

## **SENDERO RESOURCES SECURES UPDATED PERMITS**

Vancouver, British Columbia – January 28, 2026 – Sendero Resources Corp. (TSXV: SEND) (the “Company” or “Sendero”) is pleased to announce that it has received updated permits for its flagship Peñas Negras property, located in La Rioja Province, Argentina. The renewed approvals reaffirm the strong support of local and provincial authorities for advancing mineral exploration activities in the region.

The renewed permits supplement the previously granted permits and allowing for complete exploration and advancement to development of multiple and significant exploration targets across its extensive land holdings in the central portion of the prolific Vicuña Copper-Gold Belt, aligned with the region’s known mineralized trends.

“We would like to thank the Provincial Government of La Rioja, Mining Minister Federico Bazán, and his team for their continued support,” said Alex Gostevskikh, Chief Executive Officer of Sendero Resources Corp. “These renewals clearly demonstrate the Province’s support for mining and its recognition of the economic opportunities that sustainable exploration and development can bring.”

### **About Sendero Resources Corp.**

The Company is focused on copper-gold exploration at its 100% owned Peñas Negras Project in the Vicuña Belt in Argentina. The Peñas Negras Project has similar geological characteristics to other deposits in the Vicuña Belt and multiple porphyry and high-sulfidation epithermal targets have been identified on the project. The centre of the Peñas Negras concession area is situated approximately 18 km southeast of Caserones mine operated by Lundin Mining, approximately 24 km northeast of NGEEx Minerals’ Lunahuasi project, and about 32 km north-northeast of BHP-Lundin Mining’s Filo del Sol advanced exploration and development stage project. The Company also has an option to earn an 100% interest on eight additional granted mining concessions covering 91.7 km<sup>2</sup>. The total project area comprises 211.77 km<sup>2</sup>
