### **CHAIRMAN'S STATEMENT**

**YEAR ENDED 31 August 2017**

Our second year of trading saw very little activity as following the first year the Company still remained with the intention to float on the Main market of the London Stock Exchange by way of a Standard Listing. However, because of various factors regarding the market at the time the Company was still not in a position to float before the end of the financial year. We continue to establish relationships in the insurance linked securities markets and longevity asset sectors, in which we hope to explore further opportunities following the IPO.

I hope to provide shareholders with news as it develops going forward.

Gobind Sahney

### **STATEMENT OF DIRECTORS' RESPONSIBILITIES**

The Directors are responsible for preparing the report of the directors and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare Company financial statements for each financial year. Under that law the Directors have prepared financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union ("EU"). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs and profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently
- make judgments and accounting estimates that are reasonable and prudent
- state whether applicable IFRSs have been followed, subject to any material departures disclosed and explained in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

#### **OPINION**

We have audited the financial statements of Alpha Growth plc for the year ended 31 August 2017, which comprise the Income Statement, the Statement of Financial Position, the Statement of Cash Flows, the Statement of Changes in Equity and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 August 2017 and of the Company's loss for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### **BASIS OF OPINION**

We have conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **CONCLUSIONS RELATING TO GOING CONCERN**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

#### **EMPHASIS OF MATTER**

We draw your attention to note 2 of the financial statements, which describes the Company's ability to carry out its planned objectives being dependant on its continuing ability to raise adequate financing. Our opinion is not modified in this respect.

### **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ALPHA GROWTH PLC**

#### **OTHER INFORMATION**

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditor's Report thereon. Our opinion on the financial statements does not cover the information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusions thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact.

We have nothing to report in this regard.

#### **OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006**

In our opinion based on the work undertaken in the course of our audit:

- the information given in the Strategic Report and the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report and Strategic Report have been prepared in accordance with applicable legal requirements.

#### **MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION**

In light of our knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

#### **RESPONSIBILITIES OF DIRECTORS**

As explained more fully in the statement of directors' responsibilities set out on page 7, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and of such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or cease operations or have no realistic alternative but to do so.

## ALPHA GROWTH PLC

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ALPHA GROWTH PLC

#### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with the ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). The description forms part of our Auditor's Report.

**GOING CONCERN**

**ALPHA GROWTH PLC**  
**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**  
**YEAR TO 31 AUGUST 2017**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

On 20 November 2017, the Company entered into a placing agreement agreeing to raise £650,000 by the issue of 54,166,667 ordinary shares of £0.001 each at a placing price of £0.012 per share, conditional on a Standard Listing under Chapter 14 of the Listing Rules and to trading on the London Stock Exchange's main market for listed securities. This condition has not been satisfied at the date of approving these financial statements but the Directors anticipate it will be shortly. The Directors therefore have a reasonable expectation that the Company will be able to complete the necessary fundraising in order to meet any future obligations and thus to continue operating for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the Financial Statements.

**REVENUE RECOGNITION**

Revenue is measured at the fair value of the consideration received or receivable. Revenue is recognised net of any sales taxes and discounts.

**TAXATION**

The tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the year end date.

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each year end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and where they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

**FINANCIAL INSTRUMENTS**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

**ALPHA GROWTH PLC**  
**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**  
YEAR TO 31 AUGUST 2017

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

**FINANCIAL ASSETS**

Financial assets are classified into the following categories: loans and receivables, financial assets at fair value through profit or loss, held-to-maturity investments and available-for-sale financial assets. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All the regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis.

**LOANS AND RECEIVABLES**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Financial assets included in loans and receivables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest rate method, less any impairment losses.

**CASH AND CASH EQUIVALENTS**

Cash and cash equivalents comprise cash on hand and demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

**FINANCIAL LIABILITIES**

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

There were no financial liabilities 'at FVTPL' during the current period.

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

**TRADE AND OTHER PAYABLES**

Financial liabilities included in trade and other payables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest rate method.

**EQUITY INSTRUMENTS**

An equity instrument is any contract that evidences a residual interest in the assets of a company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received net of direct issue costs.

Share capital represents the amount subscribed for shares at nominal value.

The share premium account represents premiums received on the initial issuing of the share capital. Any transaction costs associated with the issuing of shares are deducted from share premium, net of any related income tax benefits. Any bonus issues are also deducted from share premium.

Retained earnings include all current and prior period results as disclosed in the statement of comprehensive income.

**3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS IN APPLYING ACCOUNTING POLICIES**

In the application of the Company's accounting policies, which are described in note 2, the Directors are required to make judgements, estimates and assumptions which affect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. The estimates and associated assumptions are based on historical experience, expectations of future events and other factors that are believed to be reasonable under the circumstances. Actual results in the future could differ from such estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next year are:

**GOING CONCERN**

Any consideration of the foreseeable future involves making a judgement, at a particular point in time, about future events. Given the loss the company incurred of £5,670 (2016: loss of £99,176), and the small cash balance of £1,726 (2016: £4,396), the Company is dependent on raising future financing to support the plans of the business going forwards. If the fundraising does not arise then there is a possibility that the Company will no longer be a going concern. However, the Board having discussed with external parties are fairly certain that adequate funding will be received in the near future.

**4. SEGMENTAL INFORMATION**

A segment is a distinguishable component of the Company's activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's chief operating decision maker to make decisions about the allocation of resources and assessment of performance and about which discrete financial information is available.

In identifying its operating segments, management generally follows the Company's service lines which represent the main products and services provided by the Company. The Directors believe that the Company's continuing operations comprise one segment. The Company's operations are solely in the United Kingdom. Its primary trading operation and activity is that of an investment company.

**5. OPERATING LOSS**

Operating loss is stated after charging / (crediting):

Reconciliation of tax charge:

|                                                                               | 2017    | 2016     |
|-------------------------------------------------------------------------------|---------|----------|

| Effects of:                                                                   |         |          |
| Tax effect of expenses that are not deductible in determining taxable profit: | -       | (10,642) |
| Unutilised tax losses carried forward                                         | (1,134) | (9,193)  |
| Tax charge for period                                                         | -       | -        |

The total taxation charge in future periods will be affected by any changes to the corporation tax rates in force in the countries in which the Company operates.

Deferred tax assets of approximately £3,000 (2016: £1,800) have not been recognised as the Directors consider there to be insufficient evidence that the assets will be recovered.

**9. EARNINGS PER SHARE**

The basic earnings per share is based on the loss for the period divided by the weighted average number of shares in issue during the year. The weighted average number of ordinary shares for the Company the period ended 31 August 2017 assumes that all shares have been included in the computation based on the weighted average number of days since issue.

|                                                                                           | 2017       | 2016       |
