of shares and securities in smaller, unquoted UK companies and AIM/ISDX quoted companies which meet the criteria for VCT qualifying investments and have strong growth potential;
- investing no more than £1 million in any company in one year and no more than 15% of the Company's assets by cost in one business at any time; and
- borrowing up to 15% of net asset value, if required and only on a selective basis, in pursuit of its investment strategy.

Principal Risks and Uncertainties

The principal risks and uncertainties facing the Company are as follows:

Investment Risk

Many of the Company's investments are in small and medium sized UK unquoted and AIM/ISDX quoted companies which, by their nature, entail a higher level of risk and lower liquidity than investments in large quoted companies. The Board aims to limit the risk attaching to the investment portfolio as a whole by ensuring a structured selection, monitoring and realisation process. The Board reviews the investment portfolio with the Manager on a regular basis.

The Company manages and minimises investment risk by:

- diversifying across a large number of companies;
- diversifying across a range of economic sectors;
- actively and closely monitoring the progress of investee companies;
- seeking to appoint a non-executive director to the board of each private investee company, provided from the Manager's investment management team or from its pool of experienced independent directors;
- co-investing with other clients of the Manager in larger deals, which tend to carry less risk;
- not investing in hostile public to private transactions; and
- retaining the services of a manager that can provide the resources required to achieve the investment objective and meet the criteria stated above.

Financial and Liquidity Risk

As most of the investments require a medium to long-term commitment and are relatively illiquid, the Company retains a portion of the portfolio in cash and listed investments in order to finance any new unquoted and listed investments. The Company has only limited direct exposure to currency risk and does not enter into any derivative transactions.

Economic Risk

The valuation of investment companies may be affected by underlying economic conditions such as fluctuating interest rates and the availability of bank finance.

Credit Risk

The Company may hold financial instruments and cash deposits and is dependent on counterparties discharging their agreed responsibilities. The Directors consider the creditworthiness of the counterparties to such instruments and seek to ensure that there is no undue concentration of exposure to any one party.

Internal Control Risk

The Board reviews regularly the system of internal controls, both financial and non-financial, operated by the Company and the Manager. These include controls designed to ensure that the Company's assets are safeguarded and that all records are complete and accurate.

VCT Qualifying Status Risk

The Company operates in a complex regulatory environment and faces a number of related risks, including:

- becoming subject to capital gains tax on the sale of its investments as a result of a breach of Section 274 of the Income Tax Act 2007;
- loss of VCT status and consequent loss of tax reliefs available to Shareholders as a result of a breach of the VCT Regulations;
- loss of VCT status and reputational damage as a result of a serious breach of other regulations such as the FCA Listing Rules and the Companies Act 2006; and
- increased investment restrictions resulting from EU State Aid Rules, enacted through the Finance Act (No. 2) 2015.

Legislative and Regulatory Risk

In order to maintain its approval as a VCT, the Company is required to comply with current VCT legislation in the UK as well as the EU State Aid Rules. Changes in the future to either could have an adverse impact on Shareholder investment returns whilst maintaining the Company's VCT status. The Board and the Manager continue to make representations where appropriate, either directly or through relevant industry bodies such as the British Venture Capital Association (BVCA).

The Company has retained Philip Hare & Associates LLP as its VCT Adviser.

Breaches of other regulations including, but not limited to, the Companies Act 2006, the FCA Listing Rules, the FCA Disclosure and Transparency Rules or the Alternative Investment Fund Managers Directive (AIFMD), could lead to a number of detrimental outcomes and reputational damage. Breaches of controls by service providers to the Company could also lead to reputational damage or loss.

The AIFMD introduced a new authorisation and supervisory regime for all investment companies in the EU. The Company was approved by the FCA as a self-managed UK AIFM under the AIFMD.

The Company is also required to comply with tax legislation under the Foreign Account Tax Compliance Act and the Common Reporting Standard. The Company has appointed Capita Asset Services to act on its behalf to report annually to HMRC and ensure compliance with this legislation.

Political Risk

In a referendum held on 23 June 2016, the UK voted to leave the EU (a process informally known as Brexit). The formal process of implementing this decision is contained within Article 50 of the Lisbon Treaty. The political, economic and legal consequences of the referendum vote are not yet known. It is possible that investments in the UK may be more subjective to value, more difficult to assess for suitability of risk, harder to buy or sell, or be subject to greater or more frequent rises and falls in value. In the longer term, there is likely to be a period of uncertainty as the UK seeks to negotiate its exit from the EU. The UK's laws and regulations concerning funds may, in future, diverge from those of the EU. This may lead to changes in the operation of the Company, the rights of investors, or the territories in which the shares of the Company may be promoted and sold.

An explanation of certain economic and financial risks and how they are managed is also contained in Note 16 to the Financial Statements.

Statement of Compliance with Investment Policy

The Company is adhering to its stated investment policy and managing the risks arising from it. This can be seen in various tables and charts throughout this Annual Report, and from information provided in the Chairman's Statement and in the Investment Manager's Review. A review of the Company's business, its position as at 31 December 2016 and its performance during the year then ended is included in the Chairman's Statement, which also includes an overview of its business model and strategy.

The management of the investment portfolio has been delegated to Maven, which also provides company secretarial, administrative and financial management services to the Company. The Board is satisfied with the depth and breadth of the Manager's resources and its network of offices, which supply new deals and enable it to monitor the geographically widespread portfolio of companies effectively.

The Investment Portfolio Summary on pages 30 and 31 discloses the investments in the portfolio and the degree of co-investment with other clients of the Manager. The tabular analysis of the unlisted and quoted portfolio on pages 16 and 17 shows that the portfolio is diversified across a variety of industry sectors and deal types. The level of qualifying investments is monitored by the Manager on a daily basis and reported to the Risk Committee quarterly.

Key Performance Indicators

At each Board Meeting, the Directors consider a number of financial performance measures to assess the Company's success in achieving its investment objective and these also enable Shareholders and prospective investors to gain an understanding of its business. The key performance indicators are as follows:

- NAV total return;
- dividend growth;
- share price discount to NAV;
- investment income; and
- operational expenses.

The NAV total return is a measure of Shareholder value that includes the current NAV per share and the sum of dividends paid to date. The dividend growth measure shows how much of that Shareholder value has been returned to original investors in the form of dividends. A historical record of these measures is shown in the Financial Highlights on pages 5 and 6. The change in the profile of the portfolio is reflected in the Summary of Investment Changes on page 12. The Board reviews the Company's investment income and operational expenses on a quarterly basis as the Directors consider that both of these elements are important components in the generation of Shareholder returns.

There is no meaningful VCT index against which to compare the financial performance of the Company. However, for reporting to the Board and Shareholders, the Manager uses comparisons with appropriate indices and the Company's peer group. The Directors also consider non-financial performance measures, such as the flow of investment proposals, and ranking of the VCT sector by independent analysts.

In addition, the Directors will consider economic, regulatory and political trends and features that may impact on the Company's future development and performance.

Valuation Process

Investments held by Maven Income and Growth VCT 4 PLC in unquoted companies are valued in accordance with the International Private Equity and Venture Capital Valuation Guidelines. Investments quoted or traded on a recognised stock exchange, including AIM, are valued at their bid prices.

Share Buy-backs

At the forthcoming AGM, the Board will seek the necessary Shareholder authority to continue to conduct a share buy-back programme under appropriate circumstances.

Employee, Environmental and Human Rights Policy

As a venture capital trust, the Company has no direct employee or environmental responsibilities, nor is it responsible for the emission of greenhouse gases. The Board's principal responsibility to Shareholders is to ensure that the investment portfolio is managed and invested properly. As the Company has no employees, it has no requirement to report separately on employment matters. The management of the portfolio is undertaken by the Manager through members of its portfolio management team. The Manager engages with the Company's underlying investee companies in relation to their corporate governance practices and in developing their policies on social, community and environmental matters and further information may be found in the Statement of Corporate Governance. In light of the nature of the Company's business, there are no relevant human rights issues and, therefore, the Company does not have a human rights policy.

Independent Auditor

The Company's Independent Auditor is required to report if there are any material inconsistencies between the content of the Strategic Report and the Financial Statements. The Independent Auditor's Report can be found on pages 49 to 53.

Future Strategy

The Board and the Manager intend to maintain the policies set out above for the year ending 31 December 2017 as it is believed that these are in the best interests of Shareholders.

Approval

The Business Report, and the Strategic Report as a whole, was approved by the Board of Directors and signed on its behalf by:

Ian Cormack
Director

7 April 2017

INVESTMENT MANAGER'S REVIEW

Bill Nixon
Managing Partner
Maven Capital Partners UK LLP

Overview

The year to 31 December 2016 represented another period of positive progress for your Company. During the period a number of profitable realisations were achieved, the most notable being Nenplas, which was sold to a German trade buyer, achieving an exit multiple of 5.0 times cost over the life of the investment. In addition, six new VCT qualifying investments were added to the portfolio, with a strong pipeline of further new investments currently at various stages of due diligence or legal contract. This encouraging performance leaves your Company well positioned, and with sufficient liquidity to maintain an active investment policy.

During the reporting period, the Manager has focused on continuing to deliver your Company's investment objective in line with the provisions of the new VCT rules. These new rules have introduced a number of restrictions on the types of transactions and companies in which VCTs can invest, with the emphasis on providing development capital, or supporting businesses with growth finance requirements.

Over the course of the year, the investment team has reviewed and assessed an extensive pipeline of potential opportunities, progressing only those prospects that meet Maven's strict internal investment criteria. The focus has been on identifying opportunities that are available at an attractive entry price or that can display a disruptive business model capable of scalable growth. Wherever possible, Maven is keen to support management teams with proven track records of success in previous businesses.

The Manager is pleased to report on the completion of six new VCT qualifying investments in companies across a range of sectors. In April 2016, an investment was completed in **The GP Service (UK)**, a business with an innovative on-line interface which provides access to GP appointments delivered by live video link. In July 2016, an investment was completed in **Rockar**, a revolutionary automotive retail platform. In October 2016, Maven VCTs invested in **Chic Lifestyle**, a fast growing inventory management system for small luxury accommodation operators in the premium travel market. In November 2016, an investment was completed in **Growth Capital Ventures**, a developer and operator of on-line co-investment platforms for the alternative finance sector. In December 2016, Maven VCTs invested in **Whiterock Group**, a specialist visual asset management business operating across a range of sectors, and **QikServe**, a business that has developed a patented software product for the hospitality industry.

Maven is currently evaluating a strong pipeline of potential new investments across a diverse range of sectors and it is anticipated that a number of these will be completed in the first half of the current financial year. Given the complexity of the new VCT rules, and to ensure ongoing compliance, the investment team continues to work closely with VCT advisers in order to obtain advance assurance from HMRC prior to any investment being completed. Latterly, it has become apparent that the level of information required, and the time taken to opine, by HMRC can vary significantly, which delayed the completion of a number of new investments in the reporting period. The Manager, therefore, welcomed the announcement that a consultation has been launched into options to streamline the advance assurance service at HMRC.

During the year, considerable progress has been achieved across the portfolio, despite the challenges presented by the introduction of the revised VCT legislation and the economic uncertainty resulting from the outcome of the EU referendum in June 2016. Maven maintains a supportive working relationship with investee management teams, offering practical assistance to help deliver strategic and operational objectives. This proactive approach helps to ensure stability across the portfolio with a view to maximising the value of assets up until the point of exit.

The Maven team has also worked closely with those portfolio companies that have been engaged in an exit process, helping management teams to develop appropriate strategies and identify suitable buyers that may be willing to pay a premium price for the business. It is encouraging to note that, although a number of successful exits completed during the period, there is also interest in several of your Company's remaining assets from a range of potential acquirers in the UK and from overseas. However, there can be no guarantee that these discussions will lead to realisations.

Notable exits during the period included **Nenplas**, which completed in December 2016 achieving a 5.0 times total return, and **Dantec Hose**, which completed in February 2016 achieving a 2.1 times total return. The cash generated from these sales has allowed your Company to build a strong liquidity position to support its investment strategy.

Portfolio Developments

The private equity portfolio has generally performed well during the year, and strong trading results have led to valuation uplifts for a number of companies operating across a range of sectors. Conversely, the Board has elected to take protective provisions against the valuations of a number of investments in businesses with exposure to the oil & gas sector until there is evidence of a sustained recovery.

Cursor Controls, a global leader in the design and niche manufacture of trackball pointing solutions for industrial applications, has performed well since Maven clients invested in July 2015. The impressive organic growth achieved in the year to 31 December 2015 has been maintained and was further enhanced by the acquisition, in April 2016, of Belgian distributor NSI. This acquisition was identified as part of Maven's investment case and is expected to be significantly earnings enhancing, with a number of commercial and operational synergies identified to help drive growth and profitability of the enlarged group. The management team is encouraged by the integration process to date, with NSI trading to plan and the core Cursor business delivering organic growth.

Manufacturer and supplier of technical plastic components and interior parts for the global automotive industry, **John McGavigan**, continues to exceed expectations. The current year has seen a further significant increase in profitability across its operations in China and Scotland, which has been achieved through top line growth enhanced by the benefits of a number of productivity improvement projects implemented earlier in the year. The order book remains strong, with a number of significant projects secured in recent months, increasing the visibility of the future prospects for the business. Given the solid performance and growth achieved, the management team is considering potential acquisitions and also moving its premises in China in anticipation of capacity constraints in the region in the short to medium term.

Leading supplier of chromatography products and services, **Crawford Scientific**, has traded ahead of plan since the initial investment by Maven clients in August 2014. During 2015 the business acquired, and successfully integrated, analytical services company Hall Analytical Laboratories which, alongside strong trading within the core business, has contributed to out-performance against the original investment case. The business has fully repaid the debt used to fund the Hall acquisition and the management team is continuing to widen each of Crawford's product and service lines, with organic growth forecast to increase both turnover and earnings in the current year. The strong balance sheet, and cash generative nature of the business, enabled the company to make a voluntary partial repayment of Maven client loan notes during the period.

Torridon (Gibraltar) is an established general insurer, which trades through its subsidiary Elite Insurance. The business is registered in Gibraltar and is authorised to write 12 general insurance business classes across 14 EU/EEA States. Elite has delivered impressive growth over recent years and now has 30 lines of insurance, with the UK business representing 62% of total sales. The business focuses on high margin niche lines, requiring considerable expertise and underwriting skills as well as holding strong distribution relationships.

The UK's largest provider of promotional merchandise, **SPS (EU)**, has achieved excellent growth under private equity ownership since Maven clients invested in February 2014. Operational improvements have enhanced profitability following the successful implementation of a new enterprise resource planning system. The complementary acquisitions of HPP and TEC, completed in the year to 31 December 2015, have been successfully integrated within the group and are delivering a positive profit contribution. The company has invested in sales resource to help penetrate the European markets, and this region is starting to contribute to group performance. The balance sheet remains healthy, and the cash generative nature of the business continues to allow it to reduce its core term debt.

DPP provides mechanical and electrical maintenance and installation services mainly to the leisure, hospitality and retail sectors in the south of England and Wales. The company differentiates itself by employing a large and highly responsive team of skilled engineers. The business has made considerable progress over the past 12 months by enhancing operational procedures and reducing costs, which has led to a significant improvement in profitability. A number of new contracts have been secured during the year and the outlook is positive, which is highly encouraging given the challenges experienced during 2014 when DPP lost a key customer. The business has no external bank debt and was able to make a voluntary partial repayment of Maven client loan notes during the period.

Vodat Communications Group is a leading supplier of communications infrastructure to the UK retail industry, with customers including high street names such as Beaverbrooks, Oasis, Poundland, Warehouse and Welcome Break. Vodat supplies data networks, IP telephony, wi-fi solutions and fixed line connectivity to retail customers. Following the Maven led management buy-out of the company in 2012, the business has achieved positive growth and added a number of new customer contracts. Vodat benefits from high levels of contracted revenue, which underpins future growth, and is highly cash generative with no external bank debt.

