Summary

Summaries are made up of disclosure requirements known as 'Elements'. The Elements are numbered in Sections A–E (A.1–E.7).

This summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted into the summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element is included in the summary with the mention of 'not applicable'.

Summary continued

Element	Disclosure requirement	Disclosure
B.34	Investment policy	Investment Objectives The Company will seek to invest in a diversified portfolio of smaller companies, principally unquoted companies but possibly also including stocks quoted on AIM or NEX, selecting companies which Oakley Investment Managers LLP (the "Manager") believes provide the opportunity for value appreciation. Pending investment in suitable Qualifying Investments, the Manager will invest in investments intended to generate a positive return, which may include certain money market securities, listed securities and cash deposits. The Company will continue to hold up to 30% of its net assets (20% from 1 April 2020) in such products after it is fully invested under the VCT rules. Investment Strategy For its "qualifying investments" (being investments which comprise Qualifying Investments for a venture capital trust as defined in Chapter 4 Part 6 of the Income Tax Act 2007) ("Qualifying Investments"), the Company is expected to invest primarily in unquoted companies, although it may also invest in companies whose shares are traded on AIM or NEX. The Company will invest in a diverse range of businesses, predominantly those which the Manager considers are capable of organic growth and, in the long term, sustainable cash flow generation. It is likely that investment will be biased towards consumer-facing businesses with an established brand or where brand development opportunities exist. The Company will invest in a small portfolio of carefully selected Qualifying Investments where the Manager should be able to exert influence over key elements of each investee company's strategy and operations. The companies may be at any stage in their development from start-up to established businesses. It is anticipated that, at any time, up to 30% of investments (20% from 1 April 2020) will be held in non-VCT qualifying investments ("Non-Qualifying Investments"), recognising that no single investment will represent more than 15% of net assets (at the time of investment). Until suitable Qualifying Investments are identified, up to 30% of the net proceeds of any offer (20% from 1 April 2020) will be invested in other funds, with the balance being invested in other investments which may include certain money market securities, and cash deposits. Asset Allocation <i>Qualifying Investment Portfolio</i> For its Qualifying Investments, the Company will invest primarily in companies whose shares are not traded on any exchange, although it may also invest in companies whose shares are traded on AIM or NEX, and will invest up to a maximum of 15% (at the time of investment) in any single Qualifying Investment. The Manager will seek to construct a portfolio comprising a diverse range of businesses. It is expected that a substantial proportion of the Qualifying Investments will be in the form of ordinary shares, and in some cases preference shares or loans. <i>Non-Qualifying Investment Portfolio</i> Under current VCT legislation, the Company must have invested at least 70% of funds raised in Qualifying Investments within three years of the funds being raised (80% from 1 April 2020). However, this programme of investment in Qualifying Investments will take time to complete; thus in the first three years a considerable proportion of those funds will need to be invested elsewhere, in Non-Qualifying Investments such as certain money market securities, listed securities and cash deposits. At any time after the end of the three years of initial investment in Qualifying Investments, the Company will hold no more than 30% of its funds in Non-Qualifying Investments (20% from 1 April 2020). The portfolio of Non-Qualifying Investments will be managed with the intention of generating a positive return. Until suitable Qualifying Investments are identified, up to 30% of the net proceeds of any offer will be invested in other funds (20% from 1 April 2020), with the balance being invested in other investments which may include money market securities and cash deposits.

Element	Disclosure requirement	Disclosure
B.34 continued	Investment policy continued	Risk Diversification The Directors will control the overall risk of the portfolio by ensuring that the Company has exposure to a diversified range of unquoted companies, in particular, targeting a variety of sectors. In order to limit concentration in the portfolio that is derived from any particular investment, at all times no more than 15% by value of the relevant share pool of the Company (at the time of investment) will be invested in any single company. In addition, no more than 10%, in aggregate, of the assets of the Company (at the time the investment is made) will be invested in other listed closed-ended investment funds. The Company may invest in a range of securities including, but not limited to, ordinary and preference shares, loan stocks and convertible securities, and other interest-bearing securities. Unquoted Qualifying Investments will usually be structured as a combination of ordinary shares, preference shares and loans. Gearing In common with many other VCTs, whilst the board of Directors of the Company (the “Board”) does not intend that the Company will borrow funds, the Company is entitled to do so subject to the aggregate principal amount at the time of borrowing not exceeding 25% of the value of the adjusted capital and reserves of the Company (being, in summary, the aggregate of the issued share capital, plus any amount standing to the credit of the Company’s reserves, deducting any distributions declared and intangible assets and adjusting for any variations to the above since the date of the relevant balance sheet). Change in Investment Policy Should a material change in the investment policy be deemed appropriate this will only be effected with the prior approval of Shareholders in accordance with the Listing Rules.
B.35	Borrowing limits	The Company is entitled to incur borrowings provided that the aggregate principal amount outstanding at any one time does not exceed 25% of the value of the adjusted capital and reserves of the Company at the time the borrowings are incurred (being, in summary, the aggregate of the issued share capital, plus any amount standing to the credit of the Company’s reserves, deducting any distributions declared and intangible assets and adjusting for any variations to the above since the date of the relevant balance sheet). The Board does not currently intend for the Company to borrow funds.
B.36	Regulatory status	The Company is not a regulated entity.
B.37	Typical investor	The profile of a typical Investor is a UK tax resident individual who seeks a venture capital strategy focused on capital appreciation with sufficient income and capital available to be able to commit an investment in the Company for over five years and who is attracted by the income tax relief available for a VCT investment. Investors may include retail, institutional and sophisticated investors and high net-worth individuals (however the decision to invest may be influenced by the availability of tax reliefs to such an Investor).
B.38	Investment of 20% or more in a single underlying asset or investment company	Not applicable. The Company will not invest more than 20% of its gross assets in a single underlying asset or investment company.
B.39	Investment of 40% or more in a single underlying asset or investment company	Not applicable. The Company will not invest more than 40% of its gross assets in a single underlying asset or investment company.

B.40	Applicant's service providers	Investment Management Arrangements Under an investment management agreement dated 15 February 2013, novated to the Manager on 1 July 2014 and varied on 3 October 2014 and 1 December 2017 (the "IMA"), the Manager provides discretionary and advisory investment management services to the Company in respect of its portfolio of investments in accordance with the provisions of the IMA. The Manager provides services in accordance with the IMA for which it receives a management fee of 2% of the Company's NAV. The Manager also contributes to, and caps the total Annual Running Costs of the Company such that they will not exceed £350,000 whilst the NAV remains below £100 million. If the NAV exceeds £100 million the cap increases to £500,000. In the year to 31 March 2018 the total expense to NAV ratio was 2.3% and is expected to be capped to less than 2.7% in the year to 31 March 2019. In the event of a full subscription of £40 million the total expense to NAV ratio will be approximately 2.4%. The Manager does not take any arrangement fees, monitoring fees or exit fees from any of the portfolio companies. To align themselves with investors, the Manager does not take any performance incentive fees until investors have been paid actual dividends in excess of the performance fee hurdle, as described below. The Manager will be incentivised with a performance fee of 20% exclusive of VAT of any amounts distributed to Shareholders in excess of £1 per Share (the "Performance Fee") above the relevant hurdle. The Performance Fee in relation to the return on the Ordinary Shares is subject to satisfaction of a hurdle which is that Ordinary Shareholders have received in aggregate a return equivalent to at least 8% per annum per Ordinary Share (calculated on a daily basis and not compounded) on the amount subscribed per Ordinary Share (100 pence) as from 20 January 2014 in respect of Ordinary Shares issued pursuant to the offer for subscription of Ordinary Shares that was launched on 15 February 2013 and from 31 March 2014 in respect of Ordinary Shares issued under the top-up offer made by the Company in 2014. The Performance Fee in relation to the return on the B Ordinary Shares is subject to satisfaction of a hurdle which is that B Ordinary Shareholders have received in aggregate a return equivalent to at least 3% per annum per B Ordinary Share (calculated on a daily basis and not compounded) on the amount subscribed per B Ordinary Share (100 pence) as from (i) the date of the last allotment under the offer of B Ordinary Shares on the basis of the October 2014 prospectus in respect of B Ordinary Shares issued under that prospectus or (ii) the date of the issue of the relevant B Ordinary Shares under any subsequent offer of B Ordinary Shares, and in either case up to the date of proposed payment of the relevant Performance Fee. Where, at the time of a distribution, there have been previous distributions to the relevant class of Shareholders, for the purposes of determining if the hurdle on the relevant Shares has been met, the return will be calculated from the day after the previous distribution date for the relevant Shares on the total amount subscribed per relevant Share by Shareholders but reduced by the aggregate amount of such previous distributions made on the relevant Shares on a per Share basis. The Manager's appointment under the IMA will continue until terminated on twelve months' notice given by either party at any time after 16 April 2023, subject to earlier termination in certain circumstances. Administration and Company Secretarial Arrangements Under an administration agreement (the "Administration Agreement") dated 15 February 2013 (as subsequently varied on 3 October 2014), The City Partnership (UK) Limited (the "Administrator") provides certain administrative, accounting and company secretarial services to the Company for an annual fee (currently at a rate of £82,275 per annum (subject to increase by an amount equal to 0.05% of any further funds raised by the Company in any future share issues) plus VAT at the relevant rate, payable quarterly and increases annually in line with RPI. The Administrator's appointment under the Administration Agreement can be terminated on six months' notice given at any time, subject to earlier termination in certain circumstances. Offer Agreement The Manager will pay all the Company's costs and expenses of or incidental to the Offer and Admission (excluding any annual trail commission but including commission payable to the Distributor), in return for which it will receive a Promoter Fee of 3.5% of the value of each application for B Ordinary Shares accepted by the Company.

Element	Disclosure requirement	Disclosure
B.41	Regulatory status of the Manager	The Manager is authorised and regulated by the Financial Conduct Authority. The Manager acts as the Alternative Investment Fund Manager to the Company.
B.42	Calculation of net asset value	The net asset value of a Share will be calculated by the Manager in accordance with the Company's accounting policies and will be published quarterly through a Regulatory Information Service. The calculation of the net asset value per Share will only be suspended in circumstances where the underlying data necessary to value the investments of the Company cannot readily, or without undue expenditure, be obtained. Details of any suspension in making such calculations will be announced through a Regulatory Information Service.
B.43	Cross liability	The Company is not an umbrella collective investment undertaking. Investors should be aware however that, although the Articles contain provisions designed to allocate the assets and liabilities of the Company between the different share classes, such provisions cannot ring-fence the assets allocated to one share class from the liabilities of the other share class as far as third parties are concerned (for example a creditor of the Company).
B.44	Absence of financial statements	Not applicable. The Company has commenced operations and published financial statements.
B.45	Portfolio	Investment of the Ordinary and B Ordinary Share Pool has been across four sectors: health and fitness; hospitality; apparel and accessories; and media and technology. As at the date of this document, the Company has made 32 investments totalling £35.3 million in aggregate. The Company's investments are principally in unquoted investments in UK companies.
B.46	Net asset value	As at 31 March 2018, being the latest date prior to the publication of this document at which the Company has published its NAV, the Company's audited NAV per Ordinary Share was 124.03 pence and its audited NAV per B Ordinary Share was 108.12 pence.

Section C – Securities

Element	Disclosure requirement	Disclosure
C.1	Types and class of securities	The Company will issue new B Ordinary shares of 1 pence each ("B Ordinary Shares") under the Offer. The ISIN of the B Ordinary Shares is GB00BQVC9S79, the SEDOL is BQVC9S7 and the LEI is 213800RLWAGHVUX8HR40.
C.2	Currency	Sterling.
C.3	Number of securities to be issued	The Company will issue up to £20 million of B Ordinary Shares in the capital of the Company pursuant to the Offer, with an over-allotment facility for up to a further £20 million of B Ordinary Shares.
C.4	Description of the rights attaching to the securities	As regards Income: The Shareholders shall be entitled to receive such dividends as the Directors resolve to pay out in accordance with the Articles. Under the Articles of the Company, all the assets of the Company and all the liabilities of the Company will be allocated either to the assets and liabilities allocated to the Ordinary Shares (the "Ordinary Share Pool") or the assets and liabilities allocated to the B Ordinary Shares (the "B Ordinary Share Pool"). The Ordinary Shares will be entitled to the economic benefit of the assets allocated to the Ordinary Share Pool and the B Ordinary Shares will be entitled to the economic benefit of assets allocated to the B Ordinary Share Pool. Therefore, although the rules in the CA 2006 and elsewhere in relation to the payment of distributions will be applicable to the Company on a Company-wide basis, the income arising on the portfolios will belong to one or the other of the share classes depending on which portfolio generated the income.

Summary continued

Element	Disclosure requirement	Disclosure
C.4 continued	Description of the rights attaching to the securities continued	As regards Capital: Similarly, the capital assets of the Company will be allocated to either the Ordinary Share Pool or the B Ordinary Share Pool. On a return of capital on a winding-up or on a return of capital (other than on a purchase by the Company of its Shares) the surplus capital shall be divided amongst the holders of the relevant Share class <i>pro rata</i> according to the number of Shares of the relevant class held and the aggregate entitlements of that Share class. The Ordinary Shares will not be entitled to any capital assets held in the B Ordinary Share Pool and the B Ordinary Shares will not be entitled to any capital assets held in the Ordinary Share Pool. In relation to the purchase by the Company of its Shares, the purchase of Ordinary Shares may only be financed by assets in the Ordinary Share Pool and the purchase of B Ordinary Shares may only be financed by assets in the B Ordinary Share Pool. As regards voting and general meetings: Subject to disenfranchisement in the event of non-compliance with a statutory notice requiring disclosure as to beneficial ownership, each Shareholder present in person or by proxy shall, on a poll, have one vote for each Share of which they are the holder. The Ordinary Shareholders may not be entitled to vote on certain matters which concern the B Ordinary Share class only and vice versa. As regards Redemption: None of the B Ordinary Shares or the Ordinary Shares are redeemable. As regards the Special Reserve created on the cancellation of the Company's share premium account in March 2014: The Articles provide that the special reserve created upon the cancellation of the share premium account arising from the previous issue of Ordinary Shares may be used for the benefit of both the Ordinary Shares and the B Ordinary Shares. While this will not transfer any net asset value between the different share classes, it will permit those reserves to be treated as distributable profits on a Company-wide basis, such that on an accounting basis, dividends and share buy-backs in respect of both share classes may be facilitated by the availability of that special reserve.
C.5	Restrictions on the free transferability of the securities	Not applicable. There are no restrictions on the free transferability of the Shares.
C.6	Admission	Application will be made to the UKLA for the B Ordinary Shares to be admitted to the premium segment of the Official List and to the London Stock Exchange to be admitted to trading on the London Stock Exchange's main market for listed securities. It is expected that such admissions will become effective, and that dealings in the B Ordinary Shares will commence, within ten Business Days of their allotment.
C.7	Dividend policy	Generally, a VCT must distribute by way of dividend such amount as to ensure that it retains not more than 15% of its income from shares and securities.

Section D – Risks

Element	Disclosure requirement	Disclosure
D.2	Key information on the key risks specific to the issuer	Key risk factors relating to the Company are: • There can be no guarantee that the Company will meet all its objectives or that suitable investment opportunities will be identified. The past performance of members of the Management Team is no indication of future performance. • The market for stock in smaller companies is often less liquid than that for stock in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such stock, and as a minority investor, the Company may not be able fully to protect its interests. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Company. • Investments in smaller unquoted companies, (usually with limited trading records which require venture capital) carry substantially higher risks than would an investment in larger or longer-established businesses. • The Company may be unable to maintain its VCT status, which could result in loss of certain tax reliefs. • The Company's investments may be difficult to realise. There may also be constraints imposed on the realisation of investments by reason of the need to maintain the VCT status of the Company. Key risks associated with the Non-Qualifying Investments • The Company's portfolio of Non-Qualifying Investments (e.g. money market funds) are subject to market fluctuations. Such investments are affected by the selection of funds and managers by the Manager and by investment decisions of such portfolio managers, and there can be no assurance that appreciation will occur or that losses will not be incurred. • The ability of the Company to realise Non-Qualifying Investments may be adversely affected by the illiquidity in underlying assets, or such investments having redemption periods that result in them not being readily realisable, or in the premature realisation of such investments.
D.3	Key information on the key risks specific to the securities	The key risk factors relating to the B Ordinary Shares are: • The market price of a B Ordinary Share may not fully reflect the underlying net asset value. • The value of B Ordinary Shares depends on the performance of the Company's underlying assets and that value and the income derived from those assets may go down as well as up and an Investor may not get back the amount invested. • Although the B Ordinary Shares are listed on the Official List and admitted to trading on the London Stock Exchange, shares in VCTs are inherently illiquid, which may, therefore, adversely affect the market price of the B Ordinary Shares and the ability to sell them. • Investing in a VCT may not be suitable for all Investors. Tax reliefs may be lost by Investors or the Company taking or not taking certain steps. • The interests of the Ordinary Shareholders and the B Ordinary Shareholders may not always be aligned. Certain corporate actions (such as a winding-up, and the holding of investments under the VCT Rules, for example) can only be effected on a Company-wide basis. It may therefore occur that the Ordinary Shareholders and the B Ordinary Shareholders disagree in relation to a certain matter and the Board will have to try to find some accommodation of the competing interests. • Levels, bases of, and reliefs from taxation are subject to change, which could be retrospective.

