19	Statement of cash flows
20	Notes to the financial statements

The financial statements of AVI Limited have been audited in compliance with section 30 of the Companies Act No. 71 of 2008, as amended ("the Companies Act"), and have been prepared under the supervision of Justin O'Meara, CA(SA), the AVI Group Chief Financial Officer.

These annual financial statements for the year ended 30 June 2025 were published on 8 September 2025.

DIRECTORS' RESPONSIBILITY STATEMENT

The directors are responsible for the preparation and fair presentation of the annual financial statements of AVI Limited ("the Company"), comprising the balance sheet as at 30 June 2025, and the statements of comprehensive income, changes in equity and cash flows for the year then ended, the accounting policies and the notes to the financial statements, which include explanatory notes in accordance with IFRS[®] Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") and the requirements of the Companies Act No. 71 of 2008, as amended ("the Companies Act"), and the directors' report.

The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and for maintaining adequate accounting records and an effective system of risk management.

The directors have made an assessment of the Company's ability to continue as a going concern and have no reason to believe that the business will not be a going concern in the year ahead.

The auditor is responsible for reporting on whether the annual financial statements are fairly presented in accordance with the applicable financial reporting framework.

CEO AND FINANCIAL DIRECTOR RESPONSIBILITY STATEMENT

Each of the directors, whose names are stated below, hereby confirm that–

- (a) the annual financial statements set out on pages 4 to 36, fairly present in all material respects the financial position, financial performance and cash flows of the issuer in terms of IFRS Accounting Standards;
- (b) to the best of our knowledge and belief, no facts have been omitted or untrue statements made that would make the annual financial statements false or misleading;
- (c) internal financial controls have been put in place to ensure that material information relating to the issuer and its subsidiaries have been provided to effectively prepare the financial statements of the issuer;
- (d) the internal financial controls are adequate and effective and can be relied upon in compiling the annual financial statements, having fulfilled our role and function as executive directors with primary responsibility for implementation and execution of controls;
- (e) where we are not satisfied, we have disclosed to the audit committee and the auditors deficiencies in design and operational effectiveness of the internal financial controls, and have taken steps to remedy the deficiencies; and
- (f) we are not aware of any fraud involving directors.

SL CRUTCHLEY
Chief Executive Officer

JC O'MEARA
Chief Financial Officer

Designated Financial Director

5 September 2025

Extract from JSE Guidance letter on directors' responsibility on financial controls dated 17 July 2020 to note for information purposes:

Materiality

In terms of the JSE Listings Requirements ("the Requirements") financial information must be prepared in accordance with IFRS Accounting Standards. The application of materiality is an important concept dealt with by IFRS Accounting Standards. The reference to materiality in paragraph (a) of the CEO and FD sign off must be interpreted in the context of IFRS Accounting Standards.

The second obligation under the CEO and FD sign off rule (as detailed in (b)) must be read in the context of paragraph (a). The term 'no' does not mean a one hundred percent factual correctness but rather that after due, careful and proper consideration the directors agree that no facts have been omitted or untrue statements made that would make the Annual Financial Statements ("AFS") materially false or materially misleading in terms of IFRS Accounting Standards.

APPROVAL OF ANNUAL FINANCIAL STATEMENTS

The annual financial statements of the Company, as identified in the first paragraph, were approved by the Board of directors on 5 September 2025 and are signed on their behalf.

MJ WATTERS
Non-executive Chairman
Authorised director

SL CRUTCHLEY
Chief Executive Officer
Authorised director

CERTIFICATE OF THE COMPANY SECRETARY

In terms of section 88(2)(e) of the Companies Act No. 71 of 2008, as amended, I certify that, to the best of my knowledge and belief, the Company has lodged with the Companies and Intellectual Property Commission, for the financial year ended 30 June 2025, all such returns required of a public company in terms of the Companies Act No. 71 of 2008, as amended, and that all such returns are true, correct and up to date.

VA CRYSTAL
Company Secretary

Illovo, Johannesburg

5 September 2025

DIRECTORS' REPORT

The directors have pleasure in presenting their report for the year ended 30 June 2025.

Business of the Company

AVI Limited ("the Company"), which is registered and incorporated in the Republic of South Africa with primary listing on the JSE Limited ("JSE"), and a secondary listing on A2X, is a branded consumer products company. The Company registration number is 1944/017201/06. AVI Limited and its subsidiaries ("the Group") comprises trading subsidiaries that manufacture, process, market and distribute branded consumer products in the food, beverage, footwear, apparel and cosmetics sectors. The Company is an investment holding company.

Financial

The financial results and position of the Company are fully set out in the balance sheet, statement of comprehensive income, statement of cash flows and notes thereto.

Going concern

The Company earned a net profit for the year ended 30 June 2025 of R2 477,5 million (2024: R2 013,8 million) and as of that date, its total assets exceeded its total liabilities by R2 246,4 million (2024: R2 628,2 million).

The trading environment remains particularly challenging, exacerbated by the government's inability to deliver structural reforms required for sustainable economic recovery. Key macroeconomic pressures include elevated unemployment, declining real disposable income, and the continued erosion of South Africa's middle class; many of whom are core consumers of the Company's investments and their brands. In addition, the increasing deterioration of municipal infrastructure in critical areas where the Company and its investments operate has raised the cost and complexity of maintaining baseline operations.

Despite these conditions, the Company and its investments remain committed to protecting volumes, sustaining margin positions, and optimising returns. A number of restructuring and efficiency initiatives have been implemented in 2025 to address the cost and complexity of the Company's and its investments' operating models, with benefits expected to flow through in the upcoming financial year.

As part of preparing the financial results, the Company has performed a detailed going concern assessment. This assessment is based on the approved budget for the 2026 financial year and includes profitability, solvency and liquidity forecasts. The budget was set against a backdrop of weak macroeconomic growth, rising competitive intensity, and operational risks linked to infrastructure and regulatory shortcomings. Notwithstanding these challenges, the base case budget demonstrates continued capital stability, liquidity adequacy and value creation for shareholders.

A downside scenario was also considered, reflecting persistent inflation, further deterioration in public infrastructure, lower-than-expected consumer demand, and the potential impact of aggressive discounting by competitors. The scenario also accounted for volatile currency movements and the consideration of lower catch rates in the I&J division. Even under this scenario, the Company and its investments remain solvent and liquid, with no material uncertainty arising that casts doubt on its ability to continue as a going concern.

Based on the above, no material uncertainties that would require disclosure have been identified in relation to the ability of the Company to remain a going concern for at least the next 12 months. The directors therefore consider it appropriate for the going concern basis to be adopted in preparing the annual financial statements.