International catalyst handling specialist, **CatTech International**, is currently trading strongly. Whilst the improvement in performance is largely attributed to three sizeable projects in Kazakhstan, Iran and Venezuela that are unlikely to recur, the underlying profitability of the business has seen a significant turnaround from the performance of the previous two years. The outlook remains positive with a number of tenders currently progressing. There is no bank debt in the business and its cash position is healthy.

As well as reflecting the good trading performance highlighted above, your Board has also reduced the valuations of **Flexlife**, **Glacier Energy Services** and **HCS Control Systems Group**. These companies are active in the energy services sector, which has endured several years of difficult market conditions. Encouragingly, Maven has seen signs of improved activity across the industry as a whole in recent months. Nevertheless, a conservative approach to valuations has been adopted until there is evidence of a sustained recovery.

The Manager has continued to work closely with the portfolio companies with exposure to the oil & gas market, including providing help to penetrate new markets and win additional customers, whilst working with management to reduce costs against a backdrop of lower activity levels. Most of the portfolio companies in this sector are now operating with a lean cost base and limited or no external debt and, consequently, they are well placed to benefit from any market recovery. Maven has avoided investing in exploration or production based assets, preferring those businesses focused on operational expenditure, particularly relating to essential health and safety, where a recovery in activity is often much less sensitive to the oil price. It is anticipated there will be an improvement in this sub-sector of the industry during 2017, as previously deferred expenditure is incurred on the back of improving market conditions.

In addition, the valuations of the investments in **CHS Engineering Systems** and **Claven** have been reduced and a full provision has been taken against the cost of the investment in **Traceall Global**.

New Investments

During the year, your Company provided development capital to six new private companies operating across a range of sectors:

- **The GP Service (UK)**, a provider of on-line services for general medical consultations and prescriptions, delivered through a web-based interface. The investment will enable The GP Service to accelerate the roll-out of its service across new geographic locations and to develop a range of products and services where there are strong market drivers.
- **Rockar**, an innovative motor retailer with a disruptive technology platform led by a team with extensive sector experience. The investment will enable Rockar to enhance its product offering and finance new dealerships in high footfall shopping centres, working in partnership with global automotive brands including Hyundai and Jaguar Land Rover. Maven VCTs invested in Rockar alongside NVM Private Equity.
- **Chic Lifestyle**, an inventory management system provider for the travel market trading under the brand Chic Retreats, allows small-scale independent operators to control the live distribution of boutique hotel rooms and luxury villas, and manage reservations in real time through leading traffic generators. The investment will enable Chic to further develop its technology and strengthen its position within core European and North American markets.
- **Growth Capital Ventures**, a developer and provider of on-line platforms that connect businesses seeking finance with individuals with capital to invest. The investment will enable the business to accelerate its growth plans by investing in technology to achieve scalable growth in this expanding market.
- **Whiterock Group**, a provider of innovative 360° visualisation solutions that enable clients to navigate every detail of hard-to-access assets and facilities, such as oil rigs, nuclear reactors and government buildings. When linked to an existing structure, the data creates a highly detailed 3D representation that is accessible constantly through a cloud based application. The investment will enable the company to roll out the software offering and provide additional capacity to deliver on its strong pipeline of current opportunities.
- **QikServe**, a developer of a patented software product aimed at multi-outlet hospitality operators such as restaurants, hotels, universities and casinos. This enables customers to order and pay for food and drinks, and participate in customer loyalty schemes, via an app on a smartphone tablet device. QikServe is currently the only globally accredited mobile ordering system that is fully integrated with world-leading electronic point of sale provider, Oracle Hospitality. The investment will enable the company to further develop the technology and expand into international markets, particularly the US which is regarded as a key growth area.

In addition, finance was provided to **Maven Capital (Marlow)**, a company formed to fund the acquisition and subsequent refurbishment of a vacant office building in Marlow, Buckinghamshire.

The March 2016 Budget Statement imposed restrictions on the ability of VCTs to make certain new non-qualifying investments for liquidity purposes, including treasury bills and other government securities. In response to these changes, the Directors agreed to the Company investing a total of £1,036,000 across five private equity investment trusts (PEITs) and six real estate investment trusts (REITs). These are permitted investments under the amended legislation and give your Company further exposure to asset classes that the Manager is familiar with, having knowledge of the respective portfolios and fund managers. The investments have been carefully selected and recommended by Maven and have income characteristics that should help to support future dividend payments by your Company.

The Board and the Manager are highly cognisant of the importance of maintaining an effective liquidity management policy and are currently reviewing a range of other permitted income generating options with a view to maximising the returns from monies held prior to investment.

Your Company has co-invested in some or all of the above transactions with Maven Income and Growth VCT, Maven Income and Growth VCT 2, Maven Income and Growth VCT 3, Maven Income and Growth VCT 5, Maven Income and Growth VCT 6 and Maven Investor Partners. At the period end, the portfolio stood at 73 unlisted and quoted investments at a total cost of £26.23 million.

Realisations

A number of profitable realisations were achieved during the period. In December 2016 Maven achieved a full exit from plastics manufacturer **Nenplas**, through a trade sale to a German acquirer at a premium to carrying value. The exit achieved a total return of 5.0 times for investors in the 2006 buy-out of Homelux Nenplas. This is the second profitable realisation for Maven clients following the demerger process in March 2013, which achieved a partial exit for the Maven VCTs through the sale of the Homelux DIY products division to US firm QEP.

In 2011, Maven VCTs funded the management buy-out of **Dantec Hose**, a global manufacturer of flexible composite hoses for bespoke petrochemical, marine and industrial applications. Throughout the period of investment, Maven supported the business in implementing a number of significant financial and operational improvements, which resulted in geographical and sectoral expansion of the customer base. An offer for the business was received from a German trade buyer and the sale completed

in February 2016, achieving a 2.1 times total return over the investment period.

In January 2016, deferred consideration was received in respect of the exit from **Westway Services Holdings**, which completed in December 2015.

Further realisations have been achieved through the partial repayment of loan notes by **Crawford Scientific** and **DPP**, the successful refinancing of **Maven Capital (Llandudno)** and the full exits from **Kelvinlea** and **Maven Capital (Claremont House)**.

As at the date of this Annual Report, the Manager is engaged with several investee companies and prospective acquirers at various stages of a potential exit process. This realisation activity reflects the increasing maturity of a number of holdings, but it should be noted that there can be no certainty that these discussions will lead to profitable sales.

The table below gives details of all realisations during the reporting period:

	Year first invested	Complete/partial exit	Cost of shares disposed of £'000	Value at 31 December 2015 £'000	Sales proceeds £'000	Realised gain/(loss) £'000	Gain/(loss) over 31 December 2015 value £'000

¹ Proceeds exclude yield and redemption premiums received, which are disclosed as revenue for financial reporting purposes.

² Holding acquired and realised during the period.

Outlook

The Manager is cautiously optimistic about the year ahead, notwithstanding the political and economic uncertainty surrounding the UK's intended exit from the EU, and the changes introduced through the enactment of the revised VCT legislation. The progress achieved by your Company during the reporting period demonstrates the strength and resilience of the investee company portfolio and its ability to sustain positive Shareholder returns. The Manager believes that the current pipeline of prospective new investments provides your Company with the opportunity to further broaden the portfolio, and expects a number of these transactions to complete in the first half of the current financial year, subject to receiving advance assurance from HMRC on a case by case basis.

The immediate investment strategy being applied by the Manager is to continue to expand the asset base of your Company by both size and sector, and at the same time build a blended portfolio of investments in more established companies, completed prior to the legislation changes, along with a number of new investments in carefully selected younger companies capable of growth, with commensurately higher return potential. The Manager believes that this approach to the development of the investee company portfolio will allow Shareholders to benefit from a balanced and diverse asset base capable of sustaining both capital and income returns in the years ahead.

CatTech provides niche industrial services to oil refineries and petrochemical plants across the major international markets, with offices in the UK, China, Singapore and Thailand. The business has developed a range of proprietary products for servicing essential equipment and improving catalyst handling. CatTech operates in a sector where the ability to maintain operational efficiency is critical, with an increasing focus on health and safety, and there are only a limited number of specialists world-wide that have the skilled personnel and specialist equipment to undertake catalyst handling projects.

Report by the Audit and Risk Committees	46
Independent Auditor's Report to the Members of Maven Income and Growth VCT 4 PLC	49

DIRECTORS' REPORT

The Directors submit their Annual Report together with the Financial Statements of the Company for the year ended 31 December 2016. A summary of the financial results for the year and the proposed final dividend can be found in the Financial Highlights on pages 5 and 6.

Principal Activity and Status

The Company's affairs have been conducted, and will continue to be conducted, in a manner to satisfy the conditions to enable it to continue to obtain approval as a venture capital trust under Section 274 of the Income Tax Act 2007.

The Company's Ordinary Shares are listed on the Premium segment of the Official List and traded on the main market of the London Stock Exchange. Further details are provided in the Corporate Summary.

Regulatory Status

As a venture capital trust pursuant to Section 274 of the Income Tax Act 2007, the rules of the FCA in relation to non-mainstream investment products do not apply to the Company.

Going Concern

The Company's business activities, together with the factors likely to affect its future development and performance, are set out in this Directors' Report and within the Strategic Report, and the financial position of the Company is described in the Chairman's Statement. In addition, Note 16 to the Financial Statements includes: the Company's objectives, policies and processes for managing its financial risks; details of its financial instruments; and its exposures to market price risk, interest rate risk, liquidity risk, credit risk and price risk sensitivity. The Directors believe that the Company is well placed to manage its business risks.

Having made suitable enquiries, the Directors have a reasonable expectation that the Company has adequate financial resources to enable it to continue in operational existence for the foreseeable future and, accordingly, they have continued to adopt the going concern basis when preparing the Annual Report and Financial Statements.

Viability Statement

In accordance with Provision C.2.2 of the UK Corporate Governance Code, published in April 2016, the Board has assessed the Company's prospects for the five year period to 31 December 2021. This period has been considered appropriate for a VCT business of its size when considering the principal risks facing the Company.

In making this statement, the Board carried out a robust assessment of the principal business risks facing the Company as set out in the Business Report, including those that might threaten its business model, future performance, solvency, or degree of liquidity (particularly within the unquoted portfolio). The Board also considered the Company's ability to raise new funds and invest those proceeds. Its assessment took account of the availability and likely effectiveness of the mitigating actions that could be taken to avoid or reduce the impact of the underlying risks, including the Manager adapting its investment process to take account of the more restrictive VCT rules. The Board's review has considered the principal risks, including compliance with the new VCT rules, which were identified by the Manager. The Board concentrated its efforts on the major factors that affect the economic, regulatory and political environment, including the EU State Aid Rules. The Board has also considered the Company's cash flow projections and underlying assumptions for the five years to December 2021, and considers them to be realistic and fair.

Based on the Company's processes for monitoring income and expenses, share price discount, and its ongoing review of the investment objective and policy, asset allocation, sector weightings and portfolio risk profile, the Board has concluded that there is a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the five years ending 31 December 2021.

Financial Instruments

The Company's financial instruments comprise its investment portfolio, cash balances and debtors and creditors that arise directly from its operations, including accrued income and purchases and sales awaiting settlement. The main risks that the Company faces arising from its financial instruments are disclosed in Note 16 to the Financial Statements.

Global Greenhouse Gas Emissions

The Company has no greenhouse gas emissions to report from its operations, nor does it have responsibility for any other emissions producing sources under the Companies Act 2006 (Strategic Report and Directors' Report) Regulations 2013.

Corporate Governance

The Statement of Corporate Governance, which forms part of this Directors' Report, is shown on pages 41 to 44.

Directors

Biographies of the Directors who held office at the year end are shown in the Your Board section of this Annual Report along with their interests in the shares of the Company.

As at the date of the forthcoming AGM, Ian Cormack, Malcolm Graham-Wood and Steven Scott will have served as Directors for more than nine years from the date of their first election and, as such, will retire at the AGM in accordance with best practice corporate governance. As a result, being eligible, they offer themselves for annual re-election. Also in accordance with corporate governance best practice, as a non-independent Director, Bill Nixon retires at the AGM and, being eligible, offers himself for annual re-election.

The Board confirms that, following a formal process of evaluation, the performance of each of the Directors seeking re-election continues to be effective and demonstrates commitment to the role. The Board, therefore, believes that it is in the best interests of Shareholders that Ian Cormack, Malcolm Graham-Wood, Steven Scott and Bill Nixon be re-elected and Resolutions to this effect will be proposed at the AGM.

The Directors' interests in the share capital of the Company are shown below. There is no requirement for the Directors to hold shares in the Company.

	31 December 2016 Ordinary Shares of 10p each	31 December 2015 Ordinary Shares of 10p each
Ian Cormack	149,881	149,881
Malcolm Graham-Wood	47,241	47,241
Bill Nixon	249,243	249,243
Steven Scott	149,061	149,061

All of the interests shown above are beneficial and there have been no changes to them since the end of the Company's financial year.

Bill Nixon is managing partner of Maven Capital Partners UK LLP, which is entitled to receive investment management and secretarial fees, as disclosed in Notes 3 and 4 to the Financial Statements respectively. No other contract or arrangement significant to the Company's business, and in which any of the Directors is interested, has subsisted during the year.

Conflicts of Interest

Each Director has a statutory duty to avoid a situation where he has, or could have, a direct or indirect interest which conflicts, or may conflict with the interests of the Company. A Director will not be in breach of that duty if the relevant matter has been authorised by the Board in accordance with the Company's Articles of Association and this includes any co-investment made by the Directors in entities in which the Company also has an interest.

The Board has an approved protocol for identifying and dealing with conflicts and has resolved to conduct a regular review of actual or possible conflicts. No new conflicts or potential conflicts were identified during the year.

Substantial Interests

At 31 December 2016, the only Shareholders known to the Company to be directly or indirectly interested in 3% or more of its issued Ordinary Share capital were as follows:

	Number of Ordinary Shares held	% of issued share capital
Hargreaves Lansdown (Nominees) Limited	1,829,258	5.56

At 31 March 2017, being the last practicable date prior to the publication of this Annual Report, only the Shareholders known to the Company to be directly or indirectly interested in 3% or more of its issued Ordinary Share capital were as follows:

	Number of Ordinary Shares held	% of issued share capital
Hargreaves Lansdown (Nominees) Limited	1,853,358	5.66

Manager and Secretary

Maven Capital Partners UK LLP (Maven) acted as Manager and Secretary to the Company during the year ended 31 December 2016 and details of the investment management and secretarial fees are disclosed in Notes 3 and 4 to the Financial Statements respectively.

Termination provisions

The agreement is capable of termination by the giving of 24 months' written notice by either the Company or the Manager. Should the Company terminate the management agreement on shorter notice before that date, the Manager would be entitled to receive fees which would otherwise have been due up until the date of the end of the contractual notice period. Furthermore, the Company may terminate the agreement without compensation due if:

- a receiver, liquidator or administrator of the Manager is appointed;
- the Manager commits any material breach of the provisions of the agreement; or
- the Manager ceases to be authorised to carry out investment business.

Management and administration fees

For the year ended 31 December 2016, and unchanged for the year ending 31 December 2017, the investment management and secretarial fees payable to Maven were calculated and charged on the following basis:

- an investment management fee of 2.5% (2015: 2.5%) per annum of the gross assets of the Company at the previous quarter end, which is chargeable 20% to revenue and 80% against realised capital reserves; and
- a secretarial fee of £78,000 (2015: £78,000) per annum, which is charged 100% to revenue and is subject to an annual adjustment to reflect movement in the UK Consumer Prices Index.