Section E – Offer

Element	Disclosure requirement	Disclosure
E.1	Net proceeds and costs of the Issue	The Manager will pay all costs and expenses of or incidental to the Offer and Admission including commission payable to the Distributor. The Company will pay a Promoter Fee on the value of each application for B Ordinary Shares accepted by the Company. Assuming a full subscription of £40 million of B Ordinary Shares, a Promoter Fee of 3.5% on all such subscriptions (with the over-allotment facility fully utilised), the cost to the Company would, therefore, be £1,400,000 (excluding VAT). The total net proceeds of the Offer, after all fees, is expected to be £38,600,000 (assuming a full subscription of £40 million of B Ordinary Shares and a Promoter Fee of 3.5% on all such subscriptions with the over-allotment facility fully utilised).
E.2a	Reason for the Offer and use of proceeds	By making the Offer, the Company intends to raise funds for the B Ordinary Share Pool and then use a minimum of 70% (80% after 1 April 2020) of the proceeds of the Offer to acquire over a period not exceeding three years (and subsequently maintain) a portfolio of Qualifying Investments for the B Ordinary Share Pool in accordance with the published investment policy of the Company. Pending investment in Qualifying Investments, the proceeds of the Offer will be invested in Non-Qualifying Investments, some of which will have an expected realisation date which meets the cash requirements of the Company. The estimated maximum net proceeds of the Offer, assuming a full subscription of £40 million of B Ordinary Shares and a Promoter Fee of 3.5% on all such subscriptions (with the over-allotment facility fully utilised), is £38,600,000.
E.3	Terms and conditions of the Offer	Up to £20 million of B Ordinary Shares are being made available at the Offer Price under the Offer, with an over-allotment facility for up to a further £20 million of B Ordinary Shares. The B Ordinary Shares are payable in full upon application. Adviser Charges and Commission Commission is not permitted to be paid to Intermediaries who provide a personal recommendation to UK retail clients on investments in VCTs. Instead of commission being paid by the VCT, a fee will usually be agreed between the Intermediary and Investor for the advice ("Adviser Charge"). This fee can either be paid directly by the Investor to the Intermediaries or, up to an amount not exceeding 4.5% of the amount subscribed by the Investor, can be facilitated by the Company. If the payment of the Adviser Charge is to be facilitated by the Company, then the Investor is required to specify the amount of the charge on the Application Form. The Investor will be issued fewer B Ordinary Shares (to the equivalent value of the Adviser Charge) through the Pricing Formula set out below. Commission is permitted to be paid to Intermediaries in certain limited situations, such as in respect of execution only clients (where no advice or personal recommendation has been provided) or where the Intermediary has demonstrated to the Promoter that the Investor is a Professional Client of the Intermediary. An initial commission of 1% of the amount subscribed may be payable and, provided that the Intermediary continues to act for the Investor and the Investor continues to be the beneficial owner of the B Ordinary Shares, and subject to applicable laws, regulations and FCA rules, the Company reserves the right to agree trail commission with Intermediaries on an individual basis up to 0.375% of the net asset value of a B Ordinary Share at the end of each financial year commencing in 2020, for a period of up to six years. Payment of the initial commission is the Manager's responsibility and is payable out of the Promoter Fee. Trail commission is payable by the Company.

Element	Disclosure requirement	Disclosure
E.3 continued	Terms and conditions of the Offer continued	Pricing of the Offer The number of B Ordinary Shares to be issued to each Applicant will be calculated based on the following Pricing Formula (rounded down to the nearest whole B Ordinary Share): Number of B Ordinary Shares = Amount subscribed, less (i) Promoter Fee and (ii) Adviser Charge ÷ Latest published NAV per B Ordinary Share The Offer is conditional on the shareholder resolutions to be proposed at the General Meeting on 27 September 2018 being passed.
E.4	Material interests	Not applicable. No interest is material to the Offer.
E.5	Name of person selling securities	Not applicable. No person or entity is offering to sell the securities as part of the Offer and there are no lock-up agreements.
E.6	Dilution	On the basis of full subscription under the Offer of £40 million, including full utilisation of the over-allotment facility at an Offer Price of 112 pence per B Ordinary Share, the B Ordinary Shares in issue will be diluted by 53%. There will be no dilution of the Ordinary Shares in issue.
E.7	Expenses charged to the Investor	For all applications received under the Offer, the expenses charged to the Investor are 3.5% of gross funds raised by the Company.

Risk Factors

Prospective Investors should consider carefully the following risk factors, as well as the other information in this Prospectus, before investing in B Ordinary Shares. Prospective Investors should read the whole of this Prospectus and not rely solely on the information in this section entitled "Risk Factors". The business and financial condition of the Company could be adversely affected if any of the following risks were to occur and as a result the trading price of the B Ordinary Shares could decline and Investors could lose part or all of their investment.

The Directors consider the following risks to be material for potential Investors, but the risks listed below do not necessarily comprise all those associated with an investment in the Company. Additional risks and uncertainties currently unknown to the Company (such as changes in legal, regulatory or tax requirements), or which the Company currently believes are immaterial, may also have a materially adverse effect on its financial condition or prospects or the trading price of B Ordinary Shares.

The Directors draw the attention of potential Investors to the following risk factors which may affect an investment in B Ordinary Shares, the Company's performance and/or the availability of tax reliefs.

Risks associated with holding shares in a VCT

- The B Ordinary Shares will usually trade at a discount to their underlying net asset value. The value of an investment in the Company depends on the performance of its underlying assets and that value and the income derived from the investment may go down as well as up and an Investor may not get back the amount invested.
- Although the B Ordinary Shares to be issued under the Offer will be listed on the Official List and admitted to trading on the London Stock Exchange, shares in VCTs are inherently illiquid and there may be a limited market in the B Ordinary Shares primarily because the initial tax relief is only available to those subscribing for newly issued B Ordinary Shares which may, therefore, adversely affect the market price of the B Ordinary Shares and the ability to sell them.
- The Directors are committed to maintaining the Company's VCT status but there can be no guarantee that the Company will fulfil the criteria to maintain full VCT status. If the Company loses its approval as a VCT before Investors have held their B Ordinary Shares for five years, the 30% income tax relief obtained will have to be repaid by such investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company, and in addition, a liability to capital gains tax may arise on any subsequent disposal of B Ordinary Shares.
- Where full approval as a VCT is not maintained, any dividends previously paid to holders of B Ordinary Shares will be liable to be assessed to income tax in the year in which they were paid. Interest may also be due. The Company will also lose its exemption from corporation tax on capital gains. If at any time VCT status is lost, dealings in the B Ordinary Shares may be suspended until such time as the Company has published proposals to continue as a VCT or be wound up.
- The information in this document is based on existing legislation, including taxation legislation. The tax reliefs described are those currently available. Levels and bases of, and relief from taxation are subject to change. Such change could be retrospective. The value of tax reliefs depends on the personal circumstances of holders of shares, who should consult their own tax advisers before making any investment.
- An investment in the Company should be regarded as long-term in nature as a sale by Investors of their Shares within five years will require a repayment of the 30% income tax relief obtained and is, therefore, not suitable for all individuals. Potential Investors should consult their professional advisers prior to making any investment decision in relation to the Offer.
- Income tax relief is not available in respect of a subscription for shares in a VCT where the investor has sold shares in that VCT and the sale was conditional upon the subscription, or the subscription was conditional upon the sale, or the subscription was made within six months of the sale (before or after). This will also have effect in relation to a subscription for shares in a VCT which is deemed to be a successor or predecessor of the VCT because there has been a merger of VCTs, or a restructuring of a group of companies of which the VCT is a member, where it was known at the time of the subscription and sale that the VCTs were intending to merge. The measure will not affect subscriptions for shares where the monies being subscribed represent dividends which the investor has elected to reinvest.
- On 24 June 2016 it was announced that the UK electorate had voted to leave the European Union ("EU"). At the date of this document there is significant uncertainty over the form of the UK's eventual trade and regulatory position relative to the EU. As the Company is impacted by European-led legislation while the UK remains a part of the EU, the future regulatory environment is, therefore, subject to significant uncertainty. However, at least in the short term and until the terms of the UK's withdrawal from the EU has been agreed, the Company will continue to be subject to European-led legislation, as enacted into UK legislation.

- The Finance (No.2) Act 2015 introduced a maximum age limit for companies receiving VCT investments (generally seven years from first commercial sale or 10 years for Knowledge Intensive Companies), and a maximum amount of Risk Finance State Aid which a company can receive over its lifetime (£12 million, or £20 million for Knowledge Intensive Companies). There are further restrictions on the use of VCT funds received by investee companies. The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The Company may not make any prohibited non-qualifying investments, including those which breach the "risk-to-capital" condition, and the potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from investors.
- HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying. However, HMRC may require rectification of the breach, which may mean that the VCT is forced to dispose of the investment at a loss.
- The Company's investments may be difficult to realise. There may also be constraints imposed on the realisation of investments by reason of the need to maintain the VCT status of the Company.
- The Company may make investments into companies with similar trading profiles and with exposures in the same industry and/or to the same customer base. The level of returns to the Company may, therefore, be adversely affected by any downturn in those sectors or the sources within those sectors from which income is derived.
- The Company does not intend to invest in a large number of Qualifying or Non-Qualifying Investments, instead concentrating on a limited number of Qualifying or Non-Qualifying Investments but at the same time ensuring that no one investment represents more than 15% (by value and at the date of investment) of its total investments. By concentrating on a smaller number of Qualifying and Non-Qualifying Investments, risk is not spread as widely but is more concentrated between a smaller number of Qualifying and Non-Qualifying Investments.
- Although the Company expects to receive certain conventional venture capital rights in connection with its unquoted investments, as a minority investor it will not control the companies in which it invests (or their boards of directors) and may not always be in a position to fully protect its interests.
- Businesses in which the Company invests may incur unplanned costs and delays as a result of statutory and regulatory requirements in areas such as labour, and health and safety, or where construction operations do not proceed as planned, which may prevent them from fulfilling their business plans and reduce the level of returns to the Company.
- The level of returns from investments may be reduced if there are delays in the investment programme, such that part of the net proceeds of the Offer are held in cash or cash-based similar liquid investments for longer than anticipated, or if the investments cannot be realised at the expected time and values.
- The VCT Rules include a maximum age limit for companies receiving VCT investments (generally seven years from first commercial sale) and a maximum amount of Risk Finance State Aid which a company can receive over its lifetime (£12 million, or £20 million for Knowledge Intensive Companies), together with further restrictions on the use of VCT funds received by investee companies. However, the Directors do not believe that these changes have affected, or will affect opportunities for investment, or follow-on investments in companies already in the Company's portfolio.

Risks associated with the likely underlying investments

- There can be no guarantee that the Company will meet all its objectives or that suitable investment opportunities will be identified.
- Smaller unquoted companies, usually with limited trading records, requiring venture capital, frequently experience significant change. Investments in such companies carry substantially higher risks than would an investment in larger or longer-established businesses.
- Investment in unquoted companies, by its nature, involves a higher degree of risk than investment in the main market. In particular, small companies often have limited product lines, markets or financial resources and may be dependent for their management on a smaller number of key individuals. In addition, the market for stock in smaller companies is often less liquid than that for stock in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such stock. Proper information for determining their value or the risks to which they are exposed may also not be available.
- Valuations of unquoted companies are determined by the Directors within IPEVC guidelines. However, these valuation policies take account of stock market price earnings ratios for the relevant industry sectors, discounted for non-marketability, and, therefore, the valuation of the portfolio and opportunities for realisation depend on stock market conditions.

Risk Factors continued

Risks associated with the Manager and Conflicts of Interest

- The past performance of members of the Management Team is no indication of future performance.
- The Manager will provide discretionary and advisory investment management services to the Company in respect of its portfolio of investments. If the Manager does not perform its obligations in accordance with the agreement regulating the provision of these services, the performance of the Company and/or its ability to achieve or maintain VCT status, may be adversely affected.
- The Manager, or any of its officers, employees, agents and affiliates and the Directors and any person or company with whom they are affiliated or by whom they are employed (each an 'Interested Party') may be involved in other financial, investment or other professional activities which may cause conflicts of interest with the Company. An Interested Party will not be liable to account for any profit made in connection with these activities. For example, and without limitation, an Interested Party may:
 - (a) deal or invest in any investment, whether or not for its own account and notwithstanding that similar investments may be held by the Company;
 - (b) enter into, or be interested in any financial or other transaction with any entity, any of whose securities are held by or for the account of the Company;
 - (c) allocate investment opportunities among the funds and accounts it manages in accordance with its internal policies; or
 - (d) arrange for the Company to acquire investments from or dispose of investments to any Interested Party or any investment fund or account advised or managed by any such person.

In the event of a conflict of interest arising in relation to the above circumstances, or in any other circumstances, and so far as it is within their powers to do so, the Directors will endeavour to ensure that it is resolved fairly and approved by the Independent Board in accordance with the Conflicts Policy as set out in the Manager's compliance manual. Where potential and actual conflicts of interest are identified, the Manager's compliance team will be notified and they will prepare a note, which will then be considered by and discussed with the Independent Board, with the aim of agreeing steps to resolve or otherwise manage such conflicts.

To the extent that the Company intends to invest in a company in which another fund managed by the Manager has invested or intends to invest, the investment must be approved by the Independent Board.

Risks associated with exposure to Non-Qualifying Investments

In addition, there are certain risks specifically associated with the planned investments in Non-Qualifying Investments which should be carefully considered by prospective Investors:

- The performance of the Company's Non-Qualifying Investments is affected by the selection of funds and managers by the Manager and by investment decisions of such portfolio managers. There is no guarantee (whether from the Manager or any other party) that the Company will meet its investment objective.
- Initially, whilst suitable Qualifying Investments are being identified in accordance with the Company's investment policy, the assets allocated to the B Ordinary Share Pool will be invested in a range of Non-Qualifying Investments. The risks stated above may have a greater impact on the B Ordinary Share Pool's assets during the period until the Company's funds are fully invested.

Risks associated with certain Non-Qualifying Investments

Investments made by the Company in hedge funds and funds of hedge funds can carry a greater risk than the Non-Qualifying Investments traditionally made by VCTs, which may include the following:

- Investments in the other funds may involve a high degree of risk, including the significant risk of loss of all or part of the amounts invested. The underlying funds may pursue speculative investment policies. These underlying funds will generally fall in the category commonly known as "hedge funds" or "alternative investments". Some investments may also be made in funds which trade in commodities futures and options, currencies and currency contracts or financial instruments. All the aforementioned investments carry a significant amount of risk, including but not limited to, concentration risk, liquidity risk, the risk associated with leverage, and exposure to loss from counterparty default.
- The performance of the Company's hedge fund investments will be affected by the selection of funds and portfolio managers by the Manager and by investment decisions of such portfolio managers. There is no guarantee that such funds or portfolio managers will meet their investment objectives.

- Underlying investment funds may utilise such investment techniques as option transactions, concentrated portfolios, margin transactions, short sales and futures and forward contracts and other leveraged or derivative transactions. To the extent that such investment or other hedging techniques are used, there is no guarantee that these will have their intended effect and may, in certain circumstances, significantly amplify any losses and so cause a diminution in an underlying investment fund's assets, thereby creating a significant risk of loss of all or part of the amounts invested by the Company in that investment fund. Certain investments may use leverage, which increases the possibility of both profits and losses. The use of leverage will cause an increase in the volatility of returns.
- The size of the Company's hedge fund portfolio, and its exposure thereto, is subject to market fluctuations. There can be no assurance that appreciation in that portfolio will occur or that losses will not be incurred. Asset allocations within a hedge fund portfolio will vary during market cycles.

Risks associated with there being two share classes

- Although the Articles contain provisions allocating the assets and liabilities of the Company to either the Ordinary Share class or the B Ordinary Share class, such allocations may not in all circumstances (for example insolvency situations) be effective in ring-fencing the assets and liabilities of one share class from the other, particularly in relation to a third party creditor or claimant against the Company.
- The interests of the Ordinary Shareholders and the B Ordinary Shareholders may not always be aligned, for example in relation to statutory holding periods for certain tax reliefs that run from the issue date of the relevant Share. Certain relevant tests (for example, in relation to the ability to pay dividends and/or finance the buy-back of Shares and in relation to compliance with the VCT Rules) are, however, calculated on a Company-wide basis and certain corporate actions (such as a winding-up for example) can only be done on a Company-wide basis. It may, therefore, occur that the interests of Ordinary Shareholders and B Ordinary Shareholders are not always aligned.

Chairman's Letter

Dear Investor,

I am pleased to announce that Pembroke VCT plc has launched a new share offer to raise up to £40 million. After raising over £48 million since 2013, Pembroke has invested £35 million in 32 companies. The Board is pleased with the performance to date and the continued progress of the portfolio. The additional cash will allow the Company to grow its existing portfolio of investments and take advantage of a healthy pipeline of prospective investment opportunities.

Existing Portfolio of Investments

New Investors will gain immediate access to a maturing portfolio of growing businesses and to a well-established dividend-paying VCT. These assets include high growth opportunities such as Plenish, Five Guys and Alexa Chung. Additionally, Pembroke intends to use the funds raised to make a number of follow-on investments in companies in which the Company has already invested – where further capital will accelerate their growth plans. Approximately 46% of the investments (by value) made to date have been into businesses that are now trading profitably at the operating profit level.

