The Notes will be constituted by a trust deed to be dated on or about the Issue Date (such trust deed, as amended or supplemented from time to time, the "**Trust Deed**") between the Issuer and HSBC Corporate Trustee Company (UK) Limited (the "**Trustee**"). The terms and conditions of the Notes are set out more fully in "*Terms and Conditions of the Notes*" below (the "**Conditions**", and references herein to a numbered "**Condition**" shall be construed accordingly).

The payment of all amounts payable by the Issuer in respect of the Notes will be guaranteed initially by Burberry Limited (incorporated in England and Wales with registered number 00162636), Burberry Limited (incorporated in the State of New York, USA, with DOS number 293943), Burberry (Wholesale) Limited (incorporated in the State of New York, USA, with DOS number 292749) and Burberry Asia Limited (incorporated in Hong Kong under business registration number 32113481) (each a "**Guarantor**" and together the "**Guarantors**"). References on this cover page and the section headed "*Overview*" to the "**Guarantors**" shall, so far as the context permits, also include any member of the Group (as defined in the Conditions) which becomes a guarantor of the Notes after the Issue Date but shall not include any Guarantor of the Issuer which ceases to be a guarantor of the Notes after the Issue Date, all as described under Condition 3 (*Guarantee*).

The Notes will bear interest from (and including) the Issue Date to (but excluding) 20 June 2030 (the "**Maturity Date**") at a fixed rate of 5.750 per cent. per annum, payable semi-annually in arrear on 20 June and 20 December each year commencing on 20 December 2024.

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed on the Maturity Date at their principal amount together with accrued and unpaid interest thereon. The Notes are subject to early redemption in whole (but not in part) at their principal amount together with accrued and unpaid interest thereon, subject to certain conditions, at the option of the Issuer at any time in the event of certain changes to the tax treatment of the Notes. The Notes may also be redeemed prior to their stated maturity at the option of the Issuer in whole (but not in part) at their principal amount as further described in Condition 7.3 (*Redemption at the Option of the Issuer*).

Payments in respect of the Notes by or on behalf of the Issuer or the Guarantors will be made without withholding or deduction for, or on account of, Taxes (as defined in the Conditions) imposed by or on behalf of any Relevant Jurisdiction (as defined in the Conditions), unless that withholding or deduction is required by law. In the event that any such

withholding or deduction is made in respect of such payments, additional amounts may be payable by the Issuer or, as the case may be, the relevant Guarantor subject to certain exceptions, as more fully described in the Conditions.

This Prospectus has been approved by the Financial Conduct Authority (the "**FCA**"), as competent authority under Regulation (EU) 2017/1129 as it forms part of domestic law in the United Kingdom ("**UK**") by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**") (the "**UK Prospectus Regulation**"). The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer, the Guarantors or the quality of the Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to the FCA for the Notes to be admitted to the official list maintained by the FCA (the "**Official List**") and to the London Stock Exchange plc (the "**London Stock Exchange**") for such Notes to be admitted to trading on the London Stock Exchange's main market (the "**Regulated Market**"), which is a UK regulated market for the purposes of Regulation (EU) No. 600/2014 on markets in financial instruments as it forms part of domestic law in the UK by virtue of the EUWA ("**UK MiFIR**"). References in this Prospectus to the Notes being "listed" (and all related references) shall mean that the Notes have been admitted to the Official List and have been admitted to trading on the Regulated Market.

The Notes will be issued in bearer form and will be offered and sold in denominations of £100,000 and integral multiples of £1,000 in excess thereof up to and including £199,000. The Notes will initially be represented by a temporary global note (the "**Temporary Global Note**"), without interest coupons, which will be deposited with a common depository for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**") on or about the Issue Date. Interests in the Temporary Global Note will be exchangeable for interests in a permanent global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, the "**Global Notes**"), without interest coupons, on or after 31 July 2024, upon certification as to non-U.S. beneficial ownership. Interests in the Permanent Global Note will be exchangeable for definitive Notes only in the limited circumstances described under "*Summary of provisions relating to the Notes while in Global Form*".

The Notes have not been, nor will they be, registered under the United States Securities Act 1933, as amended (the "**Securities Act**"). The Notes are being offered and sold outside the United States by the Managers (as defined in "*Subscription and Sale*" below) in accordance with Regulation S under the Securities Act ("**Regulation S**"), and may not be offered or sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to an exemption from the registration requirements of the Securities Act. The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person (as defined in the United States Internal Revenue Code of 1986, as amended, and U.S. Treasury regulations thereunder), except in certain transactions permitted by U.S. Treasury regulations.

The Notes are expected to be assigned a rating of Baa2 by Moody's Investors Service Limited ("**Moody's**"). Moody's is established in the UK and is registered under Regulation (EC) No. 1060/2009 as it forms part of domestic law in the UK by virtue of the EUWA (the "**UK CRA Regulation**"). Moody's is not established in the European Economic Area ("**EEA**") and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the "**EU CRA Regulation**"). Accordingly, the rating issued by Moody's has been endorsed by Moody's Deutschland GmbH in accordance with the EU CRA Regulation and has not been withdrawn. Moody's Deutschland GmbH is established in the EEA and registered under the EU CRA Regulation. As such, Moody's Deutschland GmbH is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the EU CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT NOTICES

This Prospectus constitutes a prospectus for the purpose of Article 6 of the UK Prospectus Regulation and contains the necessary information which is material to an investor for making an informed assessment of: (i) the assets and liabilities, profits and losses, financial position, and prospects of the Issuer and the Guarantors; (ii) the rights attaching to the Notes; and (iii) the reasons for the issuance and its impact on the Issuer.

The Issuer and the Guarantors accept responsibility for the information contained in this Prospectus and declare that, to the best of their knowledge, the information contained in this Prospectus is in accordance with the facts and the Prospectus makes no omission likely to affect its import.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*"). This Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Prospectus. Other than in relation to the documents which are deemed to be incorporated by reference (see "*Documents Incorporated by Reference*"), the information on the websites to which this Prospectus refers does not form part of this Prospectus and has not been scrutinised or approved by the FCA.

None of the Managers or the Trustee has independently verified or confirmed the information contained in this Prospectus. No representation, warranty or undertaking, express or implied, is made by the Managers or the Trustee as to the accuracy or completeness of the information contained in this Prospectus or any other information provided by the Issuer or the Guarantors in connection with the offering of the Notes. None of the Managers or the Trustee accepts liability in relation to the information contained or incorporated by reference in this Prospectus or any other information provided by the Issuer or the Guarantors in connection with the offering of the Notes or their distribution. Each Manager and the Trustee accordingly disclaims all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of this Prospectus or any such information.

No person is or has been authorised by the Issuer, the Guarantors, the Managers or the Trustee to give any information or to make any representation not contained in or not consistent with this Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Guarantors, the Managers or the Trustee.

Neither this Prospectus nor any other information supplied in connection with the Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer, the Guarantors, the Managers or the Trustee that any recipient of either this Prospectus or any other information supplied in connection with the Notes should purchase such Notes. Each investor contemplating purchasing the Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and the Guarantors. Neither this Prospectus nor any other information supplied in connection with the Notes constitutes an offer or invitation by or on behalf of the Issuer, the Guarantors, the Managers or the Trustee to any person to subscribe for or to purchase the Notes.

Neither the delivery of this Prospectus nor the offering, sale or delivery of the Notes shall, under any circumstances, create any implication that the information contained in this Prospectus is

correct at any time subsequent to the date hereof or that any other information supplied in connection with the offering of the Notes is correct as of any time subsequent to the date indicated in the document containing the same or that there has been no change in the affairs of the Issuer or the Guarantors since the date of this Prospectus or that there has been no adverse change in the financial position of the Issuer or the Guarantors since the date of this Prospectus. None of the Managers or the Trustee undertakes to review the financial condition or affairs of the Issuer or the Guarantors during the life of the Notes, or to advise any investor in the Notes of any information coming to their attention. Investors should review, inter alia, all documents which are deemed to be incorporated by reference (see "*Documents Incorporated by Reference*") when deciding whether or not to purchase the Notes.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy the Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. None of the Issuer, the Guarantors, the Managers or the Trustee represents that this Prospectus may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Guarantors, the Managers or the Trustee which is intended to permit a public offering of the Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations.