By agreement with the Manager, the total management and administrative expenses of the Company, inclusive of irrecoverable VAT but exclusive of transaction costs and expenses relating to the acquisition and disposal of investments, are capped at 3.5% of the net asset value at the end of the relevant financial period, calculated before deduction of management and administrative expenses or any exceptional items such as merger or performance incentive fees in respect of that financial year.

Subject to certain criteria being met, Maven is entitled to a performance incentive fee, in respect of each six month period ended 30 June and 31 December, of an amount equal to 20% of any increase in the total return (before applying any performance incentive fee) as at the end of the relevant six month period to the total return (after accruing for the performance incentive fee payable for that period) as at the end of the last six month period on which a performance incentive fee was paid. Total return for these purposes means net asset value, adjusted for dividends, share buy-backs and share issues since the period in respect of which the last performance incentive fee was paid.

Independent from the above arrangements, during the year ended 31 December 2016, the sum of £14,000 (2015: £12,000) plus VAT was paid to the Manager in respect of Bill Nixon's role as a Director of the Company.

Maven may also receive from investee companies, fees in relation to arranging transactions, monitoring of business progress and for providing non-executive directors for their boards.

In addition, in order to ensure that the Manager's executives are appropriately incentivised in relation to the management of the portfolio, a co-investment scheme allows individuals to participate in new investments alongside the Company. All such investments are made through a nominee and under terms agreed by the Board.

The terms of the scheme ensure that all investments in voting ordinary shares are made on identical terms to those of the Company and that no selection of investments will be allowed. Total investment by participants in the co-investment scheme is set at 5% of the aggregate amount of ordinary shares subscribed for, except where the only securities to be acquired by the Company are ordinary shares or are securities quoted on AIM or ISDX, in which case the co-investment percentage will be 1.5%. Any dilution of the Company's interests is, therefore, minimal and the Directors believe that the scheme provides a useful incentive which closely aligns the interests of key individuals within the Manager's staff with those of the Shareholders.

In light of investment performance achieved by the Manager, together with the standard of company secretarial and administrative services provided, the Board considers that the continued appointment of the Manager and Secretary on the stated terms is in the best interests of the Company and its Shareholders.

It should be noted that, as at 31 March 2017, Maven Capital Partners UK LLP, Bill Nixon and certain of its other executives held, in aggregate, 672,479 of the Company's Ordinary Shares, representing 2.05% of the issued Ordinary Share capital as at that date.

Independent Auditor

The Company's Independent Auditor, Deloitte LLP, should continue in office and Resolution 9 to propose its re-appointment will be proposed at the 2017 AGM, along with Resolution 10, to authorise the Directors to fix its remuneration. Non-audit fees for tax services amounting to £5,000 were paid to Deloitte LLP during the year under review (2015: £5,000). The Directors have received confirmation from the Auditor that it remains independent and objective. The Directors have also reviewed the Auditor's procedures in connection with the provision of non-audit services and remain satisfied that objectivity and independence are being safeguarded by Deloitte LLP.

Directors' Disclosure of Information to the Auditor

So far as the Directors who held office at the date of approval of this Annual Report are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the Company's Auditor is unaware, and each of the Directors has taken all the steps that he ought to have taken as a Director in order to make himself aware of any relevant audit information and to establish that the Company's Auditor is aware of that information.

Purchase of Ordinary Shares

During the year ended 31 December 2016, the Company bought back a total of 638,000 (2015: 614,000) of its own Ordinary Shares, being 1.91% of the Ordinary Shares in issue as at 24 March 2016, being the last practicable date prior to publication of the previous Annual Report.

A Special Resolution, numbered 13 in the Notice of Meeting, will be put to Shareholders at the 2017 AGM for their approval to renew the Company's authority to purchase in the market a maximum of 4,911,848 Ordinary Shares (14.99% of the shares in issue at 31 March 2017). Such authority will expire on the date of the Annual General Meeting in 2018, or after a period of 15 months from the date of the passing of the Resolution, whichever is the earlier.

Purchases of shares will be made within guidelines established from time to time by the Board, but only if it is considered that such purchases would be to the advantage of the Company and its Shareholders when taken as a whole. Purchases will be made in the market at prices below the prevailing NAV per share. Under the FCA Listing Rules the maximum price that may be paid on the exercise of this authority must not exceed 105% of the average of the mid-market quotations for the shares over the five business days immediately preceding the date of purchase. The minimum price that may be paid is 10p per share. In making purchases, the Company will deal only with member firms of the London Stock Exchange. Any shares which are purchased will be cancelled and not available for reissue, or held in treasury. Once held in treasury, such shares may be cancelled or sold for cash. The Board intends to use this authority to continue its share buy-back policy.

Purchases of shares by the Company will be made from distributable reserves and will normally be paid out of cash balances held by the Company from time to time. As any purchases will be made at a discount to NAV at the time of purchase, the NAV of the remaining Ordinary Shares in issue should increase as a result of any such purchase. Shares will not be purchased by the Company in the period from the end of the Company's relevant financial period up to and including the earlier of an announcement of all price sensitive information in respect of the relevant period or the release of the full results.

Issue of New Ordinary Shares

During the year under review, no new Ordinary Shares were allotted (2015: 2,100,314 Ordinary Shares). An Ordinary Resolution, numbered 11 in the Notice of Annual General Meeting, will be put to Shareholders at the 2017 AGM for their approval for the Company to issue up to an aggregate nominal amount of £327,675 in respect of the Ordinary Shares (equivalent to 3,276,750 Ordinary Shares or 10% of the total issued share capital at 31 March 2017).

Issues of new Ordinary Shares may only be made at, or at a premium to, NAV per share, thus ensuring existing investors will not be disadvantaged by such issues. The proceeds of any issue may be used to purchase the Company's shares in the market or to fund further investments in accordance with the Company's investment policy. This authority shall expire either at the conclusion of the Annual General Meeting in 2018 or on the expiry of 15 months from the passing of the Resolution, whichever is the first to occur.

When shares are to be allotted for cash, Section 561(1) of the Companies Act 2006 provides that existing Shareholders have pre-emption rights and that the new shares are offered first to such Shareholders in proportion to their existing shareholdings. However, Shareholders can, by special resolution, authorise the Directors to allot shares otherwise than by a pro rata issue to existing Shareholders. A Special Resolution, numbered 12 in the

Notice of Annual General Meeting, will, if passed, give the Directors power to allot for cash, up to an aggregate nominal amount not exceeding £327,675 in respect of the Ordinary Shares (equivalent to 3,276,750 Ordinary Shares or 10% of the total issued share capital at 31 March 2017) as if Section 561(1) does not apply. This is the same amount of share capital that the Directors are seeking the authority to allot pursuant to Resolution 11. The authority will also expire either at the conclusion of the Annual General Meeting of the Company in 2018 or on the expiry of 15 months from the passing of the Resolution, whichever is the first to occur.

Share Capital and Voting Rights

As at 31 December 2016 the Company's share capital amounted to 32,897,502 Ordinary Shares of 10p each. Subsequent to the year end, the Company bought back 130,000 Ordinary Shares for cancellation and, as a result, there were 32,767,502 Ordinary Shares in issue as at 31 March 2017. Further details are included in Note 12 to the Financial Statements.

Related Party Transactions

Other than those set out in this Directors' Report, there are no further related party transactions that require to be disclosed.

Post Balance Sheet Events

Other than those referred to above and in the Strategic Report, there have been no events since 31 December 2016 that require disclosure.

Annual General Meeting (AGM) and Directors' Recommendation

The AGM will be held on 17 May 2017, and the Notice of Annual General Meeting is on pages 70 to 74 of this Annual Report. The Notice of Annual General Meeting also contains a Resolution that seeks authority for the Directors to convene a general meeting, other than an annual general meeting, on not less than fourteen days' clear notice, although it is anticipated that such authority would only be exercised under exceptional circumstances.

The Board encourages Shareholders to vote at the AGM and votes can be submitted by hard copy proxy form, via CREST, or electronically using the Registrar's Share Portal Service at www.capitashareportal.com. Please refer to the notes to the Notice of Annual General Meeting on pages 72 to 74 of this Annual Report.

The Directors consider that all of the Resolutions to be put to the AGM are in the best interests of the Company and its Shareholders as a whole. Your Board will be voting in favour of them and unanimously recommends that Shareholders do so as well.

By order of the Board
Maven Capital Partners UK LLP
Secretary

7 April 2017

DIRECTORS' REMUNERATION REPORT

Statement by the Board

The report has been prepared in accordance with the requirements of Section 421 of the Companies Act 2006 and the Enterprise and Regulatory Reform Act 2013. An Ordinary Resolution for the approval of this report, which includes a section on the policy for the remuneration of Directors, will be put to the Members of the Company at the forthcoming AGM. The law requires the Company's Auditor to audit certain disclosures provided. Where disclosures have been audited, they are indicated as such and the Auditor's opinion is included in their report on pages 49 to 53 of this Annual Report.

The full Board, with Ian Cormack as its Chairman, carries out the functions of a remuneration committee. As all of the Directors are non-executive, the principles of the UK Corporate Governance Code in respect of executive directors' remuneration do not apply.

At 31 December 2016, the Company had four non-executive Directors and their biographies are shown in the Your Board section of the Strategic Report. The names of the Directors who served during the year together with the fees paid during the year are shown in the table on page 39.

The dates of appointment of the Directors in office as at 31 December 2016 and the dates on which they will next be proposed for re-election are as follows:

	Date of original appointment	Date of previous re-election	Due date for re-election
Ian Cormack	1 September 2004	27 April 2016	17 May 2017
Malcolm Graham-Wood	1 September 2004	27 April 2016	17 May 2017
Bill Nixon	6 August 2008	27 April 2016	17 May 2017
Steven Scott	1 September 2004	27 April 2016	17 May 2017

During the year ended 31 December 2016, the Board was not provided with advice or services by any person in respect of its consideration of the Directors' remuneration. However, in the application of the Board's policy on Directors' remuneration, as defined below, the Board expects, from time to time, to review the fees paid to the directors of other venture capital trust companies.

The Board met once during the year ended 31 December 2016 to review the policy for, and the level of, Directors' remuneration. At that meeting, it was resolved that the rates of Directors' remuneration should be increased by £1,000 per annum for each Director with effect from 1 January 2017 and it was agreed that the Board should continue to review the policy for the remuneration of Directors on a regular basis.

Remuneration Policy

The Company's Policy is that the remuneration of the Directors should reflect the experience of the Board as a whole and be fair and comparable to that of other venture capital trusts with a similar capital structure and similar investment objectives. Directors are remunerated in the form of fees, payable quarterly in arrears, to the Director personally or to a third party specified by him. The fees for the Directors are determined within the limits set out in the Company's Articles of Association, which limit the aggregate of the fees payable to the Directors to £150,000 per annum and the approval of Shareholders in a general meeting would be required to change this limit.

It is intended that the fees payable to the Directors should reflect their duties, responsibilities, and the value and amount of time committed to the Company's affairs, and should also be sufficient to enable candidates of a high quality to be recruited and retained. Non-executive Directors do not receive bonuses, pension benefits, share options, long-term incentive schemes or other benefits, and the fees are not specifically related to the Directors' performance, either individually or collectively.

A copy of this Remuneration Policy may be inspected by the Members of the Company at its registered office.

It is the Board's intention that the above remuneration policy will be put to a Shareholder's vote at least once every three years and, as a Resolution was last approved at the AGM held in 2014, an Ordinary Resolution for its approval will be proposed at the AGM to be held in 2017. At the AGM held in April 2014, the results in respect of the Ordinary Resolution to approve the Directors' Remuneration Policy were as follows:

	Percentage of votes cast for	Percentage of votes cast against	Number of votes withheld
Remuneration Policy (2014 AGM)	96.81	3.19	76,683

Directors' and Officers' Liability Insurance

The Company purchases and maintains liability insurance covering the Directors and Officers of the Company. This insurance is not a benefit in kind, nor does it form part of the Directors' remuneration.

Directors' Interests (audited)

The Directors' interests in the share capital of the Company are shown in the Directors' Report on page 34. There is no requirement for Directors to hold shares in the Company.

Company Performance

The Board is responsible for the Company's investment strategy and performance, although the management of the Company's investment portfolio is delegated to the Manager through the Management and Administration Deed, as referred to in the Directors' Report.

The graph below compares the total returns on an investment of £100 in the Ordinary Shares of the Company, for each annual accounting period for the ten years to 31 December 2016, assuming all dividends are reinvested, with the total shareholder return on a notional investment of £100 made up of shares of the same kind and number as those by reference to which the FTSE AIM All-Share index is calculated. This index was chosen for comparison purposes as it is the most relevant to the Company's investment portfolio.

Source: Maven/London Stock Exchange.

Please note that past performance is not a guide to future performance.

Directors' Remuneration (audited)

The Directors who served during the year received the following emoluments in the form of fees:

	Year ended 31 December 2016 £	Year ended 31 December 2015 £
Ian Cormack	17,000	15,000
Malcolm Graham-Wood	14,000	12,000
Andrew Lapping ¹	-	4,000
Bill Nixon ²	14,000	12,000
David Potter ¹	-	4,000
Steven Scott	14,000	12,000
Total	59,000	59,000

¹ Retired on 29 April 2015.

² Bill Nixon's remuneration is paid to Maven Capital Partners UK LLP and is subject to VAT

The above amounts exclude any employers' national insurance contributions, if applicable. No other forms of remuneration were received by the Directors and no Director has received any taxable expenses, compensation for loss of office or non-cash benefits for the year ended 31 December 2016 (2015: £nil).

Relative Cost of Directors' Remuneration

The chart below shows, for the years ended 31 December 2015 and 31 December 2016; the cost of Directors' fees compared with the level of dividend distribution:

As noted in the Strategic Report, all of the Directors are non-executive and, therefore, the Company does not have a chief executive officer, nor does it have any employees. In the absence of a chief executive officer or employees, there is no related information to disclose.

Directors' Fees and Total Remuneration

The Company does not have any employees and Directors' remuneration comprises solely of Directors' fees. The current and projected Director's fees for the year ended 31 December 2016 and the year ending 31 December 2017 are shown below:

	Year ending 31 December 2017 £	Year ended 31 December 2016 £
Ian Cormack	18,000	17,000
Malcolm Graham-Wood	15,000	14,000
Bill Nixon ¹	15,000	14,000
Steven Scott	15,000	14,000
Total	63,000	59,000

¹ Bill Nixon's remuneration is paid to Maven Capital Partners UK LLP and is subject to VAT.

Directors do not have service contracts but new Directors are provided with a letter of appointment. The terms of appointment provide that Directors should retire and be subject to re-election at the first AGM following their appointment. Thereafter, the Company's Articles of Association require all Directors to retire by rotation at least every three years. There is no notice period and no provision for compensation upon early termination of appointment, save for any arrears of fees which may be due.

During the year ended 31 December 2016, no communication has been received from Shareholders regarding Directors' remuneration.

At the AGM held on 27 April 2016, the results in respect of the Ordinary Resolution to approve the Directors' Remuneration Report for the year ended 31 December 2015 were as follows:

	Percentage of votes cast for	Percentage of votes cast against	Number of votes withheld
Remuneration Report (2016 AGM)	97.17	2.83	56,886

An Ordinary Resolution to approve this Directors' Remuneration Report for the year ended 31 December 2016 will be put to Shareholders at the 2017 AGM.

Approval

The Directors' Remuneration Report for the year ended 31 December 2016 was approved by the Board of Directors and signed on its behalf by:

Ian Cormack
Director

7 April 2017

STATEMENT OF CORPORATE GOVERNANCE

The Company is committed to, and is accountable to the Company's Shareholders for, a high standard of corporate governance. The Board has put in place a framework for corporate governance that it believes is appropriate for a venture capital trust and which enables it to comply with the UK Corporate Governance Code (the Code), published in April 2016. The Code is available from the website of the Financial Reporting Council at www.frc.org.uk.

