

28 Certificates of Qualified Persons

I, **René Sterk** of 349 Coast Road, 9471 Dunedin, New Zealand, hereby attest that:

- I am Managing Director of the mining and exploration consultancy firm RSC Consulting Ltd, located at 109 Princes Street, 9016 Dunedin, New Zealand.
- I am a Fellow registered with the AusIMM in Australia (recognised overseas professional organisation) as #303499, in good standing.
- I was awarded an MSc degree in Structural Geology & Tectonics from the Vrije Universiteit Amsterdam in 2002.
- Throughout my career, I have practiced continuously as a mining geologist, exploration geologist, manager and consultant for mining and exploration firms in a range of commodities. I have undergone continuing professional development with recognised courses and training seminars.
- I have read the definition of “qualified person” set out in National Instrument 43-101 (NI 43-101) and certify that by reason of my education, affiliation with professional associations (as defined in NI 43-101), and past relevant work experience, I fulfil the requirements to be a “qualified person” for the purposes of NI 43-101.
- I am responsible for all sections, except sections 2.4 and 12 of the Report entitled “NI 43-101 Technical Report for the Kerkasha Project, Eritrea”, with an effective date of 9 June 2021.
- I completed a site visit (personal inspection) of the Kerkasha Project from 20–28 November 2018 and 24 January to 4 February 2020.
- I had prior involvement with the Property that is the subject of this Technical Report. I was the technical author for a number of technical reports for previous operators from November 2018 until 9 June 2021.
- I am independent of the issuer, Alpha Exploration Ltd., applying all of the tests in section 1.5 of National Instrument 43-101.
- I am not aware of any material fact or material change with respect to the subject matter of the technical Report that is not reflected in the technical Report, the exclusion of which would make the technical Report misleading.
- I have read National Instrument 43-101 and Form 43-101F1, and the technical Report has been prepared in compliance with that Instrument and Form.

Dated this 9 June 2021

René Sterk

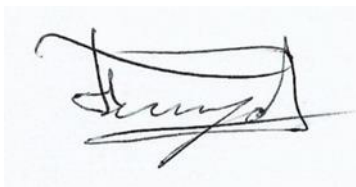

I, **Julien Feneyrol**, of 615 avenue Wolfgang Amadeus Mozart, 13100 Aix-en-Provence, France, hereby attest that:

- I am a Senior Exploration and Resource Geologist of mineral exploration and resource evaluation independent consultancy firm Arethuse Geology, located at 1060 rue René Descartes, 13290 Les Milles, France.
- I am a European Geologist (EurGeol 1730) of the European Federation of Geologists (recognised overseas professional organisation) registered with the Geological Society of France, in good standing.
- I was awarded a MSc. degree in Geosciences and Resources and a PhD degree in Geosciences from the Université de Lorraine, Nancy, France, respectively in 2008 and 2012.
- Throughout my career, I have practiced continuously as an exploration geologist, resource geologist and consultant for exploration firms in a range of commodities and mostly in Africa. I have undergone continuing professional development with recognised courses and training seminars.
- I have read the definition of “qualified person” set out in National Instrument 43-101 (NI 43-101) and certify that by reason of my education, affiliation with professional associations (as defined in NI 43-101), and past relevant work experience, I fulfil the requirements to be a “qualified person” for the purposes of NI 43-101.
- I am responsible for sections 2.4 and 12 of the Report titled “NI 43-101 Technical Report for the Kerkasha Project, Eritrea”, with an effective date of 9 June 2021.
- I completed a site visit (personal inspection) of the Kerkasha Project on 25 May to 2 June 2021.
- I have no prior involvement with the Property that is the subject of this Technical Report.
- I am independent of the issuer, Alpha Exploration Ltd., applying all of the tests in section 1.5 of National Instrument 43-101.
- I am not aware of any material fact or material change with respect to the subject matter of the technical Report that is not reflected in the technical Report, the exclusion of which would make the technical Report misleading.
- I have read National Instrument 43-101 and Form 43-101F1, and the technical Report has been prepared in compliance with that Instrument and Form.