Share capital

Details of the Company's authorised and issued share capital are given in Note 6 to the financial statements.

A summary of the movement in the number of ordinary shares in issue during the year is given in Note 6 to the financial statements.

Corporate activity

There have been no major corporate transactions during the year.

General authority for the Company to acquire its own shares

The directors consider that it will be advantageous for the Company to have a general authority to acquire its own shares. Such authority will be utilised if the directors consider that it is in the best interests of the Company and shareholders to effect such acquisitions having regard to prevailing circumstances and the cash resources of the Company at the appropriate time. Accordingly, shareholders will be asked to approve such general authority at the Annual General Meeting on 11 November 2025.

DIRECTORS' REPORT continued

Dividends

Dividends, paid and proposed, are disclosed in Note 14 to the financial statements.

Directorate

There were no changes to the Board for the year under review.

In line with the requirements of the Companies Amendment Act, No. 16 of 2024, the composition of the Social and Ethics Committee was reviewed during the year. In compliance with the amended provision requiring a majority of the members be non-executive directors:

Mr SL Crutchley and Mr JC O'Meara resigned from the Social and Ethics Committee with effect from 16 January 2025.

Mr MJ Watters and Ms MR Mouyeme were appointed to the Social and Ethics Committee with effect from 16 January 2025.

In terms of the Company's Memorandum of Incorporation, Mr SG Robinson, Mr M Koursaris and Ms MR Mouyeme retire at the forthcoming Annual General Meeting. All of the retiring directors, being eligible, offer themselves for re-election.

In terms of the Companies Act, the appointments of Mr SG Robinson (Chairman), Mrs A Muller and Ms MR Mouyeme to the Audit and Risk Committee need to be approved at the forthcoming Annual General Meeting.

In terms of the Companies Act, the appointments of Mrs A Muller (Chair), Mr MJ Watters and Ms MR Mouyeme to the Social and Ethics Committee need to be approved at the forthcoming Annual General Meeting.

Directors' service contracts

Standard terms and conditions of employment apply to executive directors, which, inter alia, provide for notice of termination of three months. Non-executive directors conclude service contracts with the Company on appointment. Their term of office is governed by the Memorandum of Incorporation which provides that one-third of the aggregate number of directors will retire by rotation at each Annual General Meeting, but may, if eligible, offer themselves for re-election.

Share schemes

Particulars of the Company's various share incentive schemes are set out in Note 6.

Directors' interests

The interests of the directors in the issued listed securities of the Company, being ordinary shares of 5 cents each, as at 30 June 2025 and 30 June 2024, are as follows:

	Direct number	Beneficial indirect number	% of total
At 30 June 2025			
SL Crutchley	900 000	–	0,26
JC O'Meara	5 932	–	0,00
M Koursaris	145 836	–	0,04
MJ Watters	500	–	0,00
Total	1 052 268	–	0,30
At 30 June 2024			
SL Crutchley	869 697	–	0,26
JC O'Meara	4 010	–	0,00
M Koursaris	115 836	–	0,03
MJ Watters	500	–	0,00
Total	990 043	–	0,29

There has been no change to the directors' interests reflected above since the reporting date.

DIRECTORS' REPORT continued

Material shareholders

The Company does not have a holding company.

Ordinary shares

The beneficial holders of 3% or more of the issued ordinary shares of the Company at 30 June 2025, according to the information available to the directors, were:

	Number of ordinary shares	%
Government Employees Pension Fund	70 369 315	20,7
Vanguard Investment Management	12 947 600	3,8
Old Mutual Group	12 891 610	3,8

Special resolutions passed by the Company

The following special resolutions have been passed by the Company since the previous directors' report dated 6 September 2024 to the date of this report:

- To approve the fees payable to the current non-executive directors, excluding the Chairman of the Board and the foreign non-executive director.
- To approve the fees payable to the Chairman of the Board.
- To approve the fees payable to the Chairman of the Board, should the Chairman be a foreign non-executive director.
- To approve the fees payable to the members of the Remuneration, Nomination and Appointments Committee, excluding the Chairman of the committee.
- To approve the fees payable to the members of the Remuneration, Nomination and Appointments Committee, should the member be a foreign non-executive director.
- To approve the fees payable to the members of the Audit and Risk Committee, should the member be a foreign non-executive director.
- To approve the fees payable to the non-executive members of the Social and Ethics Committee, excluding the Chairman of the committee.
- To approve the fees payable to the members of the Social and Ethics Committee, should the member be a foreign non-executive director.
- To approve the fees payable to the Chairman of the Remuneration, Nomination and Appointments Committee.
- To approve the fees payable to the Chairman of the Audit and Risk Committee.
- To approve the fees payable to the Chairman of the Social and Ethics Committee.
- To authorise, by way of a general approval, the Company or any of its subsidiaries to acquire ordinary shares issued by the Company in terms of the Companies Act and Listings Requirements of the JSE.
- To authorise the Company, in terms of section 45 of the Companies Act, to provide direct or indirect financial assistance by way of loan, guarantee, the provision of security or otherwise, to any of its present or future subsidiaries and/or any other company or entity that is or becomes related or inter-related.

Post-reporting date events

No material events that meet the requirements of IAS 10 have occurred since the reporting date.

AUDIT COMMITTEE REPORT

The Audit Committee is pleased to present its report for the financial year ended 30 June 2025 in terms of section 94(7)(f) of the Companies Act No. 71 of 2008, as amended ("the Companies Act").

The Audit Committee has adopted formal terms of reference, delegated to it by the Board of directors, as its charter. The charter is in line with the Companies Act, the King IV Report on Corporate Governance for South Africa 2016 ("King IV") and the JSE Listings Requirements. The Audit Committee has discharged the functions delegated to it in terms of its charter. The Audit Committee's process is supported by the operating subsidiary companies which have internal review committees that monitor risk management and compliance activities. There is a formal reporting line from the various internal review committees into the Audit Committee via the Group's Chief Financial Officer.