Brexit Vote

Following the UK's vote to leave the EU, the Manager has been closely monitoring the portfolio for any subsequent impact. Whilst there is still uncertainty around what the UK's trading relationship with the EU will look like in a few years' time, the portfolio companies should be mostly unaffected. Given they are UK based businesses and a number sell their products internationally, the majority are benefiting from the depreciation of Sterling. This should make both their products more attractive to potential customers and the portfolio companies themselves more attractive to potential buyers. The UK boasts a significant track record in the sectors in which the Company invests; this is not expected to change and the portfolio may indeed benefit from greater geographic diversity in the UK's trading relationships.

VCT Regulatory Changes

Changes to the VCT Rules in 2015 and 2018 restricted the types of companies that VCTs can invest in. Many VCT managers have been forced to develop new investment capabilities and hire new staff. Given the Company's focus on providing development capital to high growth companies rather than 'management buy-out' transactions and mature businesses, the Board is confident that the Manager remains well placed to manage the Company and identify suitable investment opportunities. Neither the Company's investment strategy nor the types of company it invests in has had to alter since these rule changes.

Investments made following the Finance Act 2018 are subject to a new risk-to-capital condition, which has two requirements, based on the views of a 'reasonable' person: i) does the company intend to grow and develop over the long term, and ii) is there the risk of a loss of capital to the investor of an amount greater than the net return? The Company believes its current portfolio and future pipeline meets these tests without difficulty, and will not need to make any meaningful changes to its investment strategy.

Investment Strategy

The Company's objective remains the same; Pembroke provides Investors with access to a series of carefully researched investments focusing on the consumer retail and lifestyle segments. Pembroke will continue to invest in a diversified portfolio of smaller unquoted companies, with a preference for companies that are producing profits. The objective is to generate significant returns, whilst enabling Investors to benefit from substantial tax advantages.

Pembroke seeks opportunities which are capable of significant organic growth and sustainable cash generation. The Company benefits from a similar investment strategy already pursued and successfully implemented by Peter Dubens, a former Director and current member of the Manager, at Oakley Capital since 2002. A key feature of this strategy is an investment bias towards consumer-facing businesses which have an established brand or with the potential to develop their brand.

The B Ordinary Shares target an annual dividend of 3 pence per B Ordinary Share. Holders of B Ordinary Shares received a 1 pence dividend per B Ordinary Share on 7 June 2017 and a further 2 pence dividend per B Ordinary Share on 26 October 2017.

A 3 pence dividend per B Ordinary Share will be paid to holders of B Ordinary Shares on 31 October 2018.

Tax Advantages

VCTs offer significant tax benefits over most investment products, including:

- income tax relief of 30% on the amount invested;
- dividend payments are tax free; and
- no capital gain arises when Shares are sold.

If you are not already, I hope you will join me as an Investor in Pembroke VCT.

Part 1 Overview

Investment Strategy for the B Ordinary Share Pool

For its Qualifying Investments, the Company is expected to invest principally in unquoted companies, although it may also invest in companies whose shares are traded on AIM or NEX. The Company will invest in a diverse range of smaller companies which the Manager considers are capable of organic growth and, in the long term, sustainable cash flow generation. It is likely that investment will be biased towards consumer-facing businesses with an established brand or where brand development opportunities exist, with a concentration in sectors where the Management Team has a previous track record. Investment of the Ordinary Share Pool and the B Ordinary Share Pool has to date been across four sectors: health and fitness; hospitality; apparel and accessories; and media and technology. The companies may be at any stage in their development from start-up to established businesses. Approximately 46% of the investments (by value) made to date have been in businesses that are now trading profitably at the operating profit level. It is expected that a substantial proportion of the Qualifying Investments will be in the form of ordinary shares, although the Company has and may continue to invest in preference shares or provide loans as part of those investments. It is anticipated that the Company will generally take positions in its investee companies which, whilst minority interests (as required under VCT Rules), provide the Company with significant influence over key elements of each investee company's strategy and operations. The B Ordinary Share Pool may invest in businesses in which the Ordinary Share Pool has invested.

It is anticipated that, at any time, up to 30% of investments will be held in Non-Qualifying Investments (20% from 1 April 2020), recognising that no single investment will represent more than 15% of net assets (at the time of investment). Until suitable Qualifying Investments are identified, the net proceeds of the Offer will be invested in Non-Qualifying Investments which may include certain money market securities, listed securities and cash deposits. To the extent that any such investment results in the Manager or another member of the Oakley Group receiving an additional management fee on any assets of the Company, the Manager has agreed to refund those additional amounts to the Company, so there is no "double dipping".

Tax Benefits

VCTs offer significant tax advantages over most investment products. In summary, the main tax reliefs for Investors are:

- income tax relief of 30% on the amount invested up to £200,000 per tax year;
- dividends received by an Investor from the VCT are tax free; and
- capital gains on the disposal of Shares are tax free.

Example (excluding the costs of the Offer)

An Investor invests £200,000 in the Company. Payments to the Investor over the life of the Company are £500,000.

	Illustration
Initial investment	£200,000
30% income tax relief	£(60,000)
Effective cost of investment	£140,000
Returned to Investor	£500,000
No capital gains tax; therefore tax saved on gain (at 20%)	£60,000
Money multiple based on effective cost of investment	3.6x
Overall tax saving	£120,000

However, no profit forecast is to be inferred or implied from this example.

The Company proposes to raise subscriptions from Investors through both the 2018/19 Offer and the 2019/20 Offer. Investors will be able to subscribe for B Ordinary Shares both before and after the end of the current tax year (5 April 2019) in order to take advantage of the tax reliefs available in each tax year. This also means that individual Investors will be able to invest a maximum of £400,000 in the Company under the Offer, utilising their income tax relief for two tax years (and spouses each have individual entitlements and so might together double that amount).

Income tax relief is only available for set-off against any income tax liability due.

The above is only a very brief summary of the UK tax position of Investors in VCTs and is based on the Company's understanding of current law and practice. The tax treatment of Investors in VCTs will depend on their individual circumstances. Potential Investors are recommended to consult their own appropriate professional adviser as to the taxation consequences of their investing in a VCT.

Deal Flow

- The Company expects the majority of investments to be sourced by the Manager from the extensive personal and professional networks of the Management Team.
- These networks built up over many years from direct operational business experience in commercial enterprises in a variety of sectors, and from private equity investing. Prior to establishing Oakley Capital Private Equity, Peter Dubens directed the successful consolidation and realisations of 365 Media and Pipex, establishing a network of entrepreneurs and strategic and financial sellers and purchasers which have generated relevant and quality deal flow and exit sources for the private equity fund.
- PROfounders Capital LLP is a venture fund set up by Peter Dubens and others. Through its involvement with that fund, the Management Team has been granted early insight into trends in digital media whilst contact with its investor base, comprising a number of Europe's successful entrepreneurs, provides market intelligence and a potential source of deal flow.
- The vast majority of Pembroke deal flow comes through the following channels:
 - Introductions from founders that we are or have been working with
 - Direct approaches through our website or through professional networking channels such as LinkedIn
 - Our network of corporate finance advisors
 - Direct approaches to Peter Dubens
 - Our investor base, who approach us with EIS opportunities they are presented with.

Exit

The Company aims to exit each of its Qualifying Investments after a holding period of approximately three to seven years. The Management Team will consider the likely exit options as part of its due diligence process on the opportunity before making a recommendation to invest. The Management Team has extensive experience of selling companies both to strategic buyers and private equity investors from which the Company will benefit.

Where possible, the Company will encourage an exit from an investee company at the same time as other shareholders as this is likely to maximise value for Investors.

As interests in the investee companies are sold, the Company intends to pay the net proceeds it receives from each sale to Investors, most likely by way of tax free dividend, but subject to the requirements and best interests of the Company. Net proceeds are calculated after deducting costs of the transaction and any performance incentive payable.

Substantial Directors' Commitment

The past and present Directors have invested £625,000 in the first issue of Ordinary Shares and a further £925,000 since in subsequent share offers, thus creating a significant alignment of their interests with other investors in the Company, and reflecting their confidence in the investment strategy. The Directors intend to invest a further £100,000 in aggregate under the Offer.

Part 1

Investment Activity and Performance

The Management Team's investment activity up to the date of this document and performance up to 31 March 2018 is summarised below.

The Management Team has developed a consistent track record of investing in small companies, targeting businesses capable of significant organic growth, as illustrated in the table below. Prior to the date of this document, the team has invested, in total, £35.3 million and has generated a total fair value, including unrealised investments and dividends to date, of £46.5 million (source: unaudited figures provided by the Manager*).

The Pembroke Portfolio

Pembroke has made a total of 32 investments. The current active portfolio consists of 30 investments, of which 28 have received funding wholly or in part from the B Ordinary Share class.

In total, £35.3 million has been invested as at 31 March 2018 in the current portfolio which is split between £15.0 million in the Ordinary Share Pool and £20.2 million in the B Ordinary Share Pool (see table opposite). Approximately 46% of the investments

(by value) made to date are in businesses which are now trading profitably at the operating profit level.

All investments in the Ordinary Share Pool portfolio have been held for over twelve months and, therefore, have been revalued at fair value either based on the most recent follow-on investment rounds or on valuation multiples applied to trading performance. The Ordinary Share Pool investments have increased in valuation to £22.8 million representing an overall "money multiple" including realisations of 1.5x to 31 March 2018 (source: unaudited figures provided by the Manager*). With the exception of PlayerLayer, Heist, Stylinde and Popsa, all investments in the B Ordinary Share Pool portfolio have been held within the Pembroke portfolio for over twelve months and, therefore, have been revalued at fair value (unaudited) either based on the most recent follow-on investment rounds or on valuation multiples applied to trading performance. Of those investments, the B Ordinary Share Pool investments have increased in value to £23.7 million representing an overall "money multiple" including realisations of 1.2x to 31 March 2018 (source: unaudited figures provided by the Manager*).

Peter Dubens

Managing Partner and Co-Founder of Oakley

Peter is an entrepreneur, best known for founding the Oakley Group, a privately owned asset management and advisory group comprising private equity, venture capital and corporate finance operations, managing over €1.5 billion in aggregate.

Oakley Capital Private Equity invests in and supports the continued growth and development of some of Europe's leading companies and seeks to build long-term relationships with talented entrepreneurial founders and managers. Over the past 16 years Oakley has built expertise in three core sectors: TMT, Digital Consumer and Education, and has strong credentials and networks in these areas. Oakley Capital comprises three mid-market private equity funds comprising Fund I (€288 million), Fund II (€524 million) and Fund III which closed at €800 million in September 2017. The Funds generate strong returns for their limited partners as well as Oakley Capital Investments Limited, an AIM listed investment vehicle that invests in Oakley's private equity funds.

Peter is also the founding partner of PROfounders Capital, a venture capital fund for entrepreneurs powered by entrepreneurs who invest in and support new businesses in the mobile, internet and technology space with capital, proactive advice and expertise in order to create long-term value and promote entrepreneurship.

Peter has been a consistent supporter of smaller entrepreneurial endeavours through both Pembroke VCT and personal investments. Oakley established Pembroke in 2013 to support the development of smaller, early stage high growth businesses. He has a particular focus on deal origination in relation to the Company.

Andrew Wolfson

Chief Investment Officer

Andrew is responsible for executing the fund's strategy, leading the investment team, deal origination and supporting portfolio companies.

Andrew sits on the board of a number of Pembroke's current investments and helps the founders and management teams develop their strategies and support them in delivering their goals. Prior to becoming Managing Director of Oakley Investment Managers, Andrew worked with a number of Oakley's earlier stage portfolio companies including KX, Tom Aikens and James Perse. Before joining Oakley, Andrew ran a number of businesses working across a breadth of sectors from hospitality to manufacturing and telecoms. Andrew is also a director of Benesco Charity Limited, and a trustee of The Charles Wolfson Charitable Trust.

Amjid Zaman

Chief Operating Officer

Amjid joined the Oakley Group in 2008, initially as Managing Director within its private equity fund. Amjid has over eight years' operating experience within high growth technology businesses, and a further ten years' experience within private equity. His focus at Oakley has been on investments which have required a high degree of operational/financial management and execution. Amjid has been involved in the restructure and development of Broadstone, Time Out and Daisy Data Centres. In addition, he has worked on M&A activities for Broadstone, and Headland Media, and has developed performance analytics for Host Europe and Emesa. Before joining Oakley, he executed Pipex Communication's buy and build strategy where he was Group Financial Controller, and was tech start up Humyo.com's Chief Financial Officer. Amjid trained as a chartered accountant with Deloitte and Touche, and holds a BA (Hons) in Engineering Science from Oxford University.

She graduated from Oxford Brookes University in 2012 with honours in business and marketing management and previously worked as a personal assistant and BAA Buyer for Ralph Lauren menswear.

Part 1

Board of Directors

The Board comprises three Directors, all of whom are non-executive. Jonathan Djanogly and Laurence Blackall are independent of the Manager. The third Director, David Till, is a member of the Manager and is, therefore, not considered independent. Although the management of the Company's portfolio has been delegated to the Manager and the Manager acts as the Alternative Investment Fund Manager, the Directors retain overall responsibility for the Company's affairs.

Jonathan Djanogly

Independent non-executive Chairman

Jonathan is a non-practicing solicitor and was, for over ten years, a corporate partner at City law firm SJ Berwin LLP. He specialised in mergers and acquisitions, private equity and joint ventures as well as fund raising on public markets. Jonathan has been a Member of Parliament since 2001, in which capacity he served for approximately four years as a member of the Trade and Industry Select Committee. Between 2005 and 2010, he also served on the Opposition front bench as shadow Solicitor General and as a shadow Minister for Trade and Industry with responsibility for employment law and corporate governance. From 2010 Jonathan served as a Justice Minister for over two years and he is currently a member of the Exiting the EU Select Committee.

Laurence Blackall

Independent non-executive Director

Laurence has had a 30-year career in the information, media and communication industries. After an early career at Virgin and the SEMA Group he was a director of Frost & Sullivan before moving to McGraw Hill where he was a vice-president in its computer and communications group. He then went on to found AIM listed Internet Technology Group plc in 1995 and successfully negotiated its sale in 2000 for a consideration of almost £150 million. Laurence was also instrumental in the creation of Pipex Communications plc. He has interests in a range of leisure and TMT businesses and currently holds a number of directorships in public and private UK companies.

David Till

Non-independent non-executive Director

David Till co-founded the Oakley Capital Group in 2002 with Peter Dubens. David plays a key role within the group and has overall responsibility for operations, finance, due diligence, compliance and fund formation. Oakley Capital Private Equity invests in and supports the continued growth and development of some of Europe's leading companies and seeks to build long-term relationships with talented entrepreneurial founders and managers. Over the past 16 years, Oakley has built expertise in three core sectors: TMT, Digital Consumer and Education, and has strong credentials and networks in these areas. Oakley Capital comprises three mid-market private equity funds comprising Fund I (€288 million), Fund II (€524 million) and Fund III which closed at €800 million in September 2017. The Funds generate strong returns for their limited partners as well as Oakley Capital Investments Limited, an AIM listed investment vehicle that invests in Oakley's private equity funds.

David holds a BA (Hons) in Economics from Essex University. He started his career in the British Army, then later qualified as a chartered accountant with Coopers & Lybrand, worked in industry as a finance director before returning to the profession holding senior M&A roles.

The past and present Directors have already invested £1,550,000 in the Company, and the Directors intend to invest a further £100,000 in aggregate under the Offer. Members of the Management Team intend to invest between £425,000 and £500,000 under the Offer.

Part 1 Investment Policy

For the purposes of the VCT Rules, the Ordinary Share Pool of assets is already fully invested, while the B Ordinary Share Pool of assets is 97% invested. The B Ordinary Shares do not have any rights in relation to the Ordinary Share Pool and the assets in it (and likewise the Ordinary Shares do not have any rights in relation to the B Ordinary Share Pool and the assets in it); costs and expenses which relate to both pools will be allocated between the pools as the Board or the Manager believes most appropriate, which will generally be *pro rata* to the net asset value of the respective pools. The funds raised by the issue of B Ordinary Shares will be invested for the benefit of the B Ordinary Share Pool (to which the Ordinary Shares will have no economic rights under the Articles). Those funds will be invested in accordance with the Company's investment policy (and for the avoidance of doubt, assets of the Ordinary Share Pool and the B Ordinary Share Pool may be invested in the same underlying companies).

The current investment policy is set out below:

Investment Objectives

The Company will seek to invest in a diversified portfolio of smaller companies, principally unquoted companies but possibly also including stocks quoted on AIM or NEX, selecting companies which the Manager believes provide the opportunity for value appreciation. Pending investment in suitable Qualifying Investments, the Manager will invest in investments intended to generate a positive return, which may include funds, money market securities, gilts, listed securities and cash deposits. The Company will continue to hold up to 30% of its net assets (20% from 1 April 2020) in such products after it is fully invested under the VCT Rules.

Investment Strategy

For its Qualifying Investments, the Company is expected to invest primarily in unquoted companies, although it may also invest in companies whose shares are traded on AIM or NEX. The Company will invest in a diverse range of businesses, predominantly those which the Manager considers are capable of organic growth and, in the long term, sustainable cash flow generation. It is likely that investment will be biased towards consumer-facing businesses with an established brand or where brand development opportunities exist. The Company will invest in a small portfolio of carefully selected Qualifying Investments where the Manager should be able to exert influence over key elements of each investee company's strategy and operations. The companies may be at any stage in their development from start-up to established businesses.

