New Earth Resources Corp. Completes Stock Split

Vancouver, British Columbia--(Newsfile Corp. - November 10, 2025) - **NEW EARTH RESOURCES CORP.** (CSE: EATH) ("**New Earth**" or the "**Company**") is pleased to confirm that it has completed its previously announced split (the "Split") of the Company's issued and outstanding Class A common shares (each, a "Share"), with one additional Share having been issued for each Share held by shareholders pre-Split. With the Split completed, the Company now has 18,505,000 Shares issued and outstanding. The number and exercise price of outstanding stock options, warrants and other convertible securities, if any, of the Company have been similarly adjusted in accordance with the Split ratio.

Shareholders do not need to take any action with respect to the Split. As per CSE policies, the Split was completed on a "push-out" basis, and the Company's CUSIP number remains the same. The Company's transfer agent, Endeavor Trust Corporation, will send holders of Shares as of the record date for the Split a DRS advice letter in lieu of a share certificate, which will represent the additional shares resulting from the Split.

About the Company

New Earth Resources Corp. is a Canadian-based mineral exploration company acquiring and developing advanced and early-stage exploration projects. Its flagship project is its 100% owned, past-producing Lucky Boy Uranium Property located in Gila County, Arizona, USA. Consisting of 14 Lode Claims, and spanning approximately 273 acres, the Lucky Boy Project covers a small open pit and underground workings that produced uranium in the 1950's, and again in the 1970's. In addition to Lucky Boy, included in the Company's uranium portfolio are three claims located in Saskatchewan, Canada covering 365 hectares.

The Company also has the option to acquire a 100% interest in 23 claims covering approximately 1,101 hectares in the Strange Lake area of Quebec, Canada, known as the "SL Project", which is prospective for rare earth elements.