During the year under review the Audit Committee performed the following statutory duties:

1. Reviewed and recommended for adoption by the Board such financial information as is publicly disclosed which for the year included:
 - The interim results for the six months ended 31 December 2024; and
 - The annual financial statements for the year ended 30 June 2025.
2. Considered and satisfied itself that the external auditors Ernst & Young Inc. are independent.
3. Approved the external auditor's budgeted fees and terms of engagement for the 2025 financial year.
4. Determined the non-audit related services which the external auditors were permitted to provide to AVI and reviewed the policy for the use of the external auditors for non-audit related services. All non-audit related service agreements between the AVI Group and the external auditors were pre-approved.
5. Satisfied itself that the necessary documentation and confirmations in terms of the JSE Listings Requirements were obtained from the external auditors.
6. Resolved that KPMG Inc. would continue to perform the internal audit function during the financial year.
7. Reviewed the Audit Committee charter in line with King IV recommendations.
8. Reviewed the internal audit charter in line with King IV recommendations.
9. Confirmed the internal audit plan for the 2025 financial year.
10. Ensured that appropriate financial reporting procedures exist and that they are working.
11. Confirmed that adequate whistle-blowing facilities were in place throughout the AVI Group and reviewed and considered actions taken with regard to incident reports.
12. Held separate meetings with management, the external and internal auditors to discuss any problems and reservations arising from the year end audit and other matters that they wished to discuss.
13. Noted that it had not received any complaints, either from within or outside the Company, relating either to the accounting practices, the internal audits, the content or auditing of the financial statements, the internal financial controls or any other related matter.
14. Conducted a self-evaluation exercise into its effectiveness.
15. Reviewed the suitability of Ernst & Young Inc., for re-appointment by considering, inter alia, the information stated in paragraph 22.15(h) of the JSE Listings Requirements.
16. Recommended to the Board the re-appointment of Ernst & Young Inc. as the external auditors and appointment of Mr D Engelbrecht as the registered auditor responsible for the audit for the year ending 30 June 2026, which will be considered at the forthcoming Annual General Meeting.
17. Evaluated and satisfied itself as to the appropriateness of the expertise and experience of the Company's financial director.
18. Satisfied itself as to the expertise, resources and experience of the Company's finance function.
19. Evaluated the underlying assessment performed by the CEO and financial director to support their declaration required in terms of section 3.84(k) of the JSE Listings Requirements and are satisfied that it supports the declaration made.

On behalf of the Audit Committee

SG ROBINSON
Audit Committee Chairman

5 September 2025

INDEPENDENT AUDITOR'S REPORT

To the shareholders of AVI Limited

Report on the Audit of the Separate Annual Financial Statements

Opinion

We have audited the separate annual financial statements of AVI Limited ("the Company") set out on pages 12 to 36, which comprise of the separate balance sheet as at 30 June 2025, and the separate statement of comprehensive income, the separate statement of changes in equity and the separate statement of cash flows for the year then ended, and notes to the separate annual financial statements, including material accounting policy information.

In our opinion, the separate annual financial statements present fairly, in all material respects, the separate financial position of the Company as at 30 June 2025, and its separate financial performance and separate cash flows for the year then ended in accordance with IFRS® Accounting Standards as issued by the International Accounting Standards Board and the requirements of the Companies Act of South Africa.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Separate Annual Financial Statements section of our report. We are independent of the Company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors ("IRBA Code") and other independence requirements applicable to performing audits of financial statements of the Company and in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits of the Company and in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

In terms of the IRBA Rule on Enhanced Auditor Reporting for the Audit of Financial Statements of Public Interest Entities, published in Government Gazette Number 49309 dated 15 September 2023 ("EAR Rule") we report:

Final Materiality

The ISAs recognise that:

- misstatements, including omissions, are considered to be material if the misstatements, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements;
- judgements about materiality are made in light of surrounding circumstances, and are affected by the size or nature of a misstatement, or a combination of both; and
- judgements about matters that are material to users of the financial statements consider users as a group rather than as specific individual users, whose needs may vary greatly.

The amount we set as materiality represents a quantitative threshold used to evaluate the effect of misstatements to the financial statements as a whole based on our professional judgement. Qualitative factors are also considered in making final determinations regarding what is material to the financial statements.

Final Materiality:

We determined final materiality to be R123,8 million which is based on 5% of profit before tax. We have identified profit before tax as the most appropriate basis as we typically believe that holding companies are evaluated by users on their ability to generate returns on their investments.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the separate annual financial statements of the current period. These matters were addressed in the context of our audit of the separate annual financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Separate Annual Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the separate annual financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying separate annual financial statements.

In terms of the EAR Rule, we are required to report the outcome of audit procedures or key observations with respect to the key audit matters and these are included below.

INDEPENDENT AUDITOR'S REPORT continued

Key Audit Matters continued

Key Audit Matter	How the matter was addressed in the audit
Impairment assessment of investments in subsidiaries and related intercompany loan accounts Management performs an annual impairment test on the recoverability of the carrying amounts of investments and loan balances where impairment indicators exist as required by IAS 36 – <i>Impairment of assets</i> and IFRS 9 – <i>Financial Instruments</i>. Certain macro-economic factors have continued to have a significant impact on the current economic climate, by affecting the spending patterns of consumers which continues to evolve between various products and regions. This has created uncertainties around the revenue and growth rate assumptions of the retail and consumer products businesses as well as the uncertainties surrounding the timing and amount of cash flows, when they are already inherently uncertain. Given the above, impairment testing of investments in subsidiaries and loans to subsidiaries, particularly in the footwear and apparel and food and beverage businesses required significant audit attention in the current year through extended sensitivity testing and stress tests with different economic recovery scenarios with the use of our valuation specialists. As disclosed in Note 1 the Company uses a discounted cash flow model to determine the value in use for each cash generating unit, on the basis of the following key assumptions: • forecast profits including revenue and profit growth; • discount rates; and • growth rate used to extrapolate cash flows beyond the budget period. Refer to Note 1 – Investments in subsidiaries.	Our audit procedures included, amongst others: • We involved the EY internal valuation specialists in our team to assist in evaluating management's impairment methodology and key assumptions used in the impairment calculations; • Together with the EY internal valuation specialists, we assessed management's impairment methodology by comparing it to best practices and the requirements of IAS 36 – <i>Impairment of assets</i>; • Our valuation specialists calculated independent weighted average cost of capitals ("WACCs") to compare to management's WACCs. Our independent WACC recalculation was based on publicly available market data for comparable companies for each of the material cash-generating units ("CGUs"); • For assumptions based on historical results, we compared the cash flow forecasts to past performance (particularly as it relates to historical working capital levels and gross profit margins); • For assumptions based on future trends and where the risk of a weakened economy is present: – We vouched CPI assumptions to current market information, which we obtained externally; – We stress tested the businesses' revenue cash flows by determining the impact of delayed economic growth, by pushing the cashflow forecasts out by one year; and – We have considered the actual trading results of the businesses' post-year-end in our assessment of the reasonability of the revenue cash flow projections. • We have performed sensitivity analyses around all the key assumptions used in the impairment model. We did this by increasing and decreasing the following assumptions in the model to determine the impact on the headroom between the total value of the investment in the CGU and the value in use as calculated by the impairment calculation model: – The WACC used to discount the cash flows; – Revenue and overheads; – Gross profit margins; and – Working capital requirements. • We assessed the historical reliability of cash flow forecasts prepared by management through a review of actual past performance compared to previous forecasts to understand management's ability to accurately estimate future cash flows; • We assessed historical forecasts obtained and compared these to forecasts obtained in the current year to determine management's ability to forecast accurately taking into consideration circumstances and events which arose during the financial year which were not known or present in prior years; and • We assessed the adequacy of the Company's disclosures in terms of IAS 36 – <i>Impairment of assets</i> and IFRS 9 – <i>Financial Instruments</i>, in relation to the investments and the loans receivable included in the financial statements.

