POSITIVE PROFIT ALERT

This announcement is made by Angelalign Technology Inc. (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to the Inside Information Provisions (as defined in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**")) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) and Rule 13.09 of the Listing Rules.

The board of directors of the Company (the "**Board**") is pleased to inform the shareholders of the Company (the "**Shareholders**") and potential investors of the Company that, based on the preliminary assessment of the Group's unaudited management accounts for the year ended 31 December 2025 ("**FY 2025**") and information currently available to the Company, the Group is expected to record a net profit for FY 2025 in the range of approximately USD24 million to USD30 million, representing an increase of 140% to 200% as compared to approximately USD10 million for the year ended 31 December 2024 ("**FY 2024**").

The Board considers that the expected increase in the net profit was primarily attributable to the following factors:

1. **Increased adoption of the Group's clear aligner solutions**, driven by strong clinical outcomes and customer service capabilities internationally, and by continued penetration into lower-tier markets and early treatment segment in China;

2. **Realization of operating leverage from the Group's established global sales network, world-class global service and clinical support infrastructure**, as prior investments in localized sales, services and operational capabilities across key markets and centralized functions translated into improved efficiency and scale benefits;

3. **Delay in the ramp-up costs of certain non-China Manufacturing facilities**, which led to lower-than-expected capital expenditure and operating expenses for FY 2025;

4. **Timing of certain legal and professional expenses**, as certain intellectual property-related matters remained at preliminary procedural stages during FY 2025, resulting in a relatively limited financial impact within the reporting period; and

5. **A lower profit base in FY 2024 which was impacted by significant strategic investments**.

As at the date of this announcement, the Company is in the process of finalizing the annual results of the Group for FY 2025. The information contained in this announcement is only based on a preliminary assessment by the management of the Company with reference to the information currently available including the unaudited management accounts of the Group which have not been audited or reviewed by the Company's auditors or the audit committee of the Company, and the actual results of the Group for FY 2025 may be different from what is disclosed in this announcement, and are subject to further amendments and adjustments as required.