Persons into whose possession this Prospectus or the Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes (see "*Subscription and Sale*").

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of any investment in light of its own circumstances. In particular, each potential investor should consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in or incorporated by reference into this Prospectus (and any applicable supplement to this Prospectus);
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understands thoroughly the terms of the Notes and is familiar with the behaviour of the financial markets;

- (e) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (f) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the relevant Notes.

The investment activities of certain investors are subject to “legal investment” laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the Notes are legal investments for it, (ii) the Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of the Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

The Notes constitute a new issue of securities by the Issuer. Prior to this issue, there will have been no public market for the Notes. Although application has been made for the Notes to be admitted to the Official List and admitted to trading on the Regulated Market, there can be no assurance that an active public market for the Notes will develop and, if such a market were to develop, the Managers are under no obligation to maintain such a market. The liquidity and the market prices for the Notes can be expected to vary with changes in market and economic conditions, the financial condition and prospects of the Issuer and the Guarantors and other factors that generally influence the market prices of securities.

This Prospectus has been prepared on the basis that any purchaser of Notes is a person or entity having sufficient knowledge and experience of financial matters as to be capable of evaluating the merits and risks of the purchase. Before making any investment decision with respect to the Notes, prospective investors should consult their own counsel, accountants or other advisers and carefully review and consider their investment decision in light of the foregoing. An investment in the Notes is only suitable for financially sophisticated investors who are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses which may result therefrom.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**EU PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

UK MiFIR PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook, and professional clients, as defined in UK MiFIR; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any

distributor should take into consideration the manufacturers' target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels. For the avoidance of doubt, references in this paragraph to "manufacturer" do not refer to the Issuer or the Guarantors, who are not subject to UK MiFIR.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law of the UK by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "**FSMA**") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of UK MiFIR. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law of the UK by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 OF SINGAPORE, AS AMENDED OR MODIFIED FROM TIME TO TIME (THE "SFA") - Solely for the purposes of its obligations pursuant to Sections 309B(1)(a) and 309B(1)(c) of the SFA, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04 N12: Notice on the Sale of Investment Products and MAS Notice FAA N16: Notice on Recommendations on Investment Products).

If a jurisdiction requires that the offering of any Notes be made by a licensed broker or dealer and any Manager or any affiliate of a Manager is a licensed broker or dealer in that jurisdiction, such offering shall be deemed to be made by such Manager or such affiliate on behalf of the Issuer in such jurisdiction.

ALTERNATIVE PERFORMANCE MEASURES – Certain alternative performance measures ("**APMs**") as described in the European Securities and Markets Authority Guidelines on Alternative Performance Measures are included or referred to in this Prospectus (including in the documents incorporated by reference). APMs are measures that are not defined under generally accepted accounting principles in the UK and which are used by the Issuer and its consolidated subsidiaries, including the Guarantors, within its financial publications to supplement disclosures prepared in accordance with other applicable regulations such as International Financial Reporting Standards ("**IFRS**"). The Issuer considers that these measures provide useful information to enhance the understanding of its financial performance. The APMs should be viewed as complementary to, rather than a substitute for, the figures determined according to other regulatory measures. An explanation of each such metric's components and calculation method can be found on pages 27 to 28 of the annual report and accounts of the Issuer for the 52-week period ended 30 March 2024 (incorporated by reference into this Prospectus) and pages 45 to 46 of the annual report and accounts of the Issuer for the 52-week period ended 1 April 2023 (incorporated by reference into this Prospectus).

STABILISATION – In connection with the issue of the Notes, NatWest Markets Plc (the "**Stabilising Manager**") (or any person acting on behalf of the Stabilising Manager) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the Notes and 60 days after the date of the allotment of the Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager (or persons acting on behalf of the Stabilising Manager) in accordance with all applicable laws and rules.

FORWARD-LOOKING STATEMENTS – This Prospectus includes statements that are, or may be deemed to be, 'forward-looking statements'. These forward-looking statements can be identified by the use of forward-looking expressions, including the terms '*believes*', '*estimates*', '*anticipates*', '*expects*', '*intends*', '*may*', '*will*', '*plans*' or '*should*' or, in each case, their negative or other variations or similar expressions, or by discussions of strategy, plans, objectives, expectations, goals, future events or intentions. These forward-looking statements include all matters that are not historical facts. They appear in a number of places throughout this Prospectus and include, but are not limited to, the following: statements regarding the intentions, beliefs or current expectations of the Issuer and the Group concerning, amongst other things, the Group's results of operations, financial condition, liquidity, prospects, growth, strategies and the industries in which the Group operates.

By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. Forward-looking statements are not guarantees of future performance and the actual results of the Group's operations, financial condition and liquidity, and the development of the countries and the industries in which the Group operates may differ materially from those described in, or suggested by, the forward-looking statements contained in this Prospectus. In addition, even if the Group's results of operations, financial condition and liquidity, and the development of the countries and the industries in which the Group operates, are consistent with the forward-looking statements contained in this Prospectus, those results or developments may not be indicative of results or developments in subsequent periods. These and other factors are discussed in more detail under the section entitled "*Risk Factors*". Many of these factors are beyond the control of the Issuer and the Group. Should one or more of these risks or uncertainties materialise, or should underlying assumptions on which the forward-looking statements are based prove incorrect, actual results may vary materially from those described in this Prospectus as anticipated, believed, estimated or expected. Except to the extent required by laws and regulations, the Issuer and the Guarantors do not intend, and do not assume any obligation, to update any forward-looking statements set out in this Prospectus.

This Prospectus is based on English law in effect as of the date of issue of this Prospectus. Except to the extent required by laws and regulations, the Issuer and the Guarantors do not intend, and does not assume any obligation, to update this Prospectus in light of the impact of any judicial decision or change to English law or administrative practice after the date of this Prospectus.

PRESENTATION OF INFORMATION – In this Prospectus, all references to: (a) U.S. dollars, U.S.\$ and \$ refer to United States dollars; (b) sterling and £ refer to pounds sterling; (c) euro and € refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended; and (d) the "**Group**" are to the Issuer and its consolidated subsidiaries. In this Prospectus, unless

the contrary intention appears, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended or re-enacted.

Selling Restrictions:

The Notes have not been and will not be registered under the Securities Act and, subject to certain exceptions, may not be offered or sold within the United States. RISK FACTORS

The Issuer and the Guarantors believe that the following risk factors may affect their ability to fulfil its obligations under the Notes. Most of these factors are contingencies which may or may not occur.

The risk factors which the Issuer and the Guarantors believe to be material for the purposes of assessing the market risks associated with the Notes are described below.

The Issuer and the Guarantors believe that the factors described below represent the principal risks involved in investing in the Notes, but the Issuer and the Guarantors may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons, which may not be considered significant risks by the Issuer and the Guarantors based on the information currently available to it or which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Unless the context requires otherwise, capitalised terms which are defined in "Terms and Conditions of the Notes" have the same meaning when used herein.