INDEPENDENT AUDITOR'S REPORT continued

Key Audit Matters continued

Key Observations:

Based on the procedures performed over Impairment assessment of investments in subsidiaries and related intercompany loan accounts, we did not identify any significant matters requiring further consideration in concluding on our procedures.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the 36-page document titled "AVI 2025 Company Annual Financial Statements", which includes the Directors' report, the Audit Committee report and the Certificate of the company secretary as required by the Companies Act of South Africa and the Directors responsibility and approval; and in the 78-page document titled "AVI 2025 Group Annual Financial Statements", which include the Directors' report, the Audit Committee report and the Certificate of the company secretary as required by the Companies Act of South Africa, which we obtained prior to the date of this report and the "AVI 2025 Integrated Annual Report", which is expected to be made available to us after that date. The other information does not include the separate annual financial statements or the Group annual financial statements and our auditor's report thereon.

Our opinion on the separate annual financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the separate annual financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the separate annual financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Separate Annual Financial Statements

The directors are responsible for the preparation and fair presentation of the separate annual financial statements in accordance with IFRS® Accounting Standards as issued by the International Accounting Standards Board and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of separate annual financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the separate annual financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT continued

Auditor's Responsibilities for the Audit of the Separate Annual Financial Statements

Our objectives are to obtain reasonable assurance about whether the separate annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these separate annual financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the separate annual financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the separate annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the separate annual financial statements, including the disclosures, and whether the separate annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or related safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the separate annual financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In terms of the IRBA Rule published in Government Gazette Number 39475 dated 4 December 2015, we report that Ernst & Young Inc. has been the auditor of AVI Limited for eight years.

Ernst & Young Inc.

ERNST & YOUNG INC.
DIRECTOR – ALLISTER CARSHAGEN
Registered Auditor
Chartered Accountant (SA)

ACCOUNTING POLICIES

AVI Limited ("the Company") is a South African registered company. These are the Company's separate annual financial statements. The consolidated annual financial statements are available at the Company's registered office or on the AVI website www.avi.co.za.

Statement of compliance

The annual financial statements have been prepared in accordance with IFRS® Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards"), in compliance with JSE Listings Requirements, the interpretations adopted by the International Accounting Standards Board ("IASB"), the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council, and the requirements of the Companies Act of South Africa. The annual financial statements were approved for issue by the Board of directors on 5 September 2025.

Basis of preparation

These annual financial statements are prepared in millions of South African Rands ("R'm"), which is the Company's functional currency, on the historical cost basis.

The preparation of financial statements in conformity with IFRS Accounting Standards requires management to make judgements, estimates and assumptions that may affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision only affects that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about areas of estimation that have the most significant effect on the amounts recognised in the financial statements are described in the following notes:

Note 1, 2 – estimation of recoverable amount of investments in subsidiaries

Note 1, 2 – estimation of expected cash flows from loans to subsidiaries

Note 6 – valuation of incentive scheme options

The accounting policies set out below have been applied consistently in the periods presented in these annual financial statements. There are no new, revised or amended accounting standards, effective 1 July 2024, applicable to the Company.

New standards and interpretations in issue not yet effective

The Company continuously evaluates the impact of new accounting standards, amendments to accounting standards and interpretations and assesses these for applicability to the Company. The new accounting standards and amendments to accounting standards issued which are material to the Company, but not yet effective on 30 June 2025, include:

IFRS 18 – Presentation and Disclosure of Financial Statements

The new standard on presentation and disclosure in financial statements focusses on updates to the statement of profit or loss. The key new concepts introduced in IFRS 18 relate to:

- the structure of the statement of profit or loss;
- required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements; and
- enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

The Company is still assessing the impact of these amendments which are effective for the Company's annual reporting period beginning on 1 July 2027.

Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents comprise cash balances on hand and deposits held on call with banks.

Capital items

Capital items are items of income and expense relating to the acquisition, disposal or impairment of investments.

Capital items relate to separately identifiable remeasurements (not adjusted for related taxation and related non-controlling interests) other than remeasurements specifically included in headline earnings as defined in Circular 01/2023 – Headline earnings.

Dividends payable

Dividends payable are recognised in the period in which such dividends are declared.

ACCOUNTING POLICIES continued

Financial instruments

Financial instruments are recognised on the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

Financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs when the Company becomes a party to the contractual arrangements. Subsequent to initial recognition, these instruments are measured in accordance with their classification as set out below:

Financial asset classification and measurement

Financial assets are classified into the following three principle categories: financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income and debt instruments at amortised cost. The classification depends on the contractual cash flow characteristics and the business models for managing the financial assets, and is determined at the time of initial recognition.

The Company does not have any financial assets at fair value through profit or loss or at fair value through other comprehensive income.

Debt instruments at amortised cost

Debt instruments at amortised cost (including other receivables, bank balances, loans to subsidiaries and cash) are measured at amortised cost using the effective interest method, less any impairment.

Amortised cost is calculated considering any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

The Company measures financial assets at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Financial liability classification and measurement

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

The Company does not have any financial liabilities at fair value through profit or loss.

Other financial liabilities

Other financial liabilities (including other payables) are subsequently measured at amortised cost using the effective interest method.

Offset

Financial assets and financial liabilities are offset and the net amount reported in the balance sheet when the Company has a legally enforceable right to set off the recognised amounts, and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

Group share scheme recharge arrangements

A recharge arrangement exists whereby the cost to the scheme of acquiring shares issued in accordance with certain share schemes granted by the holding company is funded by way of contributions from employer companies in respect of participants who are their employees. The recharge arrangement is accounted for separately from the underlying equity-settled share-based payment upon initial recognition, as follows:

- The subsidiary recognises a recharge liability at fair value, determined using generally accepted valuation techniques, and a corresponding adjustment against equity for the capital contribution recognised in respect of the share-based payment.
- The parent recognises a corresponding recharge asset at fair value and a corresponding adjustment to the carrying amount of the investment in the subsidiary.