It is anticipated that, at any time, up to 30% of investments (20% from 1 April 2020) will be held in Non-Qualifying Investments, recognising that no single investment will represent more than 15% of net assets (at the time of investment). Until suitable Qualifying Investments are identified, up to 30% of the net proceeds of any offer (20% from 1 April 2020) will be invested in other funds, with the balance being invested in other investments which may include certain money market securities and cash deposits.

Asset Allocation

Qualifying Investment Portfolio

For its Qualifying Investments, the Company will invest primarily in companies whose shares are not traded on any exchange, although it may also invest in companies whose shares are traded on AIM or NEX, and will invest up to a maximum of 15% (at the time of investment) in any single Qualifying Investment.

The Manager will seek to construct a portfolio comprising a diverse range of businesses. It is expected that a substantial proportion of the Qualifying Investments will be in the form of ordinary shares, and in some cases preference shares or loans.

Non-Qualifying Investment Portfolio

Under current VCT legislation, the Company must have invested at least 70% of funds raised in Qualifying Investments within three years of the funds being raised (80% from 1 April 2020). However, this programme of investment in Qualifying Investments will take time to complete; thus in the first three years a considerable proportion of those funds will need to be invested elsewhere, in Non-Qualifying Investments like certain money market securities, listed securities and cash deposits.

At any time after the end of the three years of initial investment in Qualifying Investments, the Company will hold no more than 30% of its funds in Non-Qualifying Investments (20% from 1 April 2020).

The portfolio of Non-Qualifying Investments will be managed with the intention of generating a positive return. Until suitable Qualifying Investments are identified, up to 30% of the net proceeds of any offer will be invested in other funds (20% from 1 April 2020), with the balance being invested in other investments which may include money market securities and cash deposits.

Risk Diversification

The Directors will control the overall risk of the portfolio by ensuring that the Company has exposure to a diversified range of unquoted companies, in particular, targeting a variety of sectors.

In order to limit concentration in the portfolio that is derived from any particular investment, at all times no more than 15% by value of the relevant share pool of the Company (at the time of investment) will be invested in any single company. In addition, no more than 10%, in aggregate, of the assets of the Company (at the time the investment is made) will be invested in other listed closed-ended investment funds.

The Company may invest in a range of securities including, but not limited to, ordinary and preference shares, loan stocks and convertible securities, and other interest-bearing securities. Unquoted Qualifying Investments will usually be structured as a combination of ordinary shares, preference shares and loans.

Gearing

In common with other VCTs, whilst the Board does not intend for the Company to borrow funds, the Company is entitled to do so. Any borrowing would be subject to the aggregate principal amount outstanding at the time of borrowing not exceeding 25% of the value of the adjusted capital and reserves of the Company (being, in summary, the aggregate of the issued share capital, plus any amount standing to the credit of the Company's reserves, deducting any distributions declared and intangible assets and adjusting for any variations to the above since the date of the relevant balance sheet).

Change in Investment Policy

Should a material change in the investment policy be deemed appropriate this will only be effected with the prior approval of Shareholders in accordance with the Listing Rules.

Part 1

Other Information

Conflicts of Interest

The Manager, or any of its officers, employees, agents and affiliates and the Directors and any person or company with whom they are affiliated or by whom they are employed (each an "Interested Party") may be involved in other financial, investment or other professional activities which may cause conflicts of interest with the Company. An Interested Party will not be liable to account for any profit made in connection with these activities. For example, and without limitation, an Interested Party may:

- deal or invest in any investment, whether or not for its own account and notwithstanding that similar investments may be held by the Company;
- enter into or be interested in any financial or other transaction with any entity, any of whose securities are held by or for the account of the Company;
- allocate investment opportunities among the funds and accounts it manages in accordance with its internal policies; and
- arrange for the Company to acquire investments from or dispose of investments to any Interested Party or any investment fund or account advised or managed by any such person.

In the event of a conflict of interest arising in relation to the above circumstances, or in any other circumstances, and so far as it is within their powers to do so, the Directors will endeavour to ensure that it is resolved fairly and approved by the Independent Board in accordance with the Conflicts Policy as set out in the Manager's compliance manual. Where potential and actual conflicts of interest are identified, the Manager's compliance team will be notified and they will prepare a note, which will then be considered by and discussed with the Independent Board, with the aim of agreeing steps to resolve or otherwise manage such conflicts.

To the extent that the Company intends to invest in a company in which another fund managed by the Manager has invested or intends to invest, the investment must be approved by the Independent Board.

The Company's advisers may be involved in other financial, investment or other professional activities which may conflict with the interests of the Company.

When conflicts occur between the Manager and the Company because of other activities and relationships of the Manager, the Manager will ensure that the Company receives fair treatment. Such conflicts will be disclosed to the Company.

The Manager may make investments on behalf of the Company in collective investment vehicles of which it is manager or in companies where the Manager has been involved in the provision of services to those companies and may receive commissions, benefits, charges or advantage from so acting. Any fees arising in connection with investments made by the Company in any *Oakley Funds* will be discharged by the Manager. There will be no duplication of fees in such situations.

Co-Investment Policy

The Company expects to co-invest with other vehicles managed by the Oakley Group and with the Directors and directors and members of the Management Team and the wider Oakley team (the "Oakley Investors"). The Directors believe that the Company should benefit from the enhanced deal flow and better prospects likely to be created as a result of the Company's ability to co-invest in larger deals. Where the Manager identifies suitable opportunities for investment by the Company, the investment by the Company will be on the same terms as those accepted by other Oakley Investors, other than where the investment is a follow-on to a pre-existing investment. However, the Manager, in consultation with the Independent Board, will have the discretion to accept a different allocation of the investment opportunity to reflect considerations such as the remaining life of a company or fund, the requirement to achieve or maintain a percentage by value of a VCT's portfolio in Qualifying Investments or the availability of funds.

The B Ordinary Share Pool may invest in companies in which the Ordinary Share Pool is making an investment or has a current investment.

Part 1

Other Information *continued*

If situations arise where the Company proposes to invest in the same companies as other funds managed by the Oakley Group, but at a different time or on different terms, any such proposed investment will require approval from the Independent Board.

No member of the Oakley Group is obliged to offer co-investment opportunities to the Company.

The Board will be responsible for determining the Company's investment policy and will have overall responsibility for the Company's activities. In accordance with the Listing Rules, a material change in the investment policy of the Company will only be effected with the prior approval of Shareholders.

Post-Investment Management

The Manager will monitor each investment regularly and will expect to meet with the management of investee companies on a regular basis.

As the values of underlying investments increase, the Manager will monitor opportunities for the Company to realise gains, and make tax free distributions to Shareholders. Under the Articles, the holders of B Ordinary Shares have no economic rights to the assets in the Ordinary Share Pool and the holders of Ordinary Shares have no economic rights over the B Ordinary Share Pool. Therefore, returns to the holders of B Ordinary Shares will depend upon both the performance of the B Ordinary Share Pool and also the overall financial position of the Company being sufficient to comply with any conditions to any distributions applied on a Company-wide basis.

The Manager will advise the Company on the disposal of any underperforming investments if it believes that there is unlikely to be any capital appreciation in these investments in the short to medium term.

Valuation Policy

Investments in AIM and NEX-traded shares will be valued at prevailing bid prices in the market, unless it is thought necessary to make any adjustment for illiquidity.

Investments in hedge funds and funds of hedge funds will be valued on the basis of net asset value per share as reported by the administrator of each fund held. These funds typically permit investors to redeem their shares at net asset value per share using the next valuation published after the redemption notice period (typically 30 days).

All other investments will be valued by the Directors on the recommendation of the Manager in accordance with International Private Equity and Venture Capital Valuation ("IPEVC") guidelines. IPEVC guidelines have replaced BVCA guidelines for investment companies investing in unquoted investments and reporting under Financial Reporting Standards ("FRS").

The underlying principle of FRS is that investments should be reported at fair value. Fair value is the amount for which an asset could be exchanged between knowledgeable, willing parties in an arm's-length transaction.

In estimating fair value for an investment, the methodology applied must be appropriate to the nature, facts and circumstances of the investment and its materiality based on reasonable assumptions and estimates.

The Manager will be responsible for determination and calculation of the net asset value of the Company in accordance with the policies set out above.

The Company announces its net asset value per Share quarterly through its annual reports, interim accounts and quarterly reports, which will be communicated to Shareholders through Regulatory Information Service announcements.

The calculation of the net asset value per Share will only be suspended in circumstances where the underlying data necessary to value the investments of the Company cannot readily, or without undue expenditure, be obtained. Details of any suspension in making such calculations will be announced through a Regulatory Information Service.

Part 1
Investment Review

At the date of this document, the Company has investments in 30 companies across four sectors, investing £35.3 million. Whilst this review summarises those investments made, it should be borne in mind that some of these investments are ring-fenced for the economic benefit of the holders of Ordinary Shares and some are ring-fenced for the holders of B Ordinary Shares. The B Ordinary Share Pool may invest in follow-on investments in businesses in which the Ordinary Share Pool has invested, and new opportunities which the Manager has identified.

Business description

Second Home taps into the modern demand for flexible, modern and inspiring office space for start-up and rapidly maturing technology and creative businesses. Engendering an atmosphere of innovation and collaboration, it allows young companies to enjoy an architecturally considered working environment that is flexible to their needs, with smaller floor plans and communal meeting spaces designed to fit their budgets during the early stages of growth. Second Home have found that larger corporates appreciate the atmosphere the site engenders and have located some of their teams in the new space available.

Their first site on Hanbury Street in East London is at full capacity and has expanded to add an additional 20,000 sq ft. The company chose Lisbon for its second site to take advantage of the thriving entrepreneurial sector in the City, with a further two London sites opened in Spring 2018.

Investment structure

Ordinary equity.

Investment rationale

- Capitalises on emerging macro trend towards 'on-demand' services being applied to commercial property successfully by US peers, generating highly favourable valuations at scale. WeWork, a US player in the space, raised \$430 million in March 2016 at a valuation of \$16 billion
- Targets sectors being actively supported by the UK government, tying into the Tech City UK initiative for incubating smaller digital and knowledge-intensive companies. Current tenants include younger businesses such as TaskRabbit, Artsy and Visualise, the virtual reality specialists, alongside teams from blue-chip corporates including Ernst & Young and VW Financial Services
- Property acquisition programme focuses on undervalued property which benefits from cost-effective but stylish refurbishment, ensuring high yields relative to location and a favourable relationship with landlords

Post investment developments

- Follow-on funding round in 2016 in response to the initial Hanbury Street site reaching capacity with a long waiting list of hopeful tenants
- Tenant mix continues to diversify with a mixture of start-ups, design houses, blue-chip enterprises wishing to locate specific teams in a more entrepreneurial environment and 'contributors to the eco-system' such as venture capitalists and app development agencies
- US expansion under development with plans for a location in Los Angeles well advanced

Plenish

Board seat:	Yes
Valuation uplift:	+153%

*£325,000 from the Ordinary Share Pool, £1,050,035 from the B Ordinary Share Pool

Business description

Plenish is a cold-pressed juicing and nut milk company based in London. Plenish produces 100% raw, organic and cold-pressed juice using a range of vegetables and fruits.

Its range includes seven juices and four flavours of nut milk which have been well received by the wholesale and retail markets and are now stocked by several of the UK's major supermarket groups.

Investment structure

The investment has been structured as primarily equity with a small debt component.

Investment rationale

- Highly recognisable brand in the cold pressed juice space
- Growing cold press juicing market in the UK, with the US market valued at \$5 billion growing at 9% year-on-year
- Prominent competitor to significant incumbent in UK nut milk space, a rapidly growing category for those seeking a non-dairy milk option

Post investment developments

- Identified and contracted HPP (high pressure pasteurisation) contractor to increase shelf life of product without affecting taste or nutrient content
- Built upon brand strength in cold pressed juices to introduce nut milks and other new products faster and seize critical market share in emerging categories. This allows Plenish to move towards its aim of being a broadly-based healthy drinks brand

Business description

Following her well-recognised career success in modelling, TV presenting, writing and fashion collaborations with H&M and Marks & Spencer, Alexa Chung sought a backer for the launch of her own fashion label in May 2017. The resulting collection reflects Alexa's own personality and fashion direction, offering accessible luxury womenswear to a global market. It has and has already achieved substantial wholesale success across its first three seasonal collections. It will produce four in-season collections per year internationally, with a large number of wholesale stockists in over fifteen countries, supplemented by a direct online sales channel. Pembroke participated in a rights issue in Summer 2017 resulting in a marginally increased stake in the company.

Investment structure

The investment has been made in ordinary equity alongside the founder and initial co-investors.

Investment rationale

- Iconic model and fashion lead with large social media following
- Opportunity to combine immediate brand recognition with an innovative range of womenswear targeting the affordable luxury design segment, a move widely anticipated by the fashion press
- Proven pre-launch interest from wholesalers across the globe including Galeries Lafayette, Kadewe, Lane Crawford, Net-a-Porter and Selfridges

Post investment developments

- Well publicised launch event widely reported in the fashion and mainstream press, generating immediate retail interest in the first collection, which achieved strong sales
- Wholesale customers now number over 80 groups worldwide
- Company is now selling its third collection with design work ongoing in support of subsequent collections

The Manager, Management Arrangements and Costs

The Manager

Oakley Investment Managers LLP, which is authorised and regulated by the Financial Conduct Authority to conduct investment business, is the manager of the Company under the terms of an investment management agreement entered into on 15 February 2013, novated to the Manager on 1 July 2014 and varied on 3 October 2014 and 1 December 2017 (the "IMA"). Pursuant to the IMA, the Manager provides discretionary and advisory investment management services to the Company in respect of its portfolio of investments. The Manager acts as the Alternative Investment Fund Manager to the Company.

The Manager provides services in accordance with the IMA for which it receives a management fee of 2% of the Company's NAV. The Manager also contributes to, and caps the Annual Running Costs of the Company such that they will not exceed £350,000 whilst the NAV remains below £100 million. If the NAV exceeds £100 million the cap increases to £500,000.

In the year to 31 March 2018 the total expense to NAV ratio was 2.3% and is expected to be capped to less than 2.7% in the year to 31 March 2019. In the event of a full subscription of £40 million the total expense to NAV ratio will be approximately 2.4%.

The Manager does not take any arrangement fees, monitoring fees or exit fees from any of the portfolio companies. To align themselves with investors, the Manager does not take any performance incentive fees until investors have been paid actual dividends in excess of the performance fee hurdle, as described below.

Performance Incentive Fees

As is customary in the venture capital industry, the Manager will be incentivised with a Performance Fee to align the interests of the Manager and Shareholders. The Performance Fee is calculated as 20% (exclusive of VAT) of any amounts distributed to Shareholders in excess of £1 per Share. The Performance Fee in relation to the return on the Ordinary Shares is subject to satisfaction of a hurdle which is that holders of Ordinary Shares have received in aggregate a return equivalent to at least 8% per annum per Ordinary Share (calculated on a daily basis and not compounded) on the amount subscribed per Ordinary Share (100 pence) as from 20 January 2014 in respect of Ordinary Shares issued pursuant to the Launch Offer and from 31 March 2014 in respect of Ordinary Shares issued under the Top Up Offer. The Performance Fee in relation to the return on the B Ordinary Shares is subject to satisfaction of a hurdle which is that holders of B Ordinary Shares have received in aggregate a return equivalent to at least 3% per annum per B Ordinary Share (calculated on a daily basis and not compounded) on the amount subscribed per B Ordinary Share (100 pence) as from (i) the date of the last allotment under the offer of B Ordinary Shares on the basis of the October 2014 prospectus in respect of shares issued under that prospectus or (ii) the date of the issue of the relevant

B Ordinary Shares under any subsequent offer of B Ordinary Shares, and in either case up to the date of proposed payment of the relevant Performance Fee. Where, at the time of a distribution there have been previous distributions to the relevant class of Shareholders, for the purposes of determining if the hurdle on the relevant Shares has been met, the return will be calculated from the day after the previous distribution date for the relevant Shares on the total amount subscribed per relevant Share by Shareholders but reduced by the aggregate amount of such previous distributions made on the relevant Shares on a per Share basis. The Performance Fee will be calculated separately on the Ordinary Shares and the B Ordinary Shares.

Dividend Policy

Generally under the VCT Rules, a VCT must distribute by way of dividend such amount as to ensure that it retains not more than 15% of its income from shares and securities.

The Directors aim to maximise tax free distributions to Shareholders by way of dividends paid out of income received and from capital gains received following successful realisations, subject to the requirements and best interests of the Company. All distributions are expected to be free of UK income tax to individuals aged 18 or over who acquire their shares within the annual £200,000 limit.

It should be noted that these VCT Rules apply on a Company-wide basis. However, under the Articles, the Company will allocate the economic benefit from the two separate asset pools to the Ordinary Shares or to the B Ordinary Shares respectively. Therefore, if the Ordinary Share Pool assets produce income from shares and securities, that income will not be shared with the holders of B Ordinary Shares and vice versa.