1. Risks related to the Issuer, the Guarantors and the Group

Business activities and industry

1.1 Global consumer demand

Global consumer demand for the Group's products is subject to several factors, including changes in the macroeconomic environment, which may impact consumer disposable income for spending in the luxury market and/or affect the cost of the Group's supply chain operations, and therefore the Group's profitability. The Group's product design, quality, product range, channels, marketing and customer experience could also impact consumer demand. Changes in economic growth and/or inflation could impact the luxury industry's consumption globally or in selected key regions, channels, customer group or product line. Further, if global inventory planning and allocation differs from consumer demand, or if product, marketing, quality, design or range does not meet consumer expectations or respond to local cultural sensitivity in a key market, the Group's financial performance may be adversely impacted. The risk is increased by an environment of geopolitical uncertainty described in "*Risk Factors – Geopolitical uncertainty*", the foreign exchange risks described in "*Risk Factors – Foreign exchange risks*", the risk of damage to the Group's image and reputation described in "*Risk Factors – Image and reputation*", the risks associated with climate change described in "*Risk Factors – Climate change*" and any issues with IT operations described in "*Risk Factors – IT operations*".

1.2 Geopolitical uncertainty

As a global business operating in a wide range of markets, the Group may be exposed to changing political developments and relationships between governments that may adversely impact consumer demand and impact the Group's people, reputation, supply chain, trade and ability to operate within markets. Political instability or civil unrest and/or

uprising may impact the wellbeing of the Group's customers, people and third-party partners and disrupt normal operations within the region or market affected, leading to the loss of a key market or changes in customer sentiment towards the Group. Further, conflict between nations resulting in sanctions, changes in governmental trade policy or international commerce disputes (via increased customs/excise tariffs or quotas) may restrict the Group's ability to, or increase the cost of, moving product between countries, restricting or preventing the Group's ability to source, operate and trade in key markets.

1.3 People

The Group's success depends on the ability to attract, motivate, develop and retain its people to perform to the best of their ability and the ability to maintain a workforce that encompasses diverse backgrounds with the right capabilities to drive performance and meet the Group's strategic objectives. Failing to attract and retain talented people by failing to provide support during challenging economic conditions and meeting the demands of a hybrid workforce may lead to negative operational performance of the Group and, subsequently, a deterioration in the Group's financial performance. The risk is increased by any regulatory changes described in "*Risk Factors – Regulatory risk and ethical/environmental standards*".

1.4 Image and reputation

Unfavourable incidents, unethical behaviour or erroneous media coverage relating to the Group's people, practices, products, or third-party suppliers could damage the Group's reputation, potentially lead to a slowdown in sales as well as a loss of customers, and negatively impact the value of the Group's brand. Unfavourable or erroneous media coverage or negative discussions on social networks about the Group's products, content or practice could potentially expose the Group to increased reputational risk. Failure to understand social issues and respect cultural sensitivities around product and marketing content could negatively impact the Group's reputation. As the Group's customers engage with the brand through multiple channels, a misleading perception of the Group's values and performance has the potential to lead to a deterioration in the Group's sales and, subsequently, its financial performance. The risk of damage to the Group's image and reputation is increased by an environment of geopolitical uncertainty described in "*Risk Factors – Geopolitical uncertainty*".

1.5 Business interruption

Major incidents in countries in which the Group operates, has its main locations or where its suppliers are located may significantly interrupt the business of the Group. Such incidents could be caused by a wide range of events at a country level, including changes in the geopolitical landscape, natural catastrophes, health emergencies or changes in regulations, through to localised issues, such as fire, security threats, industrial action or quality control failures. Ongoing trade restrictions, sanctions, geopolitical conflict and regulatory changes may make it more difficult for the supply chain to source, manufacture and ship products internationally. In such circumstances, the Group may face difficulties in replacing its key third-party service providers, suppliers or vendors quickly and the loss of such third parties could interrupt the Group's ability to operate and, in turn, negatively impact the Group's financial performance. For details of the Group's policies designed to mitigate such risks, please refer to "*Description of the Issuer and the Guarantors – Risk*".

management". The risk of business interruption is increased by an environment of geopolitical uncertainty described in "*Risk Factors – Geopolitical uncertainty*" and the risks associated with climate change described in "*Risk Factors – Climate change*".

1.6 Supply chain

An inability to source raw materials, or to manufacture, procure and distribute finished products from suppliers on a timely basis at the required quality, quantity and cost in accordance with the Group's ethical and environmental standards may impact the Group's operational, financial and reputational performance. The risk is increased by an environment of geopolitical uncertainty described in "*Risk Factors – Geopolitical uncertainty*", by any business interruption events described in "*Risk Factors – Business interruption*", any issues with IT operations described in "*Risk Factors – IT operations*", the risks associated with climate change described in "*Risk Factors – Climate change*" and any regulatory changes described in "*Risk Factors – Regulatory risk and ethical/environmental standards*".

1.7 Climate change

The success of the Group's business over the long term will depend on the environmental sustainability of its operations, the resilience of the supply chain and the Group's ability to manage the impact of any potential climate change on its business model and performance. Increased severity and frequency of extreme weather events, could cause disruption to the Group's supply chain, the sourcing of raw materials or the production and distribution of finished goods. In addition, longer-term shifts in climate patterns and loss of biodiversity caused by changes in precipitation patterns, rising mean temperatures and rising sea levels could cause social, economic and operational challenges.

Moreover, failure of the Group to meet expectations around sustainability could lead to climate activism and threaten the Group's relationship with employees, investors, regulators and interest groups, which could adversely affect the Group's revenues. The perception of the sustainability of luxury fashion products may have an impact on consumer behaviours and purchasing decisions, and failure to meet customer demand for more sustainable products and services could threaten the Group's relationship with consumers and impact financial performance. Failure to implement the appropriate cross-functional action plans, incorporating the recommendations of government and international bodies could hinder efforts to mitigate the long-term risks of climate change, increase the risk of regulatory non-compliance and hinder efforts of the Group to future-proof the business.

1.8 Intellectual property and brand protection

Sustained breaches of the Group's intellectual property rights or allegations of intellectual property right infringement by the Group pose risks to the Group's business. Counterfeiting, copyright, trademark and design infringement in the marketplace could reduce demand for genuine merchandise produced by the Group, damage the Group's brand image and negatively impact revenues. Failure to implement appropriate brand protection controls, combined with the Group's commitment to not destroy unsaleable finished products, may negatively impact the integrity and luxury positioning of the Burberry brand (referred to in this Prospectus generally as "**Burberry**").

The likelihood of these intellectual property risks is heightened by external procedural delays, for example delays in intellectual property offices approving applications for new branding and signifiers, and the potential increase of counterfeit sales. Allegations by third parties of intellectual property infringement by Burberry and bad faith filings could negatively impact the Group's reputation and result in claims and financial loss through infringing products or content.

Group's financial situation

1.9 Liquidity risk

Financial risk management requires ensuring that sufficient cash and borrowing facilities are maintained to meet the Group's requirements. Due to the dynamic nature of the underlying business, the Group aims to maintain flexibility in funding by keeping committed credit lines available. Liquidity risk comprises the risk that there is not sufficient liquidity to manage operations and meet liabilities as they fall due.

As at the date of this Prospectus, the Group has financial capacity, with total borrowing facilities (excluding overdraft facilities) of £300 million, comprising its Principal Bank Facility (as defined in the Terms and Conditions), plus its cash balances (excluding cash drawn from facilities). The Board reviews the Group's capital allocation policy annually and the Group's capital allocation framework defines its priorities for uses of cash. For details of the Group's financial policy, please refer to "*Description of the Issuer and the Guarantors – Financial Policy*".

1.10 Foreign exchange risks

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures. Foreign exchange risk arises when recognised assets and liabilities are denominated in a currency that is not the entity's functional currency. The Group hedges anticipated foreign currency transactional cash flows, which largely relate to the Group's centralised supply chain and wholesale business. Major events in the macroeconomic and geopolitical environment could impact foreign exchange rates, which in turn could adversely affect the Group's reported results. Volatility in foreign exchange rates between sterling and the regions of the Group's operations may therefore have a significant impact on the Group's financial performance. The foreign exchange risks are increased by an environment of geopolitical uncertainty described in "*Risk Factors – Geopolitical uncertainty*".

