### **ANNOUNCEMENT INSIDE INFORMATION TEMPORARY PRODUCTION INTERRUPTION**

This announcement is issued by L'sea Resources International Holdings Limited (the "Company") pursuant to Rule 13.09(2) of the Rules Governing the Listing of the Securities on the Main Board of the Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong).

The Company has been informed by Bluestone Mines Tasmania Joint Venture Pty Limited, a joint venture in which a non-wholly owned subsidiary of the Company held 50% interest, that on 2 August 2015, a seismic event was recorded at Renison Mine. There were no injuries or damage to equipment.

Inspections have been carried out by Renison Mine staff and the relevant authorities. Mining activities have recommenced in three of the four underground production areas and further assessments are underway to reobtain access to the South Renison Decline area.

Work is underway to minimise the impact on production. It is currently envisaged that as a result of the seismic event, there will be a loss of processing production of approximately five days, during which period, the processing plant will be shut down to enable stocks to be replenished, with minor scheduled maintenance being brought forward.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.
