Statement on Tinkoff Bank's RAS Financial Highlights for January - September 2018

Moscow, Russia - 25 October 2018. TCS Group Holding PLC (TCS LI) (the "Group"), Russia's leading provider of online retail financial services via its Tinkoff.ru financial supermarket, today announces Tinkoff Bank's unaudited RAS financial highlights for January - September 2018.

For the nine months of 2018, net income stood at RUB 13.4bn, which is attributed to the growth of net interest income, lower cost of funding, improved quality of the loan portfolio and growth of revenue from new business lines.

It should be noted that the RAS net income figure is not a reliable indicator of IFRS net income for the same period. There is a very low correlation between financial results under the two reporting standards as a result of significant accounting differences. Therefore, RAS figures should not be used as the basis for conclusions on forthcoming IFRS results.

The gross loan portfolio amounted to RUB 215bn representing an increase of 38% y-o-y. The net loan portfolio amounted to RUB 178bn having increased by 36% y-o-y and constituted 55% of total assets (51% at year-end 2017).

Retail customer accounts stood at RUB 196.5bn. Tinkoff Bank continued to retain substantial liquidity: the CBR N2 ratio stood at 65% (minimum requirement: 15%), and the CBR N3 ratio was 146% (minimum requirement: 50%). Retail customer accounts constituted 72% of total liabilities.

Total assets increased by 35% y-o-y to RUB 324bn.

As of 1 October 2018, total capital including retained profits (based on Form 123) amounted to RUB 70bn. The CBR N1 capital adequacy ratio was 15.06%. Core Capital Adequacy Ratio (N1.1) was 10.29% and Main Capital Adequacy Ratio (N1.2) was 14.44%.

Note on RAS results

Please note that the figures in this press release are calculated in accordance with Tinkoff Bank's internal methodology which is available at:

<http://static.tinkoff.ru/documents/eng/investor-relations/ras-methodology.pdf>

RAS results are not a reliable indicator of IFRS results due to significant accounting differences that make a direct read-across from RAS to IFRS results impossible. The main differences between RAS and IFRS are:

- * Consolidated results under IFRS include a number of additional items and results of its subsidiaries
- * Accrual of expenses under IFRS
- * Timing differences in accounting for restructured loans ('instalments') and loans going through courts
- * The effect from the revaluation of currency derivative instruments
- * The effect of deferred income tax.