1.11 Credit risk

The Group has no significant concentrations of credit risk. The Group has policies in place to ensure that wholesale sales are made to customers with an appropriate credit history. Additionally, receivables balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant and default rates have historically been very low, however, this could be subject to change in future, particularly given inflationary pressures.

However, through the Group's financing, investment and market risk hedging operations, the Group is exposed to banking counterparty risk. While the Group seeks to diversify its

exposure to bank counterparties, to the extent that the Group relies on such counterparties for operational or investment purposes, the Group is exposed to such counterparties defaulting which may have a negative impact on the Group's financial performance. The Group has policies that limit the amount of credit exposure to any financial institution and only deposits funds with independently rated financial institutions with a minimum rating of 'A' other than where required for operational purposes.

1.12 Interest rate risks

The Group's exposure to market risk for changes in interest rates relates primarily to cash, borrowings, short-term deposits and overdrafts. The Group is also exposed to future cash flow fluctuation risks, due to changes in market interest rates. Although the Group's overall exposure to interest rate risks is low, significant changes in interest rates may have an impact on the Group's financial results.

Legal and regulatory risks

1.13 Loss of data or cyberattack

By handling large amounts of consumer data, the Group is exposed to data breaches, whether unintentionally or by cyberattack, and the resulting penalties under data protection laws. The Group must comply with applicable data protection legislation in each region that it operates in, including the European General Data Protection Regulation as adopted by the EU and as it forms part of the domestic law of the UK by virtue of the EUWA ("GDPR") and the UK Data Protection Act 2018, which supplements the GDPR. Violations of the GDPR may result in fines of up to £17.5 million, or 4 per cent. of total worldwide annual turnover of the preceding financial year for the most serious infringements. If the Group, a service provider, supplier, or wholesale customer suffered a cyberattack which resulted in a system outage, this could have a major impact on core operations or major data loss, as well as potentially leading to reputational damage and financial loss for the Group. The risk of data loss or cyberattack is increased by an environment of geopolitical uncertainty described in "*Risk Factors – Geopolitical uncertainty*" and any regulatory changes described in "*Risk Factors – Regulatory risk and ethical/environmental standards*".

1.14 Regulatory risk and ethical/environmental standards

The Group's operations are subject to a broad spectrum of national and regional laws as well as regulations in the various jurisdictions in which the Group operates. These include laws and regulations relating to product quality and safety, anti-bribery and corruption, competition, data, corporate governance, employment, environment, tax, trade compliance, sanctions, human rights, and employee and customer health and safety. Changes to laws and regulations, potential non-compliance or a major compliance breach by the Group's employees, contractors or agents, could have a material impact on the operations of the Group. Additionally, any non-compliance with labour, human rights and environmental standards (including, for example, failure to comply with applicable data protection legislation, anti-money laundering regulations, ESG regulations or applicable sanctions regulations) across the Group's operations and extended supply chains could result in financial costs and/or penalties, disruption in production and reputational damage to the Group's business. The risk of non-compliance or major compliance breach of

regulations and ethical/environmental standards is increased by an environment of geopolitical uncertainty described in “*Risk Factors – Geopolitical uncertainty*” and the risks associated with climate change described in “*Risk Factors – Climate change*”.

1.15 IT operations

If the Group’s IT operations fail to support critical processes across the Group, the Group may fail to deliver on its strategy and operations may be negatively impacted due to poor system performance and system outages. Extended technology refresh cycles may lead to unsupported hardware systems. Failure to provide stable and resilient technology platforms across all retail and corporate environments that meet customer demands and support innovation could also result in failure to deliver the strategy and loss of revenue. The risk of failure of the Group’s IT operations is increased by the potential loss of data or cyberattack described in “*Risk Factors – Loss of data or cyberattack*”.

1.16 Tax risk

In common with many multinational companies, the Group faces tax audits in jurisdictions around the world in relation to intragroup transactions between associated entities within the Group. These tax audits are often subject to inter-government negotiations. The matters under discussion are often complex and can take many years to resolve. In light of this, the Group records its tax liabilities on the basis of management’s estimate of either the most likely amount or the expected value amount depending on which method is expected to better reflect the resolution of the uncertainty. Given the inherent uncertainty in assessing tax outcomes, the Group could, in future periods, experience adjustments to these tax liabilities that have a material effect on the Group’s results for a particular period.

2. Risks related to the Notes

Risks related to the Notes generally

2.1 The Guarantors of the Notes (other than Burberry Limited England) may change in accordance with the Group’s Principal Bank Facility

On 26 July 2021, the Issuer entered into a £300,000,000 multicurrency revolving credit facility with, among others, the Obligors and National Westminster Bank Plc as agent, and this agreement has since been amended on 19 August 2022. This agreement and any subsequent refinancing or replacement of such facility as the primary working capital and standby facility (or facilities) of the Group is referred to in this Prospectus as the “**Principal Bank Facility**”. The Conditions require that any guarantor under the Principal Bank Facility must also guarantee the Notes.

Therefore, (i) on the Issue Date, all guarantors under the Principal Bank Facility are also guarantors of the Notes, (ii) from the Issue Date onwards, if a member of the Group is added as a new guarantor to the Principal Bank Facility, the Issuer must inform the Trustee and add it as a guarantor of the Notes, and (iii) conversely, if in future, a guarantor (other than Burberry Limited England) ceases to be a guarantor under the Principal Bank Facility, such guarantor shall cease to be a guarantor of the Notes (subject to certain Noteholder protections).

Noteholders should note that neither the Trustee nor the Noteholders have control over which members of the Group are guarantors of the Notes (other than Burberry Limited England) from time to time, as that will be determined by the structure of the Principal Bank Facility.

2.2 The Conditions contain provisions which may permit their modification without the consent of all investors

The Conditions of the Notes include provisions for calling meetings of Noteholders to consider and vote on matters affecting their interests. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give their consent electronically, and those Noteholders who voted against the majority. In particular, the Conditions of the Notes provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification (including a Basic Terms Modification) of any of the provisions of the Notes, the Trust Deed or the Agency Agreement that is in its opinion of a formal, minor or technical nature or is made to correct a manifest error or an error which is, in the opinion of the Trustee, proven, (ii) any other modification (other than a Basic Terms Modification), and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Notes, the Trust Deed or the Agency Agreement that is, in the opinion of the Trustee, not materially prejudicial to the interests of the Noteholders, and (iii) in certain circumstances, the substitution of certain other entities in place of the Issuer, or any previous substituted company as principal debtor, as the case may be, under the Trust Deed and the Notes.

The Issuer has appointed a Trustee to represent the Noteholders. The Trustee has certain discretions to agree with the Issuer changes to the Conditions without seeking the consent of Noteholders.

2.3 Investors who purchase Notes in denominations that are not an integral multiple in excess of £100,000 may be adversely affected if definitive Notes are subsequently required to be issued

The Notes have denominations consisting of a minimum of £100,000 and integral multiples of £1,000 in excess thereof (up to a maximum of £199,000). Notes may be traded in amounts that are not integral multiples of £100,000; as a result of trading such amounts in these circumstances, a Noteholder who holds an amount which is less than £100,000 in their account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to the £100,000 minimum denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of £100,000 may be illiquid and difficult to trade.

Risks related to the market

2.4 The credit rating assigned to the Notes may not reflect all the risks associated with an investment in the Notes

The Notes are expected to be rated Baa2 by Moody's. This rating may not reflect the potential impact of all risks related to the structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Any such revision, suspension or withdrawal could adversely affect the market value of the Notes.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to traditional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the EU CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

UK regulated investors are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can be either (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agency and rating is set out on the cover of this Prospectus.