Subsequent to initial recognition the recharge arrangement is remeasured at fair value (as an adjustment to the net capital contribution) at each subsequent reporting date until settlement date, to the extent vested. Where the recharge amount recognised is greater than the initial capital contribution recognised by the subsidiary in respect of the share-based payment, the excess is recognised as a net capital distribution to the parent in equity. The amount of the recharge in excess of the capital contribution, recognised by the parent as an increase in the investment in subsidiary, is recognised as an adjustment to the net capital contribution through a reduction in the net investment in the subsidiary.

ACCOUNTING POLICIES continued

Impairment of non-financial assets

The carrying amounts of the Company's assets other than financial assets which are separately assessed and provided against where necessary, are reviewed at each reporting date to determine whether there is any indication of impairment. If there is any indication that an asset may be impaired, its recoverable amount is estimated. An asset's recoverable amount is the higher of an asset's or related cash-generating unit's fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit ("CGU") to which the asset belongs. Impairment losses are recognised in profit or loss as a capital item, when the carrying amount exceeds the recoverable amount.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised, and when the indication of impairment no longer exists.

Impairment of financial assets

The Company recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company considers a financial asset in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts, taking into account credit enhancements that are part of the contractual terms and are not recognised separately by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Investments in subsidiary companies

Investments in subsidiary companies are stated at amortised cost, less impairment losses.

Revenue

Revenue consists of dividends received from subsidiaries. Dividends are recognised when the right to receive payment is established.

Share-based payment transactions

Transactions in which a parent grants rights to its own equity instruments directly to the employees of its subsidiaries are classified as equity-settled in the financial statements of the parent.

The parent recognises in equity the equity-settled share-based payment and recognises a corresponding increase in the investment in subsidiary.

Equity-settled

The equity-settled share-based payment is measured at fair value at grant date and recognised over the period during which the employee becomes unconditionally entitled to the equity instruments. The fair value of the instruments granted is measured using generally accepted valuation techniques, taking into account the terms and conditions upon which the instruments are granted. The amount recognised is adjusted to reflect the actual number of share options that vest except where forfeiture is only due to market conditions not being met.

ACCOUNTING POLICIES continued

Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Repurchase of share capital

When share capital recognised as equity is repurchased, the amount of the consideration paid, including directly attributable costs, net of any tax effects, is recognised as a change to equity. Repurchased shares held by subsidiaries are classified as treasury shares and presented as a deduction from total equity. The consideration received when own shares held by the Company are re-issued is presented as a change to equity and no profit or loss is recorded.

Where loans advanced by the Company to a subsidiary to acquire treasury shares are to be repaid principally by the buy-back of such shares, the loan is classified as an equity instrument by the Company.

Taxation

Taxation on the profit or loss for the year comprises current and deferred taxation. Taxation is recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in other comprehensive income or equity.

Current taxation

Current taxation comprises tax payable calculated on the basis of the estimated taxable income for the year, using the tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable for previous years.

Deferred taxation

Deferred taxation is provided using the liability method based on temporary differences. Temporary differences are differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax base. The amount of deferred taxation provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using tax rates enacted or substantively enacted at the reporting date.

Deferred taxation is charged to profit or loss except to the extent that it relates to a transaction that is recognised directly in other comprehensive income or equity, in which case it is recognised in other comprehensive income or equity, or a business combination that is an acquisition, in which case it is recognised as an adjustment to goodwill. The effect on deferred taxation of any changes in tax rates is recognised in profit or loss, except to the extent that it relates to items previously charged or credited directly to other comprehensive income or equity.

A deferred taxation asset is recognised to the extent that it is probable that future taxable profits will be available against which the associated unused tax losses and deductible temporary differences can be utilised. Deferred taxation assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Uncertainty over income tax treatments

Where there is uncertainty regarding the tax treatment of an item, the Company discloses the judgements made in determining the respective tax position as well as information regarding any assumptions and estimates made. The Company recognises liabilities for anticipated uncertain positions based on the best estimate of whether additional income taxes will be due.

Dividend withholding tax

Dividend withholding tax is a tax on shareholders receiving dividends. Shareholders who are not exempt from paying dividend tax are subject to dividend withholding tax at a rate of 20%. In terms of dividend tax legislation, the dividend tax amount is withheld and paid over to the South African Revenue Services by nominee companies, stockbrokers or the relevant Central Securities Depository Participant on behalf of shareholders. Dividends are recognised at the gross amount directly in equity.

Balance at end of year in respect of inter-company loans	(127,1)	(127,1)

Investments in shares

Investments in shares are stated at amortised cost less impairment allowances.

The carrying amounts of the Company's share investments in subsidiaries are reviewed at each reporting date to determine whether there is any indication of impairment. If there is any indication that an asset may be impaired, its recoverable amount is estimated.

The recoverable amount of the investment in shares and loans is the value in use using a discounted cash flow model, based on forecast profits of the business discounted at an appropriate discount rate. Revenue and profit growth assumptions are based on the current forecasts and specific growth plans for the business, taking into account the economic environment in which the business operates.

As part of the vesting of the Group's Broad-based Black Economic Empowerment ("BBBEE") scheme in December 2021, the Company acquired a shareholding in I&J Black Staff Holding Company Proprietary Limited ("I&J Black Staff HoldCo"). In June 2024, the I&J Black Staff HoldCo was liquidated (refer to Note 2) and the recoverable amount of I&J Black Staff HoldCo was assessed as nil – consequently, the investment of R103,0 million was impaired in the prior year. I&J Black Staff HoldCo was deregistered in May 2025 and the investment is therefore no longer held by the Company. The investment, together with the impairment allowance previously recognised, were both derecognised in the current year.

Other than the above, based on the recoverable amount of the shares owned in investments, no adjustment to the impairment allowance was processed in the current or prior year.

Loans

Loan investments are stated at amortised cost less expected credit loss allowances. There has been no significant increase in credit risk in the current or prior period.

Refer to Note 2 for the gross carrying amounts of investments and loans to subsidiaries, and related allowances.

Share incentive schemes

The AVI Group's share incentive schemes, together with a summary of the movements in the respective share incentive instruments, are set out in the tables below.

