Thunderbird Minerals Corp. Announces Director Changes

VANCOUVER, BC, March 12, 2025 – Thunderbird Minerals Corp. (“**Thunderbird**” or the “**Company**”) (TSXV:BIRD) is pleased to announce that it has appointed Amar Purewal and Kelly Abbott to its board of directors (the “**Board**”).

Mr. Purewal is an experienced entrepreneur with a background in building, managing, and coaching operators in the capital markets. Having worked with various fast-growing companies, he has excelled at tackling progressive and challenging projects across various sectors while raising millions of dollars for private and public companies. Mr. Purewal comes from a commercial lending background where he underwrote, structured and provided \$45M+ in debt financings across manufacturing, industrial, commercial farming, R&D and product development projects with the Royal Bank of Canada.

Mr. Abbott has over 15 years of experience in entrepreneurship and has founded multiple companies ranging in size and industry. Mr. Abbott has extensive experience in public markets and has helped secure millions of dollars in capital in private and public ventures. Mr. Abbott's expertise is in marketing, corporate strategy, venture capital and business development.

Messrs. Purewal and Abbott replace James Atherton and Rein Turner on the Board. The Company would like to thank Messrs. Atherton and Turner for their contributions to the Company and wishes them well in their future endeavors.

About Thunderbird Minerals Corp.

Thunderbird is a junior grassroots explorer focused on the discovery of new precious metal and copper projects through systematic exploration of metal-endowed terranes located in tier-one mining jurisdictions in North America. Thunderbird's focus is on development of its portfolio of projects to the mineral resource stage. Thunderbird's projects include its flagship Bullseye property in the Wels District of the Yukon Territory. Thunderbird's other properties include the Eagle Mountain gold property in the Cassiar Gold District in northern British Columbia, the Argo copper and gold property near Quesnel B.C., and the Apache copper and gold property in Kern County, California. Thunderbird continues to look for attractive properties throughout North America to add to its early-stage project pipeline.

On Behalf of the Board of Directors,
John Newell
President and Chief Executive Officer
