UniDoc Receives Order for Health Cubes

-- Three units for demonstration within Verizon Innovation Labs

VANCOUVER, BC / ACCESSWIRE / November 25, 2025 / UniDoc Health Corp. (CSE: UDOC) (FRA: L7T) (OTCQB: UDOCF) ("UniDoc" or the "Company") is pleased to announce the sale of three Health Cubes to Verizon for demonstration within Verizon Innovation Labs. Two units have been delivered and installed - one at Verizon's Los Angeles Innovation Lab and one at the San Francisco Innovation Center. Verizon plans to use the systems to showcase UniDoc's clinician-assisted virtual care capabilities to enterprise visitors through its Innovation Labs program.

Key Features:

- Two Health Cubes are live at Verizon Innovation Labs in Los Angeles and San Francisco.
- Third unit targeted for installation by year-end near Washington, D.C.
- Verizon will showcase UniDoc's technology with Innovation Lab demonstrations.

"Demonstrating inside Verizon's Innovation Labs puts UniDoc in front of decision-makers who are building connected care programs," said Tony Baldassarre, President and CEO of UniDoc Health Corp. "These deployments create a practical venue to show how our Health Cube, NEIL Connect® software and integrated Verizon connectivity can support clinician-assisted exams, remote monitoring and care coordination across pharmacies, clinics and community sites. It's an important step for our commercialization pipeline."

UniDoc Booth Installed at Verizon Innovation Lab

Demonstration Scope and Configuration

The deployments place UniDoc's virtual care platform inside Verizon's enterprise showcase environments. Each demonstration configuration integrates a Verizon connectivity solution within the Cube and includes medical instruments and components appropriate for clinician-assisted examinations, such as:

- USB Electronic Stethoscope

- Versa Scope
- All-in-One Vital Signs Monitor (SpO_2, Blood Pressure, Pulse Rate, Temperature, Scale)
- IT & Communication Equipment
- Software (including NEIL Connect)
- ADA exterior platform with CCTV system
- Blood analysis equipment
- ECG/EKG with blood analyzer

Next Steps

The third Health Cube from the three-unit order is slated for installation by the end of 2025 at a Verizon site outside Washington, D.C. UniDoc will coordinate with Verizon on demonstration content and scheduling.

On Behalf of the Board of Directors,

~ Tony Baldassarre~

UniDoc Health Corp.

About UniDoc Health Corp. (CSE: UDOC) (FRA: L7T) (OTCQB: UDOCF)
UniDoc is developing an eHealth solution which is being designed as a self-contained remote virtual clinic within a private kiosk for patients to undergo full consultations as if they were present in a physician's office. eHealth opens the doors to a large segment of the population challenged by access, experience or understanding of online computer technology. It is the Company's belief that physical accessibility is the key to its business proposition. UniDoc is dedicated to unlocking shareholder value by delivering an excellent product and sophisticated commercial network within an expedited timeframe. The UniDoc team encourages engagement, questions, and interest, so please stay in touch and invite anyone who might be interested in our story to visit our website at www.unidoctor.com and signup to receive the latest information with updates on our activities, events and progress.

Forward-Looking Statements
This news release contains statements and information that, to the extent that they are not historical fact, may constitute "forward-looking information" within the meaning of applicable securities legislation. Forward-looking information may include financial and other projections, as well as statements regarding future plans, objectives, or economic performance, or the assumption underlying any of the foregoing. In some cases, forward-looking statements can be identified by terms such as "may", "would", "could", "will", "will be", "likely", "except", "anticipate", "believe", "intend", "plan", "forecast", "project", "estimate", "outlook", or the negative thereof or other similar expressions concerning matters that are not historical facts. Examples of such statements include, but are not limited to, Verizon's plans to showcase UnicDoc's capabilities to enterprise visitors, through its Innovations Labs program, and a third unit being installed by Verizon at a location in Washington, D.C., and the timing thereof.

Forward-looking information is based on the assumptions, estimates, analysis, and opinions of management made in light of its experience and its perception of trends, current conditions and expected developments, as well as other factors that management believes to be relevant and reasonable in the circumstances at the date that such statements are made, but which may prove to be incorrect. The material factors and assumptions used to develop the forward-looking information contained in this news release include, but are not limited to, key personnel and qualified employees continuing their involvement with the Company; the Company's ability to secure additional financing on reasonable terms; the competitive conditions of the industries in which the Company operates; and laws and any amendments thereto applicable to the Company.

Forward-looking information involves known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company to differ materially from any future results, performance or achievements expressed or implied by the forward-looking information, including, without limitation, risks relating to the future business plans of the Company; risks that the Company will not be able to retain its key personnel; risks that the Company will not be able to secure financing on reasonable terms or at all; as well as all of the other risks as described in the Company's annual management discussion and analysis dated July 31, 2024 under the heading "Risks Factors." Accordingly, readers should not place undue reliance on any such forward-looking information.

Further, any forward-looking information speaks only as of the date on which such statement is made. New factors emerge from time to time, and it is not possible for the Company's management to predict all such factors and to assess in advance the impact of each such factor on the Company's business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking information. The Company does not undertake any obligation to update any forward-looking information to reflect information or events after the date on which it is made or to reflect the occurrence of unanticipated events, except as required by law, including securities laws.

The CSE does not accept responsibility for the adequacy or accuracy of this release.