The Revised AVI Limited Executive Share Incentive Scheme

The Revised AVI Limited Executive Share Incentive Scheme was approved by shareholders at the Annual General Meeting held on 3 November 2016 and replaced the AVI Limited Executive Share Incentive Scheme. Eligible participants are awarded share appreciation rights, which vest after the completion of a three-year service period, subject to the satisfaction of a performance condition, namely that the AVI return on capital employed over the period exceeds the weighted average cost of capital. Upon vesting, participants are entitled to exercise their awards by receiving AVI shares equal to the increase in value of their awards between award date and exercise date. The cost of these AVI shares is funded by way of contributions from employer companies in respect of participants who are their employees.

Date of award	Award price per instrument R	Instruments outstanding at 30 June 2024 number	Awarded number	Exercised/ lapsed number	Relinquished ¹ / Forfeited number	Instruments outstanding at 30 June 2025 number

1 April 2020	69,75	580 658	–	(580 658)	–	–
1 October 2020	74,52	78 832	–	(69 972)	–	8 860
1 April 2021	73,85	621 405	–	(213 171)	–	408 234
1 October 2021	86,04	289 966	–	(229 969)	–	59 997
1 April 2022	69,23	1 164 830	–	(575 919)	(13 401)	575 510
1 October 2022	73,43	547 404	–	(8 156)	(1 316)	537 932
1 April 2023	66,48	1 445 285	–	(43 908)	(59 757)	1 341 620
1 October 2023	75,20	640 113	–	(5 222)	(4 674)	630 217
1 April 2024	91,54	973 508	–	(11 276)	(337 739)	624 493
1 October 2024	108,00	–	274 686	–	(65 894)	208 792
1 April 2025	89,87	–	1 008 842	–	–	1 008 842
		6 355 699	1 283 528	(1 751 949)	(482 781)	5 404 497
Weighted average award price (R)		74,35	93,75	72,61	89,86	78,13
Weighted average exercise price on date of exercise (R)				97,90		

The weighted average remaining contractual life of instruments outstanding as at 30 June 2025 is 1,2 years (2024: 1,3 years).

¹ The number of relinquished instruments represents instruments sacrificed in favour of AVI Limited Out-Performance Scheme options in terms of the rules of the AVI Limited Out-Performance Scheme.

The share appreciation rights are available to be exercised in their entirety three years after the effective date of granting of awards, subject to the performance condition being met. Any rights not exercised by the fifth anniversary of such date will lapse. Exercises in any period prior to vesting in the third year represent the portion allowed to be exercised on retirement, death, disability or retrenchment.

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

6. Share capital and premium continued

Share incentive schemes continued

The AVI Limited Out-Performance Scheme

Eligible participants are awarded notional shares, which vest after the completion of a three-year service period, and are converted to AVI shares subject to AVI's performance against an identified peer group over the vesting period.

The scheme is based on a total shareholder return ("TSR") measure. TSR is the increase in value of shares after the notional reinvestment of all distributions. Allocations of notional shares are made in conjunction with the identification of the peer group against which that tranche will be measured.

At the measurement date in respect of each tranche:

- AVI's TSR and the TSR of each peer in the peer group for that tranche will be determined;
- the TSR of each peer in the peer group will be ranked in ascending order in 10 performance deciles;
- depending on the peer group decile within which AVI's TSR is ranked, a vesting multiple of between 0 times and 3,6 times will be applied to the notional shares to determine the number of shares allocated to the participant upon vesting. No shares vest if AVI's TSR is ranked below the 50th peer group percentile.

Upon vesting, each participant will receive the AVI shares due to them. The cost of the AVI shares is funded by way of contributions from employer companies in respect of participants who are their employees.

As the allocation of awards is a notional allocation, the notional shares so allocated will not attract any dividends or voting rights in the hands of participants until vested.

Date of award	Award price per instrument R	Instruments outstanding at 30 June 2024 number	Awarded number	Exercised number	Forfeited number	Instruments outstanding at 30 June 2025 number

Weighted average award price (R)		74,82	104,87	79,98	73,44	83,06
Weighted average share price on date of exercise (R)				108,37		

The weighted average remaining contractual life of instruments outstanding as at 30 June 2025 is 1,3 years (2024: 1,5 years).

All notional shares vest three years after award date. Notional shares are converted to AVI shares only if the performance requirements are met on the vesting date.

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

6. Share capital and premium continued

Share incentive schemes continued

The AVI Limited Deferred Bonus Share Plan

The AVI Limited Deferred Bonus Share Plan was approved by shareholders at the Annual General Meeting held on 3 November 2016. The value of the awards allocated is determined with reference to each eligible participant's annual bonus (earned under the Group's short-term bonus incentive framework). A portion of the annual bonus is paid in cash while the deferred element is settled in equity as AVI shares and is subject to a three-year service period before vesting, during which period the bonus shares remain restricted. These shares are held by an escrow agent on behalf of participants during this vesting period. Participants are, however, eligible to receive dividends and vote at shareholder meetings.

Date of award	Award price per instrument R	Instruments outstanding at 30 June 2024 number	Awarded number	Exercised number	Forfeited number	Instruments outstanding at 30 June 2025 number
1 October 2021	86,04	214 964	–	(214 147)	(817)	–
1 October 2022	73,43	571 393	–	(21 418)	(35 646)	514 329
1 June 2023	63,58	1 608 644	–	(31 373)	(102 533)	1 474 738
1 October 2023	75,20	639 571	–	(12 167)	(52 200)	575 204
1 October 2024	108,00	–	531 826	(1 589)	(29 065)	501 172
		3 034 572	531 826	(280 694)	(220 261)	3 065 443
Weighted average award price (R)		69,47	108,00	82,22	73,87	74,68
Weighted average share price on date of exercise (R)				107,12		

The weighted average remaining contractual life of instruments outstanding as at 30 June 2025 is 1,1 years (2024: 1,7 years).

Upon vesting, the shares become unrestricted in the hands of participants. The cost of the AVI shares is funded by way of contributions from employer companies in respect of participants who are their employees.

The vesting of shares prior to the completion of the three-year restriction period represents the portion allowed to vest on retirement, death, disability or retrenchment.

The AVI Black Staff Empowerment Scheme

The AVI Black Staff Empowerment Scheme was established to provide certain full-time black employees of the Group with the opportunity of acquiring shares in the capital of the Company, and has been incorporated within the AVI Black Staff Empowerment Scheme Holding Trust ("the Trust"). The purchase of shares by the Trust for the purpose of the scheme was funded by way of loans from employer companies in respect of participants who are their employees.

