**CRITICAL ACCOUNTING ESTIMATES & CHANGES IN ACCOUNTING POLICIES  
INCLUDING INITIAL ADOPTION**

The fair value of these financial instruments approximates their carrying values, unless otherwise noted. Unless otherwise noted, it is management’s opinion that the Corporation is not exposed to significant interest, currency or credit risks arising from financial instruments.

**RISKS AND UNCERTAINTIES**

The Corporation is in the application process to operate as a Capital Pool Corporation as that term is defined in Policy 2.4 of the Exchange. Although management of the Corporation will be working to identify a Qualifying Transaction once the Corporation is listed, there is no assurance that a Qualifying Transaction will be entered into or be completed within the specified time, or at all. Nor can there be an assurance that the Corporation will be able to obtain additional financing in the future on terms acceptable to the Corporation or at all.

The Corporation is relying solely on the past business success of its directors and officers to identify a Qualifying Transaction of merit. The success of the Corporation is dependent upon the efforts and abilities of its management team. The loss of any member of the management team could have a material adverse effect upon the business and prospects of the Corporation. In such event, the Corporation will seek satisfactory replacements but there can be no guarantee that appropriate personnel may be found.

Completion of the Qualifying Transaction is subject to a number of conditions, including acceptance by the Exchange and in the case of a Non Arm’s Length Qualifying Transaction, majority of minority approval.