The Company has discontinued its membership of the Association of Investment Companies (AIC) and, therefore, no longer applies the principles of the AIC Code of Corporate Governance.

This Statement of Corporate Governance forms part of the Directors' Report.

Application of the Main Principles of the Code

This statement describes how the main principles identified in the Code have been applied by the Company throughout the year, as is required by the Listing Rules of the FCA.

The Board is of the opinion that the Company has complied fully with the main principles identified in the Codes, except as set out below:

- provision A2.1 (dual role of the chairman and chief executive);
- provision A4.1 (senior independent director);
- provision B1.1 (tenure of directors)
- provision C3.1 (chairman of the audit committee); and
- provisions D2.1, D2.2, and D2.4 (remuneration committee).

Other than set out below, the Board considers that these provisions are not relevant to the Company and, therefore, has not reported further in respect of them.

The Board

The Board currently consists of four male Directors, all of whom are non-executive and the majority of whom are considered to be independent of the investment manager (Maven Capital Partners UK LLP, Maven, or the Manager). Bill Nixon is not considered to be independent because of his position as managing partner of Maven. The independent non-executive Directors are free of any relationship which could materially interfere with the exercise of their independent judgement. The biographies of the Directors appear in the Your Board section of this Annual Report and indicate their high level and range of investment, industrial, commercial and professional experience.

Ian Cormack was independent of the Manager at the time of his appointment as a Director and Chairman in September 2004 and continues to be so by virtue of his lack of connection with the Manager and the absence of cross-directorships with his fellow Directors.

The Board sets the Company's values and objectives and ensures that its obligations to Shareholders are met. It has formally adopted a schedule of matters which are required to be brought to it for decision, thus ensuring that it maintains full and effective control over appropriate strategic, financial, operational and compliance issues. These matters include:

- the appointment and removal of the Manager and the terms and conditions of any management and administration agreements;
- the maintenance of clear investment objectives and risk management policies;
- the monitoring of the business activities of the Company;
- Companies Act requirements such as the approval of interim and annual financial statements and the approval and recommendation of interim and final dividends;
- major changes relating to the Company's structure, including share buy-backs and share issues;
- Board appointments and related matters;
- terms of reference and membership of Board Committees; and
- Stock Exchange, UK Listing Authority and Financial Conduct Authority matters, such as approval of all circulars, listing particulars and releases concerning matters decided by the Board.

As required by the Companies Act 2006 and permitted by the Articles of Association, Directors notify the Company of any situation which might give rise to the potential for a conflict of interest, so that the Board may consider and, if appropriate, approve such situations. A register of potential conflicts of interest for Directors is reviewed regularly by the Board and the Directors notify the Company whenever there is a change in the nature of a registered conflict, or whenever a new conflict situation arises.

Following implementation of the Bribery Act 2010, the Board adopted appropriate procedures.

There is an agreed procedure for Directors to take independent professional advice, if necessary, at the Company's expense.

The Directors have access to the advice and services of the Secretary through its appointed representatives who are responsible to the Board for:

- ensuring that Board procedures are complied with;
- under the direction of the Chairman, ensuring good information flows within the Board and its Committees; and
- advising on corporate governance matters.

An induction meeting will be arranged by the Manager on the appointment of any new Director, covering details about the Company, the Manager, legal responsibilities and venture capital industry matters. Directors are provided, on a regular basis, with key information on the Company's policies, regulatory and statutory requirements and internal controls. Changes affecting Directors' responsibilities are advised to the Board as they arise.

Ian Cormack is Chairman of the Board and is also Chairman of the Management Engagement and Nomination Committees as the other Directors consider that he has the skills and experience relevant to these roles. A senior non-executive director has not been appointed, as the Board considers that each of the Directors has different qualities and areas of expertise on which they may lead.

The Board meets at least four times each year and, between meetings, maintains regular contact with the Manager. The primary focus of quarterly Board Meetings is a review of investment performance and related matters including asset allocation, peer group information and industry issues. During the year ended 31 December 2016, the Board held four quarterly Board Meetings and four meetings of the Risk Committee. There were also two additional meetings of the Board, two meetings of the Audit Committee and one meeting each of the Nomination Committee and of the Management Engagement Committee.

Directors have attended Board and Committee Meetings during the year ended 31 December 2016¹ as follows:

Director	Board	Audit Committee	Management Engagement Committee	Nomination Committee	Risk Committee
Ian Cormack	6 (6)	2 (2)	1 (1)	1 (1)	4 (4)
Malcolm Graham-Wood	6 (6)	2 (2)	1 (1)	1 (1)	4 (4)
Bill Nixon ²	6 (6)	n/a	n/a	1 (1)	4 (4)
Steven Scott	6 (6)	2 (2)	1 (1)	1 (1)	4 (4)

¹ The number of meetings which the Directors were eligible to attend is in brackets.

² Bill Nixon is not a member of the Audit Committee or the Management Engagement Committee.

To enable the Board to function effectively and allow Directors to discharge their responsibilities, full and timely access is given to all relevant information. In the case of Board Meetings, this consists of a comprehensive set of papers, including the Manager's review and discussion documents regarding specific matters. The Directors make further enquiries when necessary.

The Board and its Committees have undertaken a process for their annual performance evaluation, using questionnaires and discussion to ensure that Directors have devoted sufficient time and contributed adequately to the work of the Board and its Committees. The Chairman is subject to evaluation by his fellow Directors.

Directors' Terms of Appointment

All non-executive Directors are appointed for an initial period of three years, subject to re-election and Companies Act provisions and, in accordance with the Articles of Association (Articles), stand for election at the first AGM following their appointment. The Articles state that Directors must offer themselves for re-election at least once every three years. However, in accordance with corporate governance best practice and as they have each served as Directors for more than nine years, Ian Cormack, Malcolm Graham-Wood and Steven Scott offer themselves for annual re-election. In addition, Bill Nixon is subject to annual re-election in view of his position as managing partner of Maven.

Policy on Tenure

The Board subscribes to the view that long-serving Directors should not be prevented from forming part of an independent majority. It does not consider that a Director's tenure necessarily reduces his ability to act independently and, following formal performance evaluations, believes that each Director is independent in character and judgement and that there are no relationships or circumstances which are likely to affect the judgement of any Director.

The Board's policy on tenure is that continuity and experience are considered to add significantly to the strength of the Board and, as such, no limit on the overall length of service of any of the Company's Directors, including the Chairman, has been imposed. The Company has no executive Directors or employees.

Committees

Each of the Committees has been established with written terms of reference, which are available on request from the registered office of the Company and are reviewed and re-assessed for their adequacy at each Meeting.

Audit Committee

The Audit Committee is chaired by Steven Scott and comprises all of the independent Directors. The role and responsibilities of the Committee are detailed in a joint report by the Audit and Risk Committees.

Management Engagement Committee

The Management Engagement Committee, which comprises all of the independent Directors and is chaired by Ian Cormack, is responsible for the annual review of the contract with the Manager, details of which are shown in the Directors' Report. One meeting was held during the year ended 31 December 2016, at which the Committee recommended the continued appointment of Maven Capital Partners UK LLP as Manager of the Company.

Nomination Committee

The Nomination Committee, which comprises all of the Directors and is chaired by Ian Cormack, met once during the year ended 31 December 2016. The Committee makes recommendations to the Board on the following matters:

- the evaluation of the performance of the Board and its Committees;
- reviewing the composition, skills, knowledge, experience and diversity (including gender diversity) of the Board;
- succession planning;

- the identification and nomination of candidates to fill Board vacancies, as and when they arise, for the approval of the Board;
- the re-appointment of any non-executive Director at the conclusion of their specified term of office;
- proposals for the re-election by Shareholders of any Director under the retirement by rotation provisions in the Company's Articles of Association;
- the continuation in office of any Director at any time; and
- the appointment of any Director to another office, such as Chairman of any Committee, other than to the position of Chairman of the Company.

At a meeting held in November 2016, the Committee recommended the re-election of Ian Cormack, Malcolm Graham-Wood, Bill Nixon and Steven Scott. Subsequently, at the Board Meeting held in February 2016 and in accordance with best practice, it was agreed that all independent Directors who had served for more than nine years should continue to offer themselves for annual re-election alongside any representative of the Manager serving on the Board. As a result, Ian Cormack, Malcolm Graham-Wood, Bill Nixon and Steven Scott will offer themselves for re-election and, accordingly, Resolutions 5 to 8 will be put to the 2017 AGM.

The performance of the Board, Committees and individual Directors was evaluated through an assessment process, led by the Chairman and the performance of the Chairman was evaluated by the other Directors. While the Company does not have a formal policy on diversity, Board diversity forms part of the responsibilities of the Committee.

Remuneration Committee

Where a venture capital trust has only non-executive directors, the Code principles relating to directors' remuneration do not apply. As noted on page 37, the full Board, chaired by Ian Cormack, carries out the functions of a remuneration committee. The Board met once during the year ended 31 December 2016 to review the policy for, and the level of, Directors' Remuneration.

The level of remuneration for the Directors has been set in order to attract and retain individuals of a calibre appropriate to the future development of the Company. Details of the remuneration of each Director and of the Company's policy on Directors' remuneration are provided in the Directors' Remuneration Report.

Risk Committee

The Risk Committee is chaired by Malcolm Graham-Wood and comprises all of the Directors. The role and responsibilities of the Committee are detailed in a joint Report by the Audit and Risk Committees on pages 46 to 48.

External Agencies

The Board has contracted to external agencies, including the Manager, certain services: the management of the investment portfolio, the custodial services (which include the safeguarding of assets), the registration services and the day to day accounting and company secretarial requirements. Each of these contracts was entered into after full and proper consideration by the Board of the quality and cost of services offered. The Board receives and considers reports from the Manager and other external agencies on a regular basis. In addition, ad hoc reports and information are supplied to the Board as requested.

Corporate Governance, Stewardship and Proxy Voting

The Financial Reporting Council (FRC) published the UK Stewardship Code (the Stewardship Code) for institutional shareholders on 2 July 2010 and this was revised in September 2012. The purpose of the Stewardship Code is to enhance the quality of engagement between institutional investors and companies to help improve long-term returns to shareholders and assist institutional investors in the efficient exercise of their governance responsibilities.

The Board is aware of its duty to act in the interests of the Company and the Directors believe that the exercise of voting rights lies at the heart of regulation and the promotion of good corporate governance. The Directors, through the Manager, would wish to encourage companies in which investments are made to adhere to best practice in the area of corporate governance. The Manager believes that, where practicable, this can best be achieved by entering into a dialogue with investee company management teams to encourage them, where necessary, to improve their governance policies. Therefore, the Board has delegated responsibility for monitoring the activities of portfolio companies to the Manager and has given it discretionary powers to vote in respect of the holdings in the Company's investment portfolio.

Socially Responsible Investment Policy

The Directors and the Manager are aware of their duty to act in the interests of the Company and acknowledge that there are risks associated with investment in companies which fail to conduct business in a socially responsible manner. Therefore, the Directors and Manager take account of the social environment and ethical factors that may affect the performance or value of the Company's investments. Maven believes that a company run in the long-term interests of its shareholders should manage its relationships with its employees, suppliers and customers and behave responsibly towards the environment and society as a whole.

Communication with Shareholders

The Company places a great deal of importance on communication with its Shareholders, all of who are welcome to attend and participate in the AGM. The Notice of Annual General Meeting sets out the business of the AGM and the Resolutions are explained more fully in the Explanatory Notes to the Notice of Annual General Meeting as well as in the Directors' Report and the Directors' Remuneration Report. Separate Resolutions are proposed for each substantive issue and Shareholders have the opportunity to put questions to the Board and the Manager. The results of proxy voting are relayed to Shareholders after the Resolutions have been voted on by a show of hands. Nominated persons, often the beneficial owners of shares held for them by nominee companies, may attend Shareholder meetings and are invited to contact the registered Shareholder, normally a nominee company, in the first instance in order to be nominated to attend the meeting and to vote in respect of the shares held for them. In general, a venture capital trust has few major shareholders.

As recommended under the Code, the Annual Report is normally posted to Shareholders at least twenty business days before the AGM. Annual and Interim Reports and Financial Statements are distributed to Shareholders and other parties who have an interest in the Company's performance.

Shareholders and potential investors may obtain up-to-date information on the Company through the Manager and the Secretary, and the Company responds to letters from Shareholders on a wide range of issues. In order to ensure that the Directors develop an understanding of the views of Shareholders, correspondence between Shareholders and the Manager or the Chairman is copied to the Board. The Company's web pages are hosted on the Manager's website, and can be visited at www.mavencp.com/migvct4 from where Annual and Interim Reports, Stock Exchange Announcements and other information can be viewed, printed or downloaded. Access to further information about the Manager can be gained from www.mavencp.com.

Accountability and Audit

The Statement of Directors' Responsibilities in respect of the Financial Statements is on page 45, the Statement of Going Concern is included in the Directors' Report on page 33, and the Viability Statement can also be found in the Directors' Report on page 33. The Independent Auditor's Report is on pages 49 to 53.

By order of the Board
Maven Capital Partners UK LLP
Secretary

7 April 2017

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Annual Report, Directors' Remuneration Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare Financial Statements for each financial year. Under that law, the Directors have elected to prepare the Financial Statements in accordance with FRS 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland. The Financial Statements are required by law to give a true and fair view of the state of affairs of the Company and of the net return of the Company for that period.

In preparing these Financial Statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the Financial Statements; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are also responsible for preparing a Strategic Report, Directors' Report, Directors' Remuneration Report (including a report on remuneration policy), and Statement of Corporate Governance that comply with applicable law and regulations.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's web pages, which are hosted on the Manager's website. Legislation in the United Kingdom governing the preparation and dissemination of Financial Statements may differ from legislation in other jurisdictions.

The Directors are also responsible for ensuring that the Annual Report and Financial Statements, taken as a whole, is fair, balanced and understandable and provides the information necessary for Shareholders to assess the Company's position and performance, business model and strategy.

Responsibility Statement of the Directors in respect of the Annual Report and Financial Statements

The Directors confirm that, to the best of their knowledge:

- the Financial Statements have been prepared in accordance with the applicable accounting standards and give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company as at 31 December 2016 and for the year to that date;
- the Directors' Report includes a fair review of the development and performance of the Company, together with a description of the principal risks and uncertainties that it faces; and
- the Annual Report and Financial Statements taken as a whole is fair, balanced and understandable and provides the information necessary for Shareholders to assess the Company's position and performance, business model and strategy.

**By order of the Board
Maven Capital Partners UK LLP
Secretary**

7 April 2017

REPORT BY THE AUDIT AND RISK COMMITTEES

The Audit and Risk Committees are chaired by Steven Scott and Malcolm Graham-Wood respectively.

Audit Committee

The Audit Committee comprises all independent Directors and the Board is satisfied that at least one member of the Committee has recent and relevant financial experience, and that the Audit Committee, as a whole, has competence relevant to the sector in which the Company operates.

The principal responsibilities of the Committee include:

- the integrity of the Interim and Annual Reports and Financial Statements and the review of any significant financial reporting judgements contained therein, including the valuation of investments and the recognition of income;
- the review of the terms of appointment of the Auditor, together with its remuneration, including any non-audit services provided by the Auditor;
- the review of the scope and results of the audit and the independence and objectivity of the Auditor;
- the review of the Auditor's Board Report and any required response;
- meetings with representatives of the Manager;
- the review of the custody arrangements in place to confirm ownership of investments;
- providing advice on whether the Annual Report and Financial Statements, taken as a whole, is fair, balanced and understandable and provides the information necessary for Shareholders to assess the Company's position and performance, business model and strategy; and
- making appropriate recommendations to the Board.