Participants were granted a right to purchase ordinary AVI shares equal to the number of options awarded in three equal tranches after the fifth, sixth and seventh anniversaries of acceptance of the offer by the participant. The right to purchase was subject to the settlement of the exercise price by the participant and the express condition that the participant was still an employee at the relevant exercise date. The final allocation was made in December 2011 and the final tranche vested on 31 December 2018. The scheme established in terms of the Trust deed has terminated and no further allocations will be made.

The remaining share options at 30 June 2025 in respect of good leavers have lapsed in terms of the scheme rules. These options remain unexercised despite ongoing attempts to trace the affected participants. The Trustees have, however, resolved to allow these participants to exercise their share options should they be traced in future.

Remaining share options	40 124	40 124

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

6. Share capital and premium continued

Share incentive schemes continued

Restrictions

Ordinary shares in the authorised and unissued capital of the Company were placed under the control of the directors with specific authority to allot and issue them in terms of the Company's existing share incentive schemes ("the schemes"). The total number of share instruments, options or instruments convertible into ordinary shares which may be allocated for purposes of the schemes are detailed in the table below.

Share incentive scheme	Authorised number	% of total issued share capital*	Remaining authorised but not issued number
Revised AVI Limited Executive Share Incentive Scheme	5 213 369	1,5	4 837 708
AVI Limited Deferred Bonus Share Plan	5 213 369	1,5	734 418
AVI Limited Out-Performance Scheme	6 915 158	2,0	3 907 614
Total	17 341 896	5,0	9 479 740

* As at date authority was granted.

Share-based payments

The fair value of the equity instruments is measured as follows:

Revised AVI Limited Executive Share Incentive Scheme	Black-Scholes valuation model
AVI Limited Out-Performance Scheme	Black-Scholes and Monte Carlo valuation methodology
AVI Limited Deferred Bonus Share Plan	Award date market price of shares

The contractual life of the equity instruments is used as an input into the model. The equity instruments are granted under a service condition and expected attrition is considered in estimating the number of options expected to vest.

The fair value of the estimated number of options expected to vest is expensed over the vesting period of the underlying equity instrument. In the event of accelerated vesting, the remaining fair value of the vested instruments is expensed in the period of vesting.

Assumptions applied in arriving at fair value of instruments issued during the year	2025	2024
Equity instruments issued by the Revised AVI Limited Executive Share Incentive Scheme		
Fair value at grant date	R15,07 – R17,19	R14,33 – R17,00
Share price	R69,47 – R83,28	R57,96 – R70,71
Exercise price	R89,87 – R108,00	R75,20 – R91,54
Expected volatility	22,4%	21,7% – 22,8%
Option life	3,5 years	3,5 years
Dividend yield	2,20% – 6,68%	2,02% – 3,10%
Risk-free interest rate	10,05% – 10,63%	12,30% – 12,38%
Equity instruments issued by the AVI Limited Out-Performance Scheme		
Fair value at grant date	R42,28	R24,35
Share price	R104,87	R74,00
Option life	3 years	3 years
Dividend yield	5,9%	7,4%
Risk-free interest rate	10,05%	11,38%
Expected mean TSR performance	5,8%	10,8%
Equity instruments issued by the AVI Limited Deferred Bonus Share Plan		
Share price	R108,00	R75,20

The expected volatility is based on the average volatility over a period of six months prior to grant date or measurement date.

The GSAB 10-year index was used to determine a risk-free interest rate at grant date or measurement date.

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

7. Reserves		
The balance at end of year comprises:		
Share-based payment reserve	667,6	565,2
Share buy-back reserve	(386,5)	(386,5)
	281,1	178,7
Share-based payment reserve		
The reserve comprises the fair value of equity instruments granted to Group employees, net of tax on deductible recharges. The fair value of the instruments are measured at grant date using generally accepted valuation techniques after taking into account the terms and conditions upon which the instruments were granted.		
Share buy-back reserve		
The reserve represents the reversal of share premium relating to the delisting and cancellation of ordinary shares.		
8. Other payables		
Other payables and accrued expenses	10,5	9,2
	10,5	9,2
9. Revenue		
Dividends – unlisted companies	2 489,7	2 132,5
Dividends were received from:

– I&J Black Staff HoldCo – dividend in specie (Note 16)	–	148,4
	2 489,7	2 132,5
10. Operating profit		
In arriving at the operating profit before capital items, the following have been taken into account:		
Auditor's remuneration		
– Fee for audit	0,3	0,3
Details of the directors' remuneration are given in the related party disclosure (Note 16).		
11. Capital items		
Preference share investment receivable write-off ¹	–	(4,4)
Impairment of investment in I&J Black Staff HoldCo ²	–	(103,0)
	–	(107,4)
Attributable taxation	–	–
	–	(107,4)

¹ On 1 July 2023, the BBBEE transaction between the Company and Main Street matured, and the Company exercised its call option to purchase the 20% shareholding in I&J HoldCo and the cumulative preference shares were redeemed. A deposit receivable balance of R4,4 million remained on vesting date, which was assessed as irrecoverable and written off in full.

² Following the liquidation of I&J Black Staff HoldCo, the Company's investment in the ordinary shares of I&J Black Staff HoldCo was fully impaired. Refer to Notes 1 and 2 for further information.

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

17. Financial risk management

17.1 Overview

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing financial risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

The Board of directors has overall responsibility for the establishment and oversight of the Company's financial risk management framework. The AVI Treasury, together with the relevant business unit executives, is responsible for developing the relevant financial risk management policies and for monitoring risk.

The Company's financial risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to identify and review changes in market conditions and the Company's activities. The Company aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The AVI Audit Committee oversees management's monitoring of compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the financial risks faced by the Company. The AVI Audit Committee is assisted in its oversight role by internal audit.

17.2 Capital management

The Board's policy is to maintain a strong working capital base so as to maintain investor, creditor and market confidence and to sustain the future development of the business.

From time to time the Company purchases its own shares in the market under general authority granted by shareholders; the timing of these purchases depends on market prices. Primarily, the shares are repurchased as part of a programme to return capital to shareholders, but some may be used for issuing shares under the AVI Group's share incentive schemes. Buying decisions are made under specific mandates from the executive directors.

There were no changes to the Company's approach to capital management during the year.

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

17. Financial risk management continued

17.3 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's cash and cash equivalents and loan receivables.

Cash and cash equivalents

The majority of the Company's investments are in liquid securities with counterparties that have sound credit ratings. Where considered necessary, security is sought. Management does not expect any counterparty to fail to meet its obligations.

