VOLUNTARY ANNOUNCEMENT
STRATEGIC UPGRADE INTO VERTICAL AI TOKEN FACTORY AND SECURING OF INTENT SERVICE ORDERS EXCEEDING US$1 BILLION

The board of directors (the "**Board**") of Ingdan, Inc. (the "**Company**", together with its subsidiaries, the "**Group**") is pleased to announce that the Group has completed its strategic upgrade from an AI hardware distributor into a vertical AI Token Factory operator. The Group has secured aggregate intent service orders exceeding US$1 billion (the "**Intent Orders**"), with customers including leading global cloud service providers, embodied intelligence and AI model companies.

The Group has established a vertical industry Token computing power scheduling platform adopting a Token computing power revenue-sharing model. Computing infrastructure is deployed through the Group's own proprietary clusters and domestic and overseas third-party computing centres, with nodes planned for multiple locations in the PRC and overseas. The Group provides computing partners with data centre construction, cluster operations and maintenance, and customer referral services, while delivering lightweight Token computing power services to enterprises in the humanoid robotics and UAV sectors.

The Board believes the Group has established a first-mover advantage in the vertical AI computing sector and will continue to expand its distributed computing nodes, iterate on industry-customised Token products, and develop Token operations services as a second growth engine for the Group.

Shareholders and potential investors should note that the Intent Orders are intent service orders and not formal agreements and the actual revenue to be recognised will depend on the performance of the relevant service agreements and prevailing business conditions. Further announcement(s) will be made by the Company as and when appropriate in compliance with the Rules Governing the Listing of Securities on the Stock Exchange.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.

By Order of the Board
Ingdan, Inc.
KANG Jingwei, Jeffrey