Activities of the Audit Committee

The Committee met twice during the year under review, in February and August 2016. At each meeting the Committee considered the key risks detailed below and in the Business Report, and the corresponding internal control and risk reports provided by the Manager, which included the Company's risk management framework. No significant weaknesses in the control environment were identified and it was also noted that there had not been any adverse comment from the Auditor and that the Auditor had not identified any significant issues in its audit report. The Committee, therefore, concluded that there were no significant issues which required to be reported to the Board.

At its meeting in February 2016, the Committee reviewed, for recommendation to the Board, the Audit Report from the Independent Auditor and the draft Annual Report and Financial Statements for the year ended 31 December 2015, along with the amount of the final dividend for the year then ended.

At its meeting in August 2016, the Committee reviewed the Half Yearly Report and Financial Statements for the six months ended 30 June 2016. The Committee also considered the performance, tenure and independence of Deloitte LLP (Deloitte) as Auditor, as part of a formal tender process that included two other potential providers and concluded that it was satisfied with the performance of Deloitte and recommended its continued appointment.

Subsequent to the year end, the Committee considered the draft Annual Report and Financial Statements for the year ended 31 December 2016 and provided advice to the Board that it considered the Annual Report and Financial Statements, taken as a whole, was fair, balanced and understandable and provided the information necessary for Shareholders to assess the Company's position and performance, business model and strategy.

It is recognised that the portfolio forms a significant element of the Company's assets and that there are different risks associated with listed and unlisted investments. The primary risk that requires the particular attention of the Committee is that unlisted investments are not recognised and measured in line with the Company's stated accounting policy on the valuation of investments as set out in Note 1(e) to the Financial Statements on pages 58 and 59. In accordance with that policy, unlisted investments are valued by the Manager and are subject to scrutiny and approval by the Directors. Investments listed on a recognised stock exchange are valued at their bid market price.

The Audit Committee has considered the assumptions and judgements in relation to the valuation of each quoted and unquoted investment and is satisfied that they are appropriate.

The basis of valuation across the portfolio as at 31 December 2016 was as follows:

Investment	% of net assets by value	Valuation basis
AIM/ISDX quoted	2.4	Bid price ¹
Listed equities	0.1	Bid price ¹
Listed investment trusts	3.3	Bid price ¹
Unquoted	80.6	Directors' valuation ²
Total investment	86.4	

¹ London Stock Exchange closing market quote.

² Directors' valuation represents an independent third party valuation or either of: (i) an earnings multiple basis; (ii) cost; or (iii) a provision against cost where there may be a diminution in value due to a company's underperformance. Where an earnings multiple or cost less impairment is not appropriate, or other overriding factors apply, a discounted cash flow or net asset value basis may be applied.

The Committee recommended the investment valuations, representing 86.4% of net assets as at 31 December 2016, to the main Board for approval. In addition, the revenue generated from dividend income and loan stock interest has been considered by the Committee on a quarterly basis and the Directors are satisfied that the levels of income recognised are in line with revenue estimates.

As part of its annual review of audit services, the Committee considers the performance, cost effectiveness and general relationship with the external auditor. In addition, the Committee reviews the independence and objectivity of the external auditor. The Company first appointed Deloitte as Auditor in 2007. The Independent Auditor's Report is on pages 49 to 53 and it should be noted that Deloitte rotates the Senior Statutory Auditor responsible for the audit every five years. The Senior Statutory Auditor was last changed in 2012. Details of the amounts paid to the Auditor during the year for audit and other services are set out in Note 4 to the Financial Statements.

During the year ended 31 December 2016, alongside the other Maven managed VCTs, the Board agreed to put audit services out to tender and, during that process, the Audit Committee considered the FRC Guidance on Audit Tenders and carried out a review of auditors active in the VCT sector. A shortlist comprising three firms was considered and these firms were invited to present to the Audit Committee. One firm withdrew due to other commitments and, accordingly, the shortlist comprised BDO LLP and Deloitte LLP. Both audit firms presented to a representative of the Audit Committee in London in July 2016 and, after careful consideration, the Audit Committee recommended to the Board that Deloitte LLP be re-appointed as Auditor in respect of the audit for the year ended 31 December 2016. This recommendation was based on Deloitte's knowledge of the VCT sector, its particular knowledge of the underlying investee companies and the competitive fee proposed.

The Company has a policy in place for governing and controlling the provision of non-audit services by the external Auditor, so as to safeguard its independence and objectivity.

Shareholders are asked to approve the re-appointment, and the Directors' authority to fix the remuneration, of the Auditor at each AGM. Any non-audit work, other than interim reviews, requires the specific approval of the Audit Committee in each case. Non-audit work, where independence may be compromised or conflicts arise, is prohibited. There are no contractual obligations which restrict the Committee's choice of Auditor. The Committee has concluded that Deloitte is independent of the Company and recommended that a Resolution for the re-appointment of Deloitte as independent Auditor should be put to the 2017 AGM.

Activities of the Risk Committee

Under the recommendations of the AIFMD, the Company established a Risk Committee, which comprises all of the Directors. The responsibilities of the Committee are:

- to keep under review the adequacy and effectiveness of the Manager's internal financial controls and its internal control and risk management systems and procedures in the context of the Company's overall risk management system;
- to consider and approve the remit of the Manager's internal controls function and be satisfied that it has adequate resources and appropriate access to information to enable it to perform its role effectively and in accordance with the relevant professional standards;
- to identify, measure, manage and monitor the risks to the Company as recommended by the AIFMD, including but not limited to the investment portfolio, credit, counterparty, liquidity, market and operational risk;
- to review quarterly reports from the Manager's internal control function (or if the circumstances require it on an ad hoc basis);
- to review the arrangements for, and effectiveness of, the monitoring of risk parameters;
- to ensure appropriate, documented and regularly updated due diligence processes are implemented when appointing and reviewing service providers, including reviewing the main contracts entered into by the Company for such services;
- to ensure that the risk profile of the Company corresponds to the size, portfolio structure, investment strategies and objectives of the Company;
- to report to the Board on its conclusions and to make recommendations in respect of any matters within its remit including proposals for improvement in, or changes to, the systems, processes and procedures that are in place;
- to review and approve the statements to be included in the Annual Report concerning risk management;
- to review and monitor the Manager's responsiveness to the findings and recommendations of its internal control function;
- to meet with representatives of the Manager's internal control function, at least once each year, to discuss any issues arising; and
- to allow direct access to representatives of the Manager's internal control function.

The Committee will review the Terms of Reference at least once each year.

Internal Control and Risk Management

The Board of Directors of Maven Income and Growth VCT 4 PLC has overall responsibility for the Company's system of internal control and for reviewing its effectiveness, and has considered the requirement for an internal audit function as recommended by Code provision 3.6. However, as the Directors have delegated the investment management, company secretarial and administrative functions of the Company to the Manager, the Board considers that it is appropriate for the Company's internal controls to be monitored by the Manager, rather than by the Company itself.

The Directors have confirmed that there is an ongoing process for identifying, evaluating and managing the significant risks faced by the Company, which has been in place up to the date of approval of this Annual Report. The process is reviewed regularly by the Board and accords with internal control guidance issued by the FRC.

The Board has reviewed the effectiveness of the system of internal control and, in particular, it has reviewed the process for identifying and evaluating the significant risks affecting the Company and the policies and procedures by which these risks are managed. The Directors have delegated the management of the Company's assets to the Manager and this embraces implementation of the system of internal control, including financial, operational and compliance controls and risk management. Internal control systems are monitored and supported by the compliance function of the Manager, which undertakes periodic examination of business processes,

including compliance with the terms of the Management and Administration Deed, and ensures that recommendations to improve controls are implemented.

Risks are identified through the risk management framework by each function within the Manager's activities. Risk is considered in the context of the guidance issued by the FRC and includes financial, regulatory, market, operational and reputational risk. This helps the Manager's risk model to identify those functions most appropriate for review.

Any errors or weaknesses identified are reported to the Company and timetables are agreed for implementing improvements to systems. The implementation of any remedial action required is monitored and feedback provided to the Board.

The key components designed to provide effective internal control for the year under review and up to the date of this report are:

- the Manager prepares forecasts and management accounts which allow the Board to assess the Company's activities and review its investment performance;
- the Board and Manager have agreed clearly defined investment criteria, specified levels of authority and exposure limits. Reports on these issues, including performance statistics and investment valuations, are submitted regularly to the Board;
- the Manager's evaluation procedure and financial analysis of the companies concerned include detailed appraisal and due diligence;
- the compliance director of the Manager continually reviews the Manager's operations;
- written agreements are in place which specifically define the roles and responsibilities of the Manager and other third party service providers;
- clearly documented contractual arrangements exist in respect of any activities that have been delegated to external professional organisations;
- the Committee carries out a quarterly assessment of internal controls by considering reports from the Manager including its internal control and compliance functions, and taking account of events since the relevant period end; and
- the compliance function of the Manager reports annually to the Risk Committee and has direct access to the Directors at any time.

The internal control systems are intended to meet the Company's particular needs and the risks to which it is exposed. Accordingly, these systems are designed to manage, rather than eliminate, the risk of failure to achieve business goals and, by their nature, can provide reasonable, but not absolute, assurance against material misstatement or loss.

Assessment of Risks

In terms of the assessment of the key risks facing the Company, it is recognised that the investment portfolio forms a significant element of its assets. The recognition, ownership and valuation of the investment portfolio is therefore an area of particular attention by the Committee. Specifically, the risk is that investments are not recognised and measured in line with the Company's stated accounting policy on the valuation of investments as set out in Note 1(e) to the Financial Statements on pages 58 and 59. As revenue generated from dividend

income and loan stock interest is the major source of revenue and a significant item in the Income Statement, a key risk relates to the recognition of investment income. Specifically, the risk is that the Company does not recognise income in line with its stated policy on income recognition. The maintenance of VCT status is another key risk that the Company has to address and the approach to address each of these risks is set out below.

Valuation, Existence and Ownership of the Investment Portfolio

The Company uses the services of an independent custodian (JP Morgan Chase Bank) to hold the quoted investment assets of the Company. An annual internal control report is received from the Custodian, which provides details of the Custodian's control environment. The investment portfolio is reconciled regularly by the Manager and the reconciliation is also reviewed by the Independent Auditor. The portfolio is reviewed and verified by the Manager on a regular basis and management accounts, including a full portfolio listing, are prepared quarterly and considered at the quarterly meetings of the Board. The portfolio is also audited annually by the Independent Auditor.

The valuation of investments is undertaken in accordance with the Company's stated accounting policy as set out in Note 1(e) to the Financial Statements on pages 58 and 59. Unlisted investments are valued by the Manager and are subject to scrutiny and approval by the Directors. Investments listed on a recognised stock exchange are valued at their bid market price.

The Committee considered and challenged the assumptions and significant judgements in relation to the valuation of each quoted and unquoted investment and was satisfied that they were appropriate. The Committee also satisfied itself that there were no issues associated with the existence and ownership of the investments which required to be addressed.

Revenue Recognition

The recognition of dividend income and loan stock interest is undertaken in accordance with accounting policy in Note 1(b) to the Financial Statements on page 58. The management accounts are reviewed by the Board on a quarterly basis and discussion takes place with the Manager at the quarterly Board Meetings regarding the revenue generated from dividend income and loan stock. The Directors are satisfied that the levels of income recognised are in line with revenue estimates. The Committee concluded that there were no issues associated with revenue recognition which required to be addressed.

Maintenance of VCT Status

Compliance with the VCT regulations is monitored continually by the Manager and is reviewed by the Committee on a quarterly basis. The Committee concluded that there were no issues associated with the maintenance of VCT status which required to be addressed.

The principal risks and uncertainties faced by the Company and the Board's strategy for managing these risks are covered in the Business Report on pages 13 and 14.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MAVEN INCOME AND GROWTH VCT 4 PLC

Opinion on Financial Statements of Maven Income and Growth VCT 4 PLC

In our opinion the Financial Statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2016 and of its return for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

The Financial Statements comprise the Income Statement, Statement of Changes in Equity, Balance Sheet, Cash Flow Statement, and the related Notes 1 to 16. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Summary of our audit approach

Key risks	The key risks that we identified in the current year were: • Valuation of unlisted investments • Existence of listed and unlisted investments • Compliance with VCT regulations
Materiality	The materiality that we used in the current year was £650,100 which was determined on the basis of 2% of the net asset value of the Company at year end.
Scoping	We continue to design our audit by determining materiality and assessing risks of material misstatement in the Financial Statements
Significant changes in our approach	Due to recent changes in VCT regulations, we have included a key risk regarding compliance with VCT regulations in the current year. Other than the addition of this key risk, we have not identified any significant changes in the business and environment from the prior year that have resulted in a significant change in our approach.

Going concern and the Directors' assessment of the principal risks that would threaten the solvency or liquidity of the company

As required by the Listing Rules we have reviewed the Directors' statement regarding the appropriateness of the going concern basis of accounting and the Directors' statement on the longer-term viability of the Company contained within the Director's Report on pages 33 and 34 of this Annual Report.

We are required to state whether we have anything material to add or draw attention to in relation to:

- the Directors' confirmation on page 33 that they have carried out a robust assessment of the principal risks facing the Company, including those that would threaten its business model, future performance, solvency or liquidity;
- the disclosures on pages 47 and 48 that describe those risks and explain how they are being managed or mitigated;
- the Directors' statement on page 33 of this Annual Report about whether they considered it appropriate to adopt the going concern basis of accounting in preparing them and their identification of any material uncertainties to the Company's ability to continue to do so over a period of at least twelve months from the date of approval of the Financial Statements; and
- the Directors' explanation on pages 33 and 34 as to how they have assessed the prospects of the Company, over what period they have done so and why they consider that period to be appropriate, and their statement as to whether they have a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the period of their assessment, including any related disclosures drawing attention to any necessary qualifications or assumptions.

We confirm that we have nothing material to add or draw attention to in respect of these matters.

We agreed with the Directors' adoption of the going concern basis of accounting and we did not identify any such material uncertainties. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

Independence

We are required to comply with the FRC's Ethical Standards for Auditors and confirm that we are independent of the Company and that we have fulfilled our other ethical responsibilities in accordance with those standards. We confirm that we are independent of the Company and we have fulfilled our other ethical responsibilities. We also confirm we have not provided any of the prohibited non-audit services referred to in those standards.

Our assessment of risks of material misstatement

The assessed risks of material misstatement described below are those that had the greatest effect on our audit strategy, the allocation of resources in the audit and directing the efforts of the engagement team.

Within this report, new risks are identified with  and risks which are the same as the prior year are identified with .

The risk on revenue recognition has been excluded from the current year report following our risk assessment procedures as it no longer had the greatest effect on our audit strategy.

Valuation of unlisted investments

Risk description 	Refer to Note 1(e) of Accounting Policies on pages 58 and 59, and Note 8 of the Notes to the Financial Statements on page 63. The Company holds unlisted investments that are valued in accordance with the revised International Private Equity and Venture Capital Valuation (IPEVCV) Guidelines. These unlisted investments represent £26.2m or 81% (2015: £26.9m or 79%) of the entity's total net assets. The valuation of the unlisted investments held by the Company is considered a significant risk since judgement is required in order to determine the fair value – for example, judgement is required to ascertain the level of maintainable earnings for any given company as well as the multiplier to be applied to investments in different sectors. Under the new VCT regulations, investments are more likely to be in earlier stage companies, with a lack of financial performance history. These valuations are, therefore, exposed to a greater degree of judgement. Due to the prevailing economic conditions in the oil and gas sector, investments with activities in this market have been subject to an increased focus and assessment.
How the scope of our audit responded to the risk	Our testing included: • assessment of the design and implementation of key controls relating to valuation of unlisted investments; • assessment of the valuation methodology applied for compliance with the IPEVCV Guidelines and review of the assumptions adopted for each unquoted investment; • agreement of the carrying value of the cash acquisition vehicles to supporting bank statements; and • review of a sample of unquoted investee company data (e.g. financial information and capital structures) to supporting documentation.
Key observations	Based on our testing and enquiries with management, we conclude that key controls around the valuation of unlisted investments were adequately designed and implemented. We conclude that the unquoted investments sit within a reasonable range of valuations.