2.5 An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

The Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid or may become illiquid at a later stage. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of the Notes.

2.6 The value of the Notes depends on wider economic, financial and political factors

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in the UK and elsewhere. This includes factors which affect capital markets generally and the stock exchange on which the Notes are traded. A Holder who chooses to sell its Notes in the open market at any time prior to the maturity of the Notes may receive a price less than its original investment.

2.7 If an investor holds Notes which are not denominated in the investor's home currency, they will be exposed to movements in exchange rates adversely affecting the value of their holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer and each Guarantor will pay principal and interest on the Notes in sterling. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than sterling. These include the risk that exchange rates may significantly change (including changes due to devaluation of sterling or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to sterling would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer or the Guarantors to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

2.8 Laws and practices applicable to the Notes may change

The Notes are issued under the laws of England and Wales in force on the issue date. Any new statutes, ordinances and regulations, amendments to the legislation or changes in application of the law (including any amendments to or changes in application of tax laws or regulations) after the issue date may affect the Notes and/or have a material adverse effect on the Issuer's and/or Guarantors' business.

2.9 As the Global Notes relating to the Notes will be held by or on behalf of Euroclear and/or Clearstream, Luxembourg, investors will have to rely on the procedures of those clearing systems for transfer, payment and communications with the Issuer

The Notes will be held by investors through Euroclear and Clearstream, Luxembourg and will be represented by one or more Global Notes which will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Notes in definitive form (i.e. physical securities). Each of Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each Global Note held through it. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants.

While the Notes are represented by Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interest in any Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

Risks related to the structure of the Notes

2.10 Redemption prior to maturity

The optional redemption features of the Notes may limit the market value of the Notes and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

The optional redemption features contained in Condition 7.3 (*Redemption at the Option of the Issuer*) of the Terms and Conditions of the Notes are likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed.

In the event that the Issuer or each Guarantor would be obliged to increase the amounts payable in respect of the Notes as a result of any change in, or amendment to, the laws or regulations of a Relevant Jurisdiction (as defined in Condition 8 (*Taxation*)), including any treaty to which a Relevant Jurisdiction is a party, or any change in the application or official interpretation of such laws, regulations or treaties of a Relevant Jurisdiction, which change or amendment becomes effective after 20 June 2024, the Issuer may redeem all outstanding Notes in accordance with the Condition 7.2 (*Redemption for Taxation Reasons*).

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

2.11 As the Notes bear interest at a fixed interest rate, movements in market interest rates can adversely affect the value of the Notes

The Notes bear interest on their outstanding principal amount at a fixed interest rate. A holder of a security with a fixed interest rate is exposed to the risk that the value of such security could fall as a result of changes in the market interest rate. While the nominal compensation rate of a security with a fixed interest rate is fixed during the life of such security or during a certain period of time, the current interest rate on the capital market (market interest rate) typically changes on a daily basis. If the market interest rate increases, the value of such a security typically falls, until the yield of such security is approximately equal to the market interest rate. If the market interest rate falls, the value of a security with a fixed interest rate typically increases, until the yield of such a security is approximately equal to the market interest rate.

PRESENTATION OF FINANCIAL INFORMATION

FINANCIAL INFORMATION RELATING TO THE ISSUER

Unless otherwise specified, all financial information contained in this Prospectus relating to the Issuer has been extracted from the annual report and accounts of the Issuer (including the Issuer's audited consolidated financial statements) as of and for each of the 52-week periods ended 30 March 2024 and 1 April 2023 which are incorporated by reference into this Prospectus.

Percentages in tables have been rounded and accordingly may not add up to 100.0 per cent. Certain financial data have been rounded. As a result of this rounding, the totals of the data presented in this Prospectus may vary slightly from the actual arithmetic totals of such data.

ISSUER NON-IFRS MEASURES

The Issuer assesses the performance of its business using a variety of key financial measures. Some of these measures are termed a “non-IFRS measure” because they are calculated using financial measures that are not calculated in accordance with IFRS. The non-IFRS measures discussed in this Prospectus, and how such measures are used, are presented below, and are also explained in detail at pages 27 to 28 of the Issuer's annual report and accounts for FY 2023/2024 and at pages 45 to 46 of the Issuer's annual report and accounts for FY 2022/2023. The Issuer does not regard these non-IFRS measures as substitutes for equivalent measures calculated and presented in accordance with IFRS or those calculated financial measures that are calculated in accordance with IFRS. The non-IFRS measures presented below may not be directly comparable to similarly-titled measures used by other companies including competitors of the Issuer.

APMs

Constant Exchange Rates (CER)

This measure removes the effect of changes in exchange rates compared to the prior period. The constant exchange rate incorporates both the impact of the movement in exchange rates on the translation of overseas subsidiaries' results and also on foreign currency procurement and sales through the Group's UK supply chain.

Comparable sales

The year-on-year change in sales from stores trading over equivalent time periods and measured at constant foreign exchange rates. It also includes online sales. This measure is used to strip out the impact of permanent store openings and closings, or those closures relating to refurbishments, allowing a comparison of equivalent store performance against the prior period.

Adjusted profit

Adjusted profit measures are presented to provide additional consideration of the underlying performance of the Group's ongoing business. These measures remove the impact of those items which should be excluded to provide a consistent and comparable view of performance.

Free Cash Flow

Free cash flow is defined as net cash generated from operating activities less capital expenditure plus cash inflows from disposal of fixed assets and including cash outflows for lease principal payments and other lease related items.

Cash Conversion

Cash conversion is defined as free cash flow pre-tax/adjusted profit before tax. It provides a measure of the Group's effectiveness in converting its profit into cash.

Net Debt

Net debt is defined as the lease liability recognised on the balance sheet plus borrowings less cash net of overdrafts.

Adjusted EBITDA

Adjusted EBITDA is defined as operating profit, excluding adjusting operating items, depreciation of property, plant and equipment, depreciation of right of use assets and amortisation of intangible assets. Any depreciation or amortisation included in adjusting operating items are not double counted.

Adjusted EBITDAR

Adjusted EBITDAR is defined as operating profit, excluding adjusting operating items, depreciation of property, plant and equipment, depreciation of right of use assets, amortisation of intangible assets and minimum lease payments (fixed rent). Any depreciation, amortisation or fixed rent included in adjusting operating items are not double-counted.

- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that a holder would have been entitled to additional amounts on presenting the same for payment on the last day of the period of 30 days assuming that day to have been a Presentation Date (as defined in Condition 6); or
- (d) for or on account of any FATCA Withholding.

8.2 Interpretation

In these Conditions:

- (a) **Relevant Date** means the date on which the payment first becomes due but, if the full amount of the money payable has not been received by the Principal Paying Agent or the Trustee on or before the due date, it means the date on

which, the full amount of the money having been so received, notice to that effect has been duly given to the Noteholders by the Issuer or, as the case may be, a Guarantor in accordance with Condition 13; and

- (b) **Relevant Jurisdiction** means the United Kingdom, the United States and Hong Kong or, in each case, any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which the Issuer or, as the case may be, a Guarantor becomes subject in respect of payments made by it of principal and interest on the Notes and Coupons.

8.3 Additional Amounts

Any reference in these Conditions to any amounts in respect of the Notes shall be deemed also to refer to any additional amounts which may be payable under this Condition or under any undertakings given in addition to, or in substitution for, this Condition pursuant to the Trust Deed.

9. PRESCRIPTION

Notes and Coupons will become void unless presented for payment within periods of 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date in respect of the Notes or, as the case may be, the Coupons, subject to the provisions of Condition 6.

