What We Do

Manufacturing Printed Circuit Boards

COMPEQ continues to provide “One-Stop Service” in supplying:

High Density Interconnection

**Multi-layer Regular PCB
High Layer Count PCB**

**Surface Mount Technology
Assembly Services**

**Flexible PCB
Rigid-Flex PCB**

Company Milestones

-  **1973** Company established-The oldest PCB supplier in Great China
-  **1990** Initial Public Offerings on the Taiwan Stock Exchange- 1st in Taiwan PCB industry
-  **1991** Established Taiwan's first 'Full-Scale' PCB Waste Water Treatment Facility
- 1993** ISO- 9001 certified
-  **1996** Established Compeq Manufacturing(Huizhou) Co., Ltd. to expand global supply
-  **1997** Applied HDI technology – The 1st pioneer in Taiwan PCB industry
-  **1998** Established Dayuan plant as a dedicated manufacturing facility for advanced PCBs.
-  **2000** Successfully deployed lead-free and halogen-free applications on PCBs
-  **2004** Established Compeq Technology(Huizhou) Co., Ltd. and Compeq SMT Manufacturing (Suzhou) Co., Ltd.
- 2005** OHSAS 18001 certified
- 2008** ISO/TS- 16949:2002 certified
- 2009** IECQ QC080000 certified
- 2011** SA8000 certified, GRI G3.1 "A+" level
-  **2012** Expanded Compeq's SMT Manufacturing on Huizhou
-  **2013** Annual sales revenue reached US\$ 1 Billion
-  **2014** Established Compeq Manufacturing(Chongqing) Co., Ltd.
-  **2016** Silver medal of Taiwan Corporate Sustainability Report Award

Global Operations

Provide full range PCB solutions and Module Assembly for customers across the world.

Facility	Chongqing	Suzhou	Huizhou SMT	Huizhou FPC	Huizhou	Dayuan	Luzhu
Facility Focus	High-end HDI PCB	Assembly service	Assembly service	FPC/RF Production	Technical R&D and high volume HDI manufacturing center, service local customers in China	High-end HDI PCB	Technical R&D center High-end HDI PCB
Core Product	Smart Phone, Tablet, High end NB	Module Scale Assembly	Module Scale Assembly	Samrt Phone, Tablet, NB and Consumer electronics related	Smart Phone, Tablet, Telecom System and PC related	Smart Phone, Tablet and Consumer electronics related	Smart Phone, Tablet, Networking & Telecom System, and PC related

Why Leading Companies Choose COMPEQ

Management Guidelines

- Better understanding and meet customers' needs, staying ahead on developing new products and become a good partner with our customer.
- Steady growth with sustainable profit

Technology

- High Density Interconnection : 12L Anylayer, the dielectric Substrate-like PCB with fine line, Copper fill, Stack via.
- 5G Material Developing and Product Integration : High Speed, Low Loss Material application & mass production, High Aspect Ratio, HDI+HLC, Embedded Passive, Cu Coin Board.
- Flex and Rigid-Flex : 5+2F+5 with Anylayer design, fine line width/spacing 35/35mm

Service

- On-site services : Regional offices worldwide (ex: Europe, Singapore, Malaysia, China, India, Japan and United States) to serve our customers.
- Front-end service : Provide customers field application support on product design, manufacturing solution, etc.

