MANAGEMENT DISCUSSION AND ANALYSIS

**FOR THE PERIOD FROM
INCORPORATION (AUGUST 12, 2021) TO
JANUARY 31, 2022**

DESCRIPTION OF BUSINESS AND OVERVIEW OF OPERATIONS AND FINANCIAL CONDITION

The following management's discussion and analysis, prepared as of April 1, 2022 and should be read together with the unaudited interim financial statements and accompanying notes for the period from incorporation (August 12, 2021) to January 31, 2022, which were prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") effective for the reporting period ended January 31, 2022. All amounts are stated in Canadian dollars unless otherwise indicated.

The Company's ability to continue as a going concern and the recoverability of past expenditures mainly in day-to-day operations are dependent upon the ability of the Company to obtain necessary financing and/or loans to successfully complete its future objectives. These material uncertainties may cast significant doubt upon the Company's ability to continue as a going concern. Should the Company be unable to realize its assets or discharge its liabilities in the normal course of business, the net realizable value of its assets may be materially less than the amounts recorded in the financial statements. These financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern. Management pursues relationships and alliances with diverse entities in order to attract additional sources of funds or other transactions that would assure the continuance of the Company's operations.

All statements in this report that do not directly and exclusively relate to historical facts constitute forward-looking statements. These statements represent the Company's intentions, plans, expectations and beliefs, and are subject to risks, uncertainties, and other factors of which many are beyond the control of the Company. These factors could cause actual results to differ materially from the Company's expectations. The Company assumes no obligation to update or revise any forward-looking statements, as a result of new information, future events or otherwise.

Additional information related to the Company is available for view on SEDAR at www.sedar.com.

These conditions raise material uncertainties which may cast significant doubt on the Company's ability to continue as a going concern.

The Company's ability to continue as a going concern and the recoverability of past expenditures mainly in day-to-day operations are dependent upon the ability of the Company to obtain necessary financing and/or loans to successfully complete its future objectives. Management pursues relationships and alliances with diverse entities in order to attract additional sources of funds or other transactions that would assure the continuance of the Company's operations.