Existence of listed and unlisted investments

Risk description 	Refer to Note 1(e) of Accounting Policies on pages 58 and 59, and Note 8 of the Notes to the Financial Statements on page 63. The Company holds both listed and unlisted investments. These investments represent £28.1m or 86% (2015: £33.1m or 98%) of the entity's total net assets. The ownership of the listed and unlisted investments held by the Company is considered a significant risk since if investments are not recorded in line with the holdings per the loan note certificates or custodian confirmation, this could result in a misstatement of the assets held.
How the scope of our audit responded to the risk	Our testing included: • assessment of the design and implementation of key controls relating to existence of listed and unlisted investments; • obtaining share certificates for unlisted shares and loan notes held by the Manager and reconciling these to the portfolio listing; • agreeing quoted investment ownership to reports from the underlying custodian; and • confirming that the Manager has processes and controls in place to monitor compliance during the year. In addition to the above, we also tested a sample of purchase and sales of investments during the year, which supports our work performed on this significant risk.
Key observations	Based on our testing, we conclude that key controls around the existence of listed and unlisted investments were adequately designed and implemented. We conclude that the Company has appropriate title of the investments reported in the Financial Statements.

Compliance with VCT regulations

Risk description 	Refer to the assessment of the VCT Qualifying Status Risk in the Governance Report on page 48. The Company must comply with Section 274 of the Income Tax Act 2007 to maintain VCT status. Failure to comply would result in the Company losing its corporation tax exemption on chargeable gains, with investors' gains also no longer being exempt from income tax. With the introduction of changes by the Finance Act (No.2) 2015 in November 2015, ensuring compliance with VCT rule changes has become increasingly complex to administer, with close monitoring required of the use of monies and monitoring of qualifying or non-qualifying investments.
How the scope of our audit responded to the risk	Our testing included: - assessment of the design and implementation of key controls relating to monitoring compliance with VCT regulations, including new controls and processes in place over the pre-trade identification of qualifying investments and the ongoing review of VCT Section 274 compliance; - reviewing the year-end compliance statement to confirm whether the Company satisfies the Income Tax Act 2007 Section 274 criteria at the year end and for all other quarter-ends in the year and for consistency with the investment holdings of the Company; and - reviewing whether each of the criteria that must be met to retain VCT status have been complied with through re-performance of the relevant calculations and review of the qualifying investment listings.
Key observations	Based on our testing and enquiries with management, we conclude that controls in place to monitor the compliance with VCT regulations were adequately designed and implemented. We noted no issues to report on the Company's compliance with the VCT regulations.

These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Our application of materiality

We define materiality as the magnitude of misstatement in the Financial Statements that makes it probable that the economic decisions of a reasonably knowledgeable person would be changed or influenced. We use materiality both in planning the scope of our audit work and in evaluating the results of our work.

Based on our professional judgement, we determined materiality for the Financial Statements as a whole as follows:

Materiality	£650,100 (2015: £667,000)
Basis for determining materiality	2% (2015: 2%) of net asset value.
Rationale for the benchmark applied	Net asset value is the primary measure used by the Shareholders in assessing the performance of the Company, and this is a generally accepted auditing benchmark used for companies in this industry.

We agreed with the Audit Committee that we would report to the Committee all audit differences in excess of £13,000 (2015: £13,300), as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds. We also report to the Audit Committee on disclosure matters that we identified when assessing the overall presentation of the Financial Statements.

An overview of the scope of our audit

Our audit was scoped by obtaining an understanding of the entity and its environment, including internal control, and assessing the risks of material misstatement. Audit work to respond to the risks of material misstatement was performed directly by the audit engagement team.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the part of the Directors' Remuneration Report to be audited has been properly prepared in accordance with the Companies Act 2006;
- the information given in the Strategic Report and the Directors' Report for the financial year for which the Financial Statements are prepared is consistent with the Financial Statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Strategic Report and the Directors' Report.

Matters on which we are required to report by exception

Adequacy of explanations received and accounting records Under the Companies Act 2006 we are required to report to you if, in our opinion: • we have not received all the information and explanations we require for our audit; or • adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or • the Financial Statements are not in agreement with the accounting records and returns.	We have nothing to report in respect of these matters.
Directors' remuneration Under the Companies Act 2006 we are also required to report if in our opinion certain disclosures of Directors' remuneration have not been made or the part of the Directors' Remuneration Report to be audited is not in agreement with the accounting records and returns.	We have nothing to report arising from these matters.
Corporate Governance Statement Under the Listing Rules we are also required to review part of the Corporate Governance Statement relating to the Company's compliance with certain provisions of the UK Corporate Governance Code.	We have nothing to report arising from our review.
Our duty to read other information in the Annual Report Under International Standards on Auditing (UK and Ireland), we are required to report to you if, in our opinion, information in the Annual Report is: • materially inconsistent with the information in the audited Financial Statements; or • apparently materially incorrect based on, or materially inconsistent with, our knowledge of the Company acquired in the course of performing our audit; or • otherwise misleading. In particular, we are required to consider whether we have identified any inconsistencies between our knowledge acquired during the audit and the Directors' statement that they consider the Annual Report is fair, balanced and understandable and whether the Annual Report appropriately discloses those matters that we communicated to the Audit Committee which we consider should have been disclosed.	We confirm that we have not identified any such inconsistencies or misleading statements.

Respective responsibilities of Directors and Auditor

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the Financial Statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the Financial Statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). We also comply with International Standard on Quality Control 1 (UK and Ireland). Our audit methodology and tools aim to ensure that our quality control procedures are effective, understood and applied. Our quality controls and systems include our dedicated professional standards review team and independent partner reviews.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Scope of the audit of the Financial Statements

An audit involves obtaining evidence about the amounts and disclosures in the Financial Statements sufficient to give reasonable assurance that the Financial Statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Directors; and the overall presentation of the Financial Statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited Financial Statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

FINANCIAL STATEMENTS

Income Statement	55
Statement of Changes in Equity	55
Balance Sheet	56
Cash Flow Statement	57
Notes to the Financial Statements	58

INCOME STATEMENT

For the Year Ended 31 December 2016

	Notes	Year ended 31 December 2016			Year ended 31 December 2015		
		Revenue £'000	Capital £'000	Total £'000	Revenue £'000	Capital £'000	Total £'000
Gains on investments	8	-	1,424	1,424	-	2,866	2,866
Income from investments	2	1,057	-	1,057	1,709	-	1,709
Other income	2	4	-	4	1	-	1
Investment management fees	3	(215)	(862)	(1,077)	(275)	(1,097)	(1,372)
Other expenses	4	(400)	-	(400)	(200)	-	(200)
Net Return on ordinary activities before taxation		446	562	1,008	1,235	1,769	3,004
Tax on ordinary activities	5	(85)	85	-	(219)	219	-
Return attributable to Equity Shareholders		361	647	1,008	1,016	1,988	3,004
Earnings per share (pence)		1.09	1.95	3.04	3.03	5.94	8.97

All gains and losses are recognised in the Income Statement.

All items in the above statement are derived from continuing operations. The Company has only one class of business and one reportable segment, the results of which are set out in the Income Statement and Balance Sheet. The Company derives its income from investments made in shares, securities and bank deposits.

There are no potentially dilutive capital instruments in issue and therefore no diluted returns per share figures are relevant. The basic and diluted earnings per share are therefore identical.

The total column of this Statement is the Profit and Loss Account of the Company.

STATEMENT OF CHANGES IN EQUITY

Net increase/(decrease) in cash		3,632	(803)
Cash at beginning of year		762	1,565
Cash at end of year		4,394	762

The accompanying Notes are an integral part of the Financial Statements.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 31 December 2016

1. Accounting Policies

(a) Basis of preparation

The Financial Statements have been prepared under FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland and in accordance with the Statement of Recommended Practice for Investment Trust Companies and Venture Capital Trusts (the SORP) issued by the AIC in November 2014.

(b) Income

Dividends receivable on equity shares and unit trusts are treated as revenue for the period on an ex-dividend basis. Where no ex-dividend date is available dividends receivable on or before the year end are treated as revenue for the period. Provision is made for any dividends not expected to be received. The fixed returns on debt securities and non-equity shares are recognised on a time apportionment basis so as to reflect the effective interest rate on the debt securities and shares. Provision is made for any income not expected to be received. Interest receivable from cash and short term deposits and interest payable are accrued to the end of the year.

(c) Expenses

All expenses are accounted for on an accruals basis and charged to the Income Statement. Expenses are charged through the revenue account except as follows:

- expenses which are incidental to the acquisition and disposal of an investment are charged to capital;
- expenses are charged to realised capital reserves where a connection with the maintenance or enhancement of the value of the investments can be demonstrated. In this respect the investment management fee has been allocated 20% to revenue and 80% to realised capital reserves to reflect the Company's investment policy and prospective income and capital growth; and
- share issue and merger costs are charged to the share premium account.

d) Taxation

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or right to pay less tax in the future have occurred at the balance sheet date. This is subject to deferred tax assets only being recognised if it is considered more likely than not that there will be suitable profits from which the future reversal of the underlying timing differences can be deducted. Timing differences are differences arising between the Company's taxable profits and its results as stated in the Financial Statements which are capable of reversal in one or more subsequent periods.

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

The tax effect of different items of income/gain and expenditure/loss is allocated between capital reserves and revenue account on the same basis as the particular item to which it relates using the Company's effective rate of tax for the period.

UK corporation tax is provided at amounts expected to be paid/recovered using the tax rates and laws that have been enacted or substantively enacted at the balance sheet date.

(e) Investments

In valuing unlisted investments, the Directors follow the criteria set out below. These procedures comply with the revised International Private Equity and Venture Capital Valuation Guidelines for the valuation of private equity and venture capital investments. Investments are recognised at their trade date and are designated by the Directors as fair value through profit or loss. At subsequent reporting dates, investments are valued at fair value, which represent the Directors' view of the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction. This does not assume that the underlying business is saleable at the reporting date or that its current shareholders have an intention to sell their holding in the near future.

A financial asset or liability is generally derecognised when the contract that gives rise to it is settled, sold, cancelled or expires.

1. For investments completed prior to the reporting date and those at an early stage in their development, fair value is determined using the Price of Recent Investment Method, except that adjustments are made when there has been a material change in the trading circumstances of the company or a substantial movement in the relevant sector of the stock market.
2. Whenever practical, recent investments will be valued by reference to a material arm's length transaction or a quoted price.
3. Mature companies are valued by applying a multiple to their prospective earnings to determine the enterprise value of the company.
 - 3.1 To obtain a valuation of the total ordinary share capital held by management and the institutional investors, the value of third party debt, institutional loan stock, debentures and preference share capital is deducted from the enterprise value. The effect of any performance related mechanisms is taken into account when determining the value of the ordinary share capital.
 - 3.2 Preference shares, debentures and loan stock are valued using the Price of Recent Investment Method. When a redemption premium has accrued, this will only be valued if there is a reasonable prospect of it being paid. Preference shares which carry a right to convert into ordinary share capital are valued at the higher of the Price of Recent Investment Method basis and the price/earnings basis, both described above.
4. In the absence of evidence of a deterioration, or strong defensible evidence of an increase in value, the fair value is determined to be that reported at the previous balance sheet date.
5. All unlisted investments are valued individually by the portfolio management team of Maven Capital Partners UK LLP. The resultant valuations are subject to detailed scrutiny and approval by the Directors of the Company.
6. In accordance with normal market practice, investments listed on the Alternative Investment Market or a recognised stock exchange are valued at their bid market price.

(f) Fair value measurement

Fair value is defined as the price that the Company would receive upon selling an investment in a timely transaction to an independent buyer in the principal or the most advantageous market of the investment. A three-tier hierarchy has been established to maximise the use of observable market data and minimise the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk, for example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable.

Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity.

Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on best information available in the circumstances.

The three-tier hierarchy of inputs is summarised in the three broad levels listed below.

- Level 1 - the unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 - inputs other than quoted prices included within Level 1 that are observable (ie developed using market data) for the asset or liability, either directly or indirectly.
- Level 3 - inputs are unobservable (ie for which market data is unavailable) for the asset or liability.

(g) Gains and losses on investments

When the Company sells or revalues its investments during the year, any gains or losses arising are credited/ charged to the Income Statement.

(h) Significant judgements and estimates

Disclosure is required of judgements and estimates made by the Board and the Manager in applying the accounting policies that have a significant effect on the Financial Statements. The area involving the highest degree of judgement and estimates is the valuation of unlisted investments recognised in Note 8 and explained in Note 1 (e) above.

2. Income	Year ended 31 December 2016 £'000	Year ended 31 December 2015 £'000
Income from investments:		
UK franked investment income	13	121
UK unfranked investment income	1,044	1,588
	1,057	1,709
Other Income:		
Deposit interest	4	1
Total income	1,061	1,710

3. Investment management fees	Year ended 31 December 2016			Year ended 31 December 2015		
	Revenue £'000	Capital £'000	Total £'000	Revenue £'000	Capital £'000	Total £'000
Investment management fees	165	660	825	162	649	811
Performance fees	50	202	252	151	600	751
VAT reclaim on performance fees	-	-	-	(38)	(152)	(190)
	215	862	1,077	275	1,097	1,372

Details of the fee basis are contained in the Directors' Report on page 35.

4. Other expenses	Year ended 31 December 2016			Year ended 31 December 2015		
	Revenue £'000	Capital £'000	Total £'000	Revenue £'000	Capital £'000	Total £'000
Secretarial fees	78	-	78	78	-	78
VAT reclaim on secretarial fees	-	-	-	(85)	-	(85)
Directors' remuneration	62	-	62	61	-	61
Fees to Auditor - audit services	18	-	18	18	-	18
Fees to Auditor - tax compliance services	5	-	5	5	-	5
Bad debts written off	118	-	118	-	-	-
Miscellaneous expenses	119	-	119	123	-	123
	400	-	400	200	-	200

5. Tax on ordinary activities	Year ended 31 December 2016			Year ended 31 December 2015		
	Revenue	Capital	Total	Revenue	Capital	Total
	£'000	£'000	£'000	£'000	£'000	£'000
Corporation tax	(85)	85	-	(219)	219	-

The tax assessed for the period is at the rate of 20% (2015: 20%).

	Year ended 31 December 2016			Year ended 31 December 2015		
	Revenue	Capital	Total	Revenue	Capital	Total
	£'000	£'000	£'000	£'000	£'000	£'000
Return on ordinary activities before tax	446	562	1,008	1,235	1,769	3,004
Revenue return on ordinary activities multiplied by standard rate of corporation tax	88	113	201	247	354	601
Non taxable UK dividend income	(3)	-	(3)	(24)	-	(24)
Gains on investments	-	(285)	(285)	-	(573)	(573)
Utilisation of taxable losses	-	-	-	(4)	-	(4)
Increase in excess management expenses	-	87	87	-	-	-
	85	(85)	-	219	(219)	-

Losses with a tax value of £177,793 (2015: £98,845) are available to carry forward against future trading profits. These have not been recognised as a deferred tax asset as recoverability is not sufficiently certain.