The B Ordinary Shares will target an annual dividend of 3 pence per B Ordinary Share and will also aim to pay special dividends where significant realisations occur from the sale of its portfolio assets. However, this is a target, and no forecast or projection should be implied or inferred.

The Company paid a 3 pence per Ordinary Share dividend to holders of Ordinary Shares in September 2014, a 0.6 pence per Ordinary Share dividend to holders of Ordinary Shares in October 2015, a 2 pence per Ordinary Share dividend to holders of Ordinary Shares in October 2016, a 1 pence per Ordinary Share dividend to holders of Ordinary Shares in June 2017 and a 2 pence per Ordinary Share dividend to holders of Ordinary Shares in October 2017. A 3 pence dividend per Ordinary Share will be paid to holders of Ordinary Shares on 31 October 2018. As anticipated, the holders of B Ordinary Shares received their first dividend of 2 pence per B Ordinary Share in October 2016, a further dividend of 1 pence per B Ordinary Share in June 2017 and a further 2 pence per B Ordinary Share in October 2017. A dividend of 3 pence per B Ordinary Share will be paid to holders of B Ordinary Shares on 31 October 2018.

Share buy-back policy

Although it is anticipated that the Shares will be admitted to the premium segment of the Official List and to trading on the London Stock Exchange's market for listed securities, there is likely to be an illiquid market and in such circumstances Shareholders may find it difficult to sell their Shares in the market. In order to try to improve the liquidity in the Shares, the Company will operate a share buy-back policy. The Company may repurchase shares which Shareholders wish to sell, at a discount of no more than 5% to net asset value per Share, less transaction costs payable to market makers and stockbrokers. Any purchase of Shares will be subject to authority from Shareholders, the Listing Rules, the Company having the necessary cash resources and distributable reserves available for the purchase and will be at the discretion of the Board who must believe it to be in the best interests of the Company at the relevant time. Shares bought back by the Company may be cancelled or held in treasury for later sale in the market. Shares which have not been held for five years are considered for tax purposes to be a disposal and, therefore, subject to clawback by HMRC of any upfront income tax reliefs obtained on subscription. Shareholders should seek professional advice in relation to any disposal of Shares. The Company has authorities to buy back up to 14.99% of its Ordinary Shares, and up to 14.99% of its B Ordinary Shares.

Reporting to Shareholders

The Directors believe that communication with Shareholders is important. In addition to announcements being released through a Regulatory Information Service, Shareholders will receive a copy of the Company's annual report and accounts (expected to be published in July each year) and a copy of the Company's interim results (expected to be published in November each year).

Corporate Governance

The section headed "Comply or Explain" in the UK Corporate Governance Code (the "Code") published by the Financial Reporting Council in June 2016, which presently applies to the Company, acknowledges that in relation to smaller listed companies some of the provisions of the Code will be disproportionate or less relevant and that externally managed investment companies typically have a board structure which may affect the relevance of certain of its provisions.

Accordingly, the Company will comply with all the provisions of the Code save that (i) new Directors do not receive a full, formal and tailored induction on joining the Board (such matters are addressed on an individual basis as they arise), but any newly appointed Director will be given a comprehensive introduction to the Company's business, including meeting the Company's advisers, and full details of duties and obligations are provided at the time of appointment and are supplemented by further details as necessary, (ii) the Company does not conduct a formal review

as to whether there is a need for an internal audit function as the Directors do not consider that an internal audit would be an appropriate control for a venture capital trust, (iii) as all the Directors are non-executive, it is not considered appropriate to appoint a nomination or remuneration committee and in light of the responsibilities delegated to the Manager, its VCT status adviser and company secretary, the Company has not appointed a chief executive, deputy chairman or a senior independent non-executive Director and (iv) in view of its non-executive nature and the requirement under the Articles that all Directors are subject to election by Shareholders at the first annual general meeting after their appointment and thereafter at every third annual general meeting, the Board considers that it is not appropriate for the Directors to be appointed for a fixed term.

In light of the responsibilities retained by the Board and the Audit Committee and of the responsibilities delegated to the Manager, Philip Hare & Associates LLP and the company secretary, the Company has not appointed a chief executive, deputy chairman or a senior independent non-executive director.

The Code has been revised in respect of accounting periods beginning on or after 1 January 2019.

Status of the Company

The Company is unregulated although VCTs need to meet a number of conditions set out in tax legislation in order for tax reliefs to apply.

Taxation and HM Revenue & Customs approval

The Directors intend to manage the Company's affairs in order that it continues to comply with the legislation applicable to VCTs. In this regard Philip Hare & Associates LLP has been appointed to advise on tax matters generally and, in particular, on VCT status. HM Revenue & Customs has granted the Company approval as a VCT, and Philip Hare & Associates LLP will assist the Manager (but report directly to the Board) in monitoring compliance with the VCT requirements. Once full approval has been given, the Company must continue to satisfy the requirements of HMRC in relation to VCTs, or it is likely to lose full approval. The Company has received confirmation that the B Ordinary Shares will be regarded as VCT eligible shares.

Life of the Fund

Given the changes made to the VCT Rules in 2015 and the consequent shortage of 'evergreen' VCTs unaffected by the new rules, the Directors sought, and were granted, Shareholder approval to extend the life of the Company on a rolling basis (such that it became 'evergreen' with no fixed termination date). However, the Directors intend to keep under review whether it is in the best interest of Shareholders for the Company to continue on a rolling basis.

Part 1

Costs of the Offer and Offer Price

Costs of the Offer

The costs of the Offer to be met by the Company will be (i) the Promoter Fee payable to the Manager, of 3.5% of the value of each application for B Ordinary Shares under the Offer accepted by the Company and (ii) trail commission payable to Intermediaries (see “Commission and Adviser Charge” below), if any. The Manager will pay all other costs of the Offer from the Promoter Fee.

Details of the Offer

It is proposed to raise in aggregate up to £40 million by means of the Offer, being the principal offer of £20 million and the over-allotment facility of a further £20 million which may be utilised at the Board’s discretion where it believes it is in the best interests of the Company to do so. Subscription amounts are payable in full, by cheque or banker’s draft or electronic transfer, on subscription. The Offer will open on 29 August 2018 and it is expected to remain open until 12.00 p.m. on 5 April 2019 in relation to the 2018/19 tax year, and until 5.00 p.m. on 16 August 2019 in relation to the 2019/20 tax year. The Offer may close in advance of these dates in the event that the maximum subscription is reached. The closing date of the Offer, and the deadline for receipt of applications for the final allotment with respect to the 2019/20 Offer, may be extended by the Directors at their absolute discretion to a date no later than 28 August 2019.

Investors must ensure that any subscriptions in relation to the 2018/19 tax year are received before 12.00 p.m. on 5 April 2019 and that subscriptions in relation to the 2019/20 tax year are made by separate cheque, bank transfer or banker’s draft before the closing date of the Offer.

The Offer is not underwritten. The maximum net proceeds of the Offer, assuming full subscription and a Promoter Fee on all such subscriptions of 3.5% (including the over-allotment facility) will be £38,600,000. There is no minimum aggregate subscription below which the Offer will not proceed. The Promoter Fee is based on the value of accepted applications for B Ordinary Shares under the Offer.

The profile of a typical Investor is a UK tax resident individual who seeks a venture capital strategy focused on capital appreciation with sufficient income and capital available to be able to commit an investment in the Company for over five years and who is attracted by the income tax relief available for a VCT investment. Investors may include retail, institutional and sophisticated investors and high net-worth individuals (however the decision to invest may be influenced by the availability of tax reliefs to such an Investor).

Applications will be accepted on a “first come, first served” basis (provided cheques are not post-dated), subject always to the discretion of the Directors. If the Offer is over-subscribed (or over-subscribed after use of the over-allotment facility), an Applicant’s application may be rejected or may be accepted for fewer B Ordinary Shares than the number actually applied for. In these cases, the amount paid on application, or the balance, will be returned, without interest, by cheque sent through the post at the Applicant’s risk to the address stated in the Applicant’s Application Form. Investors are, therefore, encouraged to submit their Application Forms early in order to be confident that their subscriptions will be successful. Multiple applications are permitted.

The minimum application level under the Offer is £3,000. The maximum aggregate investment in all VCTs in any one tax year on which tax relief is available is £200,000 per Investor (spouses have separate limits and, therefore, together can invest up to £400,000 in aggregate in each tax year).

The Offer may not be withdrawn after dealings in the B Ordinary Shares issued under the Offer have commenced. In the event of any requirement for the Company to publish a supplementary prospectus, Investors who have yet to be entered onto the Company’s register of members will be given two days to withdraw from their subscription. Investors should note, however, that such withdrawal rights are a matter of law that is yet to be tested in the Courts of England and Wales and Investors should, therefore, rely on their own legal advice in this regard. In the event that notification of withdrawal is given by post, such notification will be effected at the time the Investor posts such notification rather than at the time of receipt by the Company.

The full terms and conditions of application are set out in Part 6 of this document, together with an Application Form and details of the application procedure.

The Offer Price

The Offer Price will be calculated by reference to the most recently published net asset value of the existing B Ordinary Shares as at the date of allotment, adjusted for any dividend declared (and in respect of which no adjustment has been made to that net asset value) and for the costs of the Offer.

The number of B Ordinary Shares to be issued to each Applicant will be calculated based on the following Pricing Formula (rounded down to the nearest whole B Ordinary Share):

$$\text{Number of B Ordinary Shares} = \left[\begin{array}{l} \text{Amount subscribed, less:} \\ \text{(i) Promoter Fee}^1 \text{ and} \\ \text{(ii) Adviser Charge (if any)} \end{array} \right] \div \left[\begin{array}{l} \text{Latest published} \\ \text{NAV per} \\ \text{B Ordinary Share}^2 \end{array} \right]$$

¹ less any reduction agreed by the Promoter for any specific investor or group of investors (where applicable)

² adjusted for any dividends declared that are ex-dividend but not yet paid, as appropriate.

Illustrative examples (based on a subscription under the Offer of £10,000 and a NAV per B Ordinary Share of £1)

- (i) Promoter Fee (non-advised) of 3.5% = £350
Number of B Ordinary Shares = $(10,000 - 350 - 0) \div 1 = 9,650$
- (ii) Promoter Fee (advised) of 3.5% = £350
Example Adviser Charge = £225
Number of B Ordinary Shares = $(10,000 - 350 - 225) \div 1 = 9,425$
- (iii) Promoter Fee (advised) of 3.5% = £350
Example Adviser Charge = £400
Number of B Ordinary Shares = $(10,000 - 350 - 400) \div 1 = 9,250$

It should be noted that the example Adviser Charges set out above have been provided to illustrate the pricing of the Offer and should not be considered as a recommendation as to the appropriate levels of Adviser Charges.

Income tax relief should be available on the total amount subscribed, subject to VCT regulations and personal circumstances, which in each of the above examples would be £3,000 (£10,000 at 30%).

Allotment, Dealings and Settlement

Application has been made to the UK Listing Authority for the B Ordinary Shares to be issued pursuant to the Offer to be admitted to the premium listing on the Official List and will be made to the London Stock Exchange for those B Ordinary Shares to be admitted to trading on its main market for listed securities.

It is intended that an initial allotment of B Ordinary Shares under the Offer will be made on 21 December 2018. Successful applicants will be notified by post.

It is expected that the Admission of B Ordinary Shares will become effective, and that trading in those B Ordinary Shares will commence, within ten Business Days of their allotment.

B Ordinary Shares will be issued in registered form and will be freely transferable in both certificated and uncertificated form. It is anticipated that definitive share certificates will be issued within ten Business Days of each allotment.

B Ordinary Shares will be capable of being transferred by means of the CREST system. Investors who wish to take account of the ability to trade their B Ordinary Shares in uncertificated form (and who have access to a CREST account) may arrange through their professional adviser to convert their holding into dematerialised form.

Commission and Adviser Charge

An initial commission of 1% of the amount subscribed may be payable where there is an execution-only transaction and no advice has been provided by the Intermediary to the Investor or where the Intermediary has demonstrated to the Promoter that the Investor is a Professional Client of the Intermediary. Payment of the initial commission is the Manager's responsibility and is payable out of the Promoter Fee.

Additionally, provided that the Intermediary continues to act for the Investor and the Investor continues to be the beneficial owner of the B Ordinary Shares, and subject to applicable laws, regulations and FCA rules, the Company reserves the right to agree trail commission with Intermediaries on an individual basis up to 0.375% of the net asset value of a B Ordinary Share at the end of each financial year commencing in 2020, for a period of up to six years. Trail commission is payable by the Company.

Commission is not permitted to be paid to Intermediaries who provide a personal recommendation to UK retail clients on investments in VCTs. Instead of commission being paid by the Company, a fee will usually be agreed between the Intermediary and Investor for the advice and related services ("Adviser Charge"). This fee can either be paid directly by the Investor to the Intermediary or, the payment of such fee, up to an amount not exceeding 4.5% of the amount subscribed by the Investor, may be facilitated from the Investor's funds received by the Company. If the payment of the Adviser Charge is to be facilitated by the Company, then the Investor is required to specify the amount of the charge on the Application Form (see Box 11). The Investor will be issued fewer B Ordinary Shares (to the equivalent value of the Adviser Charge) through the Pricing Formula. The Adviser Charge is inclusive of VAT, if applicable.

Part 2

Taxation Considerations for Investors

1. Individual Shareholders

The following is a summary of the tax benefits available to VCTs and their individual shareholders who are either Qualifying Subscribers or Qualifying Purchasers.

The tax treatment of Investors in VCTs will depend on their individual circumstances. Investors who are in any doubt as to their tax position are recommended to take professional advice.

A number of tax benefits are available to individuals, aged 18 or over, who invest in shares in a VCT. The tax benefits available to those individuals are different, depending on whether the individual subscribes for shares or acquires shares otherwise than by way of subscription. There is also a limit (the Qualifying Limit) on the amount which, in any tax year, an individual may invest in VCTs which will qualify for any tax benefits. The current limit is £200,000 in any one tax year. It is, therefore, possible to invest £400,000 with an investment of £200,000 before 6 April 2019 for the tax year 2018/19 and £200,000 on or after 6 April 2019 for the tax year 2019/20. Spouses have separate limits and each, therefore, has an annual limit of £200,000 meaning that together spouses may invest up to £400,000 per tax year in aggregate.

Investments in ordinary shares in VCTs in excess of the Qualifying Limit will not be eligible for any tax benefits.

Set out below is a summary of the tax benefits available to Qualifying Subscribers and Qualifying Purchasers.

2. Qualifying Subscribers (not Qualifying Purchasers)

The tax relief is available on aggregate investments in VCTs of up to £200,000 in any one tax year. Where advantage is taken of this relief, a Qualifying Subscriber will be able to obtain total initial tax relief of up to 30% of the amount of his/her investment, as shown in the table below.

Maximum effect of initial tax relief

	No VCT tax relief	30% income tax relief
Initial investment	£100,000	£100,000
30% income tax relief	–	(£30,000)
Effective current cost of the investment	£100,000	£70,000

Relief from income tax up to 30% will be available on subscriptions for shares in a VCT, subject to the Qualifying Limit (currently £200,000 in each tax year). The relief, which will be available in the year of subscription, cannot exceed the amount which reduces the income tax liability of the Qualifying Subscriber in that year to nil. Relief may not be available if there is a loan linked with the investment.

Relief will not be available, or, where given, will be withdrawn, either in whole or in part, where there is any disposal (except on death) of the shares (or of an interest in them or right over them) before the end of the period of five years beginning with the date on which the shares were issued to the Qualifying Subscriber.

With effect from 6 April 2014 income tax relief is not available in respect of a subscription for shares in a VCT where the investor has sold shares in that VCT and the sale was conditional upon the subscription, or the subscription was conditional upon the sale, or the subscription was made within six months of the sale (before or after). This will also have effect in relation to a subscription for shares in a VCT which is deemed to be a successor or predecessor of the VCT because there has been a merger of VCTs, or a restructuring of a group of companies of which the VCT is a member, where it was known at the time of the subscription that the VCTs were expected to merge. The measure will not affect subscriptions for shares where the monies being subscribed represent dividends which the investor has elected to reinvest.

3. Qualifying Subscribers and Qualifying Purchasers

The reliefs below are only available on investments up to a maximum of £200,000 in VCTs in any one tax year.

3.1 Exemption from capital gains tax

Any gain or loss accruing to Qualifying Subscribers or Qualifying Purchasers on a disposal of shares in a company which was a VCT at the time he, or she, acquired the shares, and remained a VCT throughout his, or her, period of ownership, will neither be a chargeable gain, nor an allowable loss, for the purposes of capital gains tax.

3.2 Exempt dividend income

Dividend income will be exempt from tax. No tax credits will be repayable in respect of dividends paid.

3.3 Procedure for obtaining income tax reliefs available to Qualifying Subscribers

All Qualifying Subscribers will automatically be provided with certificates enabling them to claim income tax relief. The certificate will specify details of the Shareholder, the date on which the shares were issued and the amount paid for the shares, and also will certify that the shares have been issued to a Qualifying Subscriber, and that certain other conditions are met to the best of the VCT's knowledge and belief. The relief may not be available unless the Qualifying Subscriber holds such a certificate.

The investor may use the certificate to claim income tax relief either by obtaining from HMRC an adjustment to his/her tax coding under the PAYE system or by waiting until the end of the tax year and using a Self Assessment Tax Return to claim the relief.

