POSITIVE PROFIT ALERT

This announcement is made by Smart Globe Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

Based on the preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2026 (the "**2026 H1**") and information currently available, the board (the "**Board**") of directors of the Company (the "**Directors**") is pleased to inform its shareholders and potential investors that the Group is expected to record a net profit of between HK$15.0 million and HK$21.0 million, as compared to a net profit of approximately HK$10.5 million for the six months ended 30 June 2025 ("**2025 H1**") as a result of the improved financial performance of the Group's supply chain management service segment, which is expected to record an increase in segment revenue to not more than HK$148.0 million during 2026 H1 (2025 H1: HK$47.3 million), and is expected to record a segment profit of not more than HK$29.0 million (2025 H1: a segment profit of HK$14.8 million).

The expected increase in financial performance of the Group was primarily attributable to:

(i) rapid scaling of the Group's supply chain management operations in Sub-Saharan Africa, benefiting from growing trade flows and increasing demand for logistics services from participants in the minerals value chain, particularly along major cross-border trade corridors throughout the Copperbelt Area;

(ii) a more favourable customer mix and increased business volume resulting from deeper collaboration with strategic business partners, which enabled the Group to secure additional logistics projects and strengthen its market presence in the sector; and

(iii) the expansion of the Group's logistics capabilities and service offerings to include the transportation and warehousing of petroleum products, thereby broadening the Group's revenue streams, increasing transportation volumes and further enhancing the utilisation of its logistics network and infrastructure.

As at the date of this announcement, the Company is in the process of finalising the condensed consolidated financial results of the Group for 2026 H1. The information contained in this announcement is based only on the information currently available to the Board and its preliminary review of the unaudited consolidated management accounts of the Group for 2026 H1, which have not been audited or reviewed by the Group's auditors, nor reviewed by the audit committee of the Company. The actual financial results of the Group for 2026 H1 may be subject to adjustment where necessary, and may differ from the information disclosed in this announcement. Shareholders and potential investors are advised to read carefully the announcement of the Company in relation to the interim results of the Group for 2026 H1, which is expected to be published in late August 2026 in accordance with the Listing Rules.

Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.