10. EVENTS OF DEFAULT

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), (but, in the case of the happening of any of the events described in subparagraphs (ii) to (vi) inclusive and subparagraphs (x) and (xi) below (other than the winding up or the appointment of an administrative or other receiver of the whole or any material part of the undertaking or assets of the Issuer), only if the Trustee shall have certified in writing that such event is, in its opinion, materially prejudicial to the interests of the Noteholders) give notice to the Issuer that the Notes are, and they shall accordingly thereby immediately become, due and repayable at their principal amount, together with accrued interest as provided in the Trust Deed, if any of the following events (together with, where applicable, the certification by the Trustee as referred to above, **Events of Default**) shall occur and be continuing:

- (v) if any Obligor or Material Subsidiary initiates or consents to proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium) or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) (save (in the case of a Guarantor or Material Subsidiary other than Burberry Limited England) where such proceedings, conveyance, assignment or arrangement is in connection with a solvent winding up of such Guarantor or Material Subsidiary

as a result of which all or the major part of the business, undertaking and assets of such Guarantor or Material Subsidiary is transferred to another member of the Group);

11. ENFORCEMENT

11.1 Enforcement by the Trustee

The Trustee may at any time, at its discretion and without notice, take such proceedings and/or other steps or action (including lodging an appeal in any proceedings) against or in relation to any Obligor as it may think fit to enforce the provisions of the Trust Deed, the Notes and the Coupons or otherwise, but it shall not be bound to take any such proceedings or other steps or action or any other action under or pursuant to the Trust Deed unless (a) it has been so directed by an Extraordinary Resolution of the Noteholders

or so requested in writing by the holders of at least one-quarter in principal amount of the Notes then outstanding and (b) it has been indemnified and/or secured and/or pre-funded to its satisfaction.

11.2 Limitation on Trustee actions

The Trustee may refrain from taking any action in any jurisdiction if the taking of such action in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction, be contrary to any law of that jurisdiction. Furthermore, the Trustee may also refrain from taking such action if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

11.3 Enforcement by the Noteholders

No Noteholder or Couponholder shall be entitled to (i) take any steps or action against the Issuer or any Guarantor to enforce the performance of any of the provisions of the Trust Deed, the Notes or the Coupons or (ii) take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer or any Guarantor, in each case unless the Trustee, having become bound so to take any such action, steps or proceedings, fails or is unable so to do within 60 days and the failure or inability shall be continuing.

12. REPLACEMENT OF NOTES AND COUPONS

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of the expenses incurred in connection with the replacement and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

13. NOTICES

All notices to the Noteholders will be valid if published in a leading English language daily newspaper published in London. It is expected that publication in a newspaper will normally be made in the *Financial Times*. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, notice will be given in such other manner, and shall be deemed to have been given on such date, as the Trustee may approve. Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the Noteholders in accordance with this paragraph.

14. SUBSTITUTION

The Trustee may, without the consent of the Noteholders or Couponholders, agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Coupons and the Trust Deed of any other company being either (1) a Subsidiary of the Issuer (or of any previous substitute) or (2) a successor in business (as defined in the Trust Deed) to the Issuer (or of any previous substitute), subject to:

- (a) the Trustee being satisfied that the substitution is not materially prejudicial to the interests of the Noteholders; and
- (b) certain other conditions set out in the Trust Deed being complied with.

15. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER, AUTHORISATION AND DETERMINATION

15.1 Meetings of Noteholders

The Trust Deed contains provisions for convening meetings (including meetings held by way of audio or video conference) of the Noteholders to consider any matter affecting their interests, including the modification or abrogation by Extraordinary Resolution of any of these Conditions or any of the provisions of the Trust Deed. The quorum at any meeting for passing an Extraordinary Resolution will be one or more persons present holding or representing more than 50 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons present whatever the principal amount of the Notes held or represented by them, except that, at any meeting the business of which includes any matter defined in the Trust Deed as a Basic Terms Modification, including the modification of certain of the provisions of these Conditions and certain of the provisions of the Trust Deed (including the specified date of maturity of the Notes or any specified date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes), the necessary quorum for passing an Extraordinary Resolution will be one or more persons present holding or representing not less than two-thirds, or at any adjourned such meeting not less than one third, of the principal amount of the Notes for the time being outstanding. The Trust Deed provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed by a majority consisting of not less than three-fourths of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-fourths in principal amount of the Notes for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the holders of not less than three-fourths in principal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed by the Noteholders will be binding on all Noteholders, whether or not they are present at any meeting and whether or not they voted on the resolution, and on all Couponholders.

15.2 Modification, Waiver, Authorisation and Determination

The Trustee may agree, without the consent of the Noteholders or Couponholders (i) to any modification (excluding any Basic Terms Modification) of, or to the waiver or authorisation of any breach or proposed breach of, any of these Conditions or any of the provisions of the Trust Deed or the Agency Agreement, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default (as defined in the Trust Deed) shall not be treated as such (provided that, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders), or (ii) to any modification (including any Basic Terms Modification) which, in its opinion, is of a formal, minor or technical nature or to correct a manifest error.

15.3 Trustee to have Regard to Interests of Noteholders as a Class

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Trustee shall have regard to the general interests of the Noteholders as a class but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, any Guarantor, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 8 and/or any undertaking given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

15.4 Notification to the Noteholders

Any modification, abrogation, waiver, authorisation, determination or substitution shall be binding on the Noteholders and the Couponholders and, unless the Trustee agrees otherwise, any modification or substitution shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 13.

16. INDEMNIFICATION AND PROTECTION OF THE TRUSTEE AND ITS CONTRACTING WITH THE ISSUER AND THE GUARANTORS

16.1 Indemnification and protection of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility and liability towards the Issuer, the Guarantors, the Noteholders and the Couponholders, including (i) provisions relieving it from taking action unless indemnified and/or secured and/or pre-funded to its satisfaction and (ii) provisions limiting or excluding its liability in certain circumstances. The Trust Deed provides that, when determining whether an indemnity or any security or pre-funding is satisfactory to it, the Trustee shall be entitled (i) to evaluate its risk in any given circumstance by considering the worst-case scenario and (ii) to require that any indemnity or security given to it by the

Noteholders or any of them be given on a joint and several basis and be supported by evidence satisfactory to it as to the financial standing and creditworthiness of each counterparty and/or as to the value of the security and an opinion as to the capacity, power and authority of each counterparty and/or the validity and effectiveness of the security.

16.2 Trustee Contracting with the Issuer and the Guarantors

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer, the Guarantors and/or any of the Issuer's other Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the Guarantors and/or any of the Issuer's other Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders, and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

17. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes, having terms and conditions the same as those of the Notes, or the same except for the amount and date of the first payment of interest, which may be consolidated and form a single series with the outstanding Notes. Any further notes or bonds which are to form a single series with the Notes shall be constituted by a deed supplemental to the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of notes or bonds of other series in certain circumstances where the Trustee so decides.

18. GOVERNING LAW AND SUBMISSION TO JURISDICTION

18.1 Governing Law

The Trust Deed, the Notes and the Coupons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes and the Coupons are governed by, and construed in accordance with, English law.

18.2 Submission to Jurisdiction

- (a) Subject to Condition 18.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Trust Deed, the Notes or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes or the Coupons (a **Dispute**) and each of the Issuer, each Guarantor, the Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

- (b) For the purposes of this Condition, the Issuer and each Guarantor waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (c) Each of Burberry (Wholesale) Limited, Burberry Limited (NY) and Burberry Asia Limited: (i) irrevocably appoints the Issuer as its agent for service of process in relation to any proceedings before English courts; and (ii) agrees that failure by a process agent to notify any of it of the process will not invalidate the proceedings concerned.
- (c) To the extent allowed by law, the Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction and (ii) concurrent proceedings in any number of jurisdictions.

19. RIGHTS OF THIRD PARTIES

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE REPRESENTED BY THE GLOBAL NOTES

The following is a summary of the provisions to be contained in the Trust Deed to constitute the Notes and in the Global Notes which will apply to, and in some cases modify, the Conditions of the Notes while the Notes are represented by the Global Notes.