Guarantees

The Company's policy is to provide limited financial guarantees in respect of banking facilities for subsidiaries. At 30 June 2025 guarantees were in place for AVI Financial Services Proprietary Limited, National Brands Limited, Irvin & Johnson Holding Company Proprietary Limited, A&D Spitz Proprietary Limited, Indigo Brands Proprietary Limited, Hampton Sportswear Proprietary Limited, Green Cross Manufacturers Proprietary Limited, Ciro Full Service Beverage Company Proprietary Limited, Irvin & Johnson Aquaculture Proprietary Limited and Irvin & Johnson Property Holding Company Proprietary Limited (2024: AVI Financial Services Proprietary Limited, National Brands Limited, Irvin & Johnson Holding Company Proprietary Limited, A&D Spitz Proprietary Limited, Indigo Brands Proprietary Limited, Hampton Sportswear Proprietary Limited, Green Cross Manufacturers Proprietary Limited, Ciro Full Service Beverage Company Proprietary Limited, Irvin & Johnson Aquaculture Proprietary Limited and Irvin & Johnson Property Holding Company Proprietary Limited). There have been no draw downs of the above mentioned guarantees in the current and prior year.

In addition, the Company provides limited sureties for outstanding debt under the cash management agreement for subsidiary companies that participate in AVI's cash management agreement.

Subordination agreement

The Company has subordinated its right to claim or accept repayment of a portion of its loan from Green Cross Manufacturers Proprietary Limited in favour of the other creditors until the assets of Green Cross Manufacturers Proprietary Limited, fair valued, exceed its liabilities.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	2025 R'm	2024 R'm
Loans to subsidiaries	60,9	60,9
Cash and cash equivalents	326,5	750,2
Group share scheme recharge receivable from subsidiaries	333,7	258,6
Total	721,1	1 069,7

17.4 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of financial liabilities, including estimated interest payments, and excluding the impact of netting agreements:

	Carrying amount R'm	Contractual cash flows R'm	1 year or less R'm	+1 – 2 years R'm	+2 – 5 years R'm	More than 5 years R'm
30 June 2025

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

17. Financial risk management continued

17.5 Market risk

Market risk is the risk that changes in market prices, such as interest rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Interest rate risk

The Company, being strongly cash generative, adopts a policy of ensuring that most of its exposure to changes in interest rates on borrowings is on a floating rate basis. The interest rate profile of the Company relates to bank balances. At reporting date the net asset of these instruments is R0,4 million (2024: net asset of R0,4 million) and the net impact of changes in the market interest rates will therefore be minor.

An increase of 100 basis points in interest rates at the reporting date, calculated on the net closing balances (as mentioned above) and using simple interest for 12 months, would have decreased profit and equity by a negligible amount (2024: decreased by a negligible amount). A decrease of 100 basis points would have had the equal but opposite effect. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis as for 2024.

18. Financial assets and liabilities

Accounting classifications and fair values

The table below sets out the Company's classification of each class of financial assets and liabilities, including their levels in the fair value hierarchy (if applicable).

	CARRYING AMOUNT			FAIR VALUE HIERARCHY		
	Assets	Debt instruments, derivatives and equity instruments at fair value through profit or loss	Debt instruments at amortised cost	Level 1	Level 2	Level 3
Liabilities		Financial liabilities at fair value through profit or loss	Financial liabilities at amortised cost			
30 June 2025	R'm	R'm	R'm	R'm	R'm	R'm
Financial assets not measured at fair value	387,4	–	387,4	–	–	–
Loans to subsidiary companies	60,9	–	60,9			
Cash and cash equivalents	326,5	–	326,5			
Financial liabilities not measured at fair value	(10,5)	–	(10,5)	–	–	–
Other payables and accrued expenses	(10,5)	–	(10,5)			
30 June 2024						
Financial assets not measured at fair value	811,1	–	811,1	–	–	–
Loans to subsidiary companies	60,9	–	60,9			
Cash and cash equivalents	750,2	–	750,2			
Financial liabilities not measured at fair value	(9,2)	–	(9,2)	–	–	–
Other payables and accrued expenses	(9,2)	–	(9,2)			

Management has assessed that the fair values of loans to subsidiary companies, cash and cash equivalents, and other payables and accrued expenses approximate their carrying amounts largely due to the short-term maturities of these instruments.

NOTES TO THE FINANCIAL STATEMENTS continued

for the year ended 30 June 2025

19. Segment reporting

Management have assessed that this entity is managed as one segment due to the fact that it is an investment holding company. The primary source of income is dividends received. Segment reporting is not disclosed in this set of annual financial statements.

The segment report of the AVI Limited Group of companies is included in the consolidated annual financial statements available at the Company's registered office or on the AVI website www.avi.co.za.

20. Going concern

The Company earned a net profit for the year ended 30 June 2025 of R2 477,5 million (2024: R2 013,8 million) and as of that date, its total assets exceeded its total liabilities by R2 246,4 million (2024: R2 628,2 million).

The trading environment remains particularly challenging, exacerbated by the government's inability to deliver structural reforms required for sustainable economic recovery. Key macroeconomic pressures include elevated unemployment, declining real disposable income, and the continued erosion of South Africa's middle class; many of whom are core consumers of the Company's investments and their brands. In addition, the increasing deterioration of municipal infrastructure in critical areas where the Company's and its investments' operate has raised the cost and complexity of maintaining baseline operations.

Despite these conditions, the Company and its investments remain committed to protecting volumes, sustaining margin positions, and optimising returns. A number of restructuring and efficiency initiatives have been implemented in 2025 to address the cost and complexity of the Company and its investments operating models, with benefits expected to flow through in the upcoming financial year.

As part of preparing the financial results, the Company has performed a detailed going concern assessment. This assessment is based on the approved budget for the 2026 financial year and includes profitability, solvency and liquidity forecasts. The budget was set against a backdrop of weak macroeconomic growth, rising competitive intensity, and operational risks linked to infrastructure and regulatory shortcomings. Notwithstanding these challenges, the base case budget demonstrates continued capital stability, liquidity adequacy and value creation for shareholders.

A downside scenario was also considered, reflecting persistent inflation, further deterioration in public infrastructure, lower-than-expected consumer demand, and the potential impact of aggressive discounting by competitors. The scenario also accounted for volatile currency movements and the consideration of lower catch rates in the I&J division. Even under this scenario, the Company and its investments remain solvent and liquid, with no material uncertainty arising that casts doubt on its ability to continue as a going concern.

Based on the above, no material uncertainties that would require disclosure have been identified in relation to the ability of the Company to remain a going concern for at least the next 12 months. The directors therefore consider it appropriate for the going concern basis to be adopted in preparing the annual financial statements.
