COMPEQ

COMPEQ Competitive Advantages

Quality

We provide consistency quality level, low DPPM and high reliability product under well designed quality management system.

Technology

30/30 μ m line width/spacing with mSAP process Anylayer thin board 40 layers with 200mil high reliability thick board.

CSR

Law-abiding, respecting labor rights, energy saving , and environment protection

Service

One-Stop Service, provide customers field application support, design for manufacturing solution and after service network to full product line include HDI, RPCB, RFPC, FPC to SMT.

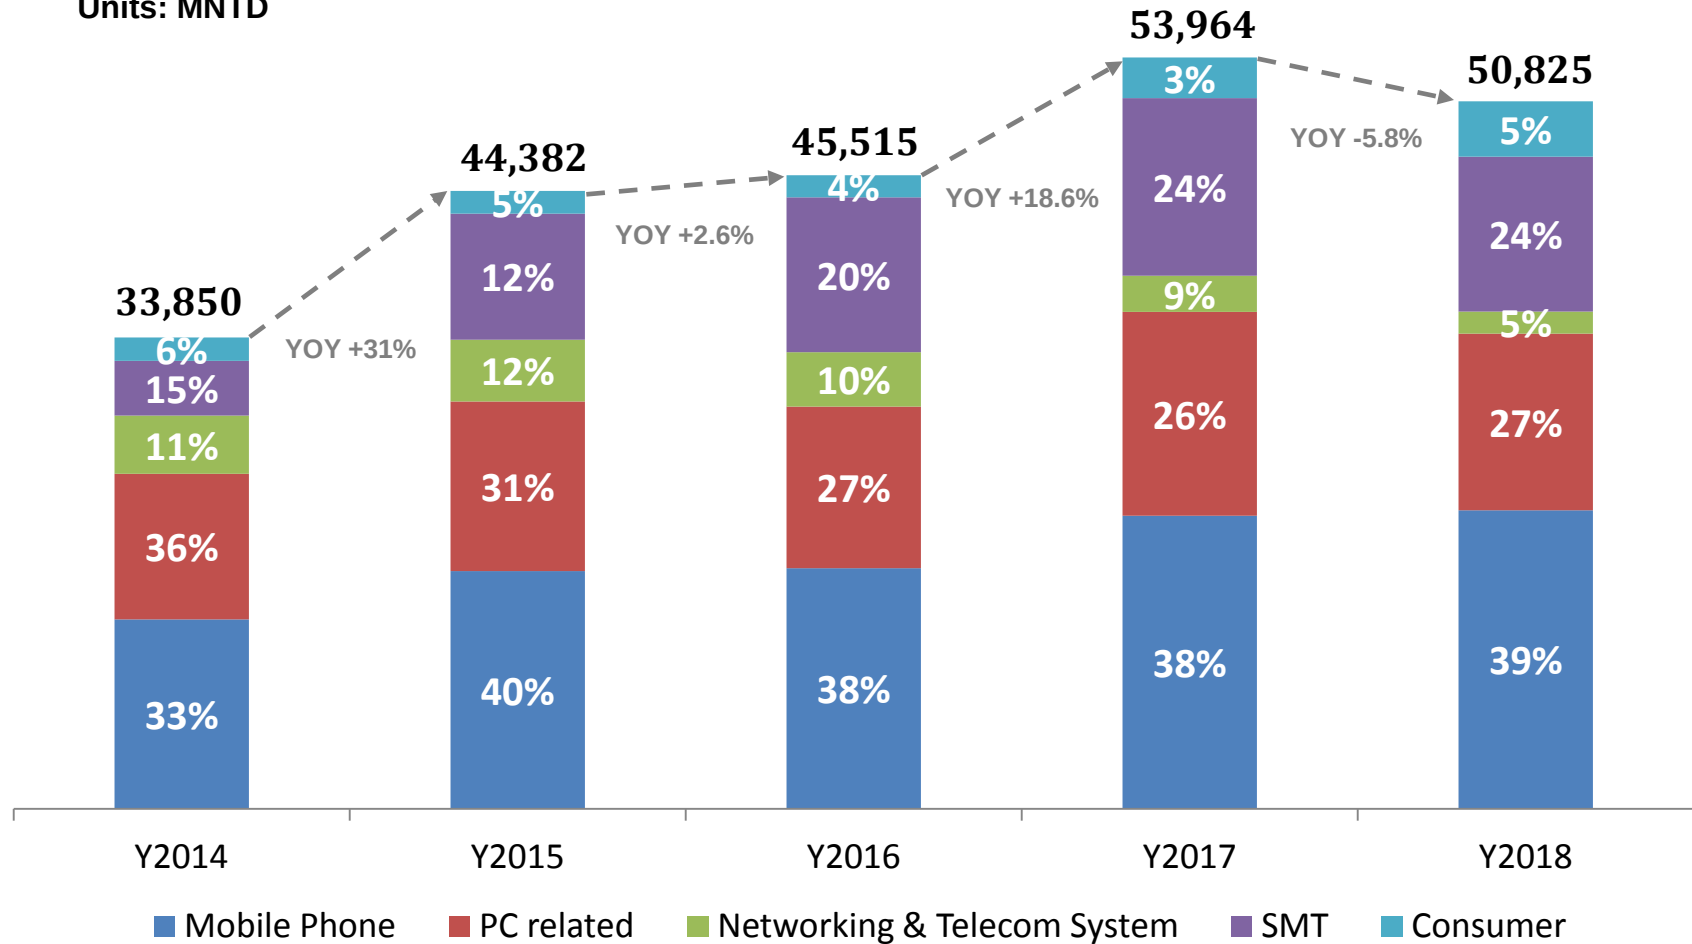

Long term Partnership

Steady growth under the sustainable business philosophy.

Operation Revenue – By Application
