VOLUNTARY ANNOUNCEMENT
COLLABORATION ARRANGEMENT WITH HGC

Reference is made to the announcement of Yee Hop Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") dated 10 November 2025 in relation to the business development of Trio AI Limited ("**Trio AI**"). This announcement is made by the Company on a voluntary basis to provide the shareholders and potential investors of the Company with the latest business developments of Trio AI.

THE COLLABORATION ARRANGEMENT WITH HGC

The board (the "**Board**") of directors (the "**Directors**") of the Company is pleased to announce that Trio AI has recently entered into a collaboration arrangement with HGC Global Communications Limited ("**HGC**"). Pursuant to the arrangement, Trio AI and HGC have agreed to form a strategic collaboration for the provision of Artificial Intelligence ("**AI**") Acceleration Server ("**AIAS**") services by Trio AI, with the objective of delivering high-performance, AI-powered computing solutions to enterprise customers. The parties will collaborate on the development and delivery of AI infrastructure and services, combining Trio AI's advanced computing hardware with HGC's extensive communications network and customer reach.

ABOUT HGC

According to HGC, it is a leading fixed-line operator and comprehensive information and communications technology (ICT) solutions provider in Hong Kong and overseas, offering a wide range of telecom, data centre, broadband, and ICT services for local, overseas, corporate, SME, and mass markets.

To the best knowledge, information and belief of the Directors having made all reasonable enquiries, HGC and its ultimate beneficial owners are third parties independent of the Company and its connected persons (as defined in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) as at the date of this announcement.

REASONS FOR AND BENEFITS OF THE COLLABORATION ARRANGEMENT WITH HGC

The Group is principally engaged in (i) the provision of foundation (including the construction of mini-piles, rock-socketed steel H-piles and driven steel H piles) and other civil works (including site formation works, and road and pavement works) and tunneling works (including pipe jacking, hand dig tunnel and cut-and-cover tunnel works) in Hong Kong, and (ii) premises revitalisation and enhancement business in the PRC. Trio AI is an AI infrastructure service provider specializing in high-performance GPU accelerated cloud computing solutions in Hong Kong.

The collaboration between Trio AI and HGC is expected to combine Trio AI's expertise in AI server hardware and platform development with HGC's robust telecommunications infrastructure and enterprise client network. Such collaboration is expected to enable both parties to jointly provide advanced, AI-empowered services, enhance technology offerings, and create new business opportunities in the rapidly growing field of AI infrastructure in Hong Kong and the wider region.

By combining their respective resources and experience, the parties aim to accelerate the adoption of AI-powered solutions across various industries, improve the efficiency and scalability of enterprise IT infrastructure, and deliver greater value to customers through enhanced service quality, reliability, and technical support.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.