Dividends received on shares acquired in VCTs up to the qualifying maximum value of £200,000 per tax year need not be shown in the investor's Self Assessment Tax Return.

4. Loss of VCT Status

The following is a summary of the tax consequences for VCTs and their shareholders resulting from a loss of VCT status.

4.1 VCTs

Exemption from corporation tax on chargeable gains will not be available in relation to any gain realised after the VCT status is lost (and on any gain realised by the VCT if approval is deemed never to have been given).

4.2 Qualifying Subscribers

Income tax relief on investment

Where VCT approval is treated as never having been given, or where it is withdrawn before the shares have been held for five years, the relief will be withdrawn in full, and the Qualifying Subscriber will be assessed to tax in the tax year in which the relief was given on an amount equal to that relief. Interest on overdue tax may arise.

4.3 Qualifying Subscribers and Qualifying Purchasers

1. *Exempt dividend income*

Dividend income will not be exempt from tax if the dividend is paid in respect of profits or gains arising or accruing in any accounting period in which the VCT is not approved as such.

2. *Exemption from capital gains*

Where VCT approval is treated as never having been given, any gains and losses arising on a disposal of shares in the VCT will be taxable and allowable in the ordinary way. Where VCT approval is withdrawn at any time (whether or not the shares have been held for five years), the Qualifying Subscriber or the Qualifying Purchaser will be treated as having disposed of his/her shares immediately before the VCT ceased to be approved, for an amount equal to their market value at that time, and as having immediately reacquired them at that value. Thus, any capital gain up to that date will be exempt from tax, but any gains arising after that date will be taxable in the ordinary way.

Part 3

Taxation of the Company

Qualifying as a VCT

1. In order to qualify as a VCT, a company must satisfy the following conditions in each accounting period:
 - i. it must be approved as a VCT by HMRC;
 - ii. it must not be a close company;
 - iii. throughout the period, each class of its ordinary share capital has been quoted on any regulated market in the EU or European Economic Area;
 - iv. it must derive its income in the period wholly or mainly from shares or securities;
 - v. it must have at least 70% by value of its investments throughout the period in newly issued shares or securities (where the securities are not redeemable within five years of issue) comprised in Qualifying Holdings. From 1 April 2020, this requirement will increase to 80%;
 - vi. for shares issued on or after 1 April 2019, at least 30% of the funds raised will need to be invested in Qualifying Holdings by the anniversary of the end of the accounting period in which the shares were issued,
 - vii. at least 70% by value of Qualifying Holdings must be ordinary shares which carry no preferential rights to assets on a winding-up nor any rights to be redeemed, although they may have certain preferential rights to dividends;
 - viii. it must have at least 10% by value of its investments in any Qualifying Company in ordinary shares which carry no preferential rights;
 - ix. it must have not more than 15% by value of its investments throughout the period in a single company or group (other than a VCT, or other similar company);
 - x. it must generally not retain more than 15% of the income which it derives from shares and securities in the period;
 - xi. it must not make an investment in a company which causes that company to receive more than £5 million of State Aid investment (including from VCTs) in the twelve months ending on the date of the investment. From 6 April 2018, a company which is deemed to be a Knowledge Intensive Company may receive up to £10 million of State Aid investment in a twelve month period;
 - xii. it must not return capital to shareholders before the third anniversary of the end of the accounting period during which the subscription for shares occurs;
 - xiii. no investment made by the Company in a company which causes that company to receive more than £12 million (£20 million if the company is deemed to be a Knowledge Intensive Company) of State Aid investment (including from VCTs) over the company's lifetime;
 - xiv. no investment can be made by the Company in a company whose first commercial sale was more than seven years prior to the date of investment (ten years for a Knowledge Intensive Company), except where previous Risk Finance State Aid was received by the company within those seven (or ten) years or where a turnover test is satisfied and the company is entering a new product market or a new geographic market;
 - xv. no funds received from an investment into a company can be used to acquire another existing business or trade; and
 - xvi. the VCT must not make a Non-Qualifying Investment other than those specified in section 274 ITA 2007.
2. In order, however, to facilitate the launch of VCTs, there is a relaxation of some of these tests during the Company's first and, in the case of the test referred to in paragraphs 1(v) and (vii) above, up to the third accounting period (see below under the heading, "Approval as a VCT").
3. The risk-to-capital condition introduced in the Finance Act 2018 requires that the Qualifying Company has long term growth plans and that the investment made by the VCT is at risk.

Qualifying Holdings

4. A Qualifying Holding consists of shares in, or securities of, a Qualifying Company (see below under heading "Qualifying Companies" for further details). A Qualifying Company must:
 - i. be unquoted (which will, in the case of a company which was unquoted at the time of the VCT's investment, be deemed to be the case for a further five years after the company ceases to be unquoted). Companies whose shares are traded on AIM or NEX are treated as unquoted.
 - ii. have gross assets of £15 million or less immediately pre-investment and £16 million or less immediately post investment (in the case of companies which have Qualifying Subsidiaries (see below), the test is applied on a group basis);
 - iii. must have a permanent establishment in the UK;
 - iv. not be able to control (whether on its own or together with a connected person) any company which is not a Qualifying Subsidiary;
 - v. not be controlled by another company (on its own or together with a connected person);
 - vi. have fewer than 250 employees immediately pre-investment (500 for a Knowledge Intensive Company); and

vii. not have any property managing subsidiaries which do not fall into the definition of relevant Qualifying Subsidiaries (see below).

The company's first commercial sale must be no more than seven years before the VCT's investment (ten years for a Knowledge Intensive Company) prior to the date of investment, except where previous Risk Finance State Aid was received by the company within those seven years or where a turnover test is satisfied. Funds received from an investment by a VCT cannot be used to acquire another existing business or trade.

Qualifying Investments are limited to aggregate investments of £5 million in the twelve months ending on the date of the investment (from 6 April 2018, £10 million for a Knowledge Intensive Company) and £12 million in total (£20 million for a Knowledge Intensive Company).

Qualifying Companies

5. A Qualifying Company is a company which exists to carry on one or more Qualifying Trades (see below) or is the parent of a trading group, where each of its subsidiaries is a Qualifying Subsidiary and the group as a whole is not engaged in non-qualifying activities (see below).
6. For the purposes of the Qualifying Holdings test in paragraph 3(iv) above, a subsidiary will be a relevant Qualifying Subsidiary if at least 90% of its issued share capital and its voting power is directly owned by the Qualifying Company or by a wholly owned Qualifying Subsidiary. A relevant Qualifying Subsidiary can also be a wholly owned subsidiary of a 90% owned subsidiary. Certain other tests as to the distribution of the subsidiary's profits and assets on a winding-up must also be satisfied.
7. In the case of the Qualifying Holdings test in paragraph 3(iv) above, a subsidiary will be a Qualifying Subsidiary if the majority of its issued share capital is owned by the Qualifying Company and the other tests are also satisfied.
8. A trade will be a Qualifying Trade only if it does not to a substantial extent include non-qualifying activities (non-qualifying activities include dealing in land or shares, providing financial services or activities which are largely land-based, such as farming, hotels and nursing homes). In the case of a company which is preparing to carry on a Qualifying Trade, the Qualifying Trade must begin within two years of the issue to the VCT of the shares or securities, and must continue thereafter.
9. The risk-to-capital condition introduced in the Finance Act 2018 requires that the Qualifying Company has long term growth plans and that the investment made by the VCT is at risk.
10. Since 15 March 2018, investments in loans in Qualifying Companies have to be at a commercial rate of return and unsecured.

Approval as a VCT

11. A VCT must be approved as such at all times by HMRC. Approval has effect from the time specified in the approval, which cannot be earlier than the time at which the application for approval is made.
12. A VCT cannot be approved until the relevant tests (see above under the heading, "Qualifying as a VCT") have been satisfied throughout the most recent complete accounting period of the VCT and HMRC is satisfied that the tests will be satisfied in relation to the accounting period of the VCT which is current at the time the application is made.
13. However, in order to facilitate the launch of VCTs, HMRC may grant provisional approval to a VCT, notwithstanding that not all the relevant tests are satisfied at the time of the application, provided that HMRC is satisfied that the tests will be satisfied within a certain period. In particular, HMRC may grant provisional approval if it is satisfied that:
 - i. the relevant tests in paragraphs 1(iii), 1(iv), and 1(ix) to 1(xvi) under the heading, "Qualifying as a VCT" above will either be satisfied in the accounting period current when the application for approval is made or the following accounting period;
 - ii. the relevant test in paragraphs 1(v) and 1(vii) under the heading, "Qualifying as a VCT" above, will be satisfied in relation to any accounting period beginning not more than three years after the time when approval is given, or if earlier, when it has effect; and
 - iii. the relevant tests in paragraphs 1(iii) to 1(xvi) under the heading, "Qualifying as a VCT" above, will continue to be satisfied in all subsequent accounting periods.
14. The Company has been granted provisional approval as a VCT effective from admission of the Ordinary Shares to the Official List and to trading on the main market of the London Stock Exchange. On the creation of the B Ordinary Shares HMRC confirmed that the B Ordinary Shares were eligible shares for VCT tax relief purposes.

Withdrawal of approval

15. Approval as a VCT may be withdrawn by HMRC if the relevant tests (see above under the heading, "Approval as a VCT") are not satisfied. Withdrawal of approval generally has effect from the time when notice of withdrawal is given to the VCT but, in relation to capital gains of the VCT only, can be backdated to not earlier than the first day of the accounting period commencing immediately after the last accounting period of the VCT in which all the tests were satisfied. The actions proposed to be taken by the Company in the case of a withdrawal of approval will be announced through a regulatory information service.
16. Where provisional approval is withdrawn, approval is deemed to have never been given. The taxation consequences of approval being deemed to have never been given are set out above under the heading "Loss of VCT status".

3. Articles of Association

- 3.1 The articles of association of the Company provide that its principal object is to carry on the business of a venture capital trust and that the liability of members is limited.
- 3.2 The articles contain provisions to the following effect:
- 3.2.1 **Voting Rights**
Subject to any disenfranchisement as provided in paragraph 3.2.5 below and subject to any special terms as to voting on which any shares may be issued, on a show of hands every member present in person (or being a corporation, present by authorised representative) shall have one vote and, on a poll, every member who is present in person or by proxy shall have one vote for every share of which he is the holder. The shares shall rank *pari passu* as to rights to attend and vote at any general meeting of the Company.
 - 3.2.2 **Rights attaching to the different share classes**
Under the Articles, the Company has two share classes, the Ordinary Shares and the B Ordinary Shares.
Each Ordinary and B Ordinary share shall have one vote on a poll and the right to vote on any matter of general relevance of application to the Company. The Ordinary Shares and the B Ordinary Shares also separately carry the right to vote on matters affecting their own class.
The Company shall identify which assets and liabilities of the Company belong to the Ordinary Share Pool and the B Ordinary Share Pool at the date of adoption of the Articles and thereafter going forward shall maintain separate records and accounts for each of those pools.

Part 4

Additional Information *continued*

Initially, the B Ordinary Share Pool will consist of the net proceeds of the B Ordinary Share issue and thereafter the investments made by the Company for the B Ordinary Share Pool using those proceeds.

Costs and expenses which relate solely to one pool or the other will be allocated solely to that pool. Costs and expenses which relate to both pools will be allocated between the pools as the Board or the Manager believes most appropriate, which will generally be *pro rata* to the net asset value of the respective pools. Dividends to Ordinary Shareholders may only be paid out of the Ordinary Share Pool and dividends to B Ordinary Shareholders may only be paid out of the B Ordinary Share Pool.

Ordinary Shareholders have the right to the assets in the Ordinary Share Pool and B Ordinary Shareholders have the right to the assets in the B Ordinary Share Pool, whether on a winding-up, return of capital or other distribution.

The Articles provide that the special reserve created by the cancellation of the share premium account in March 2014 following the launch of the Company shall be available to be used and/or allocated between the Ordinary Shares and the B Ordinary Shares, provided that there is no actual transfer of cash or investment assets between the two share classes as a result.

3.2.3 **Transfer of Shares**

Subject to paragraph 3.2.15 below, the Shares are in registered form and will be freely transferable. All transfers of Shares must be effected by a transfer in writing in any usual form or any other form approved by the Directors. The instrument of transfer of a Share shall be executed by or on behalf of the transferor and, in the case of a partly paid share by or on behalf of the transferee. The Directors may refuse to register any transfer of a partly paid Share, provided that such refusal does not prevent dealings taking place on an open and proper basis and may also refuse to register any instrument of transfer unless:

- 3.2.3.1 it is duly stamped (if so required), is lodged at the Company's registered office or with its registrars or at such other place as the Directors may appoint and is accompanied by the certificate for the shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer and the due execution by him of the transfer;
- 3.2.3.2 it is in respect of only one class of share;
- 3.2.3.3 the transferees do not exceed four in number; and
- 3.2.3.4 if it is in respect of a Share on which the Company does not have a lien.

3.2.4 **Dividends**

The Company may in general meeting by ordinary resolution declare dividends in accordance with the respective rights of the members, provided that no dividend shall be payable in excess of the amount recommended by the Directors. The Directors may pay such interim dividends as appear to them to be justified. No dividend or other monies payable in respect of a Share shall bear interest as against the Company. There are no fixed dates on which entitlement to a dividend arises.

All dividends unclaimed for a period of six years after being declared or becoming due for payment shall be forfeited and shall revert to the Company.

The Ordinary Shareholders shall be entitled to dividend payments from the Ordinary Share Pool but not the B Ordinary Share Pool of assets. The B Ordinary Shareholders shall be entitled to dividend payments from the B Ordinary Share Pool but not the Ordinary Share Pool of assets.

3.2.5 **Disclosure of Interest in Shares**

If any member or other person appearing to be interested in shares of the Company is in default in supplying within 42 days (or 28 days where the shares represent at least 0.25% of its share capital) after the date of service of a notice requiring such member or other person to supply to the Company in writing all or any such information as is referred to in section 793 of the CA 2006, the Directors may, for such period as the default shall continue, impose restrictions upon the relevant shares.

The restrictions available are the suspension of voting or other rights conferred by membership in relation to meetings of the Company in respect of the relevant shares and additionally in the case of a Shareholder representing at least 0.25% by nominal value of any class of shares of the Company then in issue, the withholding of payment of any dividends on, and the restriction of transfer of, the relevant shares.

3.2.6 **Distribution of Assets on Liquidation**

On a winding-up any surplus assets of the Company will be divided amongst the holders of its Shares according to the respective numbers of Shares held by them in the Company and in accordance with the provisions of the CA 2006, subject to the rights of any shares which may be issued with special rights or privileges. The articles of association provide that the liquidator may, with the sanction of a resolution and any other sanction required by the CA 2006, divide amongst the members *in specie* the whole or any part of the assets of the Company in such manner as he may determine.

The Ordinary Shares shall have the right to the net assets attributable to the Ordinary Share Pool on a *pro rata* basis relative to the number of Ordinary Shares held. The B Ordinary Shares shall have the right to the net assets attributable to the B Ordinary Share Pool on a *pro rata* basis relative to the number of B Ordinary Shares held.

3.2.7 Changes in Share Capital

- 3.2.7.1 Without prejudice to any rights attaching to any existing shares, any share may be issued with such rights or restrictions as the Company may by ordinary resolution determine or in the absence of such determination, as the Directors may determine. Subject to the CA 2006, the Company may issue shares, which are, or at the option of the Company or the holder are, liable to be redeemed.
- 3.2.7.2 The Company may by Ordinary Resolution increase its share capital, consolidate and divide all or any of its share capital into shares of larger amounts, sub-divide its shares or any of them into shares of smaller amounts, or cancel or reduce the nominal value of any shares which have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount so cancelled or the amount of the reduction.
- 3.2.7.3 Subject to the CA 2006, the Company may by Special Resolution reduce its share capital, any capital redemption reserve and any share premium account, and may also, subject to the CA 2006 (and by resolution of the holders of the shares repurchased where such shares are convertible shares), purchase its own shares.

3.2.8 Special Reserve

The Articles provide for the special reserve resulting from the cancellation of the Company's share premium account on 26 March 2014 following the initial Ordinary Share issue to be available for use in relation to dividends on and share buy-backs of all share classes of the Company, including the B Ordinary Shares.

3.2.9 Variation of Rights

Whenever the capital of the Company is divided into different classes of shares, the rights attached to any class may (unless otherwise provided by the terms of issue of that class) be varied or abrogated either with the consent in writing of the holders of not less than three-fourths of the nominal amount of the issued shares of the class or with the sanction of a resolution passed at a separate meeting of such holders.

3.2.10 Directors

Unless and until otherwise determined by the Company in general meeting the number of Directors shall not be less than two or more than ten. The continuing Directors may act notwithstanding any vacancy in their body, provided that if the number of the Directors be less than the prescribed minimum the remaining Director or Directors shall forthwith appoint an additional Director or additional Directors to make up such minimum or shall convene a general meeting of the Company for the purpose of making such appointment.

Any Director may in writing under his hand appoint (a) any other Director, or (b) any other person who is approved by the Board of Directors to be his alternate. A Director may at any time revoke the appointment of an alternate appointed by him. Every person acting as an alternate Director shall be an officer of the Company, and shall alone be responsible to the Company for his own acts and defaults, and he shall not be deemed to be the agent of or for the Director appointing him.

