1. NATURE AND CONTINUANCE OF OPERATIONS

Meraki Acquisition One, Inc. (the "Corporation"), was incorporated by a Certificate of Incorporation issued pursuant to the provisions of the Business Corporations Act (BC) on August 12, 2021. The registered office is located at 595 Howe Street, 10th Floor, Vancouver, BC, V6C 2T5.

The Corporation is classified as a Capital Pool Company ("CPC") as defined in Policy 2.4 of the TSX Venture Exchange (the "Exchange"). The principal business of the Corporation is to identify and evaluate assets or businesses with a view to potentially acquire them or an interest therein by completing a purchase transaction, by exercising of an option or by any concomitant transaction. The purpose of such an acquisition is to satisfy the related conditions of a qualifying transaction under the Exchange rules. On February 14, 2022, the common shares of the Company were listed on the TSX Venture Exchange (the "Exchange") under the trading symbol “MRKI.P”.

These financial statements have been prepared with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. The financial statements do not include adjustments to amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue operations.

As a CPC, the Corporation's principal business is the identification and evaluation of assets, properties or businesses with a view to acquisition or participation therein subject, in certain cases, to shareholder approval and acceptance by the Exchange. Where an acquisition or participation is warranted (the "Qualifying Transaction"), additional funding may be required. The ability of the Corporation to fund its potential future operations and commitments is dependent upon the ability of the Corporation to obtain additional financing.

2. BASIS OF PRESENTATION

Statement of Compliance

These unaudited condensed interim financial statements have been prepared in accordance and compliance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Reporting Interpretations Committee, and IAS 34, Interim Financial Reporting.

These unaudited condensed interim financial statements should be read in conjunction with the Company's 2024 annual audited financial statements prepared in accordance with IFRS. The accounting policies adopted in these unaudited condensed interim financial statements are consistent with those disclosed in the Company's audited financial statements for the year ended October 31, 2024.

These financial statements were authorized for issuance by the Board of Directors on March 4, 2025.

Basis of Measurement

The financial statements are presented in Canadian dollars, which is the Company's functional and presentation currency.

The financial statements are prepared on a historical cost basis. The accounting policies have been applied consistently throughout the entire period presented in these financial statements.

(Expressed in Canadian Dollars)

3. CASH RESTRICTION

Upon successful completion of an IPO, the proceeds raised from the issuance of share capital may only be used to identify and evaluate assets or businesses for future investment, provided that (1) the Corporation may use the proceeds raised from the IPO to pay for (a) reasonable expenses related to the IPO, (b) agents' and finders' fees, costs and commissions, (c) assurance and audit fees, (d) escrow agent and transfer agent fees, and (e) regulatory filing fees; and (2) the Corporation may incur general and administrative expenses in the aggregate of up to $3,000 per month. These restrictions may apply until completion of the Qualifying Transaction by the Corporation pursuant to the policies of the Exchange.

4. CAPITAL STOCK

Authorized

Unlimited number of common voting shares without nominal or par value.

Issued Common Shares

Issued share capital is as follows:

Balance, October 31, 2022	4,400,000
Shares issued for cash	-
Balance, October 31, 2024 and January 31, 2025	4,400,000

All of the common shares upon successful completion of an IPO will be held in escrow until completion of a Qualifying Transaction pursuant to the requirements of the Exchange. The escrowed common shares will be released as follows assuming listing on Tier 2 of the TSX Venture Exchange:

- 25% upon issuance of the Final Exchange Bulletin as defined under the policies of the Exchange; and,
- 25% on the dates that are 6, 12 and 18 months following the date of the initial release.

Once the common shares are placed in escrow, they will be considered contingently issuable under IFRS until the Corporation completes a Qualifying Transaction and will not be considered outstanding for purpose of the earnings per share calculation. At January 31, 2024, there are 2,400,000 shares held in escrow.

Loss Per Share

The calculation of basic and diluted loss per share for the period ended January 31, 2025 was based on the loss attributable to common shareholders of $3,782 and the average weighted average number of capital stock outstanding of 2,000,000.

Stock Options

At October 31, 2024 and January 31, 2025 the Company has a total of 440,000 options granted to directors and officers of the Company and expiring in 2032, as detailed below.

On October 22, 2021, the Company adopted an incentive stock option plan, as amended on January 28, 2022 (the “Option Plan”) which allows the Company’s board of directors, at its discretion and in accordance with the Exchange’s requirements, to grant options to directors, officers, employees and consultants for up to 10% of the issued and outstanding common shares. The options can be granted for a maximum term of ten years and vest at the discretion of the board of directors.

4. CAPITAL STOCK (Continued)

On January 20, 2022, the Company canceled 200,000 stock options granted to a director and officer of the Company and subsequently, granted 240,000 stock options to the directors and officers of the Company. The options entitle the holder to acquire one common share at a price of $0.05 per share and expire ten years from the date the common shares are listed on the TSX Venture Exchange. The options were valued using the Black-Scholes option model and the following assumptions: volatility of 100% (historical volatility is not available, therefore volatility of similar companies has been used); interest rate of 1.66.%; term of ten years; and a dividend rate of nil. The incremental fair value of the options granted is $3,712 and is recorded as share-based compensation expense.

On February 14, 2022, the Company granted 200,000 stock options to the directors and officers of the Company. The options entitle the holder to acquire one common share at a price of $0.10 per share and expire ten years from the date the common shares are listed on the TSX Venture Exchange. The options were valued using the Black-Scholes option model and the following assumptions: volatility of 100% (historical volatility is not available, therefore volatility of similar companies has been used); interest rate of 1.66.%; term of ten years; and a dividend rate of nil. The fair value of the options granted is $17,900 and was recorded as share-based compensation expense.

The following summarizes the stock option activities under the plan:

	Number of Options	Weighted Average Exercise Price
Outstanding and exercisable, October 31, 2024 and January 31, 2025	**440,000**	**$0.073**

The Company had the following stock options outstanding at January 31, 2025 and October 31,2024:

Expiry Date	2025	2024	Exercise Price
January 20, 2032	240,000	240,000	$ 0.05
February 14, 2032	200,000	200,000	0.10
	440,000	440,000	$ 0.073

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Capital Management

The Corporation's objective when managing capital is to maintain its ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders.

The Corporation includes share capital in the definition of capital.

The Corporation's primary objective with respect to its capital management is to ensure that it has sufficient cash resources to fund the identification and evaluation of potential acquisitions. To secure the additional capital necessary to pursue these plans, the Corporation may attempt to raise additional funds through the issuance of equity or by securing strategic partners.

The Corporation is not subject to externally imposed capital requirements other than the cash restriction disclosed in Note 4.

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

Risk Disclosures and Fair Values

The Corporation's financial instruments, consisting of cash and accounts payable, approximate fair values due to the relatively short term maturities of the instruments. It is management's opinion that the Corporation is not exposed to significant interest, currency or credit risks arising from these financial instruments.

As at January 31, 2025, the Corporation had liabilities of $7,877 and had cash of $55,302 to meet its current obligations. As a result, the Corporation has minimal liquidity risk.

Credit Risk

Credit risk is the risk of loss associated with the counterparty's inability to fulfill its payment obligations. The Corporation believes it has no significant credit risk.