6. Dividends	Year ended 31 December 2016 £'000	Year ended 31 December 2015 £'000
Revenue dividends		
Final revenue dividend for the year ended 31 December 2015 of 1.50p (2014: 0.70p) paid on 6 May 2016	500	237
Interim revenue dividend for the year ended 31 December 2016 of 0.60p (2015: 1.0p) paid on 30 September 2016	200	337
	700	574
Capital dividends		
Final capital dividend for the year ended 31 December 2015 of 1.55p (2014: 2.20p) paid on 6 May 2016	516	745
Interim capital dividend for the year ended 31 December 2016 of 1.60p (2015: 1.20p) paid on 30 September 2016	532	404
	1,048	1,149
Dividends		
We set out below the final dividends proposed in respect of the financial year, which reflect the requirements of Section 274 of the Income Tax Act 2007.		
Revenue available for distribution by way of dividends for the year	361	1,016
Revenue dividends		
Final revenue dividend proposed for the year ended 31 December 2016 of 0.20p (2015: 1.50p) payable on 26 May 2017	66	503
	66	503
Capital dividends		
Final capital dividend proposed for the year ended 31 December 2016 of 2.85p (2015: 1.55p) payable on 26 May 2017	938	520
	938	520

7. Return per Ordinary Share	Year ended 31 December 2016	Year ended 31 December 2015
The returns per share have been based on the following figures:		
Weighted average number of Ordinary Shares	33,260,669	33,489,492
Revenue return	£361,000	£1,016,000
Capital return	£647,000	£1,988,000
Total return	£1,008,000	£3,004,000

8. Investments	Year ended 31 December 2016			
	Listed (quoted prices) £'000	AIM/ISDX (quoted prices) £'000	Unlisted/listed (unobservable inputs) £'000	Total £'000
Valuation at 31 December 2015	5,515	738	26,868	33,121
Unrealised (gain)/loss	(26)	177	(1,552)	(1,401)
Cost at 31 December 2015	5,489	915	25,316	31,720
Movements during the year:				
Purchases	4,129	-	2,312	6,441
Sales proceeds	(8,605)	(21)	(4,252)	(12,878)
Realised gain	23	7	921	951
Cost at 31 December 2016	1,036	901	24,297	26,234
Unrealised gain/(loss)	49	(126)	1,951	1,874
Valuation at 31 December 2016	1,085	775	26,248	28,108

Note 1(f) defines the three tier hierarchy of investments, and the significance of the information used to determine their fair value, that is required by Financial Reporting Standard 102 Section 11 "Basic Financial Instruments". Listed and AIM/ISDX securities are categorised as Level 1 and unlisted investments as Level 3.

FRS 102 requires disclosure, by class of financial instrument, if the effect of changing one or more inputs to reasonably possible alternative assumptions would result in a significant change to the fair value measurement. The information used in determination of the fair value of Level 3 to the specific underlying investments is chosen with reference to the circumstances and position of each investee company.

The Directors are of the view that there are no reasonably possible alternative assumptions that will have a significant effect on the valuation of the unlisted portfolio.

	31 December 2016 £'000	31 December 2015 £'000
The portfolio valuation		
Held at market valuation:		
UK treasury bills	-	5,492
Investment trusts	1,066	-
Listed investments	19	23
AIM quoted equities	775	738
	1,860	6,253
Unlisted at Directors' valuation:		
Unquoted unobservable equities	10,547	9,762
Unquoted unobservable fixed income	15,701	17,106
	26,248	26,868
Total	28,108	33,121
Realised gains on historical basis	951	2,348
Net movement in unrealised appreciation	473	518
Gains on investments	1,424	2,866

9. Participating interests

The principal activity of the Company is to select and hold a portfolio of investments in unlisted, listed and AIM securities. Although the Company will, in some cases, be represented on the board of the investee company, it will not take a controlling interest or become involved in its management. The size and structure of the companies with unlisted and AIM securities may result in certain holdings in the portfolio representing a participating interest without there being any partnership, joint venture or management consortium agreement.

At 31 December 2016, the Company held no shares amounting to 20% or more of the equity capital of any of the unlisted or quoted undertakings. The Company does hold shares or units amounting to more than 3% or more of the nominal value of the allotted shares or units of any class in certain investee companies.

Details of equity percentages held are shown in the Investment Portfolio Summary on pages 30 and 31.

10. Debtors	31 December 2016 £'000	31 December 2015 £'000
Prepayments and accrued income	347	399
Other debtors	-	19
	347	418

11. Creditors	31 December 2016 £'000	31 December 2015 £'000
Accruals	281	425
	281	425

12. Share capital	31 December 2016 Number £'000	31 December 2015 Number £'000
At 31 December the authorised share capital comprised: <i>allotted, issued and fully paid:</i>		
Ordinary Shares of 10p each		
Balance brought forward	33,535,502 3,354	32,049,188 3,205
Ordinary shares issued during year	- -	2,100,314 210
Repurchased and cancelled in year	(638,000) (64)	(614,000) (61)
	32,897,502 3,290	33,535,502 3,354

During the year 638,000 Ordinary Shares (2015: 614,000) of 10p each were repurchased by the Company at a cost of £568,000 (2015: £525,000) and cancelled.

During the year the Company issued no Ordinary Shares (2015: 2,074,336 at prices ranging from 95.5p to 98.2p per share under an Offer for Subscription and 25,978 at a price of 94.41p per share under a DIS election).

13. Reserves

Share premium account

The share premium account represents the premium above nominal value received by the Company on issuing shares net of issue costs.

Capital reserves

Gains or losses on investments realised in the year that have been recognised in the Income Statement are transferred to the capital reserve realised account on disposal. Furthermore, any prior unrealised gains or losses on such investments are transferred from the capital reserve unrealised account to the capital reserve realised account on disposal. Increases and decreases in the fair value of investments are recognised in the Income Statement and are then transferred to the capital reserve unrealised account. The capital reserve realised account also represents capital dividends, capital investment management fees and the tax effect of capital items.

Special distributable reserve

The total cost to the Company of the repurchase and cancellation of shares is represented in the special distributable reserve account.

Capital redemption reserve

The nominal value of shares repurchased and cancelled is represented in the capital redemption reserve.

Revenue reserve

The revenue reserve represents accumulated profits retained by the Company that have not been distributed to Shareholders as a dividend.

14. Net asset value per Ordinary Share

The net asset value per share and the net asset value attributable to the Ordinary Shares at the year end, calculated in accordance with the Articles of Association, were as follows:

	31 December 2016		31 December 2015	
	Net asset value per share p	Net asset value attributable £'000	Net asset value per share p	Net asset value attributable £'000
Ordinary Shares	99.00	32,568	101.01	33,876

The number of issued shares used in the above calculation is set out in Note 12.

15. Reconciliation of net return to cash generated by operations	Year ended 31 December 2016 £'000	Year ended 31 December 2015 £'000
Net return	1,008	3,004
Adjustment for:		
Gains on Investments	(1,424)	(2,866)
Income from Investments	(1,057)	(1,709)
Other income	(4)	(1)
Operating cash flow before movement in working capital	(1,477)	(1,572)
Decrease in prepayments	3	5
(Decrease)/increase in accruals	(144)	191
Cash utilised by operations	(1,618)	(1,376)

16. Derivatives and other financial instruments

The Company's financial instruments comprise equity and fixed interest investments, cash balances and debtors and creditors that arise directly from its operations, for example, in respect of sales and purchases awaiting settlement, and debtors for accrued income. The Company holds financial assets in accordance with its investment policy of investing mainly in a portfolio of VCT qualifying unquoted and AIM quoted securities.

The Company may not enter into derivative transactions in the form of forward foreign currency contracts, futures and options without the written permission of the Directors. No derivative transactions were entered into during the period.

The main risks the Company faces from its financial instruments are: (i) market price risk, being the risk that the value of investment holdings will fluctuate as a result of changes in market prices caused by factors other than interest rates; (ii) interest rate risk; (iii) liquidity risk; (iv) credit risk; and (v) price risk sensitivity.

In line with the Company's investment objective, the portfolio comprises mainly Sterling currency securities and, therefore, foreign currency risk is minimal.

The Manager's policies for managing these risks are summarised below and have been applied throughout the period. The numerical disclosures below exclude short-term debtors and creditors which are included in the Balance Sheet at fair value.

(i) Market price risk

The Company's investment portfolio is exposed to market price fluctuations, which are monitored by the Manager in pursuance of the investment objective as set out on page 13. Adherence to investment guidelines and to investment and borrowing powers set out in the Investment Management Agreement mitigates the risk of excessive exposure to any particular type of security or issuer. These powers and guidelines include the requirement to invest in a number of companies across a range of industrial and service sectors at varying stages of development, to closely monitor the progress of the investee companies and to appoint a non-executive director to the board of each company. Further information on the investment portfolio (including sector analysis, concentration and deal type analysis) is set out in the Analysis of Unlisted and Quoted Portfolio, the Investment Manager's Review, the Summary of Investment Changes, the Investment Portfolio Summary and the Largest Investments by Valuation.

(ii) Interest rate risk

The interest rate risk profile of financial assets at the balance sheet date was as follows:

	Fixed interest £'000	Floating rate £'000	Non interest bearing £'000
At 31 December 2016			
Sterling			
Unlisted and AIM/ISDX	15,701	-	11,341
Investment trusts	-	-	1,066
Cash	-	4,394	-
	15,701	4,394	12,407

	Fixed interest £'000	Floating rate £'000	Non interest bearing £'000
At 31 December 2015			
Sterling			
Unlisted and AIM/ISDX	17,106	-	10,523
UK treasury bills	-	-	5,492
Cash	-	762	-
	17,106	762	16,015

The unlisted fixed interest assets have a weighted average life of 1.90 years (2015: 2.50 years) and a weighted average interest rate of 8.10% (2015: 8.19%). The floating rate assets consist of cash. These assets are earning interest at prevailing money market rates.

The non-interest bearing assets represent the equity element of the portfolio. All assets and liabilities of the Company are included in the Balance Sheet at fair value.

16. Derivatives and other financial instruments (continued)**Maturity profile**

The maturity profile of the Company's financial assets at the balance sheet date was as follows:

	Within 1 year £'000	Within 1-2 years £'000	Within 2-3 years £'000	Within 3-4 years £'000	Within 4-5 years £'000	More than 5 years £'000	Total £'000
At 31 December 2016							
Unlisted	6,396	4,879	706	3,381	339	-	15,701
	6,396	4,879	706	3,381	339	-	15,701

	Within 1 year £'000	Within 1-2 years £'000	Within 2-3 years £'000	Within 3-4 years £'000	Within 4-5 years £'000	More than 5 years £'000	Total £'000
At 31 December 2015							
UK treasury bills	5,492	-	-	-	-	-	5,492
Unlisted	4,617	4,238	3,395	883	3,973	-	17,106
	10,109	4,238	3,395	883	3,973	-	22,598

(iii) Liquidity risk

Due to their nature, unlisted investments may not be readily realisable and therefore a portfolio of listed assets and cash is held to offset this liquidity risk. Note 8 details the three-tier hierarchy of inputs used as at 31 December 2016 in valuing the Company's investments carried at fair value.

The Company, generally, does not hold significant cash balances and any cash held is with reputable banks with high quality external credit ratings.

(iv) Credit risk

This is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Company.

The Company's financial assets exposed to credit risk amounted to the following:

	31 December 2016 £'000	31 December 2015 £'000
Investments in unlisted debt securities	15,701	17,106
UK treasury bills	-	5,492
Investment trusts	1,066	-
Cash	4,394	762
	21,161	23,360

All assets which are traded on a recognised exchange, are held by JP Morgan Chase (JPM), the Company's custodian. Cash balances are held by JPM and Clydesdale. Should the credit quality or the financial position of any of these institutions deteriorate significantly the Manager will move these assets to another financial institution.

16. Derivatives and other financial instruments (continued)**(iv) Credit risk (continued)**

The Manager evaluates credit risk on unlisted debt securities and financial commitments and guarantees prior to investment, and as part of the ongoing monitoring of investments. In doing this, it takes into account the extent and quality of any security held.

Typically, unlisted debt securities have a fixed charge over the assets of the investee company in order to mitigate the gross credit risk. The Manager receives management accounts from investee companies, and members of the investment management team sit on the boards of investee companies; this enables the close identification, monitoring and management of investment specific credit risk.

There were no significant concentrations of credit risk to counterparties at 31 December 2016 or 31 December 2015.

(v) Price risk sensitivity

The following details the Company's sensitivity to a 10% increase or decrease in the market prices of listed or AIM/ISDX quoted securities, with 10% being the Manager's assessment of a reasonable possible change in market prices.

At 31 December 2016, if market prices of AIM/ISDX quoted securities had been 10% higher or lower and with all other variables held constant, the increase or decrease in net assets attributable to Ordinary Shareholders for the year would have been £79,400 (2015: £76,100) due to the change in valuation of financial assets at fair value through profit or loss.

At 31 December 2016, 80.6% (2015: 79.3%) comprised investments in unquoted companies held at fair value attributable to Ordinary Shareholders. The valuation of unquoted investments reflects a number of factors, including the performance of the investee company itself and the wider market. Therefore, it is not considered meaningful to provide a sensitivity analysis on the net asset position and total return for the year.

Explanatory Notes to the Notice of Annual General Meeting	75
Your Notes	76

NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the Annual General Meeting of Maven Income and Growth VCT 4 PLC (the Company: Registered in Scotland with registered number SC272568) will be held at 1-2 Royal Exchange Buildings, London EC3V 3LF at 10.30 am on Wednesday 17 May 2017 for the purposes of considering and, if thought fit, passing the following Resolutions:

Ordinary Resolutions

1. To receive the Directors' Report and the audited Financial Statements for the year ended 31 December 2016.
2. To approve the Directors' Remuneration Report for the year ended 31 December 2016.
3. To approve the Directors' Remuneration Policy for the three-year period ending 31 December 2019.
4. To approve the payment of a final dividend for the year ended 31 December 2016 of 3.05p per Ordinary Share.
5. To re-elect Ian Cormack as a Director.
6. To re-elect Malcolm Graham-Wood as a Director.
7. To re-elect Steven Scott as a Director.
8. To re-elect Bill Nixon as a Director.
9. To re-appoint Deloitte LLP as Auditor to the Company.
10. To authorise the Directors to fix the remuneration of the Auditor.
11. THAT the Directors be and are hereby generally and unconditionally authorised under Section 551 of the Companies Act 2006 (the Act) to exercise all the powers of the Company to allot shares in the Company, or grant rights to subscribe for or convert any security into shares in the Company, up to an aggregate nominal amount of £327,675 (representing 10% of the total Ordinary Share capital in issue on 31 March 2017) provided that this authority shall expire at the conclusion of the next Annual General Meeting of the Company or, if earlier, on the expiry of 15 months after the passing of this Resolution, and so that the Company may before such expiry, make an offer or agreement which would or might require relevant securities to be allotted after such expiry and the Directors may allot relevant securities in pursuance of such offer or agreement as if the authority conferred had not expired.

Special Resolutions

12. THAT, subject to the passing of Resolution 11, the Directors be and are hereby empowered, under Section 571 of the Act, to allot equity securities (as defined in Section 560 of the Act) under the authority conferred by Resolution 11 for cash as if Section 561(1) of the Act did not apply to the allotment, provided that this power shall be limited to allotment:
 - (a) of equity securities in connection with an offer of such securities by way of rights to holders of Ordinary Shares in proportion (as nearly as practicable) to their respective holdings of such shares but subject to such exclusions or other arrangements as the Directors may deem necessary or expedient in relation to fractional entitlements or any legal or practical problems under the laws of any territory, or the requirements of any regulatory body or stock exchange; and
 - (b) (other than under paragraph (a) above) of equity securities up to an aggregate nominal amount not exceeding £327,675, representing 10% of the issued share capital as at 31 March 2017, in respect of the Ordinary Shares and shall expire at the conclusion of the next Annual General Meeting of the Company held after the passing of this resolution or, if earlier, on the expiry of 15 months from the passing of the Resolution, and so that the Company may, before such expiry, make an offer or agreement which would or might require equity securities to be allotted after such expiry and the Directors may allot equity securities in pursuance of such offer or agreement as if the power conferred hereby had not expired.

