1 Company Overview

(2) Taiwan Main Production Base

Youth Plant 1

Established in 1972

Main Product: OPP Tapes

ISO 9001:2015
ISO 14001:2015
ISO 45001:2018

Youth Plant 2

Established in 1987

Main Product: PVC and Specialty Tapes

ISO 9001:2015
ISO 14001:2015
ISO 45001:2018

1 Company Overview

(3) China Main Production Base

Zhuhai Plant

Established in 2002

Main Product: PVC Tapes

ISO 9001:2015

2 Product Overview

(1) Main Product Series

2 Product Overview

(2) Main uses

For Insulation

For Automotive

For Construction

For Safety

2 Product Overview

(2) Main uses

For Home Appliances

For Packaging

For Stationery (Easy Tear)

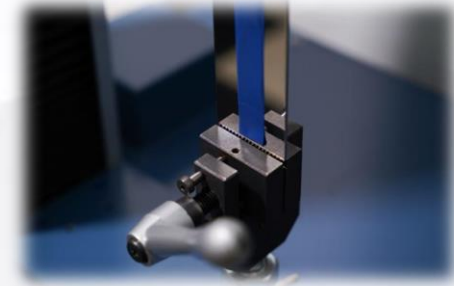

For Pallets

2 Product Overview

(3) Product Safety Specifications and Quality Management

-  ISO 9001 : 2015
-  ISO 14001 : 2015
-  ISO 45001 : 2018
- RoHS Products comply with the requirements of RoHS
-  Canada : PVC Electrical Insulating Tape
-  IEC 60454-3-1-6: PVC Electrical Insulating Tapes IMQ (Italy)

- The first tape manufacturer in Taiwan to obtain the Carbon Footprint Label certification.

