NOTES TO CONDENSED INTERIM ACCOUNTS:

1. Basis of presentation

The unaudited condensed consolidated interim financial information has been prepared in accordance with the Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and the applicable disclosure requirements of the Listing Rules. They have also been prepared on the historical cost basis, except for certain financial instruments, which are measured at fair values.

The accounting policies and method of computation used in the preparation of condensed interim financial statements are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 30 June 2010, except as described below.

In the current interim period, the Group has applied, for the first time, the following new standards, amendments and interpretations (“new HKFRSs”) issued by the HKICPA.

HKFRSs (Amendments)	Amendments to HKAS 1, HKAS 7, HKAS 17, HKAS 36, HKAS 39, HKFRS 5 and HKFRS 8 as part of improvements to HKFRSs 2009
HKFRSs (Amendments) HKAS 32 (Amendment)	Amendments to HKAS 27 and HKFRS 3 as part of Improvements to HKFRSs 2010 Classification of Rights Issues
HKFRS 1 (Amendment)	Additional Exemptions for First-time Adopters
HKFRS 1 (Amendment)	Limited Exemption from Comparative HKFRS 7 Disclosures for First-time Adopters
HKFRS 2 (Amendment)	Group Cash-settled Share-based Payment Transactions
HK(IFRIC) – Int 19	Extinguishing Financial Liabilities with Equity Instruments
HK – Int 5	Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause

Except as described below, the application of the new HKFRSs has had no material effect on condensed consolidated financial statements of the Group for the current and prior accounting periods.

Hong Kong Interpretation 5 Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause

Hong Kong Interpretation 5 Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause (‘HK – Int 5’) clarifies that term loans that include a clause that gives the lender the unconditional right to call the loans at any time (‘repayment on demand clause’) should be classified by the borrower as current liabilities. The Group has applied HK – Int 5 for the first time in the current period. Hong Kong Interpretation 5 requires retrospective application.

In order to comply with the requirements set out in HK – Int 5, the Group has changed its accounting policy on classification of term loans with a repayment on demand clause. In the past, the classification of such term loans were determined based on the agreed scheduled repayment dates set out in the loan agreements. Under HK – Int 5, term loans with a repayment on demand clause are classified as current liabilities.

As a result, bank loans that contain a repayment on demand clause with the aggregate carrying amounts of US\$2,000,000 has been reclassified from non-current liabilities to current liabilities as at 30 June 2010. As at 31 December 2010, bank loans (that are repayable more than one year after the end of the reporting period but contain a repayment on demand clause) with the aggregate carrying amount of US\$1,692,000 have been classified as current liabilities. The application of HK – Int 5 has had no impact on the reported profit or loss for the current and prior periods.

The Group has not early applied the new and revised Standards, Amendments and Interpretations that have been issued but are not yet effective. The directors of the Company anticipate that the application of these new and revised Standards, Amendments and Interpretations will have no material impact on the condensed consolidated financial statements.

BUSINESS REVIEW

Business for the first half of fiscal year 2011 has been down compared to same period last year. Total revenue was US\$150,219,000, which represents a 18% drop. The gross profit was US\$15,224,000, which represents a 14% drop. The gross profit margin was increased by 0.44% to 10.13%. And the net profit was US\$831,000 versus last year's US\$1,842,000. As of 31 December 2010, cash on hand was US\$10,243,000.

Overall, the worldwide demand continues to be slow as the general economic situation remains uncertain. Due to this, the pace in PC component upgrades has been soft, especially in the gaming sector.

BUSINESS OUTLOOK

We have launched 4 top-of-the-line XFX AMD 6800 and 6900 series graphics cards since the end of last year. These cards provide gamers with an enhanced second-generation, Microsoft DirectX® 11-capable architecture for breakthrough performance, advanced image quality features for the best looking games, and innovative AMD PowerTune power management technology that dynamically adjusts power draw on the fly. They also employ AMD's Eyefinity multi-display technology and HD3D technology for 3D entertainment.

We expect that they will contribute significantly for the second half of our fiscal year.

We have also kick started a multitude of initiatives. We have created a new division, AviiQ. Its mission is to design and develop the finest mobile lifestyle accessories in function and style. Its first creation is the world's thinnest laptop stand and has received rave reviews in the laptop accessories community. AviiQ's vision is to add productivity and pleasure to the mobile computing lifestyle.

Our Distribution Division has embarked a new initiative called Reverse Logistics to complement their existing supply chain services. This allows them to provide a comprehensive service and support to its customers and vendors alike. And we expect incremental revenue and profits to be generated through this new initiative.

With these multitudes of new initiatives, PINE aims to continue to reinvent and to be a progressive and balanced company.

We are harboring a cautious outlook for the rest of this year and are taking a long term approach in building and strengthening our businesses. We will continue to leverage on our strength in product development and business development, to nurture the new initiatives to take shape, while focus on the management basics to ensure we are moving into 2011 in a steady and firm pace.