1. Accountholders

For so long as all of the Notes are represented by one or both of the Global Notes and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount of such Notes (each an “**Accountholder**”) (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Notes standing to the account of any person shall, in the absence of manifest error, be conclusive and binding for all purposes) shall be treated as the holder of such principal amount of such Notes for all purposes (including but not limited to, for the purposes of any quorum requirements of, or the right to demand a poll at, meetings of the Noteholders) other than with respect to the payment of principal and interest on such principal amount of such Notes, the right to which shall be vested, as against the Issuer, the Guarantors and the Trustee, solely in the bearer of the relevant Global Note in accordance with and subject to its terms and the terms of the Trust Deed. Each Accountholder must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment made to the bearer of the relevant Global Note.

2. Payments

On and after 31 July 2024, no payment will be made on the Temporary Global Note unless exchange for an interest in the Permanent Global Note is improperly withheld or refused. Payments of principal, premium (if any) and interest in respect of Notes represented by a Global Note will, subject as set out below, be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of such Global Note to the order of the Principal Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purposes. A record of each payment made will be endorsed on the appropriate part of the schedule to the relevant Global Note by or on behalf of the Principal Paying Agent, which endorsement shall be *prima facie* evidence that such payment has been made in respect of the Notes. Payments of interest on the Temporary Global Note (if permitted by the first sentence of this paragraph) will be made only upon certification as to non-U.S. beneficial ownership unless such certification has already been made.

3. Notices

For so long as all of the Notes are represented by one or both of the Global Notes and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg (as the case may be) for communication to the relevant Accountholders rather than by publication as required by Condition 13, provided that, so

long as the Notes are listed on any stock exchange, notices shall also be published in accordance with the rules of such exchange. Any such notice shall be deemed to have been given to the Noteholders on the day on which such notice is delivered to Euroclear and/or Clearstream, Luxembourg (as the case may be) as aforesaid.

4. Interest Calculation

For so long as Notes are represented by one or both of the Global Notes, interest payable to the bearer of a Global Note will be calculated on the principal amount of the Global Note but otherwise shall be calculated in accordance with Condition 5. The resultant figure is rounded to the nearest penny (half a penny being rounded upwards).

5. Exchange

The Permanent Global Note will be exchangeable in whole but not in part (free of charge to the holder) for definitive Notes only:

- (a) upon the happening of any of the events defined in the Trust Deed as "Events of Default";
- (b) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available; or
- (c) the Issuer or the Guarantors has/have or will become subject to adverse tax consequences which would not be suffered were the Notes in definitive form and a certificate to such effect signed by two Directors of the Issuer or two Directors or officers of the relevant Guarantor (as applicable) is given to the Trustee.

Thereupon (in the case of (a) and (b) above) the holder of the Permanent Global Note (acting on the instructions of one or more of the Accountholders (as defined below)) or the Trustee may give notice to the Issuer and the Principal Paying Agent and (in the case of (c)) the Issuer may give notice to the Trustee, the Principal Paying Agent and the Noteholders, of its intention to exchange the Permanent Global Note for definitive Notes. Any exchange shall occur no later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

Exchanges will be made upon presentation of the Permanent Global Note to or to the order of the Principal Paying Agent on any day on which banks are open for general business in London. In exchange for the Permanent Global Note the Issuer will deliver, or procure the delivery of, an equal aggregate principal amount of definitive Notes (having attached to them all Coupons in respect of interest which has not already been paid on the Permanent Global Note), security printed in accordance with any applicable legal and stock exchange requirements and in or substantially in the form set out in the Trust Deed. On exchange of the Permanent Global Note, the Issuer will procure that it is cancelled and, if the holder so requests, returned to the holder together with any relevant definitive Notes.

6. Prescription

Claims against the Issuer and the Guarantors in respect of principal, premium (if any) and interest on the Notes represented by a Global Note will be prescribed after 10 years (in the case of principal or premium) and five years (in the case of interest) from the Relevant Date (as defined in Condition 8).

7. Cancellation

Cancellation of any Note represented by a Global Note and required by the Conditions of the Notes to be cancelled following its redemption or purchase will be effected by endorsement by or on behalf of the Principal Paying Agent of the reduction in the principal amount of the relevant Global Note on the relevant part of the schedule thereto.

8. Euroclear and Clearstream, Luxembourg

Notes represented by a Global Note are transferable in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as appropriate. References in the Global Notes and this summary to Euroclear and/or Clearstream, Luxembourg shall be deemed to include references to any other clearing system approved by the Trustee.

USE OF PROCEEDS

The net proceeds of the issue of the Notes, after deduction of commissions, fees and estimated expenses, is expected to be approximately £298,185,000, and will be applied for the general corporate purposes of the Group.

Financial Overview

The net assets of the Group were £1,154 million as at 30 March 2024 and the Group generated adjusted operating profit of £418 million for the 52-week period ended 30 March 2024.

Total revenues of the Group were £2,968 million for the 52-week period ended 30 March 2024, and retail revenues for the 52-week period ended 30 March 2024 were £2,400 million. The Group's total revenues over the last decade have risen at a compounded annual growth rate of 2.5 per cent., as demonstrated below:

<u>Financial Year</u>	<u>Total Revenues (£ million)</u>
2013/14	2,330
2014/15	2,523
2015/16	2,515
2016/17	2,766
2017/18	2,733
2018/19	2,720
2019/20	2,633
2020/21	2,344
2021/22	2,826
2022/23	3,094
2023/24	2,968

In addition, the Group's Adjusted EBITDA (Adjusted EBITDAR for 2013/14-2018/19 to be on a comparable basis to EBITDA under IFRS 16) has risen at a compounded annual growth rate of 0.75 per cent. over the last decade:

<u>Financial Year</u>	<u>Adjusted EBITDA (Adjusted EBITDAR for 2013/14-2018/19) (£ million)</u>
2013/14	740
2014/15	770
2015/16	785
2016/17	842
2017/18	837
2018/19	801

2019/20	764
2020/21	673
2021/22	836
2022/23	975
2023/24	797

As the Group adopted IFRS 16, *Leases*, in FY 2019/20, Adjusted EBITDAR has been used in the above table as an equivalent metric for the financial years preceding this. Given that Adjusted EBITDA includes depreciation of right of use assets, the minimum rental expense has been added back to Adjusted EBITDAR to allow for comparison against Adjusted EBITDA.

Brand

Following the launch of Burberry's new creative expression in February 2023, the Group has focused on leveraging its Britishness and reinterpreting the brand's heritage. The Group considers Burberry's British heritage as a position of strength and is building on this, including by refining its storytelling to incorporate more of the timeless and classic attributes that the brand is known for. The Group aims to increase the focus on product in its storytelling, while using locally relevant campaigns and activations to strengthen customer recruitment and engagement. For more details on Burberry's new creative expression, please refer to page 4 and page 19 of the Issuer's annual report and accounts for FY 2023/24.

Product

During the financial year ended 30 March 2024, the Group started to evolve its collections in line with its new creative vision. Burberry's seasonal offer is now more elevated and relevant, and the core offer has been reinvigorated, including through the release of Burberry Classics in March 2024. The Group has invested significantly in the quality of its offer and the choice of materials used, and is now focusing on building out its product offer, including by building on its strengths in outerwear and developing a full product offer in the ready-to-wear category. The Group also aims to balance the assortment and increase visibility in communication for Burberry bags, as well as to expand its 'softs' category and develop its shoe offer. For more details on this, please refer to page 5, page 19 and page 20 of the Issuer's annual report and accounts for FY 2023/24.