2 Product Overview

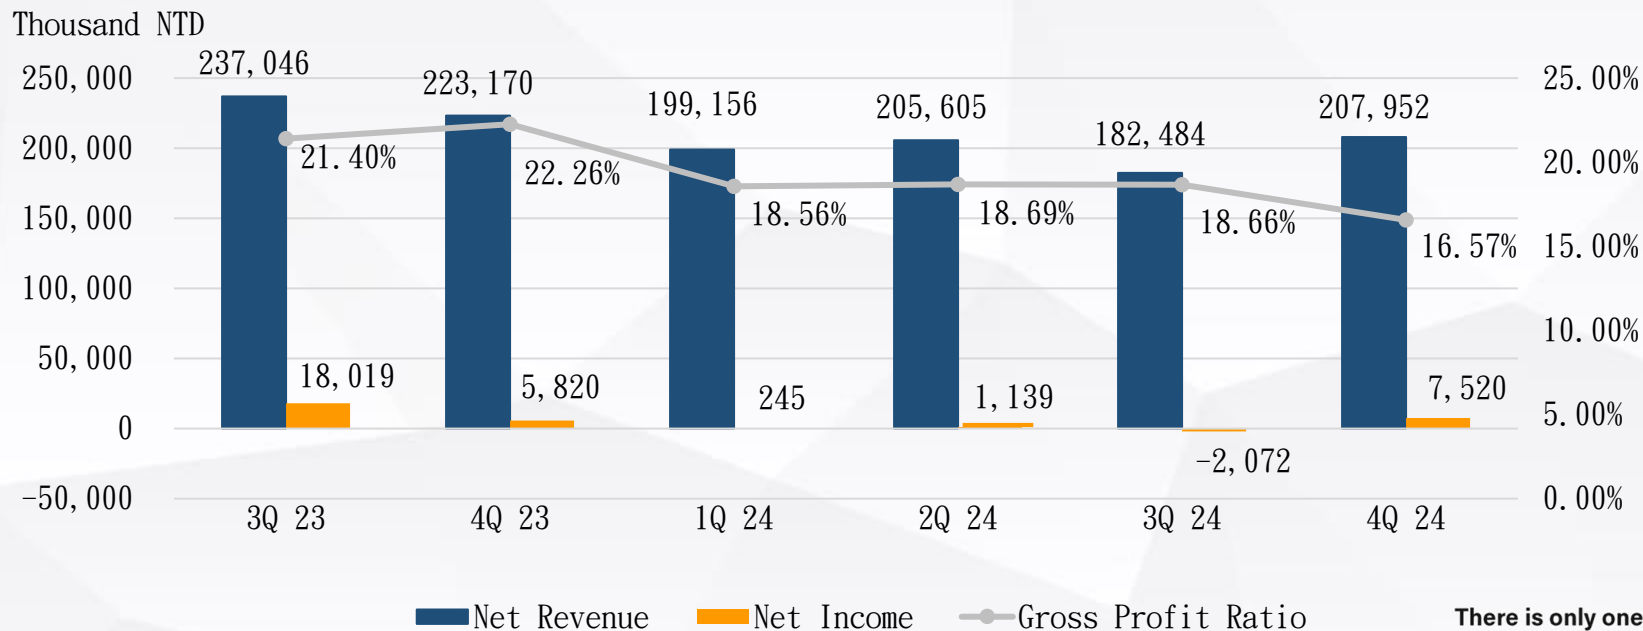

(5) Globe Carbon Footprint Tape

- OPP Packaging Tape:
#701A 48mm*35M (Packaging type: Single roll&6pack - Tower)
- OPP Packaging Tape:
#701E 48mm*80M (Packaging type: Single roll&6pack - Tower)
- PVC Embossed Tape:
#112 48mm*12M (Packaging type: Single roll&6pack - Flat)

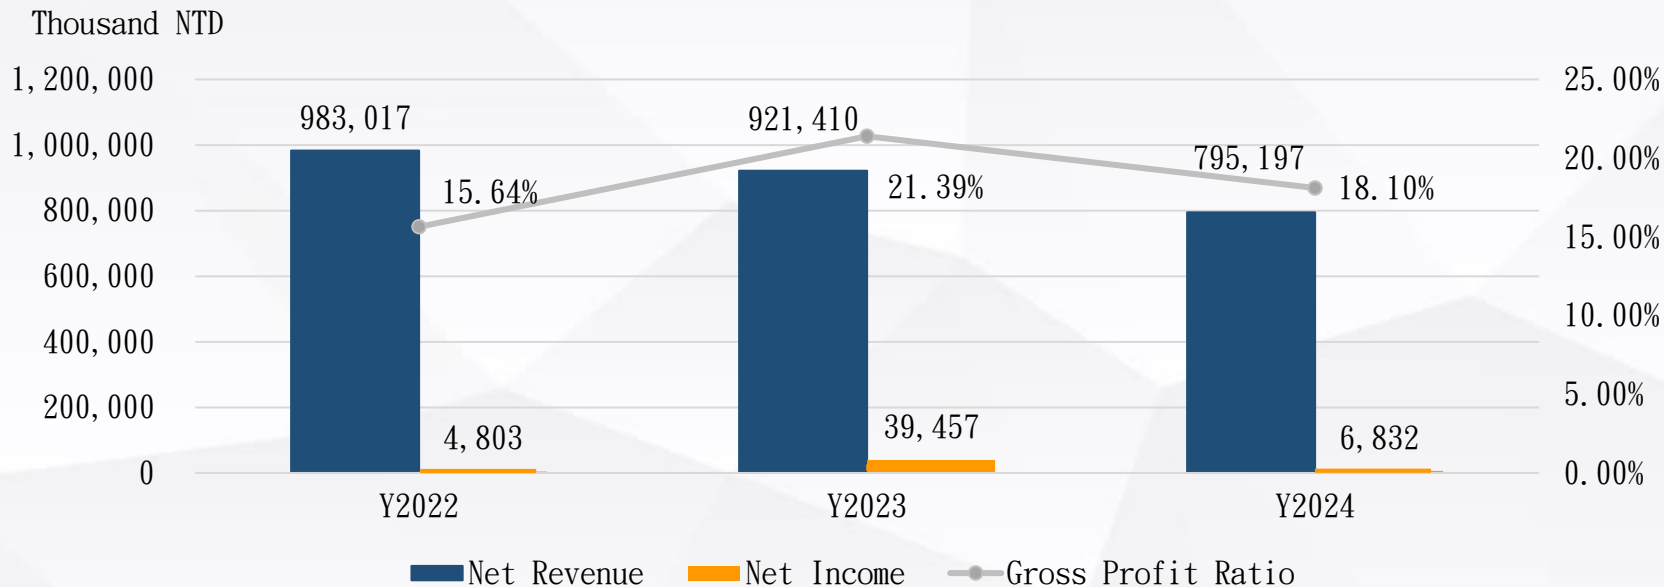

3 Financial Overview

(1) 2023-2024 Annual Operations Overview(QoQ)