Subject to the provisions of the CA 2006, the Directors may from time to time appoint one or more of their body to be Managing Director or Joint Managing Directors of the Company or to hold such other executive office in relation to the management of the business of the Company as they may decide.

A Director of the Company may continue or become a Director or other officer, servant or member or any company promoted by the Company or in which it may be interested as a vendor shareholder, or otherwise, and no such Director shall be accountable for any remuneration or other benefits derived as director or other officer, servant or member of such company.

The Directors may from time to time appoint a president of the Company (who need not be a Director of the Company) and may determine his duties and remuneration and the period for which he is to hold office.

The Directors may from time to time provide for the management and transaction of the affairs of the Company in any specified locality, whether at home or abroad, in such manner as they think fit.

3.2.11 Directors' Interests

- 3.2.11.1 A Director who is in any way, directly or indirectly, interested in a transaction or arrangement with the Company shall, at a meeting of the Directors, declare, in accordance with the CA 2006, the nature of his interest.
- 3.2.11.2 Provided that he has declared his interest in accordance with paragraph 3.2.11.1, a Director may be a party to or otherwise interested in any transaction or arrangement with the Company or in which the Company is otherwise interested and may be a director or other officer or otherwise interested in any body corporate promoted by the Company or in which the Company is otherwise interested. No Director so interested shall be accountable to the Company, by reason of his being a Director, for any benefit that he derives from such office or interest or any such transaction or arrangement.

Part 4

Additional Information *continued*

3.2.11.3 A Director shall not vote nor be counted in the quorum at a meeting of the Directors in respect of a matter in which he has any material interest otherwise than by virtue of his interest in shares, debentures or other securities of, or otherwise in or through the Company, unless his interest arises only because the case falls within one or more of the following paragraphs:

- the giving to him of any guarantee, security or indemnity in respect of money lent or an obligation incurred by him at the request of or for the benefit of the Company or any of its subsidiary undertakings;
- the giving to a third party of any guarantee, security or indemnity in respect of a debt or an obligation of the Company or any of its subsidiary undertakings for which he has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;
- any proposal concerning the subscription by him of shares, debentures or other securities of the Company or any of its subsidiary undertakings or by virtue of his participating in the underwriting or sub-underwriting of an offer of such shares, debentures or other securities;
- any proposal concerning any other company in which he is interested, directly or indirectly, whether as an officer or shareholder or otherwise, provided that he does not to his knowledge hold an interest in shares representing 1% or more of any class of the equity share capital of such company or of the voting rights available to members of the company;
- any proposal relating to a superannuation fund or retirement benefits scheme which either relates to both employees and Directors of the Company or has been approved by or is subject to and conditional upon approval by the Board of Inland Revenue for taxation purposes;
- any proposal relating to an arrangement for the benefit of the employees of the Company or any subsidiary undertaking which does not award to any Director as such any privilege or advantage not generally awarded to the employees to whom such arrangement relates; and
- any arrangement for purchasing or maintaining for any officer or auditor of the Company or any of its subsidiaries insurance against any liability which by virtue of any rule of law would otherwise attach to him in respect of any negligence, breach of duty or breach of trust for which he may be guilty in relation to the Company or any of its subsidiaries of which he is a director, officer or auditor.

3.2.11.4 When proposals are under consideration concerning the appointment of two or more Directors to offices or employment with the Company or any company in which the Company is interested, the proposals may be divided and considered in relation to each Director separately and (if not otherwise precluded from voting) each of the Directors concerned shall be entitled to vote and be counted in the quorum in respect of each resolution except that concerning his own appointment.

3.2.12 Remuneration of Directors

3.2.12.1 Subject to paragraph 3.2.12.3 below, the ordinary remuneration of the Directors shall be such amount as the Directors shall from time to time determine (provided that unless otherwise approved by the Company in general meeting the aggregate ordinary remuneration of such Directors, including fees from the Company, shall not exceed £100,000 per year) to be divided among them in such proportion and manner as the Directors may determine. The Directors shall also be paid by the Company all reasonable travelling, hotel and other expenses they may incur in attending meetings of the Directors or general meetings or otherwise in connection with the discharge of their duties.

3.2.12.2 Any Director who, by request of the Directors, performs special services for any purposes of the Company may be paid such reasonable extra remuneration as the Directors may determine.

3.2.12.3 The emoluments and benefits of any executive Director for his services as such shall be determined by the Directors and may be of any description, including membership of any pension or life assurance scheme for employees or their dependents or, apart from membership of any such scheme, the payment of a pension or other benefits to him or his dependents on or after retirement or death.

3.2.13 Retirement of Directors

A Director shall also retire from office at or before the third annual general meeting following the annual general meeting at which he last retired and was re-elected. A retiring Director shall be eligible for re-election. A Director shall be capable of being appointed or re-appointed a Director despite having attained any particular age.

3.2.14 Borrowing Powers

Subject as provided below, the Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and uncalled capital.

The Company's power to borrow money is subject to the aggregate principal amount outstanding not exceeding 25% of the value of the adjusted capital and reserves of the Company (being, in summary, the aggregate of the issued

share capital, plus any amount standing to the credit of the Company's reserves, deducting any distributions declared and intangible assets and adjusting for any variations to the above since the date of the relevant balance sheet). The test shall be the aggregate principal amount outstanding at the time of borrowing rather than from time to time.

3.2.15 **Uncertificated Shares**

CREST, a paperless settlement system enabling securities to be evidenced otherwise than by a certificate and transferred otherwise than by a written instrument, was introduced in July 1996. The Articles are consistent with CREST membership and allow for the holding and transfer of shares in uncertificated form pursuant to the Uncertificated Securities Regulations 2001. The new B Ordinary Shares to be issued under the Offers have been made eligible for settlement in CREST.

3.2.16 **General Meetings**

Annual general meetings shall be held at such time and place as may be determined by the Directors and not more than fifteen months shall elapse between the date of one annual general meeting and that of the next.

The Directors may, whenever they think fit, convene a general meeting of the Company, and general meetings shall also be convened on such requisition or in default may be convened by such requisitions as are provided by the CA 2006. Any meeting convened by requisitions shall be convened in the same manner as near to as possible as that in which meetings are to be convened by the Directors.

An annual general meeting shall be called by not less than twenty-one days' notice in writing, and all other general meetings of the Company shall be called by not less than fourteen days' notice in writing. The notice shall be exclusive of the day on which it is given and of the day of the meeting and shall specify the place, the day and hour of meeting, and in case of special business the general nature of such business. The notice shall be given to the members, other than those who, under the provisions of the articles or the terms of issue of the shares they hold, are not entitled to receive notice from the Company, to the Directors and to the Auditor. A notice calling an annual general meeting shall specify the meeting as such and the notice convening a meeting to pass a special resolution or an ordinary resolution as the case may be shall specify the intention to propose the resolution as such.

In every notice calling a meeting of the Company or any class of the members of the Company there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint one or more proxies to attend and, on a poll, vote instead of him, and that a proxy need not also be a member.

If within half an hour from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of members, shall be dissolved. In any other case it shall stand adjourned to such time (being not less than fourteen days and not more than twenty-eight days hence) and at such place as the Chairman shall appoint. At any such adjourned meeting the member or members present in person or by proxy and entitled to vote shall have power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place.

The Company shall give not less than ten clear days' notice of any meeting adjourned for the want of a quorum and the notice shall state that the member or members present as aforesaid shall form a quorum.

The Chairman may, with the consent of the meeting (and shall, if so directed by the meeting) adjourn any meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

5.5 Investment Management Agreement

An agreement (the "IMA") dated 15 February 2013 and made between the Company and the Original Manager whereby the Original Manager agreed to provide discretionary investment management and advisory services to the Company in respect of its portfolio of Qualifying Investments and Non-Qualifying Investments. On 1 July 2014 the IMA was novated to the Manager and on 3 October 2014 and 1 December 2017 the IMA was varied.

The Manager has agreed to act as Alternative Investment Fund Manager to the Company.

The Manager has agreed with the Company that it will indemnify the Company if the total Annual Running Costs of the Company are more than 2% of net asset value. Otherwise the Manager will receive an annual management fee only if, and to the extent that, the Annual Running Costs (disregarding any annual management fee payable) amount to less than 2% of the Company's NAV. In such a case the management fee (exclusive of VAT) will be payable quarterly. The Manager is also entitled to reimbursement of expenses incurred in performing its obligations.

The Manager will also receive a performance fee (exclusive of VAT) of 20% of any amounts distributed to Shareholders in excess of £1 per Share (the "Performance Fee"). As amended by the Investment Management Agreement Amendment Agreement in paragraph 5.5 below the Performance Fee is calculated separately on the Ordinary Shares and the B Ordinary Shares and the Performance Fee on the Ordinary Shares is conditional on holders of Ordinary Shares having received a return of 8% per annum per Share (calculated on a daily basis and not compounded) on the amount subscribed per Ordinary Share as from 20 January 2014 in respect of the Ordinary Shares issued pursuant to the Launch Offer and from 31 March 2014 in respect of Ordinary Shares issued under the Top Up Offer. A 3% hurdle applies in relation to the Performance Fee in respect of amounts paid to holders of B Ordinary Shares. Where, at the time of a distribution there have been previous distributions to the holders of Ordinary Shares, the return will be calculated from the day after the previous distribution date on the total amount subscribed per Share by Shareholders but reduced by the aggregate amount of such previous distributions made on a per Share basis.

For the purposes of calculating performance related incentive fees, account will be taken of all forms of distributions that may be made by the Company and as well as dividends, will include share buy-backs, proceeds on a sale or liquidation of the Company and any other proceeds or value received or deemed to be received by Shareholders (excluding any income tax relief on subscription).

The Manager is entitled to receive and retain entirely for its own use and benefit all other transaction fees, directors' fees, monitoring fees, consultancy fees, corporate finance fees, introductory fees, syndication fees, exit fees, commissions and refunds of commission received by the Manager in connection with the management of the investment portfolio of the Company.

The appointment will continue until terminated on twelve months' notice in writing given by either party at any time after 16 April 2023. The IMA is subject to earlier termination by either party in certain circumstances.

When conflicts occur between the Manager and the Company because of other activities and relationships of the Manager, the Manager will ensure that the Company receives fair treatment. Such conflicts will be disclosed to the Company.

The Manager may make investments on behalf of the Company in collective investment vehicles of which it is manager or in companies where the Manager has been involved in the provision of services to those companies and may receive commissions, benefits, charges or advantage from so acting.

Any fees arising in connection with investments made by the Company in Oakley Funds (if any) will be discharged by the Manager. There will be no duplication of fees in such situations.

5.6 **Investment Management Agreement Amendment Agreement**

On 3 October 2014, the Manager and the Company entered into an amendment agreement to the IMA (as further revised on 1 December 2017) providing the following:

- (a) the Performance Fee (as described in paragraph 5.4 above) would be applied on the B Ordinary Shares on the same basis as on the Ordinary Shares but with a hurdle of 3% per annum; and
- (b) the Manager agreed formally to act as Alternative Investment Fund Manager to the Company.

5.7 **Investment Management Agreement Further Amendment Agreement**

On 1 December 2017, the Manager and the Company entered into a further amendment agreement to the IMA providing that the definition of Annual Running Costs be amended so that it also excludes auditors' fees, administration, accounting and company secretarial costs, share registrars' fees, London Stock Exchange fees, printing and mailing costs in respect of the year end audited accounts, interim accounts and circulars to Shareholders, fees in respect of regulatory announcements made through a Regulatory Information Service, corporate broking fees, insurance premiums, and remuneration of the Board (including employers' national insurance contributions) where the aggregate of such fees in any rolling period of 12 months, for such time as the Net Asset Value of the Company is £100,000,000 or less, is less than £350,000 and, for such time as the Net Asset Value of the Company exceeds £100,000,000, is less than £500,000.

5.8 **Directors' Letters of Appointment**

Each of Jonathan Djanogly and Laurence Blackall has entered into an agreement with the Company dated 15 February 2013, and David Till has entered into an agreement with the Company dated 28 August 2018, as referred to in paragraph 4.8 above, whereby he is required to devote such time to the affairs of the Company as the Board reasonably requires consistent with his role as non-executive Director. The Chairman of the Company is entitled to receive an annual fee of £20,000 and each other Director an annual fee of £15,000. Each party can terminate the relevant agreement by giving to the others at least three months' notice in writing to expire at any time on or after the date 15 months from the respective commencement date of the letter. In respect of the last reporting period to 31 March 2018, Jonathan Djanogly received £20,000, Laurence Blackall received £15,000 and Peter Dubens, a former Director, received £nil, having waived any Director's fee.

5.9 **Administration Agreement**

An agreement dated 15 February 2013 (as varied on 3 October 2014) and made between the Company and The City Partnership (UK) Limited (the "Administrator") whereby the Administrator provides certain administration, accounting and company secretarial services to the Company in respect of the period from admission of the Ordinary Shares until the termination of the Administration Agreement. Further to an amendment agreement entered into between the Company and the Administrator on 3 October 2014, following the launch of the Initial B Share Offer the annual fee was increased to take into account the creation of the B Ordinary Share class (with it being agreed that the annual fee would be based upon gross funds raised by the Company under all of its offers). The administration fee is currently charged at a rate of £82,275 per annum (subject to increase by an amount equal to 0.05% of any further funds raised by the Company in any future share issues), plus VAT at the relevant rate. The annual fee is payable quarterly in advance and increases annually in line with RPI.

The Administration Agreement is terminable by either party giving six months' written notice, on or after the initial one-year period, but subject to early termination in certain circumstances.

8. Takeovers and Mergers

A. Mandatory takeover bids

The City Code on Takeovers and Mergers (the "Code") applies to all takeover and merger transactions in relation to the Company and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover and that shareholders of the same class are afforded equivalent treatment. The Code provides an orderly framework within which takeovers are conducted and the Panel on Takeovers and Mergers has now been placed on a statutory footing. The Takeovers Directive was implemented in the UK in May 2006 and since 6 April 2007 has effect through the CA 2006. The Directive applies to takeovers of companies registered in an EU member state and admitted to trading on a regulated market in the EU or EEA.

The Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company the other holders of securities must be protected. This is reinforced by Rule 9 of the Code which requires that a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. "Voting rights" for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person, who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.

There are not in existence any current mandatory takeover bids in relation to the Company.

B. Squeeze-out

Section 979 of the CA 2006 provides that if, within certain time limits, an offer is made for the share capital of the Company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90%, of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the relevant Company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the CA 2006 must, in general, be the same as the consideration available under the takeover offer.

C. Sell-out

Section 983 of the CA 2006 permits a minority shareholder to require an offeror to acquire its shares if the offeror has acquired or contracted to acquire shares in a company which amount to not less than 90% in value of all the voting shares in the company and carry not less than 90%, of the voting rights. Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.

If any application is not accepted, or if any contract created by acceptance does not become unconditional, or if any application is accepted for fewer Shares than the number applied for, or if in any other circumstances there is an excess paid on application, the application monies or the balance of the amount paid or the excess paid on application will be returned without interest by post at the risk of the applicant. In the meantime application monies will be retained in a designated bank account in the name of the Receiving Agent.
3. You may pay for your application for Shares by cheque or banker's draft submitted with the Application Form. Application Forms accompanied by a post-dated cheque will not be processed until the cheque can be presented and will not be treated as being received by the Receiving Agent until that date.

