### STRATEGIC REPORT FOR THE PERIOD ENDED 31 JULY 2015

---

#### **INTRODUCTION**

The Company was incorporated in England and Wales on 31 July 2014 as a public limited company under the Companies Act 2006 and is traded on the ISDX Growth Market under "DOIL". The company's principal activity is to engage in investments of natural gas and crude oil production in the Appalachian Basin of the USA.

#### **BUSINESS REVIEW**

The Company incurred a loss for the period of £424,000. During the first period of trade the business acquired subsidiary undertakings as disclosed in note 8 and admitted bonds to trading on the ISDX growth market.

The company was set up for the purpose of obtaining a listing on a public market and then to achieve an acquisition of an established business. Having identified an appropriate target the acquisition completed on 1 June 2015. The acquired business had an accounting reference date of 31 December.

The intention was the accounting reference date of Diversified Gas & Oil Plc would be changed to 31 December and the first financial statements would cover the 18 month period to from 1 July 2014 to 31 December 2015.

Unfortunately due to an administrative oversight the change in accounting reference date was not effected within the required timescale. Accordingly the company is required to prepare financial statements for the period ending 31 July 2015.

On filing of these financial statements the company will change its accounting reference date to 31 December, and the next financial statements will be made up to 31 December 2015.

Those financial statements will present the results of the group for the year then ending together with comparatives using the principles of a merger.

In view of the above the Directors consider that to prepare consolidated financial statements made up to 31 July 2015 would involve undue time and expense as per section 405 (3b) of the Companies Act 2006. For this reason the Directors have not prepared group financial statements and these financial statements present only the results of the company.

#### **PRINCIPAL RISKS AND UNCERTAINTIES**

The principal risks and uncertainties facing the business are as follows:

The key risks and uncertainties facing the business are as follows:

##### *Foreign exchange risk*

The Company's activities expose it to the financial risks of changes in foreign currency exchange rates between the Great British Pound and U.S. Dollar.

##### *Financing risk*

The Company's principal activity is obtaining financing to invest in natural gas and crude oil producing assets in the Appalachian Basin of the USA. The Company has bonds listed on the ISDX Growth Market and all further issuances are subject to market approval.

#### **FINANCIAL KEY PERFORMANCE INDICATORS**

The Company's key financial performance indicator is the earnings per share. An analysis of the key performance indicators for earnings per share is disclosed within the financial statements.

At this stage in the Company's development management have not identified any non-financial key performance indicators.

### DIRECTORS' REPORT FOR THE PERIOD ENDED 31 JULY 2015

---

The directors present their report and the financial statements for the period ended 31 July 2015.

#### DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### RESULTS AND DIVIDENDS

The operating loss for the period amounted to £424k.

No dividends were paid during the period and no dividends were proposed.

#### DIRECTORS

The directors who served during the period are set out on page 1. The directors' beneficial interests in the share capital of the company were as follows:

|                                                   | 31 July 2015          |                           |

**DIRECTORS' REPORT  
FOR THE PERIOD ENDED 31 JULY 2015**

---

**FUTURE DEVELOPMENTS**

As of the date of this report, the directors are not aware of any likely major changes in the company's activities in the next period. The Company continues to raise funding to acquire natural gas and crude oil investments.

**DISCLOSURE OF INFORMATION TO AUDITOR**

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company's auditor is aware of that information.

**POST BALANCE SHEET EVENTS**

Since 31 July 2015, the Company's has issued additional unsecured 8.5% bonds to the ISDX Growth market so that the total bonds in issue is £9.0m.

**AUDITORS**

### **INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF DIVERSIFIED GAS & OIL PLC**

---

We have audited the financial statements of DIVERSIFIED GAS & OIL PLC for the period ended 31 July 2015, set out on pages 7 to 16. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ("FRS 102").

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### **RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS**

As explained more fully in the Directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

#### **SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Strategic report and the Directors' report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

#### **BASIS FOR QUALIFIED OPINION ON FINANCIAL STATEMENTS**

As explained in note 1.1, the company has not prepared group accounts as required by section 405 of the Companies Act 2006 on the grounds that these could not be obtained without undue expense or delay. This is not however, a permitted reason for not producing group accounts under FRS 102 and, as a result, the financial statements do not give all the information required about the economic activities of the group of which the company is a parent. It is not practicable to quantify the effect of the departure from this requirement.

#### **QUALIFIED OPINION ON THE FINANCIAL STATEMENTS – FAILURE TO PREPARE GROUP ACCOUNTS**

In our opinion, the financial statements:

- give a true and fair view of the state of the affairs of the company as at 31 July 2015 and of its loss for the period then ended; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Except for the failure to prepare group account, in our opinion, the financial statements have been properly prepared in accordance with FRS 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland.

**INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF DIVERSIFIED GAS & OIL PLC**

---

**OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006**

In our opinion the information given in the Strategic report and the Directors' report for the financial period for which the financial statements are prepared is consistent with the financial statements.

**MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 JULY 2015**

---

#### **1. ACCOUNTING POLICIES**

##### **1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

Diversified Gas & Oil Plc is a public limited company incorporated in England on 1 July 2014. The registered office is 15 Appold Street, London, EC2A 2HB. The financial statements have been prepared in accordance with Financial Reporting Standard 102 and the Companies Act 2006 under the historical cost basis.