Quality

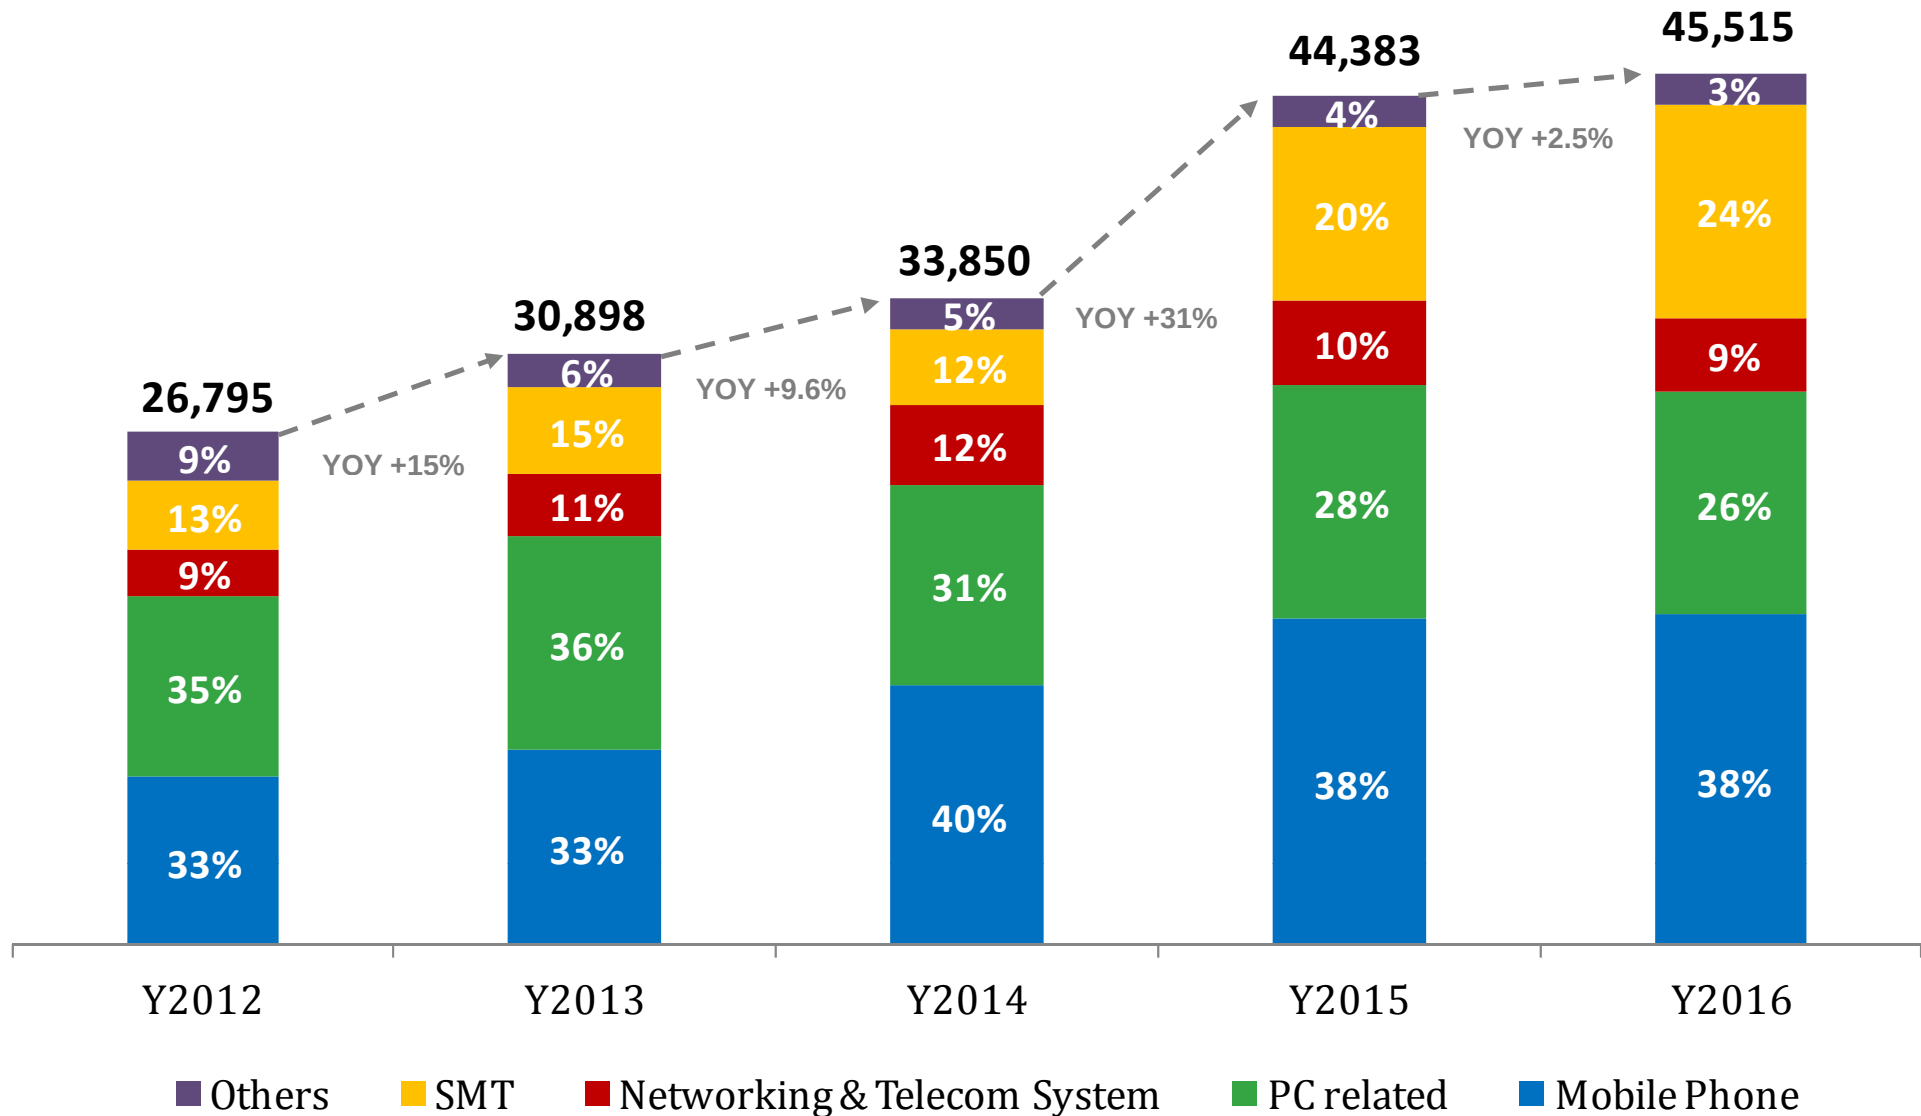

- Principle : Top and Consistent Quality
- After service : Responsible and real time service.

CSR

- Sustainable Enterprise : We respect labor rights, conserve energy, and reduce carbon emissions to protect the environment in order to satisfy the expectations of government and customers.

Operation Revenue – By Application

Units: MNTD

PCB Market Player/Position

Rank	Country	Supplier	2016 Revenue(MUSD)