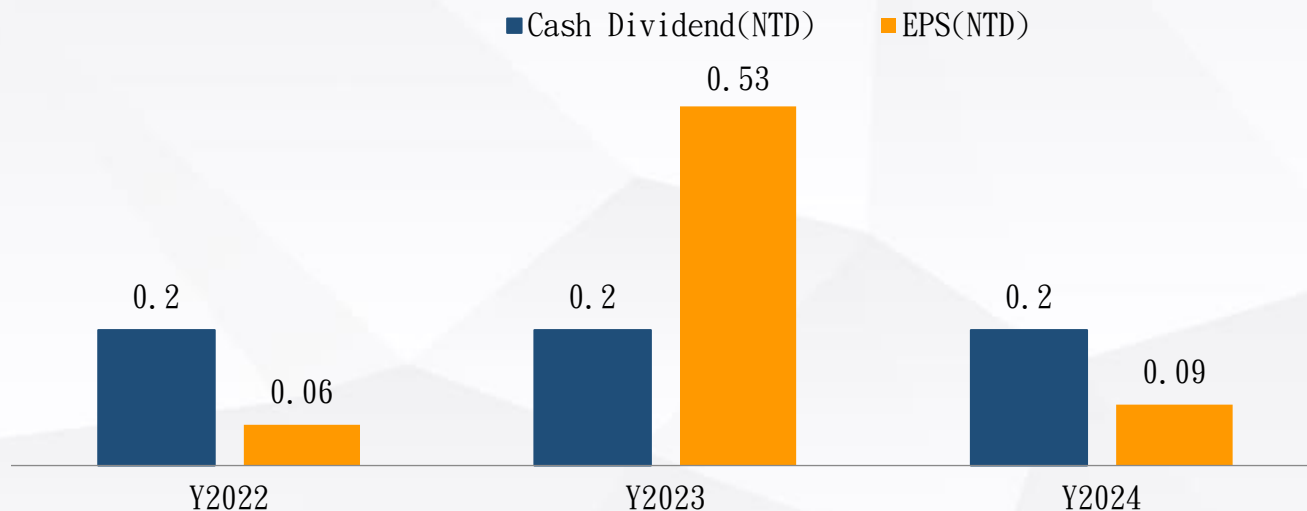

3 Financial Overview

(2) 2022-2024 Annual Operation Overview

3 Financial Overview

(3) 2022-2024 Annual Cash Dividends and EPS

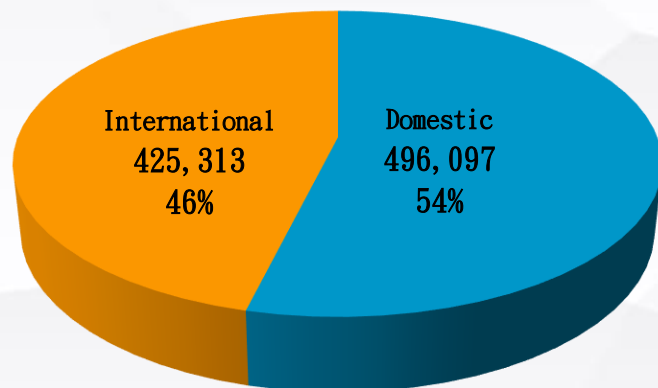

3 Financial Overview

(4) Comparison of Sales

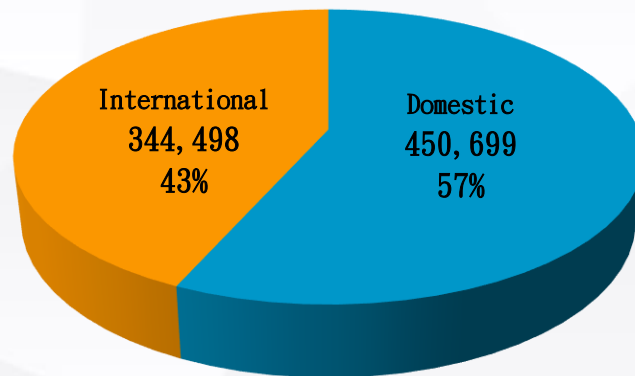

2023

Unit : Thousand NTD

2024

Unit : Thousand NTD

4 Outlook

Strengthen ESG(Environmental 、 Social 、 Governance) to lay the foundation for the sustainable development of the company.

- Develop high-performance and environmentally-oriented products to enhance brand value and create new business opportunities.
- Establish an environmental management system guided by pollution prevention, selection of low-hazard raw materials, adoption of cleaner production equipment and production operations, energy conservation and carbon reduction, (passed ISO 14001:2015 environmental management system verification in February 2021), build carbon disk capacity, improve carbon reduction capacity and continue to strive towards the goal of net zero emissions by 2050.

4 Outlook

Strengthen ESG(Environmental 、 Social 、 Governance) to lay the foundation for the sustainable development of the company.

- Maintain good labor relations (obtained ISO 45001:2018 Occupational Health and Safety Management System certificate in January 2024) , abide by the human rights policy, optimize the human resources system, and build a friendly workplace.
- Abide by the integrity principle of business, the code of ethical conduct for employees, the management measures for preventing insider trading, and the Information security management... and other norms, strengthen the corporate governance mechanism, through all employee education advocacy and internal control.
- Using digital technology, we will build digital operations and move towards digital transformation.
