VOLUNTARY ANNOUNCEMENT ENTERING INTO THE COOPERATION AGREEMENT ON SMART UAVS FOR THE LOW-ALTITUDE ECONOMY

The board of directors (the “**Director(s)**”) of Novautek Technologies Group Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) hereby make this announcement on a voluntary basis to provide shareholders and potential investors of the Company with the latest business update of the Group.

The Group is pleased to announce that on 11 September 2025, Novautek Autonomous Driving Limited (“**Novautek Autonomous Driving**”), a subsidiary of the Group, entered into a cooperation agreement (the “**Cooperation Agreement**”) with Alpha AI Technology Limited (“**Alpha AI**”), to establish an in-depth strategic partnership founded on their shared vision for advancing artificial intelligence (“**AI**”) technologies for unmanned aerial vehicles (“**UAV(s)**”) and smart facilities for the low-altitude economy, jointly exploring new frontiers in smart technology applications.

REASONS FOR AND BENEFITS OF ENTERING INTO THE COOPERATION AGREEMENT

This cooperation will fully leverage the complementary strengths of both parties in technology research and development (“**R&D**”) and market expansion, focusing on the cooperation in UAV-AI inspection services and smart-infrastructure solutions. By integrating Novautek Autonomous Driving’s extensive experience in developing and commercialising intelligent robotic equipment with Alpha AI’s cutting-edge technologies in AI algorithms, the parties will achieve seamless alignment between technology and market demand, jointly creating more competitive intelligent products to meet the rapidly growing UAV-application needs of Hong Kong and its surrounding regions.

THE COOPERATION AGREEMENT

This strategic cooperation maximizes the core advantages of both parties, enabling complementary resources and synergistic growth. Novautek Autonomous Driving will serve as Alpha AI's business partner in Hong Kong, responsible for the business development as well as project and product implementation related to UAV-AI inspection systems and smart infrastructure for the low-altitude economy. Alpha AI will provide comprehensive technical support and system deployment. Together, the two parties will develop intelligent solutions tailored for the market, delivering more competitive products and services.

INFORMATION ON ALPHA AI

Alpha AI is one of the first Hong Kong-based high-tech enterprises to obtain an automatic UAV-AI inspection license. It has accumulated technical expertise and R&D experience in automatic UAV-AI inspection, building infrastructure, indoor, confined space and slope monitoring, and high-precision GNSS construction for the low-altitude economy, and has significant technological advantages in the R&D, algorithm design and application of AI, UAV technologies and spatial intelligence, especially in the field of spatial intelligence.