The entity has early adopted FRS102 (before 1 January 2015) for its first accounting period ending 31 July 2015.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company's accounting policies (see note 2).

The financial information of the Company is presented in Pound Sterling ("£") and rounded to the nearest thousand, unless otherwise stated.

These are the first individual financial statements of Diversified Gas & Oil Plc at 31 July 2015. At the balance sheet date it was a parent undertaking as it acquired 100% of the issued share capital of Diversified Gas & Oil Corporation, a company incorporated in Delaware. The group reporting to the market has been to 31 December and full consolidated financial statements to 31 December 2015 will be presented.

The company was set up for the purpose of obtaining a listing on a public market and then to achieve an acquisition of an established business. Having identified an appropriate target the acquisition completed on 1 June 2015. The acquired business had an accounting reference date of 31 December.

The intention was the accounting reference date of Diversified Gas & Oil Plc would be changed to 31 December and the first financial statements would cover the 18 month period to from 1 July 2014 to 31 December 2015.

Unfortunately due to an administrative oversight the change in accounting reference date was not effected within the required timescale. Accordingly the company is required to prepare financial statements for the period ending 31 July 2015.

On filing of these financial statements the company will change its accounting reference date to 31 December, and the next financial statements will be made up to 31 December 2015.

Those financial statements will present the results of the group for the year then ending together with comparatives using the principles of a merger.

In view of the above the Directors consider that to prepare consolidated financial statements made up to 31 July 2015 would involve undue time and expense as per section 405 (3b) of the Companies Act 2006. For this reason the Directors have not prepared group financial statements and these financial statements present only the results of the company.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED 31 JULY 2015**

---

The following principal accounting policies have been applied:

***Standards and interpretations issued but not yet applied***

At the date of authorisation of this Financial Information, the Directors have reviewed the standards in issue by the International Accounting Standards Board ("IASB") and IFRIC, which are effective for annual accounting periods ending on or after the stated effective date. In their view, none of these standards would have a material impact on the financial reporting of the company.

***Comparative figures***

No comparative figures have been presented as the Financial Information covers the period from incorporation on 31 July 2014 to 31 July 2015.

**1.2 CASH AND CASH EQUIVALENTS**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

**1.3 LOAN NOTES**

Loan notes which are basic financial instruments are initially recorded at the present value of future payments discounted at a market rate of interest for a similar loan. Subsequently, they are measured at amortised cost using the effective interest method.

**1.4 FINANCE COSTS**

Finance costs are charged to the Profit and loss account over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

**1.5 INVESTMENTS**

Investment in a subsidiary company is held at cost less accumulated impairment losses.

**1.6 GOING CONCERN**

The Directors have considered the financial resources, together with their forecast financial information of the entity and the group. As a consequence, the directors believe that the group is well placed to manage its business risks successfully despite the current downturn in global oil and gas prices. After making enquiries, the directors have a reasonable expectation that the company and the group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

**2. JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION  
UNCERTAINTY**

In preparing these financial statements the Directors consider that the key judgment is the allocation of costs between the loan balance and the profit or loss account relating to expenses of the bond listing on the ISDX growth market. See note 6 for details.

**3. EARNINGS PER SHARE**

The calculation for earnings per share (basic and diluted) for the relevant period is based on the loss after income tax attributable to equity holders for the period from incorporation on 31 July 2014 to 31 July 2015 as follows:

|                                            |            |
|--------------------------------------------|------------|
| Loss attributable to equity holders (£)    | (424,000)  |
| Weighted average number of Ordinary Shares | 10,849,315 |
| Earnings per Ordinary Share (£)            | (0.04)     |

Diluted loss per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume at conversion there were no potential dilutive ordinary shares in issue. The effect of potential dilutive shares would be anti-dilutive and therefore are not included in the above calculation of diluted earnings per share.

**4. SHARE CAPITAL**

On 31 July 2014, the Company was incorporated and had issued share capital of 5,000,000 Ordinary Shares of £0.01 each.

On 1 June 2015, the Company issued additional share capital of 35,000,000 Ordinary Shares of £0.01 each. The total number of Ordinary Shares of £0.01 allotted issued and fully paid at 31 July 2015 was 40,000,000 with an aggregate nominal value of £400,000.

**5. OPERATING EXPENSES**

The operating expenses are detailed as follows:

|                                   | 2015<br>£'000 |
|-----------------------------------|---------------|
| Insurance                         | 5             |
| Other administrative              | 2             |
| Professional fees                 | 365           |
| Directors fees                    | 23            |
| <b>Auditors remuneration:</b>     |               |
| Audit of the financial statements | 15            |
| Corporate finance services        | 112           |

During the period ended 31 July 2015, the Company explored the potential of an initial public offering (IPO). Costs associated with the potential IPO included professional fees paid to legal counsel, accountants, and financial advisers, totalling £365k and are included in professional fees above. Management concluded that due to a low commodity pricing environment it was more favourable to pursue debt financing through a bond market.