Distribution

The Group is continuing to enhance customer experiences both in-store and online. The Group has a well-established network of Burberry stores in high-visibility locations, which the Group is continuing to strengthen and refurbish. Additionally, the Group has begun to elevate the online shopping experience at Burberry.com, which reflects the new Burberry brand aesthetic and has a greater focus on product. The Group will continue to invest in enhancing its omnichannel capabilities and personalising the shopping experience for its customers, including by strengthening visual merchandising in store, continuing to deliver on its store refurbishment programme, and focusing on clienteling and styling.

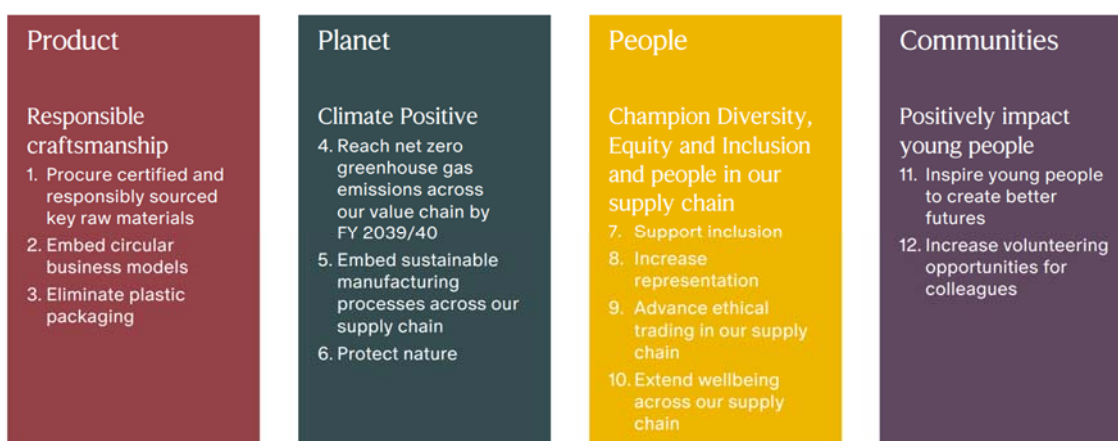

Operations

The Group is continuing to deliver operational improvements in order to support its strategic priorities. During the financial year ended 30 March 2024, the Group reconfigured its supply chain and strengthened internal manufacturing capabilities with the acquisition and integration of a product development business from technical outerwear partner Pattern SpA. The Group is working to drive cost efficiencies, deliver process and technology improvements, and maintain the pace of delivering its sustainability targets.

For further details on the Group's strategy, please refer to pages 19 to 21 of the Issuer's annual report and accounts for FY 2023/24.

Burberry Beyond Strategy

The Group has set out its environmental and social responsibility strategy and targets in the 'Burberry Beyond Strategy'. Risk management

The Group's strategy takes into account risks, as well as opportunities, which need to be actively managed. The Board is ultimately responsible for challenging management's development and implementation of effective systems of risk identification, assessment and mitigation to within risk

appetite. The Board has delegated responsibility for reviewing the effectiveness of the Group's internal controls and risk management arrangements to the Audit Committee. Ongoing review of these controls is provided through the Risk Committee, Sustainability Committee, Data Privacy Committee, Ethics Committee, Group Treasury Committee and supporting internal governance processes. Internal Audit provides independent assurance to the Group's management and the Audit Committee on the effectiveness of management actions.

The Group's incident management framework operates to ensure that incidents are reported, escalated and managed effectively, so mitigating the impact of business interruption. Additionally, the Group has strategies in place to reduce dependence on key manufacturing sites, vendors and suppliers and has quality control programmes in place. Exposures to the financial consequences posed by business interruption risks are partly transferred to the insurance market through the Group's insurance policies.

For further details on the Group's risk management framework, please refer to pages 83 to 90 and 118 to 124 of the Issuer's annual report and accounts for FY 2023/24.

TAXATION

General

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those jurisdictions or elsewhere. The description assumes that there will be no substitution of the Issuer and does not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the Terms and Conditions of the Notes). It is not intended and does not constitute tax advice or legal opinion. Prospective purchasers of Notes are advised to consult their own tax advisers as to the consequences, under the tax laws of the countries of their respective citizenship, residence or domicile, of a purchase of Notes, including, but not limited to, the consequences of receipt of payments under the Notes and their disposal or redemption. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any changes in law that might take effect after such date.

UK Taxation

The comments below are of a general nature and reflect the understanding of the Issuer of current UK tax law as applied in England and Wales and HM Revenue & Customs practice ("HMRC") (which may not be binding on HMRC), in each case as at the latest practicable date before the date of this Prospectus. They do not necessarily apply where the income is deemed for tax purposes to be the income of any other person. They relate only to the position of persons who are the absolute beneficial owners of their Notes and Coupons and may not apply to certain classes of persons such as dealers, certain professional investors, or persons connected with the Issuer. The description assumes that there will be no substitution of the Issuer and does not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the Terms and Conditions of the Notes). The comments are intended as a general guide and should be treated with appropriate caution. The comments are not intended to be exhaustive. This summary does not cover any issues or taxes not expressly covered; nor should it be considered legal or tax advice to any person. The summary does not take into account the effect of any overriding anti-avoidance legislation that may apply to Noteholders in their particular circumstances or to any wider arrangements to which they may be a party. The UK tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future, possibly with retrospective effect. Each potential purchaser is advised to consult its own tax adviser as to the UK tax consequences attributable to acquiring, holding and disposing of Notes and in particular it is recommended that any Noteholders who are in doubt as to their own tax position, or who may be subject to tax in a jurisdiction other than the UK, consult their professional advisers.

1. Interest

While the Notes are and continue to be listed on a recognised stock exchange (designated as such by HMRC) within the meaning of Section 1005 Income Tax Act 2007, and carry a right to interest, they will constitute "quoted Eurobonds" and payments of interest by the Issuer may be made without withholding or deduction for or on account of UK income tax. The London Stock Exchange is a recognised stock exchange for these purposes. Notes will be treated as listed on the London Stock Exchange if they are included in the Official List by the FCA and are admitted to trading on the Regulated Market.

In all other cases, interest on the Notes that has a UK source will generally be paid by the Issuer under deduction of UK income tax at the basic rate (currently 20 per cent.) ("**UK Withholding Tax**"), subject to the availability of other reliefs under domestic law or any direction to the contrary from HMRC in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty.

The references to "interest" above mean interest as understood in UK tax law and in particular any premium element of the redemption amount of the Notes redeemable at a premium may constitute a payment of interest subject to the UK Withholding Tax discussed. If a Note is issued at a discount to its principal amount, any payments in respect of the discount element will not generally be treated as "interest" for these purposes.

2. Guarantee Payments

The UK Withholding Tax treatment of payments made by the Guarantors is uncertain. If any of the Guarantors make payments under the Guarantee in respect of interest on the Notes (or other amounts due on the Notes, other than payments in respect of principal) such payments may be regarded as having a UK source, and may therefore be subject to UK Withholding Tax subject to any available relief under an applicable double taxation treaty or to any other exemption which may apply. Such payments may not be eligible for the exemptions described in the paragraph entitled "1. Interest" above.

3. Stamp duty and stamp duty reserve tax

No UK stamp duty or stamp duty reserve tax is payable on the issue of a Note.

U.S. Federal Income Tax Considerations in respect of Guarantee

Payments under the guarantees will not be subject to U.S. federal withholding tax. However, payments under the guarantees may be subject to U.S. federal backup withholding tax unless the holder provides the information, and complies with the certification and identification procedures, to establish an exemption from backup withholding.

- (iv) interest on the Notes is received by or accrues to a corporation, other than a financial institution, and arises through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the IRO).

Sums received by or accrued to a corporation carrying on a trade, profession or business in Hong Kong by way of gains or profits arising in or derived from Hong Kong from the sale, disposal or redemption of the Notes may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong.