13. THAT the Company be and is hereby generally and, subject as here and hereinafter appears, unconditionally authorised in accordance with Section 701 of the Act to make market purchases (within the meaning of Section 693(4) of the Act) of fully paid Ordinary Shares of 10p each in the capital of the Company provided always that:
- (a) the maximum number of Ordinary Shares hereby authorised to be purchased is 4,911,848 Ordinary Shares representing approximately 14.99% of the Company's issued share capital as at 31 March 2017;
 - (b) the minimum price that may be paid for an Ordinary Share shall be 10p per share;
 - (c) the maximum price exclusive of expenses, that may be paid for an Ordinary Share shall be not more than an amount equal to the higher of:
 - (i) an amount equal to 105% of the average of the closing middle market price for the Ordinary Share as derived from the London Stock Exchange's Daily Official List for the five business days immediately preceding the date on which the Ordinary Shares are purchased; and
 - (ii) the price stipulated by Article 5(1) of Commission Regulation (EC) No. 273/2003 (the Buy-back and Stabilisation Regulation); and
 - (d) unless previously renewed, varied or revoked, the authority hereby conferred shall expire at the conclusion of the next Annual General Meeting of the Company or, if earlier, on the expiry of 15 months from the passing of this Resolution, save that the Company may before such expiry enter into a contract to purchase Ordinary Shares which will or may be completed wholly or partly after such expiry.
14. That a general meeting other than an annual general meeting may be called on not less than 14 days' clear notice.

By order of the Board
Maven Capital Partners UK LLP
Secretary
Kintyre House
205 West George Street
Glasgow G2 2LW
7 April 2017

NOTES:

Entitlement to Attend and Vote

- 1) To be entitled to attend and vote at the Meeting (and for the purposes of the determination by the Company of the votes that may be cast in accordance with Regulation 41 of the Uncertified Securities Regulations 2001), only those members registered in the Company's register of members at 10.30 am on 15 May 2017 (or, if the Meeting is adjourned, close of business on the date which is two business days before the adjourned Meeting) shall be entitled to attend and vote at the Meeting. Changes to the register of members of the Company after the relevant deadline shall be disregarded in determining the rights of any person to attend and vote at the Meeting.

Website Giving Information Regarding the Meeting

- 2) Information regarding the Meeting, including the information required by Section 311A of the Companies Act 2006, is available from www.mavencp.com/migvct4.

Attending in Person

- 3) If you wish to attend the Meeting in person, please bring some form of identification.

Appointment of Proxies

- 4) If you are a member of the Company at the time set out in note 1 above, you are entitled to appoint a proxy to exercise all or any of your rights to attend, speak and vote at the Meeting and you should have received a proxy form with this Notice of Annual General Meeting. You can appoint a proxy only using the procedures set out in these notes and the notes to the proxy form.
- 5) If you are not a member of the Company but you have been nominated by a member of the Company to enjoy information rights, you do not have a right to appoint any proxies under the procedures set out in this "Appointment of proxies" section. Please read the section "Nominated persons" below.
- 6) A proxy does not need to be a member of the Company but must attend the Meeting to represent you. Details of how to appoint the Chairman of the Meeting or another person as your proxy using the proxy form are set out in the notes to the proxy form. If you wish your proxy to speak on your behalf at the Meeting you will need to appoint your own choice of proxy (not the Chairman) and give your instructions directly to them.
- 7) You may appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares. You may not appoint more than one proxy to exercise rights attached to any one share. To appoint more than one proxy, please copy the proxy form, indicate on each form how many shares it relates to, and attach them together.
- 8) A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. If no voting indication is given, your proxy will vote or abstain from voting at his or her discretion. Your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the Meeting.

Appointment of Proxy Using Hard Copy Proxy Form

- 9) A form of proxy is enclosed with this document. The notes to the proxy form explain how to direct your proxy to vote or withhold their vote on each Resolution. To appoint a proxy using the proxy form, the form must be completed, signed and sent or delivered to the Company's registrars, Capita Asset Services, at The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU so as to be received by Capita Asset Services no later than 10.30 am on 15 May 2017 or by close of business on a date two business days prior to that appointed for any adjourned Meeting or, in the case of a poll taken subsequent to the date of the Meeting or adjourned Meeting, so as to be received no later than 24 hours before the time appointed for taking the poll. In the case of a member which is a company, the proxy form must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. Any power of attorney or any other authority under which the proxy form is signed (or a duly certified copy of such power or authority) must be included with the proxy form. For the purposes of determining the time for delivery of proxies, no account has been taken of any part of a day that is not a working day.

Appointment of a Proxy On-line

- 10) You may submit your proxy electronically using the Share Portal service at www.capitashareportal.com. Shareholders can use this service to vote or appoint a proxy on-line. The same voting deadline of 48 hours (excluding non-working days) before the time of the meeting applies as if you were using your personalised Form of Proxy to vote or appoint a proxy by post to vote for you. Shareholders will need to use the unique personal identification Investor Code printed on your share certificate. Shareholders should not show this information to anyone unless they wish to give proxy instructions on their behalf.

Appointment of Proxies Through CREST

- 11) CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so for the Meeting and any adjournment(s) of it by using the procedures described in the CREST Manual (available from <https://www.euroclear.com/site/public/EUI>). CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf. In order for a proxy appointment made by means of CREST to be valid, the appropriate CREST message (a CREST Proxy Instruction) must be properly authenticated in accordance with Euroclear UK & Ireland Limited's (EUI) specifications and must contain the information required for such instructions, as described in the CREST Manual. The message must be transmitted so as to be received by the issuer's agent (ID: RA10) by 10.30 am on 15 May 2017. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that EUI does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time.

In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

Appointment of Proxy by Joint Members

- 12) In the case of joint holders, where more than one of the joint holders purports to appoint a proxy, only the appointment submitted by the most senior holder will be accepted. Seniority is determined by the order in which the names of the joint holders appear in the Company's register of members in respect of the joint holding, the first-named being the most senior.

Changing Proxy Instructions

- 13) To change your proxy instructions simply submit a new proxy appointment using the methods set out above. Note that the cut-off times for receipt of proxy appointments (see above) also apply in relation to amended instructions; any amended proxy appointment received after the relevant cut-off time will be disregarded. Where you have appointed a proxy using the hard-copy proxy form and would like to change the instructions using another hard-copy proxy form, please contact Capita Asset Services at the address shown in note 9. If you submit more than one valid proxy appointment, the appointment received last before the latest time for the receipt of proxies will take precedence.

Termination of Proxy Appointments

- 14) In order to revoke a proxy instruction you will need to inform the Company by sending a signed hard copy notice clearly stating your intention to revoke your proxy appointment to Capita Asset Services, at the address shown in note 9. In the case of a member which is a company, the revocation notice must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. Any power of attorney or any other authority under which the revocation notice is signed, or a duly certified copy of such power or authority, must be included with the revocation notice. The revocation notice must be received by Capita Asset Services no later than 48 hours before the Meeting. If you attempt to revoke your proxy appointment but the revocation is received after the time specified then, subject to the paragraph directly below, your proxy appointment will remain valid. Appointment of a proxy does not preclude you from attending the Meeting and voting in person. If you have appointed a proxy and attend the Meeting in person, your proxy appointment will automatically be terminated.

Corporate Representatives

- 15) A corporation which is a member can appoint one or more corporate representatives who may exercise, on its behalf, all its powers as a member provided that no more than one corporate representative exercises powers over the same share.

Issued Shares and Total Voting Rights

- 16) As at 31 March 2017 the Company's issued share capital comprised 32,767,502 Ordinary shares of 10p each. Each Ordinary Share carries the right to one vote at a General Meeting of the Company and, therefore, the total number of voting rights in the Company on 31 March 2017 is 32,767,502. The website referred to in note 2 will include information on the number of shares and voting rights.

Questions at the Meeting

- 17) Under Section 319A of the Act, the Company must answer any question you ask relating to the business being dealt with at the Meeting unless:
- answering the question would interfere unduly with the preparation for the Meeting or involve the disclosure of confidential information;
 - the answer has already been given on a website in the form of an answer to a question; or
 - it is undesirable in the interests of the Company or the good order of the Meeting that the question be answered.

Website Publication of Audit Concerns

- 18) Pursuant to Chapter 5 of Part 16 of the Act (Sections 527 to 531), where requested by a member or members meeting the qualification criteria set out at note 19 below, the Company must publish on its website, a statement setting out any matter that such members propose to raise at the Meeting relating to the audit of the Company's accounts (including the Auditor's Report and the conduct of the audit) that are to be laid before the Meeting. The request:
- may be in hard copy form or in electronic form (see note 20 below);
 - must either set out the statement in full or, if supporting a statement sent by another member, clearly identify the statement which is being supported;
 - must be authenticated by the person or persons making it (see note 20 below); and
 - must be received by the Company at least one week before the Meeting.

Where the Company is required to publish such a statement on its website:

- it may not require the members making the request to pay any expenses incurred by the Company in complying with the request;
- it must forward the statement to the Company's Auditor no later than the time the statement is made available on the Company's website; and
- the statement may be dealt with as part of the business of the Meeting.

Members' Qualification Criteria

- 19) In order to be able to exercise the members' right to require the Company to publish audit concerns (see note 18), the relevant request must be made by a member or members having a right to vote at the Meeting and holding at least 5% of total voting rights of the Company, or at least 100 members having a right to vote at the Meeting and holding, on average, at least £100 of paid up share capital. For information on voting rights, including the total number of voting rights, see note 16 above and the website referred to in note 2.

Submission of Hard Copy and Electronic Requests and Authentication Requirements

- 20) Where a member or members wishes to request the Company to publish audit concerns (see note 18) such request must be made in accordance with one of the following ways:
- a hard copy request which is signed by you, states your full name and address and is sent to The Secretary, Maven Income and Growth VCT 4 PLC, Kintyre House, 205 West George Street, Glasgow G2 2LW; or
 - a request which states your full name, address, and investor code, and is sent to enquiries@mavencp.com stating "AGM" in the subject field.

Nominated Persons

- 21) If you are a person who has been nominated under Section 146 of the Act to enjoy information rights (Nominated Person):
- you may have a right under an agreement between you and the member of the Company who has nominated you to have information rights (Relevant Member) to be appointed or to have someone else appointed as a proxy for the Meeting;
 - if you either do not have such a right or if you have such a right but do not wish to exercise it, you may have a right under an agreement between you and the Relevant Member to give instructions to the Relevant Member as to the exercise of voting rights; and
 - your main point of contact in terms of your investment in the Company remains the Relevant Member (or, perhaps, your custodian or broker) and you should continue to contact them (and not the Company) regarding any changes or queries relating to your personal details and your interest in the Company (including any administrative matters). The only exception to this is where the Company expressly requests a response from you.

Documents on Display

- 22) Copies of the letters of appointment of the Directors of the Company and a copy of the Articles of Association of the Company will be available for inspection at the registered office of the Company at Kintyre House, 205 West George Street, Glasgow G2 2LW from the date of this notice until the end of the Meeting.

Communication

- 23) Except as provided above, members who have general queries about the Meeting should use the following means of communication (no other methods of communication will be accepted):
- calling Maven Capital Partners UK LLP (the Secretary) on 0141 306 7400; or
 - e-mailing enquiries@mavencp.com, stating "AGM" in the subject field.

Registered in Scotland: Company Number SC272568

EXPLANATORY NOTES TO THE NOTICE OF ANNUAL GENERAL MEETING

An explanation of the Resolutions to be proposed at the Annual General Meeting is set out below. Resolutions 1 to 11 will be proposed as Ordinary Resolutions requiring the approval of more than 50% of the votes cast and Resolutions 12 to 14 will be proposed as Special Resolutions requiring the approval of 75% or more of the votes cast.

Resolution 1 – Annual Report and Accounts

The Directors seek approval to receive the Directors' Report and audited Financial Statements for the year ended 31 December 2016, which are included within the Annual Report.

Resolution 2 – Directors' Remuneration Report

The Board seeks the approval of the Directors' Remuneration Report for the year ended 31 December 2016, which is also included in the Annual Report.

Resolution 3 – Remuneration Policy

The Board seeks the approval of its remuneration policy to be applied during the three-year period ending 31 December 2019.

Resolution 4 – Final Dividend

The Company's Shareholders will be asked to approve a final dividend of 3.05p per Ordinary Share for the year ended 31 December 2016 for payment on 26 May 2017 to Shareholders on the register at close of business on 28 April 2017.

Resolution 5 – Re-election of Director

Ian Cormack retires pursuant to Code Provision B.7.1 and, being eligible, offers himself for re-election as a Director of the Company.

Resolution 6 – Re-election of Director

Malcolm Graham-Wood retires pursuant to Code Provision B.7.1 and, being eligible, offers himself for re-election as a Director of the Company.

Resolution 7 – Re-election of Director

Steven Scott retires pursuant to Code Provision B.7.1 and, being eligible, offers himself for re-election as a Director of the Company.

Resolution 8 – Re-election of Director

Bill Nixon retires annually because he is not independent and, being eligible, offers himself for re-election as a Director of the Company.

Resolutions 9 and 10 – Appointment and Remuneration of Auditor

The Company must appoint an auditor at each general meeting at which the accounts are presented to Shareholders, to hold office until the conclusion of the next such meeting. Resolution 9 seeks Shareholder approval to reappoint Deloitte LLP as the Company's Auditor. In accordance with normal practice, Resolution 10 seeks authority for the Directors to determine the Auditor's remuneration.

Resolution 11 – Authority to Allot Shares

Resolution 11, if passed, will authorise the Directors to allot shares or rights to subscribe for them up to an aggregate nominal value of £327,675. This amounts to 3,276,750 Ordinary Shares representing approximately 10% of the total share capital of the Company in issue as at 31 March 2017. The Directors' authority will expire at the conclusion of the next Annual General Meeting of the Company or on the expiry of 15 months from the passing of the Resolution, whichever is the first to occur. At the date of this notice the Company does not hold any Ordinary Shares in the capital of the Company in treasury.

Resolution 12 – Waiver of Statutory Pre-Emption Rights

Resolution 12, if passed, would allow the Board to allot new Shares, up to 10% of the current share capital, without implementing pre-emption rights. This authority will expire at the conclusion of the Annual General Meeting of the Company or, if earlier, on the expiry of 15 months from the passing of the Resolution.

Resolution 13 – Purchase of Own Shares

Under Resolution 13 the Company's Shareholders are being asked to renew the Directors' authority to make market purchases of up to 4,911,848 Ordinary Shares (excluding shares held in treasury) of the Company (which represents approximately 14.99% of the issued share capital of the Company as at 31 March 2017) and the Resolution sets out the minimum and maximum prices that can be paid, exclusive of expenses. Any Ordinary Shares in the Company purchased pursuant to the authority sought under Resolution 13 may be either cancelled, and not be available for reissue, or held in treasury. Once held in treasury, such shares may be cancelled or sold for cash.

The Board intends to use this authority to continue its share buy-back policy.

Resolution 14 – Notice of General Meetings

Resolution 14, which would be effective until the Company's next annual general meeting, seeks approval to allow the Company to call general meetings other than annual general meetings on 14 days' notice. Such authority will only be exercised under exceptional circumstances. The Company will also need to meet the requirements for electronic voting before it can call a general meeting on 14 days' notice.
