VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE

This announcement is made by Transport International Holdings Limited (the "**Company**", and together with its subsidiaries, the "**Group**") on a voluntary basis. The board of directors of the Company (the "**Board**") would like to update the shareholders and potential investors of the Company on the latest business update of the Group.

The ongoing Middle East crisis has caused a dramatic surge in global crude prices. Notably, diesel prices have risen even more sharply than crude oil prices due to the geopolitical tensions, which have disproportionately disrupted refined-product supply chains, refinery operations, and global distillate inventories. Since late February 2026, diesel price has risen sharply by nearly 200% from roughly US$90 per barrel to US$250 per barrel. Forward indicators suggest such elevated diesel prices are likely to persist in the near term.

On 9 April 2026, the Government of the Hong Kong SAR announced short-term targeted measures to mitigate the impact of rising fuel prices, including fuel and toll subsidies for a period of two months as well as the establishment of a Working Group on Public Transport Service Special Applications to expedite and assist public transport operators in their applications relating to responding flexibly to rising fuel costs. These short-term targeted measures will partially offset the additional fuel costs as the Group still has to bear the severe impact of rising fuel prices.

The financial impact of the Group could largely depend on the forthcoming changes in fuel prices. The Group will continue to monitor the market developments, conduct ongoing assessments and formulate appropriate operational and financial strategies to address the impact of rising fuel prices.

Shareholders of the Company and potential investors are advised to note that this announcement is published as a voluntary announcement to inform the public of the

latest business update of the Group. Shareholders and potential investors of the Company are reminded to exercise caution when dealing in the shares of the Company.

By order of the Board