The contract created by the acceptance of applications in respect of allotment of Shares under the Offer will be conditional on Shareholders passing resolutions 1, 2 and 4 to be proposed at the General Meeting.  - v) warrant that your remittance will be honoured on first presentation and agree that if it is not so honoured you will not be entitled to receive share certificates in respect of the Shares applied for until you make payment in cleared funds for such Shares and such payment is accepted by or on behalf of the Company in its absolute discretion (which acceptance shall be on the basis that you indemnify it, the Sponsor, and the Registrar against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by or on behalf of the Company of such late payment, the Company may (without prejudice to its other rights) avoid the agreement to subscribe such Shares and may issue or allot such Shares to some other person, in which case you will not be entitled to any payment in respect of such Shares, other than the refund to you, at your risk, of the proceeds (if any) of the cheque or banker's draft accompanying your application, without interest;
 - vi) agree that all cheques and banker's drafts may be presented for payment on the due dates and any definitive document of title and any monies returnable to you may be retained pending clearance of your remittance and the verification of identity required by the ML Regulations and that such monies will not bear interest;
 - vii) undertake to provide satisfactory evidence of identity within such reasonable time (in each case to be determined in the absolute discretion of the Company and the Sponsor) to ensure compliance with the ML Regulations;
 - viii) agree that, in respect of those Shares for which your application has been received and is not rejected, your application may be accepted at the election of the Company either by notification to the London Stock Exchange of the basis of allocation or by notification of acceptance thereof to the Registrar;

 - xiii) irrevocably authorise the Registrar and/or the Sponsor or any person authorised by either of them, as your agent, to do all things necessary to effect registration of any Shares subscribed by or issued to you into your name and authorise any representative of the Registrar or of the Sponsor to execute any documents required therefor and to enter your name on the register of members of the Company;

In addition, the Company has not been and will not be registered under the United States Investment Company Act of 1940, as amended. The Investment Manager will not be registered under the United States Investment Advisers Act of 1940, as amended. No application will be accepted if it bears an address in the USA.
8. This application is addressed to the Registrar and the Sponsor. The rights and remedies of the Registrar and the Sponsor under these Terms and Conditions of Application are in addition to any rights and remedies which would otherwise be available to either of them, and the exercise or partial exercise of one will not prevent the exercise of the others.
9. The dates and times referred to in these Terms and Conditions of application may be altered by the Company with the agreement of the Sponsor.
10. The section headed Notes on the Application Form forms part of these Terms and Conditions of application.
11. Investors should be aware of the following requirements in respect of the ML Regulations for applications of the Sterling equivalent of €15,000 (for these purposes approximately £13,404, as at the date of this document), or more:
 - i) For those **who have not** previously invested in the Company, please supply either an Identity Verification Certificate from your financial intermediary or, if you do not have an adviser, one of the following:
 - a copy of your passport or driving licence certified by a bank or solicitor stating that it is a "true copy of the original and a true likeness of the client" followed by your name; and
 - a recent (no more than three months old) bank or building society statement or utility bill showing your name and address; or
 - tick the box on the Application Form consenting to the Company, or a third party acting on behalf of the Company, undertaking an online check of your identity using Veriphy, an online anti-money laundering and identity verification system.
 - ii) For those **who have** previously invested in the Company, your identity may be verified for the purposes of the ML Regulations by paying subscription monies by a cheque drawn in your name from a European Union based bank or building society. If this is not provided then you will need to go through the above procedure for those who have not previously invested in the Company.
 - iii) Your cheque or banker's draft must be drawn in Sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited, a member of the Scottish Clearing Banks Committee or the Belfast Clearing Committee or which has arranged for its cheques or banker's drafts to be cleared through facilities provided for members of any of those companies or associations and must bear the appropriate sorting code in the top right hand corner. Cheques should be drawn on the personal account to which you have sole or joint title to such funds. Third party cheques will not be accepted with the exception of building society cheques or banker's drafts where the building society or bank has confirmed the name of the account holder by stamping and endorsing the cheque or draft to such effect. The account name should be the same as that shown on the application. Post-dated cheques will not be processed until the cheque can be presented and will not be treated as being received by the Receiving Agent until that date. Cheques or banker's drafts will be presented for payment upon receipt. The Company reserves the right to instruct The City Partnership (UK) Limited (the "Registrar") to seek special clearance of cheques and banker's drafts to allow the Company to obtain value for remittances at the earliest opportunity. If you wish to pay by electronic transfer, please use the account details provided. The right is reserved to reject any Application Form in respect of which the cheque or banker's draft has not been cleared on first presentation.
12. The basis of allocation will be generally on a first come, first served basis (but always subject to the absolute discretion of the Directors of the Company after consultation with the Manager). The right is reserved to reject in whole or in part and/or scale down and/or ballot any application or any part thereof including, without limitation, where applications in respect of which any verification of identity (which the Company or the Receiving Agent consider may be required for the purposes of the ML Regulations) has not been satisfactorily supplied. Dealings prior to the issue of certificates for Shares will be at the risk of Applicants. A person so dealing must recognise the risk that an application may not have been accepted to the extent anticipated or at all. The Company may accept applications made otherwise than by completion of an Application Form where the Applicant has agreed in some other manner acceptable to the Company to apply in accordance with these Terms and Conditions of application.
13. The application of the subscription proceeds is subject to the absolute discretion of the Directors.
14. Intermediaries who have not provided personal recommendations or advice to UK retail clients on the B Ordinary Shares being applied for and who, acting on behalf of their clients, return valid Application Forms bearing their FCA number may be entitled to commission on the amount payable in respect of such Shares allocated for each such Application Form at the rates specified in the paragraph headed "Commission" in Part 1 of this document. Intermediaries may agree to waive part or all of their initial commission in respect of an application for B Ordinary Shares under the Offer. If this is the case, then the offer charges will be adjusted, in accordance with the Pricing Formula. Intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for their commission.

Part 7

Terms and Conditions of the Dividend Investment Scheme ("DIS")

Please read these Terms and Conditions carefully and keep them in case you need to refer to them in the future.

This information should not be regarded as a recommendation to buy or hold Shares in the Company. The value of Shares and the income from them can fall as well as rise and you may not recover the amount of money you invest.

If you are in any doubt about what you should do, you should consult an independent financial adviser. If you have any questions about the Dividend Investment Scheme, you can write to: DIS Administration, The City Partnership (UK) Limited, 110 George Street, Edinburgh EH2 4LH.

1. In these DIS Terms and Conditions, capitalised terms shall have, unless the context otherwise permits, the meanings set out in the "Definitions" section of the Prospectus.
2. The monies subscribed through the DIS (being dividends paid on Shares held by, or on behalf of a Shareholder who applies to participate in the DIS (the "Application")) shall be invested in new Shares in the relevant share class. The Scheme Administrator shall not have the discretion to vary such investments and Applicants may not instruct the Scheme Administrator to make any other investments. Applicants who are Shareholders may only join the DIS in respect of the Shares of the Company if dividends on all the Shares in the relevant share class registered in their name are mandated to the DIS. The number of Shares in the relevant share class held by any such Applicant which are mandated to the DIS shall be altered immediately following any change to the number of Shares in respect of which such Shareholder is the registered holder as entered in the share register of the Company from time to time. Applicants who are not Shareholders may join the DIS in respect of the number of Shares of the Company specified as "Nominee Shareholdings" and notified to the Scheme Administrator by the Applicant and the Shareholder in whose name the Shares are held. Any new Shares in the relevant share class, which will be issued to the Applicant (and not the Shareholder in whose name the Shares mandated to the DIS are held), will not be mandated to the DIS unless a separate DIS application form is completed in respect of them.
3. On or as soon as practicable after an investment day, the funds subscribed through the DIS on behalf of each Applicant shall be applied on behalf of that Applicant in the subscription for the maximum number of new Shares as can be acquired with those funds:
 - i) The number of new Shares issued to an Applicant pursuant to condition 2 above shall be calculated by dividing the aggregate value of the dividends paid on the Shares in the relevant share class to which that Applicant is entitled by the greatest of (i) the most recently announced net asset value per share in the relevant share class as at the date the dividend is paid (as adjusted for the relevant dividend in question if this has not already been recognised in the most recently announced net asset value) of the Company (as determined by the Manager), (ii) the nominal value per Share in the relevant share class and (iii) the mid-price value per Share in the relevant share class as at the close of business on the Business Day preceding the date of issue of such Shares;
 - ii) Any balance of cash remaining in the Offer Account after the subscription shall continue to be held in that account on behalf of the Applicant to whom it relates and added to the cash available in respect of that Applicant for the subscription of Shares in the relevant share class on the next investment day. No interest shall accrue or be payable in favour of any Applicant on any such cash balances; and
 - iii) The DIS involves the investment of the whole dividend paid on each holding in the relevant share class each time a dividend in the relevant share class is paid by the Company. Shareholders will remain in the DIS, so that all future dividends will be reinvested in the same way, until they give notice to the Scheme Administrator that they wish to terminate their participation in the DIS, either in relation to a particular dividend, or all future dividends.
4. The Registrar shall immediately after the subscription of Shares in accordance with condition 3 hereof take all necessary steps to ensure that the Applicants are entered into the share register of the Company as the registered holders of the Shares issued to them in accordance with condition 3 above, and that share certificates in respect of such Shares are issued and delivered to the Applicants at their own risk, as soon as is reasonably practicable (unless such Shares are to be uncertificated). Shareholders (or such other person as aforesaid) will receive with their share certificates (if any) a statement detailing:
 - i) the dividend available for investment;
 - ii) the price per Share subscribed and the date of issue;
 - iii) the number of Shares issued and the total cost; and
 - iv) the cash to be carried forward for investment on the next investment day.
5. Application to join the DIS can be made at any time. However, to be reinvested, applications to join the DIS need to have been received by the Scheme Administrator at least 15 days prior to a dividend being paid.
6. All costs and expenses incurred by the Scheme Administrator in administering the DIS will be borne by the Company.
7. Each Applicant warrants to the Scheme Administrator that:
 - i) during the continuance of his or her participation in the DIS he or she will remain the sole beneficial owner of the Shares mandated to the DIS free from encumbrances or security interests;
 - ii) all information set out in the DIS application form is correct and to the extent any of the information changes he or she will notify the changes to the Scheme Administrator; and
 - iii) during the continuance of his or her participation in the DIS he or she will comply with the provisions of condition 8 below.

Part 7

Terms and Conditions of the Dividend Investment Scheme ("DIS") continued

8. The right to participate in the DIS will not be available to any person who is a citizen, resident or national of, or has a registered address in, any jurisdiction outside the United Kingdom. It is the responsibility of any Applicant wishing to participate in the DIS to be satisfied as to the full observance of the laws of the relevant jurisdiction(s) in connection therewith, including obtaining any governmental or other consents which may be required and observing any other formalities needing to be observed in any such jurisdiction(s). No such person receiving a copy of the DIS documents may treat them as offering such a right unless an offer could properly be made without such compliance.
9. The Applicant acknowledges that neither the Scheme Administrator, the Company nor the Manager are providing a discretionary management service. The Scheme Administrator, the Company and/or the Manager shall not be responsible for any loss or damage suffered by any Applicant as a result of their participation in the DIS unless due to the negligence or default of the Scheme Administrator, the Company or the Manager (respectively), or its or their servants or agents.
10. The Applicant may at any time by notice to the Scheme Administrator terminate his or her participation in the DIS and withdraw any monies held in the offer account on his or her behalf in relation thereto. If an Applicant shall at any time cease to hold any Shares in the Company, he or she shall be deemed to have served such a notice in respect of his or her participation in the DIS. If such notice is served or deemed to have been served, the Scheme Administrator shall pay all of the monies held in the Offer Account on the Applicant's behalf to the Applicant at the address set out in the DIS application form, subject to any deductions which the Scheme Administrator may be entitled or bound to make hereunder.
11. If an Applicant withdraws from the DIS and a cash balance remains of less than £1 that balance will not be repaid, but will be donated to a recognised registered charity.
12. The Company and the Scheme Administrator shall be entitled, at any time and from time to time, to suspend the operation of the DIS and/or to terminate the DIS without notice to the Applicants and/or to refuse to reinvest dividends due on Shares held by a nominee. In the event of termination, the Scheme Administrator shall, subject to condition 11 above, pay to each Applicant all of the monies held in the Offer Account on his or her behalf.
13. All notices and instructions to be given to the Scheme Administrator shall be in writing and delivered or posted to The City Partnership (UK) Limited, 110 George Street, Edinburgh EH2 4LH.
14. The Scheme Administrator shall be entitled to amend the DIS Terms and Conditions on giving one months' notice in writing to all participating Applicants. If such amendments have arisen as a result of any change in statutory or other regulatory requirements, notice of such amendment will not be given to Applicants unless in the Scheme Administrator's opinion the change materially affects the interests of Applicants. Amendments to the DIS Terms and Conditions which are of a formal, minor or technical nature or made to correct a manifest error and which do not adversely affect the interests of Applicants may be effected without notice.
15. By completing and delivering the DIS application form, the Applicant:
 - i) agrees to provide the Company with any information which it may request in connection with such application and to comply with legislation relating to venture capital trusts or other relevant legislation (as the same may be amended from time to time); and
 - ii) declares that a loan has not been made to the Applicant or any associate of the Applicant which would not have been made, or would not have been made on the same terms, but for the Applicant offering to subscribe for, or acquiring, Shares and that the Shares are being acquired for *bona fide* commercial purposes and not as part of a scheme or arrangement the main purpose of which, or one of the main purposes of which, is the avoidance of tax.
16. Currently, subscriptions by individuals aged 18 or over for eligible shares in venture capital trusts only attract tax reliefs if in any tax year such subscriptions to all venture capital trusts by such individuals do not exceed £200,000 (including subscriptions pursuant to DIS). Applicants are responsible for ascertaining their own tax status and liabilities and neither the Scheme Administrator nor the Company can accept any liability in the event they do not receive any venture capital trust tax reliefs.
17. Since dividends on Shares acquired in excess of £200,000 per Applicant in any tax year will not be exempt from income tax in the same way as Shares acquired within this limit, the Applicant will generally be liable to tax on such dividends. Nevertheless, the whole of such dividends shall be invested unless the Scheme Administrator is notified to the contrary in writing at least 15 days before an investment day.
18. The Company shall not be required to issue Shares hereunder if the Directors so decide.
19. These DIS Terms and Conditions shall be governed by, and construed in accordance with, English Law and each Applicant submits to the jurisdiction of the English Courts and agrees that nothing shall limit the right of the Company to bring any action, suit or proceeding arising out of or in connection with the DIS in any other manner permitted by law or in any Court of competent jurisdiction.
20. The Company shall not be required to admit new members to the DIS in circumstances where the proposed level of dividends to be paid by the Company would require the issue of Shares in breach of the Prospectus Rules.
21. All documents will be dispatched at the Shareholder's own risk.

Shareholders in any doubt about their tax position should consult their independent professional adviser.

Additional Notes

The Scheme Administrator and its agents (including any broker) may effect transactions notwithstanding that they have a direct or indirect material interest or a relationship of any description with another party which may involve a conflict with its duty to DIS participants under the DIS.

The Scheme Administrator is authorised to disclose any information regarding Shareholders or their participation in the DIS to any relevant authority, or as required by such authority, whether by compulsion of law or not. The Scheme Administrator shall not be liable for any disclosure made in good faith provided that the Scheme Administrator believes that such disclosure has been made in accordance with the foregoing requirements.

Each of the provisions of the DIS shall be severable and distinct from one another and if one or more of such provisions is invalid or unenforceable, the remaining provisions shall not in any way be affected.

The Scheme Administrator has procedures to help resolve all complaints from customers effectively. If an Applicant has any complaints about the service provided to him or her or wishes to receive a copy of the Scheme Administrator's complaints procedure, please write to the Scheme Administrator at the address set out in paragraph 13.

This service is a Company sponsored scheme which means that the Scheme Administrator charges the Company a fee which is representative to the costs of operating it. This arrangement means that DIS participants are not charged an annual fee. If an Applicant would like more detail on this arrangement please write to the Scheme Administrator at the address set out in paragraph 13.

The Scheme Administrator will take reasonable care in operating the DIS, and will be responsible to an Applicant for any losses or expenses (including loss of shares) suffered or incurred by him or her as a direct result of breach by the Scheme Administrator of these DIS Terms and Conditions, negligence, wilful default or fraud. The Scheme Administrator does not accept liability for any indirect or consequential loss suffered by an Applicant or for any loss which does not arise as a result of its breach of these DIS Terms and Conditions, negligence, wilful default or fraud.

The Scheme Administrator shall not be responsible for delays or failure to perform any of its obligations due to acts beyond its control. Such acts shall include, but not be limited to, acts of God, strikes, lockout, riots, acts of war, terrorist acts, epidemics, governmental regulations superimposed after the fact, communication line failures, power failure, earthquakes or other disasters.

Any personal data obtained from an Applicant in providing this service will be held by the Scheme Administrator in accordance with the relevant legislation. The Scheme Administrator will only hold, use or otherwise process such personal data of an Applicant as is necessary to provide him or her with the service. The Applicant's details will only be disclosed in accordance with the principles set out in the Data Protection Act 1998:

- i) to any person if that person has legal or regulatory powers over the Scheme Administrator; and
- ii) to any other person or body in order to facilitate the operation of the DIS.

An Applicant has a right to request to view the personal data that the Scheme Administrator holds on him or her.

All communications between the Scheme Administrator and an Applicant will be conducted in the English language.

These DIS Terms and Conditions are governed by and shall be construed in accordance with the laws of England and Wales.

Part 8

Frequently Asked Questions

Q. How much can I invest in the Company?

There is no upper limit on the amount that you can invest in the Company. However, there is a limit on the amount which, in any tax year, you may invest in VCTs which will qualify for any tax reliefs. The current limit is £200,000 in any one tax year. As the Offer spans two tax years (2018/19 and 2019/20) on current limits you can subscribe up to a maximum of £400,000. Each spouse has his or her own limit and so together spouses can invest up to £400,000 in respect of each financial year.

Q. What is the minimum level of investment?

The minimum subscription is £3,000 per application.

Q. To whom should I make the cheque payable?

Cheques should be made payable to "The City Partnership – Pembroke VCT".

Q. Can I pay for my shares electronically?

Yes, to the following account:

Account name: The City Partnership – Pembroke VCT

Account number: 11010368

Sort code: 80-22-60

Q. Where should I send my application?

Your Application Form should be sent to The City Partnership (UK) Limited, 110 George Street, Edinburgh EH2 4LH.

Q. Will I receive a share certificate?

The Company will dispatch a share certificate to you within ten Business Days of each allotment. In due course you will be provided with tax certificates enabling you to claim income tax relief.

Q. What income tax relief will be given on my investment?

The current rate of income tax relief for VCT investors is 30% of the amount invested, so long as you have sufficient income tax payable in the year in which the shares are issued to you to cover the relief. Therefore, depending on your circumstances, you can get a maximum of £60,000 income tax relief per tax year being 30% on subscriptions for shares in VCTs of £200,000 in any tax year.

Q. How do I claim back my income tax relief on my VCT investment?

In order to claim back your tax relief you can write to HMRC and ask them to amend your tax code so you can receive your tax relief via the PAYE system. Alternatively, you can claim the relief in your tax return for the year in which the Shares are issued to you.
